**\$281,730,000**

**ANNE ARUNDEL COUNTY, MARYLAND**

**General Obligation Bonds**

**\$93,260,000 Consolidated General Improvements Series, 2016**

**\$43,585,000 Consolidated Water and Sewer Series, 2016**

**\$69,585,000 Consolidated General Improvements Series, 2016 Refunding Series**

**\$75,300,000 Consolidated Water and Sewer Series, 2016 Refunding Series**

**Dated: Date of Delivery**

**Due: As shown on the inside front cover**

The Bonds will be issued in book-entry form. Purchases of the Bonds will be in the denomination of \$5,000 each or any integral multiple thereof. The Bonds will bear interest from the date of delivery, and interest on the Bonds will be payable on October 1 and April 1, commencing October 1, 2016. The Bonds will mature on October 1 in the years and in the amounts set forth on the inside cover of this Official Statement.

The Consolidated General Improvements Series, 2016 and the Consolidated Water and Sewer Series, 2016 (collectively, the "Construction Bonds") and the Consolidated General Improvements Series, 2016 Refunding Series and the Consolidated Water and Sewer Series, 2016 Refunding Series (collectively, the "Refunding Bonds" and together with the Construction Bonds, the "Bonds") are general obligations of Anne Arundel County, Maryland (the "County") for the payment of which the County's full faith and credit and taxing power are irrevocably pledged; however, the Bonds are subject to the limitation on the taxing power set forth in Section 710(d) of the County Charter (See "THE BONDS - Security for and Sources of Payment of the Bonds").

The Bonds are subject to optional and mandatory sinking fund redemption prior to maturity as set forth in "THE BONDS - Redemption" herein.

---

*In the opinion of McKennon Shelton & Henn LLP, Bond Counsel, (i) under existing statutes, regulations and decisions, the Construction Bonds, their transfer, the interest payable on them, and any income derived from them, including any profit realized in their sale and exchange, shall be exempt from taxation of any kind by the State of Maryland, any of its political subdivisions, or any other public entity; no opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Construction Bonds or the interest thereon; (ii) under existing statutes, regulations, and decisions, interest on the Refunding Bonds and profit realized from the sale or exchange of the Refunding Bonds will be exempt from State of Maryland income taxation; no opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Refunding Bonds or the interest thereon and (iii) assuming compliance with certain covenants describe herein, interest on the Bonds will be excludable from gross income for federal income tax purposes under existing statutes, regulations and decisions. As described herein under "THE BONDS -Tax Matters", interest earned on the Bonds, for federal income tax purposes, may be included in the calculation of a corporation's alternative minimum taxable income and will be subject to the branch profits tax imposed on foreign corporations.*

The Bonds are offered when, as and if issued, subject to the delivery of the Bonds and the approving opinions of McKennon Shelton & Henn LLP, Bond Counsel, and other conditions specified in the official Notices of Sale. The Bonds in definitive form will be available for delivery in New York, New York through the facilities of the Depository Trust Company and certain closing documents will be available for delivery in Baltimore, Maryland on or about April 13, 2016, or at such time or place as shall be mutually agreed upon by the County and the successful bidders for the Bonds.

**The date of this Official Statement is March 30, 2016**

The interest rates shown above are the interest rates payable by the County resulting from the successful bid for the Bonds on March 30, 2016. The yields shown above were furnished by the successful bidders for the Bonds. Other information concerning the terms of reoffering of the Bonds should be obtained from the successful bidders, and not from Anne Arundel County, Maryland. See "SALE AT COMPETITIVE BIDDING."

\* Priced to October 1, 2025 call date.

\*\* CUSIP (Committee on Uniform Securities Identification Procedures) numbers have been assigned by Standard & Poor's CUSIP Service Bureau, division of The McGraw-Hill Companies, Inc. that is not affiliated with the County and the County is not responsible for the selection or use of the CUSIP numbers. The CUSIP numbers are included solely for the convenience of bondholders and no representation is made as to the correctness of such CUSIP numbers. CUSIP numbers assigned to securities may be changed during the term of such securities based on a number of factors including, but not limited to, the refunding or defeasance of such securities or the use of secondary market financial products. The County has not agreed to, and there is no duty or obligation to, update this Official Statement to reflect any change or correction in the assigned CUSIP numbers set forth above. The use of CUSIP numbers in this Official Statement is not intended to create a database and does not serve in any way as a substitute for the CUSIP Service Bureau.

No dealer, broker, salesman or other person has been authorized by the County or the successful bidders for the Bonds to give any information or to make any representation other than those contained in this Official Statement, and, if given or made, such other information or representation must not be relied upon as having been authorized by any of the foregoing. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of the Bonds by any person in any jurisdiction in which it is unlawful for such person to make such an offer, solicitation or sale

This Official Statement is not to be construed as a contract or agreement between the County and the purchasers or holders of any of the Bonds.

All quotations from and summaries and explanations of provisions of law and documents herein do not purport to be complete and reference is made to such laws and documents for full and complete statements of these provisions. Any statements made in this Official Statement involving estimates or matters of opinion, whether or not expressly so stated, are intended merely as estimates or opinion and not as representations of fact. The information and expressions of opinion herein are subject to change without notice and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implications that there has been no change in the affairs of the County since the respective dates as of which information is given herein. The information set forth herein has been obtained from the County and other sources that are deemed to be reliable but is not guaranteed as to accuracy or completeness by, and is not to be construed as a representation of, the successful bidders for the Bonds.

The Official Statement contains statements which, to the extent they are not recitations of historical fact, constitute "forward-looking statements." In this respect, the words "estimate," "project," "anticipate," "expect," "intend," "believe" and similar expressions are intended to identify forward-looking statements. A number of important factors affecting the County and financial results could cause actual results to differ materially from those stated in the forward-looking statements. The County does not plan to issue any updates or revisions to the forward-looking statements.

The order and placement of materials in this Official Statement, including the appendices hereto and the information incorporated herein by reference, are not to be deemed to be a determination of relevance, materiality or importance, and this Official Statement, including the appendices and the information incorporated herein by reference, must be considered in its entirety. The offering of Bonds is made only by means of this entire Official Statement.

**SECTION ONE: INTRODUCTION**

The purpose of this Official Statement, which includes the cover page and appendices hereto, is to provide certain information with respect to the issuance by Anne Arundel County, Maryland (the “County” or “Anne Arundel County”) of its \$281,730,000 aggregate principal amount of General Obligation Bonds, consisting of \$93,260,000 Consolidated General Improvements Series, 2016 (the “Consolidated General Improvements Construction Bonds”), \$69,585,000 Consolidated General Improvements Series, 2016 Refunding Series (the “Consolidated General Improvements Refunding Bonds” and together with the Consolidated General Improvements Construction Bonds, the “Consolidated General Improvements Bonds”), \$43,585,000 Consolidated Water and Sewer Series, 2016 (the “Consolidated Water and Sewer Construction Bonds”), \$75,300,000 Consolidated Water and Sewer Series, 2016 Refunding Series (the “Consolidated Water and Sewer Refunding Bonds” and together with the Consolidated Water and Sewer Construction Bonds, the “Consolidated Water and Sewer Bonds”). The Consolidated General Improvements Bonds and the Consolidated Water and Sewer Bonds are together referred to herein as the “Bonds”. The Consolidated General Improvements Refunding Bonds and the Consolidated Water and Sewer Refunding Bonds are together referred to herein as the “Refunding Bonds”. The Consolidated General Improvements Construction Bonds and the Consolidated Water and Sewer Construction Bonds are together referred to herein as the “Construction Bonds”.

*This introduction is not a summary of this Official Statement. It is only a brief description of and guide to, the Official Statement, and is qualified by, more complete and detailed information contained in the entire Official Statement, including the cover page and appendices hereto, and the documents summarized or described herein. A full review should be made of the entire Official Statement. The offering of Bonds to potential investors is made only by means of the entire Official Statement.*

**The County**

The County is a political subdivision of the State of Maryland, located thirteen miles east of Washington, D.C. with Baltimore City and Baltimore County as its northern boundary and the Chesapeake Bay as its entire eastern boundary. The County has been under home rule charter since 1965. For more complete information, see “ECONOMIC AND DEMOGRAPHIC INFORMATION - Description and Government” herein.

**Sources of Payment of the Bonds**

The Bonds are general obligations of the County for the payment of which the County’s full faith and credit and taxing power are irrevocably pledged, subject to the limitation on the taxing power set forth in Section 710(d) of the County Charter (the “Charter” or the “County Charter”). See “THE BONDS - Security for and Sources of Payment of the Bonds” herein.

The maturing principal of and interest on the Consolidated General Improvements Bonds will be paid from time to time, as and when due, from the funds in the hands of the County realized from the collection of ad valorem taxes on real estate, tangible personal property and intangible personal property subject to taxation by the County. The County has covenanted that, to the extent that the required appropriation for debt service on the Consolidated General Improvements Bonds is not offset by funds from other sources, it will, subject to the limitation on the taxing

power set forth in Section 710(d) of the County Charter, fund any such appropriation by the levy of ad valorem taxes on real estate, tangible personal property and intangible personal property subject to taxation by the County, and in addition, upon such other intangible property as may be subject to taxation by the County within the limitations prescribed by law.

The maturing principal of and interest on the Consolidated Water and Sewer Bonds will be paid from time to time, as and when due, from the funds in the hands of the County realized from the net revenues of the projects for which such bonds are issued, or the utilities for which these improvements are a part. The County has covenanted to fix and collect rates, charges and assessments sufficient to pay the cost of operations, maintenance, and debt service. In the event of a deficiency of such funds, the County has further covenanted that it will, subject to the limitation on the tax levy set out in Section 710(d) of the County Charter, fund any required appropriation by the levy of ad valorem taxes on real estate, tangible personal property and intangible personal property subject to taxation by the County, and in addition, upon such other intangible property as may be subject to taxation by the County within limitations prescribed by law.

### **Purpose of the Bonds**

#### ***Construction Program***

The proceeds of the Construction Bonds, together with the original issue premium, will be used to provide new funding for general improvements in the amount of \$111,710,000 and water and sewer improvements in the amount of \$52,120,000. The proceeds of the new funding will be used to pay for general county, watershed protection and restoration, education, police and fire, roads and bridges, community college, library, recreation & parks, and water and wastewater improvements. For more complete information, see “THE BONDS - Application of Proceeds of Construction Bonds” herein.

#### ***Refunding Program***

The Refunding Bonds are being issued for the purpose of refunding certain outstanding bonds of the County. For more complete information regarding the refunding of such bonds, see “THE BONDS - Refunding Program” herein.

### **Denominations**

The Bonds will be issued in denominations of \$5,000 each or any integral multiple thereof.

### **Book-Entry Only System**

The Depository Trust Company (“DTC”) will act as the securities depository for the Bonds. The Bonds will be issued on a book-entry only basis (See “THE BONDS - Book-Entry Only System - General”). Beneficial Owners (defined herein) will not receive certificates representing their ownership interest in the Bonds except in the event of termination of the book-entry only system (See “THE BONDS - Termination of Book-Entry Only System”).

### **Payments**

Principal and interest payments on the Bonds will be made to DTC or its nominee, Cede & Co., as registered owner of the Bonds. Payments by Direct Participants and Indirect Participants (each as defined herein) to Beneficial Owners will be governed by standing instructions and customary practices, as is now the case with municipal securities held for the accounts of customers in bearer form or registered in “street name.”

For a more complete description of the Bonds, see “THE BONDS,” herein.

## **Tax Matters**

In the opinion of McKennon Shelton & Henn LLP, Bond Counsel, (i) under existing statutes, regulations and decisions, the Construction Bonds, their transfer, the interest payable on them, and any income derived from them, including any profit realized in their sale or exchange, shall be exempt from taxation of any kind by the State of Maryland, any of its political subdivisions, or any other public entity; no opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Construction Bonds or interest thereon; (ii) under existing law, interest on the Refunding Bonds and profit realized from the sale or exchange of the Refunding Bonds will be exempt from State of Maryland income taxation; no opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Refunding Bonds or the interest thereon and (iii) assuming compliance with certain covenants describe herein, interest on the Bonds will be excludable from gross income for federal income tax purposes under existing statutes, regulations and decisions. As described herein under "THE BONDS - Tax Matters", interest earned on the Bonds, for federal income tax purposes, may be included in the calculation of a corporation's alternative minimum taxable income and will be subject to the branch profits tax imposed on foreign corporations.

## **Professionals Involved in the Offering**

U.S. Bank National Association, Richmond, Virginia, will act as paying agent, bond registrar and escrow deposit agent and Public Resources Advisory Group, New York, New York, will act as the County's Financial Advisor with respect to the Bonds. All proceedings in connection with the issuance of the Bonds are subject to the approval of McKennon Shelton & Henn LLP, Bond Counsel. The County's financial statements, included in APPENDIX A attached hereto, have been audited by CliftonLarsonAllen, LLP, independent public accountants, Baltimore, Maryland. The mathematical accuracy of certain computations relating to the Refunded Bonds (as defined herein) was verified by Samuel Klein and Company, Certified Public Accountants. For more information concerning the above mentioned professionals, see "THE BONDS - Approval of Legal Matters," "THE BONDS - Financial Advisor," "THE BONDS - Independent Public Accountants" and "THE BONDS - Verification of Mathematical Computations" herein.

## **Authorization**

The Construction Bonds are issued pursuant to the authority of Section 10-203 of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2015 Supplement) and the Refunding Bonds are issued pursuant to the authority of Sections 10-203 and 19-207, respectively, of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2015 Supplement). The Construction Bonds and Refunding Bonds are also issued pursuant to the County Charter and in accordance with the Authorizing Ordinance (defined herein). For more complete information, see "THE BONDS - Authorization and Purpose" herein.

## **Offering and Delivery of the Bonds**

The Bonds are offered when, as and if issued, subject to approval as to their legality by Bond Counsel and the satisfaction of certain other conditions. It is anticipated that the Bonds in definitive form will be available for delivery to DTC on or about April 13, 2016.

## **Continuing Disclosure**

In order to assist bidders in complying with SEC Rule 15c2-12(b)(5), the County will execute and deliver a continuing disclosure agreement on or before the date of issuance of the Bonds pursuant to which it will undertake to provide certain information annually and notices of certain events. See "THE BONDS - Continuing Disclosure" herein.

## **Miscellaneous**

This Official Statement speaks only as of its date, and the information contained herein is subject to change.

Except where otherwise indicated, all information contained in this Official Statement has been provided by the County. No dealer, broker, salesperson or other person has been authorized by the County or the successful bidders for the Bonds to give any information or to make any representations, other than those contained herein, and, if given or made, such other information or representations must not be relied upon as having been authorized by any of the foregoing.

This Official Statement does not constitute an offer to sell or the solicitation of any offer to buy, nor shall there be any sale of the Bonds by any person in any jurisdiction in which it is unlawful for such person to make such an offer, solicitation or sale. The information set forth herein has been obtained from sources which are believed to be reliable, but it is not guaranteed as to accuracy or completeness. Neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of any party described herein subsequent to the date as of which such information is presented.

Questions related to this Official Statement, requests for the County's Comprehensive Annual Financial Report or any written notice described in the section entitled "Continuing Disclosure" should be directed to the Office of Finance, Arundel Center, P.O. Box 2700, Annapolis, Maryland 21404. The telephone number of the Office of Finance is (410) 222-1781.

## **SECTION TWO: THE BONDS**

### **General**

The Bonds will be issued by the County in book-entry form as fully registered bonds without coupons in the denominations of \$5,000 each or any integral multiple thereof. The Bonds will be dated the date of delivery, and will bear interest, as hereinafter set forth, payable on October 1 and April 1 of each year, commencing October 1, 2016, at the rates set forth on the inside front cover page of this Official Statement. Each Bond shall bear interest from the most recent date to which interest has been paid or, if no interest has been paid, from the date of delivery. U.S. Bank National Association has been appointed paying agent for the Bonds.

### **Authorization and Purpose**

The Construction Bonds are issued pursuant to the authority of Section 10-203 of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2015 Supplement) and the Refunding Bonds are issued pursuant to the authority of Sections 10-203 and 19-207, respectively, of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2015 Supplement). The Construction Bonds and Refunding Bonds are also issued pursuant to the County Charter and in accordance with Bill No. 80-15, passed by the County Council of Anne Arundel County (the "County Council") on September 21, 2015, approved by the County Executive of the County (the "County Executive") on September 22, 2015, and effective on November 6, 2015 (the "Authorizing Ordinance").

The proceeds from the sale of the \$136,845,000 aggregate principal amount of the Construction Bonds, together with the original issue premium, will be used to provide additional new funding of approximately \$111,710,000 for general improvements and \$52,120,000 for water and sewer improvements. The proceeds from the sale of the \$144,885,000 aggregate principal amount of the Refunding Bonds, together with the original issue premium, will be used to refund certain bonds of (i) Anne Arundel County Consolidated General Improvements Series and (ii) Anne Arundel County Consolidated Water and Sewer Series.

## Application of Proceeds of Construction Bonds

The sources of funds for the capital projects to be financed from the Consolidated General Improvements Bonds and the Consolidated Water and Sewer Bonds are summarized in the following tables:

### GENERAL COUNTY IMPROVEMENT PROJECTS

	Sources of Funds				
	Estimated Costs of Designated Projects	Federal and State Grants, Pay-As-You-Go Funds, and Funds From Completed or Abandoned Projects	Prior Bond Issues	Bond Issue To Cover Additional Project Expenditures (1)	Subsequent Bond Issues
General County	\$342,691,264	\$273,712,309	\$52,394,984	\$6,370,000	\$10,213,971
Stormwater Runoff Controls	11,162,761	526,444	8,404,798	-	2,231,519
Stormwater Runoff Controls WPRF	3,149,000	-	280,000	-	2,869,000
Education	996,942,198	361,567,004	466,753,973	76,000,000	92,621,221

**Refunding Program**

The County is issuing the Refunding Bonds to refund certain bonds in order to realize savings on debt service costs. The bonds to be refunded are set out below with the redemption date and redemption price.

The Refunding Bonds are being issued for the purpose of refunding the following outstanding bonds (the “Outstanding Consolidated General Improvements Series” and the “Outstanding Consolidated Water and Sewer Series”, collectively the “Refunded Bonds”). The specific bonds and maturities are subject to change based on market conditions.

<u>Issue Name</u>	<u>Maturities to be Refunded</u>	<u>Amount</u>	<u>Redemption Date</u>	<u>Redemption Price</u>
Consolidated Water and Sewer Series, 2003	2028 & 2032	\$5,810,000	5/13/2016	100%
Consolidated Water and Sewer Refunding Series, 2003	2017-2023	11,840,000	5/13/2016	100
Consolidated Water and Sewer Series, 2005	2028-2034	5,910,000	5/13/2016	100
Consolidated General Improvements Refunding Series, 2005	2017-2026	11,090,000	5/13/2016	100
Consolidated Water and Sewer Refunding Series, 2005	2017-2028	14,830,000	5/13/2016	100
Consolidated General Improvements Refunding Series, 2006	2017-2027	41,015,000	5/13/2016	100
Consolidated Water and Sewer Refunding Series, 2006	2017-2031	23,405,000	5/13/2016	100
Consolidated General Improvements Series, 2007	2018	3,835,000	3/01/2017	100
Consolidated Water and Sewer Series, 2007	2018	1,470,000	3/01/2017	100
Consolidated General Improvements Series, 2008	2020-2028	19,890,000	4/01/2018	100
Consolidated Water and Sewer Series, 2008	2020-2030, 2033, & 2036	19,405,000	4/01/2018	100

**Sources and Uses of Funds**

The following table outlines the estimated sources and uses of funds with respect to the Bonds.

Sources of Funds:

Par amount of Bonds .....	\$281,730,000
Plus Net original issue premium.....	45,537,699
Total.....	<u>\$327,267,699</u>

Uses of Funds:

Construction Program Funds .....	\$163,830,000
Escrow Deposit Funds.....	162,752,265
Underwriter’s Discount .....	252,523
Costs of Issuance* .....	432,911
Total.....	<u>\$327,267,699</u>

\* Estimate includes legal, rating agency, financial advisor and printer costs.

**Deposits to Escrow Deposit Fund**

The proceeds of the Refunding Bonds will be applied to the purchase of direct obligations of, or obligations the timely payment of principal and interest upon which is unconditionally guaranteed by, the United States of America (the “Federal Securities”) and which will be held by U.S. Bank, National Association, Richmond, Virginia (the “Escrow Deposit Agent”) in the Escrow Deposit Fund established under an Escrow Deposit Agreement by and between the County and the Escrow Deposit Agent (the “Escrow Deposit Agreement”). The Federal Securities on deposit in the Escrow Deposit Fund will mature at stated fixed amounts as to principal and

interest at such times as will be sufficient to pay interest when due on the bonds listed in the chart set forth above under "Refunding Program", as applicable and to redeem the principal amount and pay the redemption premium thereon, if any, on the anticipated call dates set forth in such chart, as applicable. The Federal Securities will be pledged only to the payment of the Outstanding Consolidated General Improvements Series and the Outstanding Consolidated Water and Sewer Series, as applicable, and are not available for the payment of principal, premium, if any, or interest on the Bonds.

### **Security for and Sources of Payment of the Bonds**

The Bonds are general obligations of the County for the payment of which the County's full faith and credit and taxing power are irrevocably pledged, subject to the limitation on the taxing power set forth in Section 710(d) of the County Charter.

Section 710(d) of the County Charter provides that from and after July 1, 1993, revenues derived from taxes on properties existing on the County property tax rolls at the commencement of the County fiscal year shall not increase, compared with the previous year, more than the Consumer Price Index percentage of change, or 4.5 percent, whichever is the lesser (See "FINANCES - Charter Property Tax Revenue Limitation" and "INDEBTEDNESS - Charter Property Tax Revenue Limitation").

The maturing principal of and interest on the Consolidated General Improvements Bonds will be paid from time to time, as and when due, from the funds in the hands of the County realized from the collection of ad valorem taxes on real estate, tangible personal property and intangible personal property subject to taxation by the County. The County has covenanted that, to the extent that the required appropriation for debt service on the Consolidated General Improvements Bonds is not offset by funds from other sources, it will, subject to the limitation on the tax levy set out in Section 710(d) of the County Charter, fund any such appropriation by the levy of ad valorem taxes on real estate, tangible personal property and intangible personal property subject to taxation by the County, and in addition, upon such other intangible property as may be subject to taxation by the County within limitations prescribed by law.

In each and every fiscal year that any of the Consolidated Water and Sewer Bonds are outstanding, the County shall impose and levy, or cause to be imposed and levied, charges, levies and assessments against all real property in the County that is or will be connected with, or that is benefited by, the water and wastewater facilities of the County, in accordance with the authority and in the manner prescribed by the Anne Arundel County Code (the "County Code").

The maturing principal of and interest on the Consolidated Water and Sewer Bonds will be paid from time to time, as and when due, from the funds in the hands of the County realized from the net revenues of the projects for which such bonds are issued, or the utilities of which these improvements are a part, for the use and benefit of which the County has covenanted to fix and collect rates, charges and assessments sufficient to pay the cost of operation, maintenance and debt service. In the event of a deficiency of such funds from the net revenues and receipts from such revenue producing projects, for the purpose of meeting the principal maturities and interest of the Bonds, the County has further covenanted that it will, subject to the limitation on the tax levy set out in Section 710(d) of the County Charter, fund any such appropriation by the levy of ad valorem taxes on real estate, tangible personal property and intangible personal property subject to taxation by the County and in addition, upon such other intangible property as may be subject to taxation by the County within limitations prescribed by law.

### **Bondholders' Remedies**

In the event that it fails to perform its obligations under the Bonds to the registered owners thereof, the County may be sued, and any judgments resulting from such suits would be enforceable against the County. Nevertheless, a registered owner of a Bond who has obtained any such judgment may be required to seek additional relief to compel the County to levy and collect such taxes as may be necessary to provide the funds from which such judgment may be paid. Although there is no Maryland law on this point, the appropriate courts of Maryland have jurisdiction to entertain proceedings and power to grant additional relief, such as a mandatory injunction, if necessary, to enforce the levy and collection of such taxes within the limitation on the tax levy set out in Section 710(d) of the County Charter and payment of the proceeds thereof to the holders of general obligation bonds, subject to the inherent constitutional limitations referred to below.

While remedies would be available to bondholders and while the general obligation bonds of the County are entitled to constitutional protection against the impairment of the obligation of contracts, such constitutional

protection and the enforcement of such remedies would not be absolute. Enforcement of a claim for payment of the principal of or the interest on the Bonds could be made subject to the provisions of Chapter 9 of the Federal Bankruptcy Code or of any statutes that may hereafter be constitutionally enacted by the United States Congress or the Maryland General Assembly extending the time of payment or imposing other constraints upon enforcement.

**Redemption**

*Optional Redemption*

The Bonds of each series maturing on or after October 1, 2026, are subject to redemption, at the option of the County, on or after October 1, 2025, as a whole or in part at any time, in any order of maturities, after at least 20 days' notice, at par (100% of principal), plus accrued and unpaid interest to the date fixed for redemption.

*Mandatory Sinking Fund Redemption*

The Consolidated General Improvements Construction Bonds maturing on October 1, 2045, are subject to mandatory sinking fund redemption, at a price equal to the principal amount thereof plus accrued interest thereon, on October 1 each of the following years and in the following amounts:

<u>Year</u>	<u>Sinking Fund Installments</u>
2043	\$3,105,000
2044	3,105,000
2045*	3,105,000

\* Stated maturity.

The Consolidated Water and Sewer Construction Bonds maturing on October 1, 2045, are subject to mandatory sinking fund redemption, at a price equal to the principal amount thereof plus accrued interest thereon, on October 1 each of the following years and in the following amounts:

<u>Year</u>	<u>Sinking Fund Installments</u>
2043	\$1,450,000
2044	1,450,000
2045*	1,450,000

\* Stated maturity.

If the County redeems or otherwise discharges the Consolidated General Improvements Construction Bonds maturing on October 1, 2045 or the Consolidated Water and Sewer Construction Bonds maturing on October 1, 2045 before the applicable scheduled maturity or payment date, an amount equal to the principal amount of such redeemed or discharged bonds shall be credited to the applicable sinking fund installment amounts in any manner determined by the County.

If less than all of the bonds of a series shall be called for redemption, the principal amount of Bonds so called for redemption shall be in denominations of \$5,000 or any integral multiple thereof and the particular Bonds or portions of Bonds to be redeemed shall be selected by lot by the Bond Registrar, except that so long as DTC or its nominee is the sole registered owner of the Bonds, the particular bond or portion thereof to be redeemed shall be selected by lot by DTC, in accordance with its normal and customary procedures (so long as the bonds are in book-entry form). When less than all of a Bond in a denomination in excess of \$5,000 shall be so redeemed, then, upon the surrender thereof there shall be issued to the registered owner thereof, without charge, for the unredeemed balance of the principal amount of such Bond, at the option of such owner, Bonds in any of the authorized denomination the aggregate face amount of such Bonds not to exceed the unredeemed balance of the Bond so surrendered, and to bear the same interest rate and to mature on the same date as said unredeemed balance.

If the County elects to redeem all outstanding Bonds of a series, or less than all, it will give a redemption notice by letter mailed first class, postage prepaid, to the holders of such Bonds at least 20 days prior to the redemption date at the addresses of such holders appearing on the registration books kept by the Bond Registrar, provided, however, that the failure to mail such notice to any holder of such Bonds or any defect in the notice mailed or in the mailing thereof shall not affect the validity of the redemption proceedings relating to any other Bonds. Said

notice shall state whether such Bonds are redeemed in whole or in part and, if in part, the maturities and numbers of the Bonds called, shall state that the interest on the Bonds called shall cease on the date fixed for redemption, shall state the redemption date and the redemption price, and shall require that the Bonds redeemed be then presented for redemption and payment at the principal corporate trust office of the Paying Agent. From and after the date fixed for redemption, if notice has been given as herein provided, and the funds sufficient for payment of the redemption price and accrued interest shall be available therefore on such date, the Bonds designated for redemption shall cease to bear interest. Upon presentation and surrender in compliance with such notices, the Bonds called for redemption shall be paid by the Paying Agent at the redemption price. If not paid on presentation thereof, said Bonds called shall continue to bear interest at the rates expressed therein until paid.

### **Book-Entry Only System — General**

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co., DTC's partnership nominee, or such other name as may be requested by an authorized representative of DTC. One fully-registered certificate of the Bonds will be issued for each maturity of the Bonds in a principal amount equal to the aggregate principal amount of the Bonds of such maturity, and will be deposited with DTC or its agent.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, (as amended). DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 foreign countries and territories that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations.

DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of National Securities Clearing Corporation, Fixed Income Clearing Corporation and Emerging Markets Clearing Corporation (respectively, NSCC, FICC and EMCC, each also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others, such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (the "Indirect Participants"). The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com).

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to Cede & Co. If less than all of the Bonds within a series are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such series to be redeemed.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Securities unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the County on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, its nominee, or the County, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC), is the responsibility of the County, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the County. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered.

The County may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered.

#### **Book-Entry Only System — Miscellaneous**

The information in the section "THE BONDS - Book-Entry Only System - General" has been obtained by the County from DTC. The County takes no responsibility for the accuracy or completeness thereof. Neither the County nor the Bond Registrar and Paying Agent (defined herein) will have any responsibility or obligations to Direct or Indirect Participants or the persons for whom they act as nominees with respect to the payments to or the providing of notice to the Direct Participants, or the Indirect Participants, or Beneficial Owners. The County cannot and does not give any assurance that Direct Participants, Indirect Participants or others will distribute principal and interest payments to DTC or its nominees, as the registered owner, or any redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis or that DTC will serve and act in the manner described in this Official Statement.

#### **Termination of Book-Entry Only System**

In the event that the Book-Entry Only System is discontinued, the Bonds will be delivered by DTC to the Bond Registrar and such Bonds will be exchanged for Bonds registered in the names of the Direct or Indirect Participants or the Beneficial Owners identified to the Bond Registrar. In such event, certain provisions of the Bonds pertaining to ownership of the Bonds will be applicable to the registered owners of the Bonds as described below.

Interest on the Bonds will be payable by check mailed by U.S. Bank National Association, Richmond, Virginia (the "Paying Agent" and "Bond Registrar"), to the persons in whose names the Bonds are registered as of the close of business on the Regular Record Date (being the fifteenth day of the month next preceding each interest payment date) at the addresses shown on the registration books of the County maintained by the Bond Registrar; provided, however, that any such interest not punctually paid or duly provided for shall cease to be payable to the registered owner on such Regular Record Date, and may be paid to the persons in whose names such Bonds are

registered as of the close of business on a date to be fixed by the Paying Agent for the payment of such defaulted interest (the "Special Record Date"), notice of which will be given by letter mailed first class, postage prepaid, to such persons, not less than 30 days prior to such Special Record Date, at the addresses of such persons appearing on the registration books of the County maintained by the Bond Registrar, or may be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Bonds may be listed and upon such notice as may be required by such exchange. The principal of and premium, if any, on the Bonds will be payable at the designated corporate trust office of the Paying Agent in Richmond, Virginia. The County may designate another entity as Bond Registrar and Paying Agent upon twenty days prior written notice to the registered owners of the Bonds.

The Bonds in fully certificated form will be fully registered Bonds without coupons in the denomination of \$5,000 each or any integral multiple thereof. Bonds will be transferable only upon the registration books kept at the principal corporate trust office of the Bond Registrar, by the registered owner thereof in person, or by an attorney duly authorized in writing, upon surrender thereof together with a written instrument of transfer in the form attached thereto and satisfactory to the Bond Registrar and duly executed by the registered owner or a duly authorized attorney. The County may deem and treat the person in whose name a Bond is registered as the absolute owner thereof for the purpose of receiving payment of or on account of the principal or redemption price thereof and interest due thereon and for all other purposes.

The Bonds may be transferred or exchanged at the principal corporate trust office of the Bond Registrar. Upon any such transfer or exchange, the County shall execute and the Bond Registrar shall authenticate and deliver a new registered Bond or Bonds without coupons, of any of the authorized denominations in an aggregate principal amount equal to the principal amount of the Bond exchanged or transferred, and maturing on the same date and bearing interest at the same rate. In each case, the Bond Registrar may require payment by any holder of Bonds requesting exchange or transfer of Bonds of any tax, fee, or other governmental charge, shipping charges, and insurance that may be required to be paid with respect to such exchange or transfer, but otherwise no charge shall be made to the holder of Bonds for such exchange or transfer. The Bond Registrar shall not be required to transfer or exchange any Bond after the mailing of notice calling such Bond or portion thereof for redemption as hereinabove described; provided, however, that the foregoing limitation shall not apply to that portion of a Bond in excess of \$5,000 which is not being called for redemption.

## **Tax Matters**

In rendering its opinion with respect to the Bonds, Bond Counsel will rely without investigation on certifications provided by the County with respect to certain material facts within the knowledge of the County relevant to the tax-exempt status of interest on the Bonds.

### ***Maryland Income Taxation-Construction Bonds***

In the opinion of Bond Counsel, under existing statutes, regulations and decisions, the Bonds, their transfer, the interest payable on them, and any income derived from them, including any profit realized in their sale and exchange, shall be exempt from taxation of any kind by the State of Maryland, any of its political subdivisions, or any other public entity. No opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Bonds or the interest thereon.

### ***Maryland Income Taxation-Refunding Bonds***

In the opinion of Bond Counsel, under existing statutes, regulations, and decisions, interest on the Refunding Bonds and profit realized from the sale or exchange of Refunding Bonds will be exempt from State of Maryland income taxation. No opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Refunding Bonds or the interest thereon.

### ***Federal Income Taxation***

In the opinion of Bond Counsel, assuming compliance with certain covenants described herein, the interest on the Bonds will be excludable from gross income for federal income tax purposes under existing statutes, regulations, and decisions.

Under the provisions of the Internal Revenue Code of 1986, as amended (the "Code"), there are certain restrictions that must be met subsequent to the delivery of the Bonds, including restrictions that must be complied with throughout the term of the Bonds in order that the interest thereon be excludable from gross income. These include the following: (i) a requirement that certain earnings received from the investment of the proceeds of the Bonds be rebated to the United States of America under certain circumstances (or that certain payments in lieu of rebate be made); (ii) other requirements applicable to the investment of the proceeds of the Bonds; and (iii) other requirements applicable to the use of the proceeds of the Bonds and the facilities financed or refinanced with such proceeds. Failure to comply with one or more of these requirements could result in the inclusion of the interest payable on the Bonds in gross income for federal income tax purposes, effective from the date of their issuance. The County has covenanted to regulate the investment of the proceeds of the Bonds and to take such other actions as may be required to maintain the excludability from gross income for federal income tax purposes of interest on the Bonds.

Further, under existing statutes, regulations, and decisions, interest on the Bonds is not included in the alternative minimum taxable income of individuals, corporations, or other taxpayers as an enumerated item of tax preference or other specific adjustment. However, for purposes of calculating the corporate alternative minimum tax, a corporation subject to such tax will be required to increase its alternative minimum taxable income by 75% of the amount by which its "adjusted current earnings" exceed its alternative minimum taxable income (computed without regard to this current earnings adjustment and the alternative net tax operating loss deduction). For such purposes, "adjusted current earnings" may include, among other items, interest income from the Bonds. In addition, interest income on the Bonds will be subject to the branch profits tax imposed by the Code on certain foreign corporations engaged in a trade or business in the United States.

### ***Certain Other Federal Tax Consequences***

There are other federal tax consequences of ownership of obligations such as the Bonds under certain circumstances, including the following: (i) deductions are disallowed for certain expenses of taxpayers allocable to interest on tax-exempt obligations, as well as interest on indebtedness incurred or continued to purchase or carry tax-exempt obligations and interest expense of financial institutions allocable to tax-exempt interest; (ii) for property and casualty insurance companies, the amount of the deduction for losses incurred must be reduced by 15% of the sum of tax-exempt interest income and the deductible portion of dividends received by such companies; (iii) interest income that is exempt from tax must be taken into account for the purpose of determining whether, and what amount of, social security or railroad retirement benefits are includable in gross income for federal income tax purposes; (iv) for S corporations having Subchapter C earnings and profits, the receipt of certain levels of passive investment income, which includes interest on tax-exempt obligations such as the Bonds, can result in the imposition of tax on such passive investment income and, in some cases, loss of S corporation status; and (v) net gain realized upon the sale or the other disposition of the Bonds must be taken into account when computing the 3.8% Medicare tax with respect to the investment income imposed on certain higher income individuals and specified trusts and estates.

### ***Purchase, Sale and Retirement of Bonds***

Except as noted below in the case of market discount, the sale or other disposition of a Bond will normally result in capital gain or loss to its holder. A holder's initial tax basis in a Bond will be its cost. Upon the sale or retirement of a Bond, for federal income tax purposes, a holder will recognize capital gain or loss upon the disposition of such security (including sale, early redemption or payment at maturity) in an amount equal to the difference between (a) the amount received upon such disposition and (b) the tax basis in such Bond, determined by adding to the original cost basis in such Bond the amount of original issue discount that is treated as having accrued as described below under "THE BONDS - Tax Accounting Treatment of Discount Bonds." Such gain or loss will be a long-term capital gain or loss if at the time of the sale or retirement the Bond has been held for more than one year. Present law taxes both long and short-term capital gains of corporations at the rates applicable to ordinary income. For noncorporate taxpayers, however, short-term capital gains are taxed at the rates applicable to ordinary

income, while net capital gains are taxed at lower rates. Net capital gains are the excess of net long-term capital gains (gains on capital assets held for more than one year) over net short-term capital losses.

### ***Market Discount***

If a holder acquires a Bond after its original issuance at a discount below its principal amount (or in the case of a Bond issued at an original issue discount, at a price that produces a yield to maturity higher than the yield to maturity at which such bond was first issued), the holder will be deemed to have acquired the Bond at “market discount,” unless the amount of market discount is *de minimis*, as described in the following paragraph. If a holder that acquires a Bond with market discount subsequently realizes a gain upon the disposition of the Bond, such gain shall be treated as taxable interest income to the extent such gain does not exceed the accrued market discount attributable to the period during which the holder held such Bond, and any gain realized in excess of such market discount will be treated as capital gain. Potential purchasers should consult their tax advisors as to the proper method of accruing market discount.

In the case of a Bond not issued at an original issue discount, market discount will be *de minimis* if the excess of the Bond's stated redemption price at maturity over the holder's cost of acquiring the Bond is less than 0.25% of the stated redemption price at maturity multiplied by the number of complete years between the date the holder acquires the Bond and its stated maturity date. In the case of a Bond issued with original issue discount, market discount will be *de minimis* if the excess of the Bond's revised issue price over the holder's cost of acquiring the Bond is less than 0.25% of the revised issue price multiplied by the number of complete years between the date the holder acquires the Bond and its stated maturity date. For this purpose, a Bond's “revised issue price” is the sum of (i) its original issue price and (ii) the aggregate amount of original issue discount that is treated as having accrued with respect to the Bond during the period between its original issue date and the date of acquisition by the holder.

### ***Amortizable Bond Premium***

A Bond will be considered to have been purchased at a premium if, and to the extent that, the holder's tax basis in the Bond exceeds the amount payable at maturity (or, in the case of a Bond callable prior to maturity, the amount payable on the earlier call date). Under tax regulations applicable to the Bonds, the amount of the premium would be determined with reference to the amount payable on that call date (including for this purpose the maturity date) that produces the lowest yield to maturity on the Bonds. The holder will be required to reduce his tax basis in the Bond for purposes of determining gain or loss upon disposition of the Bond by the amount of amortizable bond premium that accrues, determined in the manner prescribed in the regulations. Generally, no deduction (or other tax benefit) is allocable in respect of any amount of amortizable bond premium on the Bonds.

### ***Tax Accounting Treatment of Discount Bonds***

Certain maturities of the Bonds may be issued at an initial public offering price which is less than the amount payable on such Bonds at maturity (the “Discount Bonds”). The difference between the initial offering price (including accrued interest, if any), at which a substantial amount of the Discount Bonds of each maturity was first sold, and the principal amount of such Discount Bonds payable at maturity constitutes original issue discount. The amount of such original issue discount, which is treated as having accrued with respect to such Discount Bonds, is added to the original cost basis of the holder in determining, for federal income tax purposes, gain or loss upon disposition (including sale, early redemption or repayment at maturity). For federal income tax purposes (a) any holder of a Discount Bond will recognize gain or loss upon the disposition of such Discount Bond (including sale, early redemption or payment at maturity) in an amount equal to the difference between (i) the amount received upon such disposition and (ii) the sum of (1) the holder's original cost basis in such Discount Bond, and (2) the amount of original issue discount attributable to the period during which the holder held such Discount Bond, and (b) the amount of the basis adjustment described in clause (a)(ii)(2) will not be included in the gross income of the holder.

Original issue discount on Discount Bonds will be attributed to permissible compounding periods during the life of any Discount Bonds in accordance with a constant rate of interest accrual method. The yield to maturity of the Discount Bonds of each maturity is determined using permissible compounding periods. In general, the length of a permissible compounding period cannot exceed the length of the interval between debt service payments on the Discount Bonds and must begin or end on the date of such payments. Such yield then is used to determine an amount of accrued interest for each permissible compounding period. For this purpose, interest is treated as compounding periodically at the end of each applicable compounding period. The amount of original issue discount

which is treated as having accrued in respect of a Discount Bond for any particular compounding period is equal to the excess of (a) the product of (i) the yield for such Discount Bond (adjusted as necessary for an initial short period) divided by the number of compounding periods in a year multiplied by (ii) the amount that would be the tax basis of such Discount Bond at the beginning of such period if held by an original purchaser who purchased at the initial public offering price, over (b) the amount actually payable as interest on such Discount Bond during such period. For purposes of the preceding sentence the tax basis of a Discount Bond, if held by an original purchaser, can be determined by adding to the initial public offering price of such Discount Bond, the original issue discount that is treated as having accrued during all prior compounding periods. If a Discount Bond is sold or otherwise disposed of between compounding dates, then interest which would have accrued for that compounding period for federal income tax purposes is to be apportioned in equal amounts among the days in such compounding period.

Holders of Discount Bonds should note that, under the tax regulations, the yield and maturity of a Discount Bond is determined without regard to commercially reasonable sinking fund payments, and any original issue discount remaining unaccrued at the time that a Discount Bond is redeemed in advance of stated maturity will be treated as taxable gain. Moreover, tax regulations prescribe special conventions for determining the yield and maturity of certain debt instruments that provide for alternative payment schedules applicable upon the occurrence of certain contingencies.

The yields (and related prices) furnished by the successful bidder for the Bonds as shown on the inside cover of this Official Statement may not reflect the initial issue prices for the purpose of determining the original issues discount for federal income tax purposes.

The foregoing summarizes certain federal income tax consequences of original issue discount with respect to the Discount Bonds, but does not purport to deal with all aspects of federal income taxation that may be relevant to particular investors or circumstances, including those set out above. Prospective purchasers of Discount Bonds should consider possible state and local income, excise or franchise tax consequences arising from original issue discount on Discount Bonds. In addition, prospective corporate purchasers should consider possible federal tax consequences arising from original issue discount on such Discount Bonds under the alternative minimum tax or the branch profits tax. The amount of original issue discount considered to have accrued may be reportable in the year of accrual for state and local tax purposes or for purposes of the alternative minimum tax or the branch profits tax without a corresponding receipt of cash with which to pay any tax liability attributable to such discount. Purchasers with questions concerning the detailed tax consequences of transactions in the Discount Bonds should consult their tax advisors.

The foregoing is only a general summary of certain provisions of the Code as enacted and in effect on the date hereof and does not purport to be complete; holders of the Bonds should consult their own tax advisors as to the effects, if any, of the Code (and any proposed or subsequently enacted amendments to the Code) in their particular circumstances.

### ***Legislative Developments***

Legislative proposals currently under consideration or proposed after issuance and delivery of the Bonds could adversely affect the market value of the Bonds. Further, if enacted into law, any such proposal could cause the interest on the Bonds to be subject, directly or indirectly, to federal income taxation and could otherwise alter or amend one or more of the provisions of federal tax law described above or their consequences. Prospective purchasers of the Bonds should consult with their tax advisors as to the status and potential effect of proposed legislative proposals, as to which Bond Counsel expresses no opinion.

### **Ratings**

The Bonds have been assigned the following ratings by the agencies indicated: Moody's Investors Service ("Moody's") **Aa1** and Standard & Poor's Ratings Services, a Division of The McGraw-Hill Companies, Inc. ("S&P") **AAA**. An explanation of the significance of such ratings may be obtained from the rating agencies. The County furnished to the rating agencies the information contained in a preliminary form of this Official Statement and other materials and information. Generally, rating agencies base ratings on such materials and information, as well as their own investigations, studies and assumptions. It should be noted that such ratings may be changed at any time and that no assurance can be given that the ratings will not be revised downward or withdrawn by the rating agencies, if in their judgment, circumstances should warrant such actions. Such circumstances may include, without

limitation, changes in or unavailability of information relating to the County. Any such downward revision or withdrawal of such ratings could have an adverse effect on the market price of the Bonds.

### **Sale at Competitive Bidding**

The Bonds were offered for sale by the County at competitive bidding on March 30, 2016, in accordance with the official Notices of Sale (the forms of which are attached hereto as Appendix B). The rates shown on the inside cover page of this Official Statement are the rates to the County resulting from the awards of the Bonds at the competitive bidding therefore. The yields or prices shown on the inside cover page of this Official Statement are based on information supplied to the County by the successful bidders respecting the resale price (not including concessions) of the Bonds established on the date hereof. Any other information concerning the terms of reoffering of the Bonds, if any, including yields or prices, should be obtained from the successful bidders therefore and not from the County.

### **Litigation**

The County is a party in various legal proceedings that normally occur in governmental operations, including various tort and contract suits, suits alleging violations of individual rights, and matters involving claims relating to land development, property damage, employee liability and workers' compensation. With respect to such claims or matters for which reserves have not yet been funded, in the judgment of the County Attorney, the aggregate expected liability of the County will not exceed \$500,000, not including the cases set forth below.

The County is a defendant in the following significant cases worthy of note:

1) A class action lawsuit on behalf of property owners within the County challenges the County's impact fee legislation and is seeking refunds for impact fees paid from 1988 to 1996. The amount of those claims involves complex accounting procedures. On March 25, 2011, the Circuit Court for Anne Arundel County issued an opinion and order requiring that the County refund certain current property owners the sum of \$1,342,360 on a pro rata basis subject to an additional 5% interest per annum. Refunds plus interest may total \$3,000,000. Appeals to date have been resolved in the County's favor but litigation over attorney's fees due to the property owners continues. It remains uncertain whether the property owners will file additional appeals. It remains uncertain when the County will have to pay refunds.

2) A complaint filed against the County in the Circuit Court for Anne Arundel County on March 27, 2015, asserts a claim for over \$9 million based upon a contract to audit the County's health care expenses paid to third-party providers. The Claimant asserts that the County failed to pay its fees which were based upon a percentage of the health care expense savings to the County as a result of its efforts. The County contends that the claimant's actions resulted in a very small amount of health care expense savings. The case is being vigorously defended. In December 2015 and early January 2016, the County obtained a number of favorable rulings from the Court which may limit the claimant's ability to prove its claims.

3) An entity that owned and operated two power plants located in Anne Arundel County appealed its personal property tax for fiscal years 2014 and 2015, challenging the assessments of each. In September 2015, the resolution of the personal property tax appeal for fiscal year 2014 resulted in an assessment of \$267,737,900, a reduction from fiscal year 2013 to fiscal year 2014 of \$185,355,140 and corresponding reduction of the County's personal property taxes of \$4,402,185 for fiscal year 2014. Because the owner paid its fiscal year 2014 personal property taxes in September 2014 based upon the initial 2014 assessment (which was reduced additionally as a result of the resolution), the County was required to refund a total of \$2,771,069 in September 2015, including \$156,853 in interest. The appeal of fiscal year 2015 personal property taxes remains pending, although the County does not expect the original assessment of \$264,563,880 to be reduced significantly as a result of the appeal.

4) In the case of Comptroller v. Wynne, 135 S.Ct. 1787 (2015) the United States Supreme Court ruled in May 2015 that Maryland residents who paid income taxes to another state on income earned in the other state are entitled to a credit against the county portion of the Maryland income tax owed. Although the County is not a party to the case, the ruling means that each county in Maryland will experience a slight reduction in income tax revenue and amended returns requesting refunds may be filed. The amount of taxes to be refunded is dependent upon the number of County taxpayers who paid income taxes to another state on income earned in the other state who request refunds. It is anticipated that the earliest refunds will be made is fiscal year 2017. Approximately \$16

million has been designated as assignment of funds in the General Fund as of June 30, 2015, to cover all anticipated expenditures related to this case.

### **Approval of Legal Matters**

McKennon Shelton & Henn LLP, is acting as Bond Counsel in connection with the issuance of the Bonds. Delivery of the Bonds is conditioned upon delivery by Bond Counsel of opinions substantially in the forms set forth in Appendix C of this Official Statement.

### **Financial Advisor**

Public Resources Advisory Group, 39 Broadway, 12<sup>th</sup> Floor, New York, New York, 10006, serves as financial advisor to the County on debt management and capital financing matters.

### **Verification of Mathematical Computations**

The arithmetical accuracy of certain computations included in the schedules provided by Public Resources Advisory Group and Anne Arundel County, Maryland relating to (a) computation of forecasted receipts of principal and interest on the acquired obligations and the forecasted payments of principal and interest to redeem the Refunded Bonds, and (b) computation of the yields on the Bonds and the Federal Securities was examined by Samuel Klein and Company, Certified Public Accountants. Such computations were based solely on assumptions and information supplied by Anne Arundel County, Maryland. Samuel Klein and Company, Certified Public Accountants has restricted its procedures to examining the arithmetical accuracy of certain computations and has not made any study or evaluation of the assumptions and information on which the computations are based and, accordingly, has not expressed an opinion on the data used, the reasonableness of the assumptions, or the achievability of the forecasted outcome.

### **Continuing Disclosure**

In order to enable participating underwriters (as defined in SEC Rule 15c2-12) to comply with the requirements of paragraph (b)(5) of SEC Rule 15c2-12, the County will execute and deliver a continuing disclosure agreement (the "Continuing Disclosure Agreement") on or before the date of issuance and delivery of the Bonds. The form of the Continuing Disclosure Agreement is attached hereto as Appendix D.

The County has timely filed complete information required by its continuing disclosure obligations for each of the past five years. When filing information with the Municipal Securities Rulemaking Board through Electronic Municipal Market Access ("EMMA") system, the County submits the filings in a manner intended to display such information with each relevant outstanding debt issue. To the extent a filing is made by the County without all of the associated CUSIP numbers, the filing can be found on EMMA associated with another County debt issue or on the County's issuer homepage on EMMA.

### **Independent Public Accountants**

The basic financial statements of Anne Arundel County, Maryland included in Appendix A of this Official Statement have been audited by CliftonLarsonAllen, LLP, Independent Public Accountants, for the period indicated in their report thereon.

