Class: General County

FY2020

Council Approved

Description

Funds in this project are used to provide a revolving account that is administered by the Chief Administrative Officer. The account is for land acquisition for capital projects planned within the next five years.

Location

C443400 Agricultural Preservation Prgm

Class: General County

FY2020

Council Approved

Description

This project provides funding for the purchase of agricultural easements or fee simple interest in accordance with the County and State Agriculture and Woodland Preservation Programs. Easements, in the form of development rights, are purchased from qualified property owners of agricultural and woodland properties. Funds may also be used to match or augment other state or federal agricultural preservation programs such as Rural Legacy. Funds from this project will also be used to purchase relevant computer hardware and software that is deemed necessary to the program. Funds for this program are provided from county revenues as well as state agricultural land transfer tax receipts. Because the Maryland Department of Planning has certified the County's agricultural land preservation program, the county retains 75% of locally generated agricultural land transfer tax receipts, which are computed as a 5% state tax on the transfer of land being converted from agricultural to non-agricultural use.

Location

Countywide

Benefit

Agricultural and woods land preservation.
