ANNE ARUNDEL COUNTY, MARYLAND
General Obligation Bonds
$132,555,000 Consolidated General Improvements Series, 2023
$65,885,000 Consolidated Water and Sewer Series, 2023
$40,730,000 Consolidated General Improvements Series, 2023 Refunding Series
$21,755,000 Consolidated Water and Sewer Series, 2023 Refunding Series

Dated: Date of Delivery **Due: As shown on the inside front cover**

The Consolidated General Improvements Series, 2023 and the Consolidated Water and Sewer Series, 2023 (collectively, the "Construction Bonds"), and the Consolidated General Improvements Series, 2023 Refunding Series and the Consolidated Water and Sewer Series, 2023 Refunding Series (collectively, the "Refunding Bonds" and, together with the Construction Bonds, the "Bonds") are general obligations of Anne Arundel County, Maryland (the "County") for the payment of which the County's full faith and credit and taxing power are irrevocably pledged; however, the Bonds are subject to the limitation on the taxing power set forth in Section 710(d) of the County Charter (See "THE BONDS - Security for and Sources of Payment of the Bonds").

The Bonds will be issued in book-entry form. Purchases of the Bonds will be in the denomination of $5,000 each or any integral multiple thereof. The Bonds will bear interest from the date of delivery, and interest on the Bonds will be payable on October 1 and April 1, commencing October 1, 2023. The Construction Bonds will mature on October 1 and the Refunding Bonds will mature on April 1 in the years and in the amounts set forth on the inside cover of this Official Statement.

The Construction Bonds and the Consolidated Water and Sewer Series, 2023 Refunding Series are subject to optional and mandatory sinking fund redemption prior to maturity as set forth in "THE BONDS - Redemption" herein. The Consolidated General Improvements Series, 2023 Refunding Series are not subject to optional redemption prior to maturity.

In the opinion of McKennon Shelton & Henn LLP, Bond Counsel, (i) under existing statutes, regulations and decisions, (a) the Construction Bonds, their transfer, the interest payable on them, and any income derived from them, including any profit realized in their sale and exchange, shall be exempt from taxation of any kind by the State of Maryland, any of its political subdivisions, or any other public entity, and (b) interest on the Refunding Bonds and profit realized from the sale or exchange of the Refunding Bonds will be exempt from State of Maryland income taxation, no opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Bonds or the interest thereon; and (ii) assuming compliance with certain covenants described herein, interest on the Bonds will be excludable from gross income for federal income tax purposes under existing statutes, regulations and decisions. As described herein under "THE BONDS - Tax Matters," interest earned on the Bonds for federal income tax purposes is not included in the alternative minimum taxable income of individuals as an enumerated item of tax preference or other specific adjustment; however, for taxable years beginning after December 31, 2022, interest on the Bonds will be part of the adjusted financial statement income in computing the alternative minimum tax on applicable corporations. Additionally, interest on the Bonds will be subject to the branch profits tax imposed on certain foreign corporations engaged in a trade or business in the United States of America.

The Bonds are offered when, as and if issued, subject to the delivery of the Bonds and the approving opinions of McKennon Shelton & Henn LLP, Bond Counsel, and other conditions specified in the applicable Official Notices of Sale, for each series of Bonds. The Bonds in definitive form will be available for delivery in New York, New York through the facilities of the Depository Trust Company and certain closing documents will be available for delivery in Baltimore, Maryland on or about April 27, 2023, or at such time or place as shall be mutually agreed upon by the County and the successful bidder for each series of the Bonds.

The date of this Official Statement is April 12, 2023.

No dealer, broker, salesman or other person has been authorized by the County or the successful bidders for the Bonds to give any information or to make any representation other than those contained in this Official Statement, and, if given or made, such other information or representation must not be relied upon as having been authorized by any of the foregoing. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of the Bonds by any person in any jurisdiction in which it is unlawful for such person to make such an offer, solicitation or sale.

This Official Statement is not to be construed as a contract or agreement between the County and the purchasers or holders of any of the Bonds.

All quotations from and summaries and explanations of provisions of law and documents herein do not purport to be complete and reference is made to such laws and documents for full and complete statements of these provisions. Any statements made in this Official Statement involving estimates or matters of opinion, whether or not expressly so stated, are intended merely as estimates or opinion and not as representations of fact. The information and expressions of opinion herein are subject to change without notice and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implications that there has been no change in the affairs of the County since the respective dates as of which information is given herein. The information set forth herein has been obtained from the County and other sources that are deemed to be reliable but is not guaranteed as to accuracy or completeness by, and is not to be construed as a representation of, the successful bidders for the Bonds.

This Official Statement contains statements which, to the extent they are not recitations of historical fact, constitute "forward-looking statements." In this respect, the words "estimate," "project," "anticipate," "expect," "intend," "believe" and similar expressions are intended to identify forward-looking statements. A number of important factors affecting the County and financial results could cause actual results to differ materially from those stated in the forward-looking statements. The County does not plan to issue any updates or revisions to the forward-looking statements.

The order and placement of materials in this Official Statement, including the appendices hereto and the information incorporated herein by reference, are not to be deemed to be a determination of relevance, materiality or importance, and this Official Statement, including the appendices and the information incorporated herein by reference, must be considered in its entirety. The offering of Bonds is made only by means of this entire Official Statement.

SECTION ONE: INTRODUCTION

The purpose of this Official Statement, which includes the cover page and appendices hereto, is to provide certain information with respect to the issuance by Anne Arundel County, Maryland (the "County" or "Anne Arundel County") of its $260,925,000 aggregate principal amount of General Obligation Bonds, consisting of $132,555,000 Consolidated General Improvements Series, 2023 (the "Consolidated General Improvements Construction Bonds"), $40,730,000 Consolidated General Improvements Series, 2023 Refunding Series (the "Consolidated General Improvements Refunding Bonds" and, together with the Consolidated General Improvements Construction Bonds, the "Consolidated General Improvements Bonds"), $65,885,000 Consolidated Water and Sewer Series, 2023 (the "Consolidated Water and Sewer Construction Bonds") and $21,755,000 Consolidated Water and Sewer Series, 2023 Refunding Series (the "Consolidated Water and Sewer Refunding Bonds" and, together with the Consolidated Water and Sewer Construction Bonds, the "Consolidated Water and Sewer Bonds"). The Consolidated General Improvements Bonds and the Consolidated Water and Sewer Bonds are together referred to herein as the "Bonds." The Consolidated General Improvements Construction Bonds and the Consolidated Water and Sewer Construction Bonds are together referred to herein as the "Construction Bonds." The Consolidated General Improvements Refunding Bonds and the Consolidated Water and Sewer Refunding Bonds are together referred to herein as the "Refunding Bonds."

This introduction is not a summary of this Official Statement. It is only a brief description of and guide to, this Official Statement, and is qualified by, more complete and detailed information contained in this entire Official Statement, including the cover page and appendices hereto, and the documents summarized or described herein. A full review should be made of this entire Official Statement. The offering of Bonds to potential investors is made only by means of this entire Official Statement.

The County

The County is a political subdivision of the State of Maryland (also referred to herein as the "State"), located thirteen miles east of Washington, D.C. with Baltimore City and Baltimore County as its northern boundary and the Chesapeake Bay as its entire eastern boundary. The County has been under home rule charter since 1965. For more complete information, see "ECONOMIC AND DEMOGRAPHIC INFORMATION - Description and Government" herein.

Sources of Payment of the Bonds

The Bonds are general obligations of the County for the payment of which the County's full faith and credit and taxing power are irrevocably pledged, subject to the limitation on the taxing power set forth in Section 710(d) of the County Charter (the "Charter" or the "County Charter"). See "THE BONDS - Security for and Sources of Payment of the Bonds" herein.

The maturing principal of and interest on the Consolidated General Improvements Bonds will be paid from time to time, as and when due, from the funds in the hands of the County realized from the collection of ad valorem taxes on real estate, tangible personal property and intangible property as may be subject to taxation by the County. The County has covenanted that, to the extent that the required appropriation for debt service on the Consolidated General Improvements Bonds is not offset by funds from other sources, it will, subject to the limitation on the taxing power set forth in Section 710(d) of the County Charter, fund any such appropriation by the levy of ad valorem taxes on real estate, tangible personal property and intangible property as may be subject to taxation by the County.

The maturing principal of and interest on the Consolidated Water and Sewer Bonds will be paid from time to time, as and when due, from the funds in the hands of the County realized from the net revenues of the projects for which such bonds are issued, or the utilities for which these improvements are a part. The County has covenanted to fix and collect rates, charges and assessments sufficient to pay the cost of operations, maintenance, and debt service. In the event of a deficiency of such funds, the County has further covenanted that it will, subject to the limitation on the tax levy set out in Section 710(d) of the County Charter, fund any required appropriation by the levy of ad valorem taxes on real estate, tangible personal property and intangible property as may be subject to taxation by the County.

Such taxing power is subject, however, to the limitation set forth in Section 710(d) of the County Charter which provides, in part that "[f]rom and after July 1, 1993, revenues derived from taxes on properties existing on the County property tax rolls at the commencement of the County fiscal year shall not increase, compared with the previous year, more than the Consumer Price Index percentage of change, or 4.5 percent, whichever is the lesser."

Purpose of the Bonds

Construction Program

The proceeds of the Construction Bonds, together with the original issue premium, will be used to provide new funding for general improvement projects in the amount of $150,900,000 and water and wastewater improvement projects in the amount of $75,000,000. The proceeds of the Consolidated General Improvements Construction Bonds will be used to pay for general county, education, police and fire, roads and bridges, community college, library, recreation and parks, waterway improvements, and watershed protection and restoration improvement projects. For more complete information, see "THE BONDS - Application of Proceeds of the Construction Bonds" herein.

Refunding Program

The Refunding Bonds are being issued for the purpose of refunding certain outstanding bonds of the County. For more complete information regarding the refunding of such bonds, see "THE BONDS - Refunding Program" herein.

Denominations

The Bonds will be issued in denominations of $5,000 each or any integral multiple thereof.

Book-Entry Only System

The Depository Trust Company ("DTC") will act as the securities depository for the Bonds. The Bonds will be issued on a book-entry only basis (See "THE BONDS - Book-Entry Only System - General"). Beneficial Owners (defined herein) will not receive certificates representing their ownership interest in the Bonds except in the vent of termination of the book-entry only system (See "THE BONDS – Termination of Book-Entry Only System").

Payments

Principal and interest payments on the Bonds will be made to DTC or its nominee, Cede & Co., as registered owner of the Bonds. Payments by Direct Participants and Indirect Participants (each as defined herein) to Beneficial

Owners will be governed by standing instructions and customary practices, as is now the case with municipal securities held for the accounts of customers in bearer form or registered in "street name."

For a more complete description of the Bonds, see "THE BONDS," herein.

Tax Matters

In the opinion of McKennon Shelton & Henn LLP, Bond Counsel, (i) under existing statutes, regulations and decisions, the Construction Bonds, their transfer, the interest payable on them, and any income derived from them, including any profit realized in their sale or exchange, shall be exempt from taxation of any kind by the State of Maryland, any of its political subdivisions, or any other public entity; no opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Construction Bonds or interest thereon; (ii) under existing statutes, regulations and decisions, interest on the Refunding Bonds and profit realized from the sale or exchange of the Refunding Bonds will be exempt from State of Maryland income taxation; no opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Refunding Bonds or the interest thereon; and (iii) assuming compliance with certain covenants described herein, interest on the Bonds will be excludable from gross income for federal income tax purposes under existing statutes, regulations and decisions. As described herein under "THE BONDS - Tax Matters" interest earned on the Bonds, for federal income tax purposes, is not included in the alternative minimum taxable income of individuals as an enumerated item of tax preference or other specific adjustment. For taxable years beginning after December 31, 2022, interest on the Bonds will be part of the adjusted financial statement income, 15% of which is included in the computation of the corporate alternative minimum tax imposed on applicable corporations. Additionally, interest on the Bonds will be subject to the branch profits tax imposed on certain foreign corporations engaged in a trade or business in the United States of America.

COVID-19 Pandemic

The County has received and continues to receive pandemic relief funds that offset increased expenses related to the pandemic and allow it to maintain normal operations, including $101.1 million in federal monies under the Coronavirus Aid Relief and Economic Security Act ("CARES Act") and $112.5 million in State and Local Fiscal Recovery Funds ("SLFRF") provided through the American Recovery Plan Act ("ARPA"). As of the date of this Official Statement, the County has expended all CARES Act funding, filed all required reports with the U.S. Treasury and has closed all CARES Act projects. The County received additional Emergency Rental Assistance ("ERA") funding of $17.3 million through the CARES Act and $13.6 million through ARPA and utilized all such ERA funds as of December 31, 2022 to assist County residents affected by the pandemic with paying their rent.

The County has already committed $100.0 million of its $112.5 million in ARPA funding in accordance with U.S. Treasury guidelines and is reserving the remaining $12.5 million for future projects. As of December 31, 2022 the County's ARPA expenditures totaled $53.3 million of 47.4% of the total SLFRF allocation. The County intends to spend its remaining ARPA funds on eligible costs by December 31, 2024, as required by the ARPA for various projects that are permitted under the ARPA.

For additional information, see "FINANCES – Interim General Fund Revenues and Expenditures for Fiscal Years 2023 and 2022," "– General Fund Revenues," and "– Revenue Reserve Fund" herein.

Professionals Involved in the Offering

U.S. Bank Trust Company, National Association, Richmond, Virginia, will act as Paying Agent and Bond Registrar (the "Paying Agent" and the "Bond Registrar," respectively), and Public Resources Advisory Group, New York, New York, will act as the County's Financial Advisor with respect to the Bonds. All proceedings in connection with the issuance of the Bonds are subject to the approval of McKennon Shelton & Henn LLP, Bond Counsel ("Bond Counsel"). The County's financial statements, included in Appendix A attached hereto, have been audited by SB & Company, LLC, independent public accountants, Owings Mills, Maryland. The mathematical accuracy of certain computations relating to the Refunded Bonds (as defined herein) has been verified by Samuel Klein and Company, Certified Public Accountants. For more information concerning the above-mentioned professionals, see "THE

BONDS - Approval of Legal Matters," "THE BONDS - Financial Advisor," "THE BONDS - Independent Public Accountants" and "THE BONDS – Verification of Mathematical Computations" herein.

Authorization

The Construction Bonds are issued pursuant to the authority of Section 10-203 of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2022 Supplement) and the Refunding Bonds are issued pursuant to the authority of Sections 10-203 and 19-207 of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2022 Supplement). The Bonds are also issued pursuant to the County Charter and in accordance with the Authorizing Ordinance (defined herein). For more complete information, see "THE BONDS - Authorization and Purpose" herein.

Offering and Delivery of the Bonds

The Bonds are offered when, as and if issued, subject to approval as to their legality by Bond Counsel and the satisfaction of certain other conditions. It is anticipated that the Bonds in definitive form will be available for delivery to DTC on or about April 27, 2023.

Continuing Disclosure

In order to assist the successful bidders in complying with SEC Rule 15c2-12(b)(5), the County will execute and deliver a continuing disclosure agreement on or before the date of issuance of the Bonds pursuant to which it will undertake to provide certain information annually and notices of certain events. See "THE BONDS - Continuing Disclosure" herein.

Miscellaneous

This Official Statement speaks only as of its date, and the information contained herein is subject to change.

Except where otherwise indicated, all information contained in this Official Statement has been provided by the County. No dealer, broker, salesperson or other person has been authorized by the County or the successful bidders for each series of the Bonds to give any information or to make any representations, other than those contained herein, and, if given or made, such other information or representations must not be relied upon as having been authorized by any of the foregoing.

This Official Statement does not constitute an offer to sell or the solicitation of any offer to buy, nor shall there be any sale of the Bonds by any person in any jurisdiction in which it is unlawful for such person to make such an offer, solicitation or sale. The information set forth herein has been obtained from sources which are believed to be reliable, but it is not guaranteed as to accuracy or completeness. Neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of any party described herein subsequent to the date as of which such information is presented.

Questions related to this Official Statement, requests for the County's Annual Comprehensive Financial Report or any written notice described in the section entitled "Continuing Disclosure" should be directed to the Office of Finance, Arundel Center, P.O. Box 2700, Annapolis, Maryland 21404. The telephone number of the Office of Finance is (410) 222-1781.

SECTION TWO: THE BONDS

General

The Bonds will be issued by the County in book-entry form as fully registered bonds without coupons in the denominations of $5,000 each or any integral multiple thereof. The Bonds will be dated the date of delivery, and will bear interest, as hereinafter set forth, payable on October 1 and April 1 of each year, commencing October 1, 2023, at the rates set forth on the inside front cover page of this Official Statement. Each Bond shall bear interest from the most recent date to which interest has been paid or, if no interest has been paid, from the date of delivery. U.S. Bank Trust Company, National Association has been appointed Paying Agent and Bond Registrar for the Bonds.

Authorization and Purpose

The Construction Bonds are issued pursuant to the authority of Section 10-203 of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2020 Supplement) and the Refunding Bonds are issued pursuant to the authority of Sections 10-203 and 19-207 of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2020 Supplement). The Bonds are also issued pursuant to the County Charter and in accordance with Bill No. 58-22, passed by the County Council of Anne Arundel County (the "County Council") on July 18, 2022, approved by the County Executive of the County (the "County Executive") on July 23, 2022, and effective on September 6, 2022, as amended (the "Authorizing Ordinance").

The proceeds from the sale of the $198,440,000 aggregate principal amount of the Construction Bonds, together with the original issue premium, will be used to provide funding of $150,900,000 for general improvement projects and $75,000,000 for water and sewer improvement projects. See "Application of Proceeds of the Construction Bonds" below. The proceeds from the sale of the $62,485,000 aggregate principal amount of the Refunding Bonds, together with the original issue premium, will be used to refund certain bonds of (i) Anne Arundel County Consolidated General Improvements Series; and (ii) Anne Arundel County Consolidated Water and Sewer Series. See "Refunding Program" below.

(*Remainder of Page Intentionally Left Blank*)

Application of Proceeds of the Construction Bonds

The sources of funds for the capital projects expected to be financed from the Consolidated General Improvements Construction Bonds and the Consolidated Water and Sewer Construction Bonds are summarized in the following tables:

GENERAL COUNTY IMPROVEMENT PROJECTS
Sources of Funds

	Estimated Costs of Designated Projects	Federal and State Grants, Pay-As-You-Go Funds, and Funds From Completed or Abandoned Projects	Prior Bond Issues	Proposed Bond Issue To Cover Additional Project Expenditures		Subsequent Bond Issues
General County	$317,774,159	$190,633,270	$60,554,768	$23,400,000		$43,186,121
Stormwater Runoff Controls	8,599	8,599	-	-		-
Education	1,697,938,236	1,041,448,728	617,680,441	13,700,000		25,109,067
Education PPI	125,000,000	-	30,000,000	50,600,000		44,400,000
Police and Fire	152,214,975	54,125,416	66,724,458	5,100,000		26,265,101
Police and Fire PPI	39,988,000	-	1,400,000	-		38,588,000
Roads and Bridges	373,530,938	248,707,473	67,605,229	11,900,000		45,318,236
Roads and Bridges Impact Fees	227,000	-	226,028	-		972
Roads and Bridges PPI	30,135,000	-	1,000,000	4,700,000		24,435,000
Community College	175,082,000	88,962,000	81,375,473	4,200,000		544,527
County Libraries	42,794,919	11,021,928	26,076,626	2,800,000		2,896,365
Recreation and Parks	304,409,004	173,699,390	58,706,090	17,400,000		54,603,524
Waterway Improvements	25,810,026	7,127,141	14,495,065	-		4,187,820
Solid Waste	51,389,883	23,408,586	17,110,536	3,000,000		7,870,761
Watershed Protection & Restor.	267,253,818	23,298,700	124,466,128	14,100,000		105,388,990
	$ 3,603,556,557	**$ 1,862,441,231**	**$ 1,167,420,842**	**$ 150,900,000**	*(1)*	**$ 422,794,484**

WATER AND WASTEWATER IMPROVEMENT PROJECTS
Sources of Funds

	Estimated Costs of Designated Projects	Federal and State Grants, Pay-As-You-Go Funds, and Funds From Completed or Abandoned Projects	Prior Bond Issues	Proposed Bond Issue To Cover Additional Project Expenditures		Subsequent Bond Issues
Wastewater	$800,042,184	$241,034,004	$366,900,780	$40,400,000		$151,707,400
Water	388,488,638	50,720,093	100,859,318	34,600,000		202,309,227
	$ 1,188,530,822	**$ 291,754,097**	**$ 467,760,098**	**$ 75,000,000**	*(1)*	**$ 354,016,627**

(1) - Proposed bond issue to cover additional project expenditures equals par plus the original issue premium.

Refunding Program

The County is issuing the Refunding Bonds to refund certain bonds in order to realize savings on debt service costs. The bonds to be refunded are set out below with the redemption date and redemption price.

The Refunding Bonds are being issued for the purpose of currently refunding all of the outstanding maturities of the following outstanding bonds of the County (collectively, the "Refunded Bonds").

Issue Name	Maturities to be Refunded	Principal Amount	Redemption Date	Redemption Price
Consolidated General Improvements Series, 2013	2024-2033	$46,400,000	5/30/2023	100%
Consolidated Water and Sewer Series, 2013	2024-2037, 2040, 2043	$25,400,000	5/30/2023	100%

Sources and Uses of Funds

The following table outlines the estimated sources and uses of funds with respect to the General Improvements Bonds:

Sources of Funds:	
Par amount of Bonds	$173,285,000
Plus net original issue premium	24,732,965
Total	$198,017,965
Uses of Funds:	
Construction Program Funds	$150,900,000
Deposit to Escrow Fund	46,588,632
Underwriters' Discount	455,400
Costs of Issuance*	73,933
Total	$198,017,965

*Estimate includes legal, rating agency, financial advisor and printer costs for the Refunding Bonds.

The following table outlines the estimated sources and uses of funds with respect to the Water and Sewer Bonds:

Sources of Funds:	
Par amount of Bonds	$ 87,640,000
Plus net original issue premium	13,135,567
Total	$100,775,567
Uses of Funds:	
Construction Program Funds	$ 75,000,000
Deposit to Escrow Fund	25,507,381
Underwriters' Discount	227,979
Costs of Issuance*	40,206
Total	$100,775,567

*Estimate includes legal, rating agency, financial advisor and printer costs for the Refunding Bonds.

Security for and Sources of Payment of the Bonds

The Bonds are general obligations of the County for the payment of which the County's full faith and credit and taxing power are irrevocably pledged, subject to the limitation on the taxing power set forth in Section 710(d) of the County Charter.

Section 710(d) of the County Charter provides that from and after July 1, 1993, revenues derived from taxes on properties existing on the County property tax rolls at the commencement of the County fiscal year shall not increase, compared with the previous year, more than the Consumer Price Index percentage of change, or 4.5 percent, whichever is the lesser (see "FINANCES - Charter Property Tax Revenue Limitation" and "INDEBTEDNESS - Charter Property Tax Revenue Limitation").

The maturing principal of and interest on the Consolidated General Improvements Bonds will be paid from time to time, as and when due, from the funds in the hands of the County realized from the collection of ad valorem taxes on real estate, tangible personal property and intangible property as may be subject to taxation by the County. The County has covenanted that, to the extent that the required appropriation for debt service on the Consolidated General Improvements Bonds is not offset by funds from other sources, it will, subject to the limitation on the tax levy set out in Section 710(d) of the County Charter, fund any such appropriation by the levy of ad valorem taxes on real estate, tangible personal property and intangible property as may be subject to taxation by the County.

In each and every fiscal year that any of the Consolidated Water and Sewer Bonds are outstanding, the County shall impose and levy, or cause to be imposed and levied, charges, levies and assessments against all real property in the County that is or will be connected with, or that is benefited by, the water and wastewater facilities of the County, in accordance with the authority and in the manner prescribed by the Anne Arundel County Code (the "County Code").

The maturing principal of and interest on the Consolidated Water and Sewer Bonds will be paid from time to time, as and when due, from the funds in the hands of the County realized from the net revenues of the projects for which such bonds are issued, or the utilities of which these improvements are a part, for the use and benefit of which the County has covenanted to fix and collect rates, charges and assessments sufficient to pay the cost of operation, maintenance and debt service. In the event of a deficiency of such funds from the net revenues and receipts from such revenue producing projects, for the purpose of meeting the principal maturities and interest of the Bonds, the County has further covenanted that it will, subject to the limitation on the tax levy set out in Section 710(d) of the County Charter, fund any such deficiency by the levy of ad valorem taxes on real estate, tangible personal property and intangible property as may be subject to taxation by the County.

Bondholders' Remedies

In the event that it fails to perform its obligations under the Bonds to the registered owners thereof, the County may be sued, and any judgments resulting from such suits would be enforceable against the County. Nevertheless, a registered owner of a Bond who has obtained any such judgment may be required to seek additional relief to compel the County to levy and collect such taxes as may be necessary to provide the funds from which such judgment may be paid. Although there is no Maryland law on this point, the appropriate courts of Maryland have jurisdiction to entertain proceedings and power to grant additional relief, such as a mandatory injunction, if necessary, to enforce the levy and collection of such taxes within the limitation on the tax levy set out in Section 710(d) of the County Charter and payment of the proceeds thereof to the holders of general obligation bonds, subject to the inherent constitutional limitations referred to below.

While remedies would be available to bondholders and while the general obligation bonds of the County are entitled to constitutional protection against the impairment of the obligation of contracts, such constitutional protection and the enforcement of such remedies would not be absolute. Enforcement of a claim for payment of the principal of or the interest on the Bonds could be made subject to the provisions of Chapter 9 of the Federal Bankruptcy Code or of any statutes that may hereafter be constitutionally enacted by the United States Congress or the Maryland General Assembly extending the time of payment or imposing other constraints upon enforcement.

Redemption

Optional Redemption

Construction Bonds. The Construction Bonds of each series maturing on or after October 1, 2033, are subject to redemption, at the option of the County, on or after April 1, 2033, as a whole or in part at any time, in any order of maturities, after at least 20 days' notice, at par (100% of principal), plus accrued and unpaid interest to the date fixed for redemption.

Consolidated Water and Sewer Refunding Bonds. The Consolidated Water and Sewer Refunding Bonds maturing on or after April 1, 2034, are subject to redemption, at the option of the County, on or after April 1, 2033, as a whole or in part at any time, in any order of maturities, after at least 20 days' notice, at par (100% of principal), plus accrued and unpaid interest to the date fixed for redemption.

Consolidated General Improvements Refunding Bonds. The Consolidated General Improvements Refunding Bonds are not subject to optional redemption prior to their respective maturities.

Mandatory Sinking Fund Redemption

The Consolidated General Improvements Construction Bonds maturing on October 1, 2052, are subject to mandatory sinking fund redemption, at a price equal to the principal amount thereof plus accrued interest thereon, on October 1 each of the following years and in the following amounts:

Year	Sinking Fund Installments
2048	$4,415,000
2049	4,415,000
2050	4,415,000
2051	4,415,000
2052*	4,415,000

*Stated maturity.

The Consolidated Water and Sewer Construction Bonds maturing on October 1, 2052, are subject to mandatory sinking fund redemption, at a price equal to the principal amount thereof plus accrued interest thereon, on October 1 each of the following years and in the following amounts:

Year	Sinking Fund Installments
2048	$2,195,000
2049	2,195,000
2050	2,195,000
2051	2,195,000
2052*	2,195,000

*Stated maturity.

If the County redeems or otherwise discharges the Consolidated General Improvements Construction Bonds maturing on October 1, 2052 or the Consolidated Water and Sewer Construction Bonds maturing on October 1, 2052 before the applicable scheduled maturity or payment date, an amount equal to the principal amount of such redeemed or discharged bonds shall be credited to the applicable sinking fund installment amounts in any manner determined by the County.

If less than all of the Bonds of a series shall be called for redemption pursuant to the redemption provisions of such Bonds, the principal amount of Bonds so called for redemption shall be in denominations of $5,000 or any integral multiple thereof and the particular Bonds or portions of Bonds to be redeemed shall be selected by lot by the Bond Registrar, except that so long as DTC or its nominee is the sole registered owner of the Bonds, the particular Bond or portion thereof to be redeemed shall be selected by lot by DTC, in accordance with its normal and customary procedures (so long as the Bonds are in book-entry form). When less than all of a Bond in a denomination in excess of $5,000 shall be so redeemed, then, upon the surrender thereof there shall be issued to the registered owner thereof, without charge, for the unredeemed balance of the principal amount of such Bond, at the option of such owner, Bonds in any of the authorized denomination the aggregate face amount of such Bonds not to exceed the unredeemed balance of the Bond so surrendered, and to bear the same interest rate and to mature on the same date as said unredeemed balance.

If the County elects to redeem all outstanding Bonds of a series, or less than all, it will give a redemption notice by letter mailed first class, postage prepaid, to the holders of such Bonds at least 20 days prior to the redemption date at the addresses of such holders appearing on the registration books kept by the Bond Registrar, provided, however, that the failure to mail such notice to any holder of such Bonds or any defect in the notice mailed or in the mailing thereof shall not affect the validity of the redemption proceedings relating to any other Bonds. Said notice shall state whether such Bonds are redeemed in whole or in part and, if in part, the maturities and numbers of the Bonds called, shall state that the interest on the Bonds called shall cease on the date fixed for redemption, shall state the redemption date and the redemption price, and shall require that the Bonds redeemed be then presented for redemption and payment at the principal corporate trust office of the Paying Agent. From and after the date fixed for redemption, if notice has been given as herein provided, and the funds sufficient for payment of the redemption price and accrued interest shall be available therefore on such date, the Bonds designated for redemption shall cease to bear interest. Upon presentation and surrender in compliance with such notices, the Bonds called for redemption shall be paid by the Paying Agent at the redemption price. If not paid on presentation thereof, said Bonds called shall continue to bear interest at the rates expressed therein until paid.

Book-Entry Only System — General

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered certificate will be issued for each maturity of each series of the Bonds, each in the aggregate principal amount of the Bond of such maturity, and will be deposited with DTC.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (the "Indirect Participants"). The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Bonds within a series are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such series to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the County as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts, upon DTC’s receipt of funds and corresponding detail information from the County or the Paying Agent and Bond Registrar, on payable date in accordance with their respective holdings shown on DTC’s records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participant and not of DTC, the Paying Agent and Bond Registrar or the County, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC), is the responsibility of the County or the Paying Agent and Bond Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursements of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the County or the Paying Agent and Bond Registrar. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered.

The County may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

Book-Entry Only System — Miscellaneous

The information in the section “THE BONDS - Book-Entry Only System - General” has been obtained by the County from DTC. The County takes no responsibility for the accuracy or completeness thereof. Neither the County nor the Bond Registrar and Paying Agent (defined herein) will have any responsibility or obligations to Direct or Indirect Participants or the persons for whom they act as nominees with respect to the payments to or the providing of notice to the Direct Participants, or the Indirect Participants, or Beneficial Owners. The County cannot and does not give any assurance that Direct Participants, Indirect Participants or others will distribute principal and interest payments to DTC or its nominees, as the registered owner, or any redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis or that DTC will serve and act in the manner described in this Official Statement.

