The public hearing may but need not be held on a legislative session-day and may be adjourned from time to time. After public hearing the bill may be passed with or without amendment on a legislative session-day by an affirmative vote of five members of the County Council.

(g) **Votes Required.** No ordinance shall become law unless it be passed by the affirmative vote of not less than four members of the County Council, or such greater number as may elsewhere be required in this Charter, and on its final passage the yeas and nays shall be recorded in the Journal.

(h) **Publication of County Laws.** On the introduction of any bill, a copy thereof and notice of the time and place of the hearing shall be posted by the Administrative Officer to the County Council as soon as practicable on an official bulletin board to be set up by the County Council in a public place, and additional copies of the bill shall be made available to the public and to the press. Every copy of each bill shall bear the name of the member of the Council introducing it and the date it was introduced for the consideration of the Council; and no bill, unless it be an emergency bill, shall be passed before the seventh calendar day after such date. Upon the passage of any bill by the County Council, it shall receive such publication as may from time to time be required by law.

(i) **Effective Date of Ordinances.** Except as provided in Section 710 of this Charter for the Annual Budget and Appropriation Ordinance and ordinances levying taxes or assessments to support the budget, any ordinance enacted by the Council [County] Council shall take effect forty-five days after it becomes law, unless declared to be effective on a later date. If an ordinance is an emergency ordinance as defined in Section 208(d) or if an ordinance passed at an annual legislative session or a monthly legislative session-day be declared by the County Council to be an emergency ordinance necessary for the immediate preservation of the public peace, health, safety and welfare, it shall take effect from the date it becomes law. An emergency ordinance shall not levy taxes, create revenue, or grant a franchise or special privilege, or abolish or create any office or change any salary, term or duty of any officer or create any vested right or interest or create or expand any Capital Project, or increase the funding thereof (except in cases where the increase in funding is required solely to meet cost escalation and does not affect the scope of the project as originally budgeted).

(j) **Executive Veto and Failure of Bills.** Upon the passage of any ordinance by the County Council, with the exception only of such measures as may in this Charter be made expressly exempt from the executive veto, the same shall be presented within five (5) days (exclusive of Saturdays, Sundays and legal holidays of the State or Nation) to the County Executive for his approval or disapproval, and within ten (10) days after such presentation he shall return any such ordinance to the County Council with his approval endorsed thereon or with a statement in writing of his reasons for not approving the same. Upon approval by the County Executive any such ordinance shall become law. Any such ordinance presented to the County Executive and returned with his veto may be reconsidered by the County Council. His

objections shall be entered upon the Journal of the Council, and not later than at its next legislative session- day, the County Council may reconsider the enactment thereof notwithstanding the executive veto, and if five (5) members of the Council vote in the affirmative, the ordinance shall become law. Whenever the County Executive shall fail to return any such ordinance within ten (10) days after the date of its presentation to him, or returns the ordinance unsigned without a written statement of approval or disapproval, the ordinance shall become law as of the tenth day after presentation and the Administrative Officer to the County Council shall forthwith record the fact of such failure in the Journal. The County Executive may disapprove of one or more parts of a comprehensive zoning ordinance while approving others and the part or parts approved shall become law and the parts disapproved shall be returned to the Council as prescribed and shall not take effect unless passed over his veto as set forth herein. Any bill not passed within ninety-five days after its introduction, or prior to November in a councilmanic election year, shall fail.

(Bill No. 56-70; Bill No. 73-72; Bill No. 72-82; Res. No. 69-86; Res. No. 33-02; Res. No. 39-12; Res. 47-12)

Editor's note – The 2012 amendment added the provision clarifying that, when a bill is passed by the County Council but returned unsigned by the County Executive without a statement of approval or disapproval, the bill becomes law on the 10th day after presentation of the bill to the County Executive. The 2012 amendment also limited the County Executive's line item veto authority to comprehensive zoning ordinances.

Sec. 308. The Referendum.

(a) **Scope of the Referendum.** The people of Anne Arundel County reserve to themselves the power known as "The Referendum, " by petition to have submitted to the registered voters of the County, to approve or reject at the polls, any ordinance or part of any ordinance of the County Council. The referendum petition against any such ordinance shall be sufficient if signed by ten per centum of the qualified voters of the County calculated upon the whole number of votes cast in the County for Governor at the last preceding gubernatorial election. Such petition shall be filed with the Board of Supervisors of Elections of Anne Arundel County within forty-five days after the ordinance becomes law. If such a petition is filed as aforesaid, the ordinance or part thereof to be referred shall not take effect until thirty days after its approval by a majority of the qualified voters of the County voting thereon at the next ensuing election held for members of the House of Representatives of the United States; provided, however, that if more than one-half but less than the full number of signatures required to complete any referendum petition against such ordinance be filed within forty-five days from the date it becomes law, the time for the ordinance to take effect and the time for filing the remainder of signatures to complete the petition shall be extended for an additional thirty days with like effect. Any emergency ordinance shall remain in force from the date it becomes law notwithstanding the filing of such petition, but shall stand repealed thirty days after having been rejected by a majority of the qualified voters voting thereon. No ordinance making any appropriation for current expense for maintaining the County government, or for maintaining or aiding any public institution, not exceeding the next previous appropriation for the same purpose, shall be subject to rejection or repeal under this section. The increase in any such appropriation for maintaining the County government or for maintaining or aiding any public institution shall only take effect as in the case of other ordinances, and such increase, or any part thereof,

