E538000 Health & Safety

Class: Board of Education

FY2021 Council Approved

**Description**

Funding is critical to address the myriad of issues posing a possible threat to the health and safety of students and staff. Health and Safety problems can occur without warning and require swift and efficient corrective measures. The school system needs to have the assets and the flexibility to respond to both programmed and un-programmed requirements. Some of these requirements are generated by mandates for which we have no option and to which we have to respond. This is particularly true in the area of water/air testing, implementation of confined space regulations, mitigation of indoor air quality problems, correction of fire and building code deficiencies, and Health Department code compliance issues.

Location

Countywide

**Benefit**

Continue to provide a healthy and safe environment for children in schools.

E538400 Roof Replacement

Class: Board of Education

FY2021 Council Approved

**Description**

This project is essential to ensure protection of our schools. Leaking roofs not only have a severe impact on the instructional process, but often result in damage to other building components such as ceiling tile, carpet, wood floors, and instructional equipment, materials, and furniture. Extended damage especially to ceiling tile and carpeting also creates indoor air quality problems which will impact the health of students and staff. Project funding is utilized to replace aged roofing systems and refurbish existing roofing systems to prolong their useful life.

Location

Countywide

**Benefit**

Provide a healthy, dry, and maintainable interior environment in schools.

**Amendment History**

**E538600 Asbestos Abatement**

**Class: Board of Education**

**FY2021 Council Approved**

**Description**

This project is required to meet federal requirements governing asbestos management as set forth in the Asbestos Hazard Emergency Response Act (AHERA). The funds will be used to develop plans and specifications, award of contracts to AHERA certified firms for the removal of asbestos in locations specified by the AHERA management plans and certification training of in-house personnel. Funds for equipment are also necessary to provide the department the capability to accomplish the in-house abatement program. This fund also provides for the safe and legal collection, temporary storage and disposal of asbestos containing materials. Removal of the asbestos vs. managing it in place is required when the condition offers a potential risk to students and staff. In some cases removal is necessary to facilitate the accomplishment of essential renovation, repair, or upgrade projects. Additional funds are requested to address a critical need to replace the aged carpet that has been glued to asbestos floor tile in schools. In order to remove this carpet and install tile, abatement of the tile is necessary.

**Location**

**Countywide**

**Benefit**

Provide a safe environment in schools and comply with Federal and State law relating to asbestos in schools.
