Re: AO-08-58

You inquired whether the ethics law prohibits or restricts you from providing printed county resource materials to the Democratic Party for it to distribute to the public from its booth at the county fair. The ethics commission advises that your inquiry presents no issues under the ethics law. Rather, you should consult the county's administrative procedures or the office of the chief administrative officer to determine the policy guidelines for distributing county-funded printed materials.

Thank you for your inquiry. If you have any additional questions, please call the ethics commission office.