specified in the petition may be referred to a vote of the people of the County upon petition as above provided.

(b) **Form of Petition.** A petition may consist of several papers, but each paper shall contain the full text of the ordinance or the part of the ordinance petitioned upon; and there shall be attached to each such paper an affidavit of the person procuring the signatures thereon that, to the said person's own personal knowledge, each signature thereon is genuine and bona fide, and that to the best of his knowledge, information and belief the signers are registered voters of the State of Maryland and Anne Arundel County, as set opposite their names.

Sec. 309. Noninterference with executive branch.

Neither the Council nor any of its members shall direct or request the appointment of any person to or his removal from any office or employment by the County Executive or by any of his subordinates or in any way take part in the appointment of or removal of officers and employees of the County except as specifically provided in this Charter. Except for the purpose of inquiry, the Council and its members shall deal with the executive branch solely through the County Executive, and neither the Council nor any member thereof shall give orders either publicly or privately to any subordinate of the County Executive. Any member of the Council violating the provisions of this section or voting for a motion, resolution or ordinance in violation of this section shall upon conviction be punishable by imprisonment for not more than six months or a fine of One Thousand Dollars (\$1,000.00). The violator shall thereafter cease to be a member of the Council.

Sec. 310. County Auditor.

The County Council shall, by resolution, appoint a County Auditor who shall hold office, for an indefinite term at the pleasure of the Council and shall receive such compensation as the Council may determine. He shall be a certified public accountant licensed for the practice of his profession under the laws of this State, and shall be appointed on the basis of his knowledge of governmental accounting and auditing and shall have at least five years experience pertaining to the duties of his office.

(Bill No. 93-80)

Sec. 311. Duties of County Auditor.

The County Auditor shall, not later than six months after the close of each fiscal year, submit to the County Council and to the County Executive, a complete financial audit for the preceding fiscal year, of all offices, departments, institutions, boards, commissions, corporations, courts and other agencies of the County government. The audit shall be performed by the County Auditor or, subject to the availability of funds in the budget, by an independent firm of certified public accountants whose members are licensed for the practice of their profession under the laws of this State. The County Council may in its discretion except those agencies whose entire records, accounts and affairs are completely audited each year by the State government, and those special taxing districts which are required by State law or County law to have independent audits performed on a periodic basis. Such audit shall include a report thereon, together with such explanatory comments as the Auditor may deem appropriate. Copies of the complete audit

shall be open for the inspection of the public and the press in the County Auditor's office and a reasonable number of copies shall be available for public distribution. All records and files pertaining to the receipt and expenditure of County funds by all agents and employees of the County and all offices, departments, institutions, boards, commissions, courts, corporations and other agencies thereof, shall at all times be open to the inspection of the County Auditor. The County Auditor shall devote full time to the duties of the office. He or she shall make a current post audit of all County agencies as heretofore specified and may, with the approval by resolution of the Council, examine and audit all accounts, books and records reflecting transactions involving the financial activities and affairs of the County including those for which the County has a responsibility as an agent, custodian or trustee. The County Auditor shall promptly call to the attention of the County Council and the County Executive any irregularity or improper procedure which he or she may, from time to time, discover and to take exception to such practices, and it shall be the duty of the County Executive to cause corrective action to be taken promptly, such action to include, as appropriate, the withholding of funds. Any special examination or audit shall be available for public inspection and shall be reported promptly to the County Executive, the County Council and the department or office covered thereby. The County Council shall have the power to implement the provisions of this section and to assign additional functions, duties and personnel to the County Auditor not inconsistent with those provided herein. The County Council to the extent permitted by law may by resolution authorize the County Auditor to examine and audit the books and records of persons or firms contracting with the County when in its judgment such action is needed to protect the interests of the County. All actions of the County Council pursuant to this section shall be exempt from the executive veto.

(Res. No. 26-98; Res. No. 27-98)

Sec. 312. Independent audit.

The County Council shall annually cause to be made a financial audit of all offices, departments, institutions, boards, commissions and other agencies of the County government, by an independent firm of certified public accountants whose members are licensed for the practice of their profession under the laws of this State. The completed audit shall be submitted to the County Council and to the County Executive and copies shall be made available to the public and the press no later than six months after the close of the fiscal year of the audit. All records of the County Auditor and all records and files pertaining to the receipt and expenditure of County funds by all officers, agents and employees of the County, and all offices, departments, institutions, boards, corporations, courts, commissions and other agencies thereof shall be open to the inspection of the accountants conducting the audit. The County Council shall have the power to implement the provisions of this section by ordinance not inconsistent herewith, and to require such additional independent audits as it shall deem necessary. The designated firm of certified public accountants and any of its members shall have no personal or financial interest, direct or indirect, in the fiscal affairs of the County, or any of its departments, offices or agencies. The Council may in its discretion except from this audit those agencies whose entire records, accounts and affairs are completely audited each year by the State government or by an independent Certified Public Accountant and those special taxing districts which are required by State law or County law to have independent audits performed on a periodic basis.

(Bill No. 73-82; Res. No. 38-12)

Editor's note – The 2012 amendment replaced the requirement for a quadrennial audit with the requirement that an annual financial audit be performed by an independent firm of certified public accountants, and excluded from the annual financial audit requirement an audit of those special taxing districts that are required by State or County law to have independent audits performed on a periodic basis.

Sec. 313. Special audits.

(a) The County Council or the County Executive at any time may order the examination or audit by the County Auditor of the accounts of any County department, office, or agency.

(b) If, as a result of an audit conducted under this or any other section of this Charter, any person shall be found to be indebted to the County, the County Executive shall proceed to collect the amount due.

(Bill No. 73-82)

Sec. 314. Special assistance.

The Council may at its discretion, and subject to the provisions in its budget or supplementary appropriation, by resolution engage the services of experts, consultants or attorneys to aid it in its inquiries, investigations or the drafting or codification of legislation.

Sec. 402. Vacancy.

(a) A vacancy occurring in the Office of the County Executive prior to the expiration of the term shall be filled as provided in this section.

(b) If a vacancy occurs during the first 12 months of a term, a new County Executive shall be nominated and elected by the qualified voters of the County at the same time as Members of the House of Representatives of the Congress of the United States are nominated and elected and in the manner provided by law. (f) The County Council shall hold public interviews of candidates to fill the vacancy, whether temporary or permanent, and the Council shall elect the new County Executive from among those persons interviewed.

(g) The new County Executive elected permanently by the County Council or by the voters shall serve the unexpired term of the former County Executive and until a successor is duly elected and qualified.

(Res. No. 40-02)

Sec. 403. Temporary absence or disability of County Executive.

The County Executive may, during his temporary disability or absence from the County, designate in writing the head of one of the County departments or offices as Acting County Executive to perform the duties of the office. In the event that the County Executive is temporarily disabled or absent from the County and fails to designate as above provided, the Chief Administrative Officer shall serve as Acting County Executive. If both the County Executive and Chief Administrative Officer are temporarily disabled or absent and the County Executive has failed to designate an Acting County Executive, the Budget Officer shall serve as Acting County Executive unless the County Council designates the head of another department or office of the County government. An acting County Executive shall have the same rights, duties, powers and obligations as an elected incumbent in said office except the power to veto.

Sec. 404. Conviction or failure to perform duties.

(b) A vacancy occurring under subsection (a) shall be filled in the manner provided in Section 402 of this Article.

(c) To the fullest extent allowed by law, a County Executive removed from office under subsection (a)(2) may be ineligible to receive post-employment County benefits earned as a result of his tenure as County Executive, subject to an ordinance enacted by the County Council providing for the conditions of removal and reinstatement of benefits.

(Bill No. 76-72; Res. No. 32-12)

(c) **Tax Levy and Balanced Budget.**

(1) When the County budget shall have been finally adopted in the Annual Budget and Appropriation Ordinance, the County Council shall thereupon levy and cause to be raised the amount of taxes required by the budget in the manner provided by law so that the budget shall be balanced as to proposed income and expenditures.

(2) Any ordinance adopted under this subsection to levy taxes to balance the budget is exempt from the executive veto.

(3) The effective date of a tax levy bill shall be the first day of the fiscal year to which it applies.

(d) **Property Tax.** From and after July 1, 1993, revenues derived from taxes on properties existing on the County property tax rolls at the commencement of the County fiscal year shall not increase, compared with the previous year, more than the Consumer Price Index percentage of change, or by 4.5 percent, whichever is the lesser.

The Consumer Price Index shall be determined by the preceding January computation by the U.S. Department of Labor.

(Bill No. 72-82; Res. No. 56-92)

Sec. 711. Transfer of appropriations.

