Mobilization shall include, but not necessarily be limited to, the performance of preparatory construction operations, including the movement of personnel and equipment to the project site; application, fee payment and acquisition for all necessary permits (i.e., sediment control plan for staging areas, temporary and permanent building permits, utility connections, etc.); and the establishment of the Contractor's offices, buildings, and other facilities necessary to begin work on a substantial phase of the Contract. The cost of required insurance and bonds shall be included in this item.

B. Submittals

The Contractor shall furnish proof of carriage of insurance as specified in the "General Provisions".

01100.02 MATERIALS

Not applicable.

01100.03 EXECUTION

All work performed in providing the facilities and services shall be done in a safe and workmanlike manner.

01100.04 METHOD OF MEASUREMENT

Mobilization will not be measured but will be paid for on a lump sum basis.

01100.05 BASIS OF PAYMENT

When a Contractor has established the necessary facilities as expressed above, an allowance of 50% of the lump sum price will be payable as part of the first monthly estimate. The remaining 50% will be prorated over the next five monthly estimates or monthly over the remaining duration of the Contract, if the total Contract duration is less than 6 months. The price bid shall include all labor, materials, equipment, tools, and incidentals necessary to complete the work.

Payment of the lump sum price bid will not be made more than once, regardless of the fact that the Contractor may have for any reason shut the work down on the Project, moved his equipment away from the Project site, and then back again.
