

# COVID UPDATE:

[aaccounty.org/coronavirus](http://aaccounty.org/coronavirus)

A weekly update from County Executive Stuart Pittman

April 20, 2021

## COUNTY EXECUTIVE'S MESSAGE

We are making progress. Even with a decrease in dose allocations last week, the opening of the Navy Stadium mass vaccination site allows us to keep pace with demand. In fact, more than 50% of eligible residents ages 18 and over have received their first dose. Our aim remains 80%, a key threshold in achieving the herd immunity needed to decrease the spread of the virus.

We need your help. If you know people who have yet to sign up, we ask that you share the many different ways to get vaccinated. If you know people who are hesitant, please encourage them to speak with their trusted healthcare providers about their concerns. Vaccines are safe, effective, and are the key to saving lives and ending this pandemic.

Bishop Craig Coates recently referred to the vaccine as a miracle. I agree. Please listen to his message [HERE](#) and help us spread the word. We will meet this challenge together. In the meantime, continue to take precautions such as masking and distancing when around those who have yet to be vaccinated.

Watch our press briefings live on **Facebook** Tuesdays @ 11am.

PROTECT THE ONES YOU LOVE

IT'S WORTH A SHOT

## UPDATED HEALTH METRICS

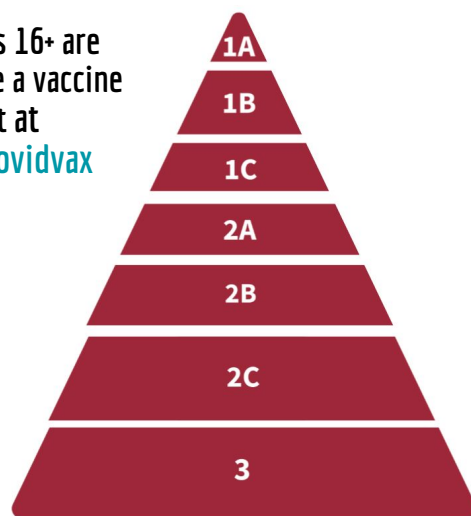

As of 4/20/21:

- 41,463 total confirmed cases and 586\* deaths
- 217,214 residents with first dose of vaccine
- 131,858 resident fully vaccinated
- 21.6 cases per 100,000 (7-day moving average)
- 1.02 infection rate
- 7.12% positive test rate
- 78 COVID patients hospitalized (AAMC & BWMC)

\*includes 14 not tested

OVER 362,300 vaccines have been administered to Anne Arundel County residents.

All residents ages 16+ are eligible to schedule a vaccine appointment at [aaccounty.org/covidvax](http://aaccounty.org/covidvax)
