

Donate your Vehicle To the Fire Department

The Anne Arundel County Fire Department Training Academy is in constant need of vehicles to be donated for training purposes.

Your donated vehicle will be used to train our members to practice cutting up cars during vehicle rescue training.

You can bring your car to us or if it doesn't run we can provide towing free of charge.

If you have a vehicle with a clear title and would be willing to donate it please call 410-222-8360 or

Email: fdtraining@aacounty.org

Upon request we can provide a letter verifying your donation.
