Forest Conservation Plan
(FCP - 1)

Instructions: All Forest Conservation Plan submissions shall contain the following information. Any submissions brought to the County with missing or incomplete plans, may be rejected and not reviewed until all necessary information has been provided. It should be noted that not all items contained below will, necessarily, be required for every project.

Consultant shall place one of the following marks (as appropriate) on each line (County reviewer shall verify each mark).

N/A - not applicable Y - provided

Note: The following checklist is provided to assist the design professional in developing a complete Forest Conservation Plan set to expedite review by the Department. All final Forest Conservation Plans submitted for review are to include a copy of the checklist(s) signed by a registered design professional in responsible charge with the firm. Submittals made that do not include the checklist(s) will be returned without review, comments, or approval. Compliance with the checklist, however, in no way is meant to relieve the design professional of responsibility for project design.

Applicant's Certification

I, the undersigned, hereby certify that the attached Forest Conservation Plan submittal has all items required by the Anne Arundel County Code. I understand that if any of the items required are deemed missing from the submittal, the plan will not be acceptable for review and will be returned as incomplete. My client is aware of this criteria and will accept all responsibility for delays due to incomplete submittals. I am enclosing an explanation for each item which I feel is not required and, therefore, has not been included in this submittal package.
