**ANNE ARUNDEL COUNTY BOARD OF ELECTIONS  
FINAL CANVASS UPDATE**

The Anne Arundel County Board of Elections is pleased to announce it has concluded opening, scanning, and tabulating the mail-in and provisional ballots for the 2022 Gubernatorial General Election. The Board of Elections would like to thank the Canvassers and staff who made accomplishing this task possible. More than 50 bipartisan teams canvassed paper ballots for six days, starting November 10th and concluding on November 18th. In total, we canvassed more than 65,000 paper mail-in and provisional ballots.

The success of every election depends on the hard work and dedication of the people who make it happen. We thank everyone for their commitment to the process and for helping conduct a successful election. It takes tremendous effort to hold a free and fair election and we are proud the citizens of Anne Arundel County have the election results within 10 days of Election Day.
