The Department of Inspections and Permits Temporarily Expands Third Party Certification Program

Notice to Apply to Become Certified Third Party Inspector

The Department of Inspection and Permits is temporarily expanding the Third Party Certification Program beyond footing, backfill and slab inspections.

The Department is accepting applications to certify third party inspectors for all building and trade inspections, except emergency water sewer repair/gas which must be scheduled and completed by a county inspector (video inspections are available).

Any and all inspection types listed in the attached guidance document can be completed by a county approved third party inspector.

The expanded Third Party Certification Program will expire at the close of business on Friday, May 31, 2021, unless a notice to extend is issued by the Department. Any third party inspection conducted after Friday, May 31, 2021 will not be accepted. Results must be sent to ipbpri@aacounty.org by midnight.

To apply to be an approved third party inspector, see the [instructions in the attached guidance document](#).

For more information please email ipbpri@aacounty.org.
