I/we are appealing the imposition of a stormwater remediation fee for the following reason(s).
Check all that apply and supply information and documentation as indicated.

- The property is not subject to the stormwater fee because it is:
 - in the City of Annapolis,
 - owned by the State of Maryland;
 - owned by a unit of State government;
 - owned by a County;
 - owned by a municipality;
 - owned by a regularly organized volunteer fire department that is used for public purposes;
 - owned by a veterans' organization that is exempt from taxation under § 501(c)(4) or (19) of the internal revenue code; or
 - unimproved (contains no impervious surface area).

Please provide proof of location, ownership, or lack of impervious area as applicable.

- The person billed is not the record owner of the property. Please provide the name of new owner: _____, and **provide a copy of the deed transferring ownership.**

- A property owner received a substantial financial hardship exemption from the stormwater remediation fee for the current billing year. **Please provide proof of the exemption being granted.**

Please sign the following statement:

I/we, the undersigned do hereby declare under the penalties of perjury that the information provided on and with this application is, to the best of my/our knowledge and belief, true, correct, and complete. I/we also understand that the failure to provide all information and/or documentation as required is a basis for a denial of the appeal. I/we understand that by filing this appeal, we are authorizing the Department of Public Works to confirm the information provided with this application, including, but not limited to, entering the property to verify the amount of impervious surface area. I/we understand that if the Department of Public Works grants the appeal and determines that the amount of impervious surface area was improperly calculated, the stormwater remediation fee will be adjusted based on the new impervious surface calculation and I/we will be issued a new bill. I/we understand that if I/we are aggrieved by the decision of the Department of Public Works, I/we shall pay the stormwater remediation fee, may request a refund and if that is denied, may appeal to the Maryland Tax Court in accordance with Article 24, § 9-710 and 9-712 of the Annotated Code of Maryland.
