Chief

I want to take a second and recognize the firefighters and paramedics of Station 26 for their assistance to a citizen yesterday. They responded to a combined fire / police call on MD 100 for a serious medical emergency that ended in a crash. The citizen's husband suffered a severe medical emergency and crashed the vehicle causing a blown tire. After completing medical treatment and transport, the remaining FD members recognized the elderly citizen would need her tire changed quickly so she could get to the hospital to be with her husband. Police were working on the crash side of the call when I arrived. I took notice of the FD members gathering together and working to change the citizen's tire. The FD members could have easily gone back in service and allowed the citizen to either change her own tire or defer to police. They went beyond their scope of job and came to her assistance, and worked together as a team to replace her tire so she could be by her husband's side. Please pass my appreciation and gratitude to these members to a citizen of our community that was in need. Their service is to be recognized. Thanks and be safe!

Engine-261

Lt. Brian Robertson
FF III Trey Davis
FFPM Robert Owens

Truck-26

Capt. Brandon Hiller
FF III Justin Mekailek
FF II Matthew Hill