Termination of Book-Entry Only System

In the event that the Book-Entry Only System is discontinued, the Bonds will be delivered by DTC to the Bond Registrar and such Bonds will be exchanged for Bonds registered in the names of the DTC Participants or the Beneficial Owners identified to the Bond Registrar. In such event, certain provisions of the Bonds pertaining to ownership of the Bonds will be applicable to the registered owners of the Bonds as described below.

Interest on the Bonds will be payable by check mailed by the Paying Agent and Bond Registrar to the persons in whose names the Bonds are registered as of the close of business on the Regular Record Date (being the fifteenth day of the month next preceding each interest payment date) at the addresses shown on the registration books of the County maintained by the Bond Registrar; provided, however, that any such interest not punctually paid or duly provided for shall cease to be payable to the registered owner on such Regular Record Date, and may be paid to the persons in whose names such Bonds are registered as of the close of business on a date to be fixed by the Paying Agent for the payment of such defaulted interest (the "Special Record Date"), notice of which will be given by letter mailed first class, postage prepaid, to such persons, not less than 30 days prior to such Special Record Date, at the addresses of such persons appearing on the registration books of the County maintained by the Bond Registrar, or may be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Bonds may be listed and upon such notice as may be required by such exchange. The principal of and premium, if any, on the Bonds will be payable at the designated corporate trust office of the Paying Agent in Richmond, Virginia. The County may designate another entity as Bond Registrar and Paying Agent upon twenty days prior written notice to the registered owners of the Bonds.

The Bonds in fully certificated form will be fully registered Bonds without coupons in the denomination of $5,000 each or any integral multiple thereof. Such Bonds will be transferable only upon the registration books kept at the principal corporate trust office of the Bond Registrar, by the registered owner thereof in person, or by an attorney duly authorized in writing, upon surrender thereof together with a written instrument of transfer in the form attached thereto and satisfactory to the Bond Registrar and duly executed by the registered owner or a duly authorized attorney. The County may deem and treat the person in whose name a Bond is registered as the absolute owner thereof for the purpose of receiving payment of or on account of the principal or redemption price thereof and interest due thereon and for all other purposes.

The Bonds may be transferred or exchanged at the principal corporate trust office of the Bond Registrar. Upon any such transfer or exchange, the County shall execute and the Bond Registrar shall authenticate and deliver a new registered Bond or Bonds without coupons, of any of the authorized denominations in an aggregate principal amount equal to the principal amount of the Bond exchanged or transferred, and maturing on the same date and bearing interest at the same rate. In each case, the Bond Registrar may require payment by any holder of Bonds requesting exchange or transfer of Bonds of any tax, fee, or other governmental charge, shipping charges, and insurance that may be required to be paid with respect to such exchange or transfer, but otherwise no charge shall be made to the holder of Bonds for such exchange or transfer. The Bond Registrar shall not be required to transfer or exchange any Bond after the mailing of notice calling such Bond or portion thereof for redemption as hereinabove described; provided, however, that the foregoing limitation shall not apply to that portion of a Bond in excess of $5,000 which is not being called for redemption.

Tax Matters

In rendering its opinion with respect to the Bonds, Bond Counsel will rely without investigation on certifications provided by the County with respect to certain material facts within the knowledge of the County relevant to the tax-exempt status of interest on the Bonds.

Maryland Income Taxation-Construction Bonds

In the opinion of Bond Counsel, under existing statutes, regulations and decisions, the Construction Bonds, their transfer, the interest payable on them, and any income derived from them, including any profit realized in their sale and exchange, shall be exempt from taxation of any kind by the State of Maryland, any of its political subdivisions, or any other public entity. No opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Construction Bonds or the interest thereon.

Maryland Income Taxation-Refunding Bonds

In the opinion of Bond Counsel, under existing statutes, regulations and decisions, interest on the Refunding Bonds and profit realized from the sale or exchange of the Refunding Bonds will be exempt from State of Maryland income taxation. No opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Refunding Bonds or the interest thereon.

Federal Income Taxation

In the opinion of Bond Counsel, assuming compliance with certain covenants described herein, the interest on the Bonds will be excludable from gross income for federal income tax purposes under existing statutes, regulations, and decisions.

Under the provisions of the Internal Revenue Code of 1986, as amended (the "Code"), there are certain restrictions that must be met subsequent to the delivery of the Bonds, including restrictions that must be complied with throughout the term of the Bonds in order that the interest thereon be excludable from gross income. These include the following: (i) a requirement that certain earnings received from the investment of the proceeds of the Bonds be rebated to the United States of America under certain circumstances (or that certain payments in lieu of rebate be made); (ii) other requirements applicable to the investment of the proceeds of the Bonds; and (iii) other requirements applicable to the use of the proceeds of the Bonds and the facilities financed or refinanced with such proceeds. Failure to comply with one or more of these requirements could result in the inclusion of the interest payable on the Bonds in gross income for federal income tax purposes, effective from the date of their issuance. The County has covenanted to regulate the investment of the proceeds of the Bonds and to take such other actions as may be required to maintain the excludability from gross income for federal income tax purposes of interest on the Bonds.

Further, under existing statutes, regulations and decisions, Bond Counsel is of the opinion that interest on the Bonds is not included in the alternative minimum taxable income of individuals as an enumerated item of tax preference or other specific adjustment. For taxable years beginning after December 31, 2022, interest on the Bonds will be part of the adjusted financial statement income, 15% of which is included in the computation of the corporate alternative minimum tax imposed on applicable corporations. For this purpose, in general, applicable corporations are corporations with more than $1.0 billion in average annual adjusted financial statement income determined over a 3-year period. In addition, interest on the Bonds will be subject to the branch profits tax imposed by the Code on certain foreign corporations engaged in a trade or business in the United States of America.

Certain Other Federal Tax Consequences

There are other federal tax consequences of ownership of obligations such as the Bonds under certain circumstances, including the following: (i) deductions are disallowed for certain expenses of taxpayers allocable to interest on tax-exempt obligations, as well as interest on indebtedness incurred or continued to purchase or carry tax-exempt obligations and interest expense of financial institutions allocable to tax-exempt interest; (ii) for property and casualty insurance companies, the amount of the deduction for losses incurred must be reduced by 25% of the sum of tax-exempt interest income and the deductible portion of dividends received by such companies; (iii) interest income that is exempt from tax must be taken into account for the purpose of determining whether, and what amount of, social security or railroad retirement benefits are includable in gross income for federal income tax purposes; (iv) for S corporations having Subchapter C earnings and profits, the receipt of certain levels of passive investment income, which includes interest on tax-exempt obligations such as the Bonds, can result in the imposition of tax on such passive investment income and, in some cases, loss of S corporation status; (v) net gain realized upon the sale or the other disposition of the Bonds must be taken into account when computing the 3.8% Medicare tax with respect to the investment income or undistributed net income, as applicable, imposed on certain higher income individuals and specified trusts and estates; and (vi) receipt of certain investment income, including interest on the Bonds, is considered when determining qualification limits for obtaining the earned income credit provided by Section 32(a) of the Code.

Purchase, Sale and Retirement of Bonds

Except as noted below in the case of market discount, the sale or other disposition of a Bond will normally result in capital gain or loss to its holder. A holder's initial tax basis in a Bond will be its cost. Upon the sale or retirement of a Bond, for federal income tax purposes, a holder will recognize capital gain or loss upon the disposition of such security (including sale, early redemption or payment at maturity) in an amount equal to the difference between (a) the amount received upon such disposition; and (b) the tax basis in such Bond, determined by adding to the original cost basis in such Bond the amount of original issue discount that is treated as having accrued as described below under "THE BONDS - Tax Accounting Treatment of Discount Bonds." Such gain or loss will be a long-term capital gain or loss if at the time of the sale or retirement the Bond has been held for more than one year. Present law taxes both long and short-term capital gains of corporations at the rates applicable to ordinary income. For non-corporate taxpayers, however, short-term capital gains are taxed at the rates applicable to ordinary income, while net capital gains are taxed at lower rates. Net capital gains are the excess of net long-term capital gains (gains on capital assets held for more than one year) over net short-term capital losses.

Market Discount

If a holder acquires a Bond after its original issuance at a discount below its principal amount (or in the case of a Bond issued at an original issue discount, at a price that produces a yield to maturity higher than the yield to maturity at which such bond was first issued), the holder will be deemed to have acquired the Bond at "market discount," unless the amount of market discount is *de minimis*, as described in the following paragraph. If a holder that acquires a Bond with market discount subsequently realizes a gain upon the disposition of the Bond, such gain shall be treated as taxable interest income to the extent such gain does not exceed the accrued market discount attributable to the period during which the holder held such Bond, and any gain realized in excess of such market discount will be treated as capital gain. Potential purchasers should consult their tax advisors as to the proper method of accruing market discount.

In the case of a Bond not issued at an original issue discount, market discount will be *de minimis* if the excess of the Bond's stated redemption price at maturity over the holder's cost of acquiring the Bond is less than 0.25% of the stated redemption price at maturity multiplied by the number of complete years between the date the holder acquires the Bond and its stated maturity date. In the case of a Bond issued with original issue discount, market discount will be *de minimis* if the excess of the Bond's revised issue price over the holder's cost of acquiring the Bond is less than 0.25% of the revised issue price multiplied by the number of complete years between the date the holder acquires the Bond and its stated maturity date. For this purpose, a Bond's "revised issue price" is the sum of (i) its original issue price; and (ii) the aggregate amount of original issue discount that is treated as having accrued with respect to the Bond during the period between its original issue date and the date of acquisition by the holder.

Amortizable Bond Premium

A Bond will be considered to have been acquired at a premium if, and to the extent that, immediately after the acquisition of such Bond, the holder's tax basis in the Bond exceeds the amount payable at maturity (or, in the case of a Bond callable prior to maturity, an amount payable on an earlier call date, as described). Under tax regulations applicable to the Bonds, the amount of the premium would be determined with reference to the amount payable on that call date (including for this purpose the maturity date) that produces the lowest yield to maturity on the Bonds. The holder will be required to reduce his tax basis in the Bond for purposes of determining gain or loss upon disposition of the Bond by the amount of amortizable bond premium that accrues, determined in the manner prescribed in the regulations. Generally, no deduction (or other tax benefit) is allocable in respect of any amount of amortizable bond premium on the Bonds.

Tax Accounting Treatment of Discount Bonds

Certain maturities of the Bonds may be issued at an initial public offering price which is less than the amount payable on such Bonds at maturity (the "Discount Bonds"). The difference between the initial offering price (including accrued interest, if any), at which a substantial amount of the Discount Bonds of each maturity was first sold, and the principal amount of such Discount Bonds payable at maturity constitutes original issue discount. The amount of such original issue discount which is treated as having accrued with respect to such Discount Bonds, is added to the original cost basis of the holder in determining, for federal income tax purposes, gain or loss upon disposition (including sale, early redemption or payment at maturity). For federal income tax purposes (a) any holder of a Discount Bond will recognize gain or loss upon the disposition of such Discount Bond (including sale, early redemption or payment at maturity) in an amount equal to the difference between (i) the amount received upon such disposition; and (ii) the sum of (1) the holder's original cost basis in such Discount Bond, and (2) the amount of original issue discount attributable to the period during which the holder held such Discount Bond; and (b) the amount of the basis adjustment described in clause (a)(ii)(2) will not be included in the gross income of the holder.

Original issue discount on Discount Bonds will be attributed to permissible compounding periods during the life of any Discount Bonds in accordance with a constant rate of interest accrual method. The yield to maturity of the Discount Bonds of each maturity is determined using permissible compounding periods. In general, the length of a permissible compounding period cannot exceed the length of the interval between debt service payments on the Discount Bonds and must begin or end on the date of such payments. Such yield then is used to determine an amount of accrued interest for each permissible compounding period. For this purpose, interest is treated as compounding periodically at the end of each applicable compounding period. The amount of original issue discount which is treated as having accrued in respect of a Discount Bond for any particular compounding period is equal to the excess of (a) the product of (i) the yield for such Discount Bond (adjusted as necessary for an initial short period) divided by the number of compounding periods in a year multiplied by (ii) the amount that would be the tax basis of such Discount Bond at the beginning of such period if held by an original purchaser who purchased at the initial public offering price, over (b) the amount actually payable as interest on such Discount Bond during such period. For purposes of the preceding sentence the tax basis of a Discount Bond, if held by an original purchaser, can be determined by adding to the initial public offering price of such Discount Bond, the original issue discount that is treated as having accrued during all prior compounding periods. If a Discount Bond is sold or otherwise disposed of between compounding dates, then interest which would have accrued for that compounding period for federal income tax purposes is to be apportioned in equal amounts among the days in such compounding period.

Holders of Discount Bonds should note that, under applicable tax regulations, the yield and maturity of a Discount Bond is determined without regard to commercially reasonable sinking fund payments, and any original issue discount remaining unaccrued at the time that a Discount Bond is redeemed in advance of stated maturity will be treated as taxable gain. Moreover, tax regulations prescribe special conventions for determining the yield and maturity of certain debt instruments that provide for alternative payment schedules applicable upon the occurrence of certain contingencies.

The yields (and related prices) furnished by the successful bidder for each series of the Bonds as shown on the inside cover of this Official Statement may not reflect the initial issue prices for the purpose of determining the original issues discount for federal income tax purposes.

The foregoing summarizes certain federal income tax consequences of original issue discount with respect to the Discount Bonds but does not purport to deal with all aspects of federal income taxation that may be relevant to particular investors or circumstances, including those set out above. Prospective purchasers of Discount Bonds should consider possible state and local income, excise or franchise tax consequences arising from original issue discount on Discount Bonds. In addition, prospective corporate purchasers should consider possible federal tax consequences arising from original issue discount on such Discount Bonds under the branch profits tax. The amount of original issue discount considered to have accrued may be reportable in the year of accrual for state and local tax purposes or for purposes of the branch profits tax without a corresponding receipt of cash with which to pay any tax liability attributable to such discount. Purchasers with questions concerning the detailed tax consequences of transactions in the Discount Bonds should consult their tax advisors.

The foregoing is only a general summary of certain provisions of the Code as enacted and in effect on the date hereof and does not purport to be complete; holders of the Bonds should consult their own tax advisors as to the effects, if any, of the Code (and any proposed or subsequently enacted amendments to the Code) in their particular circumstances.

Legislative Developments

Legislative proposals could adversely affect the market value of the Bonds. Further, if enacted into law, any such legislation could cause the interest on the Bonds to be subject, directly or indirectly, to federal income taxation and could otherwise alter or amend one or more of the provisions of federal tax law described above or their consequences. Prospective purchasers of the Bonds should consult with their tax advisors as to the status and potential effect of any pending or future legislation, as to which Bond Counsel expresses no opinion.

Ratings

The Bonds have been assigned the following ratings by the agencies indicated: Moody's Investors Service, Inc. Aaa and S&P Global Ratings AAA. An explanation of the significance of such ratings may be obtained from the rating agencies. The County furnished to the rating agencies the information contained in a preliminary form of this Official Statement and other materials and information. Generally, rating agencies base ratings on such materials and information, as well as their own investigations, studies and assumptions. It should be noted that such ratings may be changed at any time and that no assurance can be given that the ratings will not be revised downward or withdrawn by the rating agencies, if in their judgment, circumstances should warrant such actions. Such circumstances may include, without limitation, changes in or unavailability of information relating to the County. Any such downward revision or withdrawal of such ratings could have an adverse effect on the market price of the Bonds.

Sale at Competitive Bidding

The Construction Bonds and the Refunding Bonds were offered for sale by the County at competitive bidding on April 12, 2023, in accordance with the respective Official Notice of Sale (the forms of which are attached hereto as Appendix B), as supplemented. The rates shown on the inside cover page of this Official Statement are the rates to the County resulting from the awards of the Bonds at the respective competitive bidding therefore. The yields shown on the inside cover page of this Official Statement are based on information supplied to the County by the successful bidders respecting the resale price (not including concessions) of the Bonds established on the date hereof. Any other information concerning the terms of reoffering of the Bonds, if any, including yields or prices, should be obtained from the successful bidders therefore and not from the County.

Litigation

A developer appealed the decision of the County Planning and Zoning Officer denying its request for transportation impact fee credits of approximately $554,000 in connection with its development project. The County contended that the developer was not entitled to impact fee credits. The case was appealed to the Board of Appeals, the Circuit Court for Anne Arundel County, the Court of Special Appeals and finally the Court of Appeals, the highest court in Maryland. The Court of Appeals found in favor of the developer on July 7, 2022. The County made payment to the developer in December 2022.

The claimant contractor was the successful bidder on a public works contract for a road resurfacing project in the County. Pursuant to the contract, the contractor asserted claims for additional compensation above its contract price. The County considered the claims and approved compensation for change orders and the retainage release. In October 2022, the County denied the contractor's claim for delay damages of $1,400,000 which the contractor claimed was caused by the County's construction manager. The contractor may appeal the denial of its claim pursuant to the terms of the contract.

The claimant contractor was the successful bidder of a public works contract for construction of a County fire station. During performance, the contractor asserted claims for additional compensation for change orders related to rolling doors, ceramic tiles, and gas heater relocation totaling approximately $750,000. The fire station opened in October 2022. The parties have resolved some of the change orders, but the contractor is seeking additional review of the denials under the terms of the contract.

The County is an interested party in various legal proceedings that normally occur in governmental operations, including various tort and contract suits, suits alleging violations of individual rights, and matters involving claims relating to land development, property damage, personal injury, employee liability, and workers' compensation. With respect to such claims or matters for which reserves have not yet been funded, excluding the matters set forth immediately above, in the judgment of the County Attorney, the aggregate expected liability of the County will not exceed $2,000,000, not including workers' compensation claims.

Cybersecurity

In the conduct of its daily business, the County employs technology and collects and stores sensitive data. The secure processing, maintenance, and transmission of this information is critical to many of the County's operations. Despite security controls and other technical measures currently in place and those which may be adopted in the future, information technology and infrastructure may be vulnerable to attacks by hackers, nation states or other breaches, including as a result of error, malfeasance or other disruptions or failures.

Any such breach, disruption or other failure could compromise County services, networks, facility operations and the information stored there could be accessed, disrupted, publicly disclosed, lost or stolen. Any such access, disruption, disclosure, theft or other loss of information could result in disruptions to County operations and financial or other activities, or legal claims or proceedings, including pursuant to laws that protect the privacy of personal information, or regulatory penalties.

To prevent such disruptions to County operations, the County maintains a cybersecurity office within the Office of Information and Technology. The County uses the National Institute of Standards and Technology Cybersecurity Framework to measure the maturity of cybersecurity controls and exposure to cyber risks in County government. The current focus is on improving detection, response and recovery capabilities along with a continual review of critical controls for systems which process County data and providing cyber security education to County employees on an ongoing basis.

While the County conducts periodic tests and reviews of its networks, no assurances can be given that such security and operational control measures will be successful in guarding against all cyber threats and attacks. New technical cyber vulnerabilities are discovered in the United States daily. The techniques used to obtain unauthorized access to, or to disable or degrade, electronic networks, computers, systems and solutions are rapidly evolving and have become increasing complex and sophisticated.

In addition, there is a heightened risk due to an increase in remote access to County systems by County employees as a result of the outbreak of COVID-19. As cybersecurity threats continue to evolve, the County may be required to expend significant additional resources to continue to modify and strengthen security measures, investigate and remediate any vulnerabilities, or invest in new technology designed to mitigate security risks. The results of any successful attack on the County's computer and information technology systems could impact its operations and damage the County's digital networks and systems, and the costs of remedying any such damage could be substantial.

Approval of Legal Matters

McKennon Shelton & Henn LLP is acting as Bond Counsel in connection with the issuance of the Bonds. Delivery of the Bonds is conditioned upon delivery by Bond Counsel of opinions substantially in the forms set forth in Appendix C of this Official Statement.

Financial Advisor

Public Resources Advisory Group, 39 Broadway, 12th Floor, New York, New York, 10006, serves as financial advisor to the County on debt management and capital financing matters.

Independent Public Accountants

The basic financial statements of Anne Arundel County, Maryland included in Appendix A of this Official Statement have been audited by SB & Company, LLC, Independent Public Accountants, for the period indicated in their report thereon.

SB & Company, LLC, as independent auditor, has not been engaged to perform and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. SB & Company, LLC also has not performed any procedures relating to this offering document.

Verification of Mathematical Computations

Samuel Klein and Company, Certified Public Accountants (the "Verification Agent") will deliver to the County, on or before the date of issuance of the Bonds, its verification report indicating that it has examined, in accordance with standards established by the American Institute of Certified Public Accountants, certain information and assertions provided by Public Resources Advisory Group with respect to the Refunded Bonds. Included in the scope will be a verification of the mathematical accuracy of the mathematical computations of the proceeds of the Refunding Bonds deposited with the escrow agent for the Refunded Bonds to pay the principal of and interest on the Refunded Bonds upon their redemption on or about May 30, 2023. Such computations were based solely on assumptions and information supplied to the Verification Agent by Public Resources Advisory Group and the County.

Continuing Disclosure

In order to enable participating underwriters (as defined in SEC Rule 15c2-12) to comply with the requirements of paragraph (b)(5) of SEC Rule 15c2-12, the County will execute and deliver a continuing disclosure agreement (the "Continuing Disclosure Agreement") on or before the date of issuance and delivery of the Bonds. The form of the Continuing Disclosure Agreement is attached hereto as Appendix D.

The County has timely filed complete information required by its continuing disclosure obligations for each of the past five years. When filing information with the Municipal Securities Rulemaking Board through Electronic Municipal Market Access ("EMMA") system, the County submits the filings in a manner intended to display such information with each relevant outstanding debt issue. To the extent a filing is made by the County without all of the associated CUSIP numbers, the filing can be found on EMMA associated with another County debt issue or on the County's issuer homepage on EMMA.

Official Statement

Any statements made in this Official Statement involving matters of opinion or estimates, whether or not expressly so stated, are set forth as such and not as representations of fact, and no representation is made that any estimates will be realized. Neither this Official Statement nor any statement which may have been made verbally or in writing is to be construed as a contract with the holders of any of the Bonds.

(*Remainder of Page Intentionally Left Blank*)

SECTION THREE: FINANCES

This section summarizes the finances of the various departments, agencies and other organizations governed directly by the County Executive and the County Council of Anne Arundel County, Maryland. No information is included related to the component units included in the County's basic financial statements. For more information, see "NOTES TO THE BASIC FINANCIAL STATEMENTS - Summary of Significant Accounting Policies," in Appendix A.

Accounting and Financial Operations

The County financial system is an integrated, centralized, and comprehensive base for all budgetary and accounting information. The system begins with the budget and progresses into the incurrence of all obligations and disbursement of all funds. An accounting is provided for all revenues, expenditures and expenses, regardless of source or charge.

Awards

Certificate of Achievement

The Government Finance Officers Association of the United States and Canada ("GFOA") awarded a Certificate of Achievement for Excellence in Financial Reporting to Anne Arundel County for its annual comprehensive financial report ("ACFR") for the fiscal year ended June 30, 2021. This was the 40th consecutive year that the County has received this prestigious award. The Certificate of Achievement is the highest form of recognition for excellence in state and local government financial reporting.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized annual comprehensive financial report, whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The County believes its ACFR continues to conform to the Certificate of Achievement program requirements and it has submitted its ACFR to GFOA for year ended June 30, 2022.

Basis of Accounting

Modified Accrual Basis of Accounting

The modified accrual basis of accounting and current financial resources measurement focus is followed in the Governmental funds for the fund level statements. Under the modified accrual basis of accounting:

1. Expenditures are recorded when goods and services are received and the actual liabilities are incurred, except for principal and interest on general long-term debt obligations and compensated absences and other long term obligations.

2. Revenues are recorded when collected by the County or its collecting agencies, except for general property taxes, local income taxes, state shared tax revenues, intergovernmental revenues and investment income which are susceptible to accrual because these revenues are both measurable and available. Available means expected to be collected within 90 days after year-end in order to pay liabilities of the current period, except property taxes, which are deferred if not collected within 60 days.

3. Revenues not considered measurable or available are recorded as deferred revenues.

4. In applying the susceptible to accrual concept to intergovernmental revenues, the eligibility requirements of the programs are used as guidance. Revenues can be recognized as soon as all such requirements are met.

Accrual Basis of Accounting

A set of government-wide financial statements are included that use the full accrual basis of accounting. These statements consolidate the operations of all County activities into two categories, governmental and business-type and eliminate all interfund activity. All non-current assets and liabilities are also included on the Statement of Net Position. The accrual basis of accounting and flow of economic resources measurement focus is followed in the Proprietary and Pension Trust Funds in the fund-level statements and in the government-wide financial statements. Under the accrual basis, revenues are recognized when earned, and expenses are recognized when liabilities are incurred. Earned but unbilled Water and Wastewater Fund utility service charges are recorded as revenue at year-end.

Budget

The County Budget consists of the Current Expense Budget, the Capital Budget and Program, and the Budget Message. It represents a complete financial plan for the County including all revenues, all expenditures, encumbrances, and the fund balances of the General Fund and all other funds of the County government.

Current Expense Budget

The Current Expense Budget, developed by the Chief Administrative Officer and the Budget Officer, is based on annual work programs setting forth the nature, volume, and cost of work to be performed as submitted by the head of each office, department, institution, board, commission, and other agency of the County government. The estimates of the revenues and expenditures of operations for the ensuing fiscal year are also included; estimated revenues are detailed as to source, and estimated expenditures are detailed as to program or project. After the data so submitted is reviewed by the Chief Administrative Officer and the Budget Officer, the Current Expense Budget is compiled for presentation to the County Executive. No later than sixty days prior to the end of the fiscal year, the County Executive submits to the County Council the proposed Current Expense Budget for the ensuing fiscal year, which by the County Charter, must be balanced.

Capital Budget and Program

The Capital Budget is the County's plan to receive and expend funds during the ensuing fiscal year for physical public betterment or improvement and any related preliminary studies and surveys, the acquisition of property of a permanent nature for public use, and the purchase of equipment for any public betterment or improvement accompanying initial construction. The Capital Budget includes a statement of the receipts anticipated during the ensuing fiscal year from all borrowing and from other sources for capital projects. The Capital Program is the County's plan to receive and expend funds for capital projects during the fiscal year covered by the Capital Budget and the succeeding five fiscal years.

Budget Message

The Budget Message contains supporting summary tables and explains the proposed Current Expense Budget and Capital Program both in fiscal terms and in terms of work to be performed. It outlines the proposed financial policies of the County for the ensuing fiscal year and describes the important features of the Current Expense Budget. It indicates any major changes in financial policies and in expenditures, appropriations and revenues as compared with the fiscal year currently ending, and sets forth the reasons for such changes. The Budget Message includes an explanation of changes in the Capital Program made by the County Executive insofar as the Program differs from that presented by the Office of Planning and Zoning. The Budget Message may also include such other material as the County Executive deems desirable.

Budget Adoption

The County Council may decrease or delete any items in the budget except for those required by the public general laws of Maryland and except for any provision for debt service on obligations then outstanding or for estimated cash deficits. The County Council has no power to change the form of the budget as submitted by the County Executive, to alter the revenue estimates except to correct mathematical errors, or to increase total expenditures recommended by the County Executive for current or capital purposes, except as permitted by the public general laws of Maryland. The adoption of the Budget is by the affirmative vote of not less than four members of the County Council in an ordinance to be known as the Annual Budget and Appropriation Ordinance of Anne Arundel County. The County Council may, at the same time or thereafter from time to time during the ensuing fiscal year, adopt bond issue authorization ordinances providing the means of financing such capital projects as are to be financed from borrowing in the ensuing fiscal year. All of such ordinances are exempt from the County Executive veto. The Annual Budget and Appropriation Ordinance is to be adopted by the County Council on or before the fifteenth day of the last month of the fiscal year currently ending, and if the County Council fails to do so, the proposed budget submitted by the County Executive stands adopted, and funds for the expenditures proposed in the current expense budget stand appropriated as fully and to the same extent as if favorable action thereon had been taken by the County Council.

Budget Control

Unless the Controller first certifies that the funds for the designated purposes are available, no office, department, institution, board, commission or other agency of the County government may during any fiscal year expend, or contract to expend, any money or incur any liability, or enter into any contract, which by its terms involves the expenditure of money, for any purpose in excess of the amounts appropriated or allotted for the same general classification of expenditure in the budget or in any supplemental appropriation for such fiscal year, and no such payment may be made nor any obligation or liability incurred, except for small purchases in an amount less than twenty five hundred dollars ($2,500). The County Charter requires that this "general classification of expenditure" be classified by "agency, character and object," and leaves the specifics of this classification to the discretion of the County Executive. For appropriation control purposes, the current budget classifies department (i.e., agency) expenditures by sub-departments (i.e., character) and seven expense objects including personal services, contractual services, supplies & materials, business & travel, capital outlay, debt service, and grants, contributions & other.

Nothing prevents the making of contracts of lease or for service providing for the payment of funds at a time beyond the fiscal year in which such contracts are made, provided the nature of such transactions reasonably requires the making of such contracts. But any contract, lease, or other obligation requiring the payment of funds from the appropriations of a later fiscal year must be made or approved by ordinance. No contract for the purchase of real or leasehold property may be made unless the funds therefore are included in the Capital Budget.

No obligations of the County may be authorized in any fiscal year for or on account of any capital project not included in the County Budget as finally adopted for such year; provided, however, that upon receipt of a recommendation in writing from the County Executive and the Planning Advisory Board, the County Council may, by the affirmative vote of five members, amend the County Budget in accordance with such recommendation.

Source: Office of the Budget.

Investment of Operating and Capital Funds

County funds held for operation and capital purposes are managed by the Office of Finance with strict guidelines as to investment vehicles. Investments are restricted by State of Maryland law, with which the County complies. The County does not invest in derivatives or in reverse repurchase agreements. It invests primarily in obligations of the United States Government, its agencies or instrumentalities, and the Maryland Local Government Investment Pool. For more detailed information, see "NOTES TO THE BASIC FINANCIAL STATEMENTS - Cash and Investments" in Appendix A.

Fund Accounting

In accordance with generally accepted accounting principles in the United States ("GAAP"), the accounts of the County are organized on the basis of funds. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts in which cash and other financial resources, all related liabilities and residual equities or balances and changes thereon are recorded and segregated to carry on specific activities or obtain certain objectives. The various funds are summarized by type in the financial statements.

For more detailed information, see "NOTES TO THE BASIC FINANCIAL STATEMENTS - Summary of Significant Accounting Policies," in Appendix A.

General Fund

The County's principal source of General Fund revenues is taxes, which comprised approximately 93.7% of total General Fund revenues (on a GAAP basis) in fiscal year 2022. Property tax revenues comprised approximately 42.4% of total General Fund revenues, and income tax revenues comprised approximately 38.6% of total General Fund revenues. The schedules on the following pages reflect the results of operations for the last five fiscal years.

The County has historically used a planned approach in which the anticipated available fund balance in the current fiscal year is programmed for spending in the subsequent year's budget. Due to fiscal restraint and higher revenues in fiscal years 2018 through 2022 and revenues exceeding budgeted expectations, the GAAP fund balance increased from $174,877,612 on June 30, 2018, to $551,537,492 on June 30, 2022.

Budget for Fiscal Year 2023

To date, the County's fiscal year 2023 General Fund Current Expense Budget, which includes the County's funding for the Board of Education, Libraries, Social Services and the Community College, amounts to $2,157,450,500 with the County property tax rate of $0.933 per $100 of assessed value outside of Annapolis and $0.559 per $100 of assessed value inside of Annapolis. (See "FINANCES - Property Taxes, Assessments and Collections").

