**Subject:** Good Report

This letter is in reference to the treatment received by myself from the A.A.Co.Fire Department paramedics on July 19,2009.

I just wanted to say thank you for the very good treatment I received from the paramedics that responded to my call on July19,2009 at about 12:30 noon time . I assume it was the LakeShore Dept that responded.

One male and one female( I am sorry I do not remember their names) were very kind and provided very professional care for me.

[REDACTED]  
Both paramedics, the female in particular, went above and beyond their duty.

I did not miss the female that would check back on me later when she would not be required to do so.

I do hope you can find out out who they were and forward this letter to them also.

Sincerely Yours,

Donna Baker