### **Official Statement**

Any statements made in this Official Statement involving matters of opinion or estimates, whether or not expressly so stated, are set forth as such and not as representations of fact, and no representation is made that any estimates will be realized. Neither this Official Statement nor any statement which may have been made verbally or in writing is to be construed as a contract with the holders of any of the Bonds.

**(This page has been left blank intentionally.)**

## SECTION THREE: FINANCES

This section summarizes the finances of the various departments, agencies and other organizations governed directly by the County Executive and the County Council of Anne Arundel County, Maryland. No information is included related to the component units included in the County's basic financial statements. For more information, see "NOTES TO THE BASIC FINANCIAL STATEMENTS - Summary of Significant Accounting Policies," in Appendix A.

### Accounting and Financial Operations

The County financial system is an integrated, centralized, and comprehensive base for all budgetary and accounting information. The system begins with the budget and progresses into the incurrence of all obligations and disbursement of all funds. An accounting is provided for all revenues, expenditures and expenses, regardless of source or charge.

### Awards

#### *Certificate of Achievement*

The Government Finance Officers Association of the United States and Canada ("GFOA") awarded a Certificate of Achievement for Excellence in Financial Reporting to Anne Arundel County for its comprehensive annual financial report ("CAFR") for the fiscal year ended June 30, 2014. This was the 34<sup>th</sup> consecutive year that the County has received this prestigious award. The Certificate of Achievement is the highest form of recognition for excellence in state and local government financial reporting.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The County believes its CAFR continues to conform to the Certificate of Achievement program requirements and it has submitted its CAFR to GFOA for year ended June 30, 2015.

### Basis of Accounting

#### *Modified Accrual Basis of Accounting*

The modified accrual basis of accounting and current financial resources measurement focus is followed in the Governmental funds for the fund level statements. Under the modified accrual basis of accounting:

1. Expenditures are recorded when goods and services are received and the actual liabilities are incurred, except for principal and interest on general long-term debt obligations and compensated absences and other long term obligations.
2. Revenues are recorded when collected by the County or its collecting agencies, except for general property taxes, local income taxes, state shared tax revenues, intergovernmental revenues and investment income which are susceptible to accrual because these revenues are both measurable and available. Available means expected to be collected within 90 days after year end in order to pay liabilities of the current period, except property taxes, which are deferred if not collected within 60 days.
3. Revenues not considered measurable or available are recorded as deferred revenues.
4. In applying the susceptible to accrual concept to intergovernmental revenues, the eligibility requirements of the programs are used as guidance. Revenues can be recognized as soon as all such requirements are met.

### ***Accrual Basis of Accounting***

A set of government-wide financial statements are included that use the full accrual basis of accounting. These statements consolidate the operations of all County activities into two categories, governmental and business-type and eliminate all interfund activity. All non-current assets and liabilities are also included on the Statement of Net Position. The accrual basis of accounting and flow of economic resources measurement focus is followed in the Proprietary and Pension Trust Funds in the fund-level statements and in the government-wide financial statements. Under the accrual basis, revenues are recognized when earned, and expenses are recognized when liabilities are incurred. Earned but unbilled Water and Wastewater Fund utility service charges are recorded as revenue at year-end.

### **Budget**

The County Budget consists of the Current Expense Budget, the Capital Budget and Program, and the Budget Message. It represents a complete financial plan for the County including all revenues, all expenditures, encumbrances, and the fund balances of the General Fund and all other funds of the County government.

#### ***Current Expense Budget***

The Current Expense Budget, developed by the Chief Administrative Officer and the Budget Officer, is based on annual work programs setting forth the nature, volume, and cost of work to be performed as submitted by the head of each office, department, institution, board, commission, and other agency of the County government. The estimates of the revenues and expenditures of operations for the ensuing fiscal year are also included; estimated revenues are detailed as to source, and estimated expenditures are detailed as to program or project. After the data so submitted is reviewed by the Chief Administrative Officer and the Budget Officer, the Current Expense Budget is compiled for presentation to the County Executive. No later than sixty days prior to the end of the fiscal year, the County Executive submits to the County Council the proposed Current Expense Budget for the ensuing fiscal year, which by the County Charter, must be balanced.

#### ***Capital Budget and Program***

The Capital Budget is the County's plan to receive and expend funds during the ensuing fiscal year for physical public betterment or improvement and any related preliminary studies and surveys, the acquisition of property of a permanent nature for public use, and the purchase of equipment for any public betterment or improvement accompanying initial construction. The Capital Budget includes a statement of the receipts anticipated during the ensuing fiscal year from all borrowing and from other sources for capital projects. The Capital Program is the County's plan to receive and expend funds for capital projects during the fiscal year covered by the Capital Budget and the succeeding five fiscal years.

#### ***Budget Message***

The Budget Message contains supporting summary tables and explains the proposed Current Expense Budget and Capital Program both in fiscal terms and in terms of work to be performed. It outlines the proposed financial policies of the County for the ensuing fiscal year and describes the important features of the Current Expense Budget. It indicates any major changes in financial policies and in expenditures, appropriations and revenues as compared with the fiscal year currently ending, and sets forth the reasons for such changes. The Budget Message includes an explanation of changes in the Capital Program made by the County Executive insofar as the Program differs from that presented by the Office of Planning and Zoning. The Budget Message may also include such other material as the County Executive deems desirable.

#### ***Budget Adoption***

The County Council may decrease or delete any items in the budget except for those required by the public general laws of Maryland and except for any provision for debt service on obligations then outstanding or for estimated cash deficits. The County Council has no power to change the form of the budget as submitted by the County Executive, to alter the revenue estimates except to correct mathematical errors, or to increase total expenditures recommended by the County Executive for current or capital purposes, except as permitted by the public general laws of Maryland. The adoption of the Budget is by the affirmative vote of not less than four

members of the County Council in an ordinance to be known as the Annual Budget and Appropriation Ordinance of Anne Arundel County. The County Council may, at the same time or thereafter from time to time during the ensuing fiscal year, adopt bond issue authorization ordinances providing the means of financing such capital projects as are to be financed from borrowing in the ensuing fiscal year. All of such ordinances are exempt from the County Executive veto. The Annual Budget and Appropriation Ordinance is to be adopted by the County Council on or before the fifteenth day of the last month of the fiscal year currently ending, and if the County Council fails to do so, the proposed budget submitted by the County Executive stands adopted, and funds for the expenditures proposed in the current expense budget stand appropriated as fully and to the same extent as if favorable action thereon had been taken by the County Council.

### ***Budget Control***

Unless the Controller first certifies that the funds for the designated purposes are available, no office, department, institution, board, commission or other agency of the County government may during any fiscal year expend, or contract to expend, any money or incur any liability, or enter into any contract, which by its terms involves the expenditure of money, for any purpose in excess of the amounts appropriated or allotted for the same general classification of expenditure in the budget or in any supplemental appropriation for such fiscal year, and no such payment may be made nor any obligation or liability incurred, except for small purchases in an amount less than twenty five hundred dollars (\$2,500). The County Charter requires that this “general classification of expenditure” be classified by “agency, character and object,” and leaves the specifics of this classification to the discretion of the County Executive. For appropriation control purposes, the current budget classifies department (i.e., agency) expenditures by sub-departments (i.e., character) and seven expense objects including personal services, contractual services, supplies & materials, business & travel, capital outlay, debt service, and grants, contributions & other.

Nothing prevents the making of contracts of lease or for service providing for the payment of funds at a time beyond the fiscal year in which such contracts are made, provided the nature of such transactions reasonably requires the making of such contracts. But any contract, lease, or other obligation requiring the payment of funds from the appropriations of a later fiscal year must be made or approved by ordinance. No contract for the purchase of real or leasehold property may be made unless the funds therefore are included in the Capital Budget.

No obligations of the County may be authorized in any fiscal year for or on account of any capital project not included in the County Budget as finally adopted for such year; provided, however, that upon receipt of a recommendation in writing from the County Executive and the Planning Advisory Board, the County Council may, by the affirmative vote of five members, amend the County Budget in accordance with such recommendation.

### **Investment of Operating and Capital Funds**

County funds held for operation and capital purposes are managed by the Office of Finance with strict guidelines as to investment vehicles. Investments are restricted by State of Maryland law, with which the County complies. The County does not invest in derivatives or in reverse repurchase agreements. It invests primarily in obligations of the United States Government, its agencies or instrumentalities, and repurchase agreements with primary dealers. The repurchase agreements are collateralized by United States Government treasuries, agencies, and instrumentalities, held by the County's custodian bank, and marked to market daily. For more detailed information, see “NOTES TO THE BASIC FINANCIAL STATEMENTS - Cash and Investments” in Appendix A.

### **Fund Accounting**

In accordance with generally accepted accounting principles in the United States (GAAP), the accounts of the County are organized on the basis of funds. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts in which cash and other financial resources, all related liabilities and residual equities or balances and changes thereon are recorded and segregated to carry on specific activities or obtain certain objectives. The various funds are summarized by type in the financial statements.

For more detailed information, see “NOTES TO THE BASIC FINANCIAL STATEMENTS - Summary of Significant Accounting Policies,” in Appendix A.

**General Fund**

The County's principal source of General Fund revenues is taxes, which comprised approximately 93.0% of total General Fund revenues (on a GAAP basis) in fiscal year 2015. Property tax revenues comprised approximately 48.3% of total General Fund revenues, and income tax revenues comprised approximately 34.4% of total General Fund revenues. The schedules on the following pages reflect the results of operations for the last five fiscal years.

The County has historically used a planned approach in which the anticipated available fund balance in the current fiscal year is programmed for spending in the subsequent year's budget. Due to fiscal restraint and higher revenues in fiscal years 2013, 2014 and 2015, with revenues exceeding budgeted expectations, the GAAP fund balance increased from \$79,509,233 at June 30, 2012 to \$161,970,856 at June 30, 2015.

### **Budget for Fiscal Year 2016**

The County's fiscal year 2016 General Fund Current Expense Budget, which includes the County's funding for the Board of Education, Libraries, Social Services and the Community College, amounts to \$1,366,527,500 with a County property tax rate of \$0.9230 per \$100 of assessed value outside of Annapolis and \$0.5520 per \$100 of assessed value inside of Annapolis. (See "FINANCES - Property Taxes, Assessments and Collections").

The 2016 Capital Budget and Five Year Program total approximately \$2,044,943,508 including \$1,782,878,808 for general county improvements and \$262,064,700 for water and wastewater projects. Support for the Capital Budget and Program primarily consists of Federal and State grants, County bonds, certain fees, and pay-as-you-go financing. (See "INDEBTEDNESS - Capital Appropriations and Funding Sources").

### **Interim General Fund Revenues and Expenditures for Fiscal Years 2016 and 2015**

The Controller has prepared summary unaudited data with respect to revenues and expenditures of the General Fund for the six months ended December 31, 2015 and December 31, 2014. The presentation of this data does not purport to be an interim statement of General Fund revenues, expenditures and fund balance as estimates for year end accruals are not included. However, these statements have been prepared on a comparable basis and reflect the actual collection of revenues and actual expenditures and encumbrances for the two periods. The General Fund's Statement of Revenue, Expenditures, and Changes in Fund Balance in the annual basic financial statements (See "APPENDIX A") are prepared on the modified accrual basis.

Operating results through December 2015 show an increase in revenues and an increase in expenditures compared to December 2014. Total revenues as of December 31, 2015 are approximately \$17,956,000 higher than December 31, 2014, an increase of 2.1%. Inter-Fund recoveries decreased by approximately \$3,650,000 due to a decrease in Water & Sewer Capital Projects recoveries. Revenues from property taxes are approximately \$18,222,000 ahead of the prior year. Income taxes at December 2015 are approximately \$6,984,000 below that of December 2014 revenues due to the decrease in the collection of delinquent taxes. Total expenditures as of December 2015 are approximately \$12,328,000 higher than December 2014, an increase of 1.8%, which is the result of an increase in appropriations for the Board of Education as well as an increase in the retiree health insurance contribution.

The following presents a summary of General Fund revenues, expenditures and encumbrances for the six months ended December 31, 2015 and December 31, 2014, as compared with the related total annual budgets as revised through these dates.

(1) General Fund revenues do not include appropriated surplus which is dedicated as a source for each subsequent year's budget.

**Revenue Reserve Fund**

This fund is intended as a revenue reserve and may only be used upon request of the County Executive with the approval of the County Council, to cover existing appropriations when revenues fall below budget expectations. In accordance with Bill No. 70-15, passed by the County Council on July 20, 2015, approved by the County Executive on July 27, 2015 and effective on September 10, 2015, the amount of annual appropriation to this fund may not cause the sum of the balance of the Revenue Reserve Fund plus the appropriation to exceed an amount equal to 5% of the estimated general fund revenues for the upcoming fiscal year. The balance in the fund at June 30, 2011 was \$17,212,100. As a result of budgeted transfers to the fund and interest income, the fund balance has increased to approximately \$51,427,000 as of December 31, 2015.

**General Fund Revenues**

The County's principal General Fund revenues are property taxes, income taxes, recordation & transfer taxes, local share of state taxes, and fees for services which consists primarily of ambulance fees, cable fees, recreation and park fees, and police aid. These are detailed in the following paragraphs.

## Property Taxes, Assessments and Collections

The assessment of all real and business tangible personal property for purposes of property taxation by the County is the sole responsibility of the State Department of Assessment and Taxation, an independent State agency. All real property is assessed once every three years and any increase in market value (“full cash value”) arising from such inspection is to be phased in over the ensuing three taxable years in equal annual installments.

Tangible personal property of business entities is assessed at its full cash value. Personal property is assessed annually. The County does not currently levy any tax on commercial and manufacturing inventory and manufacturing machinery and equipment.

The following table sets forth the assessed value of all taxable property in the County for each of its five most recent fiscal years, the County and State tax rates applicable in each of those years, and the tax levy in each of those years. Tax exempt properties are not included in the following table.

### ANNE ARUNDEL COUNTY ASSESSED VALUES, TAX RATES, AND TAX LEVIES (\$000’s)

Source: Office of Finance

County taxes are payable July 1 for the current year and become delinquent October 1. A penalty is charged for the non-payment of such taxes at the rate of 12% per annum beginning in October. Section 10-204.3 of the Tax-Property Article of the Annotated Code of Maryland provides a semiannual payment schedule for owner occupied residential property. The first installment under the semiannual schedule is due on July 1 of the tax year and may be paid without interest on or before September 30. The second installment is due on December 1 of the tax year, except for the service charge, and may be paid without interest on or before December 31. It is also provided that if an escrow account is established for the payment of property taxes, it must pay taxes in the semiannual installments unless a written request from the property owner is received requesting annual payments.

The County does not levy taxes in excess of actual requirements to provide a margin against delinquencies. Uncollectible taxes are charged against allowances established therefore, by an annual reduction of revenues.

### Charter Property Tax Revenue Limitation

In connection with a voter petition initiative, County voters approved an amendment to the County Charter at the November 1992 general election. The amendment, which became effective in December 1992, added Section 710(d) to the County Charter (“Section 710(d)”). Section 710(d) provides that from and after July 1, 1993, revenues

derived from taxes on properties existing on the County property tax rolls at the commencement of the County fiscal year shall not increase, compared with the previous year, more than the Consumer Price Index percentage of change or 4.5 percent, whichever is the lesser (See “INDEBTEDNESS - Charter Property Tax Revenue Limitation”).

The County Attorney has advised, among other things, that Section 710(d) applies to revenues from County taxes on both real property and personal property and that only revenues from property on the tax rolls at the close of business on June 30th of a fiscal year are capped for the purposes of determining the maximum amount of capped revenue for the next fiscal year. Revenues from new construction and other property which come onto the tax rolls on or after July 1 are “new” and are not subject to the cap, but only for the year that the properties come onto the tax rolls.

**Municipal Tax Rate Differential**

In establishing the County tax rate applicable to assessed property within the City of Annapolis, the costs of certain services provided by the County are allocated in order to implement provisions of current law, which preclude the owners of property located in Annapolis from being taxed for services already provided by this municipality. Hence, owners of property located outside the City of Annapolis are taxed by the County for all services that the County provides, while owners of property located inside the City of Annapolis are taxed by the County only for those services that the County, and not the City of Annapolis, directly provides. The tax differential for fiscal year 2016 is \$0.371 per \$100 of assessed value for real property and \$0.927 per \$100 of assessed value for personal property.

**Property Tax Collections**

The following table sets forth certain information with respect to the County's tax levies and tax collections:

**TAX LEVIES AND COLLECTIONS (1)**

Fiscal Year Ended June 30	Total Tax (1) Levy	Current Year's Taxes Collected in Year of Levy		Total Taxes Collected (Current and Delinquent)		Accumulated Delinquent Taxes	Accumulated Delinquent Taxes as a % of
		Amount	%	Amount	%		Current Year's Tax Levy

### Property Tax Credit Programs

Section 9-105 of the Tax-Property Article of the Annotated Code of Maryland (2012 Replacement Volume and 2015 Supplement), as amended provides a tax credit against local real property taxes on certain owner-occupied residential property. For taxable years beginning after June 30, 1991, the tax credit equals the County's tax rate multiplied by the amount by which the current year's assessment on residential property exceeds 110% of the previous year's taxable assessment (or such lesser percentage, but not less than 100%, of the previous year's taxable assessment as shall be established by the County). The County has adopted 102% as the rate to be used in calculating the tax credit.

State law also provides that a tax credit be given based on the ability of homeowners to pay property taxes. This credit is calculated by use of a scale which indicates a maximum tax liability for various income levels. This is supplemented by a County credit which uses a different scale to provide a maximum tax liability based on income.

In fiscal year 2015, the County provided \$80,045,393 of tax credits based on assessments and \$1,439,256 of tax credits based on income. Through December in fiscal year 2016, the County has provided \$77,636,175 of tax credits based on assessment and \$1,332,202 of tax credits based on income.

### Income Taxes

The State imposes an income tax on the adjusted gross income of individuals as determined for federal income tax purposes, subject to certain adjustments. Pursuant to Chapter 493 of the 1999 Maryland Laws ("Chapter 493"), each county and Baltimore City is authorized to levy a local income tax at the rate of at least 1%, but not more than 3.2% of a taxpayer's taxable income as calculated for State income tax purposes. Chapter 493 also made the personal exemption amounts for calculating both state and local income taxes equal. Under Chapter 493's provisions, the local income tax rate on an Anne Arundel County taxpayer's total taxable income was adjusted to 2.56% for calendar year 2002 and thereafter, which is below the maximum rate of 3.2% authorized under state law. The County Council approved a one-time reduction in the income tax rate from 2.56% to 2.49% effective January 1, 2012. Effective January 1, 2013, the rate reverted to 2.56%. The County Council reduced the income tax rate to 2.50% effective January 1, 2016. The County is not permitted to levy a local income tax on corporations.

### Local Taxes

In addition to general property taxes and income taxes, the County is authorized to levy and collect other miscellaneous taxes, the largest of which are the recordation and transfer taxes on instruments conveying title to property.

### **Refund Procedures and Claims**

The County is in receipt of various claims for refund of taxes, which are evaluated under administrative procedures mandated by applicable law. The resolution of such claims will not have a material adverse effect on the financial statements of the County.

### **Water and Wastewater Funds**

For financial reporting purposes, the County consolidates all funds related to water and wastewater activities into a single enterprise fund. However, underlying financial accounting records continue to be maintained on a non-GAAP basis for components for legal compliance purposes. Water and wastewater user charges and assessment charges are recorded as revenues on the accrual basis. Unpaid water and wastewater user charges and assessments are a lien on the real property and are collectible in the same manner as real property taxes at tax sale.

The following tables set forth revenues, expenses and changes in net position of the Water and Wastewater Operating Fund and the Debt Service Fund for the County's most recent fiscal years.

Source: Department of Public Works

In addition to the dedicated fees and charges for debt service as indicated above, the 1978 Maryland General Assembly passed enabling legislation authorizing the dedication of up to 50% of the transfer tax revenue for debt service of the Water and Wastewater Enterprise Fund. Subsequently the County Council passed legislation authorizing the use of 30% of the tax for this purpose. The expansion of the financial base is to provide non-user funds to cover the indirect benefits of the County's capital investment in environmental control facilities. No revenues are currently transferred from the General Fund and County management does not contemplate a transfer in the foreseeable future.

## Solid Waste Fund

The County operated one landfill in 2015. The landfill has closed cells; an active cell, which is 92.8% full at June 30, 2015; and one additional cell not yet in use. The active and new cells have estimated lives to at least year 2017 and 2043, respectively. Two other landfills stopped accepting trash in 1983 and 1993. The County has estimated the cost to close these landfills under federal and state regulations at approximately \$73,330,000 at the end of fiscal year 2015. The County also estimates the future post closure care for these facilities for 30 years at approximately \$42,160,000. In addition, the County has reserved cash of approximately \$26,729,000 to help pay for the closure and post-closure costs related to the active landfill cells.

The County has estimated an unrecognized liability of approximately \$40,401,000 as of June 30, 2015 for the closed or partially filled areas of these three landfills. This estimate represents the County's best judgment of the minimum cost required to correct identified problems, close and remediate open cells, and provide for post-closure care of these sites. All estimates are based on current regulations and costs to perform the closure or remediation in the current year and are subject to periodic evaluation. Actual costs may be different due to inflation or deflation, changes in technology or changes in regulations.

The following table sets forth revenues, expenses and changes in net position of the Solid Waste Fund for the County's five most recent fiscal years.

Source: Office of Finance

The changes in net position in the Solid Waste Fund have fluctuated over the past few years due to the annual adjustments to the landfill closure and post closure reserves. In fiscal year 2015, the net position decreased \$389,827 as the result of the restatement adjustment to record the County pension liability as required by GASB 68, entitled *Accounting and Financial Reporting for Pensions*.

The Controller has prepared summary unaudited data for the Solid Waste Fund for the six months ended December 31, 2014 and December 31, 2015.

*Source: Office of Finance*

Solid Waste operating expenses decreased due to a reduction in the purchase of recycle bins that were distributed to customers in FY15 and a reduction in curbside collection contracts rebid and effective FY16.

The following schedules list the solid waste rates currently in effect.

Solid Waste Landfill and Collection Rate Schedule

<u>Landfill Charges</u>	<u>Current Charge</u>
Solid waste delivered by a commercial business .....	\$75 per ton
Solid waste delivered in a dump truck, flatbed truck, stake body truck, box truck, rental truck/trailer, or double axle trailer .....	\$75 per ton
For large, unusually difficult to handle items or bulky compact items, such as house trailers, boats in excess of 20 feet in length, stumps, and concrete.....	\$200 per ton
On-the-road vehicle tires from a vehicle other than a vehicle owned by the person delivering the tires.....	125% of the cost to the County to dispose of the tires (\$112.75/ton), plus \$7.00 for each tire mixed with other solid waste
On-the-road vehicle tires from a vehicle owned by the person delivering the tires .....	No charge for four or fewer tires, but for each tire in excess of four tires \$7.00
Residential solid waste not covered by a listing above.....	No charge
<u>Solid Waste Service Charge</u>	
Annual service charge assessed to each person whose property is supplied with County curbside collection service .....	\$298
<u>Commercial Recycling Charge</u>	
Annual service charge to each person that participates in the voluntary curbside collection program.....	\$32 administrative fee \$47 collection fee (per container)

**Pension Plans**

County employees participate in four single-employer defined benefit pension plans administered by the County in separate trust funds and in two multi-employer pension plans administered by the State.

Information regarding the four County administered plans based on the actuarial valuation dated January 1, 2015 and contribution and valuation data as of the fiscal year ending June 30, 2015 follows. Effective for this valuation the County adopted Governmental Accounting Standards Board (GASB) Statement No. 67 – Financial Reporting for Pension Plans. Pension liabilities are displayed by calculating Net Pension Liability (NPL) replacing the Funding Progress standard used in prior years.

	<b>Employees' Plan</b>	<b>Police Service Plan</b>	<b>Fire Service Plan</b>	<b>Detention Officers' and Deputy Sheriffs' Plan</b>
Total pension liability	\$798,349,049	\$621,869,655	\$574,747,595	\$155,156,334
Plan fiduciary net position	583,936,390	479,987,860	489,766,897	111,368,056
Plan net pension liability (NPL)	<u>\$ 214,412,659</u>	<u>\$ 141,881,795</u>	<u>\$ 84,980,698</u>	<u>\$ 43,788,278</u>
Plan fiduciary net position as a percentage of the total NPL	73.14%	77.18%	85.21%	71.78%
Annual contribution for the year ended June 30, 2015	\$ 24,893,955	\$ 18,805,398	\$ 15,388,777	\$ 6,215,127
Market value of net assets available for benefits as of June 30, 2015*	\$ 592,632,592	\$ 485,789,533	\$ 494,051,457	\$ 114,521,491

\* Unaudited.

*Source: Office of Finance (from annual actuarial reports submitted to the County by Bolton Partners, Inc.) and State Street Corp. as Custodian for Pension assets*

**Note:** In the fiscal year 2015 the County contributed \$1,931,764 to the State Retirement and Pension Systems (“State plans”) for government employees in the State plans and to amortize the unfunded past service liability over 33 years beginning June 30, 1988.

For more detailed information, see “NOTES TO BASIC FINANCIAL STATEMENTS — Pension Plans,” in Appendix A.

In December 1996, the County enacted legislation creating the Anne Arundel County Retirement and Pension System (the “System”), effective February 1, 1997. At that date, all net assets of pension trust funds were transferred to the System. The System is a legally separate entity and is managed by a Pension Board of Trustees.

Effective with the January 1, 1995 valuation, the County adopted an asset smoothing method, which spreads the difference between actual and expected investment returns over 5 years. The purpose of asset smoothing is to reduce the volatility in annual actuarial recommended contributions by reducing unexpected fluctuations in asset values. As of January 1, 2004 the County changed the funding methodology for all Plans to the Projected Unit Credit (PUC) method to attempt to stabilize future employer contribution amounts. In addition, the amortization period for the Unfunded Actuarial Accrued Liability was reset to 30 years. The amortization period is based on a closed period method.

Effective with the January 1, 2011 actuarial valuation, the actuarial value of assets is calculated by spreading the market value investment gains or losses in excess of the assumed rate of return over a five-year period. Previously, the actuarial value of assets was calculated by spreading the gains and losses over the actuarial returns, not the actual market value returns. This change results in a quicker recognition of losses and an increase in the County’s contribution. While there is no long term impact on the County’s contribution there will be short term increases.

Effective with the January 1, 2014 actuarial valuation, the inflation assumption was lowered to 3.0% from 3.5%, the investment assumption was lowered to 7.5% from 8.0%, and the amortization period for gains and losses and assumption changed were all reduced to 20 years from 30 years.

Funds held under pension plans administered by the System are invested by professional money managers (including insurance companies). Pension funds are invested in a variety of investments, including commercial paper, corporate bonds, common stocks and other investments. An immaterial amount of index futures are held in the portfolios managed by the insurance companies. For more detailed information, see “NOTES TO BASIC FINANCIAL STATEMENTS - Cash and Investments” in Appendix A.

## **Other Post-Employment Benefits**

The primary government provides a group health plan for employees and retirees under the authority of § 6-1-308 of the County Code. This health plan may be extended to other component units under § 6-1-309 of the County Code. The Community College and the Library provide retiree health insurance through participation in the County's health plans. The County collects premiums from these entities to offset the related costs. The County Code requires the County to pay 80% of the health coverage cost for current County retirees and terminated vested employees that retired before July 1, 2014. Employees not eligible for normal or early retirement by January 1, 2017 will receive a subsidy based on years of service. Terminated vested employees hired after January 1, 2014 are no longer eligible for health plan subsidies. The Library currently pays 80% for Library retirees. The primary government plan provides the same health plans to active employees and pre-age 65 retirees. The County offers a Medicare supplement to post age 65 retirees. The County will offer a Medicare Advantage Plan to post age 65 retirees beginning in calendar year 2016. The County offers the same prescription benefit for active employees and pre-age 65 retirees. Post age 65 retirees are eligible to participate in an Employer Group Waiver Plan (EGWP) for prescription benefits. County and Library retirees have the option of retaining dental and vision coverage, but must pay the full premium for these benefits.

Anne Arundel County Public Schools (AACPS) employees eligible to retire and receive Maryland State Retirement Agency (MSRA) benefits may be eligible for retiree healthcare benefits based on service criteria. For employees hired after September 15, 2002, the Board funds a portion of the medical premium ranging from 25% with 10 years of service to 75% with 20 or more years of service, but no dental funding is available. No Board funding is provided for vision coverage regardless of service date. Active employees and retirees have the same medical, dental, and vision plans while retirees over 65 have three Medicare Supplemental Plans available. The retiree and active prescription plan co-payments differ. The retiree plan is evaluated separately based on claims experience; however, a blended percentage increase has been applied to the retiree rates.

The Community College (the College) provides medical, dental, and vision benefits to eligible retirees who are enrolled in medical coverage at the time of retirement. The benefit levels, employee contributions, and employer contributions are governed by and may be amended by the College Board of Trustees. Retirees are eligible for these benefits if they have a minimum of 10 years of service and meet the eligibility requirement of their retirement plan, (Maryland State Retirement System or Optional plan). The College contributes to the cost of retirees' benefits at a rate of 2.5% for each year of service, and employees must have at least 10 years of service to qualify. The maximum paid by the College is 75%. Retirees have no vested rights to these benefits.

The County utilized the actuarial services of Bolton Partners and Aon Consulting to formulate its findings. According to this report, the combined actuarial estimates of the County's and its component units' total actuarial accrued liability (AAL) is \$2,399,986,000. The annual required contribution (ARC) is estimated at \$181,708,000. The actuarial results noted herein are based on a 4% investment rate of return.

An amendment to the Charter of Anne Arundel County was passed by the citizens of the County in November 2012. This amendment requires the County to establish a fund for the purpose of reserving funds to pay for health insurance benefits provided to retired County employees and their spouses, dependents and survivors. It also allows the County to establish an irrevocable trust fund for the purpose of paying for health insurance benefits provided to this group. The County has established an irrevocable trust fund effective in fiscal year 2016.

The entities currently fund the retirees' healthcare costs on a pay-as-you-go basis. The County established a Collaborative Benefits Committee through resolution to review existing benefits, assess the impact of continued increases in the costs of these benefits on current and projected revenues and expenditures, determine the fair and equitable priorities in the reduction of the benefit costs and report to the County Executive and the County Council on these recommendations. A final report was issued by the Committee on February 14, 2012. The County Council passed legislation in January 2014 to address some of the recommendations from the study. The legislation restructures benefits for current retirees, current employees and new employees resulting in approximately a 25% reduction in AAL and ARC.

The County's health plan operates on a calendar year basis. As of January 1, 2013, employees received an additional increase in co-pays and deductibles. The cost savings from these plan changes is projected at five million annually and will be used to fund the annual required contribution.

The Health Benefits Trust was established as of July 1, 2015. The creation of the trust will allow the County to use a higher actuarial rate of return which will enable the County to meet the five-year plan to fund the Other Post-Employment Benefits annual required contribution by 2019.

### **Recent Developments**

Recent developments concerning the County include:

- On June 12, 2015, the County Council passed the County Executive's \$1.4 billion operating budget and \$281.6 million capital budget for the fiscal year ending June 30, 2016. The County's local income tax rate decreases from 2.56% to 2.50%, effective January 1, 2016 and the property tax rate decreases from .943 cents to .923 cents per hundred of assessed value, consistent with the County's property tax revenue cap. The budget included, among other items, (i) funding the Board of Education above maintenance of effort at \$620.6 million, (ii) a two to three percent COLA increase for County employees, and (iii) a contribution of \$3.3 million to the Revenue Reserve Fund.
- Other significant funds included in the County's fiscal year 2016 budget include the Water and Wastewater Fund, where water and sewer rates were reduced and projected fund balance will be in excess of the two month operating expense specified in the County's financial policies. The Waste Collection Fund, which collects and disposes of solid waste, maintains a rate of \$298 per household receiving County waste removal services.
- The Watershed Protection and Restoration Fund (WPRF) was funded in fiscal year 2014 in order to implement a State mandated program of capital projects, operating maintenance, and other required efforts to reduce the County's contribution of harmful pollutants associated with stormwater and poor water quality affecting local rivers and the Chesapeake Bay. This WPRF is a dedicated fund financed through a fee based upon a property's impervious surface and was fully phased in for fiscal year 2016. The County debt policy specifies the debt will not exceed the fees generated to support the program.
- On July 20, 2015, the County Council passed legislation which increases the annual appropriation amount to the Revenue Reserve Fund by allowing the balance of the fund to not exceed 5% of the estimated general fund revenues for the upcoming fiscal year.

**(This page has been left blank intentionally.)**

## SECTION FOUR: INDEBTEDNESS

### General

Under applicable law, general obligation indebtedness of the County may not exceed 5.2% of the assessable basis of real property and 13% of the assessable basis of personal property and certain operating real property in the County. Under applicable law, bonds issued by the County for water or wastewater facilities may not exceed 5.6% of the assessable basis of real property in the Sanitary District of the County and 14% of the assessable basis of personal property and certain operating real property in the Sanitary District. The information hereinafter presented does not include the debt and debt service attributable to those portions of the County's various outstanding bond issues that have been refunded.

### No Short-Term Operating Debt

The County intends to manage operations such that no short-term debt will be needed in the future. The County has entered into a line of credit agreement only for Bond Anticipation Notes used in capital construction.

### Tax Supported Debt

The following table sets forth the County's direct net tax supported debt as of June 30, 2015, not including the Bonds offered hereby.

General Obligation Bonds		
General Improvements	\$984,948,632 (1) (2)	
Water and Sewer	538,865,806 (3)	
Watershed Protection and Restoration	33,825,073	
Solid Waste	<u>33,881,295 (1)</u>	
Total General Obligation Bonds		\$1,591,520,806
Tax Increment Financing Bonds		84,860,000
Installment Purchase Agreements		13,585,000
Loans from the State of Maryland and Federal		
General Improvements		3,397,861
Long Term Leases		
General Improvements		<u>36,911</u>
Total Direct Debt		<u>1,693,400,578</u>
Less: Dedicated Revenue Source		
Watershed Protection and Restoration	33,825,073 (4)	
Less: Self Supporting Debt		
Water and Sewer Bonds	538,865,806	
Solid Waste Bonds	<u>33,881,295 (5)</u>	
Total Self-Supporting Debt		<u>606,572,174</u>
Net Tax Supported Debt		<u><u>\$1,086,828,404</u></u>

- (1) Long-Term Serial Bonds, Consolidated General Improvements; applicable against the 5.2% of taxable County assessable real property base limit and 13% of personal/operating real property.
- (2) Includes \$15,735,000 of Compass Pointe Refunding Bonds.
- (3) Long-Term Serial Bonds, Consolidated Water and Waste Water; applicable against the 5.6% of the total taxable Sanitary District assessable real property base and 14% of personal/operating real property.
- (4) Customarily issued as part of Consolidated General Improvement Series; Bonds for this purpose are supported by dedication of, if applicable, other revenues deposited to Watershed Protection and Restoration Fund.
- (5) Historically issued as part of Consolidated General Improvement Series; bonds for this purpose are supported by project rates or charges prescribed in bond authorization ordinances.

## Charter Property Tax Revenue Limitation

Section 19-103 of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2015 Supplement) provides, in effect, that Section 710(d) of the County Charter shall not impair or be construed to impair the obligation of the County to levy and collect taxes to provide for the payment when due of principal of and interest on bonds of the County, or bonds guaranteed by the County, to which the County has pledged its unlimited taxing power, and which were outstanding on December 3, 1992, the effective date of such Charter provision.

Pursuant to the authority of Section 19-207(c)(2) of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2015 Supplement), if County Bonds to be refunded are secured as unconditional general obligations with a pledge of the full faith and credit and unlimited taxing power of the County, the County may secure an issue of refunding bonds as unconditional general obligations with a pledge of the full faith and credit and unlimited taxing power of the County in the same manner and with the same force and effect as the original pledge.

## Bonds Authorized and Unissued

The following schedule reflects the bonds authorized and unissued under the Authorizing Ordinance that establishes the authority to finance the capital projects in the fiscal year 2015-2016 budget and repeals and re-enacts by consolidation the unissued authority of previous bond authorizing ordinances:

### **SCHEDULE OF BONDS AUTHORIZED AND UNISSUED**

<b><u>Class of Projects</u></b>	<b><u>Authorized</u></b>
General County	\$16,583,971
Stormwater Runoff Controls	2,231,519
Stormwater Runoff Controls WPRF	2,869,000
Education	168,621,221
Police and Fire	14,849,684
Police and Fire Impact Fees	917
Roads and Bridges	33,013,486
Roads and Bridges Impact Fees	3,885
Community College	5,201,631
County Libraries	9,879,364
Recreation and Parks	10,264,356
Recreation and Parks WPRF	175,000
Waterway Improvements	9,712,914
Waterway Improvements WPRF	3,389,000
Consolidated Solid Waste	17,822,087
Consolidated Watershed Protection & Restor.	<u>191,010,200</u>
Consolidated General Improvements	\$485,628,235
Consolidated Water and Wastewater	<u>486,362,802</u>
Total	<u><u>\$971,991,037</u></u>

Source: Office of Finance

## Overlapping Debt

The City of Annapolis is the only incorporated municipality in the County. As of June 30, 2015, the City of Annapolis had \$133,138,277 in long-term, general obligation debt. The County is not obligated to pay such debt or the interest thereon and neither the full faith and credit nor the taxing power of the County is pledged to the payment of the principal of or interest on such indebtedness.

## Maryland Water Quality Debt

The Maryland Water Quality Revolving Loan Fund is administered by the Maryland Water Quality Financing Administration. As of June 30, 2015, the County had \$56,755,806 of outstanding debt under this program, which is not included in the County's net tax-supported debt position. The County's obligation to repay this amount is evidenced by County bonds, which are payable over a 20-year period at below-market interest rates. The source of repayment for these County obligations is the same as that for the County's Water and Sewer Bonds.

## Special Tax District Financing

The County currently has four separate special taxing districts that were created by legislation authorizing the issuance of special obligation bonds for the purpose of financing projects in support of these districts. In each case, the bonding authority is for special obligation bonds payable solely from the proceeds of a special tax levied on taxable parcels within such special taxing district. Such special obligation bonds are not backed by the County's full faith and credit. The amounts issued and outstanding are as follows:

### Special Tax Districts

	<u>Original Issue</u>	<u>Outstanding as of January 31, 2016</u>
Farmington	\$4,280,000	\$3,775,000
Dorchester	13,885,000	13,225,000
Two Rivers	30,000,000	30,000,000
1) Arundel Gateway	22,500,000	22,500,000
	<u>\$70,665,000</u>	<u>\$69,500,000</u>

1) The County may issue an additional \$2.5M in Special Obligation Bonds.

## Tax Increment Financing

The County has passed legislation creating seven separate tax increment districts, six of which are supported by special taxing districts created within, or coincident with, such tax increment districts. The County has also authorized the issuance of special obligation bonds in the six special taxing districts for the purpose of financing projects in support of such districts. In each case, the bonding authority is for special obligation bonds secured by taxes levied on the tax increment and by special taxes levied on taxable property within the special taxing district. Such special obligation bonds may also be backed by the County's full faith and credit. As of January 31, 2016, approximately \$83,125,000 in aggregate principal amount of such tax increment and special taxing bonds are outstanding of which approximately \$37,125,000 are also guaranteed by the full faith and credit of the County.

## Special Community Benefit District Debt

As of June 30, 2015, debt attributable to shore erosion control districts in the County totaled \$2,755,088, debt attributable to waterways improvements districts in the County totaled \$635,461 and debt attributable to special community benefit districts totaled \$7,312. Ad valorem taxes or special benefit charges are levied on properties within the respective districts to provide for the payment of debt attributable to such districts. These items are included in the County's net tax supported debt position.

## **Revenue Authority**

There is one active revenue authority within the County, which is presented as a component unit in the County's financial statements. This authority was created in February 1998 to acquire, construct, improve, equip, furnish, maintain and operate Tipton Airport. The United States Army as part of the Fort Meade operation had previously operated this airport. During fiscal year 2002, title to the land and improvements transferred to Anne Arundel County. The County provides some support to the Authority for operating costs and capital improvements. A second authority was created to construct and manage recreational facilities within the County. This recreational authority is currently inactive.

## **Public School Financing**

### *State Assumption of Public School Capital Construction Costs*

Legislation enacted by the Maryland General Assembly in 1971 provides for the assumption by the State, under certain conditions, of the costs of public school construction projects and public school capital improvements on a State-wide basis. This law provides that the State of Maryland will pay the costs in excess of available Federal funds of all public school construction projects and public school capital improvements in the counties and Baltimore City, which have been approved by the Board of Public Works and empowers the Board of Public Works to define by regulation what shall constitute an approved construction or capital improvement cost. On December 30, 1987, the Board of Public Works adopted revised "Rules, Regulations and Procedures for the Administration of the School Construction Program" (the "Revised Rules").

Under these rules, the Board shall establish a maximum State construction allocation which is the maximum State participation for each project when it is being considered for inclusion in an annual capital improvement program for construction funding as follows:

(a) The maximum State construction allocation shall be based on the product of the latest adjusted average statewide per square foot cost of construction for schools in the State and the approved area allowances for the project as limited by the Public School Construction Program capacity and space formula and these rules and regulations.

(b) The average per square foot cost of school construction based on the best cost experience of schools constructed in the prior year(s) shall be published at least annually. The per square foot construction cost shall include site work, and the per square foot building cost shall exclude site work.

(c) The maximum State construction allocation shall also include adjustments for inflation to time of bid, regional cost differences, and a percentage for contingency as determined by the Committee.

(d) The maximum State construction allocation shall be adjusted to reflect the State and local sharing of this expenditure for all projects approved for local planning on or after February 11, 1987. The State share, which represents the maximum State construction allocation for the eligible portion of a construction contract is computed by applying a factor of 50% for the County to the factors cited in sections (a), (b) and (c) above.

## **Economic Development Revenue Bonds**

The County has encouraged industry to locate and remain in the County by, among other things, the issuance of industrial development revenue bonds and pollution control revenue bonds pursuant to the Maryland Economic Development Revenue Bond Act and earlier statutory authority and the Maryland Industrial Development Financing Authority Act. Economic development revenue bonds do not constitute indebtedness or a charge against the general credit or taxing powers of the County. For more detailed information, see "NOTES TO THE BASIC FINANCIAL STATEMENTS - Conduit Debt" in Appendix A.

## Statement of Legal Debt Margin

The following statement presents the County's Legal Debt Margins as of June 30, 2015:

### STATEMENT OF LEGAL DEBT MARGINS As of June 30, 2015

	<i>General Bonded Debt</i>	<i>Water &amp; Wastewater Utility Bonded Debt</i>
Assessed value of real property	\$75,746,985,754	\$69,711,641,932
Bonded debt limit to assessed value	5.2%	5.6%
Bonded debt limit of real property	\$3,938,843,259	\$3,903,851,948
Assessed value of personal/operating real property	\$2,184,576,800	\$2,034,348,330
Bonded debt limit to assessed value	13%	14%
Bonded debt limit of personal property	283,994,984	284,808,766
Legal limitation for the borrowing of funds and issuance of bonds	\$4,222,838,243	\$4,188,660,714
Bonded debt applicable to debt limit (1)(2)	984,948,632	538,865,806
Installment Purchase Agreements (1)	13,585,000	-
Tax Increment Bonds (1)	84,860,000	-
Bonded debt for Solid Waste projects (3)	33,881,295	-
Bonded debt for Watershed Restoration and Protection projects (3)	33,825,073	-
Legal debt margin	<u>\$3,071,738,243</u>	<u>\$3,649,794,908</u>

(1) See Note 8 of the Basic Financial Statements for explanations of the bonded debt limits.

(2) Includes \$15,735,000 of Compass Pointe Refunding Bonds.

(3) This presentation of debt for solid waste projects, and watershed protection and restoration projects is considered self-supporting.

## Certain Debt Ratios

The following table sets forth the County's ratio of net tax supported debt per capita, ratio of net debt to the County estimated market value, and ratio of tax supported debt per capita to per capita income.

Year Ended June 30,	Tax supported Debt (1)	Estimated Population (3)	Estimated Market Value (2)	Per Capita Personal Income	Tax Supported Debt Per capita
2011	\$956,289,000	544,976	\$84,881,333,000	\$57,785	\$1,755
2012	1,003,535,000	550,715	79,844,053,000	59,779	1,822
2013	1,054,377,000	556,348	76,847,974,000	59,999	1,895
2014	1,108,311,000	560,133	76,493,372,000	62,307	1,979
2015	1,238,609,000	563,236	77,931,563,000	64,043	2,199

(1) Includes fee supported Watershed Protection and Restoration Bonds in the amount of approximately \$33.8 million and does not include the Bonds offered hereby.

(2) These figures represent the market value of all taxable property. (See "FINANCES - Property Taxes, Assessments and Collections")

(3) Population totals are estimates of the County Office of Planning and Zoning.

Source: Office of Finance (unaudited)

The following table sets forth the County's debt service expenditures for tax-supported debt as a percentage of General Fund Revenues, Expenditures and Encumbrances.

**RATIO OF GAAP ANNUAL DEBT SERVICE FOR TAX-SUPPORTED DEBT  
TO TOTAL GENERAL FUND REVENUES AND EXPENDITURES (BUDGET BASIS)  
Last Five Fiscal Years**

Fiscal Year Ended <u>June 30,</u>	Debt Service*	Total General Fund <u>Expenditures</u>	as a Percentage of Total <u>Expenditures</u>	Total General Fund <u>Revenues</u>	as a Percentage of Total <u>Revenues</u>
2011.....	\$93,879,569	\$1,161,865,410	8.08%	\$1,167,002,295	8.04%
2012.....	109,156,174	1,175,738,991	9.28	1,188,526,176	9.18
2013.....	114,098,694	1,241,491,489	9.19	1,275,801,760	8.94
2014.....	118,988,757	1,316,345,834	9.04	1,287,677,566	9.24
2015.....	147,243,932	1,342,510,598	10.97	1,349,569,154	10.91

\* includes all tax supported debt service recorded in all governmental funds including the General Fund, Tax Increment Districts, Installment Purchase Agreements, loans to special taxing districts, and capital leases.

## **County Debt Policies**

### ***Legal Debt Policy Statement***

In passing the Authorizing Ordinance, the County Council adopted the policy statement given below for the purpose of indicating the County's intention with respect to the issuance of bonds authorized thereunder and to guide the County Executive or Chief Administrative Officer, as the case may be, in the exercise of the authority conferred by the Authorizing Ordinance.

(1) It is essential that the County continue to provide, in timely fashion, the public facilities necessary to serve its population, which has increased significantly in recent years, while at the same time retaining and supporting substantial rural and agricultural elements of the County's economy which enable the County to enjoy the benefits of a balanced and diverse economy. All or a portion of the cost of such facilities will have to be financed through the borrowing of money by the County on a reasonably long term basis in order that the burden of such cost may be equitably apportioned among present and future taxpayers. However, it is equally essential that the credit standing of Anne Arundel County, Maryland, be preserved and, if possible, improved to the end that the cost of borrowing money by the County will not be unduly burdensome. To aid in achieving these basic objectives, the County Executive or the Chief Administrative Officer, as the case may be, shall, to the maximum extent possible, exercise the authority conferred by the Authorizing Ordinance upon him within the following guidelines as well as within the fixed limitations prescribed herein and in the County Charter.

(2) Sale of bonds under the Authorizing Ordinance shall be spaced at least six (6) months apart when practicable; provided, however, that bonds may be sold hereunder at such other intervals as the County Executive, or the Chief Administrative Officer, as the case may be, may deem advisable due to financial or market conditions prevailing at the time.

(3) To provide an adequate flow of funds for capital projects, to limit amounts borrowed to the costs incurred for such projects, and to facilitate the selection of the most advantageous times for the sale of bonds, bond anticipation notes may be sold for such projects from time to time, repayable from the proceeds of the appropriate series of such bonds, when issued.

(4) The authority conferred by the Authorizing Ordinance shall be so exercised that the estimated maximum annual debt service obligation resulting therefrom plus current debt service payable by the County on outstanding obligations does not exceed an amount equal to twenty percent (20%) of the estimated net amount of all direct and indirect revenues of the County for the current fiscal year, including utility revenues, calculated by subtracting from gross revenues all debt service withheld or to be withheld by the State or any agency thereof during such fiscal year.

(5) All bonds issued and sold by the County under the Authorizing Ordinance shall be unconditional general obligation bonds of the County within the limitations of indebtedness set forth below as prescribed by the County Charter and the ordinances enacted pursuant thereto. Before any such bonds are issued for revenue producing projects of water or wastewater utilities, the County Executive, or the Chief Administrative Officer if authorized by the County Executive, shall determine that the estimated revenues of such projects, or the actual and estimated revenues of such projects and the utilities of which they are a part, are, or will be, sufficient to pay the cost of operation and maintenance of such projects and the maturing principal of and interest on all indebtedness incurred with respect thereto, including such bonds. The authorization by the Authorizing Ordinance of general obligation bonds of the County for revenue producing projects shall not be construed to preclude the County Council from authorizing in the future the issuance of bonds payable solely from the revenues of similar projects or utilities.

The County has adopted a debt management policy (the "Debt Management Policy") which sets forth the borrowing limits pursuant to Resolution No. 34-15 adopted by the County Council on July 6, 2015, which may be amended and supplemented. The County's debt management policy constitutes the local debt policy of the County required by Section 17-207 of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2014 Supplement).

The validity of any proceedings or action taken pursuant to this Ordinance shall not be limited by or otherwise impaired by the Debt Management Policy. (See "INDEBTEDNESS – County Debt Policies – Administrative Debt Management Policies" below).

### ***Spending Affordability Committee***

The Charter established a Spending Affordability Committee for the County in fiscal year 1991. This committee is charged to make advisory recommendations to the Office of Budget, the County Executive and the County Council relating to spending affordability, including County spending levels to reflect the affordability of the taxpayers to finance County operations and service long-term debt.

The committee members are appointed by the County Executive and confirmed by the County Council. The committee is required to prepare a report every fiscal year. The committee is required to prepare an annual report by the end of January preceding each fiscal year.

### ***Administrative Debt Management Policies***

The County Administration has developed the Debt Management Policy to be used in planning future debt issuance levels. The Debt Management Policy, along with the debt affordability study described below, were developed in order to help the County maintain its creditworthiness while at the same time ensuring that necessary capital projects will be funded. The Debt Management Policy has been adopted to serve as a guideline by the current County Administration with respect to the exercise of debt issuance authority granted to the administration in the Authorizing Ordinance.

The policies set out below consist of the County's current debt ratios and guidelines to be followed in future years. The guidelines apply to general obligation debt payable from the General Fund.

#### **Current Debt Ratios and Future Guidelines (Unaudited)**

	<u>Actual June 30, 2015</u>	<u>Actual June 30, 2014</u>	<u>Current Guidelines</u>
Debt to Estimated Full Value	1.31%	1.22%	1.50%
Debt Per Capita	\$1,803	\$1,698	\$3,000
Debt to Personal Income	2.80%	2.70%	3.00%
Debt Service to Revenues*	9.00%	8.90%	10.00%

\*Includes General Fund principal and interest on General Obligation Debt.

