Division Chief Michele DeLalla

On June 12, 2009, the BWI Airport and Rescue Department conducted Division Chief interviews. Our department was honored to have Michelle Delilah serving on our interview panel.

My Deputy Chief Gregory Lawrence had the opportunity to address Michelle before the interview process, and talk to her briefly after the completion of the process; D/C Lawrence was very impressed by Michelle's professionalism and dedication to the task at hand. Michelle represented the Anne Arundel County Fire Department to the highest traditions of the fire service.

Please extend a job well done for her contributions to a process that will result in the best qualified Division Chief being selected, ensuring future leadership for our Department now and into the future.

Sincerely,

Woodrow W. Cullum, CFPS, CFI
