

CHAPTER 12

IMPLEMENTATION

It is important that the implementation of the plan's vision and the specific recommendations involve citizens of the Broadneck area. Broadneck residents should monitor progress and assist in the interpreting and implementing the provisions of the plan. Citizens should remain involved in helping to implement the Plan through their local citizen, business or environmental organizations. These groups can:

- Monitor county implementation of the plan's recommendations as outlined in this document.
- Study and make recommendations on new issues.
- Answer questions from citizens and the County regarding the Small Area Plan.
