October 2022 EDITION

Good News # 168: Thank You - Co. 2 Woodland Beach, MU2, D-Shift

Good News # 169: Thank You - Co. 12 Earleigh Heights, MU12 / EMS2 / EMS3 B-Shift

and all for being there for me on Oct 19th you really are the most special people I have ever met. THANK YOU

Thank you for me to AAFC April 4, 2020. You and your team took good care of me. I especially want to thank you for your kindness and compassion. You did an outstanding job. Apparent that you take seriously and will go to the end of the earth. It's ironic that you knew under separate circumstances you were meant to be a family. Thank you, again for your kindness and compassion.

So When It May Concern
I would like to take this time to acknowledge the kindness, concern, gentleness, and compassion of 3 paramedics. After suffering at home for 2 weeks my daughter Monica called 911 and 3 amazing men showed up. The incident occurred on Friday April 1st between 4pm - 4:30, Medic 32 Lenthicum Hill, MD. One's name was Kevin Jones, showed up. They took me to Harbor Hospital where I was taken care of immediately. I had a stone in my left kidney along with other things that was going on at the time, well I ended up staying in the hospital for 2 days. It is extremely gratifying to know that we have these caring individuals working for us.

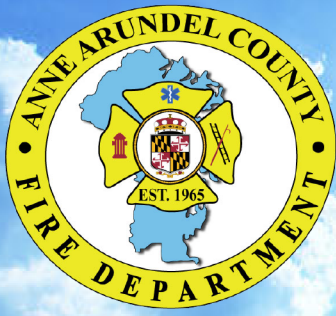

Thank You
I am very impressed with the Lord bless you because you have shown this kindness to my two sons.

Thank you for your kindness and compassion. Thankfully, Ellen & Bernice

Thank you to everyone at the Balesville Department and to the EMTs who came to my aid on 11-14-22.

THANKS

Thank you

We received a phone call from Janie Spencer of Woodland Beach today. She had nothing but praise for the crew from MU2, FF/PM Todd Dermer #1303 and FF John Jeffers #2101 who took her to the hospital Saturday (October 8th) night. She said they did a great job staying with her and taking care of her. She also had praise for the entire Anne Arundel County Fire Department saying that "they are the best" as they have taken care of her and her husband who passed away recently.

Hi Chief,

Do you know Valerie Simonds? She was recently transported to the hospital by Shannon Kay and Brandon Mettle, whom were crewing MU12 that particular day. I was at Valerie's house and rode with her to AAMC and I wanted to pass along what a great job they did.

Both Shannon and Brandon were personable and professional. You would have thought that Shannon was taking care of a good friend by the way she talked and joked with Valerie. Brandon's excellent driving got us to the hospital quickly and safely. Once ensconced in the back hallway of the ED, Brandon chatted with us and answered questions while Shannon kept us apprised of the progress (or lack thereof, the ED was busy that day) of getting into a bed.

Valerie thinks she may have gotten special treatment. I disagree with her. I think that Shannon and Brandon just give excellent care to every one of their patients because that's what they do.

A shout out as well to Jen Hughes and Kristin Schaetzly. Jen was working EMS2 that day and she helped us convince Valerie to go. Kristin was at the hospital and brought warm blankets and warmer wishes.

Please pass along to Shannon and Brandon both mine and Valerie's gratitude for their care. Thanks also to Jen and Kristin for their help and kindness. I already knew that the department is chock full of good people but it's always nice to have that reinforced.

The call particulars, for reference:
