

SAVECATS

ANNE ARUNDEL COUNTY'S COMMUNITY CAT PROGRAM

Providing **low-cost** or **free** spay/neuter for all community cats!

Benefits

- Improves quality of life for outdoor cats.
- Prevents the spread of rabies through vaccination.
- Prevents unwanted litters of kittens.
- Reduces overall cat population which lessens the impact on the environment.
- Reduces nuisance behaviors.

FAQ's

What is a community cat?

Community cat's are unowned, free roaming cats who live outdoors. They often form groups called "colonies" and share resources.

What is Trap-Neuter Return?

TNR is a humane and effective way to manage community cats. Cats are trapped, spayed/neutered, vaccinated, ear tipped, and returned outdoors.