(a) Transfers of appropriations between general classifications of expenditures in the current expense budget within the same office or department and within the same fund may be authorized by the County Executive. Transfers between offices, departments, institutions, boards, commissions or other agencies of the County government and within the same fund of the current expense budget may be made only on the recommendation of the County Executive and with the approval of the County Council by ordinance.

(b) Interproject transfers of appropriations between capital projects in the capital budget may be authorized by the County Council by ordinance upon request of the County Executive but no new project shall be created nor any abandoned except in accordance with Section 716 of this Charter.

(c) Nothing contained herein shall be construed to prevent the County Council upon request of the County Executive from providing by ordinance for inter-fund cash borrowing to meet temporary cash requirements nor to prevent reimbursements among funds for services rendered.

(Bill No. 73-82)

Sec. 712. Supplementary and emergency appropriations.

During any fiscal year, the County Council, upon the recommendation of the County Executive, may by ordinance make additional, supplementary, or emergency appropriations from contingent funds, from revenues received from anticipated sources but in excess of budget estimates therefor, or from revenues received from sources not anticipated in the budget for the current fiscal year; provided that the Controller shall first certify in writing that such funds are available for such appropriation. No supplemental appropriation shall exceed the amount of the funds so certified.

To the extent that there may be no available unappropriated revenues to meet such emergency appropriations, the County Council may, by ordinance, authorize the issuance of emergency notes which may be renewed from time to time, provided, however, that such notes and renewals shall be paid not later than the last day of the fiscal year next succeeding that in which the emergency appropriation was made. The total of emergency appropriations in any fiscal year shall not exceed five per centum of all appropriations (including those for debt service) made in the budget for such year.

(Bill No. 106-72)

Sec. 713. Lapsed appropriations.

Unless otherwise provided by public general law, all unexpended and unencumbered appropriations in the current expense budget remaining at the end of the fiscal year shall lapse into the County treasury. No appropriation for a capital project in the capital budget shall lapse until the purpose for which the appropriation was made has been accomplished or abandoned. Unless an exception is authorized for the project by ordinance of the County Council, a capital project shall be deemed to be abandoned if three fiscal years elapsed without a construction contract being awarded for the construction phase of the capital project. The balances remaining to the credit of the completed or abandoned capital projects shall be available for appropriation in subsequent capital budgets.

(Bill No. 73-82)

Sec. 714. Budget reduction amendment.

(a) If the County Executive concludes that revenues will be substantially less than the amount required to fund the annual budget and appropriation ordinance for the current fiscal year, the County Executive may:

(1) recommend the reduction of one or more appropriations in the annual budget and appropriation ordinance for the current fiscal year, except those required by State law and except any provision for debt service on obligations then outstanding or for estimated cash deficits; or

(2) take any other action authorized by State law, this Charter, or any ordinance authorized by this Charter.

(b) (1) When the County Executive recommends the reduction of any appropriation in the annual budget and appropriation ordinance, the County Executive shall cause a proposed budget reduction amendment to be prepared and submitted to the County Council.

(2) A proposed budget reduction amendment shall be submitted in the form of a bill containing the entire annual budget and appropriation ordinance for the current fiscal year,

shall show the reductions proposed by the County Executive as amendments to the ordinance, shall be supported by a schedule of revised revenue estimates, and may not provide for any new item of appropriation or any increase in a current appropriation.

(3) A proposed budget reduction amendment shall be filed with the Administrative Officer to the County Council, and a copy shall be delivered to each member of the Council. At least three complete copies shall be open to inspection by the public during regular business hours. One copy shall be supplied to each newspaper of general circulation in the County and to each County library. A copy shall be made available to any interested person on request.

(4) Upon receipt of a proposed budget reduction amendment, the Administrative Officer to the County Council shall cause to be published in at least two newspapers of general circulation published in the County a notice of the place and time of a public hearing by the County Council on the proposed budget reduction. The Council may hold other preliminary public hearings on the budget reduction amendment for the purpose of obtaining information, but no action shall be taken by the Council on the budget reduction amendment, except in public meeting and after the public hearing specified above.

(5) After the public hearing specified in the preceding section, the County Council may decrease or delete any appropriation in the current annual budget and appropriation ordinance, except those required by State law and except any provision for debt service on obligations then outstanding or for estimated cash deficits. The County Council shall have no power to change the form of the annual budget and appropriation ordinance or to alter the amended revenue estimates except to correct mathematical errors. Neither may the County Council increase any expenditure above the amount in the current annual budget and appropriation ordinance. An amended annual budget and appropriation ordinance shall take effect immediately upon passage by the Council, and is not subject to executive veto.

(6) The adoption of a budget reduction amendment shall be by the affirmative vote of not less than four members of the County Council on an ordinance to be known as the Amended Annual Budget and Appropriation Ordinance of Anne Arundel County.

