

**ANNE ARUNDEL SOIL CONSERVATION DISTRICT
DISTRICT MANAGER**

This is an advanced professional and administrative position in the field of soil and water conservation. Bachelor's degree required with a degree in engineering or a related field and a minimum of five years of administrative and supervisory work experience. Fifteen years of experience may be substituted for a bachelor's degree. Position also includes budget preparation, personnel administration and supervision, and liaises with various county, state and federal agencies. Candidate should have knowledge of conservation concepts, basic engineering principles, erosion and sediment control, and urban and agricultural land uses. Excellent compensation with Anne Arundel County benefits. Fax resume and cover letter to the attention of Sherry Newsome, 410-224-4586 by March 1, 2010.
