## INTRODUCTION

The Department of Recreation and Parks oversees the acquisition, development and management of a nationally recognized, award winning park system providing Anne Arundel County residents with open space for recreational activities and natural resources conservation.

Departmental objectives:

- ❖ Improve quality of life by conserving and enhancing the natural and developed environment for current and future generations.
- ❖ Enable Anne Arundel County citizens to attain the maximum physical benefits and social enjoyment through participation in recreational sports.
- ❖ Promote the highest ideals and standards of sportsmanship.
- ❖ Offer youth sports that ensure maximum opportunities for participation by all team members and provide a positive environment for personal development.
- ❖ Provide opportunities for lifelong enjoyment of a physical activity and a recreational outlet for participants.

The Department of Recreation and Parks is committed to the belief that participation in recreational and athletic programs should be fun for everyone — a great opportunity to learn new skills, get some exercise, meet new friends and be part of a team!

The main emphasis of youth sports is universal participation, not impressive won-lost records. One study on youth athletics revealed that 72% of children would rather play for a losing team than sit on the bench of a winning team. Adults must keep in mind that the game is for the kids, and kids play sports to have fun.

Whether you are a player, coach, parent or spectator, the challenge is to keep the art of winning in proper perspective.

## PURPOSE OF THE MANUAL

This manual serves as an overall guide for:

- ❖ Board of Education and Department of Recreation and Parks' Facility Users
- ❖ Organizations seeking Accreditation

## **ORGANIZATIONAL ACCREDITATION** *(Section currently being revised)*

To ensure compliance with departmental standards regarding access to public facilities, the Department of Recreation and Parks has established an accreditation process for all organizations and groups. The purpose of organizational accreditation is to foster and facilitate the role of the Department in promoting and ensuring the quality and diversity of athletic and recreational programming in Anne Arundel County.

Accreditation does not provide automatic access to Board of Education and/or Department of Recreation and Parks facilities/fields. An accredited organization demonstrates that it has met departmental standards and is eligible to access Board of Education and/or Department of Recreation and Parks facilities/fields,, (does not include Regional Parks) using the facility scheduling process. Please refer to the Facility Scheduling Guidelines for the facility use prioritization of County-owned facilities.

Groups that are accredited must apply the policies and guidelines contained in this manual to all components of their organization to include: travel or select teams, contracted vendors, paid consultants, etc.

### **I. CLASSIFICATIONS OF ACCREDITATION** (Revised 12/2015)

#### **A. Level One – Youth**

- Organizations that sponsor **recreational youth activities**.
- Organizations must meet all core requirements for accreditation and be in compliance with the departmental Background Check Program.

#### **B. Level Two – Adult**

- Organizations that sponsor adult activities only and do not sponsor youth activities.
- Organizations must meet all core requirements.

#### **C. Level Three –Youth/Adult OTHER**

- **Organizations that sponsor youth or adult activities and do not meet ALL of the core requirements for accreditation.**
- Organizations must be in compliance with the departmental policies.
- Organizations have the lowest priority for facility use. Requests for use of public facilities by Level Three organizations are processed after the normal scheduling cycle for the respective period.

#### **D. Exempt**

- Board of Education, Department of Recreation and Parks, governmental agencies, coaches associations, athletic officials groups and other designated groups.
- Organizations that enter into agreements with the County, including, but not limited to leases, licenses or contracts. These organizations must comply with the conditions outlined in the executed agreement.
- Organizations that are not accredited and do not meet the core accreditation requirements have no rights of access to public facilities, other than potential rental of turf fields.

## **II. SCOPE OF ACCREDITATION**

The scope of an organization's accreditation shall define the following:

- Classification of Accreditation
- Type of Organization
- Approved Activities and Age Groups
- Primary Scheduling Area
- Period of Accreditation
- Other Parameters Deemed Appropriate by the Department

## **III. TYPES OF ACCREDITED ORGANIZATIONS**

- Athletic Organizations

## **IV. ORGANIZATIONS NOT ELIGIBLE FOR ACCREDITATION**

### **A. Commercial Enterprises and Religious Groups**

- Entities engaged in a commercial enterprise and groups engaged in religious activities, which are seeking the indoor use of a school facility, are not subject to the organizational accreditation requirements.
- In keeping with Board of Education policy, use of a school for religious activities is scheduled and approved by the principal of the respective school for the first two years of use. Subsequent use of the school for religious activities beyond the first two years requires Board approval.
- Commercial entities and religious groups engaged in recreational or athletic activities may qualify for organizational accreditation and be eligible for the use of public facilities. Such groups should contact the Department's Facility Scheduling Office to discuss their eligibility.

### **B. Providers of Tournament, Camps and/or Clinics**

- Providers of tournaments, camps and/or clinics are generally considered commercial vendors and not eligible for organizational accreditation.
- Providers of tournaments, camps and/or clinics must be sponsored by an accredited organization. Such sponsorship requires:

- An accredited organization be permitted the use of the public facility (including an approved Special Event Form) and accept all responsibility for its safeguard.
- The Special Event Form may be downloaded from the Department's website.
- The accredited organization is to be identified as the sponsor of the event on all advertisements, signage, registration forms, etc.
- The accredited organization must carry the appropriate liability insurance for such an event with Anne Arundel County listed as additional insured.

### **C. Non-County Based Organizations**

- Unless the Department grants an exception, groups with a membership base of less than 75% County residents are considered "non-County" and are not eligible for organizational accreditation.
- Non-County based organizations seeking the indoor use of a school facility must apply directly to the school and are subject to paying all building use fees.
- Non-County based organizations seeking the use of any other public space should contact the Department's Facility Scheduling Office to discuss their eligibility.
- Non-County organizations may be assessed additional fees at time of registration.

## **V. INITIAL ORGANIZATIONAL ACCREDITATION**

Organizations seeking accreditation for the first time may apply at any time. Accreditation guidelines and forms can be downloaded from the Department's website – [www.aacounty.org/recparks](http://www.aacounty.org/recparks). Organizations that engage in athletic activities must include an assessment of community need along with their accreditation submittal.

The departmental evaluation and determination of an initial accreditation submittal could take up to 180 days. Organizations will not be permitted the use of public facilities until the departmental determination is rendered regarding their accreditation submittal.

Organizations that are denied accreditation but meet all core accreditation requirements will be classified as Level Three – Non-Accredited. Non-accredited organizations are eligible to apply for the use of public facilities, although their Facility Use Applications will be processed after the accredited groups have been permitted for the respective period.

