The purpose of this legislation is to amend the FY17 Capital Budget and Program by consolidating appropriations in 28 existing outfall restoration projects into 7 new capital projects; generally, one for each watershed within the County. The reason for this consolidation is to more efficiently implement these outfall restorations and to be more responsive to the public when dealing with improvements on private property.

FISCAL IMPACT

There is no fiscal impact as the overall amount of appropriation authority for outfall restorations remains the same.