Source: *Office of Finance*

The guidelines were established to allow the County some flexibility in the event that economic and demographic growth do not meet projections while still setting limits so that needs do not exceed resources and result in an excessive debt burden. In addition to the debt ratio guidelines, the County Administration intends to adhere to the following debt management guidelines:

- *The Administration will conservatively estimate revenues to maintain a positive General Fund balance.* This policy is designed to provide a cushion in the event that there is an economic downturn.

- *The Administration does not intend to issue tax or revenue anticipation notes to fund governmental operations.* The Administration intends to manage the County's cash in a fashion that will prevent any borrowing to meet working capital needs.

- *The Administration does not intend to have any bond anticipation notes outstanding for a period of longer than two years.* If the Administration issues a bond anticipation note for a capital project, the note will be converted to a long-term bond or redeemed at its expiration.

- *The Administration will recommend budget contributions to Pay-As-You-Go financing in each fiscal year.* In order to reduce the future debt service burden, each budget will include a recommended contribution to Pay-As-You-Go financing.

- *The Administration will update the County's debt affordability study each year in conjunction with the capital budget process.* This study will help the Administration monitor the County's debt position and ensure that the debt ratio policies are met.

- *The Administration will continue to examine alternative funding sources in order to provide long-term tax relief.* Funding sources used in the past have included tax increment districts, private sector partnerships, Pay-As-You-Go funding and developer impact fees.

- *In budget recommendations, the Administration will designate impact fees to be collected from developers to fund a portion of the costs associated with school and transportation facilities necessary as a result of new development.* In addition, the Administration will endeavor to assess other appropriate impact fees, where possible.

### **Financing Plans**

The 2017 to 2021 Capital Program includes \$1,257,071,700 in projected bond authorizations of which \$664,960,000 are projected for tax supported projects. During the course of the five year period these projected bond authorizations are estimates and may or may not result in bond sales over this period. The County assesses its five-year Capital Program on an annual basis and appropriates funds for projects based on affordability.

### **Capital Appropriations and Funding Sources**

The following presents the County's current and projected capital appropriations and funding sources approved for fiscal year 2016. Any activity related to the Bonds is not reflected in the schedule.

**SCHEDULE OF CAPITAL PROJECTS APPROPRIATIONS AND FUNDING SOURCES**

## **SECTION FIVE: ECONOMIC AND DEMOGRAPHIC INFORMATION**

### **Description and Government**

Anne Arundel County is located approximately thirteen miles east of Washington, D.C. with Baltimore City and Baltimore County as its northern boundary and the Chesapeake Bay as its entire eastern boundary. The County is also bordered by Howard County to the west, Prince George's County to the southwest and Calvert County at its southern tip. The County is situated within the Atlantic Coastal Plain and its terrain varies from flat plains to rolling hills. There is approximately 533 miles of shoreline along the Chesapeake Bay.

Over the past decade, the nature of land use in Anne Arundel County has changed and the County's population has significantly increased. During this period, the County's economy has diversified and continued to grow as a part of the Baltimore-Washington metropolitan region, although it retained much of its rural and agricultural character.

Under the home rule charter since 1965, Anne Arundel County is governed by an elected County Executive and a seven-member County Council (See "County Administration"). The government seat of Anne Arundel County is located within the corporate limits of the City of Annapolis. The County is authorized to issue debt, subject to certain indebtedness limitations, for the purpose of financing its capital projects and to incur other indebtedness having maturity not in excess of twelve months. (See "Indebtedness")

### **Population**

With a current population of approximately 560,133, Anne Arundel County is the fifth largest jurisdiction in the state of Maryland. Approximately 9 percent of the state's total population resides in Anne Arundel County.

According to the U.S. Census Bureau, the County grew by approximately 22,477 people (or 4 percent) between 2010 and 2014. In actual numbers this population growth ranked third in Maryland. The majority of the population growth occurred in Odenton, Crofton, Severn, and Jessup/Maryland City, which is located in the western part of the County.

According to the U.S. Census Bureau's 2009-2014 American Community Survey (ACS) 5-Year Estimates, 28.8% of the County's population has obtained a bachelor's degree or higher. Approximately 23.8% of the working population is employed by government agencies, whereas 76.1% is employed in the private sector or self-employed. The median age of persons in the County is 38.5 years old.

The following data table shows the total population and the rate of growth for Anne Arundel County, the State of Maryland, and United States from 1993 through 2014.

2013	57,890	52,545	44,438	110.17%	130.27%
2014	59,574	54,176	46,049	109.96%	129.37%

Source: U.S. Department of Commerce, Bureau of Economic Analysis data (file lapi1115.pdf) - Updated November 20, 2015; revised estimates for 2011-2014.

In 2014, Anne Arundel County had a per capita personal income (PCPI) of \$59,574. This PCPI ranked 4th in the state and was 110 percent of the state average, \$54,176, and 129 percent of the national average, \$46,049. The 2014 PCPI reflected an increase of 2.9 percent from 2013. The 2013-2014 state change was 3.1 percent and the national change was 3.6 percent. In 2004 the PCPI of Anne Arundel County was \$46,247 and ranked 4th in the state. The 2004-2014 compound annual growth rate of PCPI was 2.6 percent. The compound annual growth rate for the state was 2.7 percent and for the nation was 3.0 percent.

***Median Household Income***

The median household income divides the income distribution into two equal groups: households having incomes above the median and households having incomes below the median. According to the 2010-2014 ACS, the median household income of the County was \$89,031, well above the median household income of the State of Maryland, \$74,149, and the Country, \$53,482. The following table compares median household incomes of the County, State, and the Country for the years 2010 through 2014.

**ANNE ARUNDEL COUNTY, MARYLAND, AND UNITED STATES  
MEDIAN HOUSEHOLD INCOME**

<b><u>Geography</u></b>	<b><u>2010</u></b>	<b><u>2011</u></b>	<b><u>2012</u></b>	<b><u>2013</u></b>	<b><u>2014</u></b>

## Employment Base

Information on the employment base of a jurisdiction helps one to understand the diversity and health of the local economy. Job growth by industry and local unemployment rate provide insight into the strengths and weaknesses of the local economy as compared to the State and Country.

The chart below shows employment by industry profile for Anne Arundel County, the State of Maryland, and the United States using the North American Industry Classification System (NAICS), which was introduced as a standard in 2001. Included are all workers covered by the Unemployment Insurance (UI) Law of Maryland and the Unemployment Compensation for Federal Employees (UCFE) program.

**Economic Development Projects**

***Chesapeake Innovation Center***

The Chesapeake Innovation Center (CIC) is a business incubator located in Anne Arundel County in Odenton, Maryland. The CIC’s mission is to act as a business accelerator by nurturing emerging technology companies and creating connections among company technologies in the institutions of Department of Homeland Security and Department of Defense and private defense contractors/integrators. The CIC works to commercialize the products and services of its member and affiliate companies with its partners.

Since 2003, the CIC has provided support to over 50 companies. Currently, the CIC has five member companies; Dark Web ID, Hippocampus Analytics, LTCMS, MEDEX Spot and QuotePie. In FY 2015, Authentik Solutions and kloudtrack® graduated from CIC resident membership.

***Fort Meade Federal Campus/National Security Agency***

Fort George G. Meade (“Fort Meade”) is a 5,067-acre facility located midway between Routes 175 and 32 in western Anne Arundel County. Fort Meade provides support services to 117 Department of Defense (DoD) and

non DoD organizations representing all military branches and several federal agencies. Major tenants include National Security Agency (“NSA”), Defense Information Systems Agency (“DISA”), U.S. Cyber Command, the Defense Information School, Defense Courier Service, U.S. Army Central Personnel Security Clearance Facility and the U.S. Environmental Protection Agency Science Center. The installation has the third largest workforce of any Army installation in the United States and is the largest employer in Maryland when Fort Meade and NSA employees are combined. The estimated work force at Fort Meade is 53,733 with military and civilian employees. Fort Meade contributes over \$18,000,000,000 a year to the state, regional and local economy.

The mission of Fort Meade is expanding as the installation becomes the cyber and information assurance center of the Department of Defense. Multiple projects, including a data center and additional office buildings, are currently under construction on the facility with projected completion dates spanning over the next three years.

*Source: Fort Meade’s web site, [www.ftmeade.army.mil](http://www.ftmeade.army.mil) and presentations by Ft. George G. Meade.*

### ***Arundel Preserve***

Arundel Preserve is a 263-acre mixed-use project being developed by Somerset Construction Company, Corporate Office Properties Trust, Chesapeake Real Estate Services, Bozzuto and Toll Brothers. The project is located in western Anne Arundel County in Hanover near the Arundel Mills Mall. The project is composed of three developments which comprise 1,300,000 square feet of office space, a residential component, 300,000 square feet of retail space and a hotel. Corporate Office Properties Trust is building the office component which will include eleven office buildings across 63 acres.

The Arundel Preserve project has completed 1,078 apartments in three apartment complexes and 227,000 square feet of commercial space, including the Shops at Arundel Preserve and Phase I of the Town Center. The Corporate Center has completed two office buildings totaling 276,000 square feet of space. Both buildings are occupied by cyber security company KeyW.

Currently there are plans to add a 233-unit apartment complex behind the current hotel in Arundel Preserve. Other projects are in planning but no definite announcement has been publicized.

*Source: Anne Arundel Economic Development Corporation.*

### ***National Business Park***

National Business Park is located in western Anne Arundel County on Routes 32 and 295 in Annapolis Junction. The park is being developed by Corporate Office Properties Trust (COPT) and is home to larger defense contractors such as Northrop Grumman, L-3 Communications, CSC, General Dynamics and other Department of Defense tenants. Currently, the 225-acre National Business Park North is under construction adding an additional 2.0 million square feet to the park. The expansion will accommodate defense contractor growth resulting from the location of U.S. Cyber Command and the National Security Agency at Fort George G. Meade. At completion, National Business Park will have over 5,400,000 square feet of office space on 519 acres

*Source: Anne Arundel Economic Development Corporation.*

### ***Odenton Town Center***

The Odenton Town Center (OTC) incorporates an area of 1,233 acres located in the western part of Anne Arundel County in close proximity to Fort George G. Meade. The OTC is located in the center of an area that has experienced tremendous residential and business growth in recent decades and is expected to experience even more growth in the decades to come. There are over 10 projects at some stage of the development process within the Odenton Town Center.

Independence Park at Odenton Town Center is a 128-acre site located off Route 175 at Route 32 in the town center. The developer is The Halle Companies who is proposing a residential, retail and office complex mix. The project will provide up to 3.0 million square feet of high-tech office space that will meet Federal Government

security requirements. Infrastructure improvements necessary for the success of Odenton Town Center development, such as the construction of Town Center Boulevard and electric utility extensions, are currently in the planning process. The water and sewer infrastructure improvements were completed in spring 2014.

Other projects in the core area of the Odenton Town Center are complete, in the construction phase or in planning. The Village at Odenton Station located next to the Odenton MARC Station is complete and continues leasing with the addition of Ruth Chris Steak House and Kiddie Academy Daycare in 2015. Odenton Gateway is complete and is home to a Community Health Center, a Patient First, a CVS Pharmacy and The Haven at Odenton Gateway, a 252-unit apartment complex. The 55-acre Flats 170 at Academy Yard project has completed the residential component, a 369-unit apartment complex. Additional apartments and retail development were completed in 2015 with the opening of Novus @ Town Center, a 175-unit apartment complex, and Broadstone West 32, a 212-unit apartment complex. Odenton Town Square, a 24-acre Transit Oriented development, is in the planning phase and includes a residential, retail and office component.

## **Economic Development Initiatives**

### ***Arundel Business Loan Fund (ABL)***

The ABL Fund offers a non-bank alternative for small business loans from \$50,000 to \$300,000 to new and expanding companies located in Anne Arundel County. Most loans are guaranteed by the US Small Business Administration. Currently there are 23 outstanding loans totaling \$1,066,636 in funds.

Source: Anne Arundel Economic Development Corporation.

### ***Business Corridor Investment Loan Program (ACR)***

The Arundel Community Reinvestment (ACR) loan program encourages economic activity in the County's sixteen commercial revitalization districts. The ACR loan fund offers qualified business owners zero interest loans of up to \$50,000 for improvements to the exterior and interior of their business. Currently Anne Arundel Economic Development Corporation has twenty-six outstanding loans totaling \$505,738 in funds.

Source: Anne Arundel Economic Development Corporation.

### ***VOLT Loan Program***

Anne Arundel Economic Development Corporation is a fund manager for a \$5.36 million loan fund for the Small, Minority, Veteran and Women-Owned businesses in Maryland. The loan program is funded by 1.5% of the video lottery terminal (VLT) revenue from Maryland casinos. Under State guidelines 50% of loan funds available must be placed within 10 miles of three existing VLT sites at Arundel Mills (Anne Arundel County), Perryville (Cecil County), and Ocean City (Worcester County), with the remainder to be placed statewide. Currently Anne Arundel Economic Development Corporation has thirty-three outstanding loans totaling \$4,500,000.

Source: Anne Arundel Economic Development Corporation

### ***Arundel Microloan Fund (AMF)***

In October 2014, Anne Arundel Economic Development Corporation ("AEDC") was awarded \$500,000 from the Department of Housing and Community Development to create the Arundel Microloan Fund (AMF). The fund is designed to benefit qualified small businesses in the county that are located in designated Sustainable Community areas. Businesses must have no more than five employees at the time of application and annual revenues of \$500,000 or less. Eligible uses for the microloan funds include working capital, marketing, real estate acquisition down payment, renovations, leasehold improvements, and equipment purchase and business start-up

costs. Currently Anne Arundel Economic Development Corporation has one outstanding loan totaling \$152,500.

*Source: Anne Arundel Economic Development Corporation.*

### ***Base Realignment and Closure Revitalization and Incentive Zones – BRAC Zone***

In 2008, Maryland legislation was signed authorizing the creation of BRAC Zones in areas impacted by BRAC growth. The program provides an appropriation of funds, similar to enterprise zone rebates, to be provided to counties with approved BRAC Zones to defray the cost of infrastructure and other improvements within the area impacted by BRAC related growth. The Anne Arundel County zone includes 777 acres near the MARC Odenton station along Maryland Route 175 encompassing the Village of Odenton Station and Odenton Town Center projects. To date, there have been sixteen projects completed in the BRAC Zone, two near-term projects that are under construction and five projects in the pipe-line.

*Source: Anne Arundel Economic Development Corporation.*

## **Transportation**

### ***Light Rail***

The light rail service is a 30-mile system linking Hunt Valley in Baltimore County to the Cromwell Station in Glen Burnie via downtown Baltimore. It operates seven days a week with runs every 17 minutes, carrying an average of 24,000 riders per day in FY 2015. The light rail system in Anne Arundel County connects Baltimore/Washington International Thurgood Marshall Airport (“BWI Thurgood Marshall”) with Baltimore City and business and retail centers in Northern Anne Arundel County. Opportunities exist throughout the line to transfer to other means of public transportation. More than 90% of the 30-mile system consists of double tracking allowing for more frequent service, accommodating more passengers and improving the reliability and safety of the light rail program.

*Source: Maryland Department of Transportation, MD.gov Open Portal Stats.*

### ***Rail Service***

Maryland Rail Commuter service (“MARC”) is a state-owned, 187-mile, 3-line system operating between Washington, D.C., Baltimore, MD, Martinsburg, WV, and Perryville, MD. There are forty MARC system stations with parking available at most rail stops. The MARC Camden Line originates in downtown Baltimore and runs through the Anne Arundel County section of Laurel to Union Station in Washington, D.C. The MARC Penn Line runs through BWI Thurgood Marshall Airport and Odenton to Union Station. An Odenton/MARC Shuttle Bus Service, operated the by Regional Transit Agency of Central Maryland, offers a shuttle service from the Odenton station to Arundel Mills Mall and Waugh Chapel in West County with various stops. Other rail service offered includes the Amtrak Metroliner service from BWI Thurgood Marshall Airport to New York City and weekend service to the Wilmington, Philadelphia, and Washington, DC areas.

Maryland offers businesses two class-one rail carriers, CSX Transportation and Norfolk Southern freight carriage service to the Port of Baltimore. Maryland’s freight rail service offers shippers an efficient rail service to all U.S. interior points, Canada and Mexico.

### ***Roadways***

The County has a well-maintained and easily accessible highway system, facilitating the movement of goods and people throughout the region. There are three major north/south arteries (I-97, Rt. 2, and the Baltimore-Washington Parkway Rt. 295) and three major east/west highways (Rt. 50/301, Rt. 100, and Rt. 32). Trucks leaving the Port of Baltimore or BWI Thurgood Marshall Airport have access to a superior state and interstate highway system, including I-95, I-695, and I-70 that allow goods to reach one-third of U.S. consumer markets in an overnight drive.

The fiscal years 2016-2021 Maryland Department of Transportation Capital Transportation Program is \$15.5 billion with half of that being allotted to the State Highway Administration for road projects. The Maryland Department of Transportation continues to be committed to projects that invest in Maryland's transportation system resulting in job creation and the support of Maryland industries and businesses. Efforts continue to address traffic congestion on MD 175. In fiscal year 2015 construction was underway on the intersection improvements along MD 175 at Mapes Road and Reece Road, improving turn lanes and adding a security fence and tree buffer along Fort Meade's property. Future plans include additional widening of lanes along Route 175 and improvements to Maryland 295 interchanges along Route 175.

*Sources: Multiple sources gathered by Anne Arundel Economic Development Corporation; Maryland Consolidated Transportation Program FY 2016 to FY 2021.*

### ***Trucking Services***

Maryland's strategic location midway along the East Coast allows overnight truck access to 32 percent of the nation's population and 34 percent of the country's manufacturing establishments. Over 5,000 private haulers and independent, common, and contract carriers operate within and from Maryland. These companies represent a collective fleet of more than 16,000 vehicles. The Port of Baltimore (the "Port") and BWI Thurgood Marshall (the "Airport") are thriving hubs for freight forwarders, trucking companies, warehousing and distribution facilities, and intermodal transfer activity. Because the Port and Airport are located just minutes from I-95, the main north/south route on the East Coast, trucks can reach more than one-third of the U.S. markets within an overnight drive. Both conventional and specialized trucking services are available at the Port and Airport.

*Source: Maryland Distribution Council.*

### ***Bus Service***

Anne Arundel County has a variety of public and private bus systems that service the City of Annapolis and many residential, shopping, and employment centers of not only Anne Arundel County but regionally. Services are provided by Maryland Transit Administration (MTA), Annapolis Transit (AT), Regional Transportation Agency (RTA), MTA Commuter Bus Service, Young Transportation Service and Washington Metropolitan Area Transit Authority. These bus services coordinate with Anne Arundel County to develop new bus service to business parks and other workplace centers as the need arises.

In an effort to grow and improve the transportation services available to federal workers, the Maryland Transit Administration operates a bus transit plan for the Intercounty Connector (ICC). The express buses on the ICC connect Montgomery County to Greenbelt, Columbia, Fort Meade Arundel Mills and BWI Thurgood Marshall Airport.

### ***Air Services***

Baltimore/Washington International Thurgood Marshall Airport ("BWI Thurgood Marshall") is a 3,596-acre state operated facility that is part of the Maryland Aviation Administration under the authority of the State Department of Transportation. BWI Thurgood Marshall offers a 2.0 million square feet passenger terminal with five concourses, 68 jet gates and five gates dedicated to commuter aircraft. Thirty-six airlines (including commuter, charter, and cargo airlines) serve BWI Thurgood Marshall with an average of 734 daily operations. Light Rail, Amtrak, and MARC train service are available connecting the airport with many destinations in Washington and the Baltimore area.

The airport's annual economic impact includes \$7,000,000,000 in business revenue for Maryland, employing an estimated 9,717 people directly and generating employment for some 97,737 people in the Baltimore-Washington region with direct, indirect, and induced jobs combined.

BWI Thurgood Marshall served 22,759,134 passengers in fiscal year 2015, a 2.3% increase over fiscal year 2014. In fiscal year 2015, BWI continued to enhance its services with the announcement by Southwest Airlines of additional international service to Costa Rica, Aruba, Montego Bay and Nassau. WOW Airlines started seasonal nonstop service between BWI Marshall to Reykjavik, Iceland in June 2015. International traffic at BWI Thurgood Marshall is experiencing double digit growth with the addition of the new international offerings.

*Source: Baltimore/Washington International Thurgood Marshall Airport, [www.bwiairport.com](http://www.bwiairport.com).*

### ***Tipton Airport***

As a result of the BRAC Act of 1988, Tipton Army Airfield at Fort Meade was privatized for civilian use. The 366-acre airport reopened as a public facility in November 1999. Bordered by Fort Meade, the National Security Agency, and the Patuxent National Wildlife Refuge, Tipton is almost equal distance from Baltimore, Washington, Annapolis, and Columbia.

Tipton Airport is located on MD Rt. 32 and minutes from the Baltimore-Washington Parkway, BWI Thurgood Marshall, I-95 and I-97. The airport accommodates sport, recreational, private, and business aircraft. Available facilities include a 3,000' x 75' runway; acres of concrete apron; 4 large hangers with more than 78,000 square feet of aircraft storage space and more than 34,000 square feet of aircraft maintenance and office space.

*Source: Tipton Airport Authority, [www.tiptonairport.org](http://www.tiptonairport.org).*

### ***Port of Baltimore***

The Port is located in Baltimore in the center of the Washington-Baltimore Common Market, the fourth largest consumer market in the nation. This location makes it the closest Atlantic seaport to major mid-western populations and manufacturing centers and within a day's reach to one-third of U.S. households. The Port of Baltimore is one of only two Eastern U.S. Ports with a 50 foot shipping channel, allowing it to accommodate some of the largest container ships in the world.

The Port of Baltimore is one of the top ten major employment centers in the State of Maryland supporting 33,920 jobs, 13,650 of those are direct jobs generated by cargo and vessel activities at the Port. The Port generates approximately \$2,200,000,000 in business revenues in the State of Maryland. Activities at the Port generate another \$310,000,000 in state, county and municipal tax revenues.

In 2014, cruise activity at the Port supported 440 direct, induced and indirect jobs and generated \$69,800,000 in business revenues to local businesses supplying services to the cruise industry. More than 200,000 passengers launch from the Port of Baltimore on Carnival and Royal Caribbean Cruise Lines sailing to such destinations as Bermuda, Canada, and the Caribbean Islands.

## **Tourism**

Anne Arundel County leads all other Maryland counties in generating economic impact through travel. In 2014, 6,731,800 travelers visited Anne Arundel County to enjoy the many attractions and amenities including but not limited to, the 533 miles of shoreline, the historic Annapolis area, the U.S. Naval Academy, the annual boat shows and festivals and Arundel Mills Mall. During their stay travelers spent an estimated \$3,550,700,000 which is 22% of all travel expenditures in Maryland. The tourism industry in Anne Arundel County supports 20,670 direct jobs and another 9,134 indirect jobs. These tourism jobs generate \$989,100,000 in direct payroll income and another \$649,800,000 in income from jobs indirectly impacted by tourism. Tourism expenditures in the County account for \$434,700,000 in state and local taxes. These revenues provide needed infrastructure monies for general fund projects and services.

Anne Arundel County generated \$17,422,719 in gross hotel tax in fiscal year 2015, an 8.0% increase over fiscal year 2014. The County continues to experience new hotel growth in northern Anne Arundel County in the Arundel Mills Mall area with the opening of a 96-room Fairfield Inn and Suites in May 2015 and a Home2Suites currently under construction in Hanover.

Maryland Live! Casino, a 330,000 square foot gaming facility, opened in June 2012 at Arundel Mills Mall in northern Anne Arundel County. The facility is the largest gaming facility in Maryland with 4,000 slot machines and electronic table games, 150 live table games and 52 poker tables, plus restaurants and entertainment venues. The Casino is estimated to generate \$400,000,000 in annual revenue for the State of Maryland with \$20,000,000 of that revenue going directly to Anne Arundel County. The casino operates on a 24-hour basis and employs 3,000 people. A \$150,000,000 expansion was approved in fall 2015 to include a convention center, a 300-room hotel and additional restaurants. The expansion will create 800 new permanent jobs and 1,000 temporary construction jobs.

## **Housing**

According to the 2000 census, the County had 186,937 housing units. The 2014 American Community Survey (five-year estimate) estimates the County now has approximately 215,897 units; a growth of 28,960 units since the 2000 census. Single-family (detached and attached) units account for approximately 81 percent of total units.

According to the Maryland State Department of Planning Data Center, from 2000 to 2015 Anne Arundel County has ranked first in new construction in the Baltimore metropolitan region (defined as Anne Arundel County, Baltimore County, Carroll County, Harford County, Howard County, and Baltimore City). In 2012, Anne Arundel County was ranked second to Montgomery County in the state, in 2013 was ranked third and in 2015 was ranked first in the state with 1,116 new units.

The following table compares new housing units authorized for construction between 2001 and 2015 with the state.

**ANNE ARUNDEL COUNTY AND MARYLAND

Source: Maryland Department of Planning, State Data Center 2015 New Housing Units Authorized for Construction

According to the Census Bureau's 2014 American Community Survey 5-year estimates, the median home value in Anne Arundel County was \$333,100 (margin of error +/- \$2,665), which is \$45,600 higher than the median value in the State of Maryland (\$287,500 margin of error +/- \$847). In the American Community Survey the median gross rent was \$1,479 (margin of error +/- \$24) per month in Anne Arundel County and \$1,218 (margin of error +/- \$5) per month in Maryland.

## Construction Activity

In fiscal year 2015, residential development showed a significant increase, led by new apartment buildings. New construction for commercial development dipped from the previous year. The outlook for fiscal year 2016 includes continued growth on the residential side fueled by apartment construction. Commercial construction is expected to be in line with the previous year. Building permit data for the last five fiscal years is shown below:

### BUILDING PERMITS (\$ in 000's)

Year	Residential				Commercial				Combined	
	New Construction		Other		New Construction		Other		Total All Permits	
	Issued	Value	Issued	Value	Issued	Value	Issued	Value	Issued	Value

## SECTION SIX: COUNTY ADMINISTRATION

### General

Under its Charter, the County's executive functions are vested in the elected County Executive and the Chief Administrative Officer. The County Council is the County legislative body and its seven members each represent one of the seven relatively equally populated councilmanic districts in which the elected Council member must reside. Each current County Council member was elected by the district that he or she represents. Council members and the Executive (who is elected county-wide) serve four-year terms, with a two-term limit.

Each member of the County Council has one vote, and a simple majority of the County Council is sufficient to pass legislation in the absence of higher voting requirements. Emergency bills require the vote of five County Council members, as do County Council actions to override a veto by the County Executive. The County Council elects its own chairman annually. A chart of the County government organization may be found on the following page.

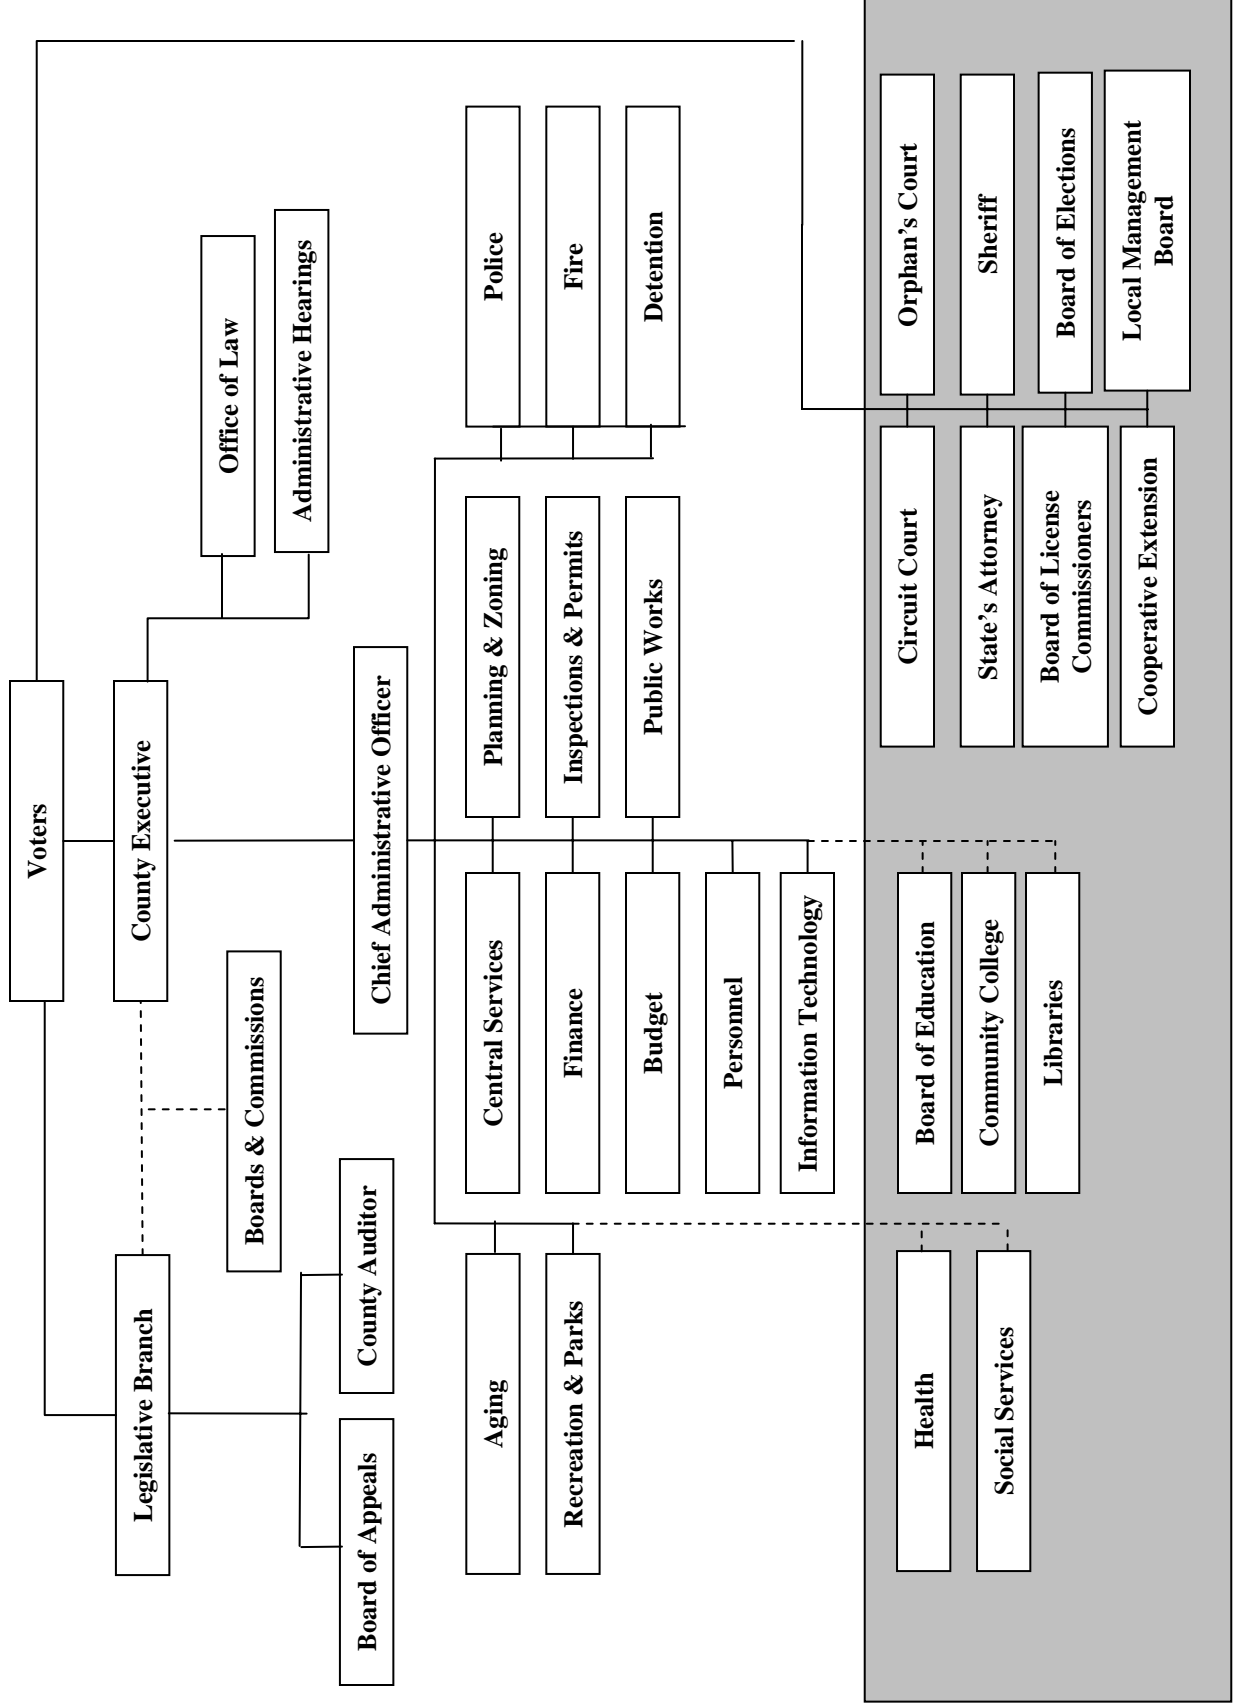

The County's financial matters are administered through the Office of Finance by the Controller of the County. The Controller is appointed by the County Executive on the basis of experience in financial administration and skill in public administration and governmental budgeting, and serves under the supervision of the Chief Administrative Officer. The Controller is charged with the administration of the financial affairs of the County, which generally include: the collection of State and County taxes, special assessments, water and wastewater utility charges, fees and other revenues and funds of every kind due to the County; the enforcement of the collection of taxes in the manner provided by law; the custody and safe-keeping of all funds and securities belonging to or by law deposited with, distributed to, or handled by the County; managing the level of County debt and making required payments thereon; the disbursement of County funds; the keeping and supervision of all accounts; and such other functions as may be prescribed by the Chief Administrative Officer or by legislative act of the County Council not inconsistent with the Charter of the County.

With respect to budget matters, the Office of the Budget, headed by the Budget Officer, appointed by the County Executive and under the supervision of the Chief Administrative Officer, is responsible for formulating the budget; studying the organization, methods, and procedures of each office, department, and agency of the County government; the submission to the Chief Administrative Officer of periodic reports on efficiency and economy; and such other duties and functions as may be assigned by the Chief Administrative Officer or by legislative act of the County Council not inconsistent with the County Charter.

Under the Charter, the County Executive has the power to appoint, without confirmation of the County Council, the Chief Administrative Officer, Budget Officer, County Attorney, County Controller, Personnel Officer, Planning and Zoning Officer, Director of Inspection and Permits, Administrative Hearing Officer, Director of Public Works, Chief of Police, Fire Chief, Director of Aging and Disabilities, Superintendent of Detention Facilities, Central Services Officer, Director of Information Technology, and Director of Recreation and Parks.

The current County Charter allows for flexibility in reorganizing the executive branch. On the recommendation of the County Executive, the County Council, by an ordinance known as a reorganization ordinance, may create new offices, departments, bureaus, divisions or other units of the executive branch; may reorganize, reassign or abolish existing officers, departments, bureaus, divisions or other units of the executive branch of the County government; and may provide for the unit of the executive branch to report directly to the County Executive.

# Anne Arundel County, Maryland

## **County Executive, Certain Appointed and Legislative Officials**

### *Executive*

STEVEN R. SCHUH, County Executive, was elected in November 2014. Prior to being elected County Executive, Mr. Schuh served two terms in the Maryland General Assembly representing District 31, which included Pasadena and parts of Glen Burnie and Brooklyn Park. He was a member of the Economic Matters Committee and was chosen by his colleagues to serve as Chairman of the Anne Arundel County Delegation to the House of Delegates.

Mr. Schuh has been in business for nearly 30 years. As president of the private equity firm Schuh Advisory, he started businesses that now employ more than 400 people in the region. He was previously a Managing Director of Maryland-based Alex. Brown & Sons, the oldest investment banking firm in the United States, and of Credit Suisse, an international financial services firm.

Mr. Schuh earned a Bachelor's degree in economics and government from Dartmouth College and Master's degrees in business and in education from Harvard University and Johns Hopkins University, respectively.

### *Appointed*

MARK D. HARTZELL, is Chief Administrative Officer of Anne Arundel County.

Mr. Hartzell previously served as Executive Vice President with Computershare, Inc. since 2010 and served as a member of the U.S. Executive Committee. Computershare is a global provider of financial services. As Executive Vice President, he led the sales and marketing division of the company. As a member of the U.S. Executive Committee, he helped managed approximately 4,000 employees in multiple locations.

Prior to his time at Computershare, Hartzell was a managing director at J.P Morgan Chase, where he led the Global Sales and Client Management organization. J.P Morgan Chase is an American multinational banking and financial services company. It is the largest bank in the United States, with total assets of US\$ 2.6 trillion. It is a major provider of financial services, and currently is the world's third largest public company based on a composite ranking.

Prior to his position at J.P. Morgan Chase, Hartzell held senior management positions at Citibank and U.S. Bancorp.

He is a graduate of Beloit College.

JOHN R. HAMMOND, Budget Officer, was appointed effective, December 30, 1993. Prior to his appointment he served as an institutional money manager, capital manager, and a governmental affairs officer in the property/casualty insurance field. Also, prior to his appointment, he served four terms as an elected alderman for the City of Annapolis and chaired the City Council's Finance Committee for all 16 years of his service.

Mr. Hammond holds a Bachelor's degree in business and industrial management from The Johns Hopkins University and a Master's degree in business administration from the Wharton Graduate Division of the University of Pennsylvania.

JULIE A. MUSSOG, Controller, was appointed on July 31, 2013. Prior to her appointment, she served as Special Assistant to the County Executive for Anne Arundel County. Prior to working at the County, she worked at the State of Maryland as a Legislative Aide. Prior to her time at the State of Maryland she worked at various finance and accounting roles in the private sector including PricewaterhouseCoopers, Pulte Homes and Dell, Inc. She has over 16 years of finance and accounting experience.

Ms. Mussog holds a Bachelor of Business Administration degree in Accounting from the University of Michigan, Ann Arbor and a Masters of Business Administration degree from the University of Michigan, Ann Arbor. She is a Certified Public Accountant (CPA) and a member of the Maryland Association of Certified Public Accountants and the Government Finance Officers Association.

NANCY McCUTCHAN DUDEN, County Attorney, was appointed effective December 1, 2014. Ms. Duden has been with the Office of Law since 2004, serving as an Assistant County Attorney, Supervising County Attorney, and most recently, Deputy County Attorney. Prior to the Office of Law, Ms. Duden was, for 14 years, both a trial attorney for a major property casualty insurer and that company's National Litigation Auditing Attorney. Ms. Duden began her legal career as an associate with the private firm, Blumenthal, Wayson, Downs and Offutt, in 1987.

Ms. Duden holds a Bachelor's degree in Economics from Randolph-Macon Woman's College and a Juris Doctor from the University of Maryland School of Law. Ms. Duden is a member of the bars of the State of Maryland, the District of Columbia and the United States District Court for the District of Maryland.

ROBERT L. HANNON, is President/Chief Executive Officer of the Anne Arundel Economic Development Corporation, a position he held from 2006 to 2013. In 2014, Mr. Hannon was a consultant for private and public sector clients, a role in which he provided business and workforce development and growth management guidance. Prior to being a consultant, Mr. Hannon served as Project Manager for the Baltimore Washington Cyber Task Force. The task force was a joint initiative of the Greater Baltimore Committee, the Greater Washington Board of Trade and the Economic Alliance of Greater Baltimore. The group was focused on mobilizing the public, private and education communities to establish the greater Baltimore-Washington region as the nationally recognized center for cyber security innovation, entrepreneurship, talent, finance and business operation. Mr. Hannon has served as Assistant Secretary at the Maryland Department of Business and Economic Development, focusing primarily on business development and workforce training programs in all regions of the state. Other work experience includes executive level positions with the Baltimore County Department of Economic Development, Baltimore Development Corporation, and MacKenzie and Associates. He currently serves on the Board of Directors for Anne Arundel Workforce Development Corporation, the BWI Partnership, the Fort Meade Alliance, and the Advisory Board of the Economic Alliance of Greater Baltimore. He is a former president of the Maryland Economic Development Association (MEDA) and was elected to MEDA's Hall of Fame in 2010.

Mr. Hannon earned both his Bachelor of Science Degree in Regional Geography and his Masters in Economic/Environmental Geography from Towson State University. He resides in Annapolis, Maryland.

### *Legislative*

PETER I. SMITH, Councilman, First District, is serving his first term on the Council. Peter recently served as a Resource Manager for the Department of Defense. He has served in the United States Marine Corps for 16 years with 12 years of active duty service and is an Intelligence Officer in the Marine Corps Reserves. He has a Bachelor of Science Degree in Information Technology and an Associates of Art Degree in General Studies. He is also a Certified Defense Financial Manager, Contracting Officer Representative, and has attended the National Cryptologic School for Satellite and Network Fundamentals. He is a member of the Military Order of World Wars, the American Society of Military Comptrollers and Toastmaster International and the Marine Corps Association. Peter serves as the Toys for Tots Anne Arundel County coordinator. Peter resides in Severn and is married to Rebecca Smith. They have two children Isabella and Tristan.

\* \* \*

JOHN J. GRASSO, Councilman, Second District is serving his second term on the Council. He was born in Baltimore, Maryland on October 29. Mr. Grasso attended Glen Burnie High School and Anne Arundel Community College. He also attended the Teterboro School of Aeronautics and Frederick Community College, graduating with a Federal Aviation Administration Air Frame and Power Plant License. He is a small business owner who lives in Glen Burnie with his wife, Natalie. Mr. Grasso has one brother and one son.

\* \* \*

DEREK FINK, Councilman, Third District, is serving his second term on the Council, currently as Chairman. He is a graduate of North Carolina State University with a Bachelor of Arts Degree in Political Science. After graduating from college, Mr. Fink worked for Governor Robert L. Ehrlich, Jr. and then on Capitol Hill for Congressman Ed Whitfield. In the past, he has also served on the Board of Directors of the Maryland Association of Counties (MACo), the Robert A. Pascal Youth & Family Services Center, was a member of the Cox Creek Citizens Oversight Committee and the 100 Club of Anne Arundel County. He is currently a member of the

Pasadena Business Association. Mr. Fink is a small business owner who lives in Pasadena with his wife, Kristin and their sons Owen and Kyle.

\* \* \*

ANDREW W. PRUSKI, Councilman, Fourth District, is serving his first term on the Council. He graduated from Niagara University with a Bachelor of Arts in History and Masters of Education. He has business experience in the fields of real estate, construction sales and management, but has spent most of his professional career in the field of education. His educational work experience ranges from his work at the United State Department of Education to serving as a high school Social Studies teacher. Mr. Pruski has served on several national panels regarding educational issues including the National Council for Accreditation of Teacher Education's blue-ribbon panel studying teacher preparation. He currently serves as the Supervisor of Internal Assessment for the Prince George's County Public Schools System. In this capacity, he manages and supports internal assessment programs administered within the school system. Prior to being elected to the Anne Arundel County Council, Mr. Pruski has been active in numerous professional, civic, and community organizations. He served as a member of the Anne Arundel County Board Appeals, an At-Large member and Past President of the Anne Arundel County Board of Education, and as the past President of the Four Seasons Community Association. In addition, Mr. Pruski is also a coach and volunteer for the Gambrills Odenton Recreation Council (GORC) and active member of the West Anne Arundel County Chamber of Commerce. Mr. Pruski resides in the Four Seasons Community in Gambrills, with his wife Roxanne and their children, Jacob, Clara, and Walter.

\* \* \*

MICHAEL A. PEROUTKA, Councilman, Fifth District, is serving his first term on the Council. Michael Anthony Peroutka graduated from Loyola College (now University) in Maryland in 1974 with a Bachelor of Arts in Business Administration. In 1981, he graduated from the University of Baltimore, School of Law. Following his admission to the bar, he served in a legal capacity for the Department of Health and Human Services for a few years before partnering with his brother, Stephen in the law firm of Peroutka & Peroutka, P.A. of Pasadena, Maryland. After nearly 27 years as a principal in the firm, Mr. Peroutka has recently retired from private practice. In 2004, Michael Peroutka was the Constitution Party's candidate for President of the United States of America. He ran on a platform that sought to Honor God, Protect the Family, and Restore the Republic. As co-founder of The Institute on the Constitution, a nation-wide program teaching the principles incorporated in the Declaration of Independence and the U. S. Constitution and the Maryland Constitution, Michael has taught and lectured in Maryland and across the country about law, liberty and government related topics. In 2014, Michael was elected to the Anne Arundel County Republican Central Committee. Michael is a member of Cornerstone Evangelical Free Church in Pasadena. He has three grown children and lives with his wife, Natalie, in Millersville.

\* \* \*

CHRIS TRUMBAUER, Councilman, Sixth District, is serving his second term on the Council. Mr. Trumbauer, born and raised in Chestertown on Maryland's Eastern Shore, attended the University of Maryland – College Park where he received a Bachelor's of Science degree in Chemistry in 1996. After graduation he was employed as a scientist at the Industrial Chemical Corporation in Baltimore until 1999 when he was hired by the Department of Natural Resources (DNR). At DNR he was responsible for running a water quality monitoring program which assessed the Chesapeake Bay and its numerous rivers and streams. In 2008 became the West/Rhode Riverkeeper where he was a leading advocate for the health of Anne Arundel County Rivers until November 2013. Currently, Mr. Trumbauer is Director of State and Environmental Initiatives with the Hatcher Group of Annapolis. Since moving to Anne Arundel County in 1997, Chris has been civically engaged in issues that matter to the citizens in Anne Arundel County by volunteering, and being involved with numerous civic organizations to include serving as a member of the Annapolis Environmental Commission, 2005 – 2007, Board of Directors, South River Federation, 2003-2009 (Vice President, 2005 – 2008), Chair, Mayor's Environmental Transition Team, 2009, and Graduate of Leadership Anne Arundel's Flagship Program, 2009. Mr. Trumbauer currently serves as a Member of the Board of Health, Member of the Commission on Disabilities, Member of the State Critical Area Commission for the Chesapeake and Atlantic Coastal Bays and Chair of the Maryland Local Leaders advisory board for Smart Growth America. Mr. Trumbauer lives in Annapolis with his wife Mary and their two children.

\* \* \*

JERRY WALKER, Councilman, Seventh District, is serving his second term on the Council. While on the Council, he served as Vice Chairman in 2012 and as Chairman in 2013 and 2015. Additionally, he served on the sub-committee to review the County's OPEB liability and worked with the stakeholders to develop and implement the outcomes of the committee report in order address the liability under GASB. He was born on the 4th of July and raised in New York City. He graduated summa cum laude from Liberty University with a Bachelor of Science Degree in Business, concentrating in Economics. He graduated from the University of Maryland, School of Public Policy's Academy for Excellence in Local Government. Since then he has taken additional graduate level courses in Leadership and Public Finance from the same program. He is currently working on his Master's Degree in Public Administration and Policy at American University. Mr. Walker is the Vice President of DCA Imaging Systems, a local office technology company headquartered in Lanham, Maryland. In 2006, he won his first election to the Central Committee of his political party (Legislative District 33) and served in leadership roles including Chairman. He was an alternate Delegate representing his Congressional District at both the 2008 and 2012 Presidential Conventions. Mr. Walker's civic and community memberships have included the Greater Crofton, West County, Severna Park, and South County Chambers of Commerce. He is a member of the Maryland Farm Bureau, and formerly the Davidsonville Area Civic Association (DACA) where he served as the representative to the Greater Crofton Council. Mr. Walker serves on the board of the Maryland Association of Counties as the organization's Secretary. He has been active in legislative lobbying on behalf of county governments at the Maryland General Assembly. In his spare time, he enjoys running and participates in a variety of local 5k and 10k runs annually.

\* \* \*

JOANNA D. DICKINSON was appointed Acting County Auditor on February 17, 2016. She has worked in local government accounting and auditing for more than 27 years, including eight years in the Anne Arundel County Auditor's Office and eight years in the Anne Arundel County Office of Finance. She earned a Bachelor's Degree in Business Administration from the University of Texas Pan American and a Master of Science in General Administration – Applied Management from the University of Maryland University College. She is a Certified Public Accountant and a Certified Fraud Examiner. She is a member of several professional organizations and is an active member of the Government Finance Officers Association's Special Review Committee.

## **Labor Relations**

For fiscal year 2016, the County Council authorized and approved 4,307 classified and non-classified employee positions for the County's operating budget and 713 authorized temporary full and part-time employees, exclusive of the Board of Education, library, and community college. As of December 16, 2015 there are 4,690 positions filled.

Currently, there are twelve recognized "exclusive representatives" (unions or bargaining units) that engage in collective bargaining with the County.

***Local 582 of the American Federation of State, County and Municipal Employees*** – represents laborers, operators, technicians and crew leaders throughout the County, as well as certain communications employees in the public safety departments, with a total of 794 authorized positions. New contract will expire June 30, 2016;

***Local 2563 of the American Federation of State, County and Municipal Employees*** – represents administrative, support and clerical employees throughout the County, as well as certain civilian employees in the Police Department, with a total of 321 authorized positions. New contract will expire June 30, 2016;

***Lodge #70 of the Fraternal Order of Police*** – represents Police Officers below the rank of Sergeant in the Police Department, with a total of 597 authorized positions. New contract will expire June 30, 2016;

***Local #355 of the Teamsters Union*** – represents Deputy Sheriffs below the rank of Deputy Sheriff II in the Sheriff's Office, with a total of 62 authorized positions. New contract will expire June 30, 2016;

***Fraternal Order of Anne Arundel Detention Center Officers and Personnel, Inc.*** – represents Detention Officers below the rank of Sergeant in the Detention Center, with a total of 243 authorized positions. New contract will expire June 30, 2016;

***Local #1563 of the International Association of Fire Fighters*** – represents Fire Fighters, Emergency Medical Technicians, Paramedics, Fire Lieutenants and Fire Captains in the Fire Department, with a total of 885 authorized positions. New contract will expire June 30, 2016;

***Anne Arundel County Police Supervisors Association*** – represents Police Lieutenants and Police Sergeants in the Police Department, with a total of 107 authorized positions. New contract will expire June 30, 2016;

***Local #141 of the International Union of Police Associations*** – represents Detention Sergeants, with a total of 24 authorized positions. New contract will expire June 30, 2016;

***Local #355 of the Teamsters Union*** – represents the Correctional Program Specialists at the Detention Center Facilities, with a total of 34 authorized positions. New contract will expire June 30, 2016;

***Lodge #106 of the Fraternal Order of Police*** – represents the Sheriff’s Sergeants, with a total of 8 authorized positions. New contract will expire June 30, 2016;

***Local #355 of the Teamsters Union*** – represents the Fire Battalion Chiefs, with a total of 17 authorized positions. New contract will expire June 30, 2016; and

***Local #355 of the Teamsters Union*** – represents the Park Rangers, with a total of 14 authorized positions. New contract will expire June 30, 2016.

