Anne Arundel County Department of Inspections and Permits Adopts 2018 International Codes

Revisions to Article 15 of the Anne Arundel County Code

The Department of Inspections and Permits announces the adoption of the 2018 international building, electric, fuel gas, mechanical, plumbing and residential codes.

Bill 60-20 was passed by the County Council and signed by County Executive Steuart Pittman in September 2020. Adoption of the 2018 international building codes become effective November 2, 2020.

The majority of the code revisions are updates to a new edition of the International Codes. This will change the current version of the Code (2015) to the 2018 International Building Code (IBC), International Residential Code (IRC), International Fuel Gas Code (IFGC), International Energy Conservation Code (IECC), International Existing Building Code (IEBC), NFPA 70 National Electric Code (NEC) and adoption of the International Swimming Pool and Spa Code (ISPSC).
