Date: _____, 200___

Page _____ of _____

In accordance with Article 11 of the Anne Arundel County Code, a Class E license is required for the operation of each coin operated amusement device and may be issued only to a holder of a Class I license. I understand that coin operated amusement devices shall not be placed within 1,000 feet of a church or school unless the location contained such a device prior to May 7, 1962. I further understand that the number of coin operated amusement devices permitted under the Class I license may not exceed eight at any one location. As the Class I license holder, I am submitting this completed application along with a check or money order totaling $100 (one hundred dollars) per device for the requested Class E licenses. I understand that each of these devices must be labeled with amusement distributor company name prior to the issuance of the license and that all Class E licenses expire June 30. Applications received after that date are subject to a late fee of $25 per day.