As “exclusive representatives,” these twelve unions function as collective bargaining agents for all of the employees in the classifications the unions represent and negotiate with the County to determine the terms and conditions of employment (wages and premiums, hours of work, benefits, leave, promotions, discipline, etc.). Thirteen contracts will expire on June 30, 2016 and the County is currently involved in contract negotiations with those units for fiscal year 2017. The County has not experienced a work stoppage due to labor relations and considers its relationship with represented employees to be satisfactory.

## SECTION SEVEN: SERVICES AND FACILITIES

### Education

The Board of Education of Anne Arundel County (the “Board”) is responsible for the overall operation and policy decisions of the County's public school system. The Board is composed of eight members appointed by the Governor for five-year terms and one student member elected for a one-year term by the Chesapeake Regional Association of Student Councils. With the beginning of the 2015-2016 school year, the Board exercised responsibility for 77 elementary schools, 19 middle schools, and 12 high schools, as well as 12 other education facilities, including two applied technology centers, three special education centers, three alternative centers, two early education centers, two charter schools, and one contract school. With a student population of approximately 80,000 students, the goal for teacher-for-student ratio ranges from 1-for-20 in grades 6-8 to 1-for-28 in grades 4-5. With a fiscal year 2016 operating budget of \$1,085,497,700, the average annual per pupil expenditure is approximately \$13,212. The Class of 2015 boasted 5,048 graduates, 79% of whom went on to pursue postsecondary education at a two-year or four-year institution while earning \$154.5 million in scholarships.

### Higher Education

The County is home to a wide range of higher education institutions. Among these are the following:

*Anne Arundel Community College* – With learning as its central mission, Anne Arundel Community College has responded to the needs of a diverse community for more than 50 years by offering high quality, affordable and accessible learning opportunities. The college's nationally recognized and award-winning programs have helped its more than 50,000 students annually achieve their academic, professional and personal goals. AACC is a fully accredited, public, two-year institution offering credit programs leading to an associate degree, certificate or a letter of recognition. Students may prepare to transfer to a four-year institution or prepare for an immediate career. AACC also offers extensive lifelong learning opportunities and noncredit, continuing education to those seeking career training or retraining, working to boost basic skills or pursuing new areas of interest. In addition to its main campus in Arnold, Md., the college has degree centers at Arundel Mills, in Glen Burnie and at centers and schools around the county. The Arundel Mills location also offers county residents the ability to obtain a bachelors degree in certain disciplines without having to leave the county. Designated a Regional Higher Education Center by the state, the Arundel Mills location houses the AACC University Consortium, which includes a select group of four-year colleges and universities that partner with AACC. These University Consortium partners include Frostburg State University, McDaniel College, Notre Dame of Maryland University, Stevenson University and University of Maryland University College. In 2012, the college opened the Center for Cyber and Professional Training in Hanover near Arundel Mills, which houses a 30,000-square-foot center with 13 specialized labs, a testing center and faculty support space.

*St. John's College in Annapolis* – Offers Bachelor of Arts and Master of Arts in liberal arts programs based on the Great Books. St. John's College seeks to maintain a population of 450-475 students and a faculty-student ratio of 1 to 8.

*Strayer University in Millersville* – Offers undergraduate and graduate degree programs in accounting, business, education, health services administration, information technology, and public administration. Classes are held day and evening, seven days a week.

*U.S. Naval Academy in Annapolis* – Offers Bachelors of Science in engineering and technical education for careers in U.S. Navy. The Naval Academy has a student enrollment of 4,450 and employs 560 full-time faculty.

Other educational institutions offering classes in the County are Loyola College, Central Michigan University, Troy State University of Alabama – Atlantic Region, University of Baltimore, McDaniel College, and the College of Notre Dame.

### Public Safety

The County Police Department is charged with the responsibility for the safety of the citizens of the County. The Department is divided into four police districts, with headquarters located in Millersville. The Department maintains a firearms training center, a recruit training center, enhanced 911 Emergency Response

Center, as well as a fleet of 500 radio-equipped vehicles for use throughout the Police Department. The Department consists of 721 officers, 244 civilian employees, and 140 school crossing guards.

The County Fire Department is a combination career and volunteer force of 862 professional officers and firefighters, and approximately 500 response certified volunteers. There are 31 stations located in the County, with emergency calls handled through a modern central 911 dispatch center. In addition to firefighting equipment, there are 16 ambulances and 24 paramedic units serving the County. The Emergency Medical Services Division has one of the most efficient and progressive advanced life support programs of any jurisdiction. In addition to Suppression and Emergency Medical Services, the County Fire Department operates the Fire Marshall's office, which provides fire investigation and prevention services, a Training Division for both professional and volunteer firefighters, a Maintenance Division, and a Communications Division, which provides fire, rescue and EMS dispatch services for Anne Arundel County and the City of Annapolis.

## **Utilities**

### ***Electricity and Gas***

Maryland's major electric utilities are members of the Pennsylvania-New Jersey-Maryland ("PJM") Interconnection. Through this membership, PJM member utilities are insured a reliable and cost efficient power source. Maryland is now a competitive market, thus all electric customers of investor-owned utilities and major cooperatives in Maryland have the opportunity to choose their own electric supplier.

Baltimore Gas and Electric Company ("BGE"), a subsidiary of Exelon Corporation, is the major utility company for the Baltimore region. BGE service area covers 2,300 square-miles for electric and 800 square-miles for gas. The services area includes Baltimore City and Central Maryland counties. BGE serves over 1,250,000 million businesses and residential electric customers and 650,000 gas customers within this service area. BGE is a major employer in the State of Maryland employing approximately 3,200 people.

*Source: BGE, [www.bge.com](http://www.bge.com).*

## **Telecommunications**

Anne Arundel County has benefited as a result of the State of Maryland being a focal point for telecommunications technology development and application for several decades. Much of the activity is attributable to the presence in the County of federal agencies such as the National Security Agency, which collectively have been an excellent source of systems integration and networking opportunities for the private sector.

Verizon Maryland is the largest provider of communications in the state. Verizon Maryland's fiber network infrastructure is very robust with nearly 18,000 miles of all-fiber network and is valued at \$5,500,000,000. More than 95 percent of access lines are served by digital technology and switching offices and are diversely linked by fiber-optic facilities. In 2014, Verizon Wireless invested \$537million on network upgrades and expansions in the Maryland/Virginia/Washington, D.C. region.

Among the services Verizon provides is residential and commercial telephone lines, long distance, Internet access, DSL, advanced calling services, telephones and accessories, video service and more. Additional providers of communication services in Maryland are Comcast, Level 3 Communications and XO Communications.

*Source: Verizon Communications, [www.verizon.com](http://www.verizon.com), Maryland Department of Business & Economic Development, [www.choosemaryland.org](http://www.choosemaryland.org).*

## **Medical and Health Services**

The County is fortunate to have the services of premier health care systems that offer the latest in patient care and preventive medicine. In addition, the County's proximity to Baltimore, Maryland and Washington, DC provides our residents with access to prestigious health care and medical research institutions. County residents are within driving distance to such facilities as Johns Hopkins Hospital, the National Institute of Health, the University of Maryland Medical Center and Shock Trauma Center, the Kennedy Krieger Institute and the Children's National Medical Center.

### ***Anne Arundel Health System***

Anne Arundel Health System, Inc., (“AAHS”) is a not-for-profit corporation based in Annapolis, delivering medical services in Anne Arundel County and portions of Calvert, Prince George’s, Queen Anne and Talbot Counties. AAHS affiliates include the Anne Arundel Medical Center, (“AAMC”), Pathways Drug and Alcohol Treatment Center, Anne Arundel Diagnostics, the ask AAMC 24-hour health line, and five satellite locations in Bowie, Gambrills, Kent Island, Pasadena, Odenton and Waugh Chapel. AAHS employs more than 4,000 employees and has a medical staff of 1,000 plus in Anne Arundel County.

AAHS acute care facility is located on 57 acres in the Carl A. Brunetto Medical Park on Jennifer Road in Annapolis. The medical center has 415 licensed beds including an 18-bed critical care unit, 12 surgical suites, and a state-of-the-art emergency department that services 95,916 patients per year. AAMC is adjacent to the Clatanoff Pavilion, which services women and children; an outpatient surgery center, the Edwards Pavilion; an Oncology Center, the Donner Pavilion; a medical office building, the Wayson Pavilion; and the Sajak Pavilion which houses the AAMC Breast Center, Anne Arundel Diagnostics, a diabetes center, the Geaton and JoAnn DeCesaris Cancer Institute; and the Maryland Neurological Institute.

*Source: Anne Arundel Medical Center, [www.aa-healthsystem.org](http://www.aa-healthsystem.org).*

### ***University of Maryland Baltimore Washington Medical Center***

UM Baltimore Washington Medical Center (“UM BWMC”), in partnership with the University of Maryland Medical System, serves the health care needs of county residents in the northern and central parts of Anne Arundel County. This 321-bed hospital facility located in Glen Burnie employs 2,900 employees and 600 physicians. It houses one of the two busiest emergency rooms in the state, treating over 104,000 patients per year and features a 43,000 square foot, state-of-the-art facility.

UM BWMC offers comprehensive in-house services including the Tate Cancer Center, the Center for Advanced Orthopedics, the Joslin Diabetes Center, the Aiello Breast Center, the Wound Healing Center, the Maryland Vascular Center, the Neurology/Sleep Center, Women’s’ and Children’s Services and Geriatric Care. In addition, UM BWMC annually reaches an estimated 25,000 community residents through lectures, health fairs, walking programs and screenings.

UM BWMC continues to strive for excellence in their service offerings. In late 2015 they are completing the addition of a 7<sup>th</sup> floor to their patient tower resulting in 30 additional beds. HealthGrades, an independent health care rating organization, recently ranked UM BWMC in the top ten percent of America’s hospitals nationwide for patient safety.

*Source: North Arundel Health System, [www.northarundel.org](http://www.northarundel.org).*

## **Planning and Zoning**

The County Office of Planning (“Office”) and Zoning is responsible for planning the physical growth of the County, including the preparation and revision of the General Development Plan and its implementing tools: the zoning regulations and maps, the subdivision regulations and subdivision review process, and the master plans of water and sewer facilities and the Chesapeake Bay Critical Areas initiatives. The Office also implements the zoning regulations, assigns street names and address numbers, maintains computerized address maps, topographic maps, and several hundred other digital coverage’s as a part of its Geographic Information Systems (GIS). Additionally, the Office coordinates transportation planning and performs analyses and forecasting of land use, demographic and economic data.

A revised General Development Plan (“GDP”) for the County was adopted by the County Council in October 2009 and is part of an overall Growth Management Program. The 2009 General Development Plan establishes a vision for the future based on four core principles: Balanced Growth and Sustainability, Community Preservation and Enhancement, Environmental Stewardship, and Quality Public Services. The 2009 GDP includes a Land Use Plan to guide future development patterns, and a Transportation Plan with recommendations for improving the County’s road network, public transit options, and travel demand management. The GDP also

includes a Priority Preservation Area in accordance with State requirements for agricultural preservation. In addition, the GDP includes a Water Resources Plan that assesses land use impacts on local water resources and lays out strategies to protect those resources. Finally, the GDP addresses the need for concurrency management to ensure that public facilities and services will be available to serve future needs.

The Planning Advisory Board, composed of seven qualified voters appointed by the County Executive, makes advisory recommendations to the Planning and Zoning Officer and the County Council relating to the master plan, zoning maps, and rules and regulations related to zoning. The Planning Advisory Board also reviews the Capital Budget and Program each year and provides recommendations to the Budget Officer through the Planning and Zoning Officer. The County Executive uses these recommendations to develop a Capital Budget and Program for adoption by the County Council.

## **Public Works**

Anne Arundel County's Department of Public Works performs all public improvement functions, except for schools, in the County. Effective July 1, 1993, the Department of Utilities consolidated into Public Works which became the County's largest service department.

Besides Water and Wastewater, Public Works is responsible for administering all aspects of road maintenance including the engineering, design, repair and maintenance of all County roads as well as snow removal, stream clearance, maintenance of bridges and viaducts, storm drain maintenance, sidewalk construction and repair and mosquito control. Additional duties include inspection services and watershed and stormwater management.

## **Water and Wastewater**

Under the County Charter, the Water and Wastewater Utility Fund was created as a separate and financially self-supporting public enterprise under the jurisdiction of the County for the purpose of supplying water and providing sewerage service to residents of the County. By ordinance, the County Council established the whole County, except for those portions of the County which are within the corporate limits of the City of Annapolis as the Sanitary District of the County.

Described below are the existing water and wastewater facilities in the County, as well as the planned expansions, and the related capacities of each.

### ***Water Supply System***

The County owns and operates water facilities that supply water to approximately 112,000 accounts. The county water system is groundwater oriented, producing drinking water at 12 treatment facilities and 4 independent wells. These facilities derive supplies from 55 production wells. The water system includes 17 booster stations and 22 elevated storage tanks with an effective storage capacity of 29.50 million gallons per day ("MGD"), and 7 ground storage tanks with a capacity of 13.67 MGD. The average daily demand in 2015 was 34.57 MGD. The combined design capacity of County production facilities is 66.47 MGD. The County produced 12.31 billion gallons of water in 2015. Approximately .847 MGD was supplied by Baltimore City through 5 connections at the north end of the County. A supplemental source agreement between the County and Baltimore City allows up to 32.5 MGD.

### ***Sewage Disposal System***

The County is divided into eleven sewerage service areas. The County owns and operates sewerage treatment facilities and/or sewerage collection systems in eight of the service areas. The remaining three service areas all have conveyance systems that are operated and maintained by the County. One is a private treatment facility operated by MES, the Piney Orchard Wastewater Treatment Plant, and the other two have treatment facilities located in neighboring municipalities. These service areas include: Baltimore City (served by Patapsco Sewage Treatment Plant in Baltimore City) and Rose Haven/Holland Point (served by the Chesapeake Beach Wastewater Treatment Plant in Calvert County). The sewerage treatment facilities and/or sewerage collection systems in the County's eleven sewerage service areas provide treatment capacity of 53.88 MGD for approximately 120,300 accounts served by the County's wastewater facilities. The treatment facilities and capacities are as follows:

<b><u>Treatment Facilities</u></b>	<b>Trend of 24 Month (MGD) Average Daily Flow as of <u>June, 2015</u></b>	<b>(MGD) Existing Design <u>Capacity</u></b>	<b>(MGD) Design Capacity to Year <u>2025</u></b>
Cox Creek	11.97	15.00	15.00
Patuxent	5.63	7.50	10.50
Maryland City	1.12	2.50	3.30
Broadneck	5.31	6.00	8.00
Broadwater	1.24	2.00	2.00
Annapolis (Joint Facility)	8.67	13.00	13.00
Patapsco (Baltimore City)	4.36	6.40	6.40
Mayo Wastewater Management System	0.57	0.64	-
Rosehaven	0.10	0.14	0.14
Total	<u>39.53</u>	<u>53.88</u>	<u>59.04</u>

Source: Department of Public Works.

There is presently under various stages of design and construction the upgrading and/or expansion of many existing wastewater treatment facilities.

### **Solid Waste Management**

The Anne Arundel County Solid Waste Enterprise (the “Enterprise”) was created in 1969. It operates as a self-supporting utility with responsibilities including solid waste collection, recycling, and disposal. The Enterprise owns and operates the only sanitary landfill in the County, three residential solid waste drop-off facilities referred to as recycling centers, and a paper recovery center for processing corrugated cardboard products from the commercial and residential sectors.

#### ***Waste Management Operations***

*Collection*—The Enterprise contracts with private haulers for the collection of residential trash, recyclables and yard waste generated in all of the urban and suburban areas of the County and many of the rural areas. The County retains control of these residentially collected materials and presently directs all trash to its own facilities as well as private facilities. Recyclables are directed to private facilities. The Enterprise itself owns and operates a fleet of solid waste collection vehicles providing residential services such as bulky item collections for appliances or large scrap metal items and a community-based neighborhood cleanup program.

*Disposal*—The Enterprise owns three municipal solid waste landfill facilities. The Millersville Landfill and Resource Recovery Facility hosts the only fully operational landfill. Recycling centers, which accept recyclables, yard waste and trash from County residents, are located at the Glen Burnie landfill, the Sudley landfill, and the Millersville landfill. Post-closure care is provided at all three landfills. The Enterprise has completed the redesign of the Millersville landfill to maximize its disposal capacity and to incorporate state-of-the-art environmental controls such as multiple liners and cover systems, leachate collection systems including a pretreatment plant, and a gas management system including a landfill gas-to-electricity facility. Landfill design elements being included exceed all present regulations and were selected to provide the necessary and required environmental safeguards. Disposal capacity development, in conjunction with waste reduction and recycling initiatives, is expected to provide the County with a solid waste disposal system that is projected to last at least until the year 2043. Future new disposal options will be studied, as outlined in the 2013 Solid Waste Management Plan.

*Recycling*—The County achieved the original Maryland Recycling Act goal of 20% by January 1, 1994, and has exceeded the revised goal of 35% before December 31, 2015. Recycling in the residential sector (which began with the start-up program for 6,300 homes in 1989) has the Enterprise providing curbside recyclables and yard waste collection to all single-family dwellings, select multi-family residences, County offices and some small businesses served by government contractual private haulers since October 1993. Materials recovered are paper, plastic, metal and glass and yard waste. The current County curbside recycling rate is 45% and its diversion rate calculated by the State is 51%.

The Enterprise has operated a commercial corrugated cardboard and paper processing operation since 1986. The facility receives, bales and ships cardboard to market. The Enterprise also provides six household hazardous waste collection days per year.

*Regional Involvement*—The County continues to explore and evaluate regional opportunities that deal with a variety of solid waste management activities. Cooperation with Baltimore City, Baltimore County, Carroll County, Harford County, Howard County, Montgomery County, and Prince George’s County is ongoing through work conducted through the Northeast Maryland Waste Disposal Authority and other organizations.

### ***Financial Operation***

The Enterprise operates as a utility, recovering its costs through service user fees. The main user charges are landfill tipping fees charged to commercial customers and customers with large loads, and waste collection customer fees charged to residential customers whose solid waste is collected by the Enterprise. User fee charges by the Enterprise are solely within the discretion of the County and are not subject to control by any state or federal agency. User fee ordinances must be approved by a majority of the County Council.

Historically, the County has adopted rates sufficient for the Enterprise to meet or exceed its expenditure obligations for operation, maintenance, and debt service costs. The County has ensured the financial stability of the Enterprise through periodic review and revision of rate levels and structures over time. The Enterprise has never required the supplement of its revenues from other sources to meet its obligations. Significant landfill closure cost accruals have been recorded, using engineering estimates of the closure costs in light of U.S. Environmental Protection Agency regulations concerning solid waste disposal sites, and the period of estimated use of current cells. Rate increases have been implemented which management believes will ensure the long-term financial self-sufficiency of the Enterprise in view of the regulatory requirements. (See “FINANCES - Solid Waste Fund”).

### **Recreation and Parks**

The Department of Recreation and Parks is primarily responsible for the administration of a comprehensive system of recreational programs for County residents and the preservation of valuable land in the form of more than 170 parks and sanctuaries. Specialized recreational facilities, including two swim centers, two ice rinks, three golf courses, baseball stadium, softball complexes, and approximately 90 miles of multi-use trails; programs such as school-age childcare and therapeutic recreation. More than 12,000 acres of parkland fall under the Department's jurisdiction. The Department's open space includes small neighborhood parks, greenways, archaeological, environmental and historical preserves, and large regional facilities occupying several hundred acres of land. A professional staff of park rangers, environmental specialists and athletic and recreational supervisors and planners provide leisure activities for citizens of all ages including the senior and physically challenged populations. Extensive volunteer networks supply more than 1,000,000 staff hours per year to Department programs.

*Source: Recreation & Parks*

### **Insurance**

It is the policy of the County to retain risks of losses in those areas where it believes it is more economical to manage its risks internally and set aside assets for claims settlement in its internal service fund. The County purchases insurance for real and personal property, boiler and machinery, and faithful performance bonds, as well as school bus insurance for the bus contractors of the Board of Education and vehicle liability insurance for the contract operation of the Department of Aging and Disability Transportation Program.

The County maintains the self-insurance fund to provide workers' compensation and directors' and officers' coverage for the County Government, the Board of Education and the Community College and general liability and vehicle liability coverage for the County Government and the Board of Education.

The internal service fund, maintained to account for self-insurance activity, has no equity balance. (See “APPENDIX A, Basic Financial Statements,” Note 14).

## INDEPENDENT AUDITORS' REPORT

The Honorable County Executive and  
The Honorable Members of the County Council  
Anne Arundel County, Maryland

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Anne Arundel County, Maryland (the County), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Anne Arundel County Community College, the Anne Arundel Economic Development Corporation, Tipton Airport Authority, and the Anne Arundel Workforce Development Corporation, which represent 11 percent, 14 percent, and 11 percent, respectively, of the assets, net position, and revenues of the discretely presented component units. Those financial statements were audited by other auditors, whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Anne Arundel County Community College, the Anne Arundel Economic Development Corporation, Tipton Airport Authority, and the Anne Arundel Workforce Development Corporation, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Anne Arundel Economic Development Corporation and Anne Arundel County Community College Foundation, which is included in the financial statements of the Anne Arundel County Community College, were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, budgetary comparison for the General Fund, and the aggregate remaining fund information of the County as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Emphasis of a Matter**

As discussed in Note 1 to the financial statements, the County restated the beginning net positions of the governmental and business-type activities and Water and Wastewater fund in order to correct errors made in the accounting for capital assets. During fiscal year ended June 30, 2015, the County adopted GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* and the related GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date—an amendment of GASB Statement No. 68*. As a result of the implementation of these standards, the County reported a restatement for the change in accounting principle (see Note 1). Our auditors' opinion was not modified with respect to the restatement.

### **Other Matters**

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the schedule of funding progress, schedules of employer contributions, schedules of changes in net pension liability, and schedule of employer's share of net pension liability, as identified in the accompanying table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Other Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining fund statements, budgetary statements, other supporting schedules, and statistical section, as referenced in the accompanying table of contents are presented for purposes of additional analysis and are not required parts of the basic financial statements.

The combining fund statements, budgetary statements, and other supporting schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements

themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditors, the combining fund statements, budgetary statements, and other supporting schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole

The introductory section and statistical sections, as referenced in the accompanying table of contents, have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 30, 2015, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

**Anne Arundel County, Maryland**  
**Management Discussion and Analysis**  
**Year Ended June 30, 2015**

---

As Management of Anne Arundel County, Maryland (the County), we have prepared the following discussion and analysis to inform readers of the County's annual financial report about the financial information that the enclosed statements present. We encourage readers to consider the discussion and analysis along with the other information in this report, including the transmittal letter and notes to the basic financial statements. In this section we have provided an overview of the basic financial statements, selected condensed financial data and highlights, and analysis of the County's financial position and changes in financial position. Comparable amounts from the fiscal year ended June 30, 2014 have been provided.

**Financial Highlights**

**Government-wide:**

- The County's assets exceeded its liabilities at the close of the fiscal year by \$855.6 million. The unrestricted portion is a negative \$1.16 billion which is composed of a deficit in the governmental activities of \$1.15 billion and a deficit of \$8.7 million in the business type activities. The unrestricted deficit occurred in the governmental activities due to Board of Education and Anne Arundel Community College debt being recorded on the County's balance sheet, but not the corresponding capital assets. Debt outstanding for education projects is \$593.2 million and for college projects is \$45.2 million. The current net value of the Board of Education assets is \$1.03 billion and the community college net assets total \$97.2 million. The unrestricted deficit was further increased in the current fiscal year by \$454.7 million in governmental activities and \$42.1 million in business type activities due to the implementations of GASB Statement No. 68, "Accounting and Financial Reporting for Pension" and related GASB Statement No. 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date – an Amendment of GASB Statement No. 68" in recording the beginning net pension liability and the beginning deferred outflow of resources, contributions subsequent to the measurement date, for the defined benefit pension plans.
- Total net position of the County has increased by \$45.0 million or 5.6% over the prior year after restating the fiscal 2014 net position.
  - In the governmental activities, total revenue increased \$87.4 million or 6.1% while expenses increased \$114.3 or 7.8% from the prior fiscal year, resulting in a \$49.8 million decrease in net position, which is \$26.9 million more than the fiscal year 2014 decrease. Increases in capital grants and contributions and general property tax revenue of \$50.4 and \$20.2 million, respectively were the primary drivers of the increase in revenue. Higher expenses were primarily due to pay package increases and higher education spending.
  - In the business type activities, total revenues increased by \$36.4 million and exceeded total expenses by \$94.9 million, which is \$30.5 million more than the fiscal year 2014 increase. The higher revenues were driven by an increase in grants & developer contributions in the amount of \$40.8 million. This was primarily from State grant revenues for the Cox Creek Water Reclamation facility Enhanced Nutrient Removal project in the amount of \$12.5 million and in increase in developer allocation fees, and capital connection fees for water and wastewater in the amount of \$26.3 million.

**Fund Level:**

- The County's governmental funds reported combined fund balances of \$460.5 million, an increase of \$141.4 million from the prior year. The greatest net change in fund balance was a \$51.0 million increase from the prior year, in the General County Capital Projects Fund due to general bond issuance exceeding capital spending. Also, the General County Capital Projects Fund contributed capital for Arundel Gateway and Two Rivers Special Taxing Districts, in the amount of \$42.8 million, exceeded capital expenditures for those projects by \$4.8 million in fiscal year 2015. For fiscal year 2015, the Impact Fees Capital Projects Fund balance increased \$16.3 million due to lower funding of capital projects versus the prior year. The General Fund balance increased \$42.5 million in part due to an increase in general property taxes of \$20.8 million, an increase in recordation and transfer taxes of \$12.2 million, and a decrease in expenses over revenue in fiscal year 2015 of \$5.2 million. Nonmajor governmental funds balance increased \$31.5 million primarily due to an increase operating income of \$35.0 million in fiscal year 2015.
- Approximately 53.3% of the total governmental fund balance, \$245.7 million, is available to meet the County's current and future needs as mandated by the appropriate level of authority within the County and are properly designated as committed, assigned and unassigned.

**Anne Arundel County, Maryland**  
**Management Discussion and Analysis**  
**Year Ended June 30, 2015**

---

- Available fund balance for the General Fund was \$121.3 million or 74.8% of total fund balance, which is 8.2% of the current year expenditures. Non spendable fund balance of the General Fund was \$2.5 million or 1.5% of the total fund balance. The restricted fund balance in the General Fund of \$38.2 million or 23.6% has been restricted for the Reserve for Retiree Health Benefits, also referred to as Other Post Employment Benefits (OPEB); Base Realignment and Closure (BRAC) zone capital improvements; and Video Lottery Local Impact Aid spending.
- The business type activities operating revenue decreased by \$3.5 million or 2.3%, non-operating revenues increased by \$0.3 million, non-operating expenses decreased by \$0.4 million, operating expenditures increased by \$5.2 million or 3.0%, and capital contributions, fees, and grants increased \$39.6 million or 45.1%. This was due primarily to a \$12.5 million increase in State grant revenues for the Cox Creek Water Reclamation facility Enhanced Nutrient Removal and an increase in developer allocation fees, and capital connection fees for water and wastewater in the amount of \$26.3 million. The net position increased \$31.1 million from the prior fiscal year.

**Changes to debt:**

- The County's general obligation bonded debt increased by \$95.3 million for governmental activities and \$64.0 million for business type activity in fiscal year 2015. The County's increase in general obligation debt, excluding the effects of refunding, was \$181.8 million for governmental activities which will be used for education, public safety, infrastructure improvements, community college, recreation and parks, watershed protection and restoration, waterway improvements, and general government improvements. The County issued new bonds for business-type activity in the amount of \$9.6 million for solid waste projects and \$77.6 million for utility improvements. The County also drew down \$12.2 million in Maryland Water Quality loans for water and waste water improvements.

**Overview of Basic Financial Statements**

The basic financial statements consist of the government-wide financial statements, fund financial statements, budgetary statements, and notes to the basic financial statements. Each component intends to provide a different perspective of the County's financial results. These components are discussed below.

**Government-wide Financial Statements** – These statements are designed to provide a broad, entity-wide perspective of the County's financial position and changes in financial position. These statements are prepared using a full-accrual accounting method that measures changes when the underlying economic activity occurs regardless of the timing of the related cash flows. This method is consistent with that used in the private sector.

The government-wide statements have consolidated the Primary government's operations into two columns, governmental activities and business-type activities. In addition, the component units' entity-wide statements are presented. The governmental activities are those functions of the Primary government principally supported by taxes and other general revenue sources. Such activities include education, public safety, general government, health and human services, public works, recreation and community services, judicial, code enforcement, and land use and development. The business-type activities include the Primary government's functions which are primarily supported by user-fees and charges, such as utility services, waste collection, and child care services.

*Statement of Net Position* – The Statement of Net Position presents the components of the County's assets and deferred outflows of resources, liabilities and deferred inflow of resources, and the net position at end of the fiscal year. This statement includes long-term capital assets and long-term liabilities. In addition, capital assets are shown at their depreciated value. Over time, increases or decreases in net position may indicate an improvement in, or deterioration of, the County's financial condition.

*Statement of Activities* – The Statement of Activities presents information showing how the government's net position changed during this fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flow in future fiscal periods (e.g., uncollected

**Anne Arundel County, Maryland**  
**Management Discussion and Analysis**  
**Year Ended June 30, 2015**

---

taxes and earned but unused vacation leave).

Both statements include the Primary government's component units, including the Board of Education, Community College, Library, Economic Development Corporation, Tipton Airport, and Workforce Development. These entities are included because the County provides a substantial amount of their funding or the County Executive appoints a majority of the Board members, implying a substantial degree of control over their management. In addition, the County approves the budgets of these entities.

**Fund Financial Statements** – The Primary government segregates its financial operations into several funds to account separately for funding sources and activities that the government undertakes. This provides better control over resources designated for specific activities or objectives. These funds are grouped into three different types: governmental funds, proprietary funds, and fiduciary funds.

**Governmental Funds** – The governmental funds of the Primary government include the General Fund; Capital Project Funds, which are used to accumulate and spend resources to construct capital assets; the special revenue funds, which segregate revenue sources to ensure these funds are spent on the intended purpose; and the debt service funds, which accumulate resources to pay certain long-term debt issued by the County or separate districts.

The perspective of these statements is narrower than the government-wide statements discussed previously. These statements present the financial position and changes in financial position resulting from currently available resources and currently due liabilities. Therefore, revenues are not recorded until available, and expenses are recorded primarily when the underlying economic activity occurs. In addition, because these statements focus on current resources, long-term assets and liabilities are not included.

The statements focus on the Primary government's major funds. Major governmental funds include the General Fund, the Impact Fees Capital Projects Fund and the General County Capital Projects Fund. Separate columns are presented for those funds considered major either by size or by importance. The other funds are aggregated into one column called "other nonmajor funds."

**Proprietary Funds** – The County maintains two types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government wide financial statements. Internal service funds are used to accumulate and allocate costs internally among the County's various functions. Because these services predominately benefit governmental rather than business type functions, they have been included within governmental activities in the government-wide financial statements. Transactions for these funds are recorded using the full-accrual basis of accounting whereby transactions are recorded when the underlying economic event takes place, regardless of the timing of cash flows. Moreover, long-term assets and liabilities are recorded on the statements.

The enterprise funds include the Water and Wastewater Fund, the Solid Waste Fund, and the Child Care Fund. Internal service funds include the Self Insurance, Health Insurance, Central Garage and Transportation, and Garage Replacement Funds. These statements also focus on major funds so the County includes separate columns for the Water and Wastewater and Solid Waste Funds.

**Fiduciary Funds** – The fiduciary funds accumulate assets that are managed, but not owned, by the Primary government. The County's four defined benefit pension plans that form the Retirement System Pension Trust Funds are included in this category. In addition, this category includes agency funds used to accumulate temporary deposits and other funds collected from outside parties in order to be returned to the payer or passed on to a third party. The Pension Trust Funds follows the full-accrual method of accounting. The agency funds are presented as balances only and do not record revenues or expenses. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the County's own programs.

**Budgetary Statements** – A budgetary statement of revenue and expenditures for the General Fund has been presented in the basic financial statements. This statement provides the results of the County's General Fund operations compared to the legally adopted budget. The statement uses the budgetary method when accounting for transactions. Revenues are generally recognized when available, and expenditures are recognized when a commitment, in the form of a purchase order or contract, has been issued to a vendor.

**Anne Arundel County, Maryland**  
**Management Discussion and Analysis**  
**Year Ended June 30, 2015**

**Notes to the Basic Financial Statements** - The notes follow the basic financial statements and provide additional information essential to a full understanding of the data in the government-wide and fund financial statements.

**Required Supplementary Information** - There are two required supplementary schedules that provide trend data about the Pension Trust Funds and other post-employment benefits.

**Financial Data and Management's Analysis - Government-wide Statements**

Below is a condensed Statement of Net Position with comparative amounts from the previous fiscal year. An analysis of the contents and fluctuations noted in the schedule has been provided.

**Discussion of components** – This statement condenses the Statement of Net Position into broad categories. Current assets are unrestricted assets that are readily convertible to cash and available to pay the liabilities of the County. Current restricted assets are those readily convertible to cash, but legally restricted for a specific use. Noncurrent restricted assets are also limited as to use, but are due to the County over several years. Restrictions can originate from Federal or State governments, grant agreements, or other contracts. Capital assets are those with an extended useful life that are not readily convertible to cash. These assets depreciate in value over the respective useful lives of the assets.

Current liabilities are those obligations that will be paid with currently available resources within a year, while the current restricted liabilities will be paid with restricted assets. Noncurrent liabilities are those not expected to be paid within a year, including long-term debt balances, OPEB, accrued liabilities for annual and sick leave, estimates for long-term insurance claims, long-term escrow deposits, and revenue recorded but not yet earned.

Net position represents equity remaining once amounts due from liabilities and deferred inflows of resources are subtracted from assets available and deferred outflows of resources. There are three categories: net investment in capital assets which are amounts related to assets purchased or constructed net of the related debt; restricted funds which are the amounts remaining after restricted liabilities are covered by restricted assets; and unrestricted funds.

**Anne Arundel County, Maryland**  
**Management Discussion and Analysis**  
**Year Ended June 30, 2015**

---

**Management's Analysis** – Unrestricted current assets of governmental activities are \$85.4 million more in fiscal year 2015. This is due primarily to the following: increases in cash and temporary investments of \$96.5 million which was mainly from the increase in the General County, the Internal Service Funds, and the General County Capital Projects Fund of \$30.5 million, \$5.3 million from self-insurance fund and \$59.7 million from unspent bond proceeds, respectively; a decrease in taxes and other revenue receivables of \$4.8 million is due to a late billing from the State of Maryland for property taxes in the preceding year; and a decrease in prepaid and other receivables of \$4.8 million was mainly from a decrease in pre-paid expense for the Board of Education in the amount of \$4.4 million. The business-type activities current assets increased by \$44.0 million, primarily due to an increase in cash and temporary investments of \$44.9 million. This cash increase was from an increase in the Water and Wastewater Operating Fund in the amount of \$15.7 million due to revenues exceeding expenses on a cash basis, an increase of \$22.6 million in the Water and Wastewater Capital Projects Fund due to unspent bond proceeds, and an increase of \$6.6 million in the Solid Waste Fund primarily due to unspent bond proceeds and cash provided by operating activities. The service billing receivables had a decrease of \$1.4 million.

Restricted current assets in governmental activities increased by \$10.6 million or 6.2%. This was mainly from an increase in restricted cash of \$5.9 million and in increase in amounts due from other governmental agencies of \$4.5 million. The restricted cash in the Impact Fees Capital Projects Fund increased by \$14.7 million due to an increase in fees recognized and lower amounts transferred for capital projects, and the Nonmajor Governmental Funds had a decrease of \$8.8 million. The \$8.8 million decrease in the Non major Governmental Funds was due to a decrease in cash in the tax increment funds for West County and Arundel Mills in the amount of \$13.6 and \$27.6 million, respectively. The tax increment decrease was as a result of the timing of funds sitting in escrow to be refunded in the prior fiscal year. This decrease was partially offset by an increase in the Watershed Protection and Restoration Fund in the amount of \$5.5 million due to the final phase in of the fees and an increase in the Bond Premium Fund in the amount of \$24.1 million. The increase in current restricted assets in business-type activities of \$33.8 million or 11.1% was primarily due to increase in cash and investments of \$45.1 million. This increase in cash was due to an increase in bond proceeds of \$15.2 million for bond premium, an increase in capital contributions in the amount of \$31.6 million, a decrease in the Capital Projects Fund due from other governmental agencies in the amount of \$4.7 million, and a decrease in receivables related to capital connections and current receivables in the Utility Debt Service Fund of \$6.6 million due to collection of currently due fees and some receivables being re-classified to long term due to a legislative change to extend the allocation due date.

Restricted noncurrent assets in business-type activities increased by \$10.9 million from fiscal year 2014 or 25.3%. This resulted from an increase in the long-term receivables for front foot benefit charges and capital connection charges as a result of an increase in the capital facility connection fee from fiscal 2014 and some current receivables being re-classified to long term due to a legislative change to extend the allocation due date.

The governmental capital assets balance increased by \$25.1 million from fiscal year 2014 or 2.3%. Capital assets in the business-type activities increased by \$87.9 million or 6.3%. This increase is the result of the completion of certain capital projects.

Current unrestricted liabilities for governmental activities increased by \$27.4 million or 12.7%, from the previous fiscal year. This occurred primarily due to increases in accounts payable and accrued liabilities, amounts due from component units, and an increase in the current portion of non-current liabilities of \$11.4, \$9.1, and \$5.4 million, respectively. The accounts payable and accrued liabilities increase is mainly from the recording of the Wynne Case liability in the amount of \$16.0 million in the General Fund partially offset by a decrease in the General County Capital Projects Fund in the amount of \$4.7 million. The increase in the amount due from component units is mainly as a result of an increase in the amount due to the Board of Education in the amount of \$8.5 million. The increase in the current portion of non-current liabilities is as a result of an increase in the current portion of the unearned bond premium of \$4.5 million. The current unrestricted liabilities in business-type activities decreased by \$1.0 million or 1.4%, from fiscal year 2014. This change was in part caused by decrease in accounts payables and accrued liabilities of \$5.2 million partially offset by an increase in the current portion of long-term debt and obligations of \$4.9 million which was in part from an increase of \$1.9 million related to the current portion of the bond premium.

Restricted current liabilities for governmental activities decreased by \$41.5 million or 70.3%, from fiscal year 2014. The change was primarily caused by decrease in escrow deposits in the amount of \$43.0 million primarily related to the TIF refunding, and a decrease in unearned revenue related to Impact Fee Capital Projects in the amount of \$1.6

**Anne Arundel County, Maryland**  
**Management Discussion and Analysis**  
**Year Ended June 30, 2015**

---

million. Restricted current liabilities for business-type activities decreased by \$4.5 million or 17.0% primarily due to a decrease in unearned revenues of \$5.1 million which is from a decrease in developer contributions.

Noncurrent liabilities consist of bonded debt, pension benefits, OPEB obligation, self insurance reserves, loans, capital leases, and other liabilities. These liabilities increased \$285.3 million or 15.4%, in governmental activities, and increased by \$96.6 million or 16.0%, in business-type activities. The increase in governmental activities was due to the following: the recording of the annual Pension Benefits obligation of \$115.2 million, the recording of the annual OPEB obligation of \$45.3 million, \$127.8 million in additional long-term debt of which \$32.8 million is related to an increase in bond premiums, and a decrease of \$3.1 million in unpaid insurance claims. The increase noted in the noncurrent liabilities in business-type activities for fiscal year 2015 was caused primarily by an increase in the net bonded debt of \$83.1 million of which \$21.3 million is related to an increase in bond premiums, the recording of the pension benefits obligation of \$9.7 million, and the recording of the OPEB obligation of \$4.5 million.

The components of governmental and business-type net position were discussed in the financial highlights above. It should be noted the negative unrestricted balance in governmental activities has increased from a negative \$1.06 billion to a negative \$1.15 billion, an increase of 8.4%. It is important to note that although counties in the State of Maryland issue debt for the construction of schools, the schools are owned by the local Boards of Education. Ownership reverts to the County if the building is no longer needed. The County also funds projects for the Community College and others that do not result in County assets. Therefore, while the County's statements include this outstanding debt, there are no capital assets recorded on the Primary Government's statements. The negative unrestricted governmental activities fund balance of \$1.15 billion reflects this treatment. The Board of Education and Community College net investment in capital assets of approximately \$1.03 billion and \$97.2 million, respectively, are evidence of the significant level of capital assets constructed primarily from County incurred debt.

The following table shows the fluctuations in the unrestricted fund balance in the governmental activities over the past four years. The decrease is the result of assets used for capital improvements classified in the Net Investment in Capital Assets and the recording of the pension benefits and OPEB obligation.

<u>Fiscal</u> <u>year</u>	<u>Balance</u> <u>(in millions)</u>	<u>Fiscal</u> <u>year</u>	<u>Balance</u> <u>(in millions)</u>
2012	\$ (657.8)	2014	\$ (1,061.9)
2013	(731.8)	2015	(1,151.0)

The following schedule is a condensed version of the Statement of Activities; however, the revenues are listed first with the functional expenses presented last. The schedule includes comparative amounts from the previous fiscal year.

The Statement of Activities presents some significant changes in revenues. These fluctuations were explained in the financial highlights section. Governmental activities' overall revenue has increased from fiscal year 2014 by \$87.4 million or 6.1%. The increase in revenue is due to a \$50.4 million or 109.7% increase in capital grants & contributions primarily due to contributions from Arundel Gateway and Two Rivers special taxing districts totaling \$42.8 million, an increase in developer contributions from public works agreements in the amount of \$4.8 million and an increase in grants and aid in the amount of \$3.0 million. In addition the growth in property taxes of \$20.2 million or 3.2% from an increase in the assessable base and an increase in charges for services of \$16.8 million or 13.2% from the fully implemented Watershed Protection and Restoration Fee (WPRF) contributed to the revenue increase.

The governmental activities' expenses had an increase of \$114.3 million or 7.8% from fiscal year 2014. Certain functional categories of expenditures had significant fluctuations during fiscal year 2015. The most notable fluctuations were in education, public safety, and general government which increased by \$55.8 or 7.9%, \$31.5 or 10.7%, and \$30.9 or 25.1% million respectively. These increases were partially offset by a decrease of \$16.6 million or 15.6% in public works spending. The spending increase in education was driven by having to fund a larger student population at maintenance of effort levels. Public safety increased spending was driven by budgeted pay package increases and a \$10.8 million increase in pension expense associated with the implementation of GASB 68. General government increased spending was due to a \$36.9 million increase in non-capital expenditures, budgeted pay package increases, partially offset by departmental budgeted decreases. The decrease in public works spending was due to lower non-capital expenditures.

In business-type activities capital grants and contributions increased by \$39.6 million or 45.1% from the previous year which resulted mainly from \$12.5 million in grant funding for the Cox Creek Water Reclamation Facility enhanced Nutrient Removal and an increase in developer allocation fees, and capital connection fees for water and wastewater in the amount of \$26.3 million. In general revenues, other revenue decreased by \$2.8 million or 19.2% which was mainly from the Water and Wastewater Fund.

Business-type expenses had an overall increase of \$5.8 million or 3.3% from the previous year which was primarily caused by an increase in depreciation in the Water and Wastewater Fund of \$7.0 million and increases in personnel expense of \$0.4 and \$0.2 in solid waste and child care funds, partially offset by a decrease in personnel services of

**Anne Arundel County, Maryland**  
**Management Discussion and Analysis**

---

\$2.8 million in the Water and Waste Water Fund.

**Distribution of Revenues and Expenses**

The next two charts show the percentage distribution of revenues from governmental activities and the percentage expended on each function, respectively. Discussion of the 2015 distribution and significant changes since 2014 follows.

General revenue sources continue to provide the vast majority of the County's revenue. Tax revenues from property assessments, income, State shared sources, recordation and transfer, and sales tax provided 80% of the revenue base, a decrease of 4% from fiscal year 2014 which was 84%. Charges for services paid to the County by users, were 9% for fiscal year 2015, a decrease of 1% from fiscal year 2014 which was 10%.

An analysis of the percentage distribution of revenues revealed that there was a slight increase in recordation & transfer taxes from 5% to 6%. Property tax and income taxes decreased slightly from 45% to 43% and from 30% to 28%, respectively. An analysis of the percentage distribution of expenses by function revealed that public safety increased from 20% to 21% and general government increased from 8% to 10% while public works and recreation & community services decreased from 7% to 6% and 5% to 3%, respectively.

The next two charts show the percentage distribution of revenues from business type activities and the percentage expended on each function, respectively. Discussion of the 2015 distribution and significant changes since 2014 follows.

Charges for services and capital contributions continue to provide the vast majority of the County’s business type activities revenue. Together these account for 96% of the revenue in fiscal 2015. This is a 2% increase from 2014 which was 94%.

An analysis of the percentage distribution of expenses by function revealed that there was no significant change in any of the functions as a percent of the total from 2014.

## Business Type Activities Revenues Fiscal Year 2015

## Business Type Activities Expenses Fiscal Year 2015

### Fund Statements

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Although tables have not been included herein, certain elements of the major fund statements presented in the basic financial statements are discussed below.

#### **Governmental Funds:**

The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, committed, assigned and unassigned fund balances can serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

Total assets in the General Fund increased from \$243.9 million to \$272.6 million or \$28.7 million, from fiscal year 2014. The increase primarily occurred in cash and investments of \$30.5 million from a \$10.7 million transfer from the health insurance fund to the restricted OPEB fund in the general fund and revenues exceeding expenses and a decrease of \$1.6 million in the property tax receivable. Total fund balance increased from \$119.5 million to \$162.0 million or an increase of \$42.5 million. This increase in the fund balance resulted in part from the transfer of \$10.7 million from the health care fund to the retiree health care account and an increase in revenue over expenses during 2015.

General Fund expenditures increased from \$1,239.5 million to \$1,287.0 million or \$47.5 million and revenues increased by \$56.0 million over 2014. Other sources and uses contributed \$37.3 million and brought a net inflow to

**Anne Arundel County, Maryland**  
**Management Discussion and Analysis**  
**Year Ended June 30, 2015**

---

the General Fund of \$42.5 million in fiscal year 2015, compared to a net inflow of \$3.7 million in 2014.

The County has a Revenue Reserve Fund which is included in the unassigned category of General Fund balance. At the end of fiscal year 2015, a balance of \$48.6 million was in the reserve fund. This increase from fiscal year 2014 is because of a contribution of \$3.3 million in fiscal year 2015 to this fund and investment earnings of \$1.1 million. This reserve may only be used when revenues fall below budget expectations and then legislative action is required. This fund has been in existence since fiscal year 1994 and has been drawn on by Management in fiscal year 2009 and fiscal year 2010 in the amounts of \$16.8 million and \$16.0 million, respectively, as a result of underperforming revenues during the recession of 2008 and 2009.

The Impact Fees Capital Project Fund retains developer impact fees until needed for the construction of capital assets. The total fund balance increased from \$56.2 million in fiscal year 2014 to \$72.5 million in 2015. The fund balance increased by \$16.3 million versus the \$13.3 million increase in fiscal year 2014. This year over year increase was a result of an increase in impact fees recognized of \$26.4 million in 2015 versus \$26.1 million in 2014 and a decrease in transfers to other funds of \$2.6 million (\$6.5 million transferred in fiscal year 2015 compared to \$9.1 million in 2014). The amounts transferred are used to pay off debt and for the construction of capital assets. Both of which are related to impact fee eligible projects. There was a slight decrease in expenses as \$3.6 million was used to support capital improvements in fiscal year 2015 versus \$3.7 million in fiscal year 2014.

The General County Capital Projects Fund's total assets increased from \$128.9 million in fiscal year 2014 to \$181.9 million in 2015, or \$53.0 million. This increase is primarily due to an increase in cash and investments of \$59.7 million in the fund at the end of the fiscal year which resulted from additional funds received through the issuance of bonds in fiscal year 2015. Liabilities increased by \$3.6 million primarily due to increases in due to the Board of Education for its capital improvements of \$8.4 million partially offset by increases in accounts payable and accrued liabilities of \$4.8 million. Deferred inflow of resources decreased \$1.6 million due to a decrease in unavailable grant revenue. The net effect was an increase in fund balance from \$92.1 million in fiscal year 2014 to \$143.1 million in 2015.

Revenues in the General County Capital Projects Fund increased from \$9.5 million in fiscal year 2014 to \$55.4 million in fiscal year 2015, or by \$50.0 million. This increase is attributable to additional contributed capital of \$42.8 million related to Arundel Gateway and Two Rivers contributions for improvements to their special taxing districts, higher grant and aid revenue of \$3.4 million and lower fees for service and other revenue of \$.1 million. Expenditures in this fund increased by \$87.2 million which is attributed to an increase of \$47.2 million for amounts paid to the Board of Education and Community College for capital projects and a \$40.0 million increase in capital outlays. The increase in Board of Education and Community College is primarily attributable to the construction of Severna Park High School and Rolling Knolls Elementary and the increase in capital outlay was mainly a result of spending in the Two Rivers and Arundel Gateway special taxing districts.

**Proprietary Funds:**

The County's proprietary fund's statements provide the same information found in the government-wide financial statements, but in more detail.

The Water and Wastewater Fund's assets totaled \$1.95 billion at the end of fiscal year 2015 which was an increase of \$124.2 million over fiscal year 2014. The increase mainly occurred as a result of an increase of \$44.2 million in capital assets and an increase in cash and investments of \$80.8 million. Capital assets increase each year as capital projects are completed and developer donated water and sewer facilities are added. The increase in cash and investments was in part the result of \$56.0 million in bond funds that were unspent at year end and capital contributions from developers of \$8.6 million. Liabilities have increased by \$104.2 million. The increase resulted primarily from additional long-term bonded debt of \$55.5 million, the recording of the liability for pension benefits of \$34.2 million. As a result of the changes in assets and liabilities, the Water and Wastewater Fund's net position increased \$29.8 million or 2.4%.

The Statement of Revenues, Expenses, and Changes in Fund Net Position has a decrease in operating revenues of \$3.1 million or 3.3%. Operating expenses increased by \$4.4 million or 3.8%. Non-operating components expense increased from the previous year by \$0.4 million due to a decrease in interest expenses of \$0.4 million. Capital

**Anne Arundel County, Maryland**  
**Management Discussion and Analysis**  
**Year Ended June 30, 2015**

---

contributions, fees and grants increased by \$4.7 million. These contributions represent the capital assets built by developers and fees collected from properties connecting to the County's water and wastewater systems.

The Solid Waste Fund's assets increased by \$11.8 million primarily due to an increase in cash and investments of \$9.2 million and a increase in capital assets of \$2.8 million. Liabilities increased by \$19.3 million or 25.6% from fiscal year 2014 to 2015. An increase in long-term debt of \$5.4 million and the recording of the pension liability of \$7.2 million contributed to this change.