## VI. ACCREDITATION OF EXPANDED ACTIVITIES

Accredited organizations seeking to expand sponsored activities may apply at any time. Organizations that engage in athletic activities must include an assessment of community need and an updated Organizational Profile form. This form can be downloaded from the Department's website.

The departmental evaluation and determination of a request to expand sponsored activities could take up to 90 days. Organizations will not be permitted the use of public facilities for the newly requested activities until the departmental determination is rendered regarding their application to expand sponsored activities.

Accredited groups that are denied inclusion of certain sponsored activities but meet all core accreditation requirements may apply for the use of public facilities for the non-accredited activities. Facility Use Applications for non-accredited activities have the lowest priority for facility use.

## VII. CORE REQUIREMENTS FOR INITIAL ACCREDITATION

- A. **Status of Good Standing:** All current organizational officers, commissioners and board members must be in good standing with the Department. Good standing is a term used to identify individuals who are in compliance with departmental policies, standards and requirements. Disciplinary sanctions imposed by the Department may result in an individual losing their "good standing" status and corresponding benefits.
- B. **Required Forms:** The following departmental forms must be completed and submitted with the required documentation:
- **Organizational Accreditation Checklist:** Includes the organization's equal opportunity and non-discrimination pledge, acknowledgement of receipt of departmental guidelines and policies, listing of accreditation submission requirements and the background check requirements for organizations that sponsor youth activities.
  - **Organizational Declaration Affidavit:** Delineates the organization as a non-profit, not-for-profit, religious or commercial entity. This form must be notarized.
  - **Organizational Accreditation Profile:** Identifies the organizational officers, details the activities sponsored by the organization and ascertains other pertinent information. Publicly advertised variations to the name of the accredited organization must be on record with the Department. These names must be reflected on the organizational accreditation profile form (i.e. Riva Athletic Association using Greater South River Basketball or Davidsonville Athletic Association using South River Football).

- C. **Certificate of General Liability Insurance:** Organizations that sponsor athletic or physical activities, including commercial enterprises and religious groups must submit a Certificate of General Liability Insurance in the amount of \$500,000 listing the respective organization as the "Insured" and Department of Recreation and Parks and the Board of Education as "Additional Insured." The Certificate of General Liability Insurance must reflect the following statement, "Anne Arundel County Maryland, its Officers, Agents and Employees are additional insured."
- D. **Primary Scheduling Area:** Athletic groups must specify their primary scheduling area (refer to the Scheduling Areas section of this manual for a listing of the schools and parks in each scheduling area).
- E. **Residency Requirements:** Unless the Department grants an exception, 75% of an organization's membership (officers and participants) must be comprised of Anne Arundel County residents. Unless the Department grants an exception, 75% of each team's roster must be comprised of Anne Arundel County residents if the team uses County facilities for practices or games. The Department reserves the right to require proof of residency.
- F. **Organizational Bylaws:** Organizational bylaws must be provided to the Department of Recreation and Parks within three working days of request. Do not submit until requested.
- G. **Assessment of Community Need:** An Assessment of Community Need must be submitted by athletic organizations applying for initial accreditation and/or expansion of sponsored activities. This is a narrative statement that establishes the group's intentions as compared to what is offered by existing organizations. Splinter groups or groups offering similar or competing services may not receive favorable consideration.

## VII. SUBMITTAL REVIEW FOR INITIAL ACCREDITATION OR EXPANSION OF ACTIVITIES

Departmental staff shall evaluate an organization's application for initial accreditation or the expansion of sponsored activities to determine whether the organization has satisfied all requirements. All available relevant information concerning the organizational compliance with the departmental policies and any organizational deficiencies with respect to the departmental standards will be considered. The Department's staff will review the requesting organization's history with special attention given to any disciplinary actions taken against the organization or its members.

Departmental staff may seek third party input from members of other accredited organizations, community leaders, parents, participants, official's groups and others in determining the community's need for enhanced or new recreational/athletic activities

and/or the requesting organization's ability to comply with departmental standards and policies.

Departmental staff may conduct unannounced site visits to an organization's permitted location to ensure compliance with departmental policies and rules governing the use of public facilities.

If an organization does not hold an approved activity for two (2) consecutive years, the approval for that activity will automatically be revoked. If the organization wants to re-offer this activity, they must apply to the Department of Recreation and Parks and are subject to the review process for expansion of activities.

## **IX. APPROVAL OF INITIAL ACCREDITATION OR EXPANSION OF ACTIVITIES**

Once approved, the requesting organization will receive correspondence from the Department signifying the group's status as an accredited organization, along with the activities for which the group is accredited. The correspondence will include an Organizational Profile, recapping the information contained in the Department's files. The organization will be added to the list of accredited organizations found on the departmental website.

## **X. ANNUAL CYCLE FOR ORGANIZATIONAL RE-ACCREDITATION**

- The annual accreditation cycle runs from July 1st through June 30th.
- The primary point of contact for each accredited organization will receive a mailing from the Department around May 1st pertaining to the annual re-accreditation requirements. The mailing will include an Organizational Re-Accreditation Checklist and Organization Profile to be updated and returned to the Scheduling Office.
- For an organization to retain its accreditation, the Department must receive all required documentation and information no later than June 30<sup>th</sup>. If the re-accreditation information is not received by June 30<sup>th</sup>, the organization may be required to re-apply for initial accreditation.

## **XI. APPROVAL OF ANNUAL ORGANIZATIONAL RE-ACCREDITATION**

In July, organizations seeking re-accreditation will receive correspondence from the Department signifying their accreditation status for the new fiscal year. The correspondence will include an Organizational Profile, recapping the information contained in the Department's files. These organizations will be listed on the departmental website as accredited organizations for the respective fiscal year.

## **XII. UPDATED DOCUMENTATION AND NOTIFICATION OF ORGANIZATIONAL CHANGES**

As changes occur, updated documentation or contact names must be provided. Organizations must not wait for the annual re-accreditation cycle to submit these changes. For example, if an organization holds elections in January, the new slate of officers must be submitted promptly. If an organization's liability insurance expires on January 1st, a copy of the new certificate of insurance should be submitted prior to the expiration date. All information may be forwarded to the attention of the Administrative Manager in the Scheduling Office.

Failure to maintain required liability insurance may result in loss of accreditation, revocation of Facility Use Permits and/or denial of pending Facility Use Applications.

## **XIII. MONITORING ACCREDITATION REQUIREMENTS**

The Department reserves the right to obtain first-hand knowledge of an accredited organization's compliance with departmental policies and standards.