To date, the 2023 Capital Budget and Five-Year Program total approximately $3,086,362,000 including $2,269,734,000 for general county improvements and $816,628,000 for water and wastewater projects. Support for the Capital Budget and Program primarily consists of Federal and State grants, County bonds, certain fees, and Pay-As-You-Go financing. (See "INDEBTEDNESS - Capital Appropriations and Funding Sources").

Interim General Fund Revenues and Expenditures for Fiscal Years 2023 and 2022

The Controller has prepared summary unaudited data with respect to revenues and expenditures of the General Fund for the six months ended December 31, 2022 and December 31, 2021. The presentation of this data does not purport to be an interim statement of General Fund revenues, expenditures and fund balance as estimates for year-end accruals are not included. However, these statements have been prepared on a comparable basis and reflect the actual collection of revenues and actual expenditures and encumbrances for the two periods. The General Fund's Statement of Revenue, Expenditures, and Changes in Fund Balance in the annual basic financial statements (See Appendix A) are prepared on the modified accrual basis.

Operating results through December 2022 show an increase in revenues and an increase in expenditures compared to December 2021. Total revenues as of December 31, 2022 are approximately $40,258,000 higher than December 31, 2021, an increase of 3.45%. Revenues from property taxes are approximately $51,379,000 ahead of the prior year. Investment income has increased by approximately $9,916,000. Total expenditures as of December 2022 are approximately $228,668,000 higher than December 2021, an increase of 18.10%, which is the result of an increase in appropriations for the Board of Education and Public Safety of $50,000,000 and $24,027,000, respectively, and an increase in recreation and community services funding of $6,140,000. For General Government, there was an increase in expenditures to the Office of Central Services of $3,885,000 as well as an increase in the Office of Information Technology of $1,650,000.

(*Remainder of Page Intentionally Left Blank*)

The following presents a summary of General Fund revenues, expenditures and encumbrances for the six months ended December 31, 2022 and December 31, 2021, as compared with the related total annual budgets as revised through these dates:

Source: Office of Finance

Revenue Reserve Fund

This fund is intended as a revenue reserve and may only be used upon request of the County Executive with the approval of the County Council, to cover existing appropriations when revenues fall below budget expectations.

In accordance with Bill No. 50-22, passed by the County Council on June 6, 2022, approved by the County Executive on June 8, 2022 and effective on July 23, 2022, the amount of annual appropriation to this fund may not cause the sum of the balance of the Revenue Reserve Fund plus the appropriation to exceed an amount equal to 7% of the estimated general fund revenues for the upcoming fiscal year. As a result of budgeted transfers to the fund and interest income, the fund balance has increased to approximately $130,492,500 as of December 31, 2022.

Permanent Public Improvements

During the fiscal year 2019 budget process, Bill 42-19 was passed to establish the Reserve Fund for Permanent Public Improvements (PPI Fund). It is a special fund provided for in the County Charter. The revenue for the Fund is based off of 1/10th of a percentage point by which the income tax rate exceeds 2.50% and capped at $21.0 million a year to pay for the debt service of a one-time capital infusion totaling $250.0 million. As a result of budgeted transfers to the fund and interest income, the fund balance has increased to approximately $68,035,000 as of December 31, 2022.

General Fund Revenues

The County's principal General Fund revenues are property taxes, income taxes, recordation & transfer taxes, local share of state taxes, and fees for services which consists primarily of ambulance fees, cable fees, recreation and park fees, and police aid. These are detailed in the following paragraphs.

Property Taxes, Assessments and Collections

The assessment of all real and business tangible personal property for purposes of property taxation by the County is the sole responsibility of the State Department of Assessments and Taxation, an independent State agency. All real property is assessed once every three years and any increase in market value ("full cash value") arising from such inspection is to be phased in over the ensuing three taxable years in equal annual installments.

Tangible personal property of business entities is assessed at its full cash value. Personal property is assessed annually. The County does not currently levy any tax on commercial and manufacturing inventory and manufacturing machinery and equipment.

The following table sets forth the assessed value of all taxable property in the County for each of its five most recent fiscal years and fiscal year 2023 as of December 31, 2022, the County and State tax rates applicable in each of those years, and the tax levy in each of those years. Tax exempt properties are not included in the following table:

Source: Office of Finance.

County taxes are payable July 1 for the current year and become delinquent October 1. Penalty/Interest is charged for the non-payment of such taxes at the rate of 12% per annum beginning in October. Section 10-204.3 of the Tax-Property Article of the Annotated Code of Maryland provides a semiannual payment schedule for owner occupied residential property. The first installment under the semiannual schedule is due on July 1 of the tax year and may be paid without interest on or before September 30. The second installment is due on December 1 of the tax year, except for the service charge, and may be paid without interest on or before December 31. It is also provided that if an escrow account is established for the payment of property taxes, it must pay taxes in the semiannual installments unless a written request from the property owner is received requesting annual payments.

The County does not levy taxes in excess of actual requirements to provide a margin against delinquencies. Uncollectible taxes are charged against allowances established therefore, by an annual reduction of revenues.

Charter Property Tax Revenue Limitation

In connection with a voter petition initiative, County voters approved an amendment to the County Charter at the November 1992 general election. The amendment, which became effective in December 1992, added Section 710(d) to the County Charter ("Section 710(d)"). Section 710(d) provides that from and after July 1, 1993, revenues derived from taxes on properties existing on the County property tax rolls at the commencement of the County fiscal year shall not increase, compared with the previous year, more than the Consumer Price Index percentage of change or 4.5 percent, whichever is the lesser (See "INDEBTEDNESS - Charter Property Tax Revenue Limitation").

The County Attorney has advised, among other things, that Section 710(d) applies to revenues from County taxes on both real property and personal property and that only revenues from property on the tax rolls at the close of business on June 30th of a fiscal year are capped for the purposes of determining the maximum amount of capped revenue for the next fiscal year. Revenues from new construction and other property which come onto the tax rolls on or after July 1 are "*new*" and are not subject to the cap, but only for the year that the properties come onto the tax rolls.

Municipal Tax Rate Differential

In establishing the County tax rate applicable to assessed property within the City of Annapolis, the costs of certain services provided by the County are allocated in order to implement provisions of current law, which preclude the owners of property located in Annapolis from being taxed for services already provided by this municipality. Hence, owners of property located outside the City of Annapolis are taxed by the County for all services that the County provides, while owners of property located inside the City of Annapolis are taxed by the County only for those services that the County, and not the City of Annapolis, directly provides. The tax differential for fiscal year 2023 is $0.374 per $100 of assessed value for real property and $0.935 per $100 of assessed value for personal property.

In establishing the County tax rate applicable to assessed property within the Town of Highland Beach, the costs of certain services provided by the County are allocated in order to implement provisions of current law, which preclude the owners of property located in Highland Beach from being taxed for services already provided by this municipality. Hence, owners of property located outside the Town of Highland Beach are taxed by the County for all services that the County provides, while owners of property located inside the Town of Highland Beach are taxed by the County only for those services that the County, and not the Town of Highland Beach, directly provides. The tax differential for fiscal year 2023 is $0.030 per $100 of assessed value for real property and $0.075 per $100 of assessed value for personal property.

Property Tax Collections

The following table sets forth certain information with respect to the County's tax levies and tax collections:

TAX LEVIES AND COLLECTIONS[1]

Fiscal Year Ended June 30	Total Tax Levy(1)	Current Year's Taxes Collected in Year of Levy		Total Taxes Collected (Current and Delinquent)		Accumulated Delinquent Taxes	Accumulated Delinquent Taxes as a % of Current Year's Tax Levy

Property Tax Credit Programs

Section 9-105 of the Tax-Property Article of the Annotated Code of Maryland (2012 Replacement Volume and 2020 Supplement) provides a tax credit against local real property taxes on certain owner-occupied residential property. For taxable years beginning after June 30, 1991, the tax credit equals the County's tax rate multiplied by the amount by which the current year's assessment on residential property exceeds 110% of the previous year's taxable assessment (or such lesser percentage, but not less than 100%, of the previous year's taxable assessment as shall be established by the County). The County has adopted 102% as the rate to be used in calculating the tax credit.

State law also provides that a tax credit be given based on the ability of homeowners to pay property taxes. This credit is calculated by use of a scale which indicates a maximum tax liability for various income levels. This is supplemented by a County credit which uses a different scale to provide a maximum tax liability based on income.

In fiscal year 2022, the County provided $79,545,772 of tax credits based on assessments and $1,249,739 of tax credits based on income. Through December in fiscal year 2023, the County has provided $78,053,154 of tax credits based on assessment and $1,131,115 of tax credits based on income.

Income Taxes

The State imposes an income tax on the adjusted gross income of individuals as determined for federal income tax purposes, subject to certain adjustments. Pursuant to Chapter 493 of the 1999 Maryland Laws ("Chapter 493"), each county and Baltimore City is authorized to levy a local income tax at the rate of at least 1%, but not more than 3.2% of a taxpayer's taxable income as calculated for State income tax purposes. Chapter 493 also made the personal exemption amounts for calculating both State and local income taxes equal. Under Chapter 493's provisions, the local income tax rate on an Anne Arundel County taxpayer's total taxable income was adjusted to 2.56% for calendar year 2002 and thereafter, which is below the maximum rate of 3.2% authorized under State law. The County Council increased the income tax rate from 2.50% to 2.81% effective January 1, 2020. Effective January 1, 2023, an annual income tax is levied on residents of the County at the following rates: 2.70% of an individual's Maryland taxable income of $1 through $50,000 and 2.81% of an individual's Maryland taxable income in excess of $50,000. The County is not permitted to levy a local income tax on corporations.

Local Taxes

In addition to general property taxes and income taxes, the County is authorized to levy and collect other miscellaneous taxes, the largest of which are the recordation and transfer taxes on instruments conveying title to property.

Refund Procedures and Claims

The County is in receipt of various claims for refund of taxes, which are evaluated under administrative procedures mandated by applicable law. The resolution of such claims will not have a material adverse effect on the financial statements of the County.

Watershed Protection and Restoration Fund

The Watershed Protection and Restoration Fund (the "WPRF") was funded in fiscal year 2014 in order to implement a State mandated program of capital projects, operating maintenance, and other required efforts to reduce the County's contribution of harmful pollutants associated with stormwater and poor water quality affecting local rivers and the Chesapeake Bay. The WPRF is a dedicated fund financed through a fee based upon a property's impervious surface and was fully phased in for fiscal year 2016. The County debt policy specifies the debt will not exceed the fees generated to support the program.

The following tables set forth revenues, expenses and changes in fund balances of the WPRF for the County's most recent fiscal years:

Water and Wastewater Funds

For financial reporting purposes, the County consolidates all funds related to water and wastewater activities into a single enterprise fund. However, underlying financial accounting records continue to be maintained on a non-GAAP basis for components for legal compliance purposes. Water and wastewater user charges and assessment charges are recorded as revenues on the accrual basis. Unpaid water and wastewater user charges and assessments are a lien on the real property and are collectible in the same manner as real property taxes at tax sale.

The following tables set forth revenues, expenses and changes in net position of the Water and Wastewater Operating Fund and the Debt Service Fund for the County's most recent fiscal years:

The following schedules list the water and wastewater utility rates in effect:

WATER AND WASTEWATER UTILITY RATE SCHEDULE

Dedicated to Debt Service	**Present Rates**	
Front Foot Benefit Assessments:(1)		
Water	$ 386.00	Minimum per equivalent dwelling unit
Sewer	$ 779.00	Minimum per equivalent dwelling unit
Capital Facility Connection Charges:		
Water	$10,286.00	
Sewer	$10,286.00	
Environmental Protection Fee:	35% Surcharge on Water and Wastewater Usage Bills	
Operating Rates		
Water User Charges:		
Each 1,000 gallons	$ 2. 97	
Sewer User Charges:(2)		
Each 1,000 gallons..	$ 5.21	
Account Maintenance Charge	$6.00/qtr. metered service $3.00/qtr. unmetered service	

(1) This is a minimum charge. Actual charges may be higher.
(2) Based on water consumption.

Source: Department of Public Works.

In addition to the dedicated fees and charges for debt service as indicated above, the 1978 Maryland General Assembly passed enabling legislation authorizing the dedication of up to 50% of the transfer tax revenue for debt service of the Water and Wastewater Enterprise Fund. Subsequently, the County Council passed legislation authorizing the use of 30% of the tax for this purpose. The expansion of the financial base is to provide non-user funds to cover the indirect benefits of the County's capital investment in environmental control facilities. No revenues are currently transferred from the General Fund and County management does not contemplate a transfer in the foreseeable future.

Solid Waste Fund

The County operated one landfill in 2022. The landfill has closed cells and an active cell that opened in 2017, which was 18.0% full as of June 30, 2022. The active cell has an estimated life to at least 2049. Two other landfills stopped accepting trash in 1983 and 1993. The County estimated the cost to close these landfills under Federal and State regulations at approximately $81,863,802 at the end of fiscal year 2022. The County estimates that future post closure care for these facilities for 30 years will cost approximately $31,802,624. In addition, the County has reserved cash of approximately $19,676,000 to help pay for the closure and post-closure costs related to the active landfill cells.

The County has estimated an unrecognized liability of approximately $35,628,000 as of June 30, 2022 for the closed or partially filled areas of the three landfills. This estimate represents the County's best judgment of the minimum cost required to correct identified problems, close and remediate open cells, and provide for post-closure care of these sites. Estimates are as of June 30, 2022 and are based on current regulations and costs to perform the closure or remediation in the current year and are subject to periodic evaluation. Actual costs may be different due to inflation or deflation, changes in technology or changes in regulations.

The following table sets forth revenues, expenses and changes in net position of the Solid Waste Fund for the County's five most recent fiscal years:

ANNE ARUNDEL COUNTY, MARYLAND

Source: Office of Finance.

The changes in net position in the Solid Waste Fund have fluctuated over the past few years. In fiscal year 2022, the net position increased $23.0 million primarily as the result of a decrease in landfill closure and post closure care costs as Millersville Cell 8 was closed.

The Controller has prepared the following summary of unaudited data for the Solid Waste Fund for the six months ended December 31, 2022 and December 31, 2021:

SOLID WASTE OPERATING FUND
STATEMENT OF REVENUES, EXPENSES AND CHANGES IN FUND NET POSITION

(Unaudited)

The following schedule lists the solid waste rates currently in effect:

Solid Waste Landfill and Collection Rate Schedule

	Current Charge
Landfill Charges	
Solid waste delivered by a commercial business	$85 per ton
Solid waste delivered in a dump truck, flatbed truck, stake body truck, box truck, rental truck/trailer, or double axle trailer	$85 per ton
For large, unusually difficult to handle items or bulky compact items, such as house trailers, boats in excess of 20 feet in length, stumps, and concrete	$200 per ton
On-the-road vehicle tires from a vehicle other than a vehicle owned by the person delivering the tires	125% of the cost to the County to dispose of the tires ($206.00/ton), plus $7.00 for each tire mixed with other solid waste
On-the-road vehicle tires from a vehicle owned by the person delivering the tires	No charge for four or fewer tires, but for each tire in excess of four tires $7.00
Residential solid waste not covered by a listing above	No charge
Solid Waste Service Charge	
Annual service charge assessed to each person whose property is supplied with County curbside collection service	$341
Commercial Recycling Charge	
Annual service charge to each person that participates in the voluntary curbside collection program	$45 administrative fee $69 collection fee (per container)

Pension Plans

County employees participate in four single-employer defined benefit pension plans administered by the County in separate trust funds and in two multi-employer pension plans administered by the State.

The following presents information regarding the four County-administered plans based on the actuarial valuation dated January 1, 2022 and contribution and valuation data as of the fiscal year ending June 30, 2022:

Net Pension Liability &
Valuation Data by Plan
(unaudited)

	Employees' Plan	Police Service Plan	Fire Service Plan	Detention Officers' and Deputy Sheriffs' Plan
Total pension liability	$1,077,190,517	$898,694,627	$818,854,297	$247,529,692
Plan fiduciary net position	803,075,985	696,773,180	692,932,130	191,178,583
Plan net pension liability (NPL)	$274,114,532	$201,921,447	$125,922,167	$56,351,109
Plan fiduciary net position as a percentage of the total NPL	74.55%	77.53%	84.62%	77.23%
Annual contribution for the year ended June 30, 2022	$38,536,810	$33,071,012	$22,142,745	$10,007,531
Market value of net assets available for benefits as of June 30, 2022	$692,024,284	$604,367,577	$602,669,835	$166,568,701

Note: In fiscal year 2022, the County contributed $95,446 to the State Retirement and Pension Systems ("State plans") for government employees in the State plans and to amortize the unfunded past service liability over 34 years beginning June 30, 1988.

For more detailed information, see "NOTES TO BASIC FINANCIAL STATEMENTS — Pension Plans," in Appendix A.

In December 1996, the County enacted legislation creating the Anne Arundel County Retirement and Pension System (the "System"), effective February 1, 1997. At that date, all net assets of pension trust funds were transferred to the System. The System is a legally separate entity and is managed by a Pension Board of Trustees.

Effective with the January 1, 2011 actuarial valuation, the actuarial value of assets is calculated by spreading the market value investment gains or losses in excess of the assumed rate of return over a five-year period. Previously, the actuarial value of assets was calculated by spreading the gains and losses over the actuarial returns, not the actual market value returns. This change results in a quicker recognition of losses and an increase in the County's contribution. While there is no long term impact on the County's contribution there will be short term increases.

Effective with the January 1, 2022 actuarial valuation, the inflation assumption remained the same at 3.0%, the investment assumption is 7.00%, and the amortization period for gains and losses is 20 years.

The System issues a separate financial report for the County Administered plans. A copy of this report can be obtained from the County's website at the following address: https://www.aacounty.org/boards-and-commissions/retirement-and-pension-system-board-of-trustees/pension-trust-fund-reports/index.html. Some County employees participate in two multi-employer cost sharing pension plans administered by the State of Maryland. The County plans were established under authority created by County Charter and legislation, while the State plans were created by State legislation. The County's actuarial valuation measurement date was December 31, 2021.

Funds held under pension plans administered by the System are invested by professional money managers (including insurance companies). Pension funds are invested in a variety of investments, including U.S. Government agencies and instrumentalities, corporate bonds, common stocks and other investments. An immaterial amount of index futures are held in the portfolios managed by the insurance companies. For more detailed information, see "NOTES TO BASIC FINANCIAL STATEMENTS - Cash and Investments" in Appendix A.

Other Post-Employment Benefits

The primary government provides a group health plan for employees and retirees under the authority of § 6-1-308 of the County Code. This health plan may be extended to other component units under § 6-1-309 of the County Code. The Community College (the "College") and the Public Library (the "Library") provide retiree health insurance through participation in the County's health plans. Anne Arundel Economic Development, a component unit of the County, is a participant in the County plan. The County collects premiums from these entities to offset the related costs. The County Code requires the County to pay 80.0% of the health coverage cost for current County retirees and terminated vested employees that retired before July 1, 2014. Employees not eligible for normal or early retirement by January 1, 2017 will receive a subsidy based on years of service. The Library currently pays 80.0% for Library retirees. The primary government plan provides the same health plans to active employees and pre-age sixty-five retirees. The County offers a Medicare Advantage Plan to post age sixty-five retirees. The County offers the same prescription benefit for active employees and pre-age sixty-five retirees. Post age sixty-five retirees are eligible to participate in an Employer Group Waiver Plan (EGWP) plus WRAP for prescription benefits. County and Library retirees have the option of retaining dental and vision coverage, but must pay the full premium for these benefits.

The Anne Arundel County Public Schools system offers a separate single employer defined OPEB plan, which is disclosed in its separately issued financial statements. Anne Arundel County Public Schools (AACPS) employees eligible to retire and receive Maryland State Retirement Agency (MSRA) benefits may be eligible for retiree healthcare benefits based on date of hire and service criteria. This is not part of the County plan. Employees hired prior to September 15, 2002 receive Board funding of 75.0% for Medical/Rx and dental benefits. For employees hired after September 15, 2002, ten years of AACPS service is required to be eligible for retiree health benefits. The Board funds a portion of the medical premium ranging from 25.0% with ten years of service to 75.0% with twenty or more years of service. No Board funding is provided for dental benefits. No Board funding is provided for vision coverage regardless of service date. Active employees and retirees have the same medical, dental, and vision plans while retirees over sixty-five have three Medicare Supplemental Plans available. The retiree and active prescription plan co-payments differ. The retiree plan is evaluated separately based on claims experience; however, a blended percentage increase has been applied to the retiree rates.

The College provides medical, dental, and vision benefits to eligible retirees who are enrolled in medical coverage at the time of retirement. The benefit levels, employee contributions, and employer contributions are governed by and may be amended by the College's Board of Trustees. Retirees are eligible for these benefits if they have a minimum of ten years of service and meet the eligibility requirement of their retirement plan, (Maryland State Retirement System or Optional plan). The College contributes to the cost of retirees' benefits at a rate of 2.5% for each year of service, and employees must have at least ten years of service to qualify. The maximum paid by the College is 75.0%. Retirees have no vested rights to these benefits.

An amendment to the Charter of Anne Arundel County was passed by the citizens of the County in November 2012. This amendment requires the County to establish a fund for the purpose of reserving funds to pay for health insurance benefits provided to retired County employees and their spouses, dependents and survivors. It also allows the County to establish an irrevocable trust fund for the purpose of paying for health insurance benefits provided to this group.

The County established an irrevocable Health Benefits Trust fund effective in fiscal year 2016 on July 1, 2015.

The County utilized the actuarial services of Bolton Partners and Aon Consulting to formulate its findings. According to this report, the combined actuarial estimates of the County's and its component units' total actuarial accrued liability as of July 1, 2021 is $1,082,403,000. The actuarial results noted herein for the County plan, College plan and Library plan are based on an investment rate of return of 6.30%, 5.05% and 1.92%, respectively. The County utilizes NEPC, LLC to provide investment advisor services for the Trust.

A copy of the Anne Arundel Retiree Health Benefits Trust ("OPEB Trust") financial statements may be obtained by contacting Anne Arundel County Office of Personnel, 2660 Riva Road, Annapolis, MD 21401.

Recent Developments

Recent developments concerning the County include:

- On June 14, 2022, the County Council passed the County Executive's $2.2 billion operating budget and $718.8 million capital budget for the fiscal year ending June 30, 2023. The County set the calendar year

2023 County income tax rate of 2.7% for all Maryland income that is $50,000 or less, and a County income tax rate of 2.81% for all Maryland income over $50,000. As a result of the approved progressive income tax rates mentioned above, the effective County tax rate for all County taxpayers will be reduced from the previous flat rate of 2.81%. The property tax rate remained at 0.933 cents per hundred of assessed value.

- The budget included, among other items, (i) funding the Board of Education at maintenance of effort at $834.7 million, which is $50.0 million above the state-required level of funding, and (ii) MERIT increase and Cost of Living Adjustment ("COLA") for County employees.

- Due largely to the federal fiscal recovery funding bills that buoyed the national economy, and our strong employment base, the county's local income tax revenue exceeded FY2022 original budget estimates by $87.5 million. Also, a surprisingly robust real estate market resulted in higher than anticipated recordation and tax revenue, which came in $93.1 million higher than budgeted. Combined with cost savings across County government, this results in a healthy County fund balance of more than $200 million.

- The FY2023 budget made several investments to secure long-term fiscal stability: (i) The approved budget included a $23 million contribution to the revenue reserve fund, also known as the Rainy Day Fund; (ii) The budget also fully funded the annual contribution to our Other Post-Employment Benefits fund, known as OPEB, and (iii) The county lowered the Pension Discount Rate (actuarial assumption of what pension investments will earn in the future) from 7.45% to 7.0%. This will result in a larger annual contribution to the Pension Fund and less dependence on future gains in the stock market. The budget fully funds our annual pension contribution, and includes an additional $16.5 million one-time contribution to reduce our future liability.

(*Remainder of Page Intentionally Left Blank*)

SECTION FOUR: INDEBTEDNESS

General

Under applicable law, general obligation indebtedness of the County may not exceed 5.2% of the assessable basis of real property and 13% of the assessable basis of personal property and certain operating real property in the County. Under applicable law, bonds issued by the County for water or wastewater facilities may not exceed 5.6% of the assessable basis of real property in the Sanitary District of the County and 14% of the assessable basis of personal property and certain operating real property in the Sanitary District. The information hereinafter presented does not include the debt and debt service attributable to those portions of the County's various outstanding bond issues that have been refunded.

No Short-Term Operating Debt

The County intends to manage operations such that no short-term debt will be needed in the future. The County is a party to a revolving credit agreement for a line of credit in a maximum aggregate principal amount outstanding at any one time not to exceed $90,000,000. Pursuant to the terms of the agreement, the County can issue bond anticipation notes to finance capital construction projects. The current line of credit agreement has been amended to extend the term of the agreement to December 14, 2024. The County has not requested any advances under the line of credit agreement.

Tax Supported Debt

The following table sets forth the County's direct net tax supported debt as of June 30, 2022, not including the Bonds offered hereby:

General Obligation Bonds			
General Improvements	$1,337,927,843	(1)	
Water and Sewer	746,462,713	(2)	
Watershed Protection and Restoration	139,614,553		
Solid Waste	43,452,604	(1)	
Total General Obligation Bonds			2,267,457,713
Tax Increment Financing Bonds			61,015,000
Installment Purchase Agreements			13,445,000
Loans from the State of Maryland and Federal			
General Improvements			1,896,672
Long Term Leases			
General Improvements			20,150
Total Direct Debt			2,343,834,535
Less: Dedicated Revenue Source			
Watershed Protection and Restoration	139,614,553	(3)	
Less: Self Supporting Debt			
Water and Sewer Bonds	746,462,713		
Solid Waste Bonds	43,452,604	(4)	
Total Self-Supporting Debt			929,529,870
Net Tax Supported Debt			$1,414,304,665

(1) Long-Term Serial Bonds, Consolidated General Improvements; applicable against the 5.2% of taxable County assessable real property base limit and 13% of personal/operating real property.
(2) Long-Term Serial Bonds, Consolidated Water and Waste Water; applicable against the 5.6% of the total taxable Sanitary District assessable real property base and 14% of personal/operating real property.
(3) Customarily issued as part of Consolidated General Improvements Series; bonds for this purpose are supported by dedication of, if applicable, other revenues deposited to Watershed Protection and Restoration Fund.
(4) Historically issued as part of Consolidated General Improvements Series; bonds for this purpose are supported by project rates or charges prescribed in bond authorization ordinances.
Source: Office of Finance (unaudited).

Charter Property Tax Revenue Limitation

Section 19-103 of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2020 Supplement) provides, in effect, that Section 710(d) of the County Charter shall not impair or be construed to impair the obligation of the County to levy and collect taxes to provide for the payment when due of principal and interest on bonds of the County, or bonds guaranteed by the County, to which the County has pledged its unlimited taxing power, and which were outstanding on December 3, 1992, the effective date of such Charter provision.

Pursuant to the authority of Section 19-207(c)(2) of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2020 Supplement), if County bonds to be refunded are secured as unconditional general obligations with a pledge of the full faith and credit and unlimited taxing power of the County, the County may secure an issue of refunding bonds as unconditional general obligations with a pledge of the full faith and credit and unlimited taxing power of the County in the same manner and with the same force and effect as the original pledge.

Bonds Authorized and Unissued

The following schedule reflects the bonds authorized and unissued under the Authorizing Ordinance that establishes the authority to finance the capital projects in the fiscal year 2022-2023 budget and repeals and re-enacts by consolidation the unissued authority of previous bond authorizing ordinances:

SCHEDULE OF BONDS AUTHORIZED AND UNISSUED

Class of Projects	Authorized
General County	$66,586,121
Education	38,809,067
Education PPI	95,000,000
Police and Fire	31,365,101
Police and Fire PPI	38,588,000
Roads and Bridges	57,218,236
Roads and Bridges Impact Fees	972
Roads and Bridges PPI	29,135,000
Community College	4,744,527
County Libraries	5,696,365
Recreation and Parks	72,003,524
Waterway Improvements	4,187,820
Consolidated Solid Waste	10,870,761
Consolidated Watershed Protection & Restor.	119,488,990
Consolidated General Improvements	573,694,484
Consolidated Water and Wastewater	429,016,627
Total	$1,002,711,111

Source: Office of Finance.

Overlapping Debt

The City of Annapolis is the only incorporated municipality in the County. As of June 30, 2022, the City of Annapolis had $63,082,439 in long-term, general obligation debt. The County is not obligated to pay such debt or the interest thereon and neither the full faith and credit nor the taxing power of the County is pledged to the payment of the principal of or interest on such indebtedness.

Maryland Water Infrastructure Debt

The Maryland Water Quality Revolving Loan Fund is administered by the Maryland Water Infrastructure Financing Administration. As of June 30, 2022, the County had $39,827,713 of outstanding debt under this program, which is not included in the County's net tax-supported debt position. The County's obligation to repay this amount is evidenced by County bonds, which are payable over a 20-year period at below-market interest rates. The source of repayment for these County obligations is the same as that for the County's Water and Sewer Bonds.

Special Tax District Financing

The County currently has four separate special taxing districts that were created by legislation authorizing the issuance of special obligation bonds for the purpose of financing projects in support of these districts. In each case, the bonding authority is for special obligation bonds payable solely from the proceeds of a special tax levied on taxable parcels within such special taxing district. Such special obligation bonds are not backed by the County's full faith and credit. The amounts issued and outstanding are as follows:

	Original Issue	**Outstanding as of January 31, 2023**
Farmington	$2,875,000	$1,345,000
Dorchester	13,885,000	9,730,000
Two Rivers	30,000,000	29,205,000
Arundel Gateway	22,500,000	22,280,000
	$69,260,000	$62,560,000

Tax Increment Financing

The County has passed legislation creating seven separate tax increment districts. Four of the seven districts are supported by special taxing districts created within, or coincident with, such tax increment districts and, for the purpose of financing projects in support of each of these districts, the County has authorized the issuance of special obligation bonds for each special taxing district. The County has also authorized the issuance of special obligation bonds for two of the tax increment districts. In each case, the bonding authority is for special obligation bonds secured by taxes levied on the tax increment districts and, with respect to the special taxing districts, also by special taxes levied on taxable property within the district. Such special obligation bonds may also be backed by the County's full faith and credit. As of January 31, 2023, approximately $56,780,000 in aggregate principal amount of such tax increment and special taxing bonds are outstanding and are guaranteed by the full faith and credit of the County.

Special Community Benefit District Debt

As of June 30, 2022, debt attributable to shore erosion control districts in the County totaled $1,896,672, debt attributable to waterways improvements districts in the County totaled $98,313 and debt attributable to erosion control districts totaled $1,798,359. Ad valorem taxes or special benefit charges are levied on properties within the respective districts to provide for the payment of debt attributable to such districts. These items are included in the County's net tax supported debt position.

Revenue Authority

There is one active revenue authority within the County, which is presented as a component unit in the County's financial statements. This authority was created in February 1998 to acquire, construct, improve, equip, furnish, maintain and operate Tipton Airport. The United States Army, as part of the Fort Meade operation, had previously operated this airport. During fiscal year 2002, title to the land and improvements transferred to Anne Arundel County. The County provides some support to this authority for operating costs and capital improvements. A second authority was created to construct and manage recreational facilities within the County. This recreational authority is currently inactive.