(7) The budget, as amended by an annual budget and appropriation ordinance, shall be reproduced in sufficient copies for distribution, free of charge, to the press and the head of each office, department or agency of the County government. Copies of the amended budget shall likewise be given to any interested person on request; provided, however, that in order to discourage waste the County Council may prescribe a charge for each copy of the amended budget not to exceed the actual cost of its reproduction.

(Res. No. 43-88; Res. No. 43-92)

Sec. 715. Appropriation control and certification of funds.

(a) During any fiscal year, an office, department, board, commission, or other agency of the County government may not spend, or contract to spend, any money or incur any liability, or enter into any contract, which by its terms involves the expenditure of money, for any purpose in excess of the amounts appropriated for the same general classification of expenditure in the budget for that fiscal year, or in any supplemental appropriation as provided in this Article.

(b) (1) Except as otherwise authorized under paragraph (2) of this subsection and under Section 718(g) of this Charter, an office, department, board, commission, or other agency of the County government may not make any payment over One Hundred Dollars (\$100) or

incur any obligation or liability over One Hundred Dollars (\$100) unless the Controller certifies that the funds for the designated purpose are available.

(2) The County Council may increase the limit set in paragraph (1) of this subsection for uncertified expenditures and then decrease the limit by ordinance to any amount not lower than that set in paragraph (1).

(c) Nothing in this or any other section of this Charter prevents the making of contracts of lease or for services providing for the payment of funds at a time beyond the fiscal year in which the contracts are made, if the nature of the transactions reasonably requires the making of the contracts. However, any contract, lease or other obligation requiring the payment of funds from the appropriations of a later fiscal year shall be made or approved by ordinance.

(d) An office, department, board, commission, or other agency of County government may not contract for the purchase of real or leasehold property unless the funds for the contract are included in the capital budget.

(e) (1) Any contract, verbal or written, made in violation of this section is null and void.

(2) Any officer, agent, or employee of the County who knowingly spends County funds in violation of this section is personally liable for the amount spent.

(3) Notwithstanding the provisions of Article VIII of this Charter, after a public hearing, the County Executive or, on a majority vote, the County Council may remove from office any officer, agent, or employee of the County who knowingly violates this section. (Bill No. 73-82; Res. No. 24-98; Res. No. 19-06)

Editor's note – The 2006 amendment deleted the reference to budgetary allotments. Although former Sec. 714 pertaining to work programs and allotments was eliminated from the Charter in 1988, references to allotments remained throughout various articles and sections of the Charter.

Sec. 716. Restrictions on capital projects; amendment to capital budget after adoption of budget.

No obligations of the County shall be authorized in any fiscal year for or on account of any capital project not included in the County budget as finally adopted for such year; provided, however, that upon receipt of a written request from the County Executive, the Council may, by the affirmative vote of five members, amend the County budget. The total amount of appropriations to the capital budget may only be increased from revenues received from anticipated sources but in excess of budget estimates therefor, or from revenues received from sources not anticipated in the budget for the current fiscal year. Any proposed amendment to the capital budget shall be subject to review by and recommendation of the Planning Advisory Board in the same manner as a capital project initially included in the budget under Sections 705 and 706 of this Charter, including an explanation by the County Executive of any changes made after review by and recommendation of the Planning Advisory Board. (Res. No. 65-86)

Sec. 717. Enterprise accounting.

(a) Separate budgets for each utility shall be included in the current expense and capital budgets prescribed in this Article which shall include statements of revenue and expense for the required fiscal years.

(b) The accounting system of each utility shall conform to generally accepted principles of utility accounting and shall be kept on an accrual basis. The expense of operating each utility shall include taxes, if any, lawfully accruing during the fiscal year.

(c) If for any fiscal year a utility fund operates at a net loss and the balance sheet of the utility that has operated at a loss shows a deficit at the end of a fiscal year, it shall be the duty of the County Executive to recommend for that utility a schedule of rates that in the County Executive's judgment will produce revenue at least equal to the amount of the deficit plus the estimated operating expenses of the utility for the current fiscal year.

(Bill No. 84-82; Bill No. 86-82)

Sec. 718. Composition and limitation upon County funds and levies; special taxes; bond obligation.

(a) **Special Funds; Revenue and Receipts; Appropriations.** All revenues and receipts from utility assessments; from special services or benefits charges; from special taxes or assessments imposed upon special taxing areas for special or particular services, purposes or benefits; from funds held by the County as trustee or agent; or from bond proceeds, shall be paid into and appropriated from special funds created therefor.