The Department may monitor organizational activities by visiting permitted facilities, requesting information regarding organizational leagues, asking for the organization's bylaws, conducting meetings to discuss matters of mutual interest, contacting third-parties regarding organizational activities, etc.

## **XIV. FAILURE TO DEMONSTRATE COMPLIANCE WITH ACCREDITATION REQUIREMENTS**

If, at any point, an organization fails to maintain compliance with the accreditation requirements and/or departmental standards, the organization's primary point of contact will be notified of the findings and advised of the Department's course of action. Examples of non-compliance include, but are not limited to:

- If the Certificate of Liability Insurance expires, existing Facility Use Permits may be revoked or pending Facility Use Applications may be denied.
- If an adult leader is found to be participating in youth activities without compliance with the background check policy, disciplinary sanctions may be imposed.
- If an organization engages in activities for which they are not permitted, adverse accreditation actions may be initiated.
- If an organization fails to provide timely notification of organizational changes, adverse accreditation actions may be initiated.

- If an organization fails to provide advance notification of non-use or non-authorized use of a permitted facility, existing Facility Use Permits may be revoked or pending Facility Use Applications may be denied. The Department may also limit, suspend and/or revoke the organization's accreditation or impose other disciplinary sanctions as appropriate.

If findings of non-compliance occur during the evaluation of an organization seeking initial accreditation or expansion of accredited activities, the Department will return the organization's application and provide the organization with a written explanation of the deficiencies. The organization may reapply once compliance can be demonstrated.

#### **XV. ADVERSE ACCREDITATION ACTION**

If the Department determines that after notice and opportunity to provide additional information or take corrective action, an accredited organization has not come into compliance with the accreditation requirements and/or departmental standards, the Department may limit, suspend and/or revoke the organization's accreditation or impose other disciplinary sanctions as appropriate.

#### **XVI. REAPPLYING FOR ACCREDITATION OR EXPANSION OF ACTIVITIES**

Organizations have the right to reapply for organizational accreditation if they were previously:

- Designated as Level Three - Non-Accredited
- Denied Accreditation
- Denied Expansion of Activities
- Suspended as an Accredited Organization

Organizations that fall within one of the above referenced categories may reapply six months from the date of the previously rendered determination regarding their accreditation status.

#### **XVII. ORGANIZATION APPEAL**

Upon notification of failure to demonstrate compliance with the accreditation requirements, an organization shall have the right of appeal. No later than ten (10) days after the non-compliance notification, the organization must notify the Recreation Administrator in writing of its intent to appeal. Appeal requests should be sent to:

**Department of Recreation and Parks  
Attention: Recreation Administrator  
1 Harry S Truman Parkway  
Annapolis, Maryland 21401**

## **FACILITY SCHEDULING** *(Section currently being revised)*

### **I. GENERAL INFORMATION**

The Board of Education, in conjunction with the Department of Recreation and Parks, encourages the use of school facilities and County/Community parks (not including Regional Parks), by school, community and county organizations for civic, educational, athletic and recreational activities. These activities must not interfere with school educational, athletic or social programs or Recreation and Parks' programs or activities.

Use of Department of Recreation and Parks and Board of Education fields for organized activities is by permit only. This is not meant to discourage or prohibit neighborhood residents from using an available field. Examples of an organized activity would be a team holding practices, games or tournaments. Use of a field for activities such as kite flying, a parent playing catch with a child or neighborhood kids playing ball is not considered organized activities.

The Board of Education has a Joint Use Agreement with the Department of Recreation and Parks. All use of Board of Education indoor and outdoor facilities is scheduled by the Department of Recreation and Parks with the exception of:

- School-Sponsored Events
- Religious Activities
- Use By Commercial Groups
- Indoor Use by Non-Anne Arundel County Groups

In keeping with Board of Education policy, a school-sponsored event is defined as an activity that:

- Is scheduled for school students.
- Is being run by school system personnel.
- Has the permission of the principal.

In addition to Board of Education facilities, the Department of Recreation and Parks' Facility Scheduling Office also schedules the use of athletic fields and pavilions in community parks and the gym at the South County Recreation Center.

The Department of Recreation and Parks' Facility Scheduling Office schedules the permitted use of 119 schools and 67 community parks by over 600 community-based organizations. The facility scheduling process is a complex undertaking that requires effective communication, extensive cooperation, adherence to procedures, compliance with facility user guidelines and willingness to compromise.

Thousands of Facility Use Applications are processed annually and the demand often exceeds availability. As such, sensitivities and emotions of those involved are invariably aroused. All parties must be aware that unreasonable treatment of departmental staff,

including inappropriate airing of complaints, is considered in the same context as aggressive behavior on the “field of play.”

The non-permitted use of a public facility or non-use of a permitted facility may result in disciplinary actions to include, but not limited to, loss of facility use time, revocation of Facility Use Permit, denial of pending Facility Use Applications or adverse accreditation actions.

Permitted use of a public facility is subject to unexpected changes or cancellations due to facility closure, unanticipated requirements or other unforeseen circumstances.

**IMPORTANT NOTE: No “same day” facility use requests will be processed.**

## II. FACILITY USE PRIORITIZATION

Programs sponsored by the Board of Education, State Licensed Child-Care Providers, Department of Recreation and Parks and City of Annapolis (for schools located in the City) have priority for the use of Board of Education facilities and County parks.

The following prioritization guidelines are applied when arbitrating the issuance of a Facility Use Permit to a community-based organization for the use of a field, gymnasium, cafeteria or multipurpose room. If competing facility use requests for these facilities are of equal status, compliance with the facility scheduling process and historic use will be considered.

Under extenuating circumstances, the Department of Recreation and Parks reserves the authority to modify the facility use guidelines on a case-by-case basis.

The Department reserves the authority to request justification from an organization to support their request for the use of a public facility. For example, the Department may request team rosters as justification for the number of hours requested in a gymnasium.

### A. Prioritization for Use of a Field, Gymnasium, Cafeteria or Multipurpose Room

**(Excludes use of Turf Fields)**

#### **Level One and Two Accredited Organizations:**

1. In-season Sport sponsored by the Maintenance Grant Holder
2. In-season Sport sponsored by an In-Feeder System Group
3. In-season Sport sponsored by an Out-of-Feeder System Group
4. Out-of-season Sport sponsored by the Maintenance Grant Holder
5. Out-of-season Sport sponsored by an In-Feeder System Group
6. Out-of-season Sport sponsored by an Out-of-Feeder System Group

#### **Level Three – Other:**

Non-accredited groups have the lowest priority for facility use. Requests for use of public facilities by non-accredited organizations are processed after the normal scheduling cycle for the respective period.