Public School Financing

State Assumption of Public School Capital Construction Costs

Legislation enacted by the Maryland General Assembly in 1971 provides for the assumption by the State, under certain conditions, of the costs of public school construction projects and public school capital improvements on a State-wide basis. This law provides that the State of Maryland will pay the costs in excess of available Federal funds of all public school construction projects and public school capital improvements in the counties and Baltimore City, which have been approved by the Board of Public Works and empowers the Board of Public Works to define by regulation what shall constitute an approved construction or capital improvement cost. On December 30, 1987, the Board of Public Works adopted revised "Rules, Regulations and Procedures for the Administration of the School Construction Program" (the "Revised Rules").

Under these rules, the Board shall establish a maximum State construction allocation which is the maximum State participation for each project when it is being considered for inclusion in an annual capital improvement program for construction funding as follows:

(a) The maximum State construction allocation shall be based on the product of the latest adjusted average statewide per square foot cost of construction for schools in the State and the approved area allowances for the project as limited by the Public School Construction Program capacity and space formula and these rules and regulations.

(b) The average per square foot cost of school construction based on the best cost experience of schools constructed in the prior year(s) shall be published at least annually. The per square foot construction cost shall include site work, and the per square foot building cost shall exclude site work.

(c) The maximum State construction allocation shall also include adjustments for inflation to time of bid, regional cost differences, and a percentage for contingency as determined by the Committee.

(d) The maximum State construction allocation shall be adjusted to reflect the State and local sharing of this expenditure for all projects approved for local planning on or after February 11, 1987. The State share, which represents the maximum State construction allocation for the eligible portion of a construction contract is computed by applying a factor of 50% for the County to the factors cited in sections (a), (b) and (c) above.

Economic Development Revenue Bonds

The County has encouraged industry to locate and remain in the County by, among other things, the issuance of industrial development revenue bonds and pollution control revenue bonds pursuant to the Maryland Economic Development Revenue Bond Act and earlier statutory authority and the Maryland Industrial Development Financing Authority Act. Economic development revenue bonds do not constitute indebtedness nor a charge against the general credit or taxing powers of the County. For more detailed information, see "NOTES TO THE BASIC FINANCIAL STATEMENTS - Conduit Debt" in <u>Appendix A</u>.

Statement of Legal Debt Margin

The following statement presents the County's Legal Debt Margins as of June 30, 2022:

STATEMENT OF LEGAL DEBT MARGINS
As of June 30, 2022

	General Bonded Debt		*Water & Wastewater Utility Bonded Debt*	
Assessed value of real property	$96,882,617,729		$89,350,434,326	
Bonded debt limit to assessed value	5.2%		5.6%	
Bonded debt limit of real property		5,037,896,122		5,003,624,322
Assessed value of personal/operating real property	2,967,103,840		2,790,254,210	
Bonded debt limit to assessed value	13%		14%	
Bonded debt limit of personal property		385,723,499		390,635,589
Legal limitation for the borrowing of funds and issuance of bonds		5,423,619,621		5,394,259,911
Bonded debt applicable to debt limit (1)		1,337,927,843		746,462,713
Bonded debt for Watershed Restoration and Protection projects (2)		139,614,553		-
Installment Purchase Agreements (1)		13,445,000		-
Tax Increment Bonds (1)		61,015,000		-
Bonded debt for Solid Waste projects (2)		43,452,604		
Legal debt margin		$3,828,164,621		$4,647,797,198

(1) See Note 8 of the Basic Financial Statements for explanations of the bonded debt limits.
(2) This presentation of debt for solid waste projects, and watershed protection and restoration projects is considered self-supporting.

Certain Debt Ratios

The following table sets forth the County's ratio of net tax supported debt per capita, ratio of net debt to the County estimated market value, and ratio of tax supported debt per capita to per capita income:

Year Ended June 30,	Tax supported Debt (1)	Estimated Population (3)	Estimated Market Value (2)	Per Capita Personal Income	Tax Supported Debt Per capita	Tax Supported Debt to Estimated Market Value
2022	$1,769,804,000	590,336	$99,849,722,000	$74,738	$2,998	1.77%
2021	1,744,432,000	588,769	97,394,219,000	72,582	2,963	1.79%
2020	1,652,015,000	582,777	94,208,404,000	72,151	2,835	1.75%
2019	1,526,102,000	579,234	90,756,996,000	68,392	2,635	1.58%
2018	1,382,443,000	575,523	87,418,405,000	66,524	2,402	1.52%

(1) Includes fee supported Watershed Protection and Restoration Bonds in the amount of approximately $118.5 million and does not include the Bonds offered hereby.
(2) These figures represent the market value of all taxable property. (See "FINANCES - Property Taxes, Assessments and Collections.")
(3) Population totals are estimates of the County Office of Planning and Zoning.

County Debt Policies

Legal Debt Policy Statement

In passing the Authorizing Ordinance, the County Council adopted the policy statement given below for the purpose of indicating the County's intention with respect to the issuance of bonds authorized thereunder and to guide the County Executive or Chief Administrative Officer, as the case may be, in the exercise of the authority conferred by the Authorizing Ordinance.

(1) It is essential that the County continue to provide, in timely fashion, the public facilities necessary to serve its population, which has increased significantly in recent years, while at the same time retaining and supporting substantial rural and agricultural elements of the County's economy which enable the County to enjoy the benefits of a balanced and diverse economy. All or a portion of the cost of such facilities will have to be financed through the borrowing of money by the County on a reasonably long-term basis in order that the burden of such cost may be equitably apportioned among present and future taxpayers. However, it is equally essential that the credit standing of Anne Arundel County, Maryland, be preserved and, if possible, improved to the end that the cost of borrowing money by the County will not be unduly burdensome. To aid in achieving these basic objectives, the County Executive or the Chief Administrative Officer, as the case may be, shall, to the maximum extent possible, exercise the authority conferred by the Authorizing Ordinance upon them within the following guidelines as well as within the fixed limitations prescribed in the Authorizing Ordinance and County Charter.

(2) Sale of bonds under the Authorizing Ordinance shall be spaced at least six (6) months apart when practicable; provided, however, that bonds may be sold under the Authorizing Ordinance at such other intervals as the County Executive, or the Chief Administrative Officer, as the case may be, may deem advisable due to financial or market conditions prevailing at the time.

(3) To provide an adequate flow of funds for capital projects, to limit amounts borrowed to the costs incurred for such projects, and to facilitate the selection of the most advantageous times for the sale of bonds, bond anticipation notes may be sold for such projects from time to time, repayable from the proceeds of the appropriate series of such bonds, when issued.

(4) The authority conferred by the Authorizing Ordinance shall be so exercised that the estimated maximum annual debt service obligation resulting therefrom plus current debt service payable by the County on outstanding obligations does not exceed an amount equal to twenty percent (20%) of the estimated net amount of all direct and indirect revenues of the County for the current fiscal year, including utility revenues, calculated by subtracting from gross revenues all debt service withheld or to be withheld by the State or any agency thereof during such fiscal year.

(5) All bonds issued and sold by the County under the Authorizing Ordinance shall be unconditional general obligation bonds of the County within the limitations of indebtedness set forth by the Authorizing Ordinance as prescribed by the County Charter and the ordinances enacted pursuant thereto. Before any such bonds are issued for revenue-producing projects of water or wastewater utilities, the County Executive, or the Chief Administrative Officer if authorized by the County Executive, shall determine that the estimated revenues of such projects, or the actual and estimated revenues of such projects and the utilities of which they are a part, are, or will be, sufficient to pay the cost of operation and maintenance of such projects and the maturing principal of and interest on all indebtedness incurred with respect thereto, including such bonds. The authorization by the Authorizing Ordinance of general obligation bonds of the County for revenue producing projects shall not be construed to preclude the County Council from authorizing in the future the issuance of bonds payable solely from the revenues of similar projects or utilities.

The County has adopted a debt management policy (the "Debt Management Policy") which sets forth the borrowing limits pursuant to Resolution No. 17-22 adopted by the County Council on June 21, 2022, which may be amended and supplemented. The County's Debt Management Policy constitutes the local debt policy of the County required by Section 17-207 of the Local Government Article of the Annotated Code of Maryland.

The validity of any proceedings or action taken pursuant to the Authorizing Ordinance shall not be limited by or otherwise impaired by the Debt Management Policy. (See "INDEBTEDNESS – County Debt Policies – Administrative Debt Management Policies" below).

Spending Affordability Committee

The Charter established a Spending Affordability Committee for the County in fiscal year 1991. This committee is charged to make advisory recommendations to the Office of Budget, the County Executive and the County Council relating to spending affordability, including County spending levels to reflect the affordability of the taxpayers to finance County operations and service long-term debt.

The committee members are appointed by the County Executive and confirmed by the County Council. The committee is required to prepare a report every fiscal year. The committee is required to prepare an annual report by the end of January proceeding each fiscal year.

Administrative Debt Management Policies

The County Administration has developed the Debt Management Policy to be used in planning future debt issuance levels. The Debt Management Policy, along with the debt affordability study described below, were developed in order to help the County maintain its creditworthiness while at the same time ensuring that necessary capital projects will be funded. The Debt Management Policy has been adopted to serve as a guideline by the current County Administration with respect to the exercise of debt issuance authority granted to the administration in the Authorizing Ordinance.

The policies set out below consist of the County's current debt ratios and guidelines to be followed in future years. The guidelines apply to general obligation debt payable from the General Fund.

Current Debt Ratios and Future Guidelines
(Unaudited)

	Actual June 30, 2022	Actual June 30, 2021	Current Guidelines
Debt to Estimated Full Value	1.40%	1.43%	2.00%
Debt Per Capita	$2,351	$2,367	$3,000
Debt to Personal Income	3.20%	3.20%	4.00%
Debt Service to Revenues*	8.70%	9.00%	11.50%

*Includes General Fund principal and interest on General Obligation Debt.

Source: Office of Finance.

The guidelines were established to allow the County some flexibility in the event that economic and demographic growth do not meet projections while still setting limits so that needs do not exceed resources and result in an excessive debt burden. In addition to the debt ratio guidelines, the County Administration intends to adhere to the following debt management guidelines:

• *The Administration will conservatively estimate revenues to maintain a positive General Fund balance.* This policy is designed to provide a cushion in the event that there is an economic downturn.

• *The Administration does not intend to issue tax or revenue anticipation notes to fund governmental operations.* The Administration intends to manage the County's cash in a fashion that will prevent any borrowing to meet working capital needs.

• *The Administration does not intend to have any bond anticipation notes outstanding for a period of longer than two years.* If the Administration issues a bond anticipation note for a capital project, the note will be converted to a long-term bond or redeemed at its expiration.

• *The Administration will recommend budget contributions to Pay-As-You-Go financing in each fiscal year.* In order to reduce the future debt service burden, each budget will include a recommended contribution to Pay-As-You-Go financing.

• *The Administration will update the County's debt affordability study each year in conjunction with the capital budget process.* This study will help the Administration monitor the County's debt position and ensure that the debt ratio policies are met.

• *The Administration will continue to examine alternative funding sources in order to provide long-term tax relief.* Funding sources used in the past have included tax increment districts, private sector partnerships, Pay-As-You-Go funding and developer impact fees.

• *In budget recommendations, the Administration will designate impact fees to be collected from developers to fund a portion of the costs associated with school, transportation and public safety facilities necessary as a result of new development.* In addition, the Administration will endeavor to assess other appropriate impact fees, where possible.

Financing Plans

The 2024 to 2028 projected Capital Program includes $1,791,111,192 in projected bond authorizations, of which $1,021,852,192 are projected for tax supported projects including permanent public infrastructure projects. These projected bond authorizations are estimates and may or may not result in bond sales over the course of the five-year period. The County assesses its five-year Capital Program on an annual basis and appropriates funds for projects based on affordability.

Capital Appropriations and Funding Sources

The following Schedule presents the County's current and projected capital appropriations and funding sources approved for fiscal year 2023. Any activity related to the Bonds is not reflected in the schedule:

SECTION FIVE: ECONOMIC AND DEMOGRAPHIC INFORMATION

Description and Government

Anne Arundel County is located approximately thirteen miles east of Washington, D.C. with Baltimore City and Baltimore County as its northern boundary and the Chesapeake Bay as its entire eastern boundary. The County is also bordered by Howard County to the west, Prince George's County to the southwest and Calvert County at its southern tip. The County is situated within the Atlantic Coastal Plain and its terrain varies from flat plains to rolling hills. There is approximately 533 miles of shoreline along the Chesapeake Bay.

Over the past decade, the nature of land use in Anne Arundel County has changed and the County's population has significantly increased. During this period, the County's economy has diversified and continued to grow as a part of the Baltimore-Washington metropolitan region, although it retained much of its rural and agricultural character.

Under the home rule charter since 1965, Anne Arundel County is governed by an elected County Executive and a seven-member County Council. (See "County Administration"). The government seat of Anne Arundel County is located within the corporate limits of the City of Annapolis. The County is authorized to issue debt, subject to certain indebtedness limitations, for the purpose of financing its capital projects and to incur other indebtedness having maturity not in excess of twelve months. (See "Indebtedness").

Population

With a current population of approximately 590,336, Anne Arundel County is the fourth largest jurisdiction in the State of Maryland behind Montgomery, Prince Georges, and Baltimore Counties. Approximately 9.6 percent of the State's total population resides in Anne Arundel County.

According to the U.S. Census Bureau's 2020 Decennial Census, the County grew by approximately 50,650 people (or 9.4 percent) between 2010 and 2020. In actual numbers, this population growth ranked third in Maryland behind Prince George's and Montgomery Counties. In terms of percentage growth, Anne Arundel ranked fifth in Maryland behind Frederick, Howard, Charles, and Prince George's Counties. The majority of the population growth occurred in Odenton, Crofton, Severn, and Jessup/Maryland City, which is located in the western part of the County.

According to the U.S. Census Bureau's 2017-2021 American Community Survey (ACS) 5-Year Estimates, 42.9% of the County's population has obtained a bachelor's degree or higher. Approximately 22.7% of the working population is employed by government agencies, whereas 77.1% is employed in the private sector or self-employed. The median age of persons in the County is 38.5 years old.

The following data table shows the total population and the rate of growth for Anne Arundel County, the State of Maryland, and United States from 2012 through 2021:

Income

Personal Income

Personal Income, as defined by the U.S. Bureau of Economic Analysis, is presented for Anne Arundel County, the State of Maryland and the United States in the following table:

ANNE ARUNDEL COUNTY, MARYLAND, AND UNITED STATES AVERAGE PER CAPITA PERSONAL INCOME

Calendar Year	Anne Arundel County	Maryland	United States	Anne Arundel as a Percentage of Maryland	Anne Arundel as a Percentage of U.S.
2021	$76,059	$69,817	$64,143	108.94%	118.58%
2020	72,003	65,685	59,765	109.62%	120.48%
2019	68,225	62,989	56,250	108.31%	121.29%
2018	66,510	62,313	54,098	106.74%	122.94%
2017	64,723	60,758	52,118	106.53%	124.19%
2016	62,866	59,029	49,870	106.50%	126.06%
2015	61,288	56,877	48,940	107.76%	125.23%
2014	58,960	54,431	47,025	108.32%	125.38%
2013	57,060	52,792	44,826	108.08%	127.29%
2012	56,962	53,320	44,582	106.83%	127.77%

Source: U.S. Department of Commerce, Bureau of Economic Analysis data November 16, 2022; new estimates for 2021. November 16, 2022 revised statistics for 2019-2020.

In 2021, Anne Arundel County had a per capita personal income ("PCPI") of $76,059. This PCPI ranked 4th in the State and was nearly 109% of the State average, $69,817, and just over 118% of the national average, $64,143. The 2021 PCPI reflected an increase of 5.6% from 2020 and ranked 17th in the State in terms of annual percentage growth. The 2020-2021 State change was 6.2% and the national change was 7.3%. In 2011, the PCPI of Anne Arundel County was $55,607 and ranked 4th in the State. The ten-year (2012-2021) compound annual growth rate of PCPI was 3.2%. The compound annual growth rate for the State was 2.9% and for the nation was 4.1%.

Median Household Income

The median household income divides the income distribution into two equal groups: households having incomes above the median and households having incomes below the median. According to the 2017-2021 ACS, the median household income of the County was $108,048, well above the median household income of the State of Maryland, $91,431, and the Country, $69,021. The following table compares median household incomes of the County, State, and the Country for the years 2017 through 2021.

ANNE ARUNDEL COUNTY, MARYLAND, AND UNITED STATES
MEDIAN HOUSEHOLD INCOME

Geography	2021	2020	2019	2018	2017
Anne Arundel County	$108,048	$103,225	$100,798	$97,810	$94,502

Total Wages

Total Wages is the sum of all compensation for services. This includes bonuses, commissions, tips and cash value of all compensation in any medium other than the value of meals and lodging. This is an indicator for evaluating the economic activity of a county. Total Wages in the County for calendar years 2013 through 2022 are as follows:

ANNE ARUNDEL COUNTY AND THE STATE OF MARYLAND
TOTAL WAGES

	Anne Arundel County		State of Maryland	
Year	Total Wages	Percent Increase	Total Wages	Percent Increase
2022	$4,751,672,095	7.81%	$47,333,429,016	6.74%
2021	4,407,495,990	9.27%	44,346,157,078	10.48%
2020	4,033,595,215	-2.53%	40,140,279,767	-3.37%
2019	4,138,263,721	3.66%	41,539,351,934	3.97%
2018	3,992,035,036	3.69%	39,953,807,500	4.27%
2017	3,850,019,879	5.94%	38,319,462,568	3.79%
2016	3,634,251,062	5.08%	36,918,468,397	4.04%

Employment Base

Information on the employment base of a jurisdiction helps one to understand the diversity and health of the local economy. Job growth by industry and local unemployment rate provide insight into the strengths and weaknesses of the local economy as compared to the State.

The chart below shows employment by industry profile for Anne Arundel County and the State of Maryland using the North American Industry Classification System, which was introduced as a standard in 2001. Included are all workers covered by the Unemployment Insurance Law of Maryland and the Unemployment Compensation for Federal Employees program.

Employment

In 2022, the County's unemployment rate continued to improve to 3.0% due to relatively strong demand for workers as the County continues to recover from the impacts of the COVID-19 pandemic. The County still faces headwinds going forward as uncertainty still persists with rising interest rates and concerns for a potential recession in the second half of 2023. Inflation still remains a concern as levels near 40-year highs continue to persist. Although supply constraints are easing, higher interest rates and fears of worker layoffs weigh heavily on the economy. The demand for workers still remains high and has kept unemployment near all-time lows. This has been the one bright spot on the economy. In comparison to the State of Maryland, which averaged 2.8%, and the United States averaging 3.6%. Anne Arundel County maintained a job loss just above the State and significantly less than the national averages in 2022, averaging 315,495 jobs on the payrolls. The following table presents the County's annual average labor force, employment and unemployment for the years 2013 through November 2022 statistics:

Anne Arundel County's Resident Labor Force
Employment and Unemployment

	Labor Force	Employment	Unemployment	Unemployment Rate
2022 (1)	315,495	306,132	9,363	3.0%
2021 (2)	308,074	296,286	11,788	3.8%
2020 (3)	305,213	288,887	16,326	5.3%
2019 (4)	321,046	312,383	8,663	2.7%
2018 (5)	310,740	301,401	9,339	3.0%
2017 (6)	309,851	299,647	10,204	3.3%
2016 (7)	305,061	294,347	10,714	3.5%
2015 (7)	302,888	289,471	13,417	4.4%
2014 (8)	295,723	280,492	15,231	5.2%
2013 (9)	307,441	288,495	18,946	6.2%

New Business Addition and Expansion Highlights Calendar Year 2022

In calendar year 2022 Anne Arundel Economic Development Corporation ("AAEDC") tracked 340 businesses, categorized as new, expanding, under new ownership and relocated, that brought new jobs to the County. The warehouse and distribution sector continues to experience strong growth with major transactions such as the following:

- Window Nation signed a lease for 23,000 square feet in the Cromwell Business Park off I-97 to consolidate their showroom and warehouse.

- Scannell Properties closed on four parcels on Ridge Road in Hanover where it hopes to build a 130,000square foot warehouse.

- Microsoft purchased properties off Dorsey Run Road in the Annapolis Junction Business Park for $75 million to add two buildings over 171,000 square feet in two data centers.

Economic Development Projects

Fort Meade Federal Campus/National Security Agency

Fort George G. Meade ("Fort Meade") is a 5,067-acre facility located east of the intersection of state highways 32 and 295 in western Anne Arundel County. Fort Meade provides support services to 119 Department of Defense ("DoD") and non-DoD organizations representing all military branches and several federal agencies. Major tenants include National Security Agency ("NSA"), Defense Information Systems Agency ("DISA"), U.S. Cyber Command, Joint Force Headquarters-DoD Information Network, U.S. Army Central Personnel Security Clearance Facility and the U.S. Environmental Protection Agency Science Center. The installation has the second largest workforce of any Army installation in the United States and is the largest employer in Maryland when Fort Meade and NSA employees are combined. The estimated work force at Fort Meade is 63,000 with military, civilian and contractor employees. Fort Meade provides annual compensation of an estimated $9 billion, an economic impact of $21.6 billion, and supports 167,696 direct, indirect and induced jobs.

The mission of Fort Meade has expanded as the installation has become the "Nation's Center for Information, Intelligence and Cyber Operations." The 242-acre "East Campus" section of Fort Meade has seen $2.2 billion in construction projects through FY2022, with another $775.0 million currently in the construction phase and due for completion by the end of FY2023. The East Campus project includes multi-story office buildings, secure administrative spaces, large parking structures, cyber operations center, power stations, an access control point, and a road connecting the buildings throughout the campus. The recently completed state-of-the-art Morrison Center at the National Security Agency's East Campus will soon serve as the hub for NSA's most critical missions and will be the home to the National Security Operations Center (NSOC).

Source: Fort Meade Information Sheet, December 2022; Maryland Economic Impact Study of Military Facilities FY2016 update; U.S. Army Corps of Engineers, East Campus Fact Sheet, February 2021.

Odenton Town Center

The Odenton Town Center ("OTC") incorporates an area of 1,233 acres located in the western part of Anne Arundel County in close proximity to Fort Meade. The OTC is located in the center of an area that has experienced tremendous residential and business growth in recent decades and is expected to experience even more growth in the decades to come.

According to the OTC 2022 Annual Report, four projects were completed in FY2022. These include two residential projects at OTC at Seven Oaks (a 270-unit, six-story apartment building and a community of 198 townhomes), a residential project at Odenton Station (48 townhomes, three single-family homes, one existing single-family home, and a 2,500 square-foot office to be built as residential), and a car wash on Annapolis Road.

Anne Arundel County is planning to build a parking garage close to the Odenton MARC Train Station with 1,000 parking spaces. That project is currently in the design phase and expects to be completed by 2025.

Development of the OTC involves capital projects needed to provide critical transportation, utility, and recreational infrastructure. Such projects are typically funded by County funds allocated in the Capital Budget and Program, by Federal and State grant funds that generally require matching funds from the receiving local government, through public-private partnerships between the County and/or State and private development interests, and/or by private developers.

The Maryland SHA has studied the MD 175 corridor from MD 295 to MD 170 and improvements are either completed or are underway. Improvements include road-widening, the addition of bicycle and pedestrian facilities, and intersection improvements. Fort Meade set entrance gates back from the entry points along MD 175 pulling traffic off local roadways entering the post.

Economic Development Initiatives

Inclusive Ventures Program (IVP)

In the spring of 2021, the Anne Arundel Economic Development Corporation launched the Inclusive Ventures Program ("IVP") which provides business education, mentoring and an operating grant to small, minority, woman and veteran entrepreneurs whose businesses are based in Anne Arundel County. In its first two years of operation, the IVP served 41 businesses. In June of 2022, County Executive Pittman pledged about a million dollars of the County's American Rescue Plan Funds to expand the Inclusive Ventures Program. The County's investment will allow AAEDC to offer double the number of cohorts per year from two to four and thus accommodating more business owners in the program over the next two years.

Source: Anne Arundel Economic Development Corporation.

Arundel Community Reinvestment Program (ACR)

The Arundel Community Reinvestment ("ACR") loan program encourages economic activity in the County's eleven commercial revitalization districts. The ACR loan fund offers qualified business and property owners zero interest loans for improvements to the exterior and interior of their business or property. Currently, Anne Arundel Economic Development Corporation has fifteen outstanding loans in the aggregate amount of $670,284.

Source: Anne Arundel Economic Development Corporation.

VLT Loan Program

AAEDC is one of nine fund managers designated by the State of Maryland for a $15.8 million loan fund for the Small, Minority, Veteran and Women-Owned businesses in Maryland. The loan program is funded by 1.5% of the video lottery terminal ("VLT") revenue from Maryland casinos. Under State guidelines, 50% of loan funds available must be placed within 10 miles of six existing VLT sites at Arundel Mills (Anne Arundel County), Perryville (Cecil County), Ocean City (Worcester County), National Harbor (Prince George's County), Horseshoe Casino (Baltimore City), and Rocky Gap (Allegany County). Currently, Anne Arundel Economic Development Corporation has 71 outstanding loans totaling $6.7 million.

Source: Anne Arundel Economic Development Corporation.

Next Stage Loan Fund

To assist growing technology companies working in the national security space, AAEDC created the Arundel Defense Tech Toolbox in July of 2017. The toolbox offers a menu of financing, a workforce development grant and business development consultations specifically aimed at assisting technology companies with gross revenue of less than $5 million and fewer than 100 employees. The signature component of the Toolbox is the Next Stage Tech Fund, a financing program offering zero percent loans from $50,000 to $250,000. Loans can be structured with flexible payment terms between one and five years to accommodate a company's cash flow. Currently, Anne Arundel Economic Development Corporation has three outstanding loans totaling $379,076.

Source: Anne Arundel Economic Development Corporation.

Glen Burnie Town Center Revitalization Plan

AAEDC participates in the Glen Burnie Revitalization Implementation Task Force, a group that aims to provide a framework for Anne Arundel County and private sector partners to guide investment in the Glen Burnie Town Center. In January 2022, the task force published the Glen Burnie Town Center Revitalization Plan, a market analysis and planning study that describes and illustrates the potential revitalization of multiple blocks in the historic heart of the town center at the intersection of Baltimore Annapolis Boulevard and Crain Highway. In October, DHCD awarded AAEDC a $250,000 grant to implement three initiatives within the plan including the installation of signage and public art and improvements to the B&A trail trailhead.

Transportation

Light Rail

The light rail service is a 30-mile system linking Hunt Valley in Baltimore County to the Cromwell Station in Glen Burnie via downtown Baltimore. It operates seven days a week with runs every 20 minutes, carrying an average of 23,000 riders per day. The light rail system in Anne Arundel County connects Baltimore/Washington International Thurgood Marshall Airport with Baltimore City and business and retail centers in Northern Anne Arundel County. Opportunities exist throughout the line to transfer to other means of public transportation. More than 90% of the 30-mile system consists of double tracking allowing for more frequent service, accommodating more passengers and improving the reliability and safety of the light rail program.

Source: Maryland Department of Transportation, MD.gov Open Portal Stats/data.maryland.gov.

Rail Service

Maryland Rail Commuter service ("MARC") is a State-owned, 187-mile, 3-line system operating between Washington, D.C., Baltimore, MD, Martinsburg, WV, and Perryville, MD. There are forty MARC system stations with parking available at most rail stops. The MARC Camden Line originates in downtown Baltimore and runs through the Anne Arundel County section of Laurel to Union Station in Washington, D.C. The MARC Penn Line runs through BWI Thurgood Marshall Airport and Odenton to Union Station. An Odenton/MARC Shuttle Bus Service, operated by the Regional Transit Agency of Central Maryland, offers a shuttle service from the Odenton station to Arundel Mills Mall and Waugh Chapel in West County with various stops. Other rail service offered includes the Amtrak Metroliner service from BWI Thurgood Marshall Airport to New York City and weekend service to the Wilmington, Philadelphia, and Washington, DC areas.

Maryland offers businesses two class-one rail carriers, CSX Transportation and Norfolk Southern freight carriage service to the Port of Baltimore. Maryland's freight rail service offers shippers an efficient rail service to all U.S. interior points, Canada and Mexico. Construction on Baltimore's Howard Street Tunnel is underway and once completed will allow double-stacked container cars to pass underneath, thus enhancing productivity at the Port of Baltimore.

Roadways

The County has a well-maintained and easily accessible highway system, facilitating the movement of goods and people throughout the region. There are three major north/south arteries (I-97, Rt. 2, and the Baltimore-Washington Parkway Rt. 295) and three major east/west highways (Rt. 50/301, Rt. 100, and Rt. 32). Trucks leaving the Port of Baltimore or BWI Thurgood Marshall Airport have access to a superior state and interstate highway system, including I-95, I-695, and I-70 that allows goods to reach one-third of U.S. consumer markets in an overnight drive.

The fiscal years 2019-2024 Maryland Department of Transportation Consolidated Transportation Program is $16.4 billion with half of that being allotted to the State Highway Administration for road projects. The Maryland Department of Transportation continues to be committed to projects that invest in Maryland's transportation system resulting in job creation and the support of Maryland industries and businesses. Efforts continue to address traffic congestion on MD 175. Construction is complete on the intersection improvements along MD 175 at Mapes Road and Reece Road, which improved turn lanes and added bike lanes, a security fence and tree buffer along Fort Meade's property.

Trucking Services

Maryland's strategic location midway along the East Coast allows trucks to reach more than one-third of the U.S. markets within an overnight drive, transporting 96% of the total manufactured tonnage in Maryland. Over 20,500 private haulers and independent, common, and contact carriers operate within and from Maryland. These companies provide 116,000 trucking industry jobs in Maryland. The Port of Baltimore (the "Port") and the Airport are thriving hubs for freight forwarders, trucking companies, warehousing and distribution facilities. Both conventional and specialized trucking services are available at the port and airport.

Source: Maryland Distribution Council; Maryland Motor Truck Association.

Bus Service

Anne Arundel County has a variety of public and private bus systems that service the City of Annapolis and many residential, shopping, and employment centers of not only Anne Arundel County but regionally. Services are provided by Maryland Transit Administration ("MTA"), Anne Arundel County Transportation, Annapolis Transit, Regional Transportation Agency, MTA Commuter Bus Service, Young Transportation Service and Washington Metropolitan Area Transit Authority.

These bus services coordinate with Anne Arundel County to develop new bus service to business parks and other workplace centers as the need arises.

Air Services

Baltimore/Washington International Thurgood Marshall Airport ("BWI") is a 3,596-acre State operated facility that is part of the Maryland Aviation Administration under the authority of the Maryland Department of Transportation. The airport is the busiest in the Washington-Baltimore Metro region (enplanements) and offers a 2.4 million square foot passenger terminal with five concourses and 75 aircraft gates with two gates dedicated to commuter aircraft. Thirty-six airlines (including commuter, charter, and cargo airlines) serve the airport with an average of 670 daily flights. Light Rail, Amtrak, and MARC train service are available connecting the airport with many destinations in Washington and the Baltimore area.

