

“NOT MY CHILD”

RESOURCE GUIDE

A community conversation regarding today's prevalent use of prescription drugs, addiction and heroin

Why are our children overdosing and dying??

AWARENESS = PREVENTION

Not My Child is focused on providing awareness by providing the facts of abuse of prescription drugs and the escalation of heroin use in our communities. The Not My Child discussion taking place in our communities provides an open, honest conversation regarding the use of drugs by children and adults in every community, the issue does not discriminate. NMC is a collaborative effort supported by multiple county agencies, non-profits and community members working together to educate parents, families and communities on the impact of addiction on the individual, family and community. Not My Child has proven to saving lives.

Services: Anne Arundel Counseling is a group of clinical and forensic professionals dedicated to providing comprehensive treatment to children, adolescents and adults. We offer outpatient mental health and substance abuse education and treatment in each of our offices, Monday – Saturday. Our group prides itself on being comprised of experienced clinicians with a strong commitment to clients, families and the community. We are dedicated to the well-being of each client and empowering them to achieve growth in a warm, inviting and supportive environment. **Call for more information: 410-768-5988**

Anne Arundel County Department of Health, Adolescent and Family Services

122 North Langley Road, Suite A Glen Burnie, MD 20160

www.aahealth.org

Services: The Adolescent and Family Services Program provides outpatient mental health and addiction services to county children and adolescents, ages 4 - 18, and their families. Mental health services are offered by a team of psychiatrists, clinical social workers and counselors who evaluate children and adolescents experiencing emotional, behavioral and developmental problems. Diagnostic evaluations; medication monitoring; and individual, family and group therapy are available. Services are offered to children and adolescents who are eligible for Medicaid. Recognizing that substance use and mental health concerns are often co-occurring, the Adolescent and Family Services staff works with patients and their families to create holistic treatment plans that address their challenges related to substance abuse within the larger context of their lives. The staff provides information and services, including individual and family therapy, drug and alcohol assessments and urine screening. If a patient requires a higher level of care, appropriate referrals are made. **Call for more information: 410-222- 6785**

Anne Arundel County Department of Health, Adult Addiction Clinic (North County)

122 North Langley Road, Suite B Glen Burnie, MD 20160

www.aahealth.org

Services: The Adult Addictions Clinic provides an outpatient treatment program for adults who are addicted to narcotic drugs, such as heroin. The program offers methadone and buprenorphine in combination with individual, group and family counseling. The treatment program includes drug and alcohol education, urinalysis for drugs, medical exams, and screening for tuberculosis, hepatitis and HIV. Adult immunizations are given as needed. Referrals are made to other services as needed.

Call for more information: 410-222- 0100

Call for more information: 410-222- 6001

Anne Arundel County Department of Health, Free Opioid Overdose Response (Naloxone) Training

www.aahealth.org

Services: The Anne Arundel County Department of Health's Adult Addiction Program offers free training and certification to community members on the use of intranasal naloxone, a prescription medicine to reverse an opioid overdose and prevent death. The training is for family members, friends and the associates of any individual who is using and at risk of overdosing on heroin or prescription pain medications. The training is also for anyone who works in a community service, recovery, treatment or transitional housing setting. To register and for more information about training locations **call the Adult Addiction Program at 410-222-0100, Monday through Friday between 5 a.m. and 5 p.m.**

Anne Arundel County Department of Health, Prevention and Education Services

122 North Langley Road, Suite B Glen Burnie, MD 20160

www.aahealth.org

Services: Prevention and Education Services works with the community to promote public health by reducing drug and alcohol abuse among young people through evidence-based prevention strategies. Presentations, training and exhibits are provided to schools, civic groups, community groups, faith-based programs and parent groups. The Strengthening Families Program provides training in parenting, children's social and life skills, and training in family relationship skills. Strategic Prevention Framework Coalitions mobilize the community to decrease underage drinking and substance abuse through environmental strategies. **Call for more information: 410-222- 6724**

Anne Arundel County Department of Health, Road to Recovery Program

Ordnance Road Correctional Center (ORCC)
600 East Ordnance Road Glen Burnie, MD 20160
www.aahealth.org

Services: The Road to Recovery Program helps offenders and ex-offenders prepare to return to society following incarceration. The program provides medication-assisted treatment for inmates who are detained while on a community methadone program. Patients receive medical evaluation, individual counseling, case management, assessment and release planning, recovery coaching, and family reunification support. When ready for release, the patient is transitioned to the Department of Health's Adult Addictions Methadone Program until admitted to their original program, thus ensuring no break in treatment. After the patient is released, the primary goal is to keep them in recovery services which results in a reduction of criminal activities and recidivism rates. In the program's first year, 90 percent of the released patients that continued their treatment were not rearrested.

Call for more information: 410-222- 0100

Anne Arundel County Department of Health, Recovery Support Services

839 Bestgate Road, Suite 300 Annapolis, MD 21401

Families Anonymous

2664 Riva Road, Annapolis – Heritage Complex - Independence Conference Room

Support Group: FA supports families and friends who have felt desperation concerning the destructive behavior of someone very near to them, whether caused by drugs, alcohol, or related behavioral problems. Those attending FA meetings are no longer alone, but among peers who have experienced similar problems. Any concerned are encouraged to attend even if there is only a suspicion of a problem. The focus is supporting members rather than attempting to change the behavior of the relative or friend with the substance abuse problem. Your identity is protected at meetings.

Participants are known by first names only as anonymity is paramount to the success of the program.

Meetings are held the 1st and 3rd Tuesday of each month, 7:00 p.m.