## B. TYPES OF FACILITY USE PERMITS

1. **Permits for a Board of Education Facility or Community Park:**
  - a. **Period Use** (refer to Scheduling Cycle)
  - b. **Annual Use** (not issued for a field or gymnasium, except for activities sponsored by the Recreation and Parks Department or Maintenance Grant Holder.)
  - c. **Special Events** (athletic tournaments, camps or clinics, outdoor fairs, etc.)
  - d. **Turf Fields** (issued on an as needed/request only basis). No annual use or scheduling cycle permits. Permits should be submitted at least thirty (30) days prior to need.
2. **Permit for a Pavilion or Picnic Area in a Community Park:**
  - a. **Pavilion or Picnic Area Use** (organizational accreditation not required)

## III. PERIOD OR ANNUAL FACILITY USE SCHEDULING CYCLE

The Department of Recreation and Parks' Facility Scheduling Office accepts Facility Use Applications for three (3) periods of use per year – fall, winter and spring/summer. It is the applicant's responsibility to complete and submit the appropriate Facility Use Application to the Department of Recreation and Parks' Facility Scheduling Office by the respective deadline. Applicants who do not submit a Facility Use Application by the posted due date jeopardize their chance of obtaining a Facility Use Permit.

### Fall Period

Field Use: August 1st through November 30th  
Indoor Use: First Day of School through October 31st  
***Application Due Date – June 1st***

***No natural grass field use is permitted from December 1st through the end of February, with the exception of the last two (2) Sundays in February.***

### Winter Period

Field Use: February 1st through February 28th  
Indoor Use: November 1st through March 31st  
***Application Due Date – September 1st***

### Spring/Summer Period

Field Use: March 1st through July 31st  
Indoor Use: April 1st through the First Day of School  
***Application Due Date – January 15th***

### Special Events:

Whenever possible, Facility Use Applications for special events or one time activities other than a community meeting or recruitment night for scouting should be submitted in accordance with the above application deadlines. Applications for a special event or one time activity must be submitted at least **four (4)** weeks in advance of the date of the event.

#### **TURF FIELD PERMIT REQUEST**

- **Requests are processed as they are received.**
- **Permits for turf fields are generally issued for 30 day blocks of time.**
- **Request should be submitted thirty (30) prior to potential need.**

#### **IV. FACILITY USE PERMIT APPLICATION PROCESS**

Prior to applying for the use of a public facility, all organizations, except those solely requesting the use of a regional park, recreation center, pool, safety turf field, pavilion or picnic area, must first become accredited or be designated as Level Three Other with the Department of Recreation and Parks (refer to Organizational Accreditation).

**IMPORTANT NOTE:** Facility use applications must be submitted to the Department of Recreation and Parks. Applications **must not** go directly to the school to request use of the facility, as this is a violation of the Joint Use Agreement with the Board of Education.

Facility Use Applications and other facility scheduling forms can be downloaded from the departmental website – [www.aacounty.org/recparks](http://www.aacounty.org/recparks)

##### **A. Facility Use Application Process:**

1. Select and complete all information on the appropriate Facility Use Application:
  - Board of Education Facility Use Application
  - County Park Facility Use Application
  - Community Park Pavilion / Picnic Area Use Application
2. In addition to a Facility Use Application, a Special Event Form must be completed if the proposed use of the requested facility includes:
  - Fundraising activity, which generates funds beyond the normal participation fees or concession proceeds
  - Special event such as an athletic tournament, camp or clinic, outdoor fair, etc.
3. Tournaments require an agreement with the Department of Recreation and Parks. Communication with the Department must be initiated by the accredited user group three (3) months prior to the date of the event. For these special events, organizations may be subject to a fee up to \$125 per hour per field.

4. Any changes or modifications to permitted usage times for indoor or outdoor facilities MUST be submitted in writing to Recreation & Park no less than 2 business days PRIOR to the start of the permit.
  - If changes are not submitted user will be billed for the time that has been permitted.
  - Changes include but not limited to:
    - Cancellation
    - Time adjustments,
5. Camps and Clinics, All camps and clinics being held on Anne Arundel County Recreation and Parks and/or Anne Arundel County Board of Education property must be coordinated through the Department of Recreation and Parks. This includes any individual, corporation or entity who directly or indirectly receives monetary compensation for providing services for the operation of a camp or clinic.

In accordance with the Anne Arundel County format for purchasing guidelines, the Department of Recreation and Parks advertised their competitive bid process for a vendor to conduct camps and clinics. An active vendor has been awarded the contract to provide services and/or oversight for sports camps and clinics. Any individual, corporation or entity providing services for the operation of a camp or clinic must be an approved subcontractor for our vendor. All registrations will be processed by the Department of Recreation and Parks.

This does not affect any camp or clinic sponsored by an accredited organization with the sole benefit of fundraising and no financial obligation to a third party. This also precludes any \*specialty training, speaker fees or individual coaching paid by the non-profit organization for the exclusive benefit of a team(s) within that organization at no additional cost to members or registration requirements.

\*Specialty training will be defined as coaching or training a specific position, skill set or discipline within that sport. Examples would include quarterbacks, goalies, pitching, shooting, punting, passing, speed, strength, endurance and stretching.

6. Sign and deliver the Facility Use Application and Special Event Form (if applicable) to the Department's Facility Scheduling Office prior to the application due date for that period's use.
  - Facility Use Applications for special events or pavilions/picnic areas should be submitted at least four (4) weeks prior to the event.
  - A Facility Use Application received after the established due date reduces the requestors chance of obtaining a permit for the desired field or facility.

- A Facility Use Application for a special event and/or for pavilion or picnic area can be submitted throughout the year; however, it is recommended to submit these applications in keeping with the application deadlines reflected in the period or annual facility use scheduling cycle.
  - Facility Use Applications submitted after the established deadlines are processed on a first come, first served basis.
  - Applications are subject to denial based on a conflict with a previously scheduled permitted use.

## **V. FACILITY SCHEDULING CONFLICTS**

In order to resolve scheduling conflicts over the use of a field, gymnasium, auxiliary gymnasium, cafeteria or multipurpose room, the Department will work groups via e-mail or phone to resolve any conflicting request. If no resolution can be reached the Department may schedule a meeting between the groups to resolve the conflict.

