Subject: Re: Ethics Opinion IO-06-95)

The ethics commission advises that you may serve as a member of the Board of Appeals between the day you are sworn in, on January 3rd and the day that your term in the Maryland General Assembly expires on January 8th. While the ethics commission has expressed concern generally about ethics issues involved in such dual employment, it has concluded that the eight day overlap that will exist in your case, does not present any significant issues at this point. Please advise the commission if any potential conflicts of interest should arise during that period. Thank you for your inquiry.