Currently, a 92,000 square foot aircraft maintenance facility is planned with a 300,000 square foot apron. This is in addition to the new 200,000 square foot cargo building and the recently completed 55,000 square foot, five-gate expansion of concourse A.

For fiscal year 2022, BWI managed 21.4 million enplanements, ranking it the 22nd busiest airport in the United States. Enplanements for fiscal year 2022 increased by 60.9% to 10.6 million, after the COVID-19 pandemic severely curtailed traffic from March 2020 through the end of June 2021. Air cargo activity at the airport decreased slightly during fiscal year 2022. Cargo tonnage at the airport decreased by 1.2% in fiscal year 2022 compared to fiscal year 2021. The airport accounted for nearly 55.6% of the freight transported in the U.S. Capital Region during that period.

Tipton Airport

As a result of the Base Realignment and Closure Act of 1988, Tipton Army Airfield at Fort Meade was privatized for civilian use. The 366-acre airport reopened as a public facility in November 1999. Bordered by Fort Meade, the National Security Agency, and the Patuxent National Wildlife Refuge, Tipton is almost equal distance from Baltimore, Washington, Annapolis, and Columbia.

Tipton Airport is located on Rt. 32 and minutes from the Baltimore-Washington Parkway, BWI Thurgood Marshall, I-95 and I-97. The airport currently accommodates 113 sport, recreational, private, and business aircraft. Available facilities include a recently resurfaced 3,000' x 75' runway, which is planned to be extended another 1,200'; acres of concrete apron; 4 large hangers with more than 78,000 square feet of aircraft storage space and more than 34,000 square feet of aircraft maintenance and office space, self-serve fuel stations, and flight training is available. In

December 2022, 95 aircraft were based at Tipton Airport including 74 single engine, 7 multi-engine, and 14 helicopters.

Port of Baltimore

The Port is located in Baltimore in the center of the Washington-Baltimore Common Market, the fourth largest consumer market in the nation. This location makes it the closest Atlantic seaport to major mid-western populations and manufacturing centers and within a day's reach to one-third of U.S. households. The Port is one of only two eastern U.S. ports with a 50-foot shipping channel, allowing it to accommodate some of the largest container ships in the world. In 2021, the Port introduced a second 50-foot berth. In 2022, four new Neo-Panamax cranes came online which will, when combined with the reconfigured terminal, allow the port to increase import capacity. The Port ranks number one in the nation in handling cars and trucks, and in Roll On/Roll Off cargo.

The Port is one of the top ten major employment centers in the State supporting 37,300 jobs, 15,330 of which are direct jobs generated by cargo and vessel activities at the port. The Port generates approximately $2.6 billion in business revenues in the State of Maryland. Activities at the Port generate another $395 million in State, county and municipal tax revenues. Approximately $15.8 million in federal Consolidated Rail Infrastructure and Safety Improvements funding is set to come to the State to add four new working tracks and two crane rail beams within the Port's Seagirt Marine Terminal.

Located in the Port, Trade Point Atlantic is a 3,300-acre development that includes manufacturing, warehouses, and deep-water berths. The facility has over 11.5 million square feet of developed space with an additional 3.5 million square feet under construction. Trade Point Atlantic features a unique combination of access to deep-water berths, railroads, and highways to meet supply chain needs.

Source: www.tradepointatlantic.com.

Cruise activity at the Port supports 600 direct, induced and indirect jobs and generates $90 million in economic activity for Maryland. More than 200,000 passengers launch from the Port on Carnival and Royal Caribbean Cruise Lines sailing to Bermuda and the Caribbean Islands each year.

Tourism

Anne Arundel County leads all other Maryland counties in generating economic impact through travel. In 2021, over 6 million travelers visited Anne Arundel County to enjoy the many attractions and amenities including but not limited to, the 508 miles of shoreline, the historic Annapolis area, the U.S. Naval Academy, the annual boat shows and festivals and Arundel Mills/Live! District. During their stay, travelers spent an estimated $3.09 billion. The tourism industry in Anne Arundel County supports 23,246 direct and indirect jobs. These tourism jobs generate $1.61 billion in direct and indirect payroll income. Tourism expenditures in the County account for $694 million in State and local taxes. These revenues provide needed infrastructure monies for general fund projects and services.

Anne Arundel County generated $17.6 million in gross hotel tax in fiscal year 2022, an increase of 27.8% over fiscal year 2021. Live! Casino, a 330,000 square foot gaming facility, opened an adjacent 310-room hotel and convention center with additional amenities and restaurants. A 4,000-seat, three-story, multi-use theater, concert, and event venue was new in 2020 with approximately 40,000 square feet of customizable meeting and banquet space. In fiscal year 2022, Live! Casino generated $714.0 million in revenues from Video Lottery Terminals and Table Games, an increase of 14.7% over fiscal year 2021. Of that revenue, $298.8 million went to various public funds in the State with $38.7 million going directly to local jurisdictions including Anne Arundel County.

Housing

According to the 2020 census, the County had 219,971 housing units, representing a growth of 7,412 units since the 2010 census. Single-family (detached and attached) units account for approximately 77% of total units.

According to the Maryland State Department of Planning Data Center, from 2000 to 2020 Anne Arundel County ranked first in new construction in the Baltimore metropolitan region (defined as Anne Arundel County, Baltimore County, Carroll County, Harford County, Howard County, and Baltimore City). In 2020, Anne Arundel County was ranked third behind Prince Georges and Frederick Counties in the State while in 2019 Anne Arundel was ranked second to Montgomery County in the State for new housing units.

(*Remainder of Page Intentionally Left Blank*)

The following table compares new housing units authorized for construction between 2012 and 2021 with the State:

Source: Maryland Department of Planning, State Data Center 2021 New Housing Units Authorized for Construction.

According to the Census Bureau's latest 2021 American Community Survey 5-year estimate, the median home value in Anne Arundel County was $380,600 (margin of error +/-$3,671), which is $42,100 higher than the median value in the State of Maryland ($338,500 with a margin of error +/-$1,015). Gross median rent was $1,764 (margin of error +/-$23) per month in Anne Arundel County and $1,485 (margin of error +/-$7) per month in Maryland.

Construction Activity

In fiscal year 2022, the number of New Commercial permits issued increased compared to fiscal year 2021. Construction costs for New Commercial permits for fiscal year 2022 were also higher due to several large scale projects. There were ten New Commercial permits having an average cost of $22,026,059 per project. The project with the highest construction cost for fiscal year 2022 was for a new public school with a construction cost of $34,000,000. Other Commercial projects saw a slight increase in permits issued as well as an increase in construction costs compared to fiscal year 2021.

The number of New Residential permits issued in fiscal year 2022 remained constant compared to fiscal year 2021 but had a slightly lower overall construction cost. There was a slight decrease in the number of Other Residential permits issued compared to fiscal year 2021 and the County saw a slight decrease in overall construction cost.

It is anticipated that the overall number of permits issued in fiscal year 2023 will be flat or slightly down compared to fiscal year 2022. Building permit data for the last five fiscal years is shown below:

BUILDING PERMITS

SECTION SIX: COUNTY ADMINISTRATION

General

Under its Charter, the County's executive functions are vested in the elected County Executive and the Chief Administrative Officer. The County Council is the County legislative body and its seven members each represent one of the seven relatively equally populated councilmanic districts in which the elected Council member must reside. Each current County Council member was elected by the district that he or she represents. Council members and the Executive (who is elected county-wide) serve four-year terms, with a two-term limit.

Each member of the County Council has one vote, and a simple majority of the County Council is sufficient to pass legislation in the absence of higher voting requirements. Emergency bills require the vote of five County Council members, as do County Council actions to override a veto by the County Executive. The County Council elects its own chairman annually. A chart of the County government organization may be found on the following page.

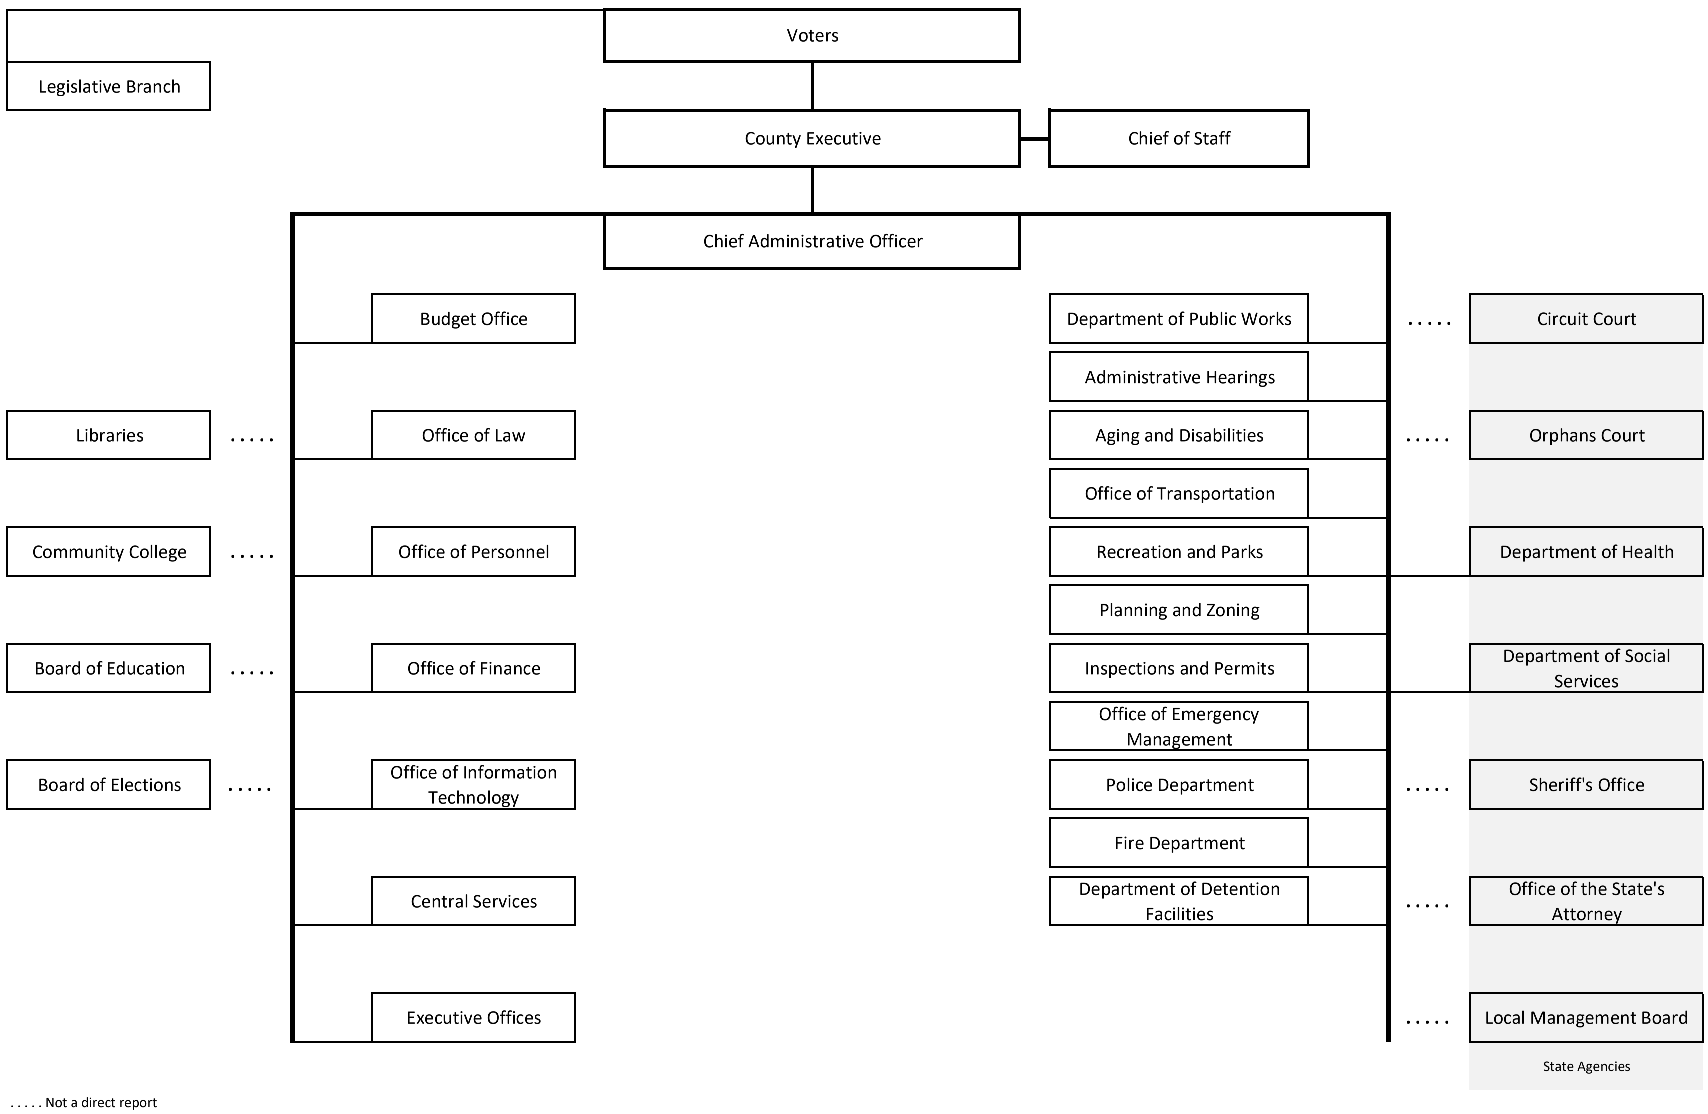
The County's financial matters are administered through the Office of Finance by the Controller of the County. The Controller is appointed by the County Executive on the basis of experience in financial administration and skill in public administration and governmental budgeting, and serves under the supervision of the Chief Administrative Officer. The Controller is charged with the administration of the financial affairs of the County, which generally include: the collection of State and County taxes, special assessments, water and wastewater utility charges, fees and other revenues and funds of every kind due to the County; the enforcement of the collection of taxes in the manner provided by law; the custody and safe-keeping of all funds and securities belonging to or by law deposited with, distributed to, or handled by the County; managing the level of County debt and making required payments thereon; the disbursement of County funds; the keeping and supervision of all accounts; and such other functions as may be prescribed by the Chief Administrative Officer or by legislative act of the County Council not inconsistent with the Charter of the County.

With respect to budget matters, the Office of the Budget, headed by the Budget Officer, appointed by the County Executive and under the supervision of the Chief Administrative Officer, is responsible for formulating the budget; studying the organization, methods, and procedures of each office, department, and agency of the County government; the submission to the Chief Administrative Officer of periodic reports on efficiency and economy; and such other duties and functions as may be assigned by the Chief Administrative Officer or by legislative act of the County Council not inconsistent with the County Charter.

Under the Charter, the County Executive has the power to appoint, without confirmation of the County Council, the Chief Administrative Officer, Budget Officer, County Controller, Personnel Officer, Planning and Zoning Officer, Director of Inspection and Permits, Administrative Hearing Officer, Director of Public Works, Director of Aging and Disabilities, Superintendent of Detention Facilities, Central Services Officer, Director of Information Technology, and Director of Recreation and Parks. The County Executive has the power to appoint, with confirmation of the County Council, the County Attorney, the Chief of Police, and the Fire Chief. The County Council may prevent the County Executive's removal of the County Attorney by a vote of at least five members.

The current County Charter allows for flexibility in reorganizing the executive branch. On the recommendation of the County Executive, the County Council, by an ordinance known as a reorganization ordinance, may create new offices, departments, bureaus, divisions or other units of the executive branch; may reorganize, reassign or abolish existing officers, departments, bureaus, divisions or other units of the executive branch of the County government; and may provide for the unit of the executive branch to report directly to the County Executive.

Anne Arundel County, Maryland



Organizational Chart is at 3/19/19.

County Executive, Certain Appointed and Legislative Officials

Executive

STEUART PITTMAN, County Executive, was elected after his first campaign for public office in 2018. Born and raised on his family farm in Davidsonville, Mr. Pittman graduated from University of Chicago and then went on to work as a community organizer in Chicago and Des Moines, Iowa. In that role, he built neighborhood organizations, confronted environmental hazards, and attracted private investment to blighted communities. Once back home, Mr. Pittman coordinated national programs for National Low Income Housing Coalition and Association of Community Organizations for Reform Now (ACORN) before starting his own business as a farmer and horse trainer. He is best known in the horse industry for creating Retired Racehorse Project, an award-winning national nonprofit that is responsible for transitioning thousands of racehorses into second careers.

Mr. Pittman's philosophy of government is both conservative and progressive. As a farmer, he worked hard against onerous regulations that had no public benefit and promoted policies to make the industry commercially viable. As a Director of the Anne Arundel County Soil Conservation District, he pushed for compliance with erosion and sediment control standards to protect local waterways. As County Executive, Mr. Pittman has pledged to make Anne Arundel County "The Best Place – For All," by "Putting Communities First." His strategy is to engage communities from every sector and to practice transparency and data-driven policymaking.

Appointed

CHRISTINE ANDERSON, is Chief Administrative Officer of Anne Arundel County. Ms. Anderson is a seasoned veteran of local and state government posts. Before serving as Chief Administrative Officer, she led the Office of Central Services where she managed county facilities, fleet, procurement, and other essential functions of county operations. As Director, she oversaw more than 2,200 county buildings and properties, procurements totaling in excess of $425 million annually, maintenance of all County equipment and vehicles, and has been implementing the County's electric vehicle program. Prior to joining the County, Ms. Anderson worked for the Maryland Department of Transportation in finance and administrative functions and for the Maryland General Assembly.

CHRIS TRUMBAUER, Budget Officer, was appointed Budget Officer on January 7, 2021, after serving as Budget Officer since October 12, 2020. Mr. Trumbauer also serves as a senior policy advisor to the County Executive. Prior to that, Mr. Trumbauer was the Director of Policy and Communication, serving as the main liaison between the County Executive's Office and the Budget Office. He served two terms as a County Councilmember from 2010-2018, where he played a lead role in annual budget deliberations. He has a Bachelor's of Science degree from University of Maryland.

BILLIE PENLEY, Controller, was appointed effective March 16, 2023. Over Ms. Penley's 29 years with Anne Arundel County government, she has taken on increasingly responsible roles in safeguarding the County's fiscal position. She began her career in the County's Office of Finance with financial reporting, system implementation, and managing the Office's customer service call center. Ms. Penley later transferred to the County's Budget Office where she oversaw the County's Capital Budget Program. She then joined the County's Department of Health, serving as Chief Financial Officer where she coordinated the Department's fiscal response to the COVID-19 pandemic. She returned to the Office of Finance as Assistant Controller to supervise County revenue billing and collection functions prior to becoming Controller.

GREGORY J. SWAIN, County Attorney, was appointed effective December 4, 2018. Mr. Swain has been with the Office of Law since 2011, serving as a Senior Assistant County Attorney and Supervising County Attorney. Before joining the Office of Law, Mr. Swain was the principal attorney at The Swain Law Group with an extensive practice of law in civil and criminal matters focusing on zoning and land use before administrative tribunals, trial and appellate courts of Maryland and the United States District Court.

Mr. Swain holds a Bachelor of Arts degree from St. Mary's College of Maryland and a Juris Doctor degree from the University of Baltimore School of Law. Mr. Swain is a member of the bars of the State of Maryland, United States District Court of Maryland, United States Court of Appeals, and the United States Supreme Court.

JILL SEAMON, Interim Chief Executive Officer of the Anne Arundel Economic Development Corporation ("AAEDC"), was appointed in June 2022. It is her latest role in almost 30 years of service in Anne Arundel County. She was appointed to the position by County Executive Steuart Pittman in June 2022.

Prior to this appointment, Mrs. Seamon was AAEDC's Administrative Officer. In this capacity, she oversaw the Corporation's finances, investments, payroll, human resources and vendor contracts.

Mrs. Seamon began her County career in 1990 serving in the office of then County Executive O. James Lighthizer. Soon after, she transitioned to the County's Office of Economic Development managed by Samuel F. Minnitte, Jr. In 1993, County Executive Robert R. Neall privatized the County's economic development role, leading to the creation of the AAEDC. Mrs. Seamon assisted then CEO Mike Lofton during the transition and took on the role of managing the corporation's finances. As her portfolio of responsibilities grew, she was given the commensurate title of Administrative Officer. Mrs. Seamon is a resident of Annapolis.

Legislative

PETE SMITH, Councilmember, First District, is serving his second term on the Council and is currently the Chair. Mr. Smith was elected to serve as Councilmember for the First District in Anne Arundel County from 2012 to 2018 and was the Council Vice Chair in 2015. He previously served as the Military and Veterans Liaison for Anne Arundel County. He currently serves as a comptroller for the Department of Defense. He has served in the United States Marine Corps for 24 years with 13 years of active-duty service and is an Intelligence Officer in the Marine Corps Reserves. He is a member of the American Society of Military Comptrollers and he serves as the Toys for Tots Anne Arundel County Coordinator. Mr. Smith lives in Severn and has two children.

* * *

ALLISON M. PICKARD, Councilmember, Second District, is serving her second term on the Council and is currently the Vice Chair. She graduated from The College of Charleston with a Bachelor of Arts Degree in Sociology and a minor in Political Science. She continued her education by earning a Master's Level Certificate in Non-Profit Management from Georgetown University. She has over a decade of professional experience in the field of Senior Housing and Senior Services. This experience spans all sectors to include public, private and non-profit and culminated in serving as the Director of Community Programs with Iona Senior Services in Northwest, Washington DC where she oversaw the management of the Older Americans Act grant exceeding $1 million dollars annually. She was responsible for planning and developing new programs, diversifying revenue sources, and raising community awareness for services. Ms. Pickard's commitment to the elderly began after serving two terms with AmeriCorps National Civilian Community Corps where she led a 12-member team in a residential program that completed projects across a 17-state region. Ms. Pickard had the privilege to also serve as Staff Assistant to US Senator Ernest F. Hollings of South Carolina during her last 2 years of College. Prior to being elected to the Anne Arundel County Council, Ms. Pickard was active in numerous civic and community organizations. Ms. Pickard served on her homeowners association, Oakwood Elementary PTA, Unity Gardens, and Missions Commission of St. Margaret's Church. She was awarded Anne Arundel County Public School's Volunteer of the Year Award in 2013 for her work at Oakwood Elementary in Glen Burnie where all three of her children went to school. Ms. Pickard was appointed to the Anne Arundel County Board of Education representing Legislative District 33 in June of 2015. While serving on the Board of Education, she served as the Chair of the Policy Committee and the Legislative Committee of the Maryland Association of Boards of Education. Ms. Pickard also served as President of the Anne Arundel County Council of PTA's and Vice Chair of the School Board Appointment Commission. Ms. Pickard resides in the Millersville area with her husband and their three children.

* * *

NATHAN VOLKE, Councilmember, Third District, is serving his second term on the Council. Mr. Volke grew up in Pasadena and attended Anne Arundel County Public Schools, graduating from Chesapeake High School. He is also a graduate of University of Maryland Baltimore County with a B.A. degree in Political Science and University of Baltimore with a J.D. degree. After graduating from law school, Mr. Volke clerked for Judge Paul F. Harris, Jr. on the Circuit Court for Anne Arundel County, then entered private practice where he currently concentrates on family law litigation. He previously served on the Anne Arundel County Library Board of Trustees and was the

Chair of the Anne Arundel County Republican State Central Committee. He serves on the Board of Trustees for the Maryland Environmental Trust. He is a member of the Anne Arundel County Bar Association, Pasadena Business Association and the North County Republican Club. Mr. Volke lives in Pasadena with his wife and their two children.

* * *

JULIE K. HUMMER, Councilmember, Fourth District, is serving her first term on the Council. Ms. Hummer earned a degree in English from the University of Virginia and a master's degree in special education from Old Dominion University. Her varied career history includes roles in the education field as a special education teacher and in the financial realm as an assistant vice president with First Union Bank. Her education background and advocacy work as PTA president at her children's elementary school led to her appointment to the Anne Arundel County Board of Education from 2015-2020. During her tenure as both vice president and president, the Board was twice awarded the MAGNA Award from the National Association of Boards of Education (NSBA) for outstanding equity programs. She also served on the Board of Directors and as Legislative Chair of the Maryland Association of Boards of Education (MABE) and is the current chair of the Laurel Race Course Impact Fund Advisory Committee. She is a proud sister of Alpha Xi Delta sorority and serves as a Trustee of the national Alpha Xi Delta Foundation. Ms. Hummer and her husband, an Army veteran, have lived in District 4 since 2003 and have been active volunteers with the Russett Community Association, Boy Scouts of America (BSA), American Heritage Girls, and their children's PTAs. Their five children have together logged almost 63 school years across eight different Anne Arundel County Public Schools.

* * *

AMANDA FIEDLER, Councilmember, Fifth District, is serving her first term on the Council. Born and raised in District 5, Ms. Fielder resides just 10 minutes from her childhood home and is a graduate of Broadneck Senior High School. Since earning her BA from Salisbury (State) University, she has worked in political advertising and media. Her current position is Senior Media Buyer for a political strategy firm where she has worked since 2010. Ms. Fiedler has always had a deep compassion for people and making a difference and believes strongly in giving back to the community in which she lives. In 2012 she founded a non-profit to support the Blood Donor Center at Anne Arundel Medical Center. In 2015 she started an advocacy group for parents to support educators in Anne Arundel County. She also serves on the Women's and Children's Patient Advisory Council and sits on the Neonatal Intensive Care Unit Quality Control Council at Anne Arundel Medical Center. She has served as PTO President and board member for a local elementary school and is an active member of the Greater Severna Park and Arnold Chamber of Commerce. In her time on the Council, Ms. Fiedler has represented the County on the Maryland Association of Counties' Taxation Subcommittee and, in September of 2021, became a Fellow of the Academy of Excellence in Local Governance from the School of Public Policy with University of Maryland. She is the mother to three sons and has been married to her husband since 2006. She currently resides on the Broadneck peninsula and enjoys spending time with family and friends, visiting local parks, attending sporting events and experiencing music and the arts.

LISA D. B. RODVIEN, Councilmember, Sixth District, is serving her second term on the Council. Ms. Rodvien earned her Bachelor's degree from Cornell University, her Master's in Education from George Mason University, and her Juris Doctor, magna cum laude, from the Catholic University of America, Columbus School of Law. While Ms. Rodvien currently teaches at Arundel Middle School in Odenton, Maryland, she began her work in the field of education as an attorney. In the early 2000s, she lobbied on behalf of state education agencies to help implement the requirements of the federal 'No Child Left Behind Act'. Eventually she decided that she wanted to work directly with young people and transitioned to a career in teaching. Ms. Rodvien lives in Annapolis, Maryland with her husband.

* * *

SHANNON J. LEADBETTER, Councilmember, Seventh District, is serving her first term on the Council. The daughter of a Naval Officer and a Southern High School Alumni, Ms. Leadbetter moved to Anne Arundel County when she was 5 years old. She became a District 7 resident at the age of 9 when her family moved from Cape St. Clair to Riva, where she attended Central Elementary, Middle and South River High School. She graduated cum laude from Bucknell University in 1998 with a Bachelors in Political Science and minor in Legal Studies. She worked as an Operations and Systems Consultant for a Fortune 500 Company before marrying her husband, a United States

Marine Corps Helicopter Pilot. A customer service and sales expert, Ms. Leadbetter has spent the past 23 years working for small businesses, running her own small business, being an active member of the Parent Teacher Association, serving as the Family Readiness Advisor for HMH-366, and being an active community volunteer – all while raising two sons and successfully carrying her family though her husband's five Marine Corps deployments. Upon her husband's retirement from the Marine Corps, Ms. Leadbetter and her family settled in Crofton, where she led the parent coalition that successfully advocated for a return of students to school buildings in the Spring of 2021, served as a member of the Citizens Advisory Committee for AACPS, and volunteered as a Mid-Day Monitor for AACPS to help return more children to the hybrid classroom. Over her years of service, and through the example set by her parents, she has learned to build a big table and invite everyone to it. She has been married to her husband since 2003 and together they have two sons, who attend Anne Arundel County Public Schools. In her free time, you can find Ms. Leadbetter serving as manager of her sons' soccer teams and cheering them on at their games, completing DIY projects with her husband around the house, and spending time with her parents and her Nana, who all reside in District 7.

* * *

MICHELLE BOHLAYER was appointed County Auditor effective April 1, 2021. Ms. Bohlayer has worked in government accounting and auditing for more than 13 years, including seven years in the Office of the County Auditor for Anne Arundel County and six years with the State of Maryland at the Office of the Comptroller and the Public Service Commission. Prior to that, Ms. Bohlayer's auditing experience was in the private sector, with five years of experience with the Constellation Energy Internal Audit Division. She is a Certified Public Accountant, Certified Information Systems Auditor, and Certified Fraud Examiner. She graduated from the University of Maryland with Bachelor of Science degrees in Accounting and International Business and from Loyola University Maryland with a Master's Degree in Business Administration. Ms. Bohlayer is a member of the American Institute of Certified Public Accountants, the Institute of Internal Auditors, the Government Finance Officers Association, the Maryland Government Finance Officers Association, and the Association of Certified Fraud Examiners.

Labor Relations

For fiscal year 2023, the County Council authorized and approved 4,701 classified and non-classified employee positions for the County's operating budget and 947 authorized temporary full and part-time employees, exclusive of the Board of Education, library, and community college. As of December 7, 2022, there are 5,195 positions filled.

Currently, there are eleven recognized "exclusive representatives" (unions or bargaining units) that engage in collective bargaining with the County:

Local 582 of the American Federation of State, County and Municipal Employees – represents laborers, operators, technicians and crew leaders throughout the County, as well as certain communications employees in the public safety departments, with a total of 824 authorized positions. Contract will expire June 30, 2023;

Local 2563 of the American Federation of State, County and Municipal Employees – represents administrative, support and clerical employees throughout the County, as well as certain civilian employees in the Police Department, with a total of 307 authorized positions. Contract will expire June 30, 2023;

Lodge #70 of the Fraternal Order of Police – represents Police Officers, Police Officers First Class, Police Corporals, Police Sergeants and Police Lieutenants in the Police Department, with a total of 782 authorized positions. Contract will expire June 30, 2023;

Fraternal Order of Anne Arundel Detention Center Officers and Personnel, Inc. – represents Detention Officers and Detention Corporals in the Detention Center, with a total of 246 authorized positions. Contract will expire June 30, 2023;

Local #1563 of the International Association of Fire Fighters – represents Fire Fighters, Emergency Medical Technicians, Paramedics, Fire Lieutenants and Fire Captains in the Fire Department, with a total of 904 authorized positions. Contract will expire June 30, 2023;

Local #141 of the International Union of Police Associations – represents Detention Sergeants, with a total of 32 authorized positions. Contract will expire June 30, 2023;

Local #355 of the Teamsters Union – represents the Correctional Program Specialists at the Detention Center Facilities, with a total of 34 authorized positions. Contract will expire June 30, 2023;

Lodge #106 of the Fraternal Order of Police – represents the Deputy Sheriffs, Deputy Sheriff Corporals, Sheriff Sergeants and Sheriff Lieutenants with a total of 84 authorized positions. Contract will expire June 30, 2023;

Local #355 of the Teamsters Union – represents the Fire Battalion Chiefs, with a total of 20 authorized positions. New contract will expire June 30, 2023;

Local #355 of the Teamsters Union – represents the Park Rangers, with a total of 22 authorized positions. Contract will expire June 30, 2023; and

Local #355 of the Teamsters Union – represents the Police Communications Operators III and IV, with a total of 15 authorized positions. Contract will expire June 30, 2023.

