03/01/2021 11:01:34	Jacqueline Allsup	pac@annearundelcountynaacp.org	p.o. box 6210	annapolis	21401	No	Anne Arundel County Chapter National COalition of 100 BLack Women	The National Coalition of 100 Black women supports the live streaming of the police trial board hearing for Officer Daniel Reynolds and urges the county council to adopt legislation that would require all future police trial board hearings to be live streamed for public viewing.	
03/01/2021 10:55:36	Linda K Girdner	girdnerlinda@gmail.com	941 Fall Ridge Way	Gambrills	21054	Yes		I am in support of live streaming police trial boards in a way that is equitable and accessible. Fair and open investigations are critical for building trust in the system. Without access by members of the public, there is no transparency. I'm 70 years old and don't want to be around other people during the pandemic, so I would not be able to watch a livestream from the police station. Only being able to view from there would exclude many other elderly, those without transportation, and those in need of childcare. That's a lot of people to exclude! I hope you will consider requiring the police department to live-stream all police trial boards so that all citizens can watch from the safety of our homes. Thank you.	
03/01/2021 10:13:24	Lynda Davis	lyndadvis@aol.com	215 Coronet Drive	Linthicum	21090	Yes		I am in support of live streaming police trial boards for the following reasons. In order to restore trust in the system, there must be fair and open investigations. In order for the proceedings to be transparent, there must be equal access for the public. Due to the pandemic, many cannot obtain childcare in order to watch the livestream from the police stations. Another accessibility issue that this would present is for people who do not have access to transportation. I hope you will consider requiring the police department to live-stream all police trial boards so that all citizens can watch from the safety of our homes. Thank you."
