Mary Carrington	103 Cove View Trail	Severna Park	21146	Yes		We are writing in dissent of Resolution 47-20 This resolution is making the assumption that all police officers serve honorably. That is how we, In the United States, have gotten to the point where some police officers are killing unarmed black men while their colleagues watch. This document is just the modern day version of Jim Crow Laws — threatening black and brown folk and giving police officers carte blanche to treat anyone they want with disregard. It is also a dog whistle for white supremacists to feel like they are welcome in Anne Arundel County. This resolution is overtly defensive. If police were doing a good job in Anne Arundel County, they would not be subjected to ".harassment, insults, threats, and violence." We live in a democracy where people should be encouraged to voice their concerns about our government failings. If people are complaining about our law enforcement, please investigate the validity of those charges rather than sign a blanket resolution that exonerates all law enforcement from scrutiny. I stand in support of police officers only so far as they are doing a good job and treating everyone with respect. We do have a "Black Lives Matter" problem in Anne Arundel County and this resolution will only flame the fires on both sides. Please know, we do not despise all police. We need them. But we are making their jobs too difficult. We are asking too much of our police officers. Police should be for preventing and solving crimes. They should not have to respond to cases of deranged individuals who could be served by psychiatric emergency workers. As for domestic violence, why not send a team of a cop and a social worker/trained negotiator? We need to add people to our public safety teams that are trained in crisis management. Police officers cannot do everything that we are asking of them without further training — including social justice training. Please do not affirm this resolution. It is a disservice to the community of Anne Arundel County. Mary Carrington Dennis Forbes 103 Cove View Trail Severna Park, MD 21146
