The decision to have a helper in your home is important and should be made with careful planning & screening. The mission of the Respite Care Referral Program is to assist the frail, elderly and disabled to stay in their homes; to provide quality care at a lower cost; and to provide relief to family caregivers.
What is Respite Care?
Caregiving is a hard job—and all caregivers need a break at times. Respite care provides that break, whether it be an occasional night out or ongoing care while the caregiver attends his or her job. Respite care helps the caregiver—and the person they are caring for. When caregivers are rested and less stressed, they are able to provide better care.

In-home aides also provide companionship and support for seniors living alone, allowing them to stay in their homes.

Who Provides Care?
All Respite Workers undergo a stringent application process before being placed on the registry, to include a criminal background check, two professional references, and an interview. Applicants are then required to attend the program’s training classes. Caregivers complete a three (3) day training, to include the Virtual Dementia Tour and Ethical Standards, by the Department of Aging and Disabilities or a one day (1) training with the Department along with 110 hours of Certified Nursing Assistant Training. Background checks are completed annually on active workers; Respite Workers are also required to complete additional training annually. The Respite Care workers referred to you are self-employed, independent contractors in good standing on the Respite Care Referral Program Registry.

Before you Interview, Know Your Priorities
- What can I afford?
- What tasks do I want done?
- What time of day and which days of the week do I want help?
- Do I need part-time or full-time assistance?

Screening & Interviewing
- Pre-screen workers over the telephone.
- Interview more than one worker in-person.
- Ask to see a photo ID.
- Always ask for and check references.
- Ask questions about the applicant’s training, background, and experience.
- You can ask to see a copy of the worker’s driving record.
- Don’t commit yourself on the spot.

Your Responsibilities
- Give clear directions. Identify things you do and don’t want the worker to do.
- Use a written agreement to clarify expectations and services.
- Be consistent with your expectations.
- Be businesslike in your relationship.

Cost
Keep in mind—Respite workers are self-employed contractors.
- There is no charge for the referral service.
- Fees are agreed upon by the client and the caregiver.
- Medicare does not pay for personal in-home care.
- Some Long-Term Care insurance policies will cover services. Talk with your specific insurance company.