## **VI. FACILITY USE PERMIT SUBMISSION**

Permits can be submitted via:

US Mail to:           A.A. County Recreation & Parks  
                              Scheduling Office  
                              1 Harry S Truman Parkway  
                              Annapolis, MD 21401

E-Mail:                [permits@aacounty.org](mailto:permits@aacounty.org)

Fax:                    410-222-4439

## **VII. CHANGES TO AUTHORIZED FACILITY USE PERMITS**

Facility users should be aware that the Department conducts regular site visits to monitor the use of permitted public facilities. Facility users are required to promptly notify the Department's Facility Scheduling Office and appropriate school when the use of a field or facility is not in keeping with the authorized Facility Use Permit. Changes to Facility Use Permits include:

- Granting use of field or facility to another organization
- Non-use of time and/or space
- Adding time and/or space beyond the scope to the permit
- Changing the intended use or activity as reflected on the permit

A change to a Facility Use Permit requires the timely submission of a Facility Use Permit Change Form. The submission of a Facility Use Permit Change Form will generally protect the group's historic prioritization for the use of the same facility the next year. However, in fairness to other community groups, two consecutive years of forfeiting time will result in a loss of historic prioritization.

Lack of proper notification of changes to the Department's Facility Scheduling Office may result in disciplinary actions including, but not limited to, loss of facility use time, revocation of Facility Use Permit, denial of pending Facility Use Applications or adverse accreditation actions.

Organizations must notify the Facility Scheduling Office, in writing, at least five (5) working days in advance of the change when changes occur to the permitted times or starting/ending dates of a Facility Use Permit. Organizations must notify the Facility Scheduling Office within three (3) working days if access to a facility is denied on a given day. Organizations that do not notify the Facility Scheduling Office of such changes within these time frames will be responsible for paying the indoor use and/or the full custodial overtime fees as applicable.

Permits cannot be changed on a daily or weekly basis. Organizations are expected to plan their needed time and make all adjustments prior to the starting date of the permit.

#### **VIII. GRANTING UNAUTHORIZED USE OF A FIELD OR FACILITY**

The unauthorized granting of use of a public facility by a permitted organization to another organization without departmental approval is prohibited and will lead to adverse accreditation action. To obtain approval to grant another organization the use of a permitted facility, the permitted organization must complete and submit a Facility Use Permit Change Form in advance of sharing the use of the permitted field or facility. By obtaining proper authorization to grant the use of the facility to another organization, the group holding the original Facility Use Permit will not lose its historic prioritization for future use.

#### **VIII. EXCESS USE OF A PERMITTED INDOOR SCHOOL FACILITY**

Any group that uses an indoor school facility before or after its permitted time or occupies non-permitted space will be subject to disciplinary actions to include, but not limited to, payment for the use of the facility. Before the group will be permitted the continued or subsequent use of any County facility, this charge must be paid by check made payable to: Anne Arundel County Department of Recreation and Parks.

#### **IX. NON-USE OF A PERMITTED FACILITY**

Any group that does not use a permitted field or facility and fails to provide proper advance notification to the Facility Scheduling Office and school will be subject to

disciplinary sanctions which may include, but not limited to, payment of building use fees, revocation of Facility Use Permit and loss of historic prioritization.

#### **X. UNAVAILABILITY OF A PERMITTED FACILITY**

If the Department of Recreation and Parks' Facility Scheduling Office is notified that a facility is unavailable due to a school-sponsored event or activity, the permitted organization will be contacted. However, if a permitted organization arrives at a facility and is denied access due to a school event or activity, the organization will leave immediately without incident and contact the Facility Scheduling Office during the next business day. At no time should the representative of the permitted organization argue with Board of Education personnel regarding the situation.

#### **XI. NON-PERMITTED INDOOR USE OF SCHOOL**

Any group that is found using school indoor facilities without a Facility Use Permit will pay the custodial overtime rate, even if the school is open for other's use. Payment must be made prior to the group's next permitted use of a public facility. Groups holding outdoor permits may not use indoor facilities such as restrooms.

#### **XII. FUNDRAISING ACTIVITIES ON PUBLIC PROPERTY**

Fundraising activities in County parks or on Board of Education property MUST have the prior approval of the Director of Recreation and Parks or Director's designee. These fundraising events may include athletic tournaments, camps, clinics, etc. Applicants requesting space for such a fundraising event MUST indicate their intention to raise funds on the Facility Use Application and submit a Special Event Form.

Approved fundraising activities must be sponsored by an accredited organization. Such sponsorship requires that the accredited organization be permitted the use of the public facility and be identified as the sponsor of the activity on all advertisements.

All registration fees must be made payable to the accredited organization permitted the use of the public facility (i.e. checks must be made payable to the sponsoring community group). No registration fees are to be paid directly to the contracted vendor. The accredited organization may request a waiver to this requirement. The waiver request must be signed by an approved representative of the accredited organization and approved by the Recreation Administrator.

#### **XIII. COMMERCIAL VENDORS ON PUBLIC PROPERTY**

Commercial vendors may include, but not be limited, to portable concessions such as: chuck wagons; snowball and ice cream trucks; portable barbeque vehicles; kites, t-shirts, and jewelry vendors; boat rentals; etc. Commercial vendors are not permitted to

operate within the boundaries of public property without the expressed approval of the Director of the Department of Recreation and Parks. Approval may be granted to a commercial vendor in conjunction with the permitted use by an accredited community group.

- An example of such an approval would be a portable food vendor at a park site that lacks a food concession building.

#### **XIV. YOUTH SPORTS ONLY - Organizational Outdoor Scheduling Fee for Board of Education Field or County Park Usage:**

**Every** outdoor sports participant using a County owned facility regardless of affiliation to include clinic, club, in-house, select, travel and any other special league will be charged a scheduling fee of \$3.00 per person in the fall and again in the spring/summer for activities accordingly.

#### **XV. Permitted Use of a Board of Education Field or County Park:**

- Schools will be charged \$10 per hour per field.
- This fee may be reduced by 30% to account for cancellations, such as wet fields, rainouts, etc.
- If permitted at a field that receives a maintenance grant, the fee will be reimbursed by Recreation & Parks to the organization receiving the grant.
- Exceptions to these fees may be adjusted based on contractual agreements (i.e. Joint Use Agreement).

- Available time at County parks and Board of Education fields can be permitted to accredited youth organizations without fee.

