### **Final Bills:**

### **Meter Reread Request Fee:**

Request to reread and verify meter reading is \$35.00 per request. If reading is incorrect, the charge will be waived.

### **Returned Check Fee:**

A \$25 fee will be rendered for any check returned by the bank unpaid.

### **Readings from Private Water Companies**

In cases where the County provides wastewater service but water is provided by a private company, the wastewater charge is based on the water consumption as reported to the County by the private company.

### **Estimated Bills**

Occasionally, it is not possible to read a meter at the scheduled time - usually due to weather conditions. In such cases, an estimated bill is rendered based on the average consumption for the prior year. These bills may be a little higher or lower if actual usage was abnormal, however, the next actual reading will automatically adjust for any variation in the estimate.
