A message from the Director

Happy Fall Everyone!

We are all excited for a more “normal” fall season, with kids returning to school, and sports and other activities back on schedule. These last 18 months have been challenging, but for many of us, we have learned a new appreciation for how important it is to take care of ourselves. The early months of COVID opened our eyes to just how much county residents rely on this department to do that. The pandemic proved that Recreation and Parks is one of the most important and essential departments in Anne Arundel County.

Locally and nationwide, Recreation and Parks departments have scaled up childcare programs and learning centers, managed food distribution programs, served as testing and vaccine distribution sites and helped coordinate disaster-response — all while maintaining critical infrastructure that promotes physical and mental health and a healthy environment. The pandemic highlighted what has been true for many years: Recreation and Parks is vital to ensuring that Anne Arundel County is THE BEST PLACE - FOR ALL.

With that, I hope you will Enjoy – Explore – Restore through the programs and activities available in this guide.
