September 18, 2019

Arundel Community Development Services, Inc.

# HUMAN SERVICES FOR SUCCESS

The overarching goal is to deploy resources for services that will have the greatest impact on people's lives – not just in terms of number of people served, but also to the extent the service creates opportunities for success and self-sufficiency. Focus will be on initiatives that provide positive outcomes around the following areas:

- transportation (empower accessibility);
- help with child care (empower people to work);
- recreation & youth development (after school programs, mentoring, police programs, Boys & Girls Clubs);
- food and nutrition assistance (support a holistic food program);
- increase employability programs (jobs skills training but also soft skills);
- case management & support (to help people get on their feet in a sustainable way); and
- affordable housing development and stabilization.

The LDC also supports the development of a regional facility to house needed programs such as services for seniors, job training classes, child support, wellness programs, and community activities.

# ENHANCING EDUCATIONAL OUTCOMES

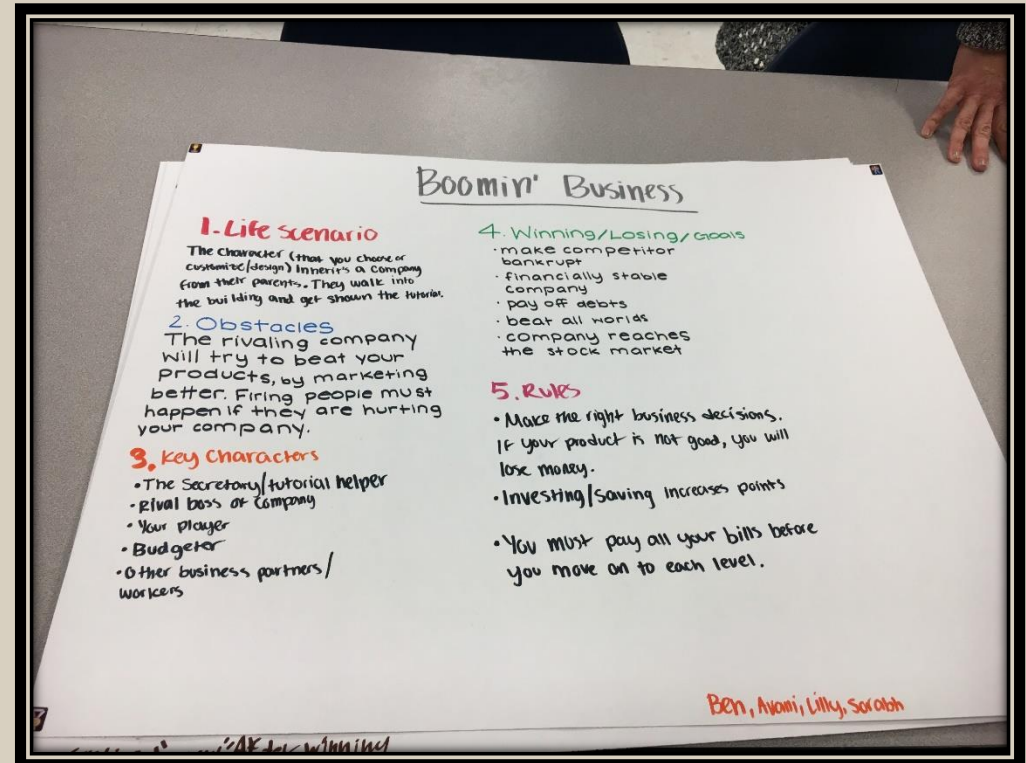

- The LDC will work with AACPS to develop a “needs” list for schools within the three-mile radius that have had little or no LDC support to date and (a) may not have the internal support necessary to generate such a list on their own and/or (b) may have substandard or inadequate facilities.
- Educational initiatives submitted for LDC funding should be beyond what the Board of Education should be funding and not increase the County’s maintenance of effort obligations.
- LDC funding should not be replacing funding that is available from other resources.