(b) **General Revenue and Receipts; Appropriations.** All other revenues and receipts of the County from taxes, grants, State revenues and other receipts shall be paid into and appropriated from the general fund which shall be the primary fund for the financing of current expenses for the conduct of County business. A tax imposed upon all assessable property or class of property in the County which exempts assessable property in an incorporated municipality subject to the provisions of Article XI-E of the State Constitution shall not be deemed or construed to be a "special tax" for the purposes of this section and all receipts from such tax shall be paid into and appropriated from the general fund.

(c) **Prohibitions.** No general fund revenues or receipts as defined in subsection (b) of this section shall be dedicated to, expended for, or used to supplement, appropriations from the special funds referred to in subsection (a) of this section, except as a loan to such special fund as authorized by Section 711(c) of this Article which authorizes inter-fund borrowing.

(d) **Levy for Roads.**

(1) No tax for the purpose of raising revenue for the construction and maintenance of public roads shall be levied upon any assessable property in the county except on a Countywide basis, exclusive of incorporated municipalities subject to the provisions of Article XI-E of the State Constitution which operate and maintain their own road or street system.

(2) This subsection does not prohibit the County from collecting land development fees, in lieu of any road improvements that may be required under County law, for future roadway construction or spot road improvements. On the recommendation of the County Executive, the County Council may provide by ordinance for collection of fees for these purposes, their placement in escrow accounts, and the use of funds accumulated in those accounts for road construction or spot improvements.

(e) **Special Taxing Districts; Existing Law.** Nothing in this section shall be construed as affecting the provisions of Chapter 28 titled "Special Taxing Districts Generally" of the Anne Arundel County Code (1957 Edition as amended or supplemented) or the provisions of section 9-72 of said Code, which shall remain in effect until changed, modified or repealed by ordinance not inconsistent with the provisions of this section.

(f) **Bond Interest and Redemption Obligations.** Nothing in this section shall be construed to prevent the County from fulfilling any obligation to levy, if necessary, a tax upon all or a portion of the assessable property within the County to provide for the payment of the interest on and principal of any bonds issued upon the full faith and credit of the County.

(g) **Working Capital Funds.** Upon request of the County Executive, the Council may, by the annual budget and appropriation ordinance, or by other ordinance, provide for the establishment of working capital or revolving funds for the financing of central stores, equipment pools or other services common to the agencies of the County, and provide that expenditures from these funds for the purchase of inventory items need not be charged against appropriations until the inventory items are issued to the using agencies.

(h) **Reserve Fund for Permanent Public Improvements.** Notwithstanding the provisions of 718(c), above, the Council may establish a Reserve Fund for Permanent Public Improvements, into which there may be paid by the annual budget and appropriation ordinance unexpended fund balances not otherwise appropriated or toward the financing of which taxes or other sources of revenue may be dedicated.

(i) **Reserve Fund for Retiree Health Benefits.** The County budget shall including a continuing, nonlapsing fund known as the Reserve Fund for Retiree Health Benefits into which County revenues and receipts may be appropriated and from which appropriations shall be made for the sole purpose of paying the health care benefits of retired County employees and their spouses, dependents, and survivors to the extent that such benefits have been approved by ordinance of the County Council, with the interest earnings of the Fund retained to the credit of the Fund. The County Council may increase the appropriation to this Fund in an amount exceeding the recommendation of the County Executive. The existence of this Fund does not mandate the payment of any benefits or prohibit the use of General Fund revenues and receipts to pay for such benefits notwithstanding the provisions of Section 709 and 718(c) of this Article. The Fund shall be subject to the limit on contingency reserves set forth in Section 706(a) of this Article only to the extent that the balance in the Fund exceeds the unfunded accrued liability for such benefits.

(Bill No. 93-80; Bill No. 94-80; Bill No. 73-82; Res. No. 24-98; Res. No. 34-12)

Sec. 719. Borrowing limitations.

Unless and until otherwise provided by ordinance of the County Council within the limitations provided by public general law, the aggregate amounts of bonds and other evidences of indebtedness outstanding at any one time shall not exceed ten per centum upon the assessable basis of the County; provided, however, that (a) tax anticipation notes or other evidences of indebtedness having a maturity not in excess of twelve months, (b) bonds or other evidences of indebtedness issued or guaranteed by the County payable primarily or exclusively from taxes levied in or on, or other revenues of, special taxing areas or districts heretofore or hereafter established by law and (c) bonds or other evidences of indebtedness issued for self-liquidating and other projects payable primarily or exclusively from the proceeds of assessments or charges for special benefits or services shall not be subject to, or be included as bonds or evidences of indebtedness in computing or applying the per centum limitation above provided. All bonds or other evidences of indebtedness issued under the authority of The Sanitary Commission Act shall be construed as exempt, under clauses (b) and (c) above, from the per centum limitation in this

section provided, but shall continue as heretofore to be subject to the per centum limitation as from time to time provided in said Act.