As "exclusive representatives," these eleven bargaining unions function as collective bargaining agents for the employees in the respective bargaining units. The unions represent and negotiate with the County to determine the terms and conditions of employment (wages and premiums, hours of work, benefits, leave, promotions, discipline, etc.). Eleven contracts will expire on June 30, 2023 and the County is currently involved in contract negotiations with those units for fiscal year 2024. The County considers its relationship with represented employees to be satisfactory.

SECTION SEVEN: SERVICES AND FACILITIES

Education

The Board of Education of Anne Arundel County (the "Board") is responsible for the overall operation and policy decisions of the County's public school system. The Board is composed of seven elected members, one from each councilman district and one student member. With the beginning of the 2022-2023 school year, the Board exercised responsibility for 77 elementary schools, 19 middle schools, and 13 high schools, as well as 14 other education facilities, including two applied technology centers, three special education centers, two alternative centers, three early education centers, two charter schools, and two contract schools. The school system also operates six evening high school programs. With a student population of approximately 84,000 students, the goal for teacher-for-student ratio ranges from 1-for-20 in grades 6-8 to 1-for-28 in grades 4-5. With a fiscal year 2023 operating budget of $1,530,292,100, the average annual per pupil expenditure is approximately $17,271. The Class of 2022 boasted approximately 5,426 graduates, 70% of whom went on to pursue postsecondary education at a two-year or four-year institutions.

Higher Education

The County is home to a wide range of higher education institutions. Among these are the following:

Anne Arundel Community College – With learning as its central mission and completion as the ultimate goal for its students, Anne Arundel Community College ("AACC") has responded to the needs of a diverse community for over 60 years by offering high quality, affordable and accessible learning opportunities. The college's nationally recognized, award-winning programs have helped its approximately 36,000 students annually achieve their academic, professional and personal goals. AACC is a fully accredited, public, two-year institution offering credit programs leading to an associate degree, certificate or a letter of recognition. Students may prepare to transfer to a four-year institution or prepare for an immediate career. AACC also offers extensive lifelong learning opportunities and noncredit, continuing education courses to those seeking career training or retraining, working to boost basic skills or pursuing new areas of interest. In addition to its campus in Arnold, Md., the college has degree centers at Arundel Mills, in Glen Burnie and at centers and schools around the county. The Arundel Mills location also offers county residents the ability to obtain a bachelor's degree in certain disciplines without having to leave the county. Designated a Regional Higher Education Center by the State, AACC at Arundel Mills location houses the AACC University Consortium, which includes a select group of four-year colleges and universities that partner with AACC. These University Consortium partners include Frostburg State University, Notre Dame of Maryland University, Stevenson University and University of Maryland Global Campus.

St. John's College in Annapolis – Offers Bachelor of Arts and Master of Arts in liberal arts programs based on the Great Books. St. John's College seeks to maintain a population of 450-475 students and a faculty-student ratio of 1 to 8.

Strayer University in Millersville – Offers undergraduate and graduate degree programs in accounting, business, education, health services administration, information technology, and public administration. Classes are offered day and evening, seven days a week.

U.S. Naval Academy in Annapolis – Offers Bachelors of Science in engineering and technical education for careers in U.S. Navy. The Naval Academy has a student enrollment of 4,450 and employs 560 full-time faculty.

Other educational institutions offering classes in the County are Loyola College, Central Michigan University, Troy State University of Alabama – Atlantic Region, University of Baltimore, McDaniel College, and the College of Notre Dame.

Public Safety

The County Police Department is charged with the responsibility for the safety of the citizens of the County. The Department is divided into four police districts, with headquarters located in Millersville. The Department maintains a firearms training center, a recruit training center, enhanced 911 Emergency Response Center, as well as a fleet of roughly 700 radio-equipped vehicles for use throughout the Police Department. The Department has an authorized strength of 784 sworn officers, 249 civilian employees, and 140 school crossing guards.

The County Fire Department is a combination career and volunteer force of 936 professional officers and firefighters, approximately 500 response certified volunteers, 32 fire communications officers, 3 civilian fire inspectors, 28 civilians in support positions and 5 civilian contract positions. There are 31 stations located in the County, with emergency calls handled through a modern central 911 dispatch center. In addition to firefighting equipment, there are 15 ambulances, 28 paramedic units and 9 paramedic engines serving the County. The Emergency Medical Services Division has one of the most efficient and progressive advanced life support programs of any jurisdiction. In addition to Suppression and Emergency Medical Services, the County Fire Department operates the Fire Marshal's office, which provides fire investigation, code enforcement and prevention services, a Training Division for both professional and volunteer firefighters, a Health and Safety Division, a Maintenance Division, a Community Outreach Division and Communications Division, which provides fire, rescue and EMS dispatch services for Anne Arundel County, the City of Annapolis, BWI Thurgood Marshall Airport Fire Department, Fort George G. Meade Fire Department, and the Naval Academy Fire Department.

Utilities

Electricity and Gas

Baltimore Gas and Electric Company ("BGE") is the major utility company for the Baltimore region. BGE's service area covers 2,300 square-miles for electric and 800 square-miles for gas. The service area includes Baltimore City and Central Maryland counties. BGE serves over 1,250,000 businesses and residential electric customers and 650,000 gas customers within this service area. BGE is a major employer in the State of Maryland employing approximately 3,200 people.

Since 2000, Maryland has offered a competitive utility supplier market. All electric customers of investor-owned utilities and major cooperatives in Maryland have the opportunity to choose their own electric supplier, while keeping BGE to deliver power and respond to power related emergencies.

Source: BGE, www.bge.com; MDelectricity.org.

Telecommunications

Anne Arundel County has benefited as a result of the State of Maryland being a focal point for telecommunications technology development and application for several decades. Much of the activity is attributable to the presence in the County of federal agencies such as the National Security Agency, which collectively have been an excellent source of systems integration and networking opportunities for the private sector. In Anne Arundel County, 98.8% of the County has broadband coverage of 100Mbps.

Verizon Maryland is the largest provider of communications in the State. Verizon Maryland's fiber network infrastructure is very robust with nearly 18,000 miles of all-fiber network and is valued at $5,500,000,000. More than 95% of access lines are served by digital technology and switching offices and are diversely linked by fiber-optic facilities.

Among the services Verizon provides is residential and commercial telephone lines, long distance, Internet access, DSL, advanced calling services, telephones and accessories, video service and more. Additional providers of communication services in Maryland are Xfinity (Comcast), CenturyLink (Lumen Technologies) and RCN Telecom Services (formerly Broadstripe).

Medical and Health Services

The County is fortunate to have the services of premier health care systems that offer the latest in patient care and preventive medicine. In addition, the County's proximity to Baltimore, Maryland and Washington, D.C. provides residents with access to prestigious health care and medical research institutions. County residents are within driving distance to such facilities as Johns Hopkins Hospital, the National Institute of Health, the University of Maryland Medical Center and Shock Trauma Center, the Kennedy Krieger Institute and the Children's National Medical Center.

Luminis Health Anne Arundel Medical Center

Luminis Health Anne Arundel Medical Center ("LHAAMC"), is a not-for-profit organization located in Annapolis, delivering medical services in Anne Arundel County and portions of Calvert, Prince George's, Queen Anne and Talbot Counties. LHAAMC affiliates include the Pathways Drug and Alcohol Treatment Center, the J. Kent McNew Family Medical Center, Anne Arundel Diagnostics, the ask LHAAMC 24-hour health line, and six satellite locations in Bowie, Easton, Kent Island, Pasadena, Odenton and Waugh Chapel. LHAAMC employs more than 5,100 employees and has a medical staff of 1,100 in Anne Arundel County.

LHAAMC acute care facility is located on 57 acres in the Carl A. Brunetto Medical Park on Jennifer Road in Annapolis and is the third busiest hospital in the state. The medical center has 404 licensed beds including an 18-bed critical care unit, 12 surgical suites, and a state-of-the-art emergency department that services 79,000 patients per year. LHAAMC is adjacent to the Clatanoff Pavilion, which services women and children; an outpatient surgery center, the Edwards Pavilion; an Oncology Center, the Donner Pavilion; a medical office building, the Wayson Pavilion; and the Sajak Pavilion which houses the LHAAMC Breast Center, Anne Arundel Diagnostics, a diabetes center, the Geaton and JoAnn DeCesaris Cancer Institute; and the Maryland Neurological Institute.

In 2019, Anne Arundel Medical Center constructed the J. Kent McNew Family Medical Center, a 16-bed mental health hospital for adults located adjacent to the Annapolis Corporate Park on Harry S. Truman Parkway in Annapolis. This $25 million, 56,000 square foot facility offering inpatient mental health care, psychiatric partial-hospitalization programs, intensive outpatient programs and more opened in March of 2020. This facility allows LHAAMC to serve more than 900 more patients a year that would otherwise be transferred out of the area.

Source: Anne Arundel Medical Center, www.aa-healthsystem.org.

University of Maryland Baltimore Washington Medical Center

University of Maryland Baltimore Washington Medical Center ("UM BWMC"), in partnership with the University of Maryland Medical System, serves the health care needs of county residents in the northern and central parts of Anne Arundel County. This 314-bed hospital facility located in Glen Burnie employs 3,198 employees with 1,597 medical staff members. It houses one of the busiest emergency rooms in the State, treating over 60,000 patients per year and features a 43,000 square foot, state-of-the-art facility.

UM BWMC offers comprehensive in-house services including the Tate Cancer Center, the Center for Advanced Orthopedics, the Joslin Diabetes Center, the Aiello Breast Center, the Wound Healing Center, the Maryland Vascular Center, the Neurology/Sleep Center, Women's and Children's Services and Geriatric Care. In addition, UM BWMC annually reaches an estimated 25,000 community residents through lectures, health fairs, walking programs and screenings. Recently, UM BWMC opened a new wing in its critical care unit adding 22 new intensive care beds. The 17,000 square foot renovation was funded by a $3.0 million grant from the State of Maryland.

UM BWMC is the second largest hospital within the University of Maryland Medical System ("UMMS"), which is comprised of 14 hospitals, 4,000 affiliated physicians in over 150 locations, and 25,000 employees.

Source: University of Maryland Baltimore Washington Medical Center; www.mybwmc.org.

Planning and Zoning

The County Office of Planning and Zoning (the "Office") is responsible for planning the physical growth of the County. The Office oversees the preparation and revision of the General Development Plan and various other master plans including the Water and Sewer Master Plan, Town Center master plans, Small Area Plans, and other functional plans. The Office is also responsible for administering the Subdivision and Development Regulations, reviewing all development applications for compliance with the Code, and updating the development regulations as needed. The Office also administers the Zoning Ordinance and periodic updates to the Code, and makes recommendations on zoning applications, variances, special exceptions, and nonconforming uses. The Office's Research and GIS section maintains a large array of digital mapping coverages which are used by a variety of County agencies and customers, and is also responsible for various data reporting requirements and database maintenance and for assigning street address numbers. The Office's Cultural Resources section maintains the County's Historic Resources inventory, participates in a variety of historic preservation initiatives, and also administers a robust Archaeology Program that includes field investigations, research, and education.

The Planning Advisory Board, composed of seven qualified voters appointed by the County Executive, makes advisory recommendations to the Planning and Zoning Officer and the County Council relating to the General Development Plan and other master plans, comprehensive zoning maps, certain development applications, and other duties as defined in the County Charter. The Planning Advisory Board also reviews the Capital Budget and Program each year and provides recommendations to the Budget Officer through the Planning and Zoning Officer. The County Executive uses these recommendations to develop a Capital Budget and Program for adoption by the County Council.

Public Works

Anne Arundel County's Department of Public Works performs all public improvement functions, except for schools, in the County. Effective July 1, 1993, the Department of Utilities consolidated into Public Works which became the County's largest service department.

Besides Water and Wastewater, Public Works is responsible for administering all aspects of road maintenance including the engineering, design, repair and maintenance of all County roads as well as snow removal, stream restoration, maintenance of bridges and viaducts, storm drain maintenance, sidewalk construction and repair and mosquito control. Additional duties include inspection services and watershed and stormwater management, and management of solid waste for most residents.

Water and Wastewater

Under the County Charter, the Water and Wastewater Utility Fund was created as a separate and financially self-supporting public enterprise under the jurisdiction of the County for the purpose of supplying water and providing sewerage service to residents of the County. By ordinance, the County Council established the whole County, except for those portions of the County which are within the corporate limits of the City of Annapolis, as the Sanitary District of the County.

Described below are the existing water and wastewater facilities in the County, as well as the planned expansions, and the related capacities of each.

Water Supply System

The County owns and operates water facilities that supply water to approximately 123,415 accounts. The County water system is groundwater oriented, producing drinking water at 12 treatment facilities and 3 independent wells. These facilities derive supplies from 55 production wells. The water system includes 20 booster stations and 26 elevated storage tanks with an effective storage capacity of 34.50 million gallons, and 7 ground storage tanks with a capacity of 13.67 million gallons. The average daily demand in 2021 was 31.80 MGD. The combined design capacity of County production facilities is 60.13 MGD. The County produced 11.6 billion gallons of water in 2021.

Sewage Disposal System

The County is divided into ten sewerage service areas. The County owns and operates sewerage treatment facilities and/or sewerage collection systems in seven of the service areas. The remaining three service areas all have conveyance systems that are operated and maintained by the County. Two of the service areas have treatment facilities located in neighboring municipalities. These service areas include Baltimore City (served by Patapsco Sewage Treatment Plant in Baltimore City) and Rose Haven/Holland Point (served by the Chesapeake Beach Wastewater Treatment Plant in Calvert County). The sewerage treatment facilities and/or sewerage collection systems in the County's ten sewerage service areas provide treatment capacity of 59.03 MGD for approximately 131,714 accounts served by the County's wastewater facilities. The treatment facilities and capacities are as follows:

Treatment Facilities	Trend of 24 Month (MGD) Average Daily Flow as of December, 2022	(MGD) Existing Design Capacity	(MGD) Design Capacity to Year 2030
Cox Creek	10.61	15.00	15.00
Patuxent	5.60	10.50	10.50
Maryland City	1.44	3.33	3.33
Broadneck	4.06	8.00	8.00
Broadwater	1.04	2.00	2.00
Annapolis (Joint Facility)	8.98	13.00	13.00
Patapsco (Baltimore City)	1.22	6.39	6.39
Piney Orchard	0.55	0.70	0.70
Rosehaven	0.09	0.14	0.14
Total	33.59	59.06	59.06

There is presently under various stages of design and construction the upgrading and/or expansion of several existing wastewater treatment facilities.

Solid Waste Management

The Anne Arundel County Solid Waste Enterprise (the "Enterprise") was created in 1969. It operates as a self-supporting utility with responsibilities including solid waste collection, recycling, and disposal. The Enterprise owns and operates the only sanitary landfill in the County, three residential solid waste drop-off facilities referred to as recycling centers, a paper recovery center for processing corrugated cardboard products from the commercial and residential sectors, a yard waste composting area on its landfill campus for recycling leaves and grass, and a landfill gas-to-electricity facility which uses captured methane gas as fuel in the production of electricity.

Waste Management Operations

Collection — The Enterprise contracts with private haulers for the collection of residential trash, recyclables and yard waste generated in all of the urban and suburban areas of the County and many of the rural areas. The County retains control of these residentially collected materials and presently directs all trash to its own facilities as well as private facilities. Recyclables, including paper, plastic, metal and glass, are directed to a private materials recovery facility. The majority of collected yard waste is composted at the expanded composting pad located on the campus of the Millersville Landfill. The Enterprise owns and operates a small fleet of solid waste collection vehicles which provide residential services such as bulky item collections for appliances or large scrap metal items and a community-based neighborhood cleanup program.

Disposal — The Enterprise owns three municipal solid waste landfill facilities. The Millersville Landfill and Resource Recovery Facility hosts the only fully operational landfill. Recycling centers, which accept recyclables, yard waste and trash from County residents, are located at the Glen Burnie landfill, the Sudley landfill, and the Millersville landfill. Post-closure care is provided at all three landfills. The Enterprise has completed the redesign of the Millersville landfill to maximize its disposal capacity and to incorporate state-of-the-art environmental controls such as multiple liners and cover systems, leachate collection systems including a pretreatment plant, and a gas management system, including a landfill gas-to-electricity facility. Landfill design elements exceed all present regulations and were selected to provide the necessary and required environmental safeguards. Development of State-permitted disposal capacity, in conjunction with waste reduction and recycling initiatives, is expected to provide the County with a solid waste disposal system that is projected to last at least until the year 2048. Future disposal options are being studied as outlined in the General Development Plan and the 10-Year Solid Waste Management Plan.

Recycling — The County achieved the original Maryland Recycling Act (MRA) goal of 20% by January 1, 1994, and has exceeded the revised goal of 35% before December 31, 2015. Recycling in the residential sector (which began with the start-up program for 6,300 homes in 1989) has the Enterprise providing curbside recyclables and yard waste collection to all single-family dwellings, select multi-family residences, County offices and some small businesses served by local government contracted private haulers since October 1993. Materials recovered include paper, plastic, metal and glass and yard waste. The State's most recently published MRA rate* for Anne Arundel County is over 41%.

The Enterprise has operated a commercial corrugated cardboard and paper processing operation since 1986. The facility receives, bales, and ships cardboard to market. The Enterprise also provides six household hazardous waste collection days per year.

Regional Involvement — The County continues to explore and evaluate regional opportunities that deal with a variety of solid waste management activities. Cooperation with Baltimore City, Baltimore County, Carroll County, Harford County, Howard County, Montgomery County, and Prince George's County is ongoing with work conducted through the Northeast Maryland Waste Disposal Authority, the Baltimore Metropolitan Council, and other organizations.

Financial Operation

The Enterprise operates as a utility, recovering its costs through service user fees. The main user charges are landfill tipping fees charged to commercial customers and customers with large loads, and waste collection customer fees charged to residential customers whose solid waste is collected by the Enterprise. User fee charges by the Enterprise are solely within the discretion of the County and are not subject to control by any State or federal agency. User fee ordinances must be approved by a majority of the County Council.

Historically, the County has adopted rates sufficient for the Enterprise to meet or exceed its expenditure obligations for operation, maintenance, and debt service costs. The County has ensured the financial stability of the Enterprise through periodic review and revision of rate levels and structures over time. The Enterprise has never required the supplement of its revenues from other sources to meet its obligations. Significant landfill closure cost accruals have been recorded, using engineering estimates of the closure costs in light of U.S. Environmental Protection Agency regulations concerning solid waste disposal sites, and the period of estimated use of current cells. Rate increases have been implemented which management believes will ensure the long-term financial self-sufficiency of the Enterprise in view of the regulatory requirements. (See "FINANCES - Solid Waste Fund").

Climate Preparedness

To plan for major emergencies, including planning and adapting to the effects of rising sea levels, more frequent and destructive storms, and other consequences of climate change, the County adopted its Hazard Mitigation Plan, which was approved by the Maryland Emergency Management Administration ("MEMA") and the Federal Emergency Management Administration ("FEMA") in 2005 and updated in 2018; adopted its Emergency Operations

---

* Table 17, County Recyclables by Commodity in Tons for CY20, Maryland Solid Waste Management and Diversion Report – 2021, Maryland Department of the Environment, Land and Materials Administration, Resource Management Program, https://mde.maryland.gov/programs/LAND/Documents/MD%20Solid%20Waste%20Management%20and%20Diversion%20Report%20CY20%20%281%29.pdf

Plan, which was approved by MEMA in 2018; and adopted its Nuisance Flooding Plan in September of 2020 (together, the "Emergency Plans").

Anne Arundel County is bounded by the Patapsco River to the north, the Chesapeake Bay to the east, and the Patuxent River to the west. As a coastal county, it is particularly vulnerable to rising sea levels, flooding, and other impacts of climate change, including riverine flooding and the increased frequency and severity of storm events. As climate risks intensify, the Emergency Plans provide recommendations that not only mitigate and respond to climate events but also create social and economic returns. The County will be challenged to develop and maintain physical infrastructure needed to prepare for the impacts of climate change, including capital projects to elevate roads, repair or replace culverts, implement stormwater runoff controls, construct additional stormwater management infrastructure, and repair and remove dams, among other measures. In preparation, the County is taking proactive steps to assess its infrastructure for vulnerabilities and better position itself to thrive despite elevated climate risks.

All proposed capital projects must now identify their resilience to climate changes before being funded. For example, engineers must declare whether or not the proposed projects are: located outside of the 500-yr FEMA floodplain; located at least 10 feet above mean high, high water levels within the Chesapeake Bay; providing for storage of precipitation from a 10-yr duration storm event; providing onsite renewable energy generation; meeting LEED gold or higher certification; and providing redundant, backup power sources.

The County has also received FEMA grant funding through the Building Resilient Infrastructure and Communities ("BRIC") program to assess the vulnerability of roadways to both sea-level rise and inland flooding events and to develop a climate adaptation plan for southern, low-lying portions of the County. These efforts will create a list of priority roadway improvements that will protect infrastructure and allow the County to provide services to communities, as well as create a roadmap for climate adaptation.

The County has also begun a number of programs to protect communities from flooding caused by sea level rise and stormwater.

As a result of the studies mentioned previously, the County is undertaking a large drainage improvement project along a low-lying and frequently flooded stretch of Clark Station Road in Severn, Maryland that has included the acquisition of low-lying properties upstream of the area, and will involve improvements to the storm drain conveyance systems. This project is seen as the first of many comprehensive, community resilience projects that will protect properties from future flooding.

The County has also initiated a voluntary, low-lying property acquisition grant program that enables owners of low-lying properties the opportunity to sell their property to the County in order to remove themselves from the repeated flooding hazard. Once purchased, the County will demolish low-lying structures, and restore the property to a natural state enabling it to store floodwaters and protect surrounding communities.

The County Council recently created the nation's first multijurisdictional climate resilience finance authority. The Resilience Authority of Annapolis and Anne Arundel County will develop, finance, and support infrastructure projects that support resilience efforts within the County and the City. As an independent body, the Resilience Authority, is uniquely suited to tackle expensive, long-term infrastructure projects because it can operate outside of the county and city's budgets and debt ceiling restrictions. As a complement to the City's and County's programs and planning efforts, the Authority seeks to streamline assessment, engineering, and construction of community-scale resiliency projects.

The County is taking other actions to address climate preparedness challenges, including the filing of a complaint against various energy providers, including, but not limited to, BP P.L.C, Crown Central LLC, Chevron Corp., Exxon Mobil Corp., Shell Oil Company, Citgo Petroleum Corp., and the American Petroleum Institute (the "Defendants") in the Circuit Court for Anne Arundel County Maryland (case no, C-02-CS-21-000565), which is currently stayed in the United States District Court, District of Maryland (Northern Division) (case no. 1:21-cv-01323-ELH) pending resolution of a motion to remand the case back to Circuit Court of Anne Arundel County Maryland (the "Complaint"). Under the Complaint, the County alleges that the Defendants have knowingly engaged in the unrestricted production and use of fossil fuel products, resulting in the creation of greenhouse gas pollution that has already impacted and will continue to impact the economic and public health, safety and general welfare of County residents. In the Complaint, the County alleges that it will experience significant additional and accelerating sea level rise over the coming decades and is projected to experience at least five feet of sea level rise before the end of this century. The County is requesting, among other things, that the Court award the County monetary damages with respect to the harm alleged to have been caused by Defendants. There is no assurance that the County will prevail in the litigation or otherwise recover funds from the Defendants that would assist in offsetting the costs of implementing the Emergency Plans.

Recreation and Parks

The Department of Recreation and Parks is primarily responsible for the administration of a comprehensive system of recreational programs for County residents and the preservation of valuable land in the form of more than 175 parks and sanctuaries. Specialized recreational facilities, including two swim centers, three ice rinks, three golf courses, baseball stadium, softball complexes, and approximately 131 miles of multi-use trails; programs such as school-age childcare and therapeutic recreation. More than 12,000 acres of parkland fall under the Department's jurisdiction. The Department's open space includes small neighborhood parks, greenways, archaeological, environmental and historical preserves, and large regional facilities occupying several hundred acres of land. A professional staff of park rangers, environmental specialists and athletic and recreational supervisors and planners provide leisure activities for citizens of all ages including the senior and physically challenged populations. Extensive volunteer networks supply more than 1,000,000 staff hours per year to Department programs.

Insurance

It is the policy of the County to retain risks of losses in those areas where it believes it is more economical to manage its risks internally and set aside assets for claims settlement in its internal service fund. The County purchases insurance for cyber liability, real and personal property, boiler and machinery, and aviation coverage, and faithful performance bonds, as well as school bus insurance for the bus contractors of the Board of Education and vehicle liability insurance for the contract operation of the Department of Aging and Disability Transportation Program.

The County maintains the self-insurance fund to provide workers' compensation and directors' and officers' coverage for the County Government, the Board of Education and the Community College and general liability and vehicle liability coverage for the County Government and the Board of Education, watercraft coverage for County fireboats as well as to supplement the high deductible commercial first party property coverage.

The internal service fund, maintained to account for self-insurance activity, has no equity balance. (See "Appendix A, Basic Financial Statements," Note 14).

**REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS
ON THE AUDIT OF THE FINANCIAL STATEMENTS**

The Honorable County Executive and
The Honorable Members of the County Council
Anne Arundel County, Maryland

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Anne Arundel County, Maryland (the County), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of the other auditors, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows and budget and actual for the general and grants special revenue funds thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Anne Arundel County Board of Education, Anne Arundel County Community College, Anne Arundel Economic Development Corporation, Tipton Airport Authority, Anne Arundel Workforce Development Corporation, and Anne Arundel County Retirement and Pension System. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it related to the amounts included for the County, is based solely on the report of the other auditors.

The financial statements that we did not audit, which are listed above, represent the percentages of the total assets, total net position, and total revenues of the accompanying financial statements as listed below.

	Percentage of Opinion Unit		
	Total Assets	Total Net Position	Total Operating Revenues
Component units			
Major			
Board of Education	87.3%	118.0%	87.9%
Community College	10.7%	-19.2%	9.4%
Non-Major			
Economic Development	0.3%	-0.4%	0.3%
Tipton Airport	0.5%	-1.3%	0.2%
Workforce Development	0.3%	-0.1%	0.6%
Total Percentage of Component Units	99.1%	97.0%	98.4%
Fiduciary Funds:			
Pension Trust Fund	85.9%	85.6%	87.3%

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. The financial statements of the Anne Arundel Community College Foundation, which is included in the financial statements of the Anne Arundel County Community College, were not audited in accordance with *Government Auditing Standards*.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The County's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal controls-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedules of changes in net pension liabilities and related ratios, schedules of investment returns, schedules of employer's contributions, schedules of proportionate shares of pension plans, schedules of County's contributions, schedules of changes in net OPEB liabilities and related ratios, retiree health benefits trust schedules of contributions, and schedule of changes in length of service award program net pension liability and related ratios, as

SB & COMPANY, LLC
KNOWLEDGE • QUALITY • CLIENT SERVICE

identified in the accompanying table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining fund statements, budgetary statements and other supporting schedules, as referenced in the accompanying table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining fund statements, budgetary statements and other supporting schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund statements, budgetary statements, and other supporting schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 26, 2023 on our consideration of the County's internal controls over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal controls over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal controls over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal controls over financial reporting and compliance.

Owings Mills, Maryland
January 26, 2023

SB & Company, LLC

As management of Anne Arundel County, Maryland (the County), we have prepared the following discussion and analysis to inform readers of the County's annual financial report about the financial information that the enclosed statements present. We encourage readers to consider the discussion and analysis along with the other information in this report, including the transmittal letter and notes to the basic financial statements. In this section we have provided an overview of the basic financial statements, selected condensed financial data and highlights, and analysis of the County's financial position and changes in financial position. Comparable amounts from the fiscal year ended June 30, 2021 have been provided.

Financial Highlights

Government-wide:

- The County wide assets and deferred outflow of resources exceeded its liabilities and deferred inflow of resources at the close of the fiscal year by $1.2 billion. The unrestricted portion was negative $1.0 billion which was composed of a deficit in the governmental activities. The unrestricted deficit occurred in the governmental activities due to Board of Education and Anne Arundel Community College debt being recorded on the County's statement of net position, but not the corresponding capital assets. Debt outstanding for education projects was $749.8 million and for college projects was $74.2 million. The current net value of the Board of Education capital assets was $1.7 billion and the community college net capital assets total $186.4 million. In the current fiscal year, the governmental activities unrestricted deficit decreased by $264.5 million and the business-type activities unrestricted deficit decreased by $14.2 million.
- Total net position of the County has increased by $251 million or 27.6% over the prior fiscal year.
    - In the governmental activities, total revenues increased $87.9 million or 4.2% and expenses decreased $40.8 million or 2.0% from the prior fiscal year, resulting in an increase of $230.8 million in net position, which is $129.8 million more than the prior fiscal year change. Increases in general property taxes, local income tax revenues, state shared taxes, local sales taxes, and recordation and transfer tax revenues of $25.3 million, $77.5 million, $3.8 million, $41.2 million, and $5.1 million, respectively, were the primary drivers which increased revenues. These increases were offset by decreases in charges for services, operating grants and contributions, capital grants and contributions, investment income, and other revenue of $13.7 million, $15.8 million, $4.4 million, $12.2 million and $18.8 million, respectively. Higher expenses were primarily due to increases in education ($23.7 million), general government ($24.3 million), and land use and development ($8.6 million), offset by decreases in public safety ($10.9 million), health and human services ($8.1 million), public works ($59.6 million), and interest expense on debt and leases ($14.5 million). The increase in budgetary expenditures were in part from labor related the cost of living increase and pay for performance increase of 1.5% and 3.0%, respectively for represented positions. Further details are presented in the Management's Analysis section of the MD&A.
    - In the business-type activities, total revenues increased by $32.0 million or 12.9% and total expenses increased by $2.8 million or 1.1%, from the prior fiscal year, resulting in a $20.3 million increase in net position, which is $28.0 million more than the prior fiscal year change. Increases in revenue are attributable to increased charges for services, capital grants and developer contributions, and other revenues in the amount of $18.6 million, $11.1 million, and $5.8 million respectively, offset by a decrease in investment income of $3.5 million. The $2.8 million increase in expenses resulted from an increase in spending in the Water and Wastewater Fund of $18.7 million, and in the Child Care Fund of $3.3 million, offset by a decrease in the Solid Waste Fund of $19.1 million.

Fund Level:

- The County's governmental funds reported combined fund balances of $868.7 million, an increase of $152.9 million from the prior fiscal year. The greatest net change in fund balance was a $161.4 million increase from the prior fiscal year in the General Fund mainly due to an increase in general property taxes, local income taxes, and recordation and transfer tax revenues of $27.3 million, $41.6 million and $41.2 million, respectively. These increases in revenue were offset in part by increases in spending for education, public safety and general government expenses, of $34.9 million, $27.7 million, and $10.7 million, respectively, and decreases in principal payments on debt, and other financing sources and uses of $83.2 million and $133.3 million respectively. For fiscal year 2022, the Impact Fees Capital Projects Fund balance increased $8.1 million due to incoming revenues exceeding expenses and transfers out by $8.1 million. The General County Capital Projects fund balance decreased by $6.6 million as a result of incoming revenue and transfers in for capital project funding subceeding education and capital outlay spending by $6.6 million.