The Statement of Revenues, Expenses, and Changes in Fund Net Position for Solid Waste has a decrease in operating revenue of \$0.4 million and operating expenses increased by \$0.5 million.

**Fiduciary Funds:**

Fiduciary funds include the Pension Trust Funds and the Agency Funds. The Pension Trust Funds are presented for the calendar year ended December 31, 2014. Investments increased \$71.6 million from calendar year 2013 to 2014 as net position increased from \$1.62 billion to \$1.67 billion or 3.1%. Contributions increased from \$72.6 million in 2013 to \$77.0 million during 2014 and investment activity decreased from 2013 by \$67.5 million. Agency funds increased from \$24.5 million in fiscal year 2014 to \$33.5 million in fiscal year 2015. This increase was due to a \$3.3 million increase in tax sale escrow deposits due to larger bid premium generated in the fiscal 2015 sale and a \$2.5 million increase in escrow deposits for Two Rivers special taxing district due to the debt service reserve fund for the bonds that closed during the fiscal year 2015.

**Budgetary Variations:**

The budgetary statements of the General Fund show actual revenues of \$1.35 billion compared to budgeted amounts of \$1.31 billion, resulting in \$36.5 million more in revenue than anticipated. The most significant budgetary variations within components of revenue were fees for service and other revenue, recordation and transfer taxes and local income taxes, and which exceeded budgetary expectation by \$12.2 million or 21.0%, \$11.7 million or 15.0%, and \$6.7 million or 1.5%, respectively. The remaining increase was mainly due to increases in interfund recoveries, licenses and permits, general property taxes and local sales tax of \$2.5 million, \$1.8 million, \$1.4 million and \$1.0 million, respectively.

Total expenditures on a budgetary basis were \$1.34 billion compared to appropriation authority of \$1.35 billion, resulting in \$6.9 million or 0.5%, less than planned. Only modest variances were noted in the various expenditure categories which were attributed to a continued focus on cost avoidance and containment during fiscal year 2015.

In reviewing the changes from the original budget to the final budget, there were no changes to budgeted revenues and budgeted expenditures in total. General government had a decrease from the original budget to the final budget of \$8.5 million this decrease was offset primarily by increases in public works and public safety of \$7.8 and \$0.6 million, respectively, from the original budget to final budget. Nominal increases and decreases were noted for several other categories. Management is not aware of any reasons why these and other budgetary variations would have a significant effect on future liquidity or services.

**Capital Assets**

The next table presents the asset values of the capital asset categories in governmental and business-type activities, net of accumulated depreciation. A discussion of the fluctuations follows.

*Governmental capital assets* - Total governmental capital assets show an increase from the prior year of \$25.1 million or 2.3%. The following table shows an increase in construction in progress, land and easements, storm drains and culverts, automobiles and rolling stock, and roads and bridges of \$21.1, \$4.3, \$4.9, \$1.7 and \$1.5 million, respectively. These increases were partially offset by decreases in furniture and equipment, buildings, and land improvements of \$4.5, \$2.3 and \$2.0 million, respectively, due to continued depreciation of these assets.

Major capital asset events during the current fiscal year included the following:

**Anne Arundel County, Maryland**  
**Management Discussion and Analysis**  
**Year Ended June 30, 2015**

- \$11.7 million on road reconstruction and resurfacing
- \$3.4 million on the new Eastern District police station
- 45 new vehicles were purchased including fire trucks, ambulances, and various autos
- \$3.1 million for preservation and conservation programs

*Business-type capital assets* – The capital assets in business-type activities increased by \$87.9 million or 6.3%, from fiscal year 2014. This increase was almost entirely due to the increase in construction in progress. Construction in progress increased by \$92.2 million or 19.8%. There was also an increase of \$2.7 million or 21.2% in landfills. These increases were slightly offset by a decrease in water and sewer plants and lines of \$7.3 million or 0.8%. The remaining categories of assets show modest variations because new additions are negated by the continued depreciation of existing assets.

Major capital asset events during the current fiscal year included the following:

- \$52.8 million for Water Reclamation Facility Enhanced Nutrient Removal projects at the following locations:
  - Broadneck
  - Annapolis
  - Patuxent
  - Broadwater
  - Maryland City
  - Cox Creek
  - Sylvan Shores
- \$11.0 million for general water and sewer main replacement and reconstruction
- \$5.8 million for Mill Creek sewer pumping station upgrade
- \$4.2 million for elevated water storage tanks
- \$3.0 million for the Fort Meade booster station
- \$2.6 million for Mayo water reclamation facility expansion
- \$2.6 million for general upgrades and retrofit of sewer pumping station
- \$2.6 million for cell 9 construction at landfill
- \$2.4 million for Broad Creek water treatment plant
- \$2.1 million for Jennifer Road pumping station upgrade

The Statement of Net Position presents the gross asset balances and total accumulated depreciation. The following table summarizes this information for depreciable assets and presents accumulated depreciation as a percentage of the gross depreciable assets.

**Anne Arundel County, Maryland**  
**Management Discussion and Analysis**  
**Year Ended June 30, 2015**

**Anne Arundel County, Maryland**  
**Analysis of Depreciable Assets**

	Total depreciable capital assets	Less Accumulated depreciation	Net depreciable capital assets	depreciation as a percent of total
<b>Governmental</b>				
2015	\$ 1,489,865,377	\$ (793,436,125)	\$ 696,429,252	53%
2014	1,452,096,655	(755,331,660)	696,764,995	52%
2013	1,411,067,951	(715,417,172)	695,650,779	51%
2012	1,386,454,990	(677,362,499)	709,092,491	49%
2011	1,350,208,675	(640,855,387)	709,353,288	47%
2010	1,309,691,255	(603,437,179)	706,254,076	46%
<b>Business-type</b>				
2015	\$ 1,673,358,479	\$ (769,169,392)	\$ 904,189,087	46%
2014	1,632,821,069	(723,788,869)	909,032,200	44%
2013	1,601,506,749	(674,959,354)	926,547,395	42%
2012	1,563,975,835	(636,376,833)	927,599,002	41%
2011	1,512,942,554	(599,641,441)	913,301,113	40%
2010	1,450,293,037	(564,824,823)	885,468,214	39%

This analysis shows that the percent of depreciated governmental capital assets have increased in recent years to 53% in fiscal year 2015. The business-type capital assets also show a continual increase in the total depreciation as a percent of the asset values. The percent has increased from 39% in fiscal year 2010 to 46% in fiscal year 2015.

The comparison of these fiscal years does not provide any definitive conclusion about the County's replacement of aging assets; however, an upward trend in accumulated depreciation as a percent of gross assets over several years might indicate that the asset base is aging. Management will continue to monitor these trends. Additional information about the County's capital assets and changes therein is provided in the Note 5 to the basic financial statements.

**Debt Administration**

The County's outstanding debt at the end of fiscal years 2015 and 2014 is presented in the table below. The County issued general obligation bonds, of \$380.8 million in April 2015, including \$181.8 million for governmental activities, \$87.2 million for business-type activities and \$111.8 for refunding prior issued bonds. The additional bond funds of \$269.0 million were used to fund \$155.6 million of improvements for general county capital projects and \$113.4 million for water and sewer, watershed protection and restoration, and landfill capital projects. The refunding resulted in net present value of savings of \$13.9 million in debt service expense. The County also increased its debt by \$12.2 million in Maryland Water Quality loans for water and waste water improvements

The changes to the federal and state loans were not significant as there was only one new State loan for \$4,937 added in fiscal year 2015 and principal payments of \$336,685 were made on existing loans. The County did not enter into any new lease agreements in 2015. Payments for leases totaling \$12,304 were made which resulted in a decrease in the capital lease balance to \$36,911. The County did not initiate new agricultural easements through installment purchase agreements during fiscal year 2015. Other changes to debt balances resulted from principal payments during fiscal year 2015. Additional information about the County's debt and changes therein is provided in Note 8 to the basic financial statements.

**Fiscal Year 2016 and Beyond**

- The County Real Property Tax Rate for fiscal year 2016 is \$0.923 per \$100 of assessed valuation. This is a 2.0 cent decrease and consistent with the County’s Property Tax Revenue Cap. Fiscal Year 2016 property tax receipts are estimated to increase 0.9% over the revised fiscal year 2015 budget. Declining real property assessments associated with the current housing market do not significantly impact the property tax revenue yield because of the wide gap between assessable values and “taxable” assessable values, the growth of which was limited by the Homestead Property Credit Program to 2% per year during the housing boom years.
- The County Council has set the calendar year 2016 County income tax rate at 2.50% which is a decrease from the prior calendar year. Fiscal year 2016 income tax revenue is projected to increase 3.0% over the revised fiscal year 2015 budget. The increase in income tax revenue is largely due, to an improving economy and lower unemployment in Anne Arundel County. Income tax is budgeted at \$450.6 million for fiscal year 2016.
- A State law allows the County to collect a stormwater fee from taxpayers to fund the implementation of a local watershed protection and restoration program. These fees are maintained in a dedicated fund, the Watershed Protection and Restoration Fund. For fiscal year 2016, the Watershed Protection and Restoration Fund had an approved budget of \$17.6 million.
- For fiscal year 2016, the Anne Arundel County Public Schools are funded by the County at \$620.6 million, a \$17.1 million or 2.8% increase over the prior year. This funding level exceeds the required Maintenance of Effort for fiscal 2016. Due to legislation passed by the State in May 2012, 100% of the teachers’ normal pension costs will be shifted to the County. The transfer of these pension costs will be phased in over a four-year period. \$18.7 million has been included in the fiscal year 2016 budget to cover the cost of this pension shift. Anne Arundel County Public Schools fiscal year 2016 capital budget contains fifty planned projects totaling \$140.0 million or 50% of the capital budget. Of the total General Fund debt service budget, 57% is allocated for school debt.
- The County’s support of the Anne Arundel Community College increased \$0.8 million in fiscal year 2016 over fiscal year 2015 to a total of \$38.4 million, \$36.7 million from General Fund and \$1.7 million from Video Lottery Local Impact Aid Special Revenue Fund. The County has appropriated \$4.9 million for Anne Arundel County Community College’s fiscal year 2016 capital projects, which will be financed by issuing general obligation bonds. The Community College’s annual debt service of \$5.7 million is paid by the County.

These and other economic factors were considered when preparing the fiscal year 2016 General Fund budget, which estimates total revenues at \$1.3 billion; an increase of \$35.5 million or 2.7% over fiscal year 2015 original budgeted

**Anne Arundel County, Maryland**  
**Management Discussion and Analysis**  
**Year Ended June 30, 2015**

---

amounts. Mindful of the economic struggles the County has faced for the past several years as a result of national economic uncertainties, cuts in revenue funding streams and the status of the State of Maryland's budget, the County will continue to carefully monitor expenditures and apply cost containment efforts. Expenditures for fiscal year 2016 will continue to be tightened and trimmed where possible with some strategic investments, particularly in technology. The County also anticipates issuing bonds during fiscal year 2016.

There are no new taxes to fund the fiscal year 2016 budget. The income tax rate of 2.50% is effective January 1, 2016 and is a reduction from the 2.56% rate for the prior calendar year, it continues to be the third lowest in the State. The real property rate of \$0.923 per \$100 of assessed value is 0.2 cents lower compared to fiscal year 2015 and consistent with the County's Property Tax Revenue Cap. The Homestead Tax Credit rate is 2.0% and remains unchanged from the past fiscal year.

On May 18, 2015, The U.S. Supreme Court made a final ruling in the long-standing court case of the Comptroller of the Treasury of Maryland v. Wynne et.ux. The case involved a dispute over the credit a state taxpayer should get for taxes paid to other states for the income earned in those states. The State of Maryland gave a credit for the state portion of the income taxes but not for the local portion. The U.S. Supreme Court ruled in favor of the litigants. This means that the State of Maryland owes refunds to all taxpayers who filed amended returns requesting the additional credit. The County estimates, based on preliminary protective claim data from the Comptroller for the State of Maryland, (Comptroller), that the amount of income tax refunds for tax years 2007 through 2014, attributable to the Wynne case could be \$16 million, excluding interest, for Anne Arundel County. As the Comptroller issues refunds to eligible taxpayers, the refunds will be paid from the Local Reserve Account (Account), which is maintained by the State. The State will replenish the fund through financial transactions with counties and municipalities. As it relates to Anne Arundel County, the Comptroller will replenish the Account by reducing distributions beginning in fiscal year 2017. It is estimated that there will be a further reduction in revenues of \$4.0 million a year to the County going forward as a result of this ruling.

The Water and Wastewater Fund meter usage rates for fiscal year 2016 are \$2.76/1,000gal and \$4.85/1,000gal, respectively. This is unchanged from prior year. Effective September 1, 2015 the Water and Wastewater Fund meter usage rates were lowered to \$2.70/1,000gal and \$4.74/1,000gal, respectively. No changes were made to the annual refuse and recycling fees or the water and sewer ad valorem.

**Requests for Information**

This financial report is designed to provide a general overview of the County's finances for all those interested. Questions concerning any information provided in this report or requests for additional finance information should be addressed to the Office of Finance, 44 Calvert Street, Annapolis, Maryland 21401. Complete financial reports are also available on our website [www.aacounty.org](http://www.aacounty.org).

The County's component units issue their own separately audited financial statements. These statements may be obtained by directly contacting the component unit, contact information can be found on Note 1A of this report.

## Reconciliation of Changes in Fund Balances to Changes in Net Position

## Governmental Funds

Year Ended June 30, 2015

---

Changes in fund balances as shown on Statement of Revenues,  
Expenditures, and Changes in Fund Balances, Governmental Funds \$ 141,368,646

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of capital assets is allocated over the estimated useful lives of those assets through an annual depreciation charge. The differences are as follows:

Current year additions of capital assets	54,961,207
Current year donations of capital assets	14,816,830
Current year disposals of capital assets	(432,652)
Depreciation expense recorded in the Statement of Activities	(44,161,851)

Wynne accrued liability full accrual FY15 - FY16 partial current (16,026,711)

Governmental funds report the additions and payments of long term liabilities in the period that current resources are provided or used. However, in the Statement of Activities, new debt is recorded as a liability and payments of principal are charged against that liability. In addition, interest payable must be accrued from the date of the last interest payment to the end of the fiscal year. Debt related differences are as follows:

New debt issued in current year	(257,520,837)
Principal payments on debt	164,183,167
Lease payments	12,304
Change in accrued interest payable	(611,283)
Loss on refunding	1,489,956
Amortization of prior year refunding gain/loss	(932,598)
Accrual of compensated absences	(1,031,416)
Accrual of pension benefits	(15,339,386)
Accrual of other post-employment benefit liability	(44,588,951)

Certain charges paid with current financial resources are unearned and amortized over one or more periods on the Statement of Activities. The differences are as follows:

Expense was unearned to future periods	2,066,575
Amortization of expenditures unearned in previous years	(1,143,220)

Premiums received on bond issues have been unearned in the government-wide statements. The revenue will be recognized over the life of the related bonds.

The differences are as follows:

Unearned revenue	(47,971,873)
Amortization of amounts unearned	10,999,239

Certain revenue was unearned on the governmental fund statements because it was not available to pay expenditures of the current period. These unearned amounts are recognized as revenue in the Statement of Activities.

(5,710,071)

The current year activity in the internal service funds has been combined and eliminated against the governmental activities in the Statement of Activities. However, the net activity in the internal service funds that resulted from provision of services to business-type activities, component units, and outside agencies must be recognized in the Statement of Activities.

(4,270,788)

Changes in net position as shown in governmental activities on the Statement of Activities \$ (49,843,713)

*Accompanying notes to the financial statements are an integral part of this statement.*

**1 Summary of Significant Accounting Policies**

The basic financial statements are prepared in accordance with accounting principles generally accepted in the United States of America applicable to governmental units as prescribed by the Governmental Accounting Standards Board (GASB). This note summarizes the significant accounting policies.

**A Reporting Entity** – The County’s basic financial statements include various departments, agencies, and other organizational units governed directly by the County Executive and the County Council, herein referred to as the primary government. These statements also include other entities, which by the entities’ relationships with the primary government are considered component units of the County. Accounting principles dictate that those entities that are financially accountable to the primary government or where exclusion would cause the financial statements to be misleading or incomplete should be included in the County’s basic financial statements. The County’s component units and the reasons for the entities’ inclusion are as follows:

- **Anne Arundel County Board of Education** (Board of Education) - The Board of Education and the Anne Arundel County Public School System provide public education for the County’s students in grades kindergarten through twelve.
- **Anne Arundel Community College** (Community College) – The Community College and its Foundation operate an institution of higher education within the County.
- **Public Library Association of Annapolis and Anne Arundel County, Inc.** (A.A. County Public Library or Library) – The Library operates the public library system within the County.
- **Anne Arundel Economic Development Corporation** (Economic Development) – Economic Development provides services and programs that promote economic development within the County.
- **Tipton Airport Authority** (Tipton Airport) – Tipton Airport operates a general aviation airport in the western area of the County.
- **Anne Arundel Workforce Development Corporation** (Workforce Development) – Workforce Development provides job training and placement services to County citizens.

All of these entities are component units because the primary government approves the entities’ respective budgets and/or provides a substantial amount of funding. In addition, the County Executive appoints a majority of the members of the governing bodies for Economic Development, Tipton Airport, and Workforce Development.

All of these entities are discretely presented in the government-wide statements. The Board of Education and the Community College are considered major component units and have been presented in separate columns on the face of the government-wide statements.

Separately issued financial statements for the Board of Education, the Community College, Economic Development, Tipton Airport, and Workforce Development may be obtained from the respective administrative offices. The addresses are provided as follows. The Library does not issue separate financial statements, and all of its required financial statements have been included in the County’s comprehensive annual financial report.

Millersville, MD 21108

**B Financial Statement Presentation, Measurement Focus, and Basis of Accounting** – The basic financial statements are divided into three categories: government-wide financial statements, fund financial statements, and budgetary statements.

### **Government-Wide Financial Statements**

The government-wide financial statements, consisting of the Statement of Net Position and the Statement of Activities, are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized in the year levied, and grants and similar revenues are recognized when all eligibility requirements imposed by the provider have been met.

The government-wide statements present governmental activities, which are supported primarily by taxes and intergovernmental revenues, separately from business-type activities, which are funded primarily by user fees. In addition, the primary government's activity is presented separately from its discretely presented component units. The government-wide statements do not include the net position or activities of the fiduciary funds, which include the pension trust funds and the agency funds, because these funds account for assets that are not owned by the County.

Interfund activity within the primary government's governmental activities and business-type activities has been eliminated from the government-wide statements. Residual balances between the governmental and business-type categories are presented on the Statement of Net Position as "Internal balances." In addition, transactions between these activities and the internal service funds, which primarily serve the primary government, have been eliminated. Certain residual assets, liabilities, and net positions of the internal service funds have been added to governmental activities. In addition, transactions between the internal service funds and component units or other non-County agencies have been included in governmental activities.

### **Fund Financial Statements**

The fund financial statements include statements for the governmental funds, the proprietary funds, and the fiduciary funds. Major funds within each category have been presented in separate columns, while all nonmajor funds are combined in one column.

**Governmental fund financial statements** - The governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when measurable and available. Revenues are considered available if those revenues are collectible within the current period or shortly thereafter to pay liabilities of the current period. Expenditures are generally recorded when incurred; however, expenditures for debt service, compensated absences, claims, and judgments are recorded when payments are due.

The County considers revenue collected within ninety days of the end of the year as available, except for property taxes, which must be collected within sixty days. Therefore, property taxes, income taxes, certain shared taxes, and grants that have not been received within the availability period have been deferred to future periods and recorded as deferred inflow of resources.

The governmental fund financial statements separately present the following major funds:

- **General Fund** – This fund is the primary operating fund. It accounts for all financial resources of the primary government except those accounted for in another fund.
- **Impact Fee Capital Projects Fund** – This capital projects fund accounts for impact fees collected from developers to pay a share of the cost of additional school capacity, road improvements, and public safety facilities necessitated by the development.
- **General County Capital Projects Fund** – This fund accounts for all financial resources that are received and used for the acquisition or development of major capital improvements. Resources received are applied in the following order: bonds, dedicated revenues such as developer contributions, pay-as-you-go, and grants.

**Proprietary fund financial statements** - The proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned, and expenses are recognized when a liability is incurred, regardless of the timing of cash flows. These funds account for County services that operate as self-supporting activities. Those who benefit from these services bear the cost through the payment of user fees. The proprietary fund financial statements separately present the following major enterprise funds:

- **Water and Wastewater** – This fund accounts for the operating, debt service, and capital improvement activities of the water and wastewater utility services provided to County residents and businesses.
- **Solid Waste** – This fund accounts for the costs associated with the collection and disposal of refuse for County residents and businesses. This includes the cost of operations, debt service, capital improvements, and landfill restoration.

The proprietary fund statements also include a column that presents totals for internal service funds. These funds operate as self-supporting activities that primarily serve the primary government and its component units. The internal service funds of the County are:

- **Self Insurance** – The County is self-insured for workers' compensation, auto liability, and general liability insurance. This fund accounts for the self-insured activity and the purchase of policies from commercial insurers for certain specific exposures. These services, provided to the primary government and certain component units, are funded through charges to the users.
- **Health Insurance** – The County is self-insured for employee and retiree medical benefits. This fund accounts for this health insurance activity and the payment to outside administrators and medical service providers. These services are provided to the primary government and certain component units and other agencies and are funded through premiums charged to the users.
- **Central Garage and Transportation** – This fund accounts for activity in the County's central garage, which provides the primary government and certain component units with vehicle maintenance, fuel usage, and motor pool vehicles. Costs are recovered through fees to users for maintenance, fuel use, and vehicle lease charges.
- **Garage Vehicle Replacement** – This fund accounts for the collection of replacement fees from participating funds within the primary government and certain component units. The fees are used to replace motor pool vehicles as needed.

**Fiduciary fund financial statements** - The fiduciary fund statements include columns for the following:

- **Pension Trust Fund** – This column includes the activities of the Anne Arundel County Retirement and Pension System (Retirement System). The Retirement System accounts for the activity in the primary government's four defined-benefit pension plans and reports on a calendar year basis. The Pension Trust Fund is reported using the economic resources measurement focus and accrual basis of accounting. Revenues are recognized when earned, and expenses are recognized when a liability is incurred, regardless of the timing of related cash flows. These plans accumulate employer and employee contributions and invest these funds to provide guaranteed pension benefits after retirement. Employer contributions are based on actuarial recommendations.
- **Agency Funds** – This column includes the balances of assets and liabilities maintained in the primary government's agency funds. Since agency funds report only assets and liabilities, these funds do not use a measurement focus. Transactions in these funds are recorded using the accrual basis of accounting. These funds account for deposits that are collected and held on behalf of individuals, organizations, or other governments. These monies include: escrow deposits for developer subdivisions, sediment control, tax sale, and other miscellaneous purposes; monies held in trust on behalf of the Special Tax and Assessment Districts; and taxes collected for other governments.

### **Budgetary Statements**

The basic financial statements include a Statement of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual for the General Fund. This statement is prepared using the budgetary basis of accounting in which revenues are recognized when earned and available. This non-GAAP basis of accounting

recognizes that the County's budget is adopted in accordance with legal requirements regarding appropriation authority and the certification of the availability of funds to support those appropriations. Pursuant to the County Charter, the capital and operating budgets are presented by the County Executive to the County Council by May 1<sup>st</sup>. The County Council holds public hearings regarding the budget. The Annual Budget and Appropriation Ordinance must be approved by June 15<sup>th</sup> (prior to the start of the next fiscal year on July 1<sup>st</sup>) and provides the spending authority at the department level for the operations of the County. Unexpended or unencumbered appropriations in the operating budget expire at year-end. The County also recognizes revenue collected within ninety days of the end of the fiscal year as available for the prior year's appropriation, except for property taxes, which must be collected within sixty days and grant revenue when the County Controller has determined that sufficient documentation exists to support that revenues not yet collected within ninety days of the end of the year are available to support appropriations in that fiscal year. Budgetary expenditures are recognized when encumbered or when goods or services are received. All major capital project funds have legally adopted budgets and unspent appropriations at year-end carry forward to the subsequent year. All nonmajor governmental funds have legally adopted budgets except the Storm Drain Fees Fund, Recreation Land Fees Fund, Street Light Fund, and Energy Revolving Loan Fund, which are expended through the Capital Projects Fund. Additional Budgetary information can be found at [www.aacounty.org/Budget/FY2015.cfm](http://www.aacounty.org/Budget/FY2015.cfm)

### **Combining and Other Supplementary Schedules**

For all columns in the basic financial statements that accumulate the data for nonmajor funds or component units, the County has provided combining statements that present the individual funds included in these nonmajor categories. In addition, budgetary statements of revenue and expenditures for all primary government funds for which budgets are adopted have been provided. Separate financial statements for the Library, a nonmajor component unit, are also presented because the Library does not issue separate financial statements.

**C Cash, Investments, and Related Income** – Cash includes bank deposits in checking and savings accounts. Investments are external pools and fixed income issues which generally mature within one year. Investments may extend longer than one year to facilitate the specific purpose of a fund. Details on investment types and terms are displayed in Note 3, “Cash and Investments.”

Investments are recorded at fair value. Available cash from the primary government and Library is pooled in the General Fund and invested in money market or other investments. To facilitate the pooling, cash belonging to other funds is transferred to and from the General Fund. On the Statement of Cash Flows for the proprietary funds, cash and cash equivalents include bank deposits and liquid investments readily convertible to cash.

Investment income earned on investments is generally allocated to each fund based on its proportionate share of the average daily cash balance each month. However, investment income earned on the balances in certain special revenue funds, certain internal service funds, agency funds, and the Library Fund is retained in the General Fund. In addition, investment earnings recognized in the General County Capital Projects Fund are transferred to the General Fund.

Investments of the Retirement System are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Mortgages are valued on the basis of future principal and interest payments and are discounted at prevailing interest rates for similar instruments. The fair value of real estate investments is based on periodic independent appraisals. Investments that do not have an established market, such as Private Markets, are reported at estimated fair values. The fair value of private equities are based on management's valuation of estimates and assumptions from information and representations provided by the respective general partners, in absence of readily ascertainable market values. There are no investments with parties or in entities related to the County.

**D Inventories and Prepaid Expenses** – Inventories of parts and supplies recorded in the General Fund and certain proprietary funds are valued at cost assuming a first-in, first-out consumption pattern. The government-wide and the fund statements record the cost of inventory as it is consumed, while the budgetary statements record the cost when the inventory is purchased. For the government-wide and proprietary statements, prepaid expenses are

recognized as the services are consumed. For the budgetary statements, prepaid expenses are recognized when either encumbered or paid.

**E Program Revenues** – The government-wide Statement of Activities is presented using a net-cost format. Total costs are presented on a functional basis. Some of these functional activities are financed in whole or in part by program revenues received from parties outside the County government. These program revenues are subtracted from the functional costs to arrive at net costs. General County revenues are then applied against the net costs to arrive at changes in net position for the fiscal year.

Program revenues include amounts received from those who purchase, use, or directly benefit from a program; amounts received from outside parties that are restricted to one or more specific programs; and earnings on investments that are legally restricted for a specific purpose. Program revenues include user fees and charges, impact fees, fines, license and permit fees, special community benefit assessments, grants and contributions, and restricted investment income.

**F Capital Assets** – Capital assets of the primary government are recorded in the applicable governmental or business-type activities columns on the government-wide Statements of Net Position. These asset balances include all constructed, purchased, or developer-donated public domain infrastructure (roads, bridges, and similar items). Infrastructure with an individual value of \$50,000 or more, intangible assets and software with an individual value of \$50,000 or more, Library books are recorded at cost, and other assets with an individual value of \$5,000 or more are capitalized. Capitalized interest is calculated on certain assets that are construction in progress. The County capitalized interest related to these assets in the amount of \$5,006,207 in fiscal year 2015. Once the asset is complete the cost of capitalization is amortized over the life of the completed asset. Capital assets are valued at historical cost or estimated historical cost. Donated assets are valued at the estimated fair value on the date donated. Land and easements, historical property, and works of art are assets that are not being depreciated. Depreciable assets are depreciated on a straight-line basis over the respective useful lives. The estimated useful lives of the capital assets are determined by the category. They are listed as follows:

<u>Category</u>	<u>Years</u>	<u>Category</u>	<u>Years</u>
Buildings, structures, sidewalks, curbs, gutters and water / sewer lines	50	Heavy machinery and other equipment	5 – 10
Water / sewer structures	35	Library collection	10
Land improvements	30	Furniture and fixtures	5 – 10
Culverts and storm drains	25 – 50	Office equipment, intangible assets, software, and telecommunications	
Roads and bridges	17 – 30	systems	5 – 7
Landfills	15 – 20	Automobiles and small rolling stock	5

**G Deferred Outflows/Inflows of Resources** –A deferred outflow of resources represents the consumption of net position that applies to a future period that will not be recognized as an outflow of the resources (expenditure) until the future period. At June 30, 2015, the County had deferred outflows of \$154,983,394 representing pension benefits in the amount of \$144,001,772 and unamortized deferred refunding losses in the amount of \$10,981,622. The Board of the Maryland State Retirement and Pension System recognizes deferred outflows for changes in actuarial assumptions that are being amortized over a five-year period and contributions made subsequent to the measurement date related to pensions. A deferred inflow represents an acquisition of net position that applies to a future reporting period that will not be recognized as an inflow of resources (revenue) until that time. For government-mandated and voluntary non-exchange transactions, a deferred inflow is reported when resources are received before time requirements are met. At June 30, 2015, the County had deferred inflows of resources of \$83,962,865 million representing unavailable tax revenues, 911 fees and unavailable grant revenues. On the government wide statements, the governmental activities had deferred inflows of resources related to pension benefits in the amount of \$1,601,126. The Board of the Maryland State Retirement and Pension System recognizes deferred inflows for the difference between the projected and actual investment earnings related to pensions.

Deferred outflows of resources are presented below the total assets on the government wide, proprietary, and governmental statements. Deferred inflows of resources are presented below the total liabilities on the government wide, proprietary, and governmental statements.

**H Operating and Nonoperating Revenues and Expenses and Capital Contributions** – The Statement of Revenues, Expenses, and Changes in Fund Net Position for proprietary funds categorize revenue sources into operating, nonoperating, and capital contributions. Operating revenues include charges for water, wastewater, landfill usage, child care and other revenue used to fund the ongoing provision of water and wastewater, waste collection, and child care services to citizens. The statement also presents combined totals for the internal service funds. These funds collect charges from other funds and component units for insurance and the primary government’s motor pool maintenance and replacement. Nonoperating revenues include all other sources, such as interest earned and other revenue. Capital contributions include developer-contributed assets and grants, capital connection fees, capital facility assessments, and front foot benefit fees restricted for the construction of capital assets or the payment of debt issued for capital construction.

Operating expenses in the proprietary funds include the costs of operating the County’s water and wastewater system, waste collection activities, and school-based child care services. Expenses consist of personnel and non-personnel services, cost of goods issued, depreciation, landfill closure and post-closure costs, indirect costs, and other miscellaneous allocated expenses. Nonoperating expenses include interest on debt and other miscellaneous expenses.

**I Bond premiums and refunding gain or loss** – The primary government typically receives premiums as a result of the sale of general obligation bonds. The treatment of the premiums differs depending on the basis of accounting used on the related statements. Premiums earned on debt in governmental activities are recognized as revenue in the year of the bond sale on the fund statement, amortized over the life of the bonds on the government-wide presentation, and applied against the purchase of capital assets in the subsequent fiscal years on the budgetary statement. Premiums earned on the bonds in business-type activities are amortized over the life of the bonds on the fund level and government-wide presentations, recorded as premium revenue on budgetary statements and then applied against the purchase of capital assets in the subsequent fiscal years. The refunding gain or loss is applied against the shorter life of the old debt or the new debt.

**J Capitalized interest** – The primary government’s Statements of Net Position for business-type activities includes capitalized interest. Management estimates the fiscal year interest expensed on debt used for the construction of capital assets. This interest is added to the value of the capital assets and is depreciated over the life of the related water and sewer lines, structures, and solid waste capital assets for bond-funded projects.

**K Indirect costs** – Administrative costs of the primary government are generally included in the general government function on the government-wide Statement of Activities and the fund financial statements. However, some allocations of administrative costs are made through an indirect cost allocation plan, resulting in charges to the proprietary funds, Pension Trust Fund, and General County Capital Projects Fund. These allocated costs are included in the functional expenses of these other funds.

**L Encumbrances** – The governmental funds utilize encumbrance accounting under which purchase orders, contracts, and other commitments are recorded in order to reserve budget appropriations for that purpose. Open encumbrances at fiscal year-end are shown as part of the restricted, committed or assigned fund balance in the governmental fund statements and are recorded as expenditures on the budgetary statements. Encumbrances as of June 30, 2015 totaled \$74,298,773 in the governmental fund types, of which \$57,546,263 is for construction activity. The proprietary funds utilize encumbrance accounting for budgetary purposes. As of June 30, 2015, the proprietary funds had encumbrances totaling \$178,195,467, of which \$165,250,192 is for construction activity.

**M Fund Balance Classification** – The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- **Non-spendable:** This classification includes amounts that cannot be spent because they either (a) are not in

spendable form or (b) are legally or contractually required to be maintained intact. The County has classified inventories, and prepaid items as non-spendable.

• **Restricted:** This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. The following fund balances are classified as restricted:

- **Reserve for retiree health benefits:** restricted by the County Charter, Section 718 for the payment of health benefits for retirees and their spouses, dependents, and survivors.
- **Base realignment and closure (BRAC):** restricted by the Annotated Code of Maryland, Section 5-1306 for the revitalization and incentive programs in the BRAC area.
- **Impact fees:** restricted by the Annotated Code of Maryland, Local Government Article, Section 20-701 for expanded infrastructure required to accommodate new development.
- **Forfeiture and asset seizure team:** restricted by federal regulations for law enforcement activities.
- **Roads and special benefits:** restricted by the Annotated Code of Maryland, Local Government Article, Section 10-314 for the improvements and benefits within designated districts.
- **Reforestation:** restricted by the Annotated Code of Maryland, Natural Resources Article, Section 5-1610 for the reforestation of properties in the County.
- **Laurel racetrack community benefit:** restricted by the Annotated Code of Maryland, Business Regulation Article, Section 11-404 for certain services and facilities in the vicinity of the Laurel racetrack.
- **Grants:** restricted by various state and federal laws, regulations and grant agreements that specify how funds may be spent.
- **Circuit court:** restricted by the Annotated Code of Maryland, Court and Judicial Proceeding Article, Section 7-204 for Circuit Court operations.
- **Erosion districts:** restricted by the Annotated Code of Maryland, Local Government Article, Section 21-306 for erosion control projects and related loans in designated districts.
- **Video lottery local impact aid:** restricted by the Annotated Code of Maryland, State Government Article, Section 9-1A-31(b) for improvements and facilities in the vicinity of the video lottery facility.
- **Watershed protection and restoration:** restricted by the Annotated Code of Maryland, Environmental Article, Section 4-202.1(h) (4) for stormwater management and projects
- **Bond premium:** restricted by the County Charter, Section 720(b) for capital improvements financed with the proceeds of the bonds that generated the premiums.
- **Debt Service:** is restricted through debt covenants.

• **Committed:** This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the County's highest level of decision making authority through the passing of ordinances. These amounts cannot be used for any other purpose unless the County Council removes or changes the ordinance that was employed when the funds were initially committed. Storm Drain Fees Fund,

Street Lights Capital Project Fund, Recreation Land Fees Fund, Energy Revolving Loan Fund, and Odenton Town Center Tax Increment Fund are committed based on legislation in the County code. The Installment Purchase Agreement Fund is committed for the purchase of agricultural and woodland preservation programs.

- **Assigned:** This classification includes amounts that are constrained by the County's intent to be used for a specific purpose but are neither restricted nor committed. The policy to assign funds is established through the Annual Budget and Appropriation Ordinance each year which is approved by both the County Council and the County Executive. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund. The General County Capital Projects are assigned for the repair and replacement of equipment.
- **Unassigned:** This classification includes the residual fund balance for the General Fund. A.A. County Partnership for Children Youth and Family Fund, Arundel Community Development Service Fund and the Grants Fund have negative unassigned fund balance which represents the timing difference between the grant expenditures and payments received for the reimbursable grants.

The County typically uses restricted resources first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

**N**     **Compensated absences** - The primary government's Statements of Net Position include an accrual for compensated absences. This accrual is an estimate of unused annual leave as of June 30, 2015. The annual leave accrual is calculated using unused annual leave hours as of June 30, 2015 and pay rates in place for each employee at fiscal year-end.

The compensated absences accrual also includes an estimate of sick leave payouts earned as of fiscal year-end. Certain employees are paid \$25 per day for unused sick leave upon retirement. The estimate uses unused sick days at year-end multiplied by \$25 per day. The accrual is then adjusted to reflect an estimate of the current employees that will ultimately retire with the primary government.

Compensated absences are liquidated within the following governmental funds: the General Fund and Reforestation Fund. They are also liquidated in the following internal service and enterprise funds: Self Insurance, Central Garage and Transportation, Water and Wastewater, Solid Waste and Child Care.

**O**     **New GASB Pronouncements** - In fiscal year ended June 30, 2015 the County implemented the following GASB pronouncements:

- The County has adopted the provision of Governmental Accounting Standard Board (GASB Statement No. 68, *entitled Accounting and Financial Reporting for Pensions*, an amendment of GASB Statement No. 27 and Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. As part of GASB 68 the County is required to record its share of the Maryland State Retirement and Pension System's (SRPS) net funded pension liability. The County's share of the unfunded liability will be calculated by dividing the County's contribution to SRPS by the total contributions to SRPS multiplied by SRPS' unfunded liability. The County will also record the Net Pension Liability for the County Employee, Police, Fire, and Detention and Sherriff's plan, required under GASB 68.
- GASB also issued Statement No. 69, *entitled Government Combinations and Disposals of Government Operation*, and GASB Statement No. 70, *entitled Accounting and Financial Reporting for Nonexchange Financial Guarantees*. Both statements were adopted this fiscal year but had no effect on these financial statements.

The following pronouncements will be evaluated for future implementation:

- As of the year ended June 30, 2015, GASB issued Statement No. 72, *entitled Fair Value Measurement and Application*; Statement No. 73, *entitled, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68*, and *Amendments to certain Provisions of GASB Statements 67 and 68*; GASB Statement No. 74 *entitled, Financial Reporting For Postemployment*

*Benefit Plans Other Than Pension Plans*; GASB Statement No. 75 entitled, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*; GASB Statement No. 76 entitled, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. These statements may or will have a material effect on the County's financial statements once implemented.

The County will be analyzing the effects of these pronouncements and plans to adopt them as applicable by their effective date.

**P Prior Period Adjustments** - As a result of implementing GASB Statement No. 68, entitled "Financial Reporting for Pension Plans", certain statement's beginning net positions have been restated as of July 1, 2014. These restatements resulted from recording of the net pension liability as provided from the actuary Bolton Partners, Inc. The Governmental Activities beginning net position decreased by \$307,369,101, and the Business-type activities decreased by \$30,056,924, as presented below. The Self Insurance Fund and the Central Garage and Transportation Funds net position also decreased by \$942,540 and \$4,086,242, respectively.

The Governmental Activities beginning net position had an additional decrease of \$30,940,759, as of July 1, 2014, to restate errors in accounting for capital expenditures. The effect of the restatement was to decrease capital assets construction in process in the amount of \$28,536,590 for items that were not capital in nature and should have been expensed in prior years, and to record accumulated depreciation and depreciation expense in the amount of \$2,404,169 for assets that were placed into service in prior years. The Water and Wastewater Fund had an additional decrease in beginning net position of \$10,757,205 which was to record accumulated depreciation and depreciation expense for assets that were placed into service in prior years:

	<u>Govenernmental Activities</u>	<u>Self Insurance Fund</u>	<u>Central Garage and Transportion Fund</u>
<b>Net Position, June 30, 2014</b>	\$ (29,603,407)	\$ -	\$ -
<b>Pension liability</b>	(307,369,101)	(942,540)	(4,086,242)

<b>Net Position, July 1, 2014 (as restated)</b>	<u>\$ (367,913,267)</u>	<u>\$ (942,540)</u>	<u>\$ (4,086,242)</u>

	<u>Business-type Activites</u>	<u>Water and Wastewater Fund</u>	<u>Solid Waste Fund</u>	<u>Child Care Fund</u>
<b>Net Position, June 30, 2014</b>	\$ 1,249,315,346	\$ 1,226,036,401	\$ 21,260,990	\$ 681,722
<b>Pension liability</b>	(30,056,924)	(24,471,004)	(5,094,814)	(491,106)
<b>Capital assets</b>	<u>(40,814,048)</u>	<u>(40,814,048)</u>	<u>-</u>	<u>-</u>
<b>Net Position, July 1, 2014 (as restated)</b>	<u>\$ 1,178,444,374</u>	<u>\$ 1,160,751,349</u>	<u>\$ 16,166,176</u>	<u>\$ 190,616</u>

The Board of Education, Community College and A.A. County Public Library, component unit statements have also been restated to decrease net position as of July 1, 2014 in the amount of \$44,798,790, \$2,718,297 and \$2,041,668 respectively, to reflect the recognition of the effects of implementation of GASB 68.

**Q Use of Estimates** - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the related notes. Actual results could differ from those estimates.

**2      Budgetary Information**

Expenditures and encumbrances of funds may not exceed legally adopted appropriations. The appropriations are established by the County Council in the Annual Budget and Appropriation Ordinance. During the fiscal year, the County Council may adopt supplemental budgetary appropriation ordinances that increase appropriations from revenue not anticipated in the budget or in excess of that anticipated in the budget. The County Executive has the authority to approve intra-department transfers within a fund. Transfers of appropriations from one department to another or from one capital project to another require the County Council’s approval by ordinance. The legal level of budgetary control is by fund and agency for the operating funds, at the project level for capital projects, and at the district level for Roads and Special Community Benefit Districts, Shore Erosion Control Districts, and Waterway Improvement Special Taxing Districts. All unexpended, unencumbered appropriations lapse at year-end, except appropriations for capital projects. The County adopts budgets for all funds except the Library Dedicated Revenue Fund and the capital project funds for the Storm Drain Fees Fund, Recreation Land Fees Fund, Street Light Fund, and Energy Revolving Loan Fund, which are expended through the General County Capital Projects Fund. Appropriations in the grant funds may be increased without a separate ordinance if the conditions in the code are met.

**A      *Excess Expenditures over Appropriation Limits*** – Expenditures for Beverly Beach, Roads and Special Benefit District, exceeded budgeted appropriations by \$7,730. Nine individual grant expenditures exceeded budgeted appropriations by \$147,080. In addition, eight of the nine grants received sufficient revenues to cover their expenditures. In the General Fund at a department level, Police, County Executive, and Social Service exceeded budgeted appropriations by \$721,355, \$80,942, and \$70,654, respectively.

**B      *Fund Deficits*** - The Grants Fund and A.A. County Children Youth and Family have negative fund balances in the amount of (\$6,891,777) and (\$49,405), respectively, as a result of funds expended in the current fiscal year that were not reimbursed by the grantor within 90 days of the fiscal year-end. Anne Arundel County Public Library, a discretely presented component unit, has a negative fund balances of (\$9,164,340) as a result of unfunded liabilities for other postemployment and pension benefits. The Self Insurance Fund and the Central Garage and Transportation Fund have negative fund balances of (\$985,006) and (\$4,270,952), respectively, as a result of unfunded liabilities for pension benefits.

**C      *Reconciliation Between Fund Financial Statements and Budgetary Statements*** - The General Fund’s Statement of Revenues, Expenditures and Changes in Fund Balances and the Statement of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual use different revenue and expenditure recognition policies, a reconciliation of these two statements is provided as follows:

	General Fund
Revenue (under) over expenditures - budgetary basis	\$ 7,058,556
Net effect of encumbrances	2,460,502
Change in due to Central Garage and Transportation Fund	647,874
Change in due from Self Insurance Fund	6,566,049
Change in revenue reserve allocation	4,436,556
Change in other post employment benefits allocation	20,829,170
Additional bond proceeds from refunding bonds	201,982
Health Department encumbrance adjustment	(135,792)
Effects of Inmate Benefit Fund & Parking Garage Fund	56,475
Net inventory change	376,452
Change in fund balance - modified accrual basis	<u>\$ 42,497,824</u>

### **3** **Cash and Investments**

The primary government pools available cash and centrally invests these funds to maximize earnings. The component units also pool available cash in this manner. The Retirement System cash is held separately. Significant accounting policies related to cash and investments are included in Note 1C.

**A** ***Policies*** – The primary government is authorized to invest available public money in obligations of the U.S. Government, its agencies and instrumentalities; repurchase agreements that are fully collateralized by direct U.S. Government obligations and U.S. Government agency and instrumentality obligations, including fixed rate Mortgage-Backed Securities; Bankers' Acceptances; mutual funds that are registered with the Securities and Exchange Commission (SEC) under the Investment Company Act of 1940 (the Act), are operating in accordance with Rule 2A-7 of the Act, and have received the highest possible rating from at least one Nationally Recognized Statistical Rating Organization as designated by the SEC; Certificates of Deposit; and Commercial Paper. In addition, the primary government can participate in the local government investment pool authorized and maintained by the State of Maryland. The fair value of the position in the pool is the same as the value of the shares. Finally, the primary government is authorized to invest bond proceeds that are subject to arbitrage rebate requirements in State and local government obligations.

Legislation became effective during fiscal year 2015 that expanded the authorized investments for Self Insurance funds. In addition to the vehicles available for public money, the non-current portion of Self Insurance fund reserves may be invested in investment grade domestic corporate bonds, mutual funds, exchange traded funds, and taxable or tax-exempt municipal securities.

Pooled cash is primarily used to purchase short-term investments. Policy requires that for repurchase agreement investments made by the County, the initial collateral securities underlying repurchase agreement investments have a market value of at least 102% of the cost of the repurchase agreement. The collateral is in the County's name and held by an independent third party or at the Federal Reserve. When the collateral falls under 101% or is \$100,000 less than the 102%, additional collateral is required to bring the total to the required level.

The Retirement System is authorized to invest in U.S. Government securities, insurance company general accounts, commercial paper, money market mutual funds, corporate bonds, common and international stocks, limited partnerships, absolute return funds, private equity, mortgage participations, and real estate. The Retirement System lends its securities to broker-dealers and other entities with a simultaneous agreement to return the collateral for the same securities in the future. The Retirement System's custodian lends securities for collateral in the form of cash or other securities in an amount equal to 102% for domestic securities and 105% for international securities of the market value of the securities loaned.

Either the Retirement System or the borrower may terminate security loans on demand, although the average term of the loans is one week. Cash collateral is invested in the lending agent's money market mutual fund, which had a weighted average duration of 33 days at December 31, 2014, the year-end for the Retirement System. Because the loans were terminable at will, the loans' duration did not generally match the durations of the investments made with cash collateral. The Retirement System cannot pledge or sell collateral securities received unless the borrower defaults.

**B** ***Balances and Custodial Credit Risk*** – As of June 30, 2015, the carrying amount of the primary government's bank deposits was \$4,949,205 and bank balances were \$6,831,714. All bank balances were fully secured by Federal Deposit insurance or fully collateralized.

Cash balances of the Board of Education are fully secured by Federal Deposit insurance and by collateral held in the Board's name at the Federal Reserve Bank of Richmond. Deposits for Anne Arundel Community College are secured and properly protected. The cash balances of the other nonmajor component units are insured or collateralized except \$257,734 for Tipton Airport and \$895 for Workforce Development, neither of which are insured nor collateralized.

Custodial credit risk is the risk that the primary government will not be able to recover deposits in the event of the failure of a depository financial institution or will not be able to recover collateral securities that are in the

possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the primary government, and are held by either a counterparty or the counterparty's trust department or agent, but not in the primary government's name. The primary government's Investment Policy requires that the Controller maintain a list of financial institutions authorized to provide investment services, including custodial services and collateral requirements. Internal procedures establish the methods for evaluating eligible institutions. Custodial credit risk for deposits is not addressed in the policy.

**C Interest Rate Risk** – Interest rate risk is the risk that changes in interest rates will adversely affect the value of an investment. The fair market value of fixed income (debt) securities is affected by increases and declines in interest rates. These investments may also have embedded call features allowing the issuer to redeem part or all of the issue prior to maturity at a pre-set price. In addition, debt issues may have interest rates that vary according to a predetermined external index (such as the London Inter-Bank Offered Rate) or a predetermined step-up in the interest rate at a predetermined date(s). The primary government's Investment Policy does not specifically address interest rate risk. However, term limits are established for certain investments to minimize interest rate risk. The Retirement System's Investment Policy Statement (IPS) sets limits on floating rates for mortgage backed securities and establishes limits on the average duration of some investment types.

The table that follows uses the *Segmented Time Distribution* method to display debt investments by maturity for the primary government and the component units by term and investment type. Market values for issues within the primary government's agency/instrumentalities category include \$99,199,257 of callable issues and \$3,968,000 for issues that have both callable and variable rate features. The component units' issues have no variable rate securities.

Investment Type	Fair Value	Investment Maturities (in years)			
		Less than 1	1 to 5	6 to 10	over 10
<b>Primary Government</b>					
Repurchase agreements	\$ 20,000,000	\$ 20,000,000	\$ -	\$ -	\$ -

<b>Other nonmajor component units</b>					
Money market pools	<u>\$ 3,811</u>	<u>\$ 3,811</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

The following table uses *Segmented Time Distribution* to display the Retirement System's debt holdings by maturity term and investment type as of December 31, 2014. Some issues within the categories agencies/instrumentalities, corporate bonds, collateralized mortgage obligations, and other asset-backed securities have variable rate features. The total fair value of these securities was \$8,163,858 as of December 31, 2014.

The table also includes issues with call features and assumes that these issues will be held to maturity. The total fair market value of callable securities totals \$48,099,698 with call dates ranging from January 1, 2015 for continuously

callable issues to December 15, 2044. Stated call prices are generally at par. The callable holdings include issues with floating interest rates which have market value of \$7,765,477.

<u>Investment Type</u>	<u>Fair Value</u>	<u>Investment Maturities (in years)</u>			
		<u>Less than 1 year</u>	<u>1 to 5</u>	<u>6 to 10</u>	<u>over 10</u>

**D Credit Risk** – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Debt securities are rated by Nationally Recognized Statistical Rating Organizations to provide purchasers with an opinion of the capability and willingness of a borrower to repay its debt. The primary government’s Investment Policy does not address credit risk. The following table displays the County’s debt holdings and quality ratings from Standard & Poor’s. Ratings for the component units and Retirement System are listed separately.

<u>Primary Government</u>	<u>Total Fair Value</u>	<u>Standard &amp; Poor's Credit Ratings</u>

\* Includes two issuers rated Aaa by Moody's which are Not Rated by Standard and Poor's.

\*\*US government agency securities explicitly guaranteed by the US government are categorized here.