Sec. 720. Term of bonds; disbursement of premiums.

(a) All bonds shall be payable under an annual installment plan which shall commence payments not more than two years from the date of issue. The annual installment plan may be implemented by the issuance of serial maturity bonds or term bonds having mandatory sinking fund requirements. All bonds shall be made payable within the probable useful life of the improvement or undertaking with respect to which they are to be issued, or, if the bonds are to be issued for several improvements or undertakings, then within the average probable useful life of all such improvements or undertakings. In the case of a bond issue for several improvements or undertakings having different probable useful lives, the County Council shall determine the average of said lives, taking into consideration the amount of bonds to be issued on account of each such improvement or undertaking, and the period so determined shall be the average period of useful life. The determination of the County Council as to the probable useful life of any such improvement or undertaking shall be conclusive. No bonds shall mature and be payable more than thirty years after their date of issuance except bonds issued under the authority of the Sanitary Commission Act.

(b) Bond premiums generated from the issuance of County bonds shall be used for the funding of capital improvements financed by the bonds.
(Res. No. 38-96; Res. No. 50-12)

Editor's note – The 2012 amendment added Sec. 720(b).

Sec. 721. Contents of Bond Issue Authorization Ordinances.

Each Bond Issue Authorization Ordinance as referred to in Section 709 of this Article shall include a statement of the aggregate amount of bonds authorized thereby, the purpose or purposes of the borrowing, and if the purpose is to finance one or more capital projects, it shall describe each of them sufficiently for purposes of identification, but no capital project shall be included unless the amount included therein shall be deemed sufficient to complete at least a usable portion of such project. The Ordinance shall estimate the cost of the project or projects to be financed and the portion thereof to be defrayed from sources, specifically named, other than the proposed bond issue. The Ordinance shall also include the amount of the proposed issue or issues; a statement showing that the proposed issue is within the legal limitation on the indebtedness of the County or a Sanitary District as the case may be; the probable useful life of the project or average probable useful life of the projects to be financed; and declarations that the principal of and interest on the proposed issue are to be paid by ad valorem taxes on real estate and tangible personal property and intangible property subject to taxation by the County without limitation of rate or amount, and in addition, upon such other intangible property as may be subject to taxation by the County within limitation prescribed by law, except for self-liquidating bonds, including those issued under the authority of the Sanitary Commission Act and that the full faith and credit of the County are pledged to such payments provided that such declarations shall appropriately reflect any limitations imposed by Section 710(d) of this Article. The Ordinance may authorize the issuance of bonds to provide for the financing of one or more projects included within a specified class of projects, and prescribe a procedure for the addition

or deletion of projects from such class before or after the issuance of bonds, subject to compliance with the requirements set forth in this Article regarding the financing of projects with bonds. The ordinance shall also recite the procedure for the public sale or sales, if more than one sale is contemplated of the proposed issue; the sale price of the bonds which may be at, above, or below par, or the procedure for determining the same; the manner of execution and authentication of the bonds, which may be by manual or facsimile signature or seal; the form of the bonds (and any coupons appertaining thereto) which may be registerable or nonregisterable as to principal or interest, with or without coupons, or book entry in format; and shall contain such other matters relating to the authorization, issuance or sale of the issue as the County Council shall deem desirable.

The County Council may adopt budget and fiscal laws not inconsistent herewith or with the applicable provisions of the Constitution and public general laws of this State to implement the objects and purposes of this Article. Any such laws may include, but shall not be limited to, the definition of the various funds included in the County budget, their reorganization and consolidation to the extent permitted by law, a requirement of downpayments on capital projects from current funds, the establishment of a reserve for permanent public improvements as authorized in this Charter, the procedure for the sale of bonds, notes and other evidences of indebtedness of the County, and all such other matters as may in the judgment of the County Council promote the orderly administration of the fiscal affairs of the County and protect its credit.

(f) The establishment, with the approval of his superiors and by ordinance of the County Council, of reasonable rules and regulations governing emergency purchases and contracts and those involving material, equipment or services of an unusual or noncompetitive nature which shall not be subject to competitive bidding.

(g) The sale of real property and of surplus, old and waste supplies, materials, and equipment of the County, or the transfer of the same between offices, departments or other agencies of the County government.

(h) The making of purchases for a stores revolving fund, which the Council is hereby authorized to establish, and of making sales from the stores to using agencies of the County. (Bill No. 86-72; Bill No. 73-82)

Sec. 903. Application of this Article to departments and agencies under State law.

The provisions of this Article shall apply to the Department of Education and other departments and agencies created by or operating under public general laws of this State to the extent requested by them or as permitted by law. In the interests, however, of promoting uniformity and of effecting maximum savings for all purchases out of County funds, the purchasing facilities of the Office of Central Services shall also be available to such departments and agencies, and their use shall be encouraged.

