J441200 Campus Improvements

Class: Community College

FY2019

Council Approved

Description

Funds are requested to continue to finance projects to enhance the safety and appearance of the Arnold and Arundel Mills campuses. Non-budgeted items are constantly arising that need to be addressed and funded. Many of the buildings on the Arnold campus were constructed in the late 1960's and early 1970's. The campus has grown significantly since the original construction and enrollments have more than doubled over the past 25 years, which has added considerable stress, wear and tear on the facilities.

Benefit

This project is consistent with the college's Facilities Master Plan.

Amendment History

County Council removed \$200,000 via amendment #25 to Bill 16-03

ADC MAP Page 15

J540700 Systemics

Class: Community College

FY2019

Council Approved

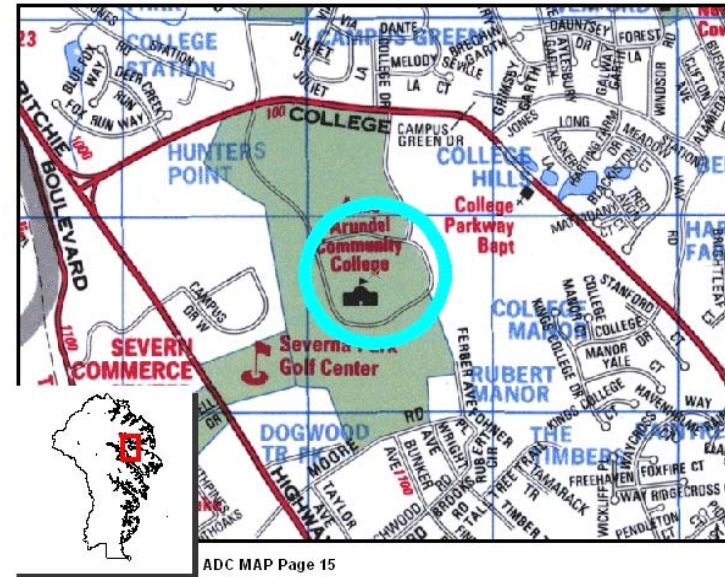

Description

The purpose of this project is to assure continuous renewal of the Community College's building systems. In recent years, funding constraints have impacted the Community College's ability to undertake major renovations of our aging facilities. These funds are crucial for the Community College to address the vital systems that assure building availability for our mission.

Benefit

Amendment History

County Council added \$1,350,000 via amendment #66 to Bill 35-06. CC removed FY08 funding of \$700,000 via amendment #48 to Bill 29-07. CC approved CE's supplemental AMD #107 to Bill 37-18 adding \$1.3m to FY19.

J540700 Systemics

Class: Community College

FY2019

Council Approved

Project Status

FY 2017 Systemic funds were fully utilized to fund the replacement of four rooftop air handlers on the Florestano building, the second central plant chiller, and the replacement of the Humanities building roof.

The Humanities building roof replacement was completed prior to the start of the Fall 2017 semester. The boilers in the CALT and AMIL buildings were removed and replaced with newer more energy efficient units.

J540800 Walkways, Roads & Parking Lots

Class: Community College

FY2019

Council Approved

Description

This project addresses the college's deteriorated walkways, roads, and parking lots. New walkways will address existing deteriorated areas, and functional and ADA issues. Resurfaced roads and parking lots will address settlement and severe wear issues.

Benefit

Amendment History

County Council added \$500,000 via amendment #67 to Bill 35-06.

J551000 Info Tech Enhancement

Class: Community College

FY2019

Council Approved

Description

Funds are requested to provide tactical and operational elements for Anne Arundel Community College's integrated technology plan which will be implemented across all college departments. The project will include infrastructure enhancements such as:

1. Computer, network and telecommunications hardware/software
2. Up-to-date classroom technology to meet the growing needs of the college and promote excellence in teaching and learning
3. Systems to advance e-learning initiatives
4. Technologies that offer the college community improved and easy access to the data
5. Systems to monitor and promote student success
6. Information management systems to enhance planning, management and control functions
7. Technology training
8. Application technology and associated hardware initiatives college wide

J551000 Info Tech Enhancement

Class: Community College

FY2019

Council Approved

Project Status

Completed the first phase of the fiber cabling installation to meet current industry standards and provide redundancy in the fiber infrastructure supporting building connections.

Started the external analysis of the fiber infrastructure currently in place to identify fiber that is no longer supported by current standards and the need for additional redundancy in the fiber infrastructure supporting building connections.

Funding will be needed in FY2020 through FY2023 to implement the recommendations resulting from the analysis and to continue the future phases of the fiber installation project.

J564400 Modular Building

Class: Community College

FY2019

Council Approved

Description

This building was originally leased for a one year period to serve as a temporary library during the renovation and expansion of the Truxal Library. As such it was installed in a bare bones fashion. It has now been purchased to serve as permanent space to accommodate functions currently offered in the Schwartz Building. The Schwartz Building will be razed to allow for the construction of the Health Science & Biology Building. The Modular will be relocated adjacent to the existing three modular buildings on campus. This is needed to provide an additional 200 parking spaces, also in support of the Health Science & Biology Building project.

J569700 Health Science & Biology Bldg

Class: Community College

FY2019

Council Approved

Description

Due to increasing demand for qualified health science professionals, the College continues to experience increased enrollments in existing health science programs and their associated science courses. There are an insufficient number of teaching spaces and those that are available are inadequately sized and equipped. This scope of work provides for the construction of a new 172,856 gsf state-of-the-art Health Science and Biology building. The facility will include properly sized and equipped labs to meet the burgeoning need for workforce training in the health science and biology areas.

J575800 Careers Partial Renovation

Class: Community College

FY2019

Council Approved

Description

The College's 2016 Facilities Master Plan identifies space needs and appropriate solutions. Currently the 13,117 GSF Math building houses both the Child Development Center and the Math department. Once the Health Science and Biology building is completed, Biology functions will relocate out of the Careers building into the new facility. This project will renovate the vacated portions of the Careers building (approximately 6,956 gsf) to allow for the relocation of the Math department into the Careers building.

J575900 Child Dev Ctr Renovation

Class: Community College

FY2019

Council Approved

Description

The College's 2016 Facilities Master Plan identifies space needs and appropriate solutions. Currently the Math building houses both the Child Development Center and the Math department. Once the Health Science and Biology building is completed, Biology functions will relocate out of the Careers building into the new facility and the Math department will relocate into the vacated and renovated Careers space. This project renovates the vacated portions of the Math building (approximately 13,117 gsf) to allow for the expansion of the existing Child Development Center and the development of an early childhood teaching facility.