Credit ratings of US government agency securities that are only implicitly guaranteed by the US government are categorized accordingly in the main body of this table. Implicitly guaranteed agency securities include Gov't Mortgage Backed, Gov't Agencies, and short Term Bills and Notes. Other categories issued are Federal National Mortgage Association, Federal Deposit Insurance Corp., Federal Home Loan Bank, Federal Home Loan Mortgage Corp., Federal Financing Corp., Small Business Association, Farmer Mac, and Federal Farm Credit.

The Retirement System's Investment Policy Statement (IPS) provides guidelines to all fixed income managers related to allowable quality ratings. Holdings as of December 31, 2014 are displayed next. Calculations are based on \$321,447,067 of fixed income excluding U.S. Treasuries.

**E Concentration Risk** - Concentration risk is the risk of loss attributed to the magnitude of the government's investment in a single issuer. As of June 30, 2015, Federal National Mortgage Association represented 26.7% of the primary government's investments, Federal Home Loan Bank was 21.7%, Federal Agricultural Mortgage Corp was 13.8%, and Federal Home Loan Mortgage Bank represented 5.1%. Exposure to all other issuers was less than 5% each, excluding investment pools. The primary government's Investment Policy requires diversification of investments by security type and institution. Issuer limits are not addressed. There was no investment greater than 5% for the Board of Education or the Community College excluding pools. The Retirement System's IPS sets maximum concentration limits by asset type and manager style. As of December 31, 2014, there was no exposure to a single issuer greater than 5% of the Retirement System's plan net assets, excluding investment pools.

**F Foreign Currency Risk** - This risk relates to the potential, unfavorable fluctuation of exchange rates compared with the U.S. Dollar. Neither the primary government nor its component units had exposure to foreign

currency as of June 30, 2015. The Retirement System recognizes the value of global diversification and retains six managers for global and international equity and fixed income investments. Global and international managers may also purchase or sell currency on a spot basis and may enter into forward exchange contracts on currency provided that the use of such contracts is designed to dampen portfolio volatility or to facilitate the settlement of securities transactions.

As of December 31, 2014, the Retirement System had no direct exposure to fixed income foreign currency. International/global equities and fixed income assets totaled \$690,648,149 in fair market value, managed in pooled funds as of December 31, 2014.

#### **4**      **Receivables**

**A**      ***Property Taxes Receivable*** - The County's property tax is levied each July 1<sup>st</sup> based on values assessed and certified by the Maryland State Department of Assessments as of that date. Liens are placed on property at that time. A revaluation of each property is required to be completed every three years. For owner-occupied residential property, owners can choose to pay one payment due September 30<sup>th</sup> or two installments due on September 30<sup>th</sup> and December 31<sup>st</sup>. Property taxes are due from all other taxpayers on September 30<sup>th</sup>. Once the due date has passed, interest is charged each month on the unpaid balance. Property with delinquent taxes is sold at public auction each June.

**B**      ***State Income Taxes Receivable*** – Revenue from the income tax is derived from personal income from County residents like salaries and social security payments as well as income from capital gains, interest and some business income. Local income tax revenue is collected by the State and distributed to local government throughout the year. The State's distribution of the County's share of income taxes lags behind the County's fiscal year. Management estimates the amount of receivables for taxes earned in the fiscal year by analyzing the historical trends of distribution patterns and current year income tax activity. The current local income tax rate is 2.56%.

**C**      ***Long Term Receivables*** – The primary government has long-term receivables recorded in the Water and Wastewater Fund consisting of front foot benefit assessments, capital facility connection fees, and interest charges that varies from 1.6% to 8.0%. These receivables are collected over five to thirty years. The balance as of June 30, 2015 is \$53,999,680.

#### **5**      **Capital Assets**

The components of capital assets, changes in asset categories, and accumulated depreciation for the fiscal year ended June 30, 2015 are presented as follows:

Anne Arundel County, Maryland

The County has established tax increment and special taxing districts to aid in development efforts within certain geographical areas. The proceeds of debt issued on behalf of the districts are primarily used for capital improvements. Expenditures related to the improvements are recorded in the County's capital projects and are included as construction in progress until the projects are completed. The related assets are capitalized when developer construction agreements are finalized and the assets inspected. The assets are depreciated over their estimated useful lives.

Certain items in construction in progress may be expensed once the projects close based on the final analysis of the capital projects closing. As a result, the amounts closing in construction in progress may be greater than the additions to capital assets.

Depreciation expense has been included in the functional categories on the Statement of Activities based on the governmental department, business-type activity, or component unit responsible for the asset. The table that follows shows the depreciation expense for each functional category.

<i>Governmental activities:</i>		<i>Business-type activities:</i>	
Education	\$ 42,568	Water and wastewater	\$ 42,276,078
Public Safety	8,646,779	Waste collection	3,984,151

			<u>\$ 59,203,255</u>

## **6 Restricted Assets and Liabilities**

The following funds are shown as restricted on the government-wide financial statements, Statement of Net Position: Impact Fees Capital Project, Forfeiture and Asset Seizure Team, Roads and Special Benefits District, Anne Arundel County Partnership for Children, Youth and Family, Reforestation, Laurel Racetrack, Video Lottery Local Impact Aid, Workforce Development, Arundel Community Development Services, Grants, Circuit Court, Street Light, Erosion Districts, Storm Drain Fees, Recreation Land Fees, Watershed Protection and Restoration, Energy Revolving Loan, Bond Premium, Park Place, Tax Increment Funds and Special Taxing Districts. In addition, fees collected by the Water and Wastewater Fund, including capital connections, front foot benefit assessments, and

environmental protection fees are restricted for the payment of debt service incurred for the construction of capital facilities. Water and Wastewater Fund capital grants are restricted and the Solid Waste Fund includes restricted funds for the payment of closure and post-closure costs.

## **7 Interfund and Intra-Entity Balances and Transfers**

The interfund balances of the primary government consist of the following as of June 30, 2015:

<b><u>Fund With Receivable</u></b>	<b><u>Fund With Payable</u></b>	<b><u>Amount</u></b>	<b><u>Represents</u></b>
General Fund	Special Revenue Funds	\$ 6,793,474	Implicit borrowing from the General Fund
General Fund	Debt Service Funds	7,546	Implicit borrowing from the General Fund
General Fund	Internal Service Funds	3,613,476	Self Insurance Fund surplus allocation
Enterprise Funds	Internal Service Funds	179,356	Self Insurance Fund surplus allocation
Internal Service Funds	Enterprise Funds	287,618	Central Garage Fund deficit allocation
Internal Service Funds	General Fund	1,814,557	Central Garage Fund deficit allocation
		<u>\$ 12,696,027</u>	

Interfund balances between the General Fund and internal service funds have been eliminated on the government-wide Statement of Net Position.

Transfers between the primary government's governmental funds totaled \$261,225,566 for fiscal year 2015. The transfers are for the following:

<b><u>Originating Fund</u></b>	<b><u>Recipient Fund</u></b>	<b><u>Amount</u></b>	<b><u>Purpose</u></b>
General Fund	Arundel Community Development Services	\$ 270,000	Transfers for grants
General Fund	General County Capital Projects	154,920,000	Bond proceeds transferred for capital projects
General Fund	General County Capital Projects	23,016,500	Pay-as-you-go transfers for capital projects
Watershed Protection and Restoration	General County Capital Projects	67,853	Investment income allocation retained
Impact Fees Capital Projects	General County Capital Projects	3,860,255	Impact fee funding for capital projects
Reforestation	General County Capital Projects	29,135	Transfers for capital projects
Watershed Protection and Restoration	General County Capital Projects	26,880,000	Transfers for capital projects
Bond Premium	General County Capital Projects	12,869,000	Transfers for capital projects
Video Lottery Local Impact Aid	General County Capital Projects	2,800,000	Transfers for capital projects
Street Light Capital Projects	General County Capital Projects	402,804	Transfers for capital projects
General County Capital Projects	National Business Park	686,388	Transfer the reserve cash to operating
General County Capital Projects	Village South at Waugh Chapel	1,332,934	Transfer the reserve cash to operating
General County Capital Projects	General Fund	65,885	Investment income allocation retained
Impact Fees Capital Projects	General Fund	2,601,171	Impact fees transferred for debt service
Nursery Road Tax Increment	General Fund	4,771,915	Transfers legally appropriated
West County Tax Increment	General Fund	5,583,151	Transfers legally appropriated
Arundel Mills Tax Increment	General Fund	7,260,132	Transfers legally appropriated
Parole Tax Increment	General Fund	11,389,447	Transfers legally appropriated
General Fund	Grants	1,218,996	Transfers for grants
General Fund	Installment Purchase Agreements	1,200,000	Transfers for land preservation
		<u>\$ 261,225,566</u>	

**Transfers In**

<b>Transfer Out</b>	<b>Non Major</b>		<b>General County</b>	<b>Total</b>
	<b>General Fund</b>	<b>Governmental</b>	<b>Capital Projects</b>	
General Fund	\$ -	\$ 2,688,996	\$ 177,936,500	\$ 180,625,496

<b>Total Transfers In</b>	<b>\$ 31,671,701</b>	<b>\$ 4,708,318</b>	<b>\$ 224,845,547</b>	<b>\$ 261,225,566</b>

Transfers between the primary government's proprietary funds and governmental funds presented as follows, totaled \$10,728,112 for fiscal year 2015. The transfer from the Health Insurance Fund to the General Fund is to put aside funds for retiree health benefits. The transfer from the Solid Waste Fund to the Energy Revolving Loan Fund is for energy conservation projects.

<b>Originating Fund</b>	<b>Recipient Fund</b>	<b>Amount</b>
Internal Service Funds	General	\$ 10,700,000
Enterprise Funds	Nonmajor Governmental	28,112
		<b>\$ 10,728,112</b>

As of June 30, 2015, receivable and payable balances remained between the primary government and the discretely presented component units. These balances and transactions are a result of the primary government's ongoing funding of the component units' capital and operating costs and a return of funding. Those balances and the payments from the primary government to or on behalf of these parties are presented as follows:

**Receivables/Payables**

<b>Entity with Receivable</b>	<b>Entity with Payable</b>	<b>Amount</b>
Board of Education	Primary Government	\$ 26,554,493

**8 Bonded Debt and Other Obligations**

The primary government's Statements of Net Position includes short and long-term debt and obligations comprised of bond anticipation notes, general obligation bonds, special assessment debt, leases, installment purchase agreements, and liabilities related to State loans, unpaid insurance claims, pension benefits, OPEB benefits, compensated absences, and claims and judgments. Descriptions of certain of these obligations and the respective balances, debt service requirements, and changes during fiscal year 2015 are provided as follows.

**A Bond Anticipation Notes** – The County periodically incurs short-term debt by issuing bond anticipation notes for the purchase of capital related assets. Notes are sold with an initial maturity from 1 to 270 days, and, on refinancing, at the notes’ maturities, with additional notes marketed at then-current interest rates. This remarketing is backed for liquidity purposes by a letter of credit, the terms of which provide that no principal repayments are due by the County (if there is a call on the letter of credit) until the termination of the agreement, which is maintained at two years at all times. The maturity date of this liquidity arrangement is December 16, 2016.

**B General County Debt** – Substantially all long-term bonded debt is issued as general obligation bonds for the purchase of capital assets and guaranteed by the full faith and credit of the County, subject to limitations set forth in section 710 (d) of the County Charter, which restricts the growth of revenue derived from property taxes. The following table includes general obligation bonds which include amounts issued for the Watershed Protection and Restoration Fund but excludes the tax increment bonds, installment purchase agreements, and state loans. These are listed separately. Business-type debt includes general obligation bonds issued for the Solid Waste Fund and Water and Wastewater Fund. The debt service requirements for the bonds outstanding as of June 30, 2015 are presented as follows:

Year ending June 30,	General County Debt			
	Governmental		Business-type	
	Principal	Interest	Principal	Interest
2016	\$ 75,265,727	\$ 48,431,335	\$ 31,953,955	\$ 24,735,376
2017	85,555,198	44,685,022	32,354,250	23,626,738
2018	82,187,777	40,728,675	30,030,535	22,368,278
2019	79,348,127	36,844,278	28,900,293	21,147,398
2020	74,634,971	33,070,537	28,364,827	19,976,668
2021-2025	330,346,184	113,619,228	137,184,164	82,257,478
2026-2030	208,595,153	46,309,398	111,059,098	55,471,956
2031-2035	82,840,568	9,361,897	84,277,211	32,601,186
2036-2040	-	-	58,037,768	15,099,925
2041-2045	-	-	30,585,000	3,645,400
	<u>\$ 1,018,773,705</u>	<u>\$ 373,050,370</u>	<u>\$ 572,747,101</u>	<u>\$ 300,930,403</u>

**C Tax Increment and Other Debt** - As of June 30, 2015, there was \$84,860,000 of Special Obligation Tax Increment Bonds payable from property tax revenue generated from assessment increases occurring since the formation of the tax increment districts. This debt is included in the primary government’s long-term debt on the Statements of Net Position. The County has pledged its full faith and credit for the following Special Obligation Tax Increment Bonds: Arundel Mills Refunding 2004, National Business Park Refunding 2004, West Nursery Road 2004, Arundel Mills Refunding 2014, National Business Park Refunding 2014, and West Nursery Road Refunding 2014. The County has not pledged its full faith and credit for National Business Park North 2010 or Village South at Waugh Chapel 2010, except for the tax increment revenues and special taxes within the special tax district, if needed, to cover debt service.

During the fiscal year ended June 30, 2015, \$35,958,915 of incremental property tax revenue was collected and available for debt service purposes as reported on the Combining Statement of Revenues, Expenditures and Changes in Fund Balances for the Nonmajor Governmental Funds. Of this amount, \$878,610 is related to Park Place which is not considered part of the County’s debt and \$478,049 is related to Odenton Town Center TIF which does not have debt outstanding as of June 30, 2015. The table that follows outlines the debt service requirements for these bonds.

Year ending June 30,	Principal	Interest	Year ending June 30,	Principal	Interest
2016	\$ 1,735,000	\$ 4,270,875	2021-2025	\$ 19,105,000	\$ 17,068,786
2017	1,995,000	4,232,510	2026-2030	21,790,000	12,055,247
2018	2,240,000	4,185,297	2031-2035	11,375,000	8,355,464
2019	2,570,000	4,093,616	2036-2040	16,910,000	4,052,325
2020	2,925,000	3,952,881	2041	4,215,000	129,495
				<u>\$ 84,860,000</u>	<u>\$ 62,396,496</u>

In addition, there were \$4,035,000, \$13,570,000, \$30,000,000, and \$25,000,000 of special tax district bonds related to the Farmington Village Project, the Villages of Dorchester, Two Rivers, and Arundel Gateway outstanding as of June 30, 2015, respectively. The proceeds of these bonds were used to finance infrastructure improvements within the special districts. These bonds are payable solely from the proceeds of a special tax levied on parcels within the districts and are not backed by the County's full faith and credit. This debt does not appear on the Statement of Net Position. The County acts only as a fiduciary in collecting the taxes and servicing the debt.

**D State Loans** – The County has interest free loans outstanding in the amount of \$3,397,861 as of June 30, 2015. These loans were received from the State for waterway improvements. During fiscal year 2015, the County paid \$336,685 for principal. The table that follows outlines the debt service requirements:

Year ended June 30,	Principal	Year ended June 30,	Principal
2016	\$ 335,039	2021-2025	\$ 1,006,614
2017	331,576	2026-2030	863,730
2018	238,410	2031-2035	177,720
2019	225,846		
2020	218,926		
			<u>\$ 3,397,861</u>

**E Leases** – The County has entered into a lease agreement for an asset that qualifies as a capital lease for accounting purposes. The agreement has resulted in a capital asset totaling \$61,519 for a high speed printer, which is used for governmental activities. The net present value of these minimum lease payments as of June 30, 2015 and the future minimum lease obligations were as follows:

June 30,	Lease Payments	Interest	Payments
2016	\$ 12,304	\$ 11,654	\$ 23,958
2017	12,304	11,654	23,958
2018	12,303	11,655	23,958
	<u>\$ 36,911</u>	<u>\$ 34,963</u>	<u>\$ 71,874</u>

The County has also entered into several operating lease arrangements for office space and equipment. All leases are cancelable at the option of the County. Many of the agreements contain renewal options, and some have rent escalation clauses. Total lease expenses for fiscal year 2015 were \$2,973,096. Anne Arundel County has a lease with the City of Annapolis for Eisenhower Golf Course which expires June 30, 2016. The lease terms state the rent shall be the sum of fifty percent (50%) of the annual net profits derived from the operation of the facilities. The lease payments for fiscal year 2015 were \$162,738. Because the amount varies, the future value of these lease payments is not included in the next table. Minimum annual rental costs required by the leases are summarized as follows:

Year ending June 30,	Annual Rentals	Year ending June 30,	Annual Rentals
2016	\$ 2,658,462	2021-2025	\$ 1,745,895
2017	1,871,751	2026-2030	1,200,017
2018	1,365,841	2031-2035	1,200,015
2019	1,130,329	2036-2040	620,015
2020	887,906	2041-2045	136
			<u>\$ 12,680,367</u>

**F Installment Purchase Agreements** – The County has instituted an Installment Purchase Program to facilitate County purchases of real property easements to maintain farmland and other open space. Under this program, the County signs long-term debt agreements with property holders with a minimal down payment, typically \$1,000. Interest and nominal principal payments are made over the life of the agreement, and a balloon payment is due at the end of the term to pay off the remaining principal balance. To pay the balloon payment, the County purchases and reserves a zero coupon U.S. Treasury Strip. This investment matures when the agreement expires and effectively earns the same interest rate that the County pays on the debt. The debt requirements as of June 30, 2015 are presented as follows:

Year ended June 30,	Principal	Interest	Year ended June 30,	Principal	Interest
2016	\$ 20,000	\$ 726,070	2021-2025	\$ 100,000	\$ 3,591,305
2017	20,000	724,954	2026-2030	10,454,000	2,589,014
2018	20,000	723,839	2031-2035	-	668,312
2019	20,000	722,723	2036-2040	1,444,000	470,300
2020	20,000	721,608	2041	1,487,000	67,658
				<u>\$ 13,585,000</u>	<u>\$ 11,005,783</u>

**G Year-end Balances, Debt Limitations, and Authorized Debt** - A summary of the debt issues currently outstanding is provided as follows:

	Due Dates	Interest Rates	Amount of Original Issue	Amount Outstanding
<b>Governmental activities:</b>				
General obligation bonds	2015-2035	1.50% to 5.55%	\$ 1,493,388,412	\$ 1,018,773,705
Tax increment district bonds	2015-2041	2.00% to 6.25%	133,435,000	84,860,000
Installment purchase agreements	2015-2041	4.55% to 6.00%	13,819,916	13,585,000
Loans payable	2015-2038	0%	7,281,761	3,397,861
Total governmental activities			<u>1,647,925,089</u>	<u>1,120,616,566</u>
<b>Business-type activities:</b>				
Water and wastewater serial bonds	2015-2045	1.00% to 5.75%	785,764,553	538,865,806
Solid waste serial bonds	2015-2035	2.00% to 5.55%	60,241,588	33,881,295
Total business-type activities			<u>846,006,141</u>	<u>572,747,101</u>
			<u>\$ 2,493,931,230</u>	<u>\$ 1,693,363,667</u>

The County Charter authorizes the County Council to approve the issuance of general obligation bonds and to set limits on bonds issued through ordinance. Based on the effective ordinance, bonds (other than water and sewer) are limited at 5.2% of the assessable base of real property and 13% of the assessable base of personal property and certain operating real property of the County. In addition, general obligation water and water and wastewater bonds are limited at 5.6% of the assessable base of real property and 14% of the assessable base of personal property and certain operating real property within the County's sanitary district. As of June 30, 2015, a review of the legal debt limitations reveals the following:

	<b>General Bonds (5.2%/13% Limitations)</b>	<b>Water and Wastewater (5.6%/14% Limitations)</b>
Charter imposed limitation	\$ 4,222,838,243	\$ 4,188,660,714
Bonded debt outstanding		
Installment purchase agreements	13,585,000	-
General obligation-serial bonds	984,948,632	538,865,806
General obligation-serial bonds, WPRF	33,825,073	-
General obligation-serial bonds, Solid Waste	33,881,295	-
Tax increment bonds	84,860,000	-
	<u>1,151,100,000</u>	<u>538,865,806</u>
Legal debt margin	<u>\$ 3,071,738,243</u>	<u>\$ 3,649,794,908</u>

As of June 30, 2015, the County had the total authority to issue bonds in the amount of \$1,714,861,108, of which \$744,001,117 has already been issued. Included in the amounts issued to date is \$481,265,541 for general obligation water and wastewater series bonds, \$13,509,086 of general obligation bonds for the Solid Waste Fund, and \$125,687,100 of general obligation bonds for the Watershed Protection and Restoration Fund. This unused authority will be used to fund existing capital projects and those appropriated through the budgetary process.

**H Loans Payable** – On April 15, 2002, the Anne Arundel Community College Foundation finalized an agreement between Anne Arundel County, Maryland and The Bank of New York whereby the Foundation borrowed \$16,090,000 from the issuance of revenue bonds by the County. The proceeds of the loan were used to finance the cost of the construction of educational facilities. On July 25, 2012, the Foundation finalized an agreement between Anne Arundel County, Maryland (the issuer) and The Bank of New York (the Trustee) whereby the Foundation refinanced \$12,180,000 of the economic development revenue bonds. Principal payments began September 1, 2014 with the final principal payment being due on September 1, 2028. Interest on the bonds varies from 2.00% to 4.00%. The loan balance as of June 30, 2015 was \$12,080,000. Scheduled principal payments due on the bonds payable for future years ending June 30 are shown as follows:

<u>Year Ending June 30,</u>	<u>Principal Payments</u>	<u>Year Ending June 30,</u>	<u>Principal Payments</u>	<u>Year Ending June 30,</u>	<u>Principal Payments</u>
2016	\$ 715,000	2019	\$ 770,000	2026-2029	\$ 3,980,000
2017	730,000	2020	785,000		
2018	750,000	2021-2025	4,350,000		
					<u>\$ 12,080,000</u>

**I Changes in Debt and Obligations** –The changes in the primary government’s long-term liabilities are presented as follows:

Anne Arundel County, Maryland  
Notes to the Financial Statements

**J Refundings** – In fiscal year 2015, the County defeased the callable portion of certain series of General Obligation and Water/Wastewater Refunding Bonds by placing the proceeds of the refunding bonds in an irrevocable trust to provide for all future debt service payments on the refunded bonds. The funds are held in escrow by a third party custodian invested in US Government-issued securities. On April 8, 2015 the County issued \$111,815,000 in refunding bonds for the following projects: \$61,205,000 to refund General Obligation Bonds; \$15,735,000 to refund Golf Course Special Obligation Bonds, and \$34,875,000 to refund Water/Wastewater Bonds. The true interest cost for the refunded bonds was 2.30 percent. The advance refunding net proceeds were deposited in an irrevocable trust account with an escrow agent to provide for all future debt service payments on the refunding bonds. As a result, the refunding bonds are considered to be defeased and have been removed from the government-wide statement of net assets. The savings or aggregate difference in debt service from refunding General Obligation Bonds was \$30,348,086 and from refunding Water and Wastewater Bonds was \$16,197,880. There was a net present value savings of \$13.9 million in debt service.

In prior years, the County in-substance defeased certain general obligation bonds by placing the proceeds of the new bonds in irrevocable trusts to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the County's financial statements. On June 30, 2015, \$148,375,000 of governmental debt and \$65,705,000 of business-type debt from prior years is considered defeased.

## **9 Governmental Fund Balance**

The County typically uses restricted balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

**Encumbrances**

Encumbrance accounting is employed as part of the budgetary presentation for the General Fund, special revenue funds, and capital projects funds. As of June 30, 2015, certain amounts which were restricted, committed, or assigned for specific purposes have been encumbered in the governmental funds. Encumbrances included in governmental fund balances are as follows:

	Encumbrances included in:	
	Restricted Fund Balance	Assigned Fund Balance
General Fund		
Police	\$ -	\$ 1,509,150
Fire	-	2,030,104
Detention Facilities	-	630,359
Office of Budget	-	547

**10 Deferred Outflows and Inflows of Resources and Unearned Revenue**

Governmental funds and proprietary funds report deferred outflows of resources which are related to net assets that are applicable to future reporting periods. The components of deferred outflows were reported as follows:

	Business-Type Activities - Enterprise Funds					Grand Totals
	Governmental Activities	Water and Wastewater	Solid Waste	Child Care	Totals	
<b>Deferred outflow of resources</b>						
<b>Pension benefits</b>						
Pension benefits contribution current year	\$ 31,982,726	\$ 1,977,059	\$ 420,092	\$ 42,009	\$ 2,439,160	\$ 34,421,886
Change in experience	24,647,599	2,080,804	442,135	44,214	2,567,153	27,214,752
Change in assumptions	45,255,728	2,861,927	608,112	60,811	3,530,850	48,786,578

Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. In addition, governmental funds and governmental activities defer revenue recognition in connection with resources that have been received, but unearned. At the end of the current fiscal year, the components of deferred inflows and unearned revenue were reported as follows:

Deferred Inflows and Unearned Revenue	Unavailable	Unearned	Pension Benefits	Total
<b>Governmental Funds</b>				
<b>General Fund</b>				
Property Taxes	\$ 711,056	\$ -	\$ -	\$ 711,056

## **11    Conduit Debt**

The County has issued Industrial Revenue Bonds to provide financial assistance to third parties for the acquisition or construction of facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on underlying mortgage loans. Upon repayment of the bonds, ownership of the facilities transfers to the private entity served by the bond issuance.

As of June 30, 2015, 155 Industrial Revenue Bonds series had been issued. The aggregate principal amounts payable for the five series issued after July 1, 1996 that are still outstanding was \$34,852,000. The aggregate principal amounts payable for the 150 issued prior to July 1, 1996, could not be determined; however, the original issues totaled \$582,700,000. The County is not obligated in any manner for payment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

## **12    Pension Plans**

Most County employees participate in one of four single-employer defined benefit pension plans, which are in separate trust funds and administered by the Anne Arundel County Retirement and Pension System (Retirement System). The Retirement System issues a separate financial report for these plans. A copy of this report can be obtained from Anne Arundel County on the Office of Personnel page of the County website at [www.aacounty.org](http://www.aacounty.org). Some County employees participate in two multi-employer cost sharing pension plans administered by the State. The County plans were established under authority created by County Charter and legislation, while the State plans were created by State legislation. The County's actuarial valuation measurement date was December 31, 2014.

**A**        **Summary of Significant Accounting Policies for Pensions** – For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the County System and the Maryland State Retirement and Pension System and additions to/deductions from the System's fiduciary net position have been determined on the same basis as they are reported by the System. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**B**        **Single Employer Defined Benefit Pension Plans** - The Retirement System administers the Anne Arundel County Employees' Retirement Plan (Employees Plan), Anne Arundel County Police Service Retirement Plan (Police Plan), Anne Arundel County Fire Service Retirement Plan (Fire Plan), and Anne Arundel County Detention Officers' and Deputy Sheriffs' Pension Plan (Detention Plan). Although the assets of the plans are commingled for investment purposes, each plan's assets must be used for the payment of benefits to the participants within that plan, in accordance with the terms of the plan. All benefit provisions are established by County legislation. Each of the plans provides for cost of living adjustments to annual benefit payments.

Membership in each plan consisted of the following as of December 31, 2014 based on the January 1, 2015, actuarial valuation:

	<b>Employees Plan</b>	<b>Police Plan</b>	<b>Fire Plan</b>	<b>Detention Plan</b>	<b>Total</b>
Retirees and beneficiaries receiving payments	1,623	655	517	223	3,018
Terminated plan members entitled to but not yet receiving payments	269	-	-	8	277
Deferred Retirement Option Program (DROP)	-	55	87	-	142
Active plan members	2,207	638	693	345	3,883
	<u>4,099</u>	<u>1,348</u>	<u>1,297</u>	<u>576</u>	<u>7,320</u>

**Employees Plan** - All permanent County employees not included in another pension plan and employees of Economic Development are eligible to participate in the Employees Plan. Benefits vest after five years of service. The normal retirement age is age 60 or when the employee has completed 30 years of service. Employees may elect one of two benefit structures. Tier One employees contribute 4% of their base salary to the plan. Tier Two employees make no employee contributions. At normal retirement, Tier One employees receive 2% of final average

basic pay (defined as the participant's highest three annual basic pays consisting of the participant's annual basic pay on the date of termination and any prior annual basic pay on the anniversary date of the date of termination) times the years and months of credited service; plus credit for unused disability leave and pre-employment military service (up to three years) as defined in Article 5 – Pensions of the County Code. The maximum benefit is 60% of FABP, except participants may accrue benefits in excess of the 60% cap for credited disability leave and pre-employment military service. Tier Two employees receive 1% of final average earnings times the years and months of credited service. The plan also provides death and disability benefits.

Police Plan - Permanent County employees in police service are eligible to participate in the Police Plan. Benefits vest at 20 years of service or normal retirement age of 50 with five years of service for those hired on or after February 25, 2002, and 20 years of service or age 50 for those hired before that date. Employees who retire are entitled to an annual benefit in an amount equal to 2.5% of final average basic pay (defined as the participant's highest three annual basic pays consisting of the participant's annual basic pay on the date of termination and any prior annual basic pay on the anniversary date of the date of termination) for each year of service up to 20 years, plus 2% for each year of service between 20 and 30 years; plus credit for unused disability leave and up to three years of pre-employment military service as defined in Article 5 – Pensions of the County Code. The maximum benefit is 70% of final average basic pay, except participants may accrue benefits in excess of the 70% cap for credited disability leave and pre-employment military service. Participants with 20 years service may elect normal retirement, regardless of age. The plan also provides death and disability benefits.

Participants in the Police Plan may participate in the deferred retirement option program (DROP) if they were actively employed by the County in a position covered by the plan and have completed 20 years of actual plan service. The participant's initial DROP term is three years, but he or she may extend participation for three additional one-year terms. A DROP participant continues as an active employee of the County, but the participant no longer makes employee contributions to the plan and accrues no additional pension benefit. During the term of DROP participation, the participant's annual retirement benefit as of the date DROP participation begins is credited to the participant in an account earning 8% interest annually. Participants entering the DROP program subsequent to June 30, 2009 earn 4.25% annually. When the DROP participation ends and the employee terminates service to the County, the account balance is distributed to the participant.

Fire Plan - Permanent County employees in fire service are eligible to participate in the Fire Plan. Benefits vest at normal retirement age. Participants may retire when they have 20 years of service, regardless of age, or at age 50 with 5 years of actual service. Employees who retire are entitled to an annual benefit in an amount equal to 2.5% of final average basic pay (defined as the participant's highest three annual basic pays consisting of the participant's annual basic pay on the date of termination and any prior annual basic pay on the anniversary date of the date of termination) for each year of service up to 20 years, plus 2% for each year of service between 20 and 30 years; plus credit for unused disability leave and up to three years of pre-employment military service as defined in Article 5 – Pensions of the County Code. The maximum benefit is 70% of final earnings, except participants may accrue benefits in excess of the 70% cap for credited disability leave and pre-employment military service. The plan also provides death and disability benefits.

Through June 30, 2002, participants with 20 years of County service who are at least age 50 may participate in a DROP with provisions similar to those described for the Police Plan, except that participants earn 8% on their account regardless of date of entry into the program. Some represented plan participants are limited to two one-year extensions of DROP participation. After June 30, 2002, any participant with 20 years of service may participate, regardless of age.

Detention Plan - Permanent County detention center officers and personnel and sheriff deputies are eligible to participate in the Detention Plan. Uniformed detention officers and deputy sheriffs are Category I participants, and other eligible employees are Category II participants. Category I participants hired on or after August 9, 2004 vest after 20 years of service. Category I participants hired before August 9, 2004 and Category II participants vest after five years of service. The normal retirement age for Category I participants is age 50 with five years of credited service or 20 years of credited service, regardless of age. The normal retirement age for Category II participants is age 50 with five years of credited service. Members are entitled to an annual benefit in the amount of 2.5% of final average basic pay (defined as the participant's highest three annual basic pays consisting of the participant's annual basic pay on the date of termination and any prior annual basic pay on the anniversary date of

the date of termination) for each year of service up to 20 years, plus 2% of FABP for each additional year; plus credit for unused disability leave and up to three years of pre-employment military service as defined in Article 5 – Pensions of the County Code. The maximum benefit is 70% of final earnings, except participants may accrue benefits in excess of the 70% cap for credited disability leave and pre-employment military service. The plan also provides death and disability benefits.

**C Multiple-Employer Pension Plans** - Primary government employees hired prior to July 1, 1969 who elected not to transfer to the Employees Plan and substantially all employees of the Board of Education, Library and Community College participate in plans of the Maryland State Retirement and Pension System (the State System), which are multi-employer cost sharing defined benefit pension plans. The system plans provide retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The State System issues a financial report that includes financial statements and required supplementary information that can be obtained at <http://www.sra.state.md.us> or by writing to State Retirement Agency of Maryland, 120 East Baltimore Street, Baltimore, MD 21202.

The County is liable through fiscal year 2020 for employees who were participants in the State System when the County withdrew from the State System. In addition there are two active employees allowed to participate in the State System. Information on the State System follows:

*Plan description.* Retirees and employees of the County are covered by the Maryland State Retirement and Pension System (the System), which is a cost sharing employer public employee retirement system. The State System is made up of two cost-sharing pools: the “State Pool” and the “Municipal Pool”. The Municipal Pool consists of the participating governmental units that elected to join the System. Neither pool shares in each other’s actuarial liabilities, thus participant governmental units that elect to join the State System share in the liabilities of the Municipal Pool only. The State System is comprised of the Teachers’ Retirement and Pension Systems, Employees’ Retirement and Pension System, State Police Retirement System, Judges’ Retirement System, and Law Enforcement Officers’ Pension System. Most of the County retirees and employees participate in the Employees’ System. The State System was established by the State Personnel and Pensions Article of the Annotated Code of Maryland to provide retirement allowances and other benefits to State employees, teachers, police, judges, legislators, and employees of participating governmental units. The Plans are administered by the State Retirement Agency. Responsibility for the System’s administration and operation is vested in a 15-member Board of Trustees.

*Benefits provided.* The System provides retirement allowances and other benefits to State employees of participating governmental units, among others. For individuals who become members of the Employees’ Retirement and Pension Systems on or before June 30, 2011, retirement/pension allowances are computed using both the highest three years Average Final Compensation (AFC) and the actual number of years of accumulated creditable service. For individuals who become members of the Employees’ Pension System on or after July 1, 2011, pension allowances are computed using both the highest five years AFC and the actual number of years of accumulated creditable service. Various retirement options are available under each system which ultimately determines how a retirees’ benefits allowance will be computed. Some of these options require actuarial reductions based on the retirees’ and/or designated beneficiary’s attained age and similar actuarial factors.

A member of the Employees’ Retirement System is generally eligible for full retirement benefits upon the earlier of attaining age 60 or accumulating 30 years of creditable service regardless of age. The annual retirement allowance equals 1/55 (1.81%) of the member’s average final compensation (AFC) multiplied by the number of years of accumulated creditable service.

A member of the Employees’ Pension System on or before June 30, 2011 is eligible for full retirement benefits upon the earlier of attaining age 62, with specified years of eligibility service, or accumulating 30 years of eligibility service regardless of age. An individual who becomes a member of the Employees’ Pension System on or after July 1, 2011, is eligible for full retirement benefits if the members’ combined age and eligibility service equals at least 90 years or if the member is at least age 65 and has accrued at least 10 years of eligibility service.

For most individuals who retired from the Employees’ Pension System on or before June 30, 2006, the annual pension allowance equals 1.2% of the members AFC, multiplied by the number of years of credible service accumulated prior to July 1, 1998, plus 1.4% of the members AFC, multiplied by the number of years of credible service accumulated subsequent to June 30, 1998. With certain exceptions, for individuals who are members of the

Employees' Pension System on or after July 1, 2006, the annual pension allowance equals 1.2% of the member's AFC, multiplied by the number of years of credible service accumulated prior to July 1, 1998 plus 1.8% of the members AFC, multiplied by the number of years of credible service accumulated subsequent to June 30, 1998. Beginning in July 1, 2011, any new member of the Employees' Pension System shall earn an annual pension allowance equal to 1.5% of the member's AFC multiplied by the number of years of creditable service accumulated as a member of the Employees' Pension System.

*Contributions.* The County and covered members are required by State statute to contribute to the System. Members of the Employees' Pension System are required to contribute 7% annually. Members of the Employees' Retirement System are required to contribute 5-7 % annually, depending on the retirement option selected. The contribution requirements of the System members, as well as the State and participating governmental employers are established and may be amended by the Board of Trustees for the State System.

The County's total required contributions during the year ended June 30, 2015 were \$1,931,764. The rates varied from 0.0% for the actuarially determined contractual liability to 42.74% of covered payroll for the participant in the Judges Retirement System. The County made its share of the required contributions.

At June 30, 2015, the County reported a liability of \$14,627,964 for its proportionate share of the net pension liability of the State System. The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on actual employer contributions billed to participating government units for the year ending June 30, 2014. The contributions were increased to adjust for differences between actuarial determined contributions and actual contributions by the State of Maryland. As of June 30, 2014, the County's proportionate share was 0.0825%.

*Actuarial assumptions.* The total pension liability for the State System in the June 30, 2014 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.90% general, 3.4% wage
Salary increases	3.40% to 11.9%, including inflation
Investment rate of return	7.65%

Mortality rates were based on RP-2000 Combined Healthy Mortality Table projected to the year 2025.

The economic and demographic actuarial assumptions used in the June 30, 2014 valuation were adopted by the State System's Board of Trustees based upon review of the System's experience study for the period 2006-2010, which was completed during FY 2011. Certain assumptions from the experience study including mortality rates, retirement rates, withdrawal rates, disability rates and rates of salary increase were adopted for the first use in the actuarial valuation as of June 30, 2012. The State System's Board of Trustees adopted new economic assumptions for the June 30, 2013 valuation, in particular, an investment return assumption of 7.70% and an inflation assumption of 2.95%. The ultimate assumptions of a 7.55% investment return and 2.80% price inflation are being phased in over a four-year period. As a result, an investment return assumption of 7.65% and an inflation assumption of 2.90% were used for the June 30, 2014 valuation. The COLA, salary increase and payroll growth assumptions have also changed as a result of the change in the inflation assumption.

The long term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-range expected rate of return by weighing the expected future real rates by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return were adopted by the Board after considering input from the State System's investment consultant(s) and actuary(s). For each major asset class that is included in the State System's target asset allocation, these best estimates are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long Term Expected Real Rate of Return</u>
Public Equity	35%	4.70%
Fixed Income	10%	2.00%
Credit Opportunity	10%	3.00%
Real Return	14%	2.80%
Absolute Return	10%	5.00%
Private Equity	10%	6.30%
Real Estate	10%	4.50%
Cash	1%	1.40%
Total	<u>100%</u>	

The above was the System's Board of Trustees adopted asset allocation policy and best estimate of geometric real rates for each major asset class as of June 30, 2014.

*Discount rate.* The single discount rate used to measure the total pension liability was 7.65%. This single discount rate was based on the expected rate of return on pension plan investments of 7.65%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the State System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

For the year ended June 30, 2014 the annual money-weighted rate of return on the Maryland State Retirement and Pension System investments, net of pension expenses was 14.38%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

**D Funding Policy and Annual Pension Costs** – The employee contribution requirements for each defined benefit plan in the Retirement System are set by County legislation. The County's annual contribution is based on annual actuarial valuations. The Required Supplementary Information following these notes presents changes in net pension liability and related ratios by Plan.

Certain participants in the State Retirement and Pension Systems (State plans) are required to contribute 2% to 7% of compensation to the plans. The County is required to contribute the remaining amounts necessary to fund the plans, except that the State pays the employer's share of retirement costs on behalf of certain teachers, professional librarians, and related positions for the Board of Education, Library, and Community College, in accordance with State law. These amounts are shown as grant revenue and current expenses in the financial statements of these component units. County expenditures for those employees in the State plans for the years ended June 30, 2015, 2014, and 2013 equal the required contributions and are summarized as follows along with the State's contribution on behalf on the employees discussed previously.

	<u>Fiscal Year Ended June 30,</u>		
	<u>2015</u>	<u>2014</u>	<u>2013</u>
County contributions:			
Primary Government *	\$ 1,931,764	\$ 1,846,815	\$ 1,776,693
Board of Education	17,425,639	23,233,483	19,141,696
Community College	401,473	362,304	308,172
State contributions on behalf of:			
Board of Education	62,052,080	61,514,758	54,632,314
Community College	4,104,793	3,821,756	3,463,220
Library	1,583,617	1,203,191	1,100,658
	<u>\$ 87,499,366</u>	<u>\$ 91,982,307</u>	<u>\$ 80,422,753</u>

\* Note: FY 2014 and 2013 restated to include Officials and Judges contributions.

**E Net Pension Liability of the System by Plan** - The components of the net pension liability and assumptions for each Plan at December 31, 2014 are displayed below:

	<u>Employees'</u> <u>Retirement Plan</u>	<u>Police Service</u> <u>Retirement Plan</u>	<u>Fire Service</u> <u>Retirement Plan</u>	<u>Detention Officers' and</u> <u>Deputy Sheriffs'</u> <u>Retirement Plan</u>
Total pension liability	\$ 798,349,049	\$ 621,869,655	\$ 574,747,595	\$ 155,156,334
Plan fiduciary net position*	<u>(583,936,390)</u>	<u>(479,987,860)</u>	<u>(489,766,897)</u>	<u>(111,368,056)</u>
Plan net pension liability	<u>\$ 214,412,659</u>	<u>\$ 141,881,795</u>	<u>\$ 84,980,698</u>	<u>\$ 43,788,278</u>
Plan fiduciary net position as a percentage of the total pension liability	73.14%	77.18%	85.21%	71.78%

\*Differences in value from Statement of Changes in Fiduciary Net Position are the result of estimates provided to the actuary prior to completion of financials. Management deems the variances to be immaterial.

*Actuarial assumptions.*

The total pension liability was determined by an actuarial valuation as of December 31, 2014 using the following summarized actuarial assumptions, applied to all periods in the measurement. An experience and assumption study was conducted in 2012 for the period 2007 to 2011. Full descriptions of the actuarial assumptions are available in the January 1, 2014 valuation reports.

Inflation	3.00%	3.00%	3.00%	3.00%
Salary increases	Rates vary by participant age for each Plan.			
Investment rate of return	7.5%, net of pension plan investment expense, including inflation for each Plan.			
Mortality Scale	RP-2000 Blue Collar Mortality tables with generational project by Scale AA for each Plan			
Set forward for post-disability mortality.	9 years	5 years	5 years	5 years

*Long Term Expected Returns.* For investment purposes the four County Plans which comprise the System are managed on a co-mingled basis. Therefore, the long-term expected rates of investment return are the same for each Plan. The long-term (30 year) expected rate of return on pension System investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by using an optimizer program that relies on the arithmetic return inputs, the standard deviation forecast (risk) for each asset class, and the correlations among them. The result is a 30-year nominal, geometric, net-of-fee return forecast for the pension assets. The 30-year real rate of return is calculated by netting the inflation assumption out of the nominal forecast. The nominal and real rates of return forecasts for each major asset class included in the pension System's target asset allocation of December 31, 2014) are summarized in the following table. Data is provided by the System's Investment Advisor, New England Pension Consultants, which uses a 30-year geometric inflation assumption of 3.25%.

<u>Asset Class</u>	<u>30-Year Geometric Forecast (Nominal Returns)</u>	<u>30-Year Geometric Forecast (Real Returns)</u>
Cash	3.75%	0.50%
U.S. Treasuries	4.00%	0.75%
IG Corp Credit	5.25%	2.00%
Mortgage Backed Securities	4.25%	1.00%
Bank Loans	6.25%	3.00%
Core Fixed Income	4.46%	1.21%
High-Yield Bonds	6.00%	2.75%
Absolute Return Fixed Income	4.83%	1.58%
Emerging Market Debt (External)	7.00%	3.75%
Emerging Market Debt (Local Currency)	7.25%	4.00%
Large Cap Equity	7.75%	4.50%
Small/Mid Cap Equity	8.00%	4.75%
International Equities (Unhedged)	8.25%	5.00%
Emerging Int'l Equities	8.49%	5.24%
Private Equity	9.75%	6.50%
Private Debt	8.25%	5.00%
Real Estate	6.50%	3.25%
Hedge Funds	5.75%	2.50%
Hedge Funds (Macro)	6.75%	3.50%
Risk Parity	6.67%	3.42%

*Discount Rate:* The calculation of actuarial liabilities for valuation purposes is based on a current estimate of future benefit payments. The calculation includes a computation of the “present value” of those estimated future benefit payments using an assumed discount rate; the higher the discount rate assumption, the lower the estimated liability will be. For purposes of estimating the liabilities (future and accrued) in this report, an assumption was selected based on the expected long-term rate of return on plan investments. Using a lower discount rate assumption, such as a rate based on long-term bond yields, could substantially increase the estimated present value of future and accrued liabilities.

**F Changes in the Net Pension Liability by Plan for the Measurement Period December 31, 2014**

**G Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the County Pension Plans** –Recognized pension expenses and deferred outflows of resources for the measurement date of December 31, 2014 are displayed by Plan in the table below. There are no deferred inflows for the measurement date.

	<b>Employees'</b>	<b>Police Service</b>	<b>Fire Service</b>	<b>Detention Officers' and Deputy Sheriffs'</b>
	<b><u>Retirement Plan</u></b>	<b><u>Retirement Plan</u></b>	<b><u>Retirement Plan</u></b>	<b><u>Retirement Plan</u></b>
<b><u>Pension Expense:</u></b>	\$ 31,931,277	\$ 25,584,915	\$ 17,239,579	\$ 7,826,116
<b><u>Deferred Outflows of Resources:</u></b>				
Differences between expected and actual experience	\$ 13,126,334	\$ 9,600,380	\$ 2,942,850	\$ 1,741,386
Changes of assumptions	18,053,911	13,748,442	14,422,168	2,620,302
Net difference between projected and actual earnings on pension plan investments	10,880,666	10,283,442	10,191,464	2,385,616
Contributions subsequent to measurement date	<u>12,446,978</u>	<u>9,402,699</u>	<u>7,694,389</u>	<u>3,107,564</u>
Total	<u>\$ 54,507,889</u>	<u>\$ 43,034,963</u>	<u>\$ 35,250,871</u>	<u>\$ 9,854,868</u>

The contributions subsequent to measurement date as listed above will be recognized as a reduction in net pension liability in fiscal year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense and amortized over an additional three to four years as provided by the actuary as follows:

Year ended December 31:

2015	\$ 10,515,229	\$ 10,353,801	\$ 6,889,121	\$ 2,050,300
2016	10,515,229	10,353,801	6,889,121	2,050,300
2017	10,515,229	10,353,801	6,889,121	2,050,300
2018	10,515,229	2,570,862	6,889,121	596,404

***Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the County portion of the Maryland State Retirement and Pension System*** –Recognized pension expenses and deferred outflows of resources for the measurement date of June 30, 2014 are displayed by Plan in the table below.

	<b>Withdrawn</b>		
	<b><u>Participants</u></b>	<b><u>Master Judges</u></b>	<b><u>Officials</u></b>
<b><u>Pension Expense:</u></b>	\$ 1,766,085	\$ 136,751	\$ 17,993
<b><u>Deferred Outflows of Resources:</u></b>			
Changes of assumptions	\$ 194,588	\$ 15,065	\$ 1,982
Contributions subsequent to measurement date	1,879,267	19,980	57,395
<b><u>Deferred Inflows of Resources:</u></b>			
Net difference between projected and actual earnings	<u>(1,472,138)</u>	<u>(113,990)</u>	<u>(14,998)</u>
Total Deferred Activity	<u>\$ 601,717</u>	<u>\$ (78,945)</u>	<u>\$ 44,379</u>

The contributions subsequent to measurement date as listed above will be recognized as a reduction in net pension liability in fiscal year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2015	\$ (319,388)	\$ (24,731)	\$ (3,254)
2016	(319,388)	(24,731)	(3,254)
2017	(319,388)	(24,731)	(3,254)
2018	(319,388)	(24,731)	(3,254)

**H. Payable to the County Pension System** – At December 31, 2014 the System reported no payables.

**I Exposure to Derivatives** - Derivative instruments are securities that derive value from another asset and are in the form of a contract between two or more parties. Common derivatives are futures contracts, forwards contracts, options, and swaps. The System has no direct exposure to derivative securities. There are; however, mutual funds, commingled funds, and other investment vehicles in which the System has a percentage ownership that have exposure to futures, currency forward contracts, commodity forward contracts, and total return swap contracts. These funds enter into derivative contracts as part of their investment strategies to mitigate risk and volatility.

A derivative policy statement is included in the Investment Policy Statement (IPS). Prohibited instruments include options, commodities, uncovered options or futures, uncovered short positions, short selling, and use of financial leverage. The derivative exposure as of December 31, 2014 within the mutual funds is comprised of allowable instruments based on the IPS.

**J Commitments** - The System has committed to fund various private equity investments totaling \$205 million at December 31, 2014, of which approximately \$92.6 million remains unfunded. The expected funding dates for these commitments extend through 2019.

**K Teacher pension funding shift** - Legislation enacted by the Maryland General Assembly during 2012 requires County Boards of Education to pay a portion of employer contributions for members of the Teachers' Retirement System or the Teachers' Pension System beginning in fiscal year 2013. Anne Arundel County's

contribution for fiscal year 2015 was \$17,425,639 and increases to \$21.4 million in fiscal year 2016. Beginning in fiscal year 2017, each local Board will pay its local share equal to the normal contribution rate for the Teachers' Retirement System and the Teachers' Pension System multiplied by the aggregate annual earnable compensation of the local employees of that local employer.

### **13 Other Post-employment Benefits**

The primary government, the Board of Education, the Community College, and the Library administer single-employer defined benefit healthcare plans for retirees. The following provides a summary of the plans' descriptions and eligibility, funding policies and sources of authorization, annual cost and net obligations, and the actuarial methods and assumptions used in determining costs and liabilities. In addition, required supplementary information includes trend data about these plans. The Supplementary Information following these notes presents multi-year trend information about whether the actuarial value of each plan's assets is increasing or decreasing relative to the actuarial accrued liability for benefits year to year over a four year period. There is not a separate audited postemployment benefit report available.

Actuarial valuation of an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Amounts determined regarding the funding status of the plan and the annual required contributions of the employer are subject to continual revisions as actual results are compared with past expectations and new estimates are made about the future.