The Grants Fund balance decreased by $7.9 million as a result of revenues subceeding expenses because of the normal lag in the grant reimbursements which occurs each year. Non-major governmental funds balance decreased $2.1 million due to net operating income of $41.8 million, offset by a net of $43.9 million for other financing sources and uses.

- Approximately 67.4% of the total governmental fund balance or $585.4 million, is available to meet the County's current and future needs as mandated by the appropriate level of authority within the County and are properly designated as committed, assigned and unassigned.

- Available fund balance for the General Fund was $547.2 million or 99.2% of the total fund balance, which is 30.8% of the current year expenditures. Non-spendable fund balance of the General Fund was $4.3 million or 0.8% of the total fund balance.

- The enterprise fund charges for service increased by $18.6 million or 12.9%, and capital contributions increased $11.1 million or 13.7%. This was primarily due an increase in charges for service in the Water and Wastewater Fund of $3.3 million, in the Solid Waste Fund of $7.6 million, and in the Child Care Fund of $5.5 million. Non-operating revenues increased by $2.3 million or 9.9%, primarily due to an increase in capital contributions of $11.1 million. Operating expenses increased by $2.8 million or 1.1%, and non-operating expenses increased by $1.2 million, from the prior fiscal year. Further details are presented in the Management's Analysis section of the MD&A.

Changes to debt:

- The County's general obligation bonded debt increased by $31.5 million for governmental activities and $14.7 million for business-type activity in fiscal year 2022. The County issued additional general obligation debt in the amount of $182.4 million for governmental activities which will be used for education, infrastructure improvements, community college, police and fire, library, watershed protection and restoration, parks and recreation, waterway improvements, and general government improvements. The County issued new bonds for business-type activity in the amount of $83.8 million for utility improvements. The County had a net decrease for Maryland Water Quality loans of $3.0 million for water and waste water improvements.

Overview of Basic Financial Statements

The basic financial statements consist of the government-wide financial statements, fund financial statements, budgetary statements, and notes to the basic financial statements. Each component intends to provide a different perspective of the County's financial results. These components are discussed below.

Government-wide Financial Statements – These statements are designed to provide a broad, entity-wide perspective of the County's financial position and changes in financial position. These statements are prepared using a full-accrual accounting method that measures changes when the underlying economic activity occurs regardless of the timing of the related cash flows. This method is consistent with that used in the private sector.

The government-wide statements have consolidated the Primary government's operations into two columns, governmental activities and business-type activities. In addition, the component units' entity-wide statements are presented. The governmental activities are those functions of the Primary government principally supported by taxes and other general revenue sources. Such activities include education, public safety, general government, health and human services, public works, recreation and community services, judicial, code enforcement, and land use and development. The business-type activities include the Primary government's functions which are primarily supported by user-fees and charges, such as utility services, waste collection, and child care services.

Statement of Net Position – The Statement of Net Position presents the components of the County's assets and deferred outflows of resources, liabilities and deferred inflow of resources, and the net position at end of the fiscal year. This statement includes long-term capital assets and long-term liabilities. In addition, capital assets are shown at their depreciated value. Over time, increases or decreases in net position may indicate an improvement in, or deterioration of the County's financial condition.

Statement of Activities – The Statement of Activities presents information showing how the government's net position changed during this fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flow in future fiscal periods (e.g., uncollected taxes, revenues and earned but unused vacation leave).

Both statements include the Primary government's component units, including the Board of Education, Community College, Library, Economic Development Corporation, Tipton Airport, and Workforce Development. These entities are included because the County provides a substantial amount of their funding or the County Executive appoints a majority of the Board members, implying a substantial degree of control over their management. In addition, the County approves the budgets of these entities.

Fund Financial Statements – The Primary government segregates its financial operations into several funds to account separately for funding sources and activities that the government undertakes. This provides better control over resources designated for specific activities or objectives. These funds are grouped into three different types: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds – The governmental funds of the Primary government include the General Fund, Grants Fund, Capital Project Funds, which are used to accumulate and spend resources to construct capital assets; the special revenue funds, which segregate revenue sources to ensure these funds are spent on the intended purpose; and the debt service funds, which accumulate resources to pay certain long-term debt issued by the County or separate districts.

The perspective of these statements is narrower than the government-wide statements discussed previously. These statements present the financial position and changes in financial position resulting from currently available resources and currently due liabilities. Therefore, revenues are not recorded until available, and expenses are recorded primarily when the underlying economic activity occurs. In addition, because these statements focus on current resources, long-term assets and liabilities are not included.

The statements focus on the Primary government's major funds. Major governmental funds include the General Fund, the Impact Fees Capital Projects Fund and the General County Capital Projects Fund. Separate columns are presented for those funds considered major either by size or by importance. The other funds are aggregated into one column called "other non-major funds."

Proprietary Funds – The County maintains two types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government wide financial statements. Internal service funds are used to accumulate and allocate costs internally among the County's various functions. Because these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. Transactions for these funds are recorded using the full-accrual basis of accounting whereby transactions are recorded when the underlying economic event takes place, regardless of the timing of cash flows. Moreover, long-term assets and liabilities are recorded on the statements.

The enterprise funds include the Water and Wastewater Fund, the Solid Waste Fund, and the Child Care Fund. Internal service funds include the Self Insurance, Health Insurance, Central Garage and Transportation, and Garage Replacement Funds. These statements also focus on major funds so the County includes separate columns for the Water and Wastewater and Solid Waste Funds.

Fiduciary Funds – The fiduciary funds accumulate assets that are managed, but not owned, by the Primary government and therefore are not recorded in the government-wide statements and are not available to support County services. The County's four defined benefit pension plans that form the Retirement System Pension Trust Funds are included in this category. The Retiree Health Benefits Trust Fund (OPEB Trust Fund) administers single employer defined benefit plans for the purpose of providing retiree health benefits. In addition, this category includes custodial funds used to accumulate temporary deposits and other funds collected from outside parties in order to be returned to the payer or passed on to a third party. The Pension and OPEB Trust Funds follow the full-accrual method of accounting. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the County's own programs.

Budgetary Statements – A budgetary statement of revenue and expenditures for the General Fund has been presented in the basic financial statements. This statement provides the results of the County's General Fund operations compared to the legally adopted budget. The statement uses the budgetary method when accounting for transactions. Revenues are generally recognized when available, and expenditures are recognized when a commitment, in the form of a purchase order or contract, has been issued to a vendor.

Notes to the Basic Financial Statements - The notes follow the basic financial statements and provide additional information essential to a full understanding of the data in the government-wide and fund financial statements.

Required Supplementary Information - The required supplementary schedules provide trend data about the Pension Trust Funds and Other Post-Employment Benefits.

Financial Data and Management's Analysis - Government-wide Statements

Below is a condensed Statement of Net Position with comparative amounts from the previous fiscal year. An analysis of the contents and fluctuations noted in the schedule has been provided.

Discussion of components – This statement condenses the Statement of Net Position into broad categories. Current assets are unrestricted assets that are readily convertible to cash and available to pay the liabilities of the County. Current restricted assets are those readily convertible to cash, but legally restricted for a specific use. Noncurrent restricted assets are also limited as to use, but are due to the County over several years. Restrictions can originate from Federal or State governments, grant agreements, or other contracts. Capital assets are those with an extended useful life that are not readily convertible to cash. These assets depreciate in value over the respective useful lives of the assets.

Deferred outflow of resources represent the consumption of net position that applies to a future period that will not be recognized as an outflow of resources until a future fiscal year.

Current liabilities are those obligations that will be paid with currently available resources within one year, while the current restricted liabilities will be paid with restricted assets. Noncurrent liabilities are those not expected to be paid within one year, including long-term debt balances, OPEB, accrued liabilities for annual and sick leave, estimates for long-term insurance claims, long-term escrow deposits, and revenue recorded but not yet earned.

Deferred inflows of resources represent the acquisition of net position that applies to a future period that will not be recognized as an inflow of resources until a future fiscal year.

Net position represents equity remaining once amounts due from liabilities and deferred inflows of resources are subtracted from assets available and deferred outflows of resources. There are three categories: net investment in capital assets are amounts related to assets purchased or constructed net of the related debt; restricted funds are the amounts remaining after restricted liabilities are covered by restricted assets; and unrestricted funds.

Management's Analysis – Unrestricted current assets of governmental activities are $187.3 million more in fiscal year 2022. This is due primarily to an increase in cash and temporary investments, taxes, and other state revenue receivables, and due from other governmental agencies, of $109.7 million, $34.4 million, $52.8 million, respectively, which was offset by a decrease in amounts due from component units of $2.4 million. The business-type activities current assets increased by $46.3 million, primarily due to an increase in cash and temporary investments and other state revenue receivable of $17.5 million and $24.7 million, respectively, from the prior fiscal year.

Restricted current assets in governmental activities decreased by $23.8 million or 4.9%. This was mainly from an increase in restricted cash and temporary investments of $42.4 million, which was offset by a decrease in the amounts due from other governmental agencies of $66.1 million. The restricted cash in the Grants Fund increased by $8.4 million as a result of Covid-19 funding which was unspent as of the end of the current fiscal year. The restricted cash in the Impact Fee Capital Projects Fund increased by $7.9 million as a result of an increase in fund balance of $8.1 million. This was primarily due to a decrease in transfers out of $2.8 million. The General County Capital project fund had an increase in cash and investments of $16.0 million. This increase is in part the result of decreases in accounts receivables of $12.5 million offset by an increase in accounts payable and accrued liabilities of $2.3 million. The Non-major Governmental Funds had a decrease in cash and investments of $7.0 million. This was mainly due to the following changes in cash and investments; Reforestation increased by $1.9 million; Arundel Community Development Services decreased by $5.8 million; Odenton Town Center increased by $4.6 million; Video Lottery Local Impact Aid decreased by $1.7 million; Arundel Mills Tax Increment decreased by $6 million; and a decrease of Installment Purchase Agreements of $1.2 million. The decrease in current restricted assets in business-type activities of $28.9 million or 8.9%, was primarily due to a decrease in other receivables of $900 thousand.

The governmental capital assets balance increased by $102.8 million from the prior fiscal year or 7.1%. These increases are mainly the result of the completion of certain capital projects.

Noncurrent assets in business-type activities increased by $19.6 million from the prior fiscal year or 1.0%. This increase resulted in part from an increase in total capital assets of $20.8 million mainly as a result of the capitalization of water and waste water capital projects being completed and set up as capital assets in the current fiscal year.

Current unrestricted liabilities for governmental activities decreased by $12.2 million or 3.9%, from the previous fiscal year. This occurred primarily due to a decrease in accounts payable and accrued liabilities of $23.6 million, which were offset by an increase in the amount due to component units and unearned revenue of $8.3 million and $5.0 million, respectively. The current unrestricted liabilities in business-type activities increased by only $.6 million or .7% from the prior fiscal year.

Restricted current liabilities for governmental activities increased by $11.9 million or 9.4% from the prior fiscal year, mainly as a result of an increase in accrued liabilities of $15.5 million which was offset by a decrease in unearned revenue. Restricted current liabilities for business-type activities decreased by $.5 million or .7% from the previous fiscal year, mainly the result of a decrease in unearned revenue of $.6 million.

Noncurrent liabilities consist of bonded debt, pension benefits, OPEB obligation, unpaid insurance claims, loans, capital leases, and other liabilities. These liabilities increased $42.2 million or 1.5%, in governmental activities, and increased by $10.2 million or 1.0%, in business-type activities. The increase in governmental activities was mainly due to an increase in pension benefits, lease liability and in long-term debt liability of $6.8 million, $34.4 million and $43.5 million, respectively, offset by a decrease in OPEB obligation and a decrease in unpaid insurance claims of $28.1 million and $14.1 million, respectively. The increase in the noncurrent liabilities in business-type activities was mainly due to an increase in long-term debt liability of $14.9 million, offset by a decrease in pension benefits and a decrease in OPEB obligation of $1 million and $3.4 million, respectively.

The components of governmental and business-type net position were discussed in the financial highlights above. It is important to note that although counties in the State of Maryland issue debt for the construction of schools, the schools are owned by the local Board of Education. Ownership reverts to the County if the building is no longer needed. The County also funds projects for the Community College and others that do not result in County assets. While the County's statements include this outstanding debt, there are no capital assets recorded on the Primary Government's statements. The negative unrestricted governmental activities fund balance of $1.0 billion reflects this treatment. The Board of Education and Community College investment in capital assets of approximately $1.7 billion and $186.4 million, respectively, are evidence of the significant level of capital assets constructed primarily from County incurred debt.

The following table shows the fluctuations in the unrestricted net position in the governmental activities over the past four years. The reduction in net position is the result of assets used for capital improvements classified in the Net Investment in Capital Assets and the recording of the pension benefits and OPEB obligation.

Fiscal year	Balance (in millions)	Fiscal year	Balance (in millions)
2019	$ (1,345.0)	2021	$ (1,298.5)
2020	(1,371.9)	2022	(1,115.8)

The following schedule is a condensed version of the Statement of Activities. The revenues are listed first, with the functional expenses presented last. The schedule includes comparative amounts from the previous fiscal year.

	Governmental Activities		Business type Activities		Total	
	2022	2021	2022	2021	2022	2021
Program Revenues:

The Statement of Activities presents some significant changes in revenues. These fluctuations were explained in the financial highlights section. Governmental activities' overall revenue has increased from the prior fiscal year by $87.9 million or 4.2%. This is mainly due to an increase in local income tax of $77.5 million or 11.6%, an increase in recordation and transfer taxes of $41.1 million or 26.2% from the activity in the real estate market, and an increase in general property taxes of $25.3 million or 3.1% due to growth in real property assessable base. The change in program revenue was a decrease of $33.9 million or 8.3% due to a decrease in charges for service of $13.7 million, a decrease in operating grants and contributions of $15.8 million, and a decrease in capital grants and contributions of $4.4 million.

The governmental activities' expenses had a decrease of $40.8 million or 2.0% from prior fiscal year. Certain functional categories of expenditures had significant fluctuations during fiscal year 2022. The most notable fluctuations were in public safety, health and human services, public works and interest expense, which decreased by $10.9 million or 2.8%, $8.1 million or 7.0%, $59.6 million or 52.8% and $14.5 million or 22.3%, respectively. These decreases were partially offset by increases in education of $23.7 million or 2.6%, general government of $24.3 million or 9.7%, and land use and development of $8.6 million or 460.8%. In fiscal year 2022, most of the represented and Non-represented County Employee's received a 1.5% cost of living increase and a 3.0% pay for performance while fire fighter union's pay scale change resulted about 4.5% cost of living increase.

Business-type activities total revenues increased by $32.0 million or 12.9% from the prior fiscal year. The increase in program revenue of $29.7 million or 13.2% is mainly due to an increase in charges for services of $18.6 million or 12.9% from the previous fiscal year. In addition, there was an increase in capital contributions of $11.1 million or 13.7% in the Water and Wastewater Debt Service Fund due to connection fees and an increase in environmental protection revenues of $10.0 million.

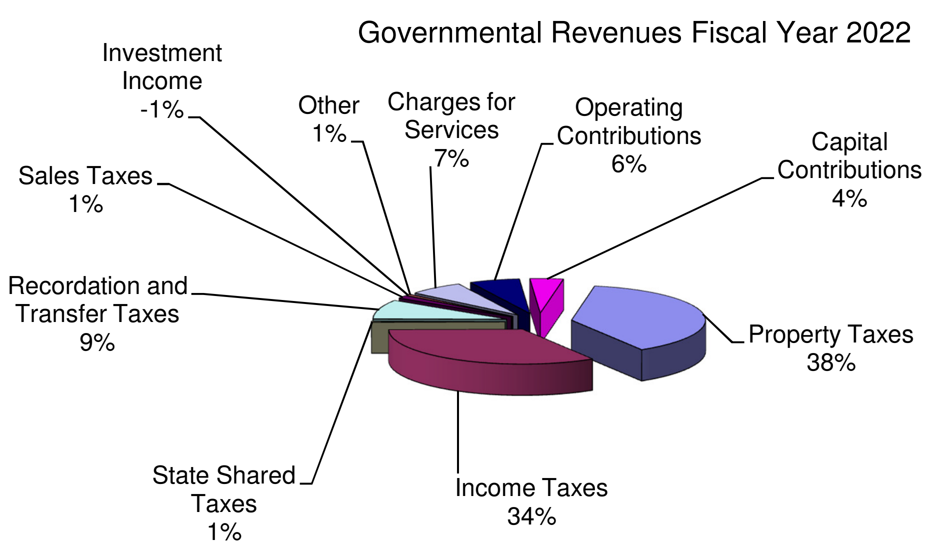
Business-type expenses had an overall increase of $2.8 million or 1.1% from the previous fiscal year, which was primarily caused by an increase in water and wastewater fund and child care expenses of $18.7 million and $3.3 million, respectively. The increase in the Water and Wastewater Operating Fund was in part from a $12.4 million increase in contractual services and an increase in depreciation expense of $11.7 million. The increase in child care was in part from an increase in personal services expense of $2.5 million and a $.4 million increase in other expenses.

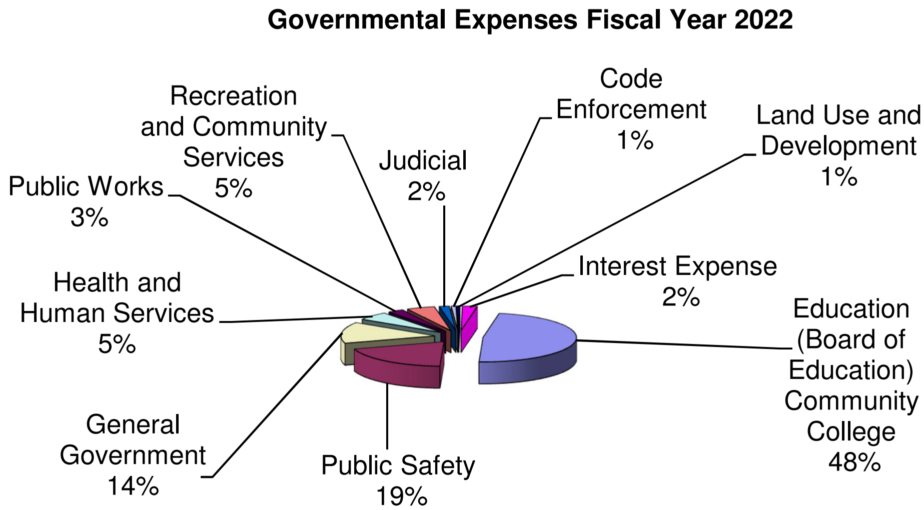
Distribution of Revenues and Expenses

The next two charts show the percentage distribution of revenues from governmental activities and the percentage expended on each function. Discussion of the 2022 distribution and significant changes since 2021 follows.

General revenue sources continue to provide the vast majority of the County's revenue. Tax revenues from property assessments, income, State shared sources, recordation and transfer, and sales provided 83% of the revenue base, an increase of 3% from fiscal year 2021. Charges for services paid to the County by users were 7% for fiscal year 2022 which remained unchanged from fiscal year 2021.

An analysis of the percentage distribution of revenues revealed that there was an increase in Income Taxes from 32% to 34% and Recordation and Transfer Taxes from 7% to 9% while Property Taxes decreased from 39% to 38% and Investment Income decreased from 1% to -1%. An analysis of the percentage distribution of expenses by function revealed that Education and General Government increased slightly from 46% to 48% and 12% to 14%, respectively, while Health and Human Services, Public Works and Interest Expense decreased from 6% to 5%, 5% to 3% and 3% to 2%, respectively.

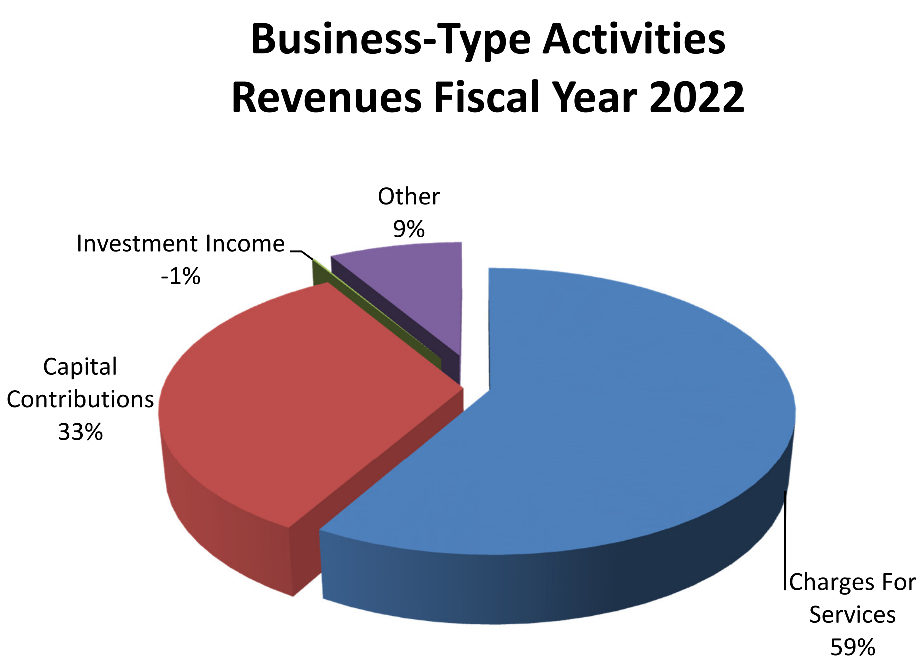


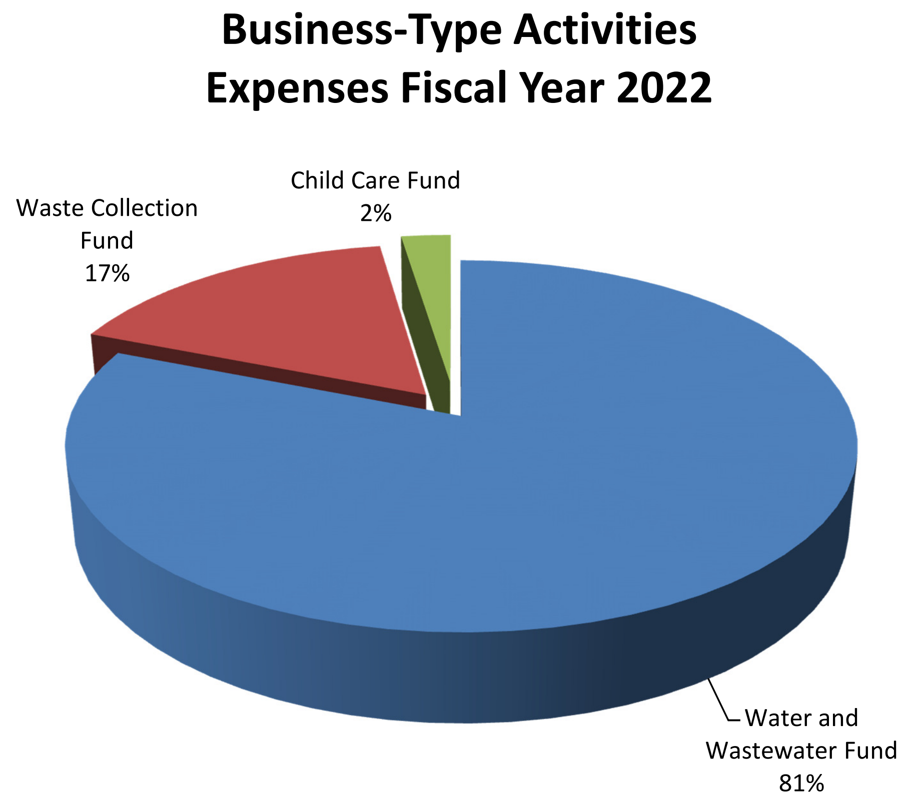


The next two charts show the percentage distribution of revenues from business-type activities and the percentage expended on each function. Discussion of the fiscal year 2022 distribution and significant changes since fiscal year 2021 follows.

Charges for services and capital contributions continue to provide the vast majority of the County's business-type activities revenue. Together these account for 92% of the revenue in fiscal year 2022, a slight increase from fiscal year 2021 which was 91%.

An analysis of the percentage distribution of expenses by function revealed that the Waste and Wastewater Fund increased from 75% to 81% and Child Care increased from 1% to 2%, while the Waste Collection Fund decreased from 24% to 17%.





Fund Statements

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Although tables have not been included herein, certain elements of the major fund statements presented in the basic financial statements are discussed below.

Governmental Funds:

The focus of the County's governmental funds is to provide information on near–term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, committed, assigned, and unassigned fund balances can serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

Total assets in the General Fund increased from $574.3 million to $742.3 million or $168 million, from the prior fiscal year. The increase primarily occurred in cash and investments of $156.5 million, and amounts due from other funds of $11.6 million which was offset by a decrease in local income taxes of $7.1 million. Total fund balance increased from $390.1 million to $551.5 million or $161.4 million.

General Fund revenues increased from $1,758.7 million to $1,902.8 million or $144.1 million and expenditures increased from $1,762.9 million to $1,774.5 million or $11.6 million over the prior fiscal year. The main increases in revenue were in general property tax, local income tax, and recordation and transfer taxes of $27.3 million, $41.6 million, and $41.2 million, respectively, offset by a decrease in investment income of $6.5 million. The increase in General Property taxes was attributable to an increase in the taxable assessments for the County, while the increase in local income taxes was due to additional revenues collected by the State.

The County has put aside funds for permanent public infrastructure, in the amount of $21.1 million, which is included in the restricted fund balance of the General Fund. The County has a Revenue Reserve Fund which is included in the unassigned category of General Fund balance. At the end of the current fiscal year, a balance of $98.3 million was in the reserve fund. This increase from the prior fiscal year is from the current year contribution of $14.1 million. This reserve may only be used when revenues fall below budget expectations and would require legislative action. This fund has been in existence since fiscal year 1994 and has been drawn on by Management in fiscal year 2009 and fiscal year 2010 in the amounts of $16.8 million and $16.0 million, respectively, as a result of underperforming revenues during the recession of 2008 and 2009.

The Grants Fund is being presented as a major fund in the current fiscal year as a result of the inflow and outflow of American Rescue Plan Act (ARPA) grants received from federal and state government sources. The total fund balance decreased by $7.9 million, from a negative $4.1 million in fiscal year 2021 to a negative $12.0 million in fiscal year 2022. The overall fund balance is negative, as a result of unpaid grant reimbursements at year-end.

The Impact Fees Capital Project Fund retains developer impact fees until needed for the construction of capital assets. The total fund balance increased $8.1 million, from $104.1 million in fiscal year 2021 to $112.2 million in fiscal year 2022. This was a result of impact fee revenues of $29.2 million exceeding impact fee expenses of $5.6 million and transfers out to capital projects of $15.6 million. The amounts transferred are used for the construction of capital assets and to pay off debt, both of which are related to impact fee eligible projects.

The General County Capital Projects Fund's total assets increased from $190.6 million in fiscal year 2021 to $194.2 million in fiscal year 2022, or $3.6 million. This is primarily due to an increase in cash and investments of $16.1 million at the end of current fiscal year, and a decrease in receivables of $12.5 million Amounts due from the Board of Education decreased by $2.0 million. Liabilities increased by $11.0 million compared to the prior fiscal year, primarily due to an increase in the amount due to the Board of Education and the Anne Arundel Community College of $7.5 million and $1.2 million, respectively. Deferred inflow of resources decreased $.9 million due to a decrease in unavailable grant and program revenue. The change in fund balance from the prior fiscal year decreased from $127.4 million to $120.8 million in fiscal year 2022, for a decrease of $6.6 million in fund balance from the prior fiscal year.

Revenues in the General County Capital Projects Fund decreased from $44.1 million in fiscal year 2021 to $33.5 million in fiscal year 2022, or by $10.6 million. Expenditures in this fund increased by $21.0 million which is attributed to an increase of $6.7 million for amounts paid to the Board of Education and Community College for capital projects and a $14.3 million increase in capital outlay expense. The increase in Board of Education and Community College is primarily attributable to the increase in cost for school construction. Although, school construction costs fluctuated based on various projects Anne Arundel Community College's, Health, Science and Biology Building completed construction which decreased costs by $30.7 million compared to the prior fiscal year. This was offset by an increase in funding for Old Mill West high school of $30.1 million and Rippling Woods elementary school of $19.7 million.

Proprietary Funds:

The County's proprietary fund's statements provide the same information found in the government-wide financial statements, but in more detail.

The Water and Wastewater Fund's assets totaled $2.3 billion at the end of fiscal year 2022, which was an increase of $17.2 million over fiscal year 2021. The increase primarily occurred as a result of an increase in net capital assets of $5.0 million and an increase in cash and investments of $13.0 million. These increases were offset by a decrease in restricted receivables, and investments of $3.5 million and $14.1 million respectively. Capital assets increase each year as capital projects are completed and developer donated water and sewer facilities are added. The main increase in liabilities was an increase in long term debt of $18.9 million. As a result of the changes in assets and liabilities, the Water and Wastewater Fund's net position decreased by $4.5 million or 0.34%.

The Statement of Revenues, Expenses, and Changes in Fund Net Position for Water and Wastewater Fund had an increase in operating revenues of $5.9 million. Operating expenses increased by $18.8 million or 12.1%, mainly from an increase in contractual services of $12.4 million and an increase in depreciation expense of $11.6 million, offset by a decrease in personnel services of $4.6 million. Non-operating revenue and expenses decreased from the previous year by $2.7 million, while capital contributions and grants increased by $11.1 million.

The Solid Waste Fund's assets increased by $18.5 million. Liabilities decreased by $5.0 million from the prior fiscal year in part from an decrease in the current portion of long-term debt of $4.1 million and other obligation of $15.5 million compared to prior fiscal year.

The Statement of Revenues, Expenses, and Changes in Fund Net Position for Solid Waste had an increase in operating revenue of $10.2 million and decrease in operating expenses of $18.5 million. This contributed to a increase in net position of $23.2 million at the end of the current fiscal year.

Fiduciary Funds:

Fiduciary funds include the Pension Trust Funds, the OPEB Trust Fund, and Custodial Funds. The Pension Trust Funds are presented for the calendar year ended December 31, 2021. Total investments in the Pension Trust increased by $261.9 million in calendar year 2021. The Pension Fund net position increased from $2.1 billion to $2.4 billion or 12.57%. Contributions increased from $101.7 million in 2021 to $115.1 million during 2022 and investment activity increased by $148.6 million from prior year. The net position of the OPEB Trust at the end of the current fiscal year was $401.3 million, an increase of $8.1 million from the prior fiscal year. Custodial funds balance is $40.3 million in fiscal year 2022. The annual property tax sale increased by $15.3 million from the prior year.

Budgetary Variations:

The budgetary statements of the General Fund show actual revenues of $2.0 billion compared to budgeted amounts of $1.8 billion, resulting in $200.0 million more revenue than anticipated. The most significant budgetary variations within components of revenue were the increases in general property taxes, local income tax, and recordation and transfer taxes, ambulance fees, and fees for services and other revenues which exceeded budgetary expectation by $16.1 million or 0.9%, $87.5 million or 5.0%, and $93.0 million or 5.3%, $9.0 million or 0.5%, and $11.5 million or 0.7%, respectively. The only negative variance was due to inter-fund recoveries for $2.0 million or (0.1%). The small decrease in revenues were mainly the result of lower than expected inter-fund recoveries from the Enterprise Funds as well as the Capital Project Funds.

