### Purpose:
To establish a policy for EMS transport billing that includes a compassionate billing program.

### Scope:
This policy pertains to all individuals that participate in the Anne Arundel County Fire Department’s EMS transport program.

### Policy:

1. Categories of Patients transported by an Anne Arundel County EMS transport unit
   1.1. Insured through insurance including Medicare and Medicaid
      
      1.1.1. The billing vendor will bill the appropriate insurance carrier(s). Any payment received will be considered as payment in full for Anne Arundel County residents (including Annapolis City) due to the assumed payment of real estate and personal property taxes. Non-County residents may be billed for deductibles and co-payments by the billing vendor after payment is received from their insurance carrier(s).

1.2. No Insurance
   
   1.2.1. County residents will not receive a bill for ambulance transport but will receive a request for insurance information. A bill will be sent to patients transported who are not County residents. If the transported individual can pay, then payment is expected in full. If the patient can demonstrate financial hardship, the patient may request a payment plan or a financial hardship waiver.
1.3 Invoice Generated/No Collection

1.3.1 There are instances when an invoice is generated as a result of an EMS transport in which the County would be merely transferring funds from one department’s budget to another to satisfy the invoice. Examples include: Anne Arundel County government employees and volunteers, Anne Arundel Community College employees and volunteers, and Anne Arundel Library employees and volunteers who experience a presumed compensable worker’s compensation injury or illness while on duty. In these instances, there would be no requirement to pursue payment of the invoice. Invoices generated as a result of this will be forwarded to the Fire Department EMS Billing Manager for disposition.

1.4 Contractual Write-Offs

1.4.1 Invoices paid by Medicare, Medicaid, and insurance companies on behalf of an insured individual are occasionally adjusted to pay only a portion of the invoiced amount (excluding co-payments and deductibles). This adjustment, referred to in this document as a “contractual write-off,” is usually due to laws governing the payment amount or through agreements between insurance companies and a billing vendor. The contractual write-offs are not considered unpaid balances requiring pursuit of the residual amount from the insured individual. The County will not pursue individuals for payment of contractual write-offs, and the billing vendor for Anne Arundel County will adjust individual invoices for contractual write-offs. Co-payments and deductibles for non-County residents will still be invoiced, and payment requested as permitted or required by applicable law.

2. Procedure for Requesting and Granting a Financial Hardship Waiver

2.1 Eligibility Guidelines—Note: This component applies to Non-County residents only. County residents are not responsible for paying any portion of any unpaid bill.

2.1.1 The primary means of qualifying individuals into the hardship waiver program shall be by referencing the current poverty income guidelines established by the Department of Health and Human Services (HHS) (see attachment). Anne Arundel County will use a threshold factor of 250% above the minimum levels established by HHS.

2.1.2 Additional circumstances will be considered on a case-by-case basis, including catastrophic financial hardship as a result of a severe, extended illness or injury, loss of all income, and homelessness. Although not every circumstance can be identified herein, the expectation is that documentation could will be provided detailing the extraordinary circumstances leading to the request for a waiver.
2.1.3. If an insurance company deems the EMS transport not medically necessary, the billing vendor will verify the information that was submitted to the insurance company and resubmit the claim for consideration. If the insurance carrier deems the transport not medically necessary, the Fire Chief or designee will review the individual case for possible waiver of fees.

2.2 Procedure for Requesting a Hardship Waiver

2.2.1 Patients transported who are not County residents and who are unable to pay for reasons identified herein, may request a financial hardship review of their transport charge(s).