**A Plan Description, Eligibility, Authorization, and Funding Policy** - The primary government provides a group health plan for employees and retirees under the authority of § 6-1-308 of the County Code. This health plan may be extended to other component units under § 6-1-309 of the County Code. The Community College and the Library provide retiree health insurance through participation in the County's health plans. The County collects premiums from these entities to offset the related costs. The County Code requires the County to pay 80% of the health coverage cost for current County retirees and terminated vested employees that retired before July 1, 2014. Employees not eligible for normal or early retirement by January 1, 2017 will receive a subsidy based on years of service. The Library currently pays 80% for Library retirees. The primary government plan provides the same health plans to active employees and pre-age 65 retirees. The County offers a Medicare supplement to post age 65 retirees. The County will offer a Medicare Advantage Plan to post age 65 retirees beginning in calendar year 2016. The County offers the same prescription benefit for active employees and pre-age 65 retirees. Post age 65 retirees are eligible to participate in an Employer Group Waiver Plan (EGWP) for prescription benefits. County and Library retirees have the option of retaining dental and vision coverage, but must pay the full premium for these benefits.

Anne Arundel County Public Schools (AACPS) employees eligible to retire and receive Maryland State Retirement Agency (MSRA) benefits may be eligible for retiree healthcare benefits based on service criteria. For employees hired after September 15, 2002, the Board funds a portion of the medical premium ranging from 25% with 10 years of service to 75% with 20 or more years of service, but no dental funding is available. No Board funding is provided for vision coverage regardless of service date. Active employees and retirees have the same medical, dental, and vision plans while retirees over 65 have three Medicare Supplemental Plans available. The retiree and active prescription plan co-payments differ. The retiree plan is evaluated separately based on claims experience; however, a blended percentage increase has been applied to the retiree rates.

The Community College (the College) provides medical, dental, and vision benefits to eligible retirees who are enrolled in medical coverage at the time of retirement. The benefit levels, employee contributions, and employer contributions are governed by and may be amended by the College Board of Trustees. Retirees are eligible for these benefits if they have a minimum of 10 years of service and meet the eligibility requirement of their retirement plan, (Maryland State Retirement System or Optional plan). The College contributes to the cost of retirees' benefits at a rate of 2.5% for each year of service, and employees must have at least 10 years of service to qualify. The maximum paid by the College is 75%. Retirees have no vested rights to these benefits.

The number of participants eligible to participate in the plans as of July 1, 2014 is presented as follows. Inactive individuals include both retirees and those who are terminated and vested.

	<u>Active</u>	<u>Inactive</u>	<u>Total</u>
Primary Government	3,767	2,576	6,343
Board of Education	9,668	4,772	14,440
College	306	303	609
Library	191	125	316
	<u>13,932</u>	<u>7,776</u>	<u>21,708</u>

**B Funding Policy** – Effective July 1, 2015, the County Council under Bill 13-15 established the Retiree Health Benefits Trust to include the primary government, the College and the Library. The Bill requires that the balance of Reserve Funds for Retiree Health Benefits on July 1, 2015 be transferred to the Trust. The Bill establishes a Board of Trustees to manage the Trust and designates the County Personnel Officer to administer the Trust. The County Executive will recommend annual appropriations to the Trust. The County Council will approve this request as is or may increase it during the County Annual Budget process. Previously, the County established under its Charter, a Reserve Fund for Retiree Health Benefits into which funds were appropriated for the sole purpose of funding retiree health benefits. A contribution of \$20.0 million was made in fiscal year 2016. As of June 30, 2015, the reserve funds balance was \$35,869,033.

**C Annual OPEB Costs and Net OPEB Obligation** – The annual OPEB cost, the percentage of the annual OPEB cost contributed to the plans, and the net OPEB obligation (NPO) to the plans for fiscal years 2013, 2014, and 2015 are presented as follows.

(Amounts shown in thousands)

	<u>Total Annual OPEB Cost</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
<b>Primary Government:</b>			
June 30, 2013	\$ 109,607	20.03%	\$ 430,073
June 30, 2014	70,290	30.35%	479,029
June 30, 2015	73,814	32.48%	528,866
<b>Board of Education:</b>			
June 30, 2013	103,582	32.37%	317,193
June 30, 2014	109,072	40.42%	382,178
June 30, 2015	102,184	48.01%	435,303
<b>College:</b>			
June 30, 2013	5,836	20.41%	26,388
June 30, 2014	4,806	26.07%	29,941
June 30, 2015	5,068	24.01%	33,792
<b>Library:</b>			
June 30, 2013	3,657	26.96%	14,362
June 30, 2014	2,534	35.20%	16,004
June 30, 2015	2,651	30.10%	17,857

The annual OPEB cost is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially determined using the projected unit credit cost method in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over an open period of thirty years. The net OPEB obligation has been recognized as a liability on the County's government-wide financial statements. The following table shows the primary government and the component units annual OPEB cost for the year and the amount actually contributed.

(Amounts shown in thousands)

	<u>Primary Government</u>	<u>Board of Education</u>	<u>College</u>	<u>Library</u>	<u>Total</u>
Actuarial accrued liability (AAL)	\$ 899,254	\$ 1,412,995	55,079	\$ 32,658	\$ 2,399,986

Covered payroll	<u>\$ 247,008</u>	<u>\$ 576,284</u>	<u>\$ 93,550</u>	<u>\$ 11,554</u>	<u>\$ 928,396</u>
UALL as a % of Covered Payroll	364.06%	245.19%	58.88%	282.66%	258.51%

**D Actuarial Methods and Assumptions** - Projections of benefits for financial reporting purposes are based on the substantive plans (the plans as understood by the employers and plan members) and include the types of benefits provided at the time of the valuations and the historical pattern of sharing of benefit cost between the employer and plan member to that point. The actuarial calculations reflect a long-term perspective. Consistent with that perspective, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. The actuarial value of assets is the fair value of the investments. This year's asset value is based on the July 1, 2014 actuarial valuation.

Actuarial Assumptions for Primary Government

Actuarial Cost Method	Projected Unit Credit
Amortization Method	Closed (level % of the projected payroll)
Amortization Period	25 years remaining
Asset Valuation Method	Market Value of Assets
Actuarial Assumptions	

Discount Rate	4.00 %
Payroll Increase	3.50%
Medical Trend	The initial rate is 7.00% decreasing gradually. The rate in 2050 is 3.28% Pre-Medicare and 4.20% Post Medicare. The ultimate rate is 3.40%.
Inflation Rate	2.4 %

The schedules of funding progress, included as required supplementary information (RSI) following the notes to the financial statements, present multiyear trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the AALs for benefits.

## **14 Risk Management**

The County retains the risk of loss for workers' compensation and Directors and Officers coverage for the primary government, the Library, the Board of Education, and the Community College; general liability and vehicle liability coverage for the primary government, Library and the Board of Education; and health coverage for the primary government. The County purchases insurance coverage for real and personal property and money and security coverage, as well as school bus insurance for the bus contractors of the Board of Education. All insurance activities are recorded in the Self Insurance Fund, except for health activity, which is recorded in the Health Insurance Fund.

The Self Insurance Fund has recognized a liability at fiscal year-end for those claims where a loss has occurred and the amount of loss can be reasonably estimated. This estimate includes reserves for non-incremental claims adjustment expense. An actuarial review of all claims is used as the basis for determining the liability at the end of the year. Management, with the assistance of claims administrators, estimates the liabilities for the Health Insurance Fund. Both funds include estimated liabilities for claims that have been incurred but not reported. Claims are reevaluated periodically to take into consideration recently settled claims, the frequency of claims, and other economic and social factors. As of June 30, 2015 the Self Insurance Fund liability of \$72,403,600 is discounted since discounting is more reflective of the nature of the claims. The Health Insurance Fund liability of \$7,036,468 is undiscounted since claims will be paid within one year of the date incurred. Settlements have not exceeded coverage for each of the past three years. Changes in the balances of claims liabilities during fiscal years 2015 and 2014 were as follows:

	<u>2015</u>	<u>2014</u>
Liability balance, July 1	\$ 81,082,796	\$ 76,822,546
Current year claims and changes in estimates:		
Changes in estimates - prior periods	(4,744,836)	(1,955,000)
Changes in estimates - current year	116,301,386	111,832,378
Claims payments	<u>(113,199,278)</u>	<u>(105,617,128)</u>
Liability balance, June 30	<u>\$ 79,440,068</u>	<u>\$ 81,082,796</u>

## **15 Landfill Closure, Postclosure, and Remediation**

The primary government has utilized three landfill sites; however, only one site, the Millersville Landfill, is still accepting trash. The others, Glen Burnie and Sudley, ceased accepting solid waste in 1983 and 1993, respectively. The Millersville site consists of nine individual cells. Cells 1 through 7 are closed, cell 8 is active and 92.8% full, and cell 9 has not yet opened. Cells 8 and 9 have useful lives to at least 2017 and 2043, respectively. The table that follows presents the costs and liabilities related to all sites. The costs for cells 8 and 9 at the Millersville Landfill are determined by applying the percent of capacity used to the total estimated closure and post closure costs.

	<u>Millersville</u>	<u>Closed Sites</u>	<u>Total</u>
Total costs:			
Closure	\$ 55,166,298	\$ 18,163,719	\$ 73,330,017
Post closure	<u>39,080,960</u>	<u>3,079,404</u>	<u>42,160,364</u>
	94,247,258	21,243,123	115,490,381
Less:			
Amount recognized thru June 30, 2015	<u>53,845,920</u>	<u>21,243,123</u>	<u>75,089,043</u>
Costs remaining to be recognized	<u>\$ 40,401,338</u>	<u>\$ -</u>	<u>\$ 40,401,338</u>
Liability recorded at June 30, 2015			
Closure	\$ 12,767,725	\$ -	\$ 12,767,725
Current portion post closure	787,605	232,444	1,020,049
Post closure	<u>19,222,616</u>	<u>2,846,960</u>	<u>22,069,576</u>
	<u>\$ 32,777,946</u>	<u>\$ 3,079,404</u>	<u>\$ 35,857,350</u>

The primary government accounts for landfill activities in the Solid Waste Fund. Management estimates the costs of closure, post closure, remediation, and monitoring the landfills based on federal and state regulations. These estimates are recorded at current costs and are management's best judgment of the minimum cost required to correct identified problems and close and remediate open cells. These estimates are subject to periodic reevaluation, and actual costs may differ due to inflation or deflation, changes in technology, or changes in applicable laws and regulations. The closure reserves increased in the amount of \$1,350,085 and post closure reserves decreased by \$779,360 in fiscal year 2015. These amounts include changes to the estimates in the reserves, payments, and other adjustments.

The Solid Waste Fund has restricted assets of \$26,728,705 for closure and post closure care as of June 30, 2015.

## **16    Contingent Liabilities**

**A    *Impact Fees*** – At June 30, 2015 the primary government held impact fees accumulated for construction of schools and roads in designated districts of the County. County legislation authorizes the collection of such fees. In addition, the County has entered into impact fee agreements with developers who provide offsite improvements designed to lessen the impact of development on the immediate community. Unredeemed impact fee credits totaled \$20,098,770 as of June 30, 2015.

**B    *Lawsuits*** – Certain current owners of property on which impact fees were paid in fiscal years 1988 through 1996 have pursued a class action suit against the County seeking refunds of development impact fees paid to the County during these fiscal years on grounds that they were not expended or encumbered in a timely manner under the County Code. The case was originally dismissed by the Circuit Court on July 26, 2001 but following an appeal, the Court of Special Appeals remanded the case to the Circuit Court on August 21, 2002. On December 15, 2006, the Circuit Court issued a judgment, finding that, without the consideration of encumbrances, impact fee refunds of \$4,719,359, plus statutory interest, were due to the current owners of certain specified impact fee paying properties. On February 7, 2008, the Court of Special Appeals issued an opinion agreeing with the County's position regarding the use of encumbrances. After a clarifying opinion of the intermediate appellate court was issued on May 7, 2008 and a Court of Appeals decision on other issues was issued on May 6, 2009, the Court of Special Appeals remanded the case to the Circuit Court for a new determination of the amount of impact fee refunds with consideration of encumbrances. The Circuit Court held evidentiary hearings on various dates throughout 2010 and early 2011. On July 24, 2012, the Circuit Court issued a revised judgment finding that with consideration of encumbrances, impact fee refunds of \$1,342,360 (subject to 5% interest from the date of payment of each impact fee) are due to the current owners of certain specified impact fee paying properties. On July 29, 2013, the Court of Special Appeals issued an opinion in which it affirmed the Circuit Court's July 24, 2012 judgment. At this time the County estimates that the interest will be approximately \$1,660,000. This estimate was based on the assumptions that (1) every fee or portion of a fee that will be refunded was paid on January 1 of the fiscal year in which the fee was paid, and (2) the refunds will be paid on January 1, 2016. The class plaintiffs and certain individual plaintiffs filed another appeal. In a July 29, 2013 opinion, the Court of Special Appeals affirmed the Circuit Court, and the Court of Appeals denied Petitions

for a Writ of Certiorari filed by class plaintiffs both before and after the Court of Special Appeals' decision. On May 13, 2014, the Circuit Court ordered the County to identify class members and issue a notice to class members. Further, the Court ordered that a percentage of the impact fee refunds and interest be paid to class plaintiffs' counsel, and apportioned the award between two attorneys. On June 11, 2014, one of the attorneys filed an appeal from the Circuit Court's decision, and the Circuit Court thereafter stayed the action pending appeal. The Court of Special Appeals dismissed the appeal. The actual dates of payment of the fees and the refunds have not yet been determined.

In the opinion of the County Attorney, it is probable that the May 13, 2014 Circuit Court judgment will be affirmed if appealed, but the possibility that the loss might exceed \$1,342,360 plus 5% interest from the date of payment of each impact fee as a result of such an appeal by the class plaintiffs is remote. The County believes that its position is on solid legal grounds.

On November 14, 2011, four individuals served a new class action complaint on the County seeking refunds of impact fees paid to the County in fiscal years subsequent to 1996 on grounds that they were not expended or encumbered in a timely manner under the County Code. On April 25, 2013, the Circuit Court certified a class action of persons who are current property owners of property upon which impact fees were paid to the County in certain fiscal years subsequent to fiscal year 1996 and for which impact fees were not timely expended or encumbered. On November 17, 2014 through November 20, 2014, the Circuit Court held a trial on the plaintiffs' claim. The Circuit Court has not issued a decision. At this juncture, however, the likelihood of a loss in any specified amount cannot be characterized as either probable or remote.

In the case of *Comptroller v. Wynne*, 135 S.Ct. 1787 (2015) the United States Supreme Court ruled in May 2015 that Maryland residents who paid income taxes to another state on income earned in the other state are entitled to a credit against the county portion of the Maryland income tax owed. The ruling means that each county in Maryland will experience a reduction in income tax revenue, including Anne Arundel County. Based on preliminary data as of June 2015, the Comptroller's Office is estimating that the fiscal impact of the ruling on the County will be approximately \$16,000,000 of refunds for prior years' taxes, and an estimated reduction of \$4,000,000 each year going forward. The estimated amount of refunds to be paid has been recorded as a noncurrent liability on the Statement of Net Position and as an assignment of fund balance in the General Fund, as the County will not be required to start reimbursing the State until fiscal year 2017.

Talen Energy Corporation's predecessors, Brandon Shores, LLC, H.A. Wagner, LLC, Raven F.S. Property Holdings, LLC, (collectively "Raven") owned and operated two power plants located in Anne Arundel County during fiscal years 2013, 2014 and 2015. Raven appealed both its real property tax and its personal property tax for fiscal years 2014 and 2015, challenging the assessments of each. In September 2015, the resolution of the real property tax appeal for fiscal years 2014 and 2015 resulted in a reduction of assessment from fiscal year 2013 to fiscal year 2014 of \$60,773,164 and corresponding reduction of the County's portion of real property taxes of \$577,345 per year for fiscal year 2014 and fiscal year 2015. In September 2015, the resolution of the personal property tax appeal for fiscal year 2014 resulted in of assessment of \$267,737,900, a reduction from fiscal year 2013 to fiscal year 2014 of \$185,355,140 and corresponding reduction of the County's personal property taxes of \$4,402,185 for fiscal year 2014. Raven's appeal of its fiscal year 2015 personal property taxes remains pending, although the County does not expect the original assessment of \$264,563,880 to be reduced significantly as a result of the appeal.

The County is a party to other legal proceedings that normally occur in governmental operations. Such proceedings include developer's claims, property damage, employee liability, and workers compensation. These proceedings are not, in the opinion of the County Attorney, likely to have a material, adverse impact on the financial position of the County as a whole, as reserves for losses have been established in the Self Insurance Fund.

The County is a defendant in lawsuits and other claims that occur in the ordinary course of County operations. It is the opinion of the County Attorney that such lawsuits and claims will not have a material adverse impact on the County's financial condition.

**C Federal Financial Assistance** - The County receives significant financial assistance from the U.S. Government. Entitlement to the resources is generally conditioned upon compliance with terms and conditions of the grant agreements and applicable Federal regulations, including the expenditure of the resources for eligible purposes. Substantially all grants are subject to financial and compliance audits. Any disallowances as a result of

these audits become a liability of the fund that received the grants. As of June 30, 2015, the County estimates that no material liabilities will result from such audits.

**Notes to schedule:**

- 1 This schedule is presented to illustrate the requirement to show information for 10 years. However, until 10-year trend is compiled, pension plans should present information for those years for which the data is available.
- 2 There are no benefit changes reflected in the current schedule.
- 3 For the four County Plans the FY 2014 expected rate of investment return was reduced from 8.0% to 7.5% and other assumptions were changed to reflect the results of the 2012 experience study.

**Notes to Schedule**

Valuation Date: 1/1/2006 1/1/2007 1/1/2008 1/1/2009 1/1/2010 1/1/2011 1/1/2012 1/1/2013 1/1/2014 1/1/2015

Actuarially determined contribution rates are calculated as of January 1 for the upcoming fiscal year beginning July 1 of the same year.

For 2014, "Covered-employee payroll" is the payroll of employees that are provided with pension through the pension plan. All prior years include Covered payroll

which is all elements included in compensation paid to active employees on which contributions to a pension plan are based.

Methods and assumptions used to determine contribution rates:

- Actuarial cost method Projected Unit Credit
- Amortization method Level percentage of payroll, closed, increasing 3.0% per year.
- Remaining amortization period 19 to 28 years with an average effective period of 25 years. Starting with new bases in 2014, assumption changes and gains and losses are amortized over 20 years and plan changes are amortized over the average future service of the active population at the time of the change.
- Asset valuation method 5-year smoothed market
- Inflation 3.00%
- Salary increases Graded schedule begins for age 20 at 6.5% and move to 3.5% at age 55.
- Investment rate of return 7.50% net of pension plan investment expense, including inflation, effective 1/1/2014
- Retirement age Rates vary by participant age and service.
- Mortality Healthy: RP-2000 Blue Collar Mortality Table for males and females projected generationally using scale AA.  
 Disabled: RP-2000 Blue Collar Mortality Table for males and females set forward nine years and then projected generationally using scale AA.

1/1/2006 1/1/2007 1/1/2008 1/1/2009 1/1/2010 1/1/2011 1/1/2012 1/1/2013 1/1/2014 1/1/2015

Actuarially determined contribution rates are calculated as of January 1 for the upcoming fiscal year beginning July 1 of the same year.

For 2014, "Covered-employee payroll" is the payroll of employees that are provided with pension through the pension plan. All prior years include Covered payroll which is all elements included in compensation paid to active employees on which contributions to a pension plan are based.

Methods and assumptions used to determine contribution rates:

Actuarial cost method Projected Unit Credit

Amortization method Level percentage of payroll, closed, increasing 3.0% per year.

Remaining amortization period 19 to 28 years with an average effective period of 25 years. Starting with new bases in 2014, assumption changes and gains and losses are amortized over 20 years and plan changes are amortized over the average future service of the active population at the time of the change.

Asset valuation method 5-year smoothed market

Inflation 3.00%

Salary increases Graded schedule begins for age 20 at 6.0% and moves to 4.0% at age 50.

Investment rate of return 7.50% net of pension plan investment expense, including inflation, effective 1/1/2014.

Retirement age Rates vary by participant age and service.

Mortality Health: RP-2000 Blue Collar Mortality Table for males and females projected generationally using scale AA. 60% of these rates.

Pre-Termination mortality uses 60% of these rates.

Disabled: RP-2000 Blue Collar Mortality Table set forward five years and then projected generationally using scale AA.

Other Employer contributions for calendar 2010 are greater than 100.0% of the Actuarially Determined Contribution due to 6/30 fiscal year revisions.

Calendar 2011 was reduced for the revisions.

  - Healthy: RP-2000 Blue Collar Mortality Table for males and females projected generationally using scale AA. 60% of these rates.
  - Pre-Termination mortality uses 60% of these rates.
  - Disabled: RP-2000 Blue Collar Mortality Table set forward five years and then projected generationally using scale AA.
- Other Employer contributions for calendar 2010 are greater than 100.0% of the Actuarially Determined Contribution due to 6/30 fiscal year revisions. Calendar 2011 was reduced for the revisions.

**Anne Arundel County Maryland  
 Required Supplementary Information  
 Schedule of County's Proportionate Share for Withdrawn Personnel of the Net Pension Liability Maryland State Retirement and Pension System**

	2014
County's portion of the net pension liability	0.07578590%
County's proportionate share of the net pension liability	\$ 13,449,520
County's covered employee payroll	5,152
County's proportionate share of the net pension liability as a percentage of its covered employee payroll	2610.50%
Plan fiduciary net position as a percentage of the total pension liability	71.87%

**Notes to Schedule:**

- 1** This schedule is presented to illustrate the requirement to show information for 10 years. However, until 10-year trend is compiled, pension plans should present information for those years for which the data is available.
- 2** There are no benefit changes reflected in the current schedule.
- 3** The County's annual contribution is determined by actuarially calculated 40-year contract established in 1980 to fund the liability for withdrawn participants.

**Anne Arundel County Maryland  
Required Supplementary Information  
Schedule of County's Proportionate Share for Officials of the Net Pension Liability Maryland State Retirement and Pension System**

	<u>2014</u>
County's portion of the net pension liability	0.00077211%
County's proportionate share of the net pension liability	\$ 137,025
County's covered employee payroll	128,624
County's proportionate share of the net pension liability as a percentage of its covered employee payroll	1.07%
Plan fiduciary net position as a percentage of the total pension liability	71.87%

**Notes to Schedule:**

- 1 This schedule is presented to illustrate the requirement to show information for 10 years. However, until 10-year trend is compiled, pension plans should present information for those years for which the data is available.
- 2 There are no benefit changes reflected in the current schedule.
- 3 Changes in Assumptions to the Maryland State Retirement and Pension System:  
Adjustments to the roll-forward liabilities were made to reflect the following assumptions in the June 2014 valuation.
  - Investment return assumption changed from 7.70% to 7.65%.
  - Inflation assumption changed from 2.95% to 2.90%
  - Disability mortality assumption for State Poice and LEOPS changed to:  
RP-2000 Disability Mortality: 505 table for males and 75% for females, but not less than RP-2000 Combined Health Mortality table projected to year 2025.
- 4 Methods and Assumptions Used in Calculation of Actuarially Determined Contributions:

## ANNE ARUNDEL COUNTY, MARYLAND

### NOTICE OF SALE OF

**\$139,780,000\***

### GENERAL OBLIGATION BONDS

Consisting of

**\$95,310,000\* Consolidated General Improvements Series, 2016**

**\$44,470,000\* Consolidated Water and Sewer Series, 2016**

### Dated Date of Delivery

ELECTRONIC BIDS, via BiDCOMP/PARITY Competitive Bidding System (BiDCOMP/Parity) only, will be received until **10:30 A.M., LOCAL BALTIMORE, MARYLAND, TIME ON MARCH 30, 2016**, by the Chief Administrative Officer of Anne Arundel County, Maryland (the “County”), or other officer of the County designated by the County Executive of the County (the “County Executive”) (either such officer being the “Designated Officer”), for the purchase of the above described general obligation bonds of the County, aggregating \$139,780,000\*, all dated the date of delivery, and bearing interest payable October 1, 2016, and semiannually thereafter on each April 1 and October 1 until maturity or prior redemption as hereinafter set forth.

The Consolidated General Improvements Series, 2016 (the “Consolidated General Improvements Bonds”) and the Consolidated Water and Sewer Series, 2016 (the “Consolidated Water and Sewer Bonds”) and together with the Consolidated General Improvements Bonds, the “Bonds”) will mature, subject to prior redemption as hereinafter set forth, on October 1 in the following years and in the following aggregate amounts, subject to aggregation of two or more consecutive serial maturities as a term bond, as provided below in “Bid Specifications”:

<u>Years of Maturity</u>	<u>Consolidated General Improvements*</u>	<u>Consolidated Water and Sewer*</u>	<u>Years of Maturity</u>	<u>Consolidated General Improvements*</u>	<u>Consolidated Water and Sewer*</u>
2016	\$3,180,000	\$1,485,000	2031	\$3,175,000	\$1,480,000
2017	3,180,000	1,485,000	2032	3,175,000	1,480,000
2018	3,180,000	1,485,000	2033	3,175,000	1,480,000
2019	3,180,000	1,485,000	2034	3,175,000	1,480,000
2020	3,180,000	1,485,000	2035	3,175,000	1,480,000
2021	3,180,000	1,485,000	2036	3,175,000	1,480,000
2022	3,180,000	1,485,000	2037	3,175,000	1,480,000
2023	3,180,000	1,485,000	2038	3,175,000	1,480,000
2024	3,180,000	1,485,000	2039	3,175,000	1,480,000
2025	3,180,000	1,485,000	2040	3,175,000	1,480,000
2026	3,180,000	1,485,000	2041	3,175,000	1,480,000
2027	3,180,000	1,485,000	2042	3,175,000	1,480,000
2028	3,175,000	1,485,000	2043	3,175,000	1,480,000
2029	3,175,000	1,485,000	2044	3,175,000	1,480,000
2030	3,175,000	1,480,000	2045	3,175,000	1,480,000

\* Preliminary, subject to change; reflects revised preliminary aggregate principal amounts as of March 17, 2016.

The Bonds shall be issued only in fully registered form without coupons. One bond representing each maturity of each series will be issued to and registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York (“DTC”), as registered owner of the Bonds and each such Bond shall be immobilized in the custody of DTC. DTC will act as securities depository for the Bonds. Individual purchases will be made in book-entry form only, in the principal amount of \$5,000 or any integral multiple thereof. Purchasers will not receive physical delivery of certificates representing their interest in the Bonds purchased. The winning bidder of the Bonds, as a condition to delivery of the Bonds, will be required to deposit the bond certificates representing each maturity of each series with DTC.

### *General Information*

The Bonds are authorized by Section 10-203 of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2015 Supplement), the Charter of Anne Arundel County, Maryland (the “County Charter”), and Bill No. 80-15, passed by the County Council of the County on September 21, 2015, approved by the County Executive on September 22, 2015, and effective on November 6, 2015 (as may be amended and supplemented, the “Authorizing Ordinance”).

The proceeds of the Consolidated General Improvements Bonds will be used to provide funding for general improvements. The proceeds of the Consolidated Water and Sewer Bonds will be used to provide funding for water and sewer improvements.

The full faith and credit and taxing power of the County are pledged to the payment of the Bonds and of the interest to accrue thereon. Such taxing power is subject, however, to the limitation set forth in Section 710(d) of the County Charter which provides, in part that “[f]rom and after July 1, 1993, revenues derived from taxes on properties existing on the County property tax rolls at the commencement of the County fiscal year shall not increase, compared with the previous year, more than the Consumer Price Index percentage of change, or 4.5 percent, whichever is the lesser.”

The sources of revenue for the payment of the principal of and interest on the Bonds are as described herein. The Consolidated General Improvements Bonds are payable from annual appropriations of the proceeds of ad valorem taxes which the County is empowered to levy on real and personal property and certain intangible personal property subject to assessment for County taxation subject to the limitations set forth in Section 710(d) of the County Charter. The Consolidated Water and Sewer Bonds are likewise payable from such appropriations in the event of any deficiency in their primary sources of payment. The primary sources of payment for the Consolidated Water and Sewer Bonds are the net revenues of the projects for which such bonds are to be issued, or the utilities of which they are a part, for the use and benefit of which the County has covenanted to fix and collect rates, charges and assessments sufficient to pay the costs of operation, maintenance and debt service.

### *Optional Redemption*

The Bonds of each series maturing on or after October 1, 2026\*, are subject to redemption, at the option of the County, on or after October 1, 2025\*, as a whole or in part at any time, in any order of maturities, after at least 20 days’ notice, at a redemption price equal to the principal amount thereof, plus accrued interest thereon to the date fixed for redemption.

\* Preliminary, subject to change.

### *Mandatory Sinking Fund Redemption*

If two or more consecutive serial maturities are designated as a term bond, as provided below in “Bid Specifications”, such term bond shall be subject to mandatory redemption in each year on the principal payment date and in the entire amount of each serial maturity designated for inclusion in such term bond.

### *Electronic Bids*

Notice is hereby given that proposals will be received via BiDCOMP/Parity Competitive Bidding System, in the manner described below, until 10:30 a.m., local Baltimore, Maryland time, on Wednesday, March 30, 2016, but no bid will be received after the time for receiving bids specified above.

All prospective bidders must be contracted customers of BiDCOMP/Parity Competitive Bidding System. If you do not have a contract with BiDCOMP, call (212) 849-5021 to become a customer. By submitting a bid for the Bonds, a prospective bidder represents and warrants to the County that such bidder’s bid for the purchase of the Bonds (if a bid is submitted in connection with the sale) is submitted for and on behalf of such prospective bidder by an officer or agent who is duly authorized to bind the prospective bidder to a legal, valid and enforceable contract for the purchase of the Bonds.

If any provisions of this Notice of Sale shall conflict with information provided by BiDCOMP/Parity as approved provider of electronic bidding services, this Notice of Sale shall control. Further information about BiDCOMP/Parity, including any fee charged, may be obtained from BiDCOMP/Parity at (212) 849-5021.

### *Disclaimer*

Each prospective bidder shall be solely responsible to register to bid via BiDCOMP/Parity. Each qualified prospective bidder shall be solely responsible to make necessary arrangements to access BiDCOMP/Parity for purposes of submitting its bid in a timely manner and in compliance with the requirements of this Notice of Sale. Neither the County nor BiDCOMP/Parity shall have any duty or obligation to undertake such registration to bid for any prospective bidder or to provide or assure such access to any qualified prospective bidder, and neither the County nor BiDCOMP/Parity shall be responsible for a bidder’s failure to register to bid or for proper operation of, or have any liability for any delays or interruptions of, or any damages caused by BiDCOMP/Parity. The County is using BiDCOMP/Parity as a communication mechanism, and not as the County’s agent, to conduct the electronic bidding for the Bonds. The County is not bound by any advice and determination of BiDCOMP/Parity to the effect that any particular bid complies with the terms of this Notice of Sale and in particular the “Bid Specifications” hereinafter set forth. All costs and expenses incurred by prospective bidders in connection with their registration and submission of bids via BiDCOMP/Parity are the sole responsibility of the bidders; and the County is not responsible, directly or indirectly, for any such costs or expenses. If a prospective bidder encounters any difficulty in registering to bid or submitting, modifying or withdrawing a bid for the Bonds, it should telephone BiDCOMP/Parity and notify the County’s Financial Advisor, Public Resources Advisory Group, by facsimile at (212) 566-7816.

### *Bidding Procedures*

Bids must be submitted for the purchase of the Bonds (all or none) via BiDCOMP/Parity. Bids will be communicated electronically to the County at 10:30 a.m., local Baltimore, Maryland time, on Wednesday, March 30, 2016. Prior to that time, a prospective bidder may input and save proposed terms of its bid in BiDCOMP. Once the final bid has been saved in BiDCOMP, the bidder may select the final bid button in BiDCOMP to submit the bid to BiDCOMP/Parity. Once the bids are communicated electronically via BiDCOMP/Parity to the County, each bid will constitute an irrevocable offer to

purchase the Bonds on the terms therein provided. For purposes of the bidding process, the time as maintained on BiDCOMP shall constitute the official time. For information purposes only, bidders are requested to state in their bids the true interest cost to the County, as described under “Award of Bonds” below, represented by the rate or rates of interest and the bid price specified in their respective bids.

No bids will be accepted in written form, by facsimile transmission or in any other medium or on any system other than by via BiDCOMP. No bid will be received after the time for receiving such bids specified above.

#### *Good Faith Deposit*

A good faith deposit in the amount of \$1,397,800\* (the “Deposit”) is required in connection with the sale and bid for the Bonds. The Deposit shall be provided for by a federal funds wire transfer to be submitted to the County by the successful bidder not later than 4:00 p.m. (local Baltimore, Maryland time) on the date of sale (the “Wire Transfer Deadline”) as set forth below. The Deposit of the successful bidder will be collected and the proceeds thereof retained by the County to be applied in partial payment for the Bonds and no interest will be allowed or paid upon the amount thereof, but in the event the successful bidder shall fail to comply with the terms of the respective bid, the proceeds thereof will be retained as and for full liquidated damages.

The County will distribute wiring instructions for the Deposit to the successful bidder upon verification of the bids submitted by the bidders and prior to the Wire Transfer Deadline. If the Deposit is not received by the Wire Transfer Deadline, the award of the sale of the Bonds to the successful bidder may be cancelled by the County in its discretion without any financial liability of the County to the successful bidder or any limitation whatsoever on the County’s right to sell the Bonds to a different purchaser upon such terms and conditions as the County shall deem appropriate.

#### *Bid Specifications*

Bidders shall state in their proposals a price for the Bonds that is not less than 100% of the aggregate par value of the Bonds. Bidders shall also state in their proposals the rate or rates of interest to be paid on all the Bonds, on which rate or rates their proposals are based and submitted. The rates so named must be in multiples of  $\frac{1}{8}$  or  $\frac{1}{20}$  of 1% and may not exceed 5.0% for any single maturity provided, however, that the rate of interest on each series of Bonds maturing in the years 2026 to 2045 shall be 5% per annum. Each bidder must specify in its bid a single interest rate for each maturity of the Consolidated General Improvements Bonds and a single interest rate for each maturity of the Consolidated Water and Sewer Bonds. A zero rate cannot be named for any maturity. The minimum reoffering price of any single maturity shall not be less than 97% of par value of such maturity. Bidders may designate in their proposal two or more consecutive annual principal payments as a term bond, in either the Consolidated General Improvements Bonds or Consolidated Water and Sewer Bonds, which matures on the maturity date of the last annual principal payment of the sequence. Any term bond so designated shall be subject to mandatory sinking fund redemption in each year on the principal payment date and in the entire principal amount for each annual principal payment designated for inclusion in such term bond. There is no limitation on the number of term bonds in either the Consolidated General Improvements Bonds or Consolidated Water and Sewer Bonds.

\* Preliminary, subject to change.

*Procedures for Principal Amount Changes and Other Changes to Notice of Sale*

The preliminary aggregate principal amount of the Bonds and the preliminary principal amount of each annual payment on the Bonds as set forth in this Notice of Sale (the “Preliminary Aggregate Principal Amount” and the “Preliminary Annual Principal Amount”, respectively; collectively the “Preliminary Amounts”) may be revised before the receipt and opening of the bids for their purchase. **ANY SUCH REVISIONS** (the “Revised Aggregate Principal Amount” and the “Revised Annual Principal Amount”, respectively; collectively, the “Revised Amounts”) **WILL BE PUBLISHED ON THOMPSON MUNICIPAL MARKET MONITOR (“TM3”) ([www.tm3.com](http://www.tm3.com)) NOT LATER THAN 9:30 A.M. (LOCAL BALTIMORE, MARYLAND TIME) ON THE ANNOUNCED DATE FOR RECEIPT OF BIDS.** In the event that no such revisions are made, the Preliminary Amounts will constitute the Revised Amounts. Bidders shall submit bids based on the Revised Amounts and the Revised Amounts will be used to compare bids and select a winning bidder.

*Award of Bonds*

As promptly as reasonably possible after the bids are received, the Designated Officer will notify the bidder to whom the Bonds will be awarded, if and when such award is made, and such bidder, upon such notice, shall advise the Designated Officer of the initial reoffering prices to the public of each maturity of the Bonds (the “Initial Reoffering Prices”). Such Initial Reoffering Prices, among other things, will be used by the County to calculate the final aggregate principal amount of the Bonds and the final principal amount of each annual payment on the Bonds (the “Final Aggregate Principal Amount” and the “Final Annual Principal Amount”, respectively; collectively, the “Final Amounts”). In determining the Final Amounts, the County expects that the Revised Amounts will be changed as necessary to effect the greatest economic advantage, or to accommodate other objectives of the County, but the County will not reduce or increase the Revised Aggregate Principal Amount by more than 10% from the amount bid upon. **THE SUCCESSFUL BIDDER MAY NOT WITHDRAW ITS BID OR CHANGE THE INTEREST RATES BID OR THE INITIAL REOFFERING PRICES AS A RESULT OF ANY CHANGES MADE TO THE REVISED AMOUNTS WITHIN THESE LIMITS.** The dollar amount bid by the successful bidder will be adjusted to reflect any adjustments in the aggregate principal amount of the Bonds. Such adjusted bid price will reflect changes in the dollar amount of the underwriter’s discount and original issue discount/premium, if any, but will not change the underwriter’s discount per \$1,000 of par amount of bonds from the underwriter’s discount that would have been received based on the purchase price in the winning bid and the initial public offering prices. The interest rates specified by the successful bidder for each maturity of each series in its bid for the Bonds will not change. **ALL BIDS SHALL REMAIN FIRM FOR FIVE (5) HOURS AFTER THE TIME SPECIFIED FOR THE OPENING OF THE BIDS.** An award of the Bonds, if made, will be made by the Designated Officer within such five (5) hour period of time. The Final Amounts will be communicated to the successful bidder as soon as possible, but not later than 3:00 p.m. the day after awarding the Bonds.

The award, if made, will be made as promptly as possible after the bids are opened to the bidder naming the lowest true interest cost for all the Bonds in any legally acceptable proposal. The lowest true interest cost will be determined with respect to each proposal by doubling the semiannual interest rate, compounded semiannually, necessary to discount the debt service payments to the date of the Bonds and to the price bid. Each bidder shall include in its bid a statement of the true interest cost offered in its bid, but this statement shall not be deemed to be part of the bid. Where the proposals of two or more bidders result in the same lowest true interest cost, the Bonds may be apportioned between such bidders, but if this shall not be acceptable to the County, the Designated Officer shall have the right to award all of such bonds to one bidder. **THE RIGHT IS RESERVED TO THE DESIGNATED OFFICER TO REJECT ANY OR ALL PROPOSALS AND TO WAIVE ANY IRREGULARITIES IN ANY OF THE PROPOSALS.** The judgment of the Designated Officer shall be final and binding upon all bidders with respect to the form and adequacy of any proposal received and as to its conformity to the terms of

this Notice of Sale. **THE SUCCESSFUL BIDDER SHALL MAKE A BONA FIDE PUBLIC OFFERING OF THE BONDS OF EACH SERIES AT THE INITIAL REOFFERING PRICES AND SHALL PROVIDE THE RELATED CERTIFICATION DESCRIBED BELOW. THE SUCCESSFUL BIDDER MUST REASONABLY EXPECT TO SELL TO THE PUBLIC 10% OR MORE IN PAR AMOUNT OF THE BONDS FROM EACH MATURITY OF EACH SERIES AT THE INITIAL REOFFERING PRICES.**

#### *Legal Opinions*

The Bonds of each series described above will be issued and sold subject to approval as to legality by McKennon Shelton & Henn LLP of Baltimore, Maryland, Bond Counsel. Copies of the approving opinions of McKennon Shelton & Henn LLP will be delivered, upon request, to the purchaser or purchasers of the Bonds, without charge. Such opinions shall be substantially in the form included in Appendix C to the Preliminary Official Statement referred to below.

#### *Continuing Disclosure*

In order to assist bidders in complying with SEC Rule 15c2-12(b)(5), the County will execute and deliver a continuing disclosure agreement on or before the date of issuance of the Bonds pursuant to which it will undertake to provide or cause to be provided certain information annually and notices of certain events. A form of this agreement is set forth in the Preliminary Official Statement and will also be set forth in the Official Statement.

#### *Delivery of the Bonds*

When delivered, one bond representing each maturity of each series of bonds shall be duly executed and authenticated and registered in the name of Cede & Co., as nominee of DTC, as registered owner of bonds.

CUSIP identification numbers will be applied for by the successful bidder with respect to the Bonds, but the County will assume no obligation for the assignment or printing of such numbers on the Bonds or the correctness of such numbers, and neither the failure to print such numbers on any Bond nor any error with respect thereto shall constitute cause for a failure or refusal by the successful bidder to accept delivery of and pay for the Bonds in accordance with the terms of this Notice of Sale. **THE CONSOLIDATED GENERAL IMPROVEMENTS BONDS AND THE CONSOLIDATED WATER AND SEWER BONDS WILL REQUIRE A SEPARATE SERIES OF CUSIP NUMBERS.**

Not later than seven business days after the date of sale, the County will deliver to the successful bidder an Official Statement, which is expected to be substantially in the form of the Preliminary Official Statement referred to below. If so requested by the purchaser or purchasers at or before the close of business on the date of the sale, the County will include in the Official Statement such pricing and other information with respect to the terms of the reoffering of the Bonds by the successful bidder (“Reoffering Information”), if any, as may be specified and furnished in writing by such bidder. If no Reoffering Information is specified and furnished by the successful bidder, the Official Statement will include the interest rates on the Bonds resulting from the bid of the successful bidder and the other statements with respect to reoffering contained in the Preliminary Official Statement. The successful bidder shall be responsible to the County and its officials for the Reoffering Information, and for all decisions made by such bidder with respect to the use or omission of the Reoffering Information in any reoffering of the bonds, including the presentation or exclusion of any Reoffering Information in any documents, including the Official Statement. The successful bidder will also be furnished, without cost, with copies of the Official Statement (and any amendments or supplements thereto) in such quantities as shall reasonably be requested by the successful bidder to allow the successful bidder to comply with the application rules of the Municipal Securities Rulemaking Board.

Delivery of the Bonds, without expense, will be made by the Designated Officer to DTC on or about April 13, 2016, or as soon as practicable thereafter, and, thereupon, the purchaser or purchasers will be required to accept delivery of the Bonds purchased and pay, in Federal funds, the balance of the purchase price due. Such bonds will be accompanied by the customary closing documents, including a no-litigation certificate, effective as of the date of delivery, stating that there is no litigation pending affecting the validity of the bonds in this issue. It shall be a condition to the obligation of such purchaser or purchasers to accept delivery of and pay for the bonds that, simultaneously with or before delivery and payment for the bonds, such purchaser or purchasers shall be furnished a certificate or certificates of authorized officers of the County to the effect that, to the best of their knowledge and belief, the Official Statement and any amendment or supplement thereto (except for the Reoffering Information provided by the purchaser and information regarding DTC and DTC's book-entry system provided by DTC, as to which no view will be expressed), as of the date of sale and as of the date of delivery of the bonds, does not contain any untrue statement of a material fact and does not omit to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, and that between the date of sale and the date of delivery of the bonds there has been no material adverse change in the financial position or revenues of the County, except as reflected or contemplated in the Official Statement.

**SIMULTANEOUSLY WITH OR BEFORE DELIVERY OF THE BONDS, THE SUCCESSFUL BIDDER SHALL FURNISH TO THE COUNTY A CERTIFICATE ACCEPTABLE TO BOND COUNSEL TO THE EFFECT THAT (I) THE SUCCESSFUL BIDDER HAS MADE A BONA FIDE PUBLIC OFFERING OF THE BONDS OF EACH SERIES AT THE INITIAL REOFFERING PRICES, (II) AS OF THE DATE OF THE SALE OF BONDS, THE SUCCESSFUL BIDDER REASONABLY EXPECTED TO SELL A SUBSTANTIAL AMOUNT OF THE BONDS OF EACH SERIES TO THE PUBLIC (EXCLUDING BOND HOUSES, BROKERS AND OTHER INTERMEDIARIES) AT THEIR RESPECTIVE INITIAL REOFFERING PRICES, AND (III) A SUBSTANTIAL AMOUNT OF THE BONDS OF EACH SERIES WAS SOLD TO THE PUBLIC (EXCLUDING BOND HOUSES, BROKERS AND OTHER INTERMEDIARIES) AT THEIR RESPECTIVE INITIAL REOFFERING PRICES OR SUCH OTHER FACTS REGARDING THE ACTUAL SALE OF THE BONDS AS BOND COUNSEL SHALL REQUEST, AS DESCRIBED BELOW.** Bond Counsel advises that (i) such certificate must be made on the best knowledge, information and belief of the successful bidder, (ii) the sale to the public of 10% or more in par amount of the bonds of each maturity of each series at the initial reoffering prices would be sufficient to certify as to the sale of a substantial amount of the bonds, and (iii) reliance on other facts as a basis for such certification would require evaluation by Bond Counsel to assure compliance with the statutory requirement to avoid the establishment of an artificial price for the Bonds.

#### *Postponement of Sale*

The County reserves the right to postpone the date established for the receipt of bids at any time before the bids are open. In the event of a postponement, the new date and time of sale will be announced on TM3. Prospective bidders may request notification by facsimile transmission of any such changes in the date or time for the receipt of bids by so advising, and furnishing their telecopier numbers to Public Resources Advisory Group at (212) 566-7800 by 12 Noon, Baltimore, Maryland time, on the day prior to the announced date for receipt of bids. Any new date and time of sale will be announced at least 24 hours prior to the time proposals are to be submitted. On any such alternative sale date, bidders may submit bids for the purchase of the Bonds in conformity with the provisions of this Notice of Sale, except for any changes to this Notice of Sale, the change of the date of sale and the changes described in the next sentence. If the date fixed for receipt of bids is postponed, the expected date of delivery of Bonds also may be postponed; if the sale is postponed to a later date, then the date of the Bonds, the dates of the semiannual interest payments and annual principal payments, and the optional redemption dates also may

be changed. Such changes, if any, will be announced via TM3 at the time any alternative sale date is announced.

The Preliminary Official Statement, together with this Notice of Sale, may be obtained from the Office of Finance, Anne Arundel County, Arundel Center, 44 Calvert Street, Annapolis, Maryland 21404 (410-222-1781) or from the County's financial advisor, Public Resources Advisory Group, 39 Broadway, 12<sup>th</sup> Floor, New York, New York 10006 (212-566-7800). Such Preliminary Official Statement is deemed final by the County as of its date for purposes of SEC Rule 15c2-12, but is subject to revision, amendment and completion in the Official Statement referred to above.

ANNE ARUNDEL COUNTY, MARYLAND

County Executive

# ANNE ARUNDEL COUNTY, MARYLAND

## NOTICE OF SALE OF

**\$145,350,000\***

## GENERAL OBLIGATION BONDS

Consisting of

**\$70,845,000\* Consolidated General Improvements Series, 2016 Refunding Series**

**\$74,505,000\* Consolidated Water and Sewer Series, 2016 Refunding Series**

**Dated Date of Delivery**

ELECTRONIC BIDS, via BiDCOMP/PARITY Competitive Bidding System (BiDCOMP/Parity) only, will be received until **11:00 A.M., LOCAL BALTIMORE, MARYLAND, TIME ON MARCH 30, 2016**, by the Chief Administrative Officer of Anne Arundel County, Maryland (the “County”), or other officer of the County designated by the County Executive of the County (the “County Executive”) (either such officer being the “Designated Officer”), for the purchase of the above described general obligation bonds of the County, aggregating \$145,350,000\*, all dated the date of delivery, and bearing interest payable October 1, 2016, and semiannually thereafter on each April 1 and October 1 until maturity or prior redemption as hereinafter set forth.

The Consolidated General Improvements Series, 2016 Refunding Series (the “Consolidated General Improvements Refunding Bonds”) and the Consolidated Water and Sewer Series, 2016 Refunding Series (the “Consolidated Water and Sewer Refunding Bonds”) and together with the Consolidated General Improvements Refunding Bonds, the “Bonds”) will mature, subject to prior redemption as hereinafter set forth, on October 1 in the following years and in the following aggregate amounts, subject to aggregation of two or more consecutive serial maturities as a term bond, as provided below in “Bid Specifications”:

<u>Years of Maturity</u>	<u>Consolidated General Improvements Refunding Bonds*</u>	<u>Consolidated Water and Sewer Refunding Bonds*</u>	<u>Years of Maturity</u>	<u>Consolidated General Improvements Refunding Bonds*</u>	<u>Consolidated Water and Sewer Refunding Bonds*</u>
2016	\$12,785,000	\$6,980,000	2027	\$1,515,000	\$4,490,000
2017	14,650,000	7,185,000	2028	-	3,215,000
2018	8,550,000	4,420,000	2029	-	3,180,000
2019	8,355,000	4,945,000	2030	-	3,140,000
2020	6,290,000	4,825,000	2031	-	2,300,000
2021	6,270,000	4,815,000	2032	-	1,415,000
2022	2,605,000	4,795,000	2033	-	1,375,000
2023	2,570,000	3,840,000	2034	-	485,000
2024	2,540,000	3,805,000	2035	-	450,000
2025	2,500,000	4,645,000			
2026	2,215,000	4,200,000			

The Bonds shall be issued only in fully registered form without coupons. One bond representing each maturity of each series will be issued to and registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York (“DTC”), as registered owner of the Bonds and each such Bond shall be immobilized in the custody of DTC. DTC will act as securities depository for the

\* Preliminary, subject to change.

Bonds. Individual purchases will be made in book-entry form only, in the principal amount of \$5,000 or any integral multiple thereof. Purchasers will not receive physical delivery of certificates representing their interest in the Bonds purchased. The winning bidder of the Bonds, as a condition to delivery of the Bonds, will be required to deposit the bond certificates representing each maturity of each series with DTC.

### *General Information*

The Bonds are authorized by Sections 10-203 and 19-207, respectively, of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2015 Supplement, the Charter of Anne Arundel County, Maryland (the “County Charter”), and Bill No. 80-15, passed by the County Council of the County on September 21, 2015, approved by the County Executive on September 22, 2015, and effective on November 6, 2015 (as amended and supplemented, the “Authorizing Ordinance”).

The proceeds of the Consolidated General Improvements Refunding Bonds will be used to refund certain bonds of the Anne Arundel County Consolidated General Improvements Series. The proceeds of the Consolidated Water and Sewer Refunding Bonds will be used to refund certain bonds of the Anne Arundel County Consolidated Water and Sewer Series. The full faith and credit and taxing power of the County are pledged to the payment of the Bonds and of the interest to accrue thereon. Such taxing power is subject, however, to the limitation set forth in Section 710(d) of the County Charter which provides, in part that “[f]rom and after July 1, 1993, revenues derived from taxes on properties existing on the County property tax rolls at the commencement of the County fiscal year shall not increase, compared with the previous year, more than the Consumer Price Index percentage of change, or 4.5 percent, whichever is the lesser.”

The sources of revenue for the payment of the principal of and interest on the Bonds are as described herein. The Consolidated General Improvements Refunding Bonds are payable from annual appropriations of the proceeds of ad valorem taxes which the County is empowered to levy on real and personal property and certain intangible personal property subject to assessment for County taxation subject to the limitations set forth in Section 710(d) of the County Charter. The Consolidated Water and Sewer Refunding Bonds are payable from such appropriations in the event of any deficiency in their primary sources of payment. The primary sources of payment for the Consolidated Water and Sewer Refunding Bonds are the net revenues of the projects for which such bonds are to be issued, or the utilities of which they are a part, for the use and benefit of which the County has covenanted to fix and collect rates, charges and assessments sufficient to pay the costs of operation, maintenance and debt service.

