Dear Chief Ray,

On July 13, 2009 I was taken to the hospital via ambulance. The medic team was Kevin Carr and Shelly Riley.

Mr. Carr and Ms. Riley should be commended, not only for their professionalism but also for their compassion. It was a difficult time for me, but their manner helped me more than words can say. It was very refreshing to have two young people show such care. Your department should be extremely proud!

Please express to them my sincere gratitude.

Best Wishes,

Betty J. Kelley
