Many subdivisions and neighborhoods within Anne Arundel County have private deed restrictions or covenants regulating building construction. Anne Arundel County staff will not determine whether or not the work covered by a permit satisfies these covenants. Obtaining a building permit does not relieve the homeowner of his responsibility for determining the nature of applicable covenants and private deed restrictions and complying with covenants. It is recommended that the Land Records Office of the Anne Arundel County Clerk of the Court's office be checked to determine whether or not covenants or restrictions exist that regulate the proposed work. You may also wish to check with your Civic or Homeowner's Association to see if other restrictions apply.