### *Optional Redemption*

The Bonds of each series maturing on or after October 1, 2026\*, are subject to redemption, at the option of the County, on or after October 1, 2025\*, as a whole or in part at any time, in any order of maturities, after at least 20 days’ notice, at a redemption price equal to the principal amount thereof, plus accrued interest thereon to the date fixed for redemption.

### *Mandatory Sinking Fund Redemption*

If two or more consecutive serial maturities are designated as a term bond, as provided below in

\* Preliminary, subject to change.

“Bid Specifications”, such term bond shall be subject to mandatory redemption in each year on the principal payment date and in the entire amount of each serial maturity designated for inclusion in such term bond.

#### *Electronic Bids*

Notice is hereby given that proposals will be received via BiDCOMP/Parity Competitive Bidding System, in the manner described below, until 11:00 a.m., local Baltimore, Maryland time, on Wednesday, March 30, 2016, but no bid will be received after the time for receiving bids specified above.

All prospective bidders must be contracted customers of BiDCOMP/Parity Competitive Bidding System. If you do not have a contract with BiDCOMP, call (212) 849-5021 to become a customer. By submitting a bid for the Bonds, a prospective bidder represents and warrants to the County that such bidder's bid for the purchase of the Bonds (if a bid is submitted in connection with the sale) is submitted for and on behalf of such prospective bidder by an officer or agent who is duly authorized to bind the prospective bidder to a legal, valid and enforceable contract for the purchase of the Bonds.

If any provisions of this Notice of Sale shall conflict with information provided by BiDCOMP/Parity as approved provider of electronic bidding services, this Notice of Sale shall control. Further information about BiDCOMP/Parity, including any fee charged, may be obtained from BiDCOMP/Parity at (212) 849-5021.

#### *Disclaimer*

Each prospective bidder shall be solely responsible to register to bid via BiDCOMP/Parity. Each qualified prospective bidder shall be solely responsible to make necessary arrangements to access BiDCOMP/Parity for purposes of submitting its bid in a timely manner and in compliance with the requirements of this Notice of Sale. Neither the County nor BiDCOMP/Parity shall have any duty or obligation to undertake such registration to bid for any prospective bidder or to provide or assure such access to any qualified prospective bidder, and neither the County nor BiDCOMP/Parity shall be responsible for a bidder's failure to register to bid or for proper operation of, or have any liability for any delays or interruptions of, or any damages caused by BiDCOMP/Parity. The County is using BiDCOMP/Parity as a communication mechanism, and not as the County's agent, to conduct the electronic bidding for the Bonds. The County is not bound by any advice and determination of BiDCOMP/Parity to the effect that any particular bid complies with the terms of this Notice of Sale and in particular the “Bid Specifications” hereinafter set forth. All costs and expenses incurred by prospective bidders in connection with their registration and submission of bids via BiDCOMP/Parity are the sole responsibility of the bidders; and the County is not responsible, directly or indirectly, for any such costs or expenses. If a prospective bidder encounters any difficulty in registering to bid or submitting, modifying or withdrawing a bid for the Bonds, it should telephone BiDCOMP/Parity and notify the County's Financial Advisor, Public Resources Advisory Group, by facsimile at (212) 566-7816.

#### *Bidding Procedures*

Bids must be submitted for the purchase of the Bonds (all or none) via BiDCOMP/Parity. Bids will be communicated electronically to the County at 11:00 a.m., local Baltimore, Maryland time, on Wednesday, March 30, 2016. Prior to that time, a prospective bidder may input and save proposed terms of its bid in BiDCOMP. Once the final bid has been saved in BiDCOMP, the bidder may select the final bid button in BiDCOMP to submit the bid to BiDCOMP/Parity. Once the bids are communicated electronically via BiDCOMP/Parity to the County, each bid will constitute an irrevocable offer to purchase the Bonds on the terms therein provided. For purposes of the bidding process, the time as maintained on BiDCOMP shall constitute the official time. For information purposes only, bidders are

requested to state in their bids the true interest cost to the County, as described under “Award of Bonds” below, represented by the rate or rates of interest and the bid price specified in their respective bids.

No bids will be accepted in written form, by facsimile transmission or in any other medium or on any system other than by via BiDCOMP. No bid will be received after the time for receiving such bids specified above.

#### *Good Faith Deposit*

A good faith deposit in the amount of \$1,453,500\* (the “Deposit”) is required in connection with the sale and bid for the Bonds. The Deposit shall be provided for by a federal funds wire transfer to be submitted to the County by the successful bidder not later than 4:00 p.m. (local Baltimore, Maryland time) on the date of sale (the “Wire Transfer Deadline”) as set forth below. The Deposit of the successful bidder will be collected and the proceeds thereof retained by the County to be applied in partial payment for the Bonds and no interest will be allowed or paid upon the amount thereof, but in the event the successful bidder shall fail to comply with the terms of the respective bid, the proceeds thereof will be retained as and for full liquidated damages.

The County will distribute wiring instructions for the Deposit to the successful bidder upon verification of the bids submitted by the bidders and prior to the Wire Transfer Deadline. If the Deposit is not received by the Wire Transfer Deadline, the award of the sale of the Bonds to the successful bidder may be cancelled by the County in its discretion without any financial liability of the County to the successful bidder or any limitation whatsoever on the County’s right to sell the Bonds to a different purchaser upon such terms and conditions as the County shall deem appropriate.

#### *Bid Specifications*

Bidders shall state in their proposals a price for the Bonds that is not less than 100% of the aggregate par value of the Bonds. Bidders shall also state in their proposals the rate or rates of interest to be paid on all the Bonds, on which rate or rates their proposals are based and submitted. The rates so named must be in multiples of  $\frac{1}{8}$  or  $\frac{1}{20}$  of 1% and may not exceed 5.0% for any single maturity. Each bidder must specify in its bid a single interest rate for each maturity of the Consolidated General Improvements Refunding Bonds and a single interest rate for each maturity of the Consolidated Water and Sewer Refunding Bonds. A zero rate cannot be named for any maturity. The minimum reoffering price of any single maturity shall not be less than 97% of par value of such maturity. Bidders may designate in their proposal two or more consecutive annual principal payments as a term bond, in either the Consolidated General Improvements Refunding Bonds or the Consolidated Water and Sewer Refunding Bonds, which matures on the maturity date of the last annual principal payment of the sequence. Any term bond so designated shall be subject to mandatory sinking fund redemption in each year on the principal payment date and in the entire principal amount for each annual principal payment designated for inclusion in such term bond. There is no limitation on the number of term bonds in either the Consolidated General Improvements Refunding Bonds or Consolidated Water and Sewer Refunding Bonds.

#### *Procedures for Principal Amount Changes and Other Changes to Notice of Sale*

The preliminary aggregate principal amount of the Bonds and the preliminary principal amount of each annual payment on the Bonds as set forth in this Notice of Sale (the “Preliminary Aggregate Principal

*\*Preliminary, subject to change.*

Amount” and the “Preliminary Annual Principal Amount”, respectively; collectively the “Preliminary Amounts”) may be revised before the receipt and opening of the bids for their purchase.

**ANY SUCH REVISIONS** (the “Revised Aggregate Principal Amount” and the “Revised Annual Principal Amount”, respectively; collectively, the “Revised Amounts”) **WILL BE PUBLISHED ON THOMPSON MUNICIPAL MARKET MONITOR (“TM3”) ([www.tm3.com](http://www.tm3.com)) NOT LATER THAN 9:30 A.M. (LOCAL BALTIMORE, MARYLAND TIME) ON THE ANNOUNCED DATE FOR RECEIPT OF BIDS.** In the event that no such revisions are made, the Preliminary Amounts will constitute the Revised Amounts. Bidders shall submit bids based on the Revised Amounts and the Revised Amounts will be used to compare bids and select a winning bidder.

*Award of Bonds*

As promptly as reasonably possible after the bids are received, the Designated Officer will notify the bidder to whom the Bonds will be awarded, if and when such award is made, and such bidder, upon such notice, shall advise the Designated Officer of the initial reoffering prices to the public of each maturity of the Bonds (the “Initial Reoffering Prices”). Such Initial Reoffering Prices, among other things, will be used by the County to calculate the final aggregate principal amount of the Bonds and the final principal amount of each annual payment on the Bonds (the “Final Aggregate Principal Amount” and the “Final Annual Principal Amount”, respectively; collectively, the “Final Amounts”). In determining the Final Amounts, the County expects that the Revised Amounts will be changed as necessary to effect the greatest economic advantage, or to accommodate other objectives of the County, but the County will not reduce or increase the Revised Aggregate Principal Amount by more than 10% from the amount bid upon. **THE SUCCESSFUL BIDDER MAY NOT WITHDRAW ITS BID OR CHANGE THE INTEREST RATES BID OR THE INITIAL REOFFERING PRICES AS A RESULT OF ANY CHANGES MADE TO THE REVISED AMOUNTS WITHIN THESE LIMITS.** The dollar amount bid by the successful bidder will be adjusted to reflect any adjustments in the aggregate principal amount of the Bonds. Such adjusted bid price will reflect changes in the dollar amount of the underwriter’s discount and original issue discount/premium, if any, but will not change the underwriter’s discount per \$1,000 of par amount of bonds from the underwriter’s discount that would have been received based on the purchase price in the winning bid and the initial public offering prices. The interest rates specified by the successful bidder for each maturity of each series in its bid for the Bonds will not change. **ALL BIDS SHALL REMAIN FIRM FOR FIVE (5) HOURS AFTER THE TIME SPECIFIED FOR THE OPENING OF THE BIDS.** An award of the Bonds, if made, will be made by the Designated Officer within such five (5) hour period of time. The Final Amounts will be communicated to the successful bidder as soon as possible, but not later than 3:00 p.m. the day after awarding the Bonds.

The award, if made, will be made as promptly as possible after the bids are opened to the bidder naming the lowest true interest cost for all the Bonds in any legally acceptable proposal. The lowest true interest cost will be determined with respect to each proposal by doubling the semiannual interest rate, compounded semiannually, necessary to discount the debt service payments to the date of the Bonds and to the price bid. Each bidder shall include in its bid a statement of the true interest cost offered in its bid, but this statement shall not be deemed to be part of the bid. Where the proposals of two or more bidders result in the same lowest true interest cost, the Bonds may be apportioned between such bidders, but if this shall not be acceptable to the County, the Designated Officer shall have the right to award all of such bonds to one bidder. **THE RIGHT IS RESERVED TO THE DESIGNATED OFFICER TO REJECT ANY OR ALL PROPOSALS AND TO WAIVE ANY IRREGULARITIES IN ANY OF THE PROPOSALS.** The judgment of the Designated Officer shall be final and binding upon all bidders with respect to the form and adequacy of any proposal received and as to its conformity to the terms of this Notice of Sale. **THE SUCCESSFUL BIDDER SHALL MAKE A BONA FIDE PUBLIC OFFERING OF THE BONDS OF EACH SERIES AT THE INITIAL REOFFERING PRICES AND SHALL PROVIDE THE RELATED CERTIFICATION DESCRIBED BELOW. THE**

**SUCCESSFUL BIDDER MUST REASONABLY EXPECT TO SELL TO THE PUBLIC 10% OR MORE IN PAR AMOUNT OF THE BONDS FROM EACH MATURITY OF EACH SERIES AT THE INITIAL REOFFERING PRICES.**

*Legal Opinions; Verification*

The Bonds of each series described above will be issued and sold subject to (i) approval as to legality by McKennon Shelton & Henn LLP of Baltimore, Maryland, Bond Counsel and (ii) examination by Samuel Klein and Company, Certified Public Accountants of the arithmetical accuracy of certain computations related to escrow deposits, arbitrage yield, and compliance and satisfaction of savings requirements set forth in the Authorizing Ordinance. Copies of the approving opinions of McKennon Shelton & Henn LLP will be delivered, upon request, to the purchaser or purchasers of the Bonds, without charge. Such opinions shall be substantially in the form included in Appendix C to the Preliminary Official Statement referred to below.

*Continuing Disclosure*

In order to assist bidders in complying with SEC Rule 15c2-12(b)(5), the County will execute and deliver a continuing disclosure agreement on or before the date of issuance of the Bonds pursuant to which it will undertake to provide or cause to be provided certain information annually and notices of certain events. A form of this agreement is set forth in the Preliminary Official Statement and will also be set forth in the Official Statement.

*Delivery of the Bonds*

When delivered, one bond representing each maturity of each series of bonds shall be duly executed and authenticated and registered in the name of Cede & Co., as nominee of DTC, as registered owner of bonds.

CUSIP identification numbers will be applied for by the successful bidder with respect to the Bonds, but the County will assume no obligation for the assignment or printing of such numbers on the Bonds or the correctness of such numbers, and neither the failure to print such numbers on any Bond nor any error with respect thereto shall constitute cause for a failure or refusal by the successful bidder to accept delivery of and pay for the Bonds in accordance with the terms of this Notice of Sale. **THE CONSOLIDATED GENERAL IMPROVEMENTS REFUNDING BONDS AND THE CONSOLIDATED WATER AND SEWER REFUNDING BONDS WILL REQUIRE A SEPARATE SERIES OF CUSIP NUMBERS.**

Not later than seven business days after the date of sale, the County will deliver to the successful bidder an Official Statement, which is expected to be substantially in the form of the Preliminary Official Statement referred to below. If so requested by the purchaser or purchasers at or before the close of business on the date of the sale, the County will include in the Official Statement such pricing and other information with respect to the terms of the reoffering of the Bonds by the successful bidder (“Reoffering Information”), if any, as may be specified and furnished in writing by such bidder. If no Reoffering Information is specified and furnished by the successful bidder, the Official Statement will include the interest rates on the Bonds resulting from the bid of the successful bidder and the other statements with respect to reoffering contained in the Preliminary Official Statement. The successful bidder shall be responsible to the County and its officials for the Reoffering Information, and for all decisions made by such bidder with respect to the use or omission of the Reoffering Information in any reoffering of the bonds, including the presentation or exclusion of any Reoffering Information in any documents, including the Official Statement. The successful bidder will also be furnished, without cost, with copies of the Official Statement (and any amendments or supplements thereto) in such quantities as shall reasonably be

requested by the successful bidder to allow the successful bidder to comply with the application rules of the Municipal Securities Rulemaking Board.

Delivery of the Bonds, without expense, will be made by the Designated Officer to DTC on or about April 13, 2016, or as soon as practicable thereafter, and, thereupon, the purchaser or purchasers will be required to accept delivery of the Bonds purchased and pay, in Federal funds, the balance of the purchase price due. Such bonds will be accompanied by the customary closing documents, including a no-litigation certificate, effective as of the date of delivery, stating that there is no litigation pending affecting the validity of the bonds in this issue. It shall be a condition to the obligation of such purchaser or purchasers to accept delivery of and pay for the bonds that, simultaneously with or before delivery and payment for the bonds, such purchaser or purchasers shall be furnished a certificate or certificates of authorized officers of the County to the effect that, to the best of their knowledge and belief, the Official Statement and any amendment or supplement thereto (except for the Reoffering Information provided by the purchaser and information regarding DTC and DTC's book-entry system provided by DTC, as to which no view will be expressed), as of the date of sale and as of the date of delivery of the bonds, does not contain any untrue statement of a material fact and does not omit to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, and that between the date of sale and the date of delivery of the bonds there has been no material adverse change in the financial position or revenues of the County, except as reflected or contemplated in the Official Statement.

**SIMULTANEOUSLY WITH OR BEFORE DELIVERY OF THE BONDS, THE SUCCESSFUL BIDDER SHALL FURNISH TO THE COUNTY A CERTIFICATE ACCEPTABLE TO BOND COUNSEL TO THE EFFECT THAT (I) THE SUCCESSFUL BIDDER HAS MADE A BONA FIDE PUBLIC OFFERING OF THE BONDS OF EACH SERIES AT THE INITIAL REOFFERING PRICES, (II) AS OF THE DATE OF THE SALE OF BONDS, THE SUCCESSFUL BIDDER REASONABLY EXPECTED TO SELL A SUBSTANTIAL AMOUNT OF THE BONDS OF EACH SERIES TO THE PUBLIC (EXCLUDING BOND HOUSES, BROKERS AND OTHER INTERMEDIARIES) AT THEIR RESPECTIVE INITIAL REOFFERING PRICES, AND (III) A SUBSTANTIAL AMOUNT OF THE BONDS OF EACH SERIES WAS SOLD TO THE PUBLIC (EXCLUDING BOND HOUSES, BROKERS AND OTHER INTERMEDIARIES) AT THEIR RESPECTIVE INITIAL REOFFERING PRICES OR SUCH OTHER FACTS REGARDING THE ACTUAL SALE OF THE BONDS AS BOND COUNSEL SHALL REQUEST, AS DESCRIBED BELOW.** Bond Counsel advises that (i) such certificate must be made on the best knowledge, information and belief of the successful bidder, (ii) the sale to the public of 10% or more in par amount of the bonds of each maturity of each series at the initial reoffering prices would be sufficient to certify as to the sale of a substantial amount of the bonds, and (iii) reliance on other facts as a basis for such certification would require evaluation by Bond Counsel to assure compliance with the statutory requirement to avoid the establishment of an artificial price for the Bonds.

#### *Postponement of Sale*

The County reserves the right to postpone the date established for the receipt of bids at any time before the bids are open. In the event of a postponement, the new date and time of sale will be announced on TM3. Prospective bidders may request notification by facsimile transmission of any such changes in the date or time for the receipt of bids by so advising, and furnishing their telecopier numbers to Public Resources Advisory Group at (212) 566-7800 by 12 Noon, Baltimore, Maryland time, on the day prior to the announced date for receipt of bids. Any new date and time of sale will be announced at least 24 hours prior to the time proposals are to be submitted. On any such alternative sale date, bidders may submit bids for the purchase of the Bonds in conformity with the provisions of this Notice of Sale, except for any changes to this Notice of Sale, the change of the date of sale and the changes described in the next sentence. If the date fixed for receipt of bids is postponed, the expected date of delivery of Bonds also

may be postponed; if the sale is postponed to a later date, then the date of the Bonds, the dates of the semiannual interest payments and annual principal payments, and the optional redemption dates also may be changed. Such changes, if any, will be announced via TM3 at the time any alternative sale date is announced.

The Preliminary Official Statement, together with this Notice of Sale, may be obtained from the Office of Finance, Anne Arundel County, Arundel Center, 44 Calvert Street, Annapolis, Maryland 21404 (410-222-1781) or from the County's financial advisor, Public Resources Advisory Group, 39 Broadway, 12<sup>th</sup> Floor, New York, New York 10006 (212-566-7800). Such Preliminary Official Statement is deemed final by the County as of its date for purposes of SEC Rule 15c2-12, but is subject to revision, amendment and completion in the Official Statement referred to above.

**FORMS OF OPINIONS OF BOND COUNSEL**

## Consolidated General Improvements Series, 2016

[Closing Date]

County Executive and County Council  
of Anne Arundel County, Maryland  
Annapolis, Maryland

Dear County Executive and Council Members:

We have examined a record of proceedings relating to the issuance by Anne Arundel County, Maryland (the “County”), of \$93,260,000 general obligation bonds designated “Consolidated General Improvements Series, 2016” (the “Bonds”), which are described below.

The Bonds are dated the date of delivery, with interest payable on April 1 and October 1, commencing October 1, 2016; are fully registered in form in the denomination of \$5,000 each or any integral multiple thereof; are issued under the authority of Section 10-203 of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2015 Supplement) (the “Enabling Law”), The Anne Arundel County Charter (the “Charter”) and Bill No. 80-15, passed by the County Council of the County on September 21, 2015, approved by the County Executive of the County on September 22, 2015 and effective on November 6, 2015 (the “Ordinance”); and mature, on October 1 in each of the years 2016 to 2042, inclusive, and in the year 2045, and bear interest as follows:

<u>Years of Maturity</u>	<u>Principal Amount</u>	<u>Interest Rate</u>	<u>Years of Maturity</u>	<u>Principal Amount</u>	<u>Interest Rate</u>
2016	\$3,105,000	5.00%	2030	\$3,110,000	5.00%
2017	3,110,000	5.00	2031	3,110,000	5.00
2018	3,110,000	5.00	2032	3,110,000	5.00
2019	3,110,000	5.00	2033	3,110,000	5.00
2020	3,110,000	5.00	2034	3,110,000	5.00
2021	3,110,000	5.00	2035	3,110,000	5.00
2022	3,110,000	5.00	2036	3,110,000	5.00
2023	3,110,000	5.00	2037	3,110,000	5.00
2024	3,110,000	5.00	2038	3,110,000	5.00
2025	3,110,000	5.00	2039	3,105,000	5.00
2026	3,110,000	5.00	2040	3,105,000	5.00
2027	3,110,000	5.00	2041	3,105,000	5.00
2028	3,110,000	5.00	2042	3,105,000	5.00
2029	3,110,000	5.00			

\$9,315,000 5.00% Term Bonds due October 1, 2045

The Bonds are subject to redemption in the manner and upon the terms and conditions set forth in the Bonds. The Term Bonds maturing on October 1, 2045 are subject to mandatory sinking fund redemption as set forth in the Bonds.

In rendering this opinion, we have relied without investigation on the County's Tax and Section 148 Certificate dated this date made on behalf of the County by officers thereof with respect to certain material facts within the knowledge of the County relevant to the tax-exempt status of interest on the Bonds.

With respect to the executed and authenticated bond of the issue of Bonds that we have examined, and Bonds similarly executed and authenticated and identical thereto in form except for numbers, interest rates, denominations, maturities, and under existing statutes, regulations and decisions, we are of the opinion that:

(a) The County is a validly created and existing body politic and corporate of the State of Maryland, possessing authority under the Enabling Law, the Charter and the Ordinance to issue the Bonds.

(b) The Bonds are valid and legally binding general obligations of the County to which its full faith and credit and taxing power are pledged, and for the payment of which the County is empowered and directed to levy ad valorem taxes upon all real and tangible personal property and certain intangible personal property subject to assessment for County taxation; such tax levy is subject, however, to the limitation set forth in Section 710(d) of the Charter which provides, in part, that "[f]rom and after July 1, 1993, revenues derived from taxes on properties existing on the County property tax rolls at the commencement of the County fiscal year shall not increase, compared with the previous year, more than the Consumer Price Index percentage of change, or by 4.5 percent, whichever is the lesser."

(c) To provide for the payment of the principal of and interest on the Bonds, the County, by the adoption of the Ordinance, has covenanted, subject to said Section 710(d) limitation, to levy such ad valorem taxes in rate and amount sufficient for that purpose in each fiscal year in which provision must be made for the payment of such principal and interest.

(d) The Bonds, their transfer, the interest payable on them and any income derived from them, including any profit realized from their sale and exchange, shall be exempt from taxation of any kind by the State of Maryland, any of its political subdivisions, or any other public entity; no opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Bonds or the interest thereon.

(e) Assuming compliance with certain covenants described herein, interest on the Bonds is excludable from gross income for federal income tax purposes. It is noted that under the provisions of the Internal Revenue Code of 1986, as amended (the "Code"), there are certain restrictions that must be met subsequent to the delivery of the Bonds, including restrictions that must be complied with throughout the term of the bonds of the issue of bonds of which the Bonds are a part, in order that the interest thereon be excludable from gross income. These include (i) a requirement that certain investment earnings received from the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part be rebated (or that certain payments in lieu of rebate be made) to the United States of America under certain

circumstances; (ii) other requirements applicable to the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part; and (iii) requirements applicable to the use of the proceeds of the bonds of the issue of bonds of which the Bonds are part and the use of the facilities financed or refinanced with such proceeds. Failure to comply with one or more of these requirements could result in the inclusion of the interest payable on the Bonds in gross income for federal income tax purposes, effective from the date of their issuance. The County has covenanted to regulate the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part and to take such other actions as may be required to maintain the excludability of interest on the Bonds from gross income for federal income tax purposes. It is our opinion that, assuming compliance with such covenants, the interest on the Bonds will remain excludable from gross income for federal income tax purposes under the provisions of the Code.

(f) Interest on the Bonds is not includable in the alternative minimum taxable income of individuals, corporations or other taxpayers as an enumerated item of tax preference or other specific adjustment. For purposes of calculating the corporate alternative minimum tax, however, a corporation subject to such tax will be required to increase its alternative minimum taxable income by 75% of the amount by which its “adjusted current earnings” exceed its alternative minimum taxable income (computed without regard to this current earnings adjustment and the alternative tax net operating loss deduction). For such purposes, “adjusted current earnings” would include, among other items, interest income from the Bonds. In addition, interest income on the Bonds will be includable in the applicable taxable base for the purposes of determining the branch profits tax imposed by the Code on foreign corporations engaged in a trade or business in the United States.

The opinion expressed above is limited to the matters set forth above, and no other opinions should be inferred beyond the matters expressly stated. We assume no obligation to supplement this opinion if any applicable laws or interpretations thereof change after the date hereof or if we become aware of any facts or circumstances that might change the opinions expressed herein after the date hereof.

Very truly yours,

Consolidated Water and Sewer Series, 2016

[Closing Date]

County Executive and County Council  
of Anne Arundel County, Maryland  
Annapolis, Maryland

Dear County Executive and Council Members:

We have examined a record of proceedings relating to the issuance by Anne Arundel County, Maryland (the “County”), of \$43,585,000 general obligation bonds designated “Consolidated Water and Sewer Series, 2016” (the “Bonds”), which are described below.

The Bonds are dated the date of delivery, with interest payable April 1 and October 1, commencing October 1, 2016; are fully registered in form in the denomination of \$5,000 each or any integral multiple thereof; are issued under the authority of Section 10-203 of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2015 Supplement) (the “Enabling Law”), The Anne Arundel County Charter (the “Charter”) and Bill No. 80-15, passed by the County Council of the County on September 21, 2015, approved by the County Executive of the County on September 22, 2015 and effective on November 6, 2015 (the “Ordinance”); and mature, on October 1 in each of the years 2016 to 2042, inclusive, and in the year 2045, and bear interest as follows:

<u>Years of Maturity</u>	<u>Principal Amount</u>	<u>Interest Rate</u>	<u>Years of Maturity</u>	<u>Principal Amount</u>	<u>Interest Rate</u>
2016	\$1,450,000	3.00%	2030	\$1,455,000	5.00%
2017	1,450,000	3.00	2031	1,455,000	5.00
2018	1,455,000	5.00	2032	1,455,000	5.00
2019	1,455,000	5.00	2033	1,455,000	5.00
2020	1,455,000	5.00	2034	1,455,000	5.00
2021	1,455,000	5.00	2035	1,450,000	5.00
2022	1,455,000	5.00	2036	1,450,000	5.00
2023	1,455,000	5.00	2037	1,450,000	5.00
2024	1,455,000	5.00	2038	1,450,000	5.00
2025	1,455,000	5.00	2039	1,450,000	5.00
2026	1,455,000	5.00	2040	1,450,000	5.00
2027	1,455,000	5.00	2041	1,450,000	5.00
2028	1,455,000	5.00	2042	1,450,000	5.00
2029	1,455,000	5.00			

\$4,350,000 5.00% Term Bonds due October 1, 2045

The Bonds are subject to redemption in the manner and upon the terms and conditions set forth in the Bonds. The Term Bonds maturing on October 1, 2045 are subject to mandatory sinking fund redemption as set forth in the Bonds.

In rendering this opinion, we have relied without investigation on the County's Tax and Section 148 Certificate dated this date made on behalf of the County by officers thereof with respect to certain material facts within the knowledge of the County relevant to the tax-exempt status of interest on the Bonds.

With respect to the executed and authenticated bond of the issue of Bonds that we have examined, and Bonds similarly executed and authenticated and identical thereto in form except for numbers, interest rates, denominations, maturities, and under existing statutes, regulations and decisions, we are of the opinion that:

(a) The County is a validly created and existing body politic and corporate of the State of Maryland, possessing authority under the Enabling Law, the Charter and the Ordinance to issue the Bonds.

(b) The Bonds are valid and legally binding general obligations of the County to which its full faith and credit and taxing power are pledged, payable primarily from the net revenues and receipts of certain of its water and wastewater projects, or utilities of which they form a part, but if not so paid, are payable as to both principal and interest ultimately from ad valorem taxes, which the County is empowered to levy upon all real and tangible personal property and certain intangible personal property subject to assessment for County taxation; such tax levy is subject, however, to the limitation set forth in Section 710(d) of the Charter which provides, in part, that "[f]rom and after July 1, 1993, revenues derived from taxes on properties existing on the County property tax rolls at the commencement of the County fiscal year shall not increase, compared with the previous year, more than the Consumer Price Index percentage of change, or by 4.5 percent, whichever is the lesser."

(c) To provide for the payment of the principal of and interest on the Bonds, the County, by the adoption of the Ordinance, has covenanted, subject to the above-described Section 710(d) limitation, to levy such ad valorem taxes in rate and amount sufficient for that purpose in each fiscal year in which provision must be made for the payment of such principal and interest.

(d) The Bonds, their transfer, the interest payable on them and any income derived from them, including any profit realized from their sale and exchange, shall be exempt from taxation of any kind by the State of Maryland any of its political subdivisions, or any other public entity; no opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Bonds or the interest thereon.

(e) Assuming compliance with certain covenants described herein, interest on the Bonds is excludable from gross income for federal income tax purposes. It is noted that under the provisions of the Internal Revenue Code of 1986, as amended (the "Code"), there are certain restrictions that must be met subsequent to the delivery of the Bonds, including restrictions that must be complied with throughout the term of the bonds of the issue of bonds of which the Bonds are a part, in order that the interest thereon be excludable from gross income. These include (i) a requirement that certain investment earnings received from the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part be rebated (or that certain payments in lieu of rebate be made) to the United States of America under certain circumstances; (ii) other requirements applicable to the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part; and (iii) requirements applicable to the use

of the proceeds of the bonds of the issue of bonds of which the Bonds are part and the use of the facilities financed or refinanced with such proceeds. Failure to comply with one or more of these requirements could result in the inclusion of the interest payable on the Bonds in gross income for federal income tax purposes, effective from the date of their issuance. The County has covenanted to regulate the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part and to take such other actions as may be required to maintain the excludability of interest on the Bonds from gross income for federal income tax purposes. It is our opinion that, assuming compliance with such covenants, the interest on the Bonds will remain excludable from gross income for federal income tax purposes under the provisions of the Code.

(f) Interest on the Bonds is not includable in the alternative minimum taxable income of individuals, corporations or other taxpayers as an enumerated item of tax preference or other specific adjustment. For purposes of calculating the corporate alternative minimum tax, however, a corporation subject to such tax will be required to increase its alternative minimum taxable income by 75% of the amount by which its “adjusted current earnings” exceed its alternative minimum taxable income (computed without regard to this current earnings adjustment and the alternative tax net operating loss deduction). For such purposes, “adjusted current earnings” would include, among other items, interest income from the Bonds. In addition, interest income on the Bonds will be includable in the applicable taxable base for the purposes of determining the branch profits tax imposed by the Code on foreign corporations engaged in a trade or business in the United States.

The opinion expressed above is limited to the matters set forth above, and no other opinions should be inferred beyond the matter expressly stated. We assume no obligation to supplement this opinion if any applicable laws or interpretations thereof change after the date hereof or if we become aware of any facts or circumstances that might change the opinions expressed herein after the date hereof.

Very truly yours,

Consolidated General Improvements Series, 2016 Refunding Series

[Closing Date]

County Executive and County Council  
of Anne Arundel County, Maryland  
Annapolis, Maryland

Dear County Executive and Council Members:

We have examined a record of proceedings relating to the issuance by Anne Arundel County, Maryland (the “County”), of \$69,585,000 general obligation bonds designated “Consolidated General Improvements Series, 2016 Refunding Series” (the “Bonds”), which are described below.

The Bonds are dated the date of delivery, with interest payable on April 1 and October 1, commencing October 1, 2016; are fully registered in form in the denomination of \$5,000 each or any integral multiple thereof; are issued under the authority of Sections 10-203 and 19-207, respectively, of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2015 Supplement) (the “Enabling Law”), The Anne Arundel County Charter (the “Charter”) and Bill No. 80-15, passed by the County Council of the County on September 21, 2015, approved by the County Executive of the County on September 22, 2015 and effective on November 6, 2015 (the “Ordinance”); and mature, on October 1 in each of the years 2016 to 2027, inclusive, and bear interest as follows:

<u>Years of Maturity</u>	<u>Principal Amount</u>	<u>Interest Rate</u>	<u>Years of Maturity</u>	<u>Principal Amount</u>	<u>Interest Rate</u>
2016	\$12,140,000	5.00%	2022	\$2,520,000	5.00%
2017	14,245,000	5.00	2023	2,485,000	5.00
2018	8,595,000	5.00	2024	2,445,000	5.00
2019	8,240,000	5.00	2025	2,400,000	5.00
2020	6,210,000	5.00	2026	2,195,000	4.00
2021	6,185,000	5.00	2027	1,925,000	3.00

The Bonds are subject to redemption in the manner and upon the terms and conditions set forth in the Bonds.

In rendering this opinion, we have relied without investigation on the County’s Tax and Section 148 Certificate dated this date made on behalf of the County by officers thereof with respect to certain material facts within the knowledge of the County relevant to the tax-exempt status of interest on the Bonds.

With respect to the executed and authenticated bond of the issue of Bonds that we have examined, and Bonds similarly executed and authenticated and identical thereto in form except

for numbers, interest rates, denominations, maturities, and under existing statutes, regulations and decisions, we are of the opinion that:

(a) The County is a validly created and existing body politic and corporate of the State of Maryland, possessing authority under the Enabling Law, the Charter and the Ordinance to issue the Bonds.

(b) The Bonds are valid and legally binding general obligations of the County to which its full faith and credit and taxing power are pledged, and for the payment of which the County is empowered and directed to levy ad valorem taxes upon all real and tangible personal property and certain intangible personal property subject to assessment for County taxation; such tax levy is subject, however, to the limitation set forth in Section 710(d) of the Charter which provides, in part, that “[f]rom and after July 1, 1993, revenues derived from taxes on properties existing on the County property tax rolls at the commencement of the County fiscal year shall not increase, compared with the previous year, more than the Consumer Price Index percentage of change, or by 4.5 percent, whichever is the lesser.”

(c) To provide for the payment of the principal of and interest on the Bonds, the County, by the adoption of the Ordinance, has covenanted, subject to said Section 710(d) limitation, to levy such ad valorem taxes in rate and amount sufficient for that purpose in each fiscal year in which provision must be made for the payment of such principal and interest.

(d) The interest payable on the Bonds and any profit realized from their sale and exchange, will be exempt from State of Maryland income taxation; no opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Bonds or the interest thereon.

(e) Assuming compliance with certain covenants described herein, interest on the Bonds is excludable from gross income for federal income tax purposes. It is noted that under the provisions of the Internal Revenue Code of 1986, as amended (the “Code”), there are certain restrictions that must be met subsequent to the delivery of the Bonds, including restrictions that must be complied with throughout the term of the bonds of the issue of bonds of which the Bonds are a part, in order that the interest thereon be excludable from gross income. These include (i) a requirement that certain investment earnings received from the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part be rebated (or that certain payments in lieu of rebate be made) to the United States of America under certain circumstances; (ii) other requirements applicable to the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part; and (iii) requirements applicable to the use of the proceeds of the bonds of the issue of bonds of which the Bonds are part and the use of the facilities financed or refinanced with such proceeds. Failure to comply with one or more of these requirements could result in the inclusion of the interest payable on the Bonds in gross income for federal income tax purposes, effective from the date of their issuance. The County has covenanted to regulate the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part and to take such other actions as may be required to maintain the excludability of interest on the Bonds from gross income for federal income tax purposes. It is our opinion that, assuming compliance with such covenants, the interest on the Bonds will remain excludable from gross income for federal income tax purposes under the provisions of the Code.

(f) Interest on the Bonds is not includable in the alternative minimum taxable income of individuals, corporations or other taxpayers as an enumerated item of tax preference or other specific adjustment. For purposes of calculating the corporate alternative minimum tax, however, a corporation subject to such tax will be required to increase its alternative minimum taxable income by 75% of the amount by which its “adjusted current earnings” exceed its alternative minimum taxable income (computed without regard to this current earnings adjustment and the alternative tax net operating loss deduction). For such purposes, “adjusted current earnings” would include, among other items, interest income from the Bonds. In addition, interest income on the Bonds will be includable in the applicable taxable base for the purposes of determining the branch profits tax imposed by the Code on foreign corporations engaged in a trade or business in the United States.

The opinion expressed above is limited to the matters set forth above, and no other opinions should be inferred beyond the matters expressly stated. We assume no obligation to supplement this opinion if any applicable laws or interpretations thereof change after the date hereof or if we become aware of any facts or circumstances that might change the opinions expressed herein after the date hereof.

Very truly yours,

Consolidated Water and Sewer Series, 2016 Refunding Series

[Closing Date]

County Executive and County Council  
of Anne Arundel County, Maryland  
Annapolis, Maryland

Dear County Executive and Council Members:

We have examined a record of proceedings relating to the issuance by Anne Arundel County, Maryland (the “County”), of \$75,300,000 general obligation bonds designated “Consolidated Water and Sewer Series, 2016 Refunding Series” (the “Bonds”), which are described below.

The Bonds are dated the date of delivery, with interest payable April 1 and October 1, commencing October 1, 2016; are fully registered in form in the denomination of \$5,000 each or any integral multiple thereof; are issued under the authority of Sections 10-203 and 19-207, respectively, of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and the 2015 Supplement) (the “Enabling Law”), The Anne Arundel County Charter (the “Charter”) and Bill No. 80-15, passed by the County Council of the County on September 21, 2015, approved by the County Executive of the County on September 22, 2015 and effective on November 6, 2015 (the “Ordinance”); and mature, on October 1 in each of the years 2016 to 2035, inclusive, and bear interest as follows:

<u>Years of Maturity</u>	<u>Principal Amount</u>	<u>Interest Rate</u>	<u>Years of Maturity</u>	<u>Principal Amount</u>	<u>Interest Rate</u>
2016	\$6,475,000	5.00%	2026	\$4,160,000	5.00%
2017	6,865,000	5.00	2027	4,400,000	3.00
2018	4,295,000	5.00	2028	3,280,000	3.00
2019	4,830,000	5.00	2029	3,215,000	3.00
2020	4,735,000	5.00	2030	3,145,000	3.00
2021	4,715,000	5.00	2031	2,575,000	3.00
2022	4,690,000	5.00	2032	1,830,000	3.00
2023	3,880,000	5.00	2033	1,795,000	3.00
2024	3,850,000	5.00	2034	990,000	3.00
2025	4,605,000	5.00	2035	970,000	3.00

The Bonds are subject to redemption in the manner and upon the terms and conditions set forth in the Bonds.

In rendering this opinion, we have relied without investigation on the County’s Tax and Section 148 Certificate dated this date made on behalf of the County by officers thereof with respect to certain material facts within the knowledge of the County relevant to the tax-exempt status of interest on the Bonds.

With respect to the executed and authenticated bond of the issue of Bonds that we have examined, and Bonds similarly executed and authenticated and identical thereto in form except for numbers, interest rates, denominations, maturities, and under existing statutes, regulations and decisions, we are of the opinion that:

(a) The County is a validly created and existing body politic and corporate of the State of Maryland, possessing authority under the Enabling Law, the Charter and the Ordinance to issue the Bonds.

(b) The Bonds are valid and legally binding general obligations of the County to which its full faith and credit and taxing power are pledged, payable primarily from the net revenues and receipts of certain of its water and wastewater projects, or utilities of which they form a part, but if not so paid, are payable as to both principal and interest ultimately from ad valorem taxes, which the County is empowered to levy upon all real and tangible personal property and certain intangible personal property subject to assessment for County taxation; such tax levy is subject, however, to the limitation set forth in Section 710(d) of the Charter which provides, in part, that “[f]rom and after July 1, 1993, revenues derived from taxes on properties existing on the County property tax rolls at the commencement of the County fiscal year shall not increase, compared with the previous year, more than the Consumer Price Index percentage of change, or by 4.5 percent, whichever is the lesser.”

(c) To provide for the payment of the principal of and interest on the Bonds, the County, by the adoption of the Ordinance, has covenanted, subject to the above-described Section 710(d) limitation, to levy such ad valorem taxes in rate and amount sufficient for that purpose in each fiscal year in which provision must be made for the payment of such principal and interest.

(d) The interest payable on the Bonds and any profit realized from their sale and exchange, will be exempt from State of Maryland income taxation; no opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Bonds or the interest thereon.

(e) Assuming compliance with certain covenants described herein, interest on the Bonds is excludable from gross income for federal income tax purposes. It is noted that under the provisions of the Internal Revenue Code of 1986, as amended (the “Code”), there are certain restrictions that must be met subsequent to the delivery of the Bonds, including restrictions that must be complied with throughout the term of the bonds of the issue of bonds of which the Bonds are a part, in order that the interest thereon be excludable from gross income. These include (i) a requirement that certain investment earnings received from the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part be rebated (or that certain payments in lieu of rebate be made) to the United States of America under certain circumstances; (ii) other requirements applicable to the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part; and (iii) requirements applicable to the use of the proceeds of the bonds of the issue of bonds of which the Bonds are part and the use of the facilities financed or refinanced with such proceeds. Failure to comply with one or more of these requirements could result in the inclusion of the interest payable on the Bonds in gross income for federal income tax purposes, effective from the date of their issuance. The County has covenanted to regulate the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part and to take such other actions as may be required to maintain the

excludability of interest on the Bonds from gross income for federal income tax purposes. It is our opinion that, assuming compliance with such covenants, the interest on the Bonds will remain excludable from gross income for federal income tax purposes under the provisions of the Code.

(f) Interest on the Bonds is not includable in the alternative minimum taxable income of individuals, corporations or other taxpayers as an enumerated item of tax preference or other specific adjustment. For purposes of calculating the corporate alternative minimum tax, however, a corporation subject to such tax will be required to increase its alternative minimum taxable income by 75% of the amount by which its “adjusted current earnings” exceed its alternative minimum taxable income (computed without regard to this current earnings adjustment and the alternative tax net operating loss deduction). For such purposes, “adjusted current earnings” would include, among other items, interest income from the Bonds. In addition, interest income on the Bonds will be includable in the applicable taxable base for the purposes of determining the branch profits tax imposed by the Code on foreign corporations engaged in a trade or business in the United States.

The opinion expressed above is limited to the matters set forth above, and no other opinions should be inferred beyond the matter expressly stated. We assume no obligation to supplement this opinion if any applicable laws or interpretations thereof change after the date hereof or if we become aware of any facts or circumstances that might change the opinions expressed herein after the date hereof.

Very truly yours,

## FORM OF CONTINUING DISCLOSURE AGREEMENT

This **CONTINUING DISCLOSURE AGREEMENT** (this “Disclosure Agreement”) is executed and delivered by Anne Arundel County, Maryland, a body corporate and politic of the State of Maryland (the “County”) in connection with the issuance of its \$93,260,000 Consolidated General Improvements Series, 2016, its \$43,585,000 Consolidated Water and Sewer Series, 2016, its \$69,585,000 Consolidated General Improvements Series, 2016 Refunding Series and its \$75,300,000 Consolidated Water and Sewer Series, 2016 Refunding Series (collectively, the “Bonds”). The Bonds are being issued pursuant to Bill No. 80-15, passed by the County Council of the County on September 21, 2015, approved by the County Executive of the County on September 22, 2015 and effective on November 6, 2015, as amended. The County, intending to be legally bound hereby and in consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, does hereby covenant and agree as follows:

### **Section 1. Purpose of the Disclosure Agreement.**

This Disclosure Agreement is being executed and delivered by the County for the benefit of the beneficial owners of the Bonds and in order to assist the Participating Underwriter in complying with Securities and Exchange Commission Rule 15c2-12(b)(5).

### **Section 2. Definitions.**

In addition to the definitions set forth above, which apply to any capitalized term used in this Disclosure Agreement unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

“**EMMA**” shall mean the Electronic Municipal Market Access system described in 1934 Act Release No. 59062 and maintained by the MSRB for purposes of the rule.

“**Listed Events**” shall mean any of the events listed in Section 4(a) herein.

“**MSRB**” shall mean the Municipal Securities Rulemaking Board established pursuant to Section 15B(b)1 of the Securities Exchange Act of 1934, as amended.

“**Participating Underwriter**” shall mean any of the original underwriters of the Bonds required to comply with the Rule in connection with offering of the Bonds.

“**Rule**” shall mean Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

**Section 3. Provision of Annual Financial Information, Operating Data and Audited Information.**

(a) The County shall provide to the MSRB in an electronic format prescribed by the MSRB annual financial information and operating data regarding (i) revenues, expenditures and changes in fund balance for the County's General Fund, (ii) revenues, expenses and changes in fund net assets for the County's Water and Wastewater Operations Fund, (iii) revenues, expenses and net assets for the County's Water and Wastewater Debt Service Fund, (iv) revenues, expenses and changes in net assets for the County's Solid Waste Fund, (v) assessed values of taxable property in the County and County property tax rates and property tax levies, (vi) County Water and Wastewater utility system rates and (vii) the County solid waste system rate schedule, such information to be made available within 275 days after the end of the County's fiscal year (commencing with the fiscal year ended June 30, 2016).

(b) The County shall provide to the MSRB in an electronic format prescribed by the MSRB annual audited financial statements for the County, such information to be made available within 275 days after the end of the County's fiscal year, unless the audited financial statements are not available on or before such date, in which event said financial statements will be provided promptly when and if available. In the event that audited financial statements are not available within 275 days after the end of the County's fiscal year, the County will provide unaudited financial statements within said time period (commencing with the fiscal year ended June 30, 2016).

(c) The presentation of the financial information referred to in clauses (i), (ii), (iii) and (iv) of paragraph (a) and in paragraph (b) shall be made in accordance with the same accounting principles as utilized in connection with the presentation of applicable comparable financial information included in the final official statement for the Bonds, provided that the County may modify the accounting principles utilized in the presentation of financial information by amending this Disclosure Agreement pursuant to the provisions of Section 6 hereof. Changes in Generally Accepted Accounting Principles, where applicable to financial information to be provided by the County, shall not require the County to amend this Disclosure Agreement.

(d) If the County is unable to provide the annual financial information and operating data within the applicable time periods specified in (a) and (b) above, the County shall send in a timely manner a notice of such failure to the National Repository.

**Section 4. Reporting of Significant Events.**

(a) Pursuant to the provisions of this Section 4, the County shall provide notice of the occurrence of any of the following events with respect to the Bonds:

- (1) principal and interest payment delinquencies;
- (2) non-payment related defaults, if material;
- (3) unscheduled draws on debt service reserves reflecting financial difficulties;

- (4) unscheduled draws on credit enhancements reflecting financial difficulties;
- (5) substitution of credit or liquidity providers, or their failure to perform;
- (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;
- (7) modifications to rights of Bondholders, if material;
- (8) bond calls, if material, and tender offers;
- (9) defeasances;
- (10) release, substitution or sale of property securing repayment of the Bonds, if material;
- (11) rating changes;
- (12) bankruptcy, insolvency, receivership or similar event of the County;
- (13) consummation of a merger, consolidation, or acquisition involving the County or the sale of all or substantially all of the assets of the County, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; and
- (14) appointment of a successor or additional trustee or the change of name of a trustee, if material.

(b) In a timely manner, not in excess of 10 business days after the occurrence of an event listed in Section 4(a), the County shall file a notice of such occurrence of such event with EMMA.

#### **Section 5. Termination of Reporting Obligation.**

The County's obligations under this Disclosure Agreement shall terminate upon the payment in full of all of the Bonds either at their maturity or by early redemption. In addition, the County may terminate its obligations under this Disclosure Agreement if and when the County no longer remains an obligated person with respect to the Bonds within the meaning of the Rule.

## **Section 6. Amendment.**

The County may provide further or additional assurances that will become part of the County's obligations under this Disclosure Agreement. In addition, this Disclosure Agreement may be amended by the County in its discretion provided that (i) the amendment may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the County as the obligated person with respect to the Bonds, or type of business conducted, (ii) this Disclosure Agreement, as amended, would have complied with the requirements of the Rule at the time of the issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances, as determined by counsel selected by the County that is expert in federal securities law matters and (iii) the amendment does not materially impair the interests of holders of the Bonds, as determined either by counsel selected by the County that is expert in federal securities law matters, or by an approving vote of the holders of 25% of the outstanding aggregate principal amount of Bonds. The reasons for the County agreeing to provide any further or additional assurances or for any amendment and the impact of the change in the type of operating data or financial information being provided will be explained in information provided with the annual financial information containing the additional or amended operating data or financial information.

## **Section 7. Additional Information.**

Nothing in this Disclosure Agreement shall be deemed to prevent the County from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any disclosure made pursuant to Section 4(a) or (b) hereof or notice of occurrence of a Listed Event in addition to that which is required by this Disclosure Agreement. If the County chooses to include any information in any disclosure made pursuant to Section 4(a) or (b) hereof or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the County shall have no obligation under this Disclosure Agreement to update such information or include it in any future disclosure made pursuant to Section 4(a) or (b) hereof or notice of occurrence of a Listed Event.

## **Section 8. Law of Maryland.**

This Disclosure Agreement, and any claim made with respect to the performance by the County of its obligations hereunder, shall be governed by, subject to, and construed according to the laws of the State of Maryland.

## **Section 9. Limitation of Forum.**

Any suit or other proceeding seeking redress with regard to any claimed failure by the County to perform its obligations under this Disclosure Agreement must be filed in the Circuit Court for Anne Arundel County, Maryland.

**Section 10. Limitation on Remedies.**

The County shall be given written notice at the address set forth below of any claimed failure by the County to perform its obligations under this Disclosure Agreement, and the County shall be given 15 days to remedy any such claimed failure. Any suit or other proceeding seeking further redress with regard to any such claimed failure by the County shall be limited to specific performance as the adequate and exclusive remedy available in connection with such action. Written notice to the County shall be given to the Office of Finance, Arundel Center, P.O. Box 2700, Annapolis, Maryland 21404, or at such alternate address as shall be specified by the County with disclosures made pursuant to Section 4(a) or (b) hereof or a notice of occurrence of a Listed Event.

**Section 11. Relationship to Bonds.**

This Disclosure Agreement constitutes an undertaking by the County that is independent of the County's obligations with respect to the Bonds; any breach or default by the County under this Disclosure Agreement shall not constitute or give rise to a breach or default under the Bonds.

**Section 12. Beneficiaries.**

This Disclosure Agreement shall inure solely to the benefit of the beneficial owners from time to time of the Bonds, and shall create no rights in any other person or entity.

[Remainder of page intentionally left blank]

**IN WITNESS WHEREOF** this Continuing Disclosure Agreement is being executed on behalf of Anne Arundel County, Maryland and the seal of the County is being impressed hereon attested to by the Administrative Officer to the County Council, as of this \_\_\_ day of \_\_\_\_\_, 2016.
