I certify and agree as follows that I am authorized to make this application, that the information is correct, that I will comply with all the regulations of Anne Arundel County which are applicable hereto, that I will perform no work on the above property not specifically described herein. I am aware of the depth of the main line and have computed and found adequate the hydraulic gradient between the house connection and the public service level and agree to physically check both prior to installing the plumbing house connection.

I hereby authorize the master plumber named on this application to obtain this permit for the connection stated. I understand that the connection permitted must be made by the master plumber and inspected by the Department of Inspections and Permits prior to the use of the public facilities. I hereby authorize officials of Anne Arundel County the right to enter onto my property for the purpose of inspecting the connection permitted and posting notices. The plumber has assured me that the hydraulic gradient from the public service to my dwelling is adequate for the service I require and that he will physically check the connection at the property line and the house prior to installing any part of the plumbing house connection.
