

BIRTH & WOMEN'S CENTER

To Anne Arundel Co  
Fire & Ambulance

3/27/09

This is a note to let you know how warm & professional Alicia Clark (?) EMT/ Paramedic from Riva Station was on 3/19/09. 911 came to transport a newborn with transient tachypnea. She was polite, professional & caring. I would like her to be recognized as a caring professional.

Thank you,

Laure Haff RN  
Nurse coordinator