Sec. 904. Competitive bidding.

(a) Any single purchase or contract under the jurisdiction of the County Purchasing Agent and involving an expenditure of more than Three Thousand Dollars (\$3,000), except for purchases for which the County Council has set a higher minimum requirement under Section 911 of this Article, emergency purchases, and those involving material and equipment of a non-competitive nature, as may be defined and governed by the regulations adopted under Section 902(f) of this Article, shall be made from or let by sealed bids or proposals. The sealed bids and proposals shall be publicly opened after public notice for the period and in the manner that the Purchasing Agent or his authorized deputy determines, however, a purchase or contract may not be made under this section for at least one week after the public opening of bids. The purchases and contracts shall be made from or awarded to the lowest responsible bidder who shall give security or bond for the performance of his contract as determined by the Purchasing Agent or his deputy. In all cases, the County shall reserve the right to reject any and all bids.

(b) All construction, maintenance and repair work shall be subject to the requirements of competitive bidding provided in this section, unless the work is to be done directly by the County through the use of its own laboring force. All materials and supplies used by the County laboring force shall be purchased in accordance with the provisions of this Article.

(c) The County may not sell real property that it owns unless the property is first declared surplus by the County Executive. The County Council shall enact furthering legislation to implement the procedure for the disposition of said surplus property.

(d) No sale, contract, or purchase shall be subdivided to avoid the requirements of this section.

(Bill No. 73-82)

Sec. 905. Conformity with budget limitations.

No deliveries of supplies, materials or equipment shall be made to any office, department, board, institution, commission or agency of the County government in excess of the available appropriation therefor, and except for small purchases in an amount less than the amount specified in or authorized under Section 715 of this Charter for uncertified purchases, no payment shall be made out of County funds for the purchase of supplies, materials or equipment, unless the Controller shall first certify that the funds for the designated purpose are available. Any purchase or contract not so certified-by the Controller shall be invalid and the County shall not be bound thereby.

(Bill No. 73-82; Res. No. 19-06)

Editor's note – The 2006 amendment deleted the reference to budgetary allotments. Although former Sec. 714 pertaining to work programs and allotments was eliminated from the Charter in 1988, references to allotments remained throughout various articles and sections of the Charter.

Sec. 906. Service contracts.

Contracts for professional services and for services for which the rate or price is fixed by a public authority authorized by law to fix rates or prices, shall be let without resource [resort] to competitive bidding.

Sec. 907. Uniform bidding.

It shall be the duty of the Purchasing Agent to discourage uniform bidding by every possible means and to endeavor to obtain as full and open competition as possible on all purchases and sales. For competitive sealed bids and proposals, the Purchasing Agent shall require each bidder to accompany his bid with a statement made under oath that he has not been a party with other bidders to an agreement to bid a fixed or uniform price or to share price bid information. Violation of such statement shall render void the bid of such bidders. Any disclosure to or acquisition by a competitive bidder, in advance of the opening of the bids, of the terms or conditions of the bid submitted by a competitor shall render the entire proceedings void and shall require readvertising for bids.

(Res. No. 38-02)

Sec. 908. Contract execution.

All contract bid forms and all contracts shall be approved by the County Attorney as to form and legal sufficiency. Following such approval, all contracts shall be signed in behalf of the County by the County Executive or his designee. A copy of each signed contract shall be forwarded promptly to the Controller.

(Bill No. 94-80)

Sec. 909. Cooperative purchasing.

As appropriate, the Purchasing Agent may undertake programs involving joint, or cooperative purchases with other public jurisdictions.

(Res. No. 37-02)

Sec. 910. Negotiations with vendors.

No officer or employee of the County shall negotiate directly or indirectly with any vendor except with the approval of the Purchasing Agent pursuant to the furthering legislation prescribed in Section 911 of this Charter.

Sec. 911. Furthering legislation.

The County Council shall enact furthering legislation, not inconsistent with the provisions of this Charter or with the public general laws of this State, to implement the purchasing policies herein established. Such legislation may regulate the practices of the County Purchasing Agent and other officers, agents and employees of the County in regard to the issuance of inquiries, the receipt of bids, the placement of orders and other matters relating to the making of purchases and the award of contracts. Such legislation may prescribe special procedures governing the letting of bids and the award of contracts for the construction of roads, bridges, streets, buildings and those relating to water, sewer and storm water facilities, and may increase the minimum dollar requirement for competitive bidding with respect to such contracts from Three Thousand Dollars (\$3,000.00) as provided in Section 904 to a figure up to, but not greater than Twenty-Five Thousand Dollars (\$25,000). All such legislation shall be subject to amendment from time to time by the County Council.