## **XVII. Permitted Use of a Board of Education Indoor Facility:**

The Department of Recreation and Parks' budget includes funds to offset the greater part of the costs associated with the communities' use of Board of Education facilities. These funds are designated as the Community Use of Schools (CUOS) Program. Groups accredited with the Department of Recreation and Parks are responsible for the payment of fees as reflected in the table at the end of this section.

For all other groups, when fees are applicable, the Department of Recreation and Parks will calculate the cost of usage and an invoice will be mailed to the organization. The fee must be paid by check made payable to: Anne Arundel County Department of Recreation and Parks.

### **A. Billing Cycle Calendar**

- **Youth Groups:** Weekend use December – February is billed in March. Any other time will be billed at time of use.

## **XVIII. FACILITY SCHEDULING NOTES AND TERMINOLOGY**

1. **Facility Scheduler:** Facility Use Applications are received from over 600 community groups. Each group is encouraged to designate one individual as their facility scheduler. All group members should work through this individual.
2. **Advance Planning:** Regardless of the type of Facility Use Permit or the period of use, any request received less than ten (10) working days in advance of the planned activity of use is subject to denial for a lack of processing time. Advance planning is the inherent responsibility of all facility users.
3. **Permit Renewal Report:** The Facility Scheduling Office sends out Permit Renewal Reports approximately two (2) months prior to the Facility Use Application due date for the respective facility scheduling period. This report may be updated and returned in lieu of submitting new Facility Use Applications. This will significantly reduce paperwork and the chance of overlooking a needed facility.
4. **School Locked when Permitted Indoor Use:** If the school for which you are permitted is locked, you may want to drive to the next nearest school and request the custodian call their supervisor for assistance. You must be prepared to show your Facility Use Permit to the custodian to validate your request to have the school opened.
5. **School Closure Dates:** When ALL SCHOOLS and CENTRAL OFFICES are closed for staff and students, all indoor use is canceled. Permitted outdoor use is not affected. A listing of the school closure dates is published prior to the beginning of the school year. The listing of school closure dates can be found on the Department's and the Board of Education's websites.
6. **Requested Snow Dates for Facility Use:** Snow dates cannot be permitted via the facility scheduling process. Competition for the use of public facilities disallows the granting of snow dates for events.
7. **Weekend Cancellations due to Inclement Weather:** The Department reserves the right to extend "reduced rate" indoor weekend use to permitted groups beyond the end of February due to Countywide cancellations resulting from inclement weather. Do not take extensions for granted – contact the Facility Scheduling Office for guidance.
8. **Request for Team Rosters:** The Department reserves the right to request evidence of participant registrations from a permitted group. Team rosters or other such list would suffice for this purpose. This information will be used to establish allowable and equitable distribution of facility use time.
9. **Facility Use Applications submitted by Level Three - Non-Accredited Groups:** Facility Use Applications received from Level Three - Non-Accredited

Groups are processed after accredited groups are permitted for the respective period.

10. **School Teams:** Public school teams have priority for the use of school facilities. Facility users must understand there will be times when groups are bumped due to unforeseen or unplanned circumstances. Groups are encouraged to have their facility scheduler establish a liaison relationship with the Athletic Director or physical education teacher at each permitted school.
11. **Out-of-Season Sports:** Requests for the use of indoor and outdoor space for out-of-season sports continue to grow. The Department will continue to acknowledge out-of-season sports and potentially provide facilities based on participation, prior usage and availability.
12. **AAU, Select and Travel Teams:** Representatives of these teams must comply with departmental procedures for securing approved Facility Use Permits. Repeated telephone calls to the Facility Scheduling Office and a multitude of Facility Use Applications (i.e. "wallpapering the world") are not in keeping with established protocol. Team representatives should visit the Facility Scheduling Office to review the Facility Use Permit reports to ascertain availability of space.
13. **Tournament:** Providers of tournaments must be sponsored by an accredited organization. The sponsoring organization is responsible for securing the required Facility Use Permit(s) and will be held accountable for the activity in keeping with departmental policies and guidelines.

A Special Event Form must be submitted along with the Facility Use Application. The Special Event Form must reflect the anticipated revenues, expenditures and distribution of the net proceeds.

14. **Camps/Clinics/Training:** Any organized camp, clinic, or training on Anne Arundel County and/or Board of Education property must be coordinated by the Department of Recreation and Parks. This includes any individual, corporation or entity who directly or indirectly receives monetary compensation for providing services for the operation of a camp or clinic.
  - a. In accordance with the Anne Arundel County format for purchasing guidelines, the Department of Recreation and Parks advertised their competitive bid process for a vendor to conduct camps and clinics. An active vendor has been awarded the contract to provide services and/or oversight for sports camps and clinics. Any individual, corporation or entity providing services for the operation of a camp or clinic must be an approved subcontractor for our vendor. All registrations will be processed by the Department of Recreation and Parks.

- b. This does not affect any camp or clinic sponsored by an accredited organization with the sole benefit of fundraising and no financial obligation to a third party. This also precludes any \*specialty training, speaker fees or individual coaching paid by the non-profit organization for the exclusive benefit of a team(s) within that organization at no additional cost to members or registration requirements.

\*Specialty training will be defined as coaching or training a specific position, skill set or discipline within that sport. Examples would include quarterbacks, goalies, pitching, shooting, punting, passing, speed, strength, endurance and stretching.

- 15. **BOE Field Use by Commercial Groups:** The Board of Education does not have a fee structure for the use of outdoor fields. Commercial groups will not be permitted these spaces for business related functions.
- 16. **Tennis Courts:** Permits may be restricted at each site to accommodate play by the general public. Organized tennis groups must comply with the Department's organizational accreditation requirements and facility scheduling process.

- Y. **Utility Maintenance:** The Department will maintain the existing public water/well and public sewer/septic to buildings as required. Water service is provided between April 1st and November 30th.
- Z. **Utility Rooms:** Fire codes and OSHA regulations require a "clear zone" surrounding electrical panels and utility equipment, thereby providing clear access to these utilities. Under no circumstance should explosive material such as paint, propane or gasoline be stored in utility rooms.

#### 14. **FOOD SERVICE CONCESSIONS ON PARK PROPERTY**

The Department of Recreation and Parks requires all food concession operations to be licensed by the Anne Arundel County Health Department. Before a license can be issued, facilities and food preparation methods must be compliant with applicable regulations. All organizations shall comply with all Health Department regulations and standards for the preparation and storage of food for public consumption to include approval of the menu. Questions concerning licensing should be directed to the Health Department (410-222-7018).

