

Community of Hope in Brooklyn Park

Safe Children • Strong Families • Supportive Communities

The Community of Hope nurtures opportunities for individuals and families in Brooklyn Park to live in a supportive community where children are safe and families are stable.

OUR MISSION: The Community of Hope partners with our neighbors using a holistic approach that supports families and gives residents hope for a better future. We believe all Brooklyn Park families can reach their fullest potential when they live in a stable home with economic opportunities and access to quality healthcare and education. We support residents by linking them with needed resources including:

- job training and placement assistance
- mental health and substance abuse treatment
- education
- recreational and cultural opportunities for youth
- counseling
- after school care
- economic assistance
- other social services

Our long term vision is that Brooklyn Park achieves its full potential as a supportive community that nurtures the safety, success and hope of every child, adult and family.

WHO WE ARE: We are a newly-created coalition of Brooklyn Park residents, government and nonprofit agencies, business leaders, philanthropists and faith-based organizations working to address an array of community challenges.

- Anne Arundel Community College
- Office of the Anne Arundel County Executive
