

Chapter 5

Vision Statement

The Vision is considered the cornerstone of the plan. The vision depicts the desired future of Severna Park by the year 2020. The Vision was used to help guide the preparation of the Plan relative to land use, community facilities, transportation and natural resources. With the Vision in place some key recommendations were established that were used as the means to achieve the goals of the plan.

The Greater Severna Park Area is a well established community bounded by the Severn and Magothy Rivers, with many tree lined neighborhoods containing a variety of home styles. There is a village center with thriving local businesses, homes, dedicated spaces for social and community activities, attractive well maintained landscaping, pedestrian walkways and tasteful signs. Paths, trails and roads provide easy access within and between our neighborhoods and our center.