The Health Department has identified a basic list of requirements for all facilities that serve a limited menu of prepared food, as opposed to pre-packaged food. These requirements include:

- Stainless steel food preparation services
- Triple sinks
- Hand sinks
- Availability of restrooms and waste systems with grease traps

Additionally, State Health Department regulations require NSF approved commercial refrigeration for all food facilities, including concession stands. Existing domestic refrigerators may be allowed if they are in good condition and hold proper temperatures. The Health Department must be provided with the manufacturer's name, model number and serial number for all allowed domestic units. Any replacements shall be with an approved commercial unit.

- Licensing regulations limit kitchen access to workers only. The minimum age for workers is fourteen years of age.

Cooking, deep frying, broiling, etc. utilizing a heat source inside the concession stand can be allowed if the equipment, ventilation and fire suppression systems are approved by the Health Department and Fire Marshall.

- If allowed, the licensed concession organization must store waste grease in approved covered grease containers on a non-porous cleanable surface. The organization shall maintain a contract with an approved grease removal service.

When cooking is to be performed inside a County building with a heat source, the licensed concession organization must provide 'gap' insurance to cover losses up to the County's deductible. The current County deductible is \$250,000.

The Anne Arundel County Health Department has approved outdoor grilling with the following guidelines:

- Outdoor grilling does not include the use of deep fat fryer
- Clamshell style grills are recommended
- Four foot clear safety zone surrounding the heat source is maintained
- Grounds and vicinity to grills are kept clean
- Appropriate measures shall be taken to minimize grease spillage onto the ground
- Note: A permit must be obtained from the Fire Marshall to perform outdoor grilling under cover.

Department funds appropriated for maintenance grants ÷ the total number of maintenance units (Fall and Spring).

## **BACKGROUND CHECK PROGRAM**

- I. PURPOSE OF BACKGROUND CHECK** - The purpose of the Department of Recreation and Parks' Background Check Program is to ensure that every individual who interacts with children undergoes a criminal history records check. The objective of the Background Check Program is to assist parents in providing a safe and positive experience.

A criminal history records check serves as a means to review an individual's background prior to their participation with youth activities. While no screening process can grant absolute assurances, knowing an individual's criminal background can provide greater certainty that an individual with a documented history of inappropriate behavior will not be able to volunteer with or have access to our youth. A Parent's watchful eye is still our greatest resource to keep our children safe.

- II. COUNTY POLICY** - In keeping with the Maryland Family Law Article, used in screening criminal history records for adoption and placement of children, any person convicted of or having open charges for any of the forty-one criminal offenses (misdemeanor or felony) found in the Criminal Justice Information System's regulations (Section 12.15.02.07), and also listed below, shall be prohibited for a time period stated below from participation in any capacity in youth programs or activities sponsored by:

- Department of Recreation and Parks; or
- Any group permitted the use of a County park or Board of Education field or facility.

As a prerequisite for any personal involvement with children, all adults who have care, custody or control of youth participants in any program or activity are required to successfully complete a criminal history records check as described in the Background Check process in this manual. This condition applies to programs or activities sponsored by:

- Department of Recreation and Parks; or
- Any group permitted the use of a County park or Board of Education field or facility.

- X. CONFIDENTIALITY** - Although adult criminal records are public knowledge, information received during the criminal history records check process will be shared on a "need to know" basis only.
- XI. RESPONSIBILITY FOR COMPLIANCE** - The adult leader in charge of the respective youth activity is responsible to ensure all assistants and aides have a completed criminal history records check prior to their participation. For example, head coaches are responsible for all assistant coaches, scouting troop leaders are responsible for assistant leaders, and primary instructors are responsible for teacher's aides.
- XII. COMPLETED AND UPDATED BACKGROUND CHECKS** - A list of individuals with completed and cleared criminal history records checks can be found on the departmental website – [www.aacounty.org/recparks](http://www.aacounty.org/recparks). This list is updated weekly. All adult leaders of youth programs or activities are required to complete an updated criminal history records check a minimum of every three (3) years. It is the responsibility of the volunteer to keep their status updated.
- XIII. CHANGE OF ADDRESS** - It is the responsibility of the volunteer to inform the Department regarding a change of address. If mail is returned to the Department as "undeliverable", the volunteer will be inactivated for the purposes of the Background Check Program and removed from the eligibility listing posted on the departmental website.
- XIV. APPEALS** - If an individual disputes the accuracy or completeness of any information reported in the criminal history records check, they have a right to request a reinvestigation, unless the dispute is deemed frivolous. Information on this process may be obtained by contacting the Background Check Program Coordinator. Once the accuracy of the Criminal History Records Check is confirmed, individuals prohibited from participating in youth programs or activities based on the findings of this check have no right of appeal.
- XV. EXPUNGED RECORDS** - An individual is not required to disclose information regarding criminal charges or convictions that have been expunged by the courts. An individual whose criminal convictions were expunged after being prohibited from participation should provide the Department with written evidence of the court's actions.
- XVI. BACKGROUND CHECK PROCESS** - To initiate a criminal history records check, the individual must complete and sign an Authorization and Release for the Procurement of an Investigative Report form. This form can be downloaded from the Department's website or can be completed on-line. Online processing requires the completion of payment. To complete the background check online, go to [www.aacounty.org/recparks](http://www.aacounty.org/recparks).

For volunteer who do not want to complete the process online, the following steps must be completed. The release form must be completed legibly in its entirety on the most updated form. Any missing information will prevent or delay the criminal history records check process. Refusal to provide all required information will result in the individual being prohibited from participation in youth programs or activities.

Once the Authorization and Release for the Procurement of an Investigative Report form is completed, deliver it to the Recreation and Parks Business Office with payment for processing. **Under no circumstances is an individual authorized to participate in any youth program or activity in any capacity prior to the completion of his or her criminal history records check.** Organizational leaders are expected to check the database on the Department's website to ensure all adult volunteers have completed a criminal history records check prior to participating (i.e. before the first practice for coaches or the first meeting for scouting leaders).

The requests and subsequent reports are transmitted over a secure website with restricted rights of access. If a criminal history records check comes back disclosing a criminal conviction that would prohibit an individual from volunteering, the Department's Background Check Program Coordinator (or designee) will call and discuss the information with the individual. The Department's Background Coordinator will also contact the leader of the community group to preclude the individual from participating with the community youth program or activity.

**XVII. DISCIPLINARY MEASURES** - It is the responsibility of each organization that participates in County-sponsored activities or is granted the use of a County park or Board of Education field or facility to fully comply with this Policy and the Background Check Program.

