### **COVID-19 Services Update**

The Office of Transportation wanted to share with our customers the steps we are taking to help prevent the spread of the Coronavirus on our vehicles and at our facilities.

We will continue to clean our vehicles everyday as usual, but we also, will be focusing on sanitizing high passenger touchpoint areas like handrails, seating, and fare boxes.

The coronavirus is known to spread from person to person like other respiratory illnesses, so it is our recommendation to take personal protective actions that keep you from spreading the virus or coming into contact. These are some preventive measures:

- Wash your hands frequently with soap and water.
- Use hand sanitizer if soap and water are not readily available.
- Clean and disinfect frequently touched objects and surfaces.
- Cover your mouth when coughing or sneezing.
- Avoid touching your eyes, nose and mouth.
- If you are sick, stay home.
- Avoid close contact with people who are sick.

The Office of Transportation recognizes the importance of providing transit services and will continue to do our utmost to provide you with excellent service, to get you where you need to go, and making sure our vehicles, and facilities are clean and safe.

Meanwhile, as we closely monitor this situation, we will keep you informed of any changes in our services that could affect you.

#### **Anne Arundel County Service**

Anne Arundel County will have modified services based on **3 Steps**:

**Step 1-** Minor/Moderate Service Impacts (**Saturday Service**)

**Step 2-** Moderate/Major Service Impacts (**Sunday Service**)

**Step 3-** Significant Impacts (**Critical Services Only**)
