Mission Statement
The Anne Arundel County Department of Recreation and Parks is essential to the well being and quality of life of every individual, family and community in Anne Arundel County. Our mission is to enrich the lives of our citizens by offering quality active and passive recreational opportunities and accessible youth and adult services while pursuing the preservation and enhancement of our natural, cultural and historic resources.

A message from the County Executive
Dear Anne Arundel County Resident,

With spring and summer bringing warmer weather and longer days, there is more opportunity to be outside and explore all our county has to offer. This program guide is full of information about spring and summer programs, including sports programs, summer camps, nature programs in our parks and more. There is literally something for everyone, from preschoolers to seniors and all ages and abilities in between.

Anne Arundel County has been making new investments in our parks, including bike trails, boat ramps and swimming beaches, to improve the quality of life for our residents. There are new or enhanced water access opportunities within our existing parks for canoeing, kayaking, fishing or swimming. Truly there is much to do and explore around our shoreline.

So there’s no better time to take a class, learn to swim, hike a new trail or dust off your bicycle and hit one of our trails. Let this guide help you navigate all the great opportunities available this spring and summer.

Regards,

Steve Schuh
County Executive

**Gymnastics**

Classes are structured around sequential gymnastic progressions. Students develop body and spatial awareness, coordination, balance, strength, flexibility and self-confidence. The gymnastics program is taught by a team of caring and dedicated instructors under the direction of a Coordinator certified by USA Gymnastics. *Equipment will vary according to location. $85 – 8 weeks

Due to safety concerns for the children, parents are not invited into the room while classes are in session. The final class of each session will consist of a “showcase” for parents and friends so that students can demonstrate their newly acquired skills.

**Munchkins ‘N Motion**

This class is designed for children age 24 to 36 months and their parent or an accompanying adult. The class will introduce very young children to physical fitness activities, particularly gymnastics. Students will participate in activities on the floor exercise mats, balance beam, bars (where available) and vault, in addition to participating in locomotor and creative movement activities.

**Tumble Tots**

This class is an introductory course in gymnastics for independent children age 3-5. Students will learn basic tumbling skills as well as fundamentals on balance beam, bars (where available) and vault. Emphasis is placed on improving locomotor skills, counting, following verbal directions and other developmentally appropriate activities, while preparing participants to progress toward our beginner gymnastics class level.

**Beginner Gymnastics**

This class is designed for beginning gymnasts, age 6 and up, with little or no gymnastics experience. Students will learn sequential skill progressions on all Olympic events including vault, bars (where available), balance beam and floor exercise, as well as increasing their strength and flexibility.

**Advanced Beginner/Intermediate/Advanced Gymnastics**

This class is designed for children, age 6 and up, with some previous gymnastics experience. Students must demonstrate basic skills learned in the beginner level. This class focuses on complex beginning skills, while preparing the gymnast to progress to the Intermediate and Advanced Levels. Intermediate and Advanced classes merge skills from the lower levels to form more difficult combinations, while continuing to learn higher-level skills.