As part of the organizational accreditation process, each organization must sign an annual acknowledgment of the receipt of departmental policies. Organizations and/or their members that knowingly or unknowingly violate the County's policy or Background Check Program are subject to disciplinary measures that may include, but are not limited to:

1. Loss of organizational accreditation;
  2. Restrictions on facility usage; and/or
  3. Suspension from participation.
-

## ORGANIZED SPORTS RULES

- I. PHILOSOPHY OF RECREATION AND PARKS** - The Department sponsors league play in a variety of sports. The objective is to provide recreational opportunities for citizens, both youth and adult, of Anne Arundel County. The principals of participation, diversity, safety and fun guide the Department's programs. While scores are reported and standings posted, the competitive aspects of these activities are secondary to the aforementioned principles.
- II. ORGANIZATIONAL MEETING** - Specific administrative requirements for each adult and youth sport are discussed in detail at the organizational meeting held in advance of the respective season. The meeting schedule and the administrative requirements for registering a team are posted on the Department's website.

Individuals needing special accommodations should communicate with the Department's Sports Office at (410) 222-7865 or through the Maryland Relay at 711 at least seven (7) working days prior to the appropriate organizational meeting. All materials are available in an alternative format upon request.

- III. ZERO TOLERANCE PROCEDURE** (Updated September 2016)  
The Zero Tolerance Procedure is designed to be implemented and used to deter unsportsmanlike behavior displayed at youth sporting events.

In cases where unsportsmanlike behavior is being displayed the referee/official (s) have authority to:

- Stop the game and give a warning to the offending sideline (s).
  - The next display of unsportsmanlike behavior by the offending sideline(s) will result in termination of the game.
- In the event a game is cancelled by the officials due to unsportsmanlike behavior, the final outcome of the contest will be determined by the Recreation & Parks Department.

## **IV. GENERAL PARTICIPATION GUIDELINES FOR ADULTS AND YOUTH**

1. It is recommended that each player receive a thorough examination by a health practitioner, to include concussion baseline testing, prior to entering any sports program.
2. Head coaches are responsible for all administrative requirements relative to team registration, Head Coach's Pledge, background checks for assistant coaches (youth only), player contracts (youth only), player releases and player eligibility requirements.

3. Team rosters and player contracts (youth only) must be submitted prior to the beginning of the respective season on or before the established due date. The rosters and contracts may be delivered to the Department of Recreation and Parks Headquarters on weekdays from 8:00 a.m. until 4:30 p.m. For weekend and after hours delivery, an outdoor drop-off mailbox is available at the main entrance of the Headquarters Building at 1 Harry S Truman Parkway, Annapolis. Rosters and player contracts should be scanned onto a flash drive for submission to recreation and parks by the commissioner. Original documents should be retained by the head coach.
4. Organizations and coaches must ensure proper player eligibility. Players will be eligible to participate only after team rosters, player contracts (youth only), and/or add/drop forms have been received by the Department of Recreation and Parks.

- If the Snow Emergency Plan goes into effect during a scheduled event, all events will be canceled.
- If the Snow Emergency Plan is not in effect, the following procedures apply:
  - WEEKDAYS: During the school year, if schools have been closed, all programs in schools are canceled. If schools are dismissed early, all evening programs are canceled.
  - WEEKENDS: A cancellation notice will be placed on the Department's Hotline and website by 7:00 a.m. on Saturdays and 7:00 a.m. on Sundays or as soon as possible.

#### **B. SUMMER**

- During the summer months, a cancellation notice will be placed on the Department's website and hotline as soon as possible upon closure notification.

### **II. OUTDOOR FACILITY CLOSURES AND CANCELLATIONS**

#### **A. FALL/WINTER/SPRING/SUMMER**

- Following severe weather or heavy rains, the Department may close or restrict the use of outdoor facilities.
  - WEEKDAYS: During the school year, a cancellation notice will be placed on the Department's Hotline and website by 4:00 p.m.
  - WEEKENDS: A cancellation notice will be made by 7:00 a.m. for field usage until noon. An updated notice may be made for the remainder of the day and should be posted by 10:30 a.m.
- As a safety precaution, all activities must cease upon the first sound of thunder or sign of lightning. Activities may be resumed only after a 30 minute delay beyond the last sign of lightning or sound of thunder.

#### **B. HOT WEATHER RESTRICTIONS**

- Groups should call the Hotline or check our website for restrictions on outdoor use due to hot weather.

#### **C. PARENTAL DISCRETION**

- Parents and guardians are encouraged to use their own discretion whether to allow their child to participate under questionable weather-related conditions. When in doubt, sit it out.

- Call the Department's Hotline after 4:30 pm weekdays, or check our website for cancellation notice. Also, you can sign up for text messages and email notification by going to our website. If there is no cancellation notice, groups should make a prudent decision about their permitted field based on weather and field conditions.

## What is a concussion?

A concussion is a type of brain injury that changes the way the brain normally works. A concussion is caused by a bump, blow, or jolt to the head. Concussions can also occur from a blow to the body that causes the head and brain to move rapidly back and forth. Even what seems to be a mild blow to the head can be serious.

## What are some warning signs of a concussion? — For Immediate Attention call 911

### Signs Observed by a Parent/Guardian

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets sports plays
- Is unsure of game, score, or opponent
- Move clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows behavior or personality changes
- Can't recall events prior to hit or fall
- Can't recall events after hit or fall

### Signs Reported by the Athlete

- Headache or "pressure" in the head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light
- Sensitivity to noise
- Feeling sluggish, hazy or groggy
- Concentration or memory problems
- Confusion
- Does not "feel right"

## What Should You Do If You Think A Concussion Has Occurred?

### 1. *Seek medical attention right away.*

A health care professional will be able to decide how serious the concussion is and when it is safe to return to play.

### 2. *Keep your child out of play until medically cleared.*

Concussions take time to heal. Don't let your child return to play until a health care professional says it's okay. Children, who return to play too soon, while the brain is still healing, risk a greater chance of having a second concussion. Second or later concussions can be very serious. They can cause permanent brain damage, affecting your child for a lifetime.

### 3. **Inform all coaches about any recent concussions.**

Coaches should know if your child has a recent concussion. Your child's coach may not know about a concussion your child received in another sport or activity unless you tell them.

### 4. *Helping your child return to sports safely after a concussion.*

As your child's symptoms decrease, the extra help or support can be removed gradually. Children and teens who return to activities after a concussion may need to:

- Take rest breaks as needed,
- Spend fewer hours at activities,
- If in doubt, sit it out!
