John Jasen	1127 Holmespun Drive	Pasadena	21122	Yes	On continuing to make County Council meetings accessible for online testimony: Members of the Council; I found being able to participate via Zoom useful, empowering, a much easier commute, and in general, all-around beneficial. I think as a community and as a government organization, continuing to find ways of encouraging citizen participation and involvement are good things, and we should actively engage in such means where we can. -- John Jasen Pasadena, MD
