Frank Marzucco, Director

**MAYO BEACH PARK MAYO WIND
CARTOP BOAT LAUNCH**

Season 2010

Dear Windsurfers, Kite Boarding, and Small Craft Sailors:

Mayo Beach Park is the home of Mayo Wind one of Anne Arundel County Department of Recreation and Parks Cartop Boat Launch sites. Mayo Beach Park's Mayo Wind site is also host to several windsurfing and kiting local and regional events. This site is a great launch site for canoe and kayak enthusiast with several "Water Trails" available to paddle to local historic and scenic points of interest.

This is a gated non-public access park and permits are necessary to enter the Mayo Beach launch area. A new permit season begins **April 1, 2010**, and a new combination for the gate will be activated. New requests for permits and last years members must complete the 2010 Launch Permit Application. Return the Application to Recreation and Parks with the fee to receive the new combination and a valid permit for the 2010 season. Launch Permits issued to past members will become valid and recognized for the 2010 season. New Permit holders will receive a permit in the mail.

A beach reconstruction project is scheduled to start in October 2010. The park will be closed at this time to all events and launching of watercraft. The 2010 permit season has been reduced to six months, April 1 through September 20, 2010.

Several windsurfing and kiteboarding activities are scheduled for this new season. Windsurfing races will again be hosted by Recreation and Parks at Mayo Beach Park, sponsored by the "Baltimore Area Boardsailing Association," BABA. Please check the BABA web site <http://windsurfbaba.org> for additional information about their group and events.

We look forward to a warm and windy season. Please **renew** your application **before April 1** so you will have uninterrupted use of the launch area. Thank you for your patronage. Please feel free to contact us for further information.

Sincerely

Wendy Scarborough