Total expenditures on a budgetary basis were $1.9 billion which closely equaled appropriation authority of $1.9 billion, resulting in $24.3 million or 1.3%, less than planned. The most notable variances are in the public safety, general government, health and human services, recreation and community services, and judicial of $7.1 million, $10.7 million, and $1.7 million, $1.2 million, and $1.4 million, respectively. This was in part due to under spending in the police department of $3.4 million, the fire department of $3.7 million, and the health department of $2.0 million. The Police Department under spent mainly in personnel services partly as a result of position vacancies and the Health Department did not spend all of their ARPA grant funds which will be spent in the following fiscal year.

In reviewing the changes from the original budget to the final budget, total budgeted revenues did not change but budgeted expenses increased by $11.6 million as plans for the uses of the US Treasury ARPA funding materialized. The expense increase was primarily in public safety, general government, and health and human service in the amount of $7.1 million, $2.0 million and $2.0 million, respectively for Covid-19 expenditures. Management is not aware of any reasons why these and other budgetary variations would have a significant effect on future liquidity or services.

Capital Assets

The next table presents the asset values of the capital asset categories in governmental and business-type activities, net of accumulated depreciation. A discussion of the fluctuations follows.

Governmental capital assets – The governmental activities capital assets increased by $102.8 million or 7.1%, from fiscal year 2021. The following table shows an increase in land and easements, land improvements, buildings, roads and bridges, sidewalks, curbs and gutters, storm drains and culverts, furniture and equipment, right of use of $16.4 million, $17.3 million, $1.5 million, $13.0 million, $4.8 million and $13.6 million, $5.5 million, $37.2 million respectively. These increases were partially offset by a decrease in automobiles and rolling stock, software, and construction in progress of

$2.7 million and $1.0 million, and $2.7 million respectively.

Some major capital asset events during the current fiscal year included the following:

- $31.5 million for Road Resurfacing and Reconstruction
- $13.4 million for Information Technology Enhancement
- $10.9 million for Advance Land Acquisition
- $6.5 million for park renovations
- $5.7 million for county facilities and system upgrades
- $5.1 million for culvert and storm drain rehab

Business-type capital assets – The business-type activities capital assets increased by $20.8 million or 1.1%, from fiscal year 2021. The following table shows increases in landfills, buildings, water and sewer plants and lines of $17.6 million, $.28 million, and $153.0 million, respectively. These increases were offset by a decrease in automobiles and rolling stock, furniture and equipment, and construction in progress of $2.8 million, $.3 million, $.25 million, and $149.7 million, respectively. The remaining categories of assets show modest variations because new additions are negated by the continued depreciation of existing assets.

Major capital asset events during the current fiscal year included the following:

- $16.7 million for general water and sewer main replacement and reconstruction
- $6.6 million for upgrade and retrofit of sewer pumping station facilities
- $5.0 million for Annapolis WRF upgrade
- $4.0 million for Broad Creek WTP expansion
- $3.7 million for Arnold lime system upgrade

Anne Arundel County, Maryland

The Statement of Net Position presents the gross asset balances and total accumulated depreciation. The following table summarizes this information for depreciable assets and presents accumulated depreciation as a percentage of the gross depreciable assets.

	Total Depreciable Capital Assets	Less Accumulated Depreciation	Net Depreciable Capital Assets	Accumulated Depreciation as a Percent of Total
Governmental				
2022	$1,950,704,897	$ (1,059,303,361)	$ 891,401,536	54%
2021	1,809,334,953	(1,007,079,095)	802,255,858	56%
2020	1,752,416,903	(979,986,918)	772,429,985	56%
2019	1,705,463,427	(934,687,358)	770,776,069	55%
2018	1,666,353,729	(898,876,045)	767,477,684	54%
2017	1,640,033,012	(875,632,813)	764,400,199	53%
Business-type				
2022	$2,624,509,146	$ (1,149,463,445)	$ 1,475,045,701	44%
2021	2,384,206,168	(1,079,655,308)	1,304,550,860	45%
2020	2,303,599,166	(1,023,183,019)	1,280,416,147	44%
2019	2,214,565,724	(966,700,080)	1,247,865,644	44%
2018	2,109,864,062	(915,143,615)	1,194,720,447	43%
2017	2,008,724,137	(870,291,027)	1,138,433,110	43%

This analysis shows that the percent of depreciated governmental capital assets has decreased in the last year to 54.0% at fiscal year-end 2022. The business-type capital assets has decreased to 44.0% for the total depreciation as a percent of the asset values at fiscal year-end.

The comparison of these fiscal years does not provide any definitive conclusion about the County's replacement of aging assets. Management will continue to monitor these trends. Additional information about the County's capital assets and changes therein is provided in the Note 5 to the basic financial statements.

Debt Administration

The County's outstanding debt at the end of fiscal years 2022 and 2021 is presented in the table below. The County issued general obligation bonds, of $196.6 million in April 2022**,** including $182.4 million for governmental activities, $83.8 million for water and wastewater activities to fund improvements for general county capital projects of $138.5 million and water and sewer projects of $58.1 million. The County had a decrease in Maryland Water Quality loans for water and waste water improvements of $4.7 million in the Water and Wastewater Fund.

The changes to the state loans were not significant as there was no new loans in the current fiscal year. Principal payments of $241,513 were made on existing loans. There were no new equipment financing notes added during the current fiscal year and payments for leases totaling $30,272 resulted in a decrease in the equipment financing notes to $20,150. The County did not initiate new agricultural easements through installment purchase agreements during fiscal year 2022. Other changes to debt balances resulted from principal payments during fiscal year 2022. Additional information about the County's debt and changes therein is provided in Note 8 to the basic financial statements.

Fiscal Year 2023 and Beyond

- The County Real Property Tax Rate for fiscal year 2023 is $0.933 per $100 of assessed valuation. This is the same with the previous year's property tax rate. Fiscal year 2023 property tax receipts are estimated to increase 0.8% over the fiscal year 2022 actual receipts. Any future decline in real property assessments would not significantly impact the property tax revenue yield because of the wide gap between assessable values and "taxable" assessable values, the growth of which was limited by the Homestead Property Credit Program to 2% per year during the housing boom years.

- The County Council set the calendar year 2023 County income tax rate of 2.7% for all Maryland income that is $50,000 or less, and a County income tax rate of 2.81% for all Maryland income over $50,000. As a result of the approved progressive income tax rates mentioned above, the effective County tax rate for all County taxpayers will be reduced from the current flat rate of 2.81%. Based on most recent estimate, Fiscal year 2023 income tax revenue is projected to increase 0.03% over the fiscal year 2022 actual revenue. The projected income tax revenue is about $20.4 million more than the budgeted amount of $714.7 million for fiscal year 2023.

- State law allows the County to collect a stormwater fee from taxpayers to fund the implementation of a local watershed protection and restoration program. These fees are maintained in a dedicated fund, the Watershed Protection and Restoration Fund. For fiscal year 2023, stormwater fee remains unchanged at $89.25 per ERU (equivalent run off unit) and the Watershed Protection and Restoration Fund had an approved budgeted revenue of $25.6 million.

- For fiscal year 2023, the Anne Arundel County Public Schools are funded by the County at $834.7 million, a $50.0 million or 6.3% increase over the prior fiscal year. This funding level exceeds the required Maintenance of Effort level for fiscal 2023. Anne Arundel County Public Schools fiscal year 2023 capital budget contains 45 planned projects totaling $191.5 million or 33.4% of the General County capital projects. Of the total FY2023 General Fund debt service budget, 54.8% is allocated for school debt.

- The County's support of the Anne Arundel Community College will increase $3.0 million in fiscal year 2023 over fiscal year 2022 to a total of $51.1 million, $49.4 million from General Fund and $1.7 million from Video Lottery Local Impact Aid Special Revenue Fund. The County has appropriated $14.0 million for Anne Arundel County Community College's fiscal year 2023 capital projects, which will be financed by issuing general obligation bonds. The Community College's annual debt service of $8.3 million is paid by the County.

FY2023 General Fund budget estimates total revenues at $1.90 billion, an increase of $132.0 million or 7.5% over fiscal year 2022 original budgeted amounts. As FY2022 revenues came in much higher than the budgeted amounts, the County most likely will revise its FY2023 revenue estimates upward during the FY2024 budget process. Expenditures for fiscal year 2023 will continue to be tightened and trimmed where possible with some strategic investments, particularly in public safety and technology. The County also anticipates issuing bonds during fiscal year 2023.

As mentioned above, FY2023 budget also included a progressive income tax rate for all county income taxpayers by reducing the County income tax rate to 2.7% from 2.81% for the first $50,000 of taxable income. This rate is the fourth lowest in the State. The FY2023 property tax rate is $0.933 per $100 of assessed valuation – the seventh lowest in the State. The Homestead Tax Credit rate for County real property tax is at 2.0% which remains unchanged from the past fiscal year.

Legislation was passed to restore the admissions and amusement tax for the gross receipts derived from any admissions and amusement charge for admission to any moving picture theater effective January 1 2019

Bill 42-19 has been passed to establish the Reserve Fund for Permanent Public Improvements (PPI Fund). This is a special fund provided for in the County Charter. The revenue for the Fund is based off of 1/10th of a percentage point by which the income tax rate exceeds 2.50% and capped at $21 million a year to pay for the debt service of a one-time capital infusion totals $250 million. FY2023 General Fund Budget met the required contribution toward the PPI Fund of $21 million.

The Water and Wastewater Fund usage rates for water and wastewater fees for fiscal year 2023 are $2.97/1,000gal and $5.21/1,000gal, respectively. This is a 5% increase from prior fiscal year. Solid waste service charges per household is unchanged at $341/year. Landfill tipping fees is also unchanged at $85/ton. A 10% rate increase on Capital Facility Connection Charges and 8.3% rate increase in Environment Protection Fee (EPF) were placed consistent with the five year plan.

Requests for Information

This financial report is designed to provide a general overview of the County's finances for all those interested. Questions concerning any information provided in this report or requests for additional finance information should be addressed to the Office of Finance, 44 Calvert Street, Annapolis, Maryland 21401. Complete financial reports are also available on our website www.aacounty.org.

The County's component units, except for the Library, issue their own separately audited financial statements. These statements may be obtained by directly contacting the component unit. Contact information can be found on Note 1A of this report.

Reconciliation of Governmental Fund Balance to Governmental Net Position

Governmental Funds

June 30, 2022

Total fund balance for governmental funds as shown on the Balance Sheet	$	868,724,524
Capital assets used in governmental activities are not financial resources and, therefore, are not reported on governmental funds balance sheet:		
Capital assets		2,519,688,439
Accumulated depreciation /Amortization		(992,032,196)
Deferred outflows and inflows are recognized in the statement of net position, but are not reported in governmetnal funds:		
Deferred Outflows - Pensions		215,177,959
Deferred Outflows - OPEB		131,034,077
Deferred Outflows - LOSAP		4,889,183
Deferred Inflows - Pensions		(124,761,567)
Deferred Inflows - OPEB		(33,904,932)
Deferred Inflows - LOSAP		(3,613,982)
Deferred Inflows - Unamortized gain on refunding		(5,254,184)
Certain liabilities not due and payable in the current period and, therefore, not included on governmental funds balance sheet		
Short-term bond anticipation notes		
Long-term bonded debt		(1,767,887,402)
Federal and state loans		(1,896,672)
Wynne liability due to State of Maryland		(16,367,410)
Net pension liability		(589,914,253)
Net Other post-employment benefits (OPEB) liability		(479,105,113)
LOSAP total pension liability		(20,530,076)
Compensated absences		(35,226,517)
Lease liability		(37,683,060)
Notes for financed purchases		(20,150)
Accrued interest payable on debt recorded in governmental activities		(15,273,739)
Unavailable revenues		
Revenues that will be collected after year-end but are not available soon enough to pay for the current period's expenditures		137,635,315
The assets and liabilities recorded in the internal service funds have been added to governmental net position because these funds are used to provide services to other funds		
Net position of the Internal Service Funds		53,329,447
Business-type activities allocation of Internal Service Funds net position		970,941
Certain expenditures paid with current resources deferred to future periods on the Statement of Net Position		4,059,947
Total net position (deficit) for governmental activities as shown on Statement of Net Position	$	(187,961,421)

Anne Arundel County, Maryland

Reconciliation of Changes in Fund Balances to Changes in Net Position

Governmental Funds

Year Ended June 30, 2022

Changes in fund balances as shown on Statement of Revenues, Expenditures, and Changes in Fund Balances, Governmental Funds	$	152,885,971
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of capital assets is allocated over the estimated useful lives of those assets through an annual depreciation charge. The differences are as follows:		
Current year additions of capital assets		130,046,422
Current year disposals of capital assets		(1,601,373)
Depreciation/Amortization expense recorded in the Statement of Activities		(58,816,503)
Governmental funds report the additions and payments of long term liabilities in the period that current resources are provided or used. In the Statement of Activities, new debt is recorded as a liability and payments of principal are charged against that liability. Interest payable must be accrued from the date of the last interest payment to the end of the fiscal year. Debt related differences are as follows:		
New debt issued in current year		(182,404,150)
Principal payments on debt		155,046,193
Additions of new leases		(5,210,477)
Lease payments		4,542,723
Change in accrued interest payable		196,824
Gain (Loss) on refunding		(8,293,686)
Amortization of prior year refunding gain/loss		(786,798)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds		
Change in Wynne accrued liability due to the State of MD		884,724
Changes in pension liabilities and related deferred outflows and inflows of resources		1,354,631
Accrual of LOSAP liability		(564,401)
Accrual of other post-employment benefit liability (OPEB)		39,567,949
Accrual of compensated absences		207,800
Expense was deferred to future periods		4,059,947
Amortization of expenditures deferred in previous years		(3,291,088)
Premiums received on bond issues have been deferred in the government-wide statements. The revenue will be recognized over the life of the related bonds.		
Amortization of premiums		1,996,490
Certain revenue was deferred on the governmental fund statements because it was not available to pay expenditures of the current period. These deferred amounts are recognized as revenue in the Statement of Activities.		10,554,904
The current year activity in the internal service funds has been combined and eliminated against the governmental activities in the Statement of Activities. The net activity in the internal service funds that resulted from provision of services to business-type activities, component units, and outside agencies must be recognized in the Statement of Activities.		
Net position of the Internal Service Funds		(8,680,671)
Business-type activities allocation of Internal Service Funds net position		(925,892)
Changes in net position as shown in governmental activities on the Statement of Activities	$	230,769,539

1 Summary of Significant Accounting Policies

The basic financial statements are prepared in accordance with accounting principles generally accepted in the United States of America applicable to governmental units as prescribed by the Governmental Accounting Standards Board (GASB). This note summarizes the significant accounting policies.

A Reporting Entity – The County's basic financial statements include various departments, agencies, and other organizational units governed directly by the County Executive and the County Council, herein referred to as the primary government. These statements also include other entities, which by the entities' relationships with the primary government are considered component units of the County. Accounting principles dictate that those entities that are financially accountable to the primary government or where exclusion would cause the financial statements to be misleading or incomplete should be included in the County's basic financial statements. The County's component units and the reasons for the entities' inclusion are as follows:

- **Anne Arundel County Board of Education** (Board of Education) - The Board of Education and the Anne Arundel County Public School System provide public education for the County's students in grades kindergarten through twelve.
- **Anne Arundel Community College** (Community College) – The Community College and its Foundation operate an institution of higher education within the County.
- **Public Library Association of Annapolis and Anne Arundel County, Inc.** (A.A. County Public Library or Library) – The Library operates the public library system within the County.
- **Anne Arundel Economic Development Corporation** (Economic Development) – Economic Development provides services and programs that promote economic development within the County.
- **Tipton Airport Authority** (Tipton Airport) – Tipton Airport operates a general aviation airport in the western area of the County.
- **Anne Arundel Workforce Development Corporation** (Workforce Development) – Workforce Development provides job training and placement services to County citizens.

All of these entities are component units because the primary government approves the entities' respective budgets and/or provides a substantial amount of funding. In addition, the County Executive appoints a majority of the members of the governing bodies for Economic Development, Tipton Airport, and Workforce Development.

All of these entities are discretely presented in the government-wide statements. The Board of Education and the Community College are considered major component units and have been presented in separate columns on the face of the government-wide statements.

Separately issued financial statements for the Board of Education, the Community College, Economic Development, Tipton Airport, and Workforce Development may be obtained from the respective administrative offices. The addresses are provided below. The Library does not issue separate financial statements, and all of its required financial statements have been included in the County's Annual Comprehensive Financial Report (ACFR).

B Financial Statement Presentation, Measurement Focus, and Basis of Accounting – The basic financial statements are divided into three categories: government–wide financial statements, fund financial statements, and budgetary statements.

Government-Wide Financial Statements

The government-wide financial statements, consisting of the Statement of Net Position and the Statement of Activities, are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized in the year levied, and grants and similar revenues are recognized when all eligibility requirements imposed by the provider have been met.

The government-wide statements present governmental activities, which are supported primarily by taxes and intergovernmental revenues, separately from business-type activities, which are funded primarily by user fees. In addition, the primary government's activity is presented separately from its discretely presented component units. The government-wide statements do not include the net position or activities of the fiduciary funds, which include the pension trust funds, other post-employment trust funds and the custodial funds, because these funds account for assets that are not owned by the County.

Interfund activity within the primary government's governmental activities and business-type activities has been eliminated from the government-wide statements. Residual balances between the governmental and business-type categories are presented on the Statement of Net Position as "Internal balances." In addition, transactions between these activities and the internal service funds, which primarily serve the primary government, have been eliminated. Certain residual assets, liabilities, and net positions of the internal service funds have been added to governmental activities. In addition, transactions between the internal service funds and component units or other non-County agencies have been included in governmental activities.

Fund Financial Statements

The fund financial statements include statements for the governmental funds, the proprietary funds, and the fiduciary funds. Major funds within each category have been presented in separate columns, while all non-major funds are combined in one column.

Governmental fund financial statements - The governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when measurable and available. Revenues are considered available if those revenues are collectible within the current period or shortly thereafter to pay liabilities of the current period. Expenditures are generally recorded when incurred; however, expenditures for debt service, compensated absences, claims, and judgments are recorded when payments are due.

The County considers revenue collected within ninety days of the end of the year as available, except for property taxes, which must be collected within sixty days. Property taxes, income taxes, certain shared taxes, and grants that have not been received within the availability period have been deferred to future periods and recorded as deferred inflow of resources.

The governmental fund financial statements separately present the following major funds:

- **General Fund** – This fund is the primary operating fund. It accounts for all financial resources of the primary government except those accounted for in another fund.
- **Grants Special Revenue Fund** – The grants fund accounts for grant monies collected by the County through the following departments: Chief Administrative Office, Circuit Court, Fire, Health, Police, Planning and Zoning, Recreation and Parks, Sheriff's Office, Social Services, State's Attorney's Office, Aging and Disability, and Detention Facilities.
- **Impact Fee Capital Projects Fund** – This capital projects fund accounts for impact fees collected from developers to pay a share of the cost of additional school capacity, road improvements, and public safety facilities necessitated by the development.

- **General County Capital Projects Fund** – This fund accounts for all financial resources that are received and used for the acquisition or development of major capital improvements. Resources received are applied such that the most restrictive resources are used first. This generally results in the following order: restricted revenues such as developer contributions, bonds, pay-as-you-go, and grants.

Proprietary fund financial statements - The proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned, and expenses are recognized when a liability is incurred, regardless of the timing of cash flows. These funds account for County services that operate as self-supporting activities. Those who benefit from these services bear the cost through the payment of user fees. The proprietary fund financial statements separately present the following major enterprise funds:

- **Water and Wastewater** – This fund accounts for the operating, debt service, and capital improvement activities of the water and wastewater utility services provided to County residents and businesses.
- **Solid Waste** – This fund accounts for the costs associated with the collection and disposal of refuse for County residents and businesses. This includes the cost of operations, debt service, capital improvements, and landfill restoration.

The proprietary fund statements also include a column that presents totals for internal service funds. These funds operate as self-supporting activities that primarily serve the primary government and its component units. The internal service funds of the County are:

- **Self-Insurance** – The County is self-insured for workers' compensation, auto liability, and general liability insurance. This fund accounts for the self-insured activity and the purchase of policies from commercial insurers for certain specific exposures. These services, provided to the primary government and certain component units, are funded through charges to the users.
- **Health Insurance** – The County is self-insured for employee and retiree medical benefits. This fund accounts for this health insurance activity and the payment to outside administrators and medical service providers. These services are provided to the primary government and certain component units and other agencies and are funded through premiums charged to the users.
- **Central Garage and Transportation –** This fund accounts for activity in the County's central garage, which provides the primary government and certain component units with vehicle maintenance, fuel usage, and motor pool vehicles. Costs are recovered through fees to users for maintenance, fuel use, and vehicle lease charges.
- **Garage Vehicle Replacement –** This fund accounts for the collection of replacement fees from participating funds within the primary government and certain component units. The fees are used to replace motor pool vehicles as needed.

Fiduciary fund financial statements - The fiduciary fund statements include the following:

- **Pension Trust Fund** – This fund accounts for the activities of the Anne Arundel County Retirement and Pension System (Retirement System). The Retirement System accounts for the activity in the primary government's four defined-benefit pension plans and reports on a calendar-year basis. The Pension Trust Fund is reported using the economic resources measurement focus and accrual basis of accounting. Revenues are recognized when earned, and expenses are recognized when a liability is incurred, regardless of the timing of related cash flows. These plans accumulate employer and employee contributions and invest these funds to provide guaranteed pension benefits after retirement. Employer contributions are based on actuarial recommendations.

  Pension expenses are liquidated within the following governmental funds: the General Fund, Reforestation Fund and grant funds. They are also liquidated in the following internal service and enterprise funds: Self Insurance, Central Garage and Transportation, Water and Wastewater, Solid Waste and Child Care.

- **Anne Arundel Retiree Health Benefits Trust Fund –** This fund consists of the activities of the Anne Arundel Retiree Health Benefits Trust (OPEB Trust Fund). The OPEB Trust Fund has fiduciary responsibility to administer the agent multi-employer defined benefit plans for the purpose of providing retiree health benefits as "other post-employment benefit" for following three entities; the Anne Arundel County Plan (County

Plan), the Anne Arundel Community College Plan (College Plan), and the Public Library Association of Annapolis and Anne Arundel County, Inc. (Library Plan).

Anne Arundel County Retiree Health Benefits are liquidated within the following governmental funds: the General Fund, Reforestation Fund and grant funds. They are also liquidated in the following internal service and enterprise funds: Self Insurance, Central Garage and Transportation, Water and Wastewater, Solid Waste and Child Care.

- **Custodial Funds –** Custodial funds account for deposits that are collected and held on behalf of individuals, organizations, or other governments. These monies include the following: escrow deposits for developer subdivisions, sediment control, tax sale, special taxing districts, and other miscellaneous purposes; monies held in trust on behalf of the Special Tax and Assessment Districts; and taxes collected for other governments.

Budgetary Statements

The basic financial statements include a Statement of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual for the General Fund. This statement is prepared using the budgetary basis of accounting in which revenues are recognized when both earned and available. This non-GAAP basis of accounting recognizes that the County's budget is adopted in accordance with legal requirements regarding appropriation authority and the certification of the availability of funds to support those appropriations. Pursuant to the County Charter, the capital and operating budgets are presented by the County Executive to the County Council by May 1st. The County Council holds public hearings regarding the budget. The Annual Budget and Appropriation Ordinance must be approved by June 15th (prior to the start of the next fiscal year on July 1st) and provides the spending authority at the department level for the operations of the County. Unexpended or unencumbered appropriations in the operating budget expire at year end. The County also recognizes revenues collected within ninety days of the end of the fiscal year as available for the prior year's appropriation, except for property taxes, which must be collected within sixty days and grant revenue when the County Controller has determined that sufficient documentation exists to support that revenues not yet collected within ninety days of the end of the year are available to support appropriations in that fiscal year. Budgetary expenditures are recognized when encumbered or when goods or services are received. All major capital project funds have legally adopted budgets and unspent appropriations at year end carry forward to the subsequent year, except for the Impact Fee Fund. All non-major governmental funds have legally adopted budgets, except the Storm Drain Fees Fund, Recreation Land Fees Fund, Street Light Fund, and Energy Revolving Loan Fund, which are expended through the Capital Projects Fund. Additional Budgetary information can be found at www.aacounty.org/departments/budget-office/previous-budgets/fy2021/index.html.

Combining and Other Supplementary Schedules

For all columns in the basic financial statements that accumulate the data for non-major funds or component units, the County has provided combining statements that present the individual funds included in these non-major categories. In addition, budgetary statements of revenue and expenditures for all primary government funds for which budgets are adopted have been provided. Separate financial statements for the Library, a non-major component unit, are also presented because the Library does not issue separate financial statements.

C ***Cash, Investments, and Related Income –*** Cash includes bank deposits in checking and savings accounts. Investments include external pools and fixed income issues which generally mature within one year. Investments may extend longer than one year to facilitate the specific purpose of a fund. Details on investment types and terms are displayed in Note 3, "Cash and Investments."

Investments are recorded at fair value. Available cash from the primary government and Library is pooled in the General Fund and invested in money market or other investments. To facilitate the pooling, cash belonging to other funds is transferred to and from the General Fund. On the Statement of Cash Flows for the proprietary funds, cash and cash equivalents include bank deposits and liquid investments readily convertible to cash such as money market funds and certificates of deposits.

Investment income is generally allocated to each fund based on its proportionate share of the average daily cash balance each month. Investment income earned on the balances in certain special revenue funds, certain internal service funds, custodial funds, and the Library Fund is retained in the General Fund. In addition, investment earnings recognized in the General County Capital Projects Fund are transferred to the General Fund.

Investments of the Retirement System are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Mortgages are valued on the basis of future principal and interest payments and are discounted at prevailing interest rates for similar instruments. The fair value of real estate investments is based on periodic independent appraisals. Investments that do not have an established market, such as Private Markets, are reported at estimated fair value. The fair value of private equities are based on management's valuation of estimates and assumptions from information and representations provided by the respective general partners, in the absence of readily ascertainable market values. There are no investments with parties or in entities related to the County.

D ***Inventories and Prepaid Expenses*** – Inventories of parts and supplies recorded in the General Fund and certain proprietary funds are valued at cost on a first-in, first-out method. The government-wide and the fund statements record the cost of inventory as it is consumed, while the budgetary statements record the cost when the inventory is purchased. For the government-wide and proprietary statements, prepaid expenses are recognized as the services are consumed. For the budgetary statements, prepaid items are recognized when either encumbered or paid.

E ***Program Revenues*** – The government-wide Statement of Activities is presented using a net-cost format. Total costs are presented on a functional basis. Some of these functional activities are financed in whole or in part by program revenues received from parties outside the County government. These program revenues are subtracted from the functional costs to arrive at net costs. General County revenues are then applied against the net costs to arrive at changes in net position for the fiscal year.

Program revenues include amounts received from those who purchase, use, or directly benefit from a program; amounts received from outside parties that are restricted to one or more specific programs; and earnings on investments that are legally restricted for a specific purpose. Program revenues include user fees and charges, impact fees, fines, license and permit fees, special community benefit assessments, grants and contributions, and restricted investment income.

F ***Capital Assets*** – Capital assets of the primary government are recorded in the applicable governmental or business-type activities columns on the government-wide Statements of Net Position. These asset balances include all constructed, purchased, or developer-donated public domain infrastructure (roads, bridges, and similar items). Infrastructure with an individual value of $50,000 or more, intangible assets and software with an individual value of $50,000 or more, library books are recorded at cost, and other assets with an individual value of $5,000 or more are capitalized. Capital assets are valued at historical cost or estimated historical cost. Donated assets are recorded at acquisition value on the date donated. Land and easements, historical property, and works of art are assets that are not depreciated. Depreciable assets are depreciated on a straight-line basis over the respective useful lives. The estimated useful lives of the capital assets are determined by the category. They are listed as follows:

Category	Years	Category	Years
Buildings, structures, sidewalks, curbs, gutters and water / sewer lines	50	Heavy machinery and other equipment	5 – 10
Water / sewer structures	35	Library collection	10
Land improvements	30	Furniture and fixtures	5 – 10
Culverts and storm drains	25 – 50	Office equipment, intangible assets, software, and telecommunications systems	5 – 7
Roads and bridges	17 – 30	Automobiles and small rolling stock	5
Landfills	15 – 20		

G ***Deferred Outflows/Inflows of Resources*** – A deferred outflow of resources represents the consumption of net assets that applies to a future period that will not be recognized as an outflow of the resources (expenditure) until that future period. At the end of the current fiscal year, the County Primary Government had deferred outflows of resources for pension benefits, Other Post-Employment Benefits (OPEB), Length of Service Awards Program (LOSAP), and unamortized deferred refunding losses. The Board of the Maryland State Retirement, Anne Arundel County Pension and Retirement System, and Anne Arundel Retiree Health Benefits Trust (OPEB) recognizes deferred outflows of resources (DOR) which are amortized according to the actuarial valuation report. The DOR can occur from contributions after measurement date, changes in investment, changes in assumptions and changes in experience, as determined from the actuarial valuation report. Deferred inflow of resources (DIR) represents an acquisition of net assets that applies to a future reporting period that will not be recognized as an inflow of resources (revenue) until that time. For government-mandated and voluntary non-exchange transactions on the governmental funds, a deferred inflow (DIR) is reported when resources are received before time requirements are met and revenue unavailable. The governmental funds had deferred inflows of resources (DIR) representing unavailable tax revenues, E-Rate Federal reimbursements, 911 fees, and unavailable grant and program revenues. On the government wide statements, the primary government had deferred inflows of resources (DIR) representing pension, OPEB, LOSAP and advances in property tax revenue. Additionally, deferred inflows are recorded at both the fund and entity-wide levels related to lessor activity under GASB 87. The Board of the Maryland State Retirement, Anne Arundel County Pension and Retirement System, and Anne Arundel Retiree Health Benefits Trust (OPEB) recognizes deferred inflows of resources (DIR) related to pensions and OPEB actuarial estimates which are amortized according to the actuarial valuation report. The DIR can occur from changes in investment, actuarial assumptions and actuarial experience, as determined from the actuarial valuation report.

Deferred outflows of resources are presented below the total assets on the government-wide, proprietary, and governmental statements. Deferred inflows of resources are presented below the total liabilities on the government-wide, proprietary, and governmental statements.

H ***Operating and Non-operating Revenues and Expenses and Capital Contributions*** – The Statement of Revenues, Expenses, and Changes in Fund Net Position for proprietary funds categorize revenue sources into operating, non-operating, and capital contributions. Operating revenues include charges for water, wastewater, landfill usage, child care and other revenues used to fund the ongoing provision of water and wastewater, waste collection, and child care services to citizens. The statement also presents combined totals for the internal service funds. These funds collect charges from other funds and component units for insurance and the primary government's motor pool maintenance and replacement. Non-operating revenues include all other sources, such as interest earned and other revenues. Capital contributions include developer-contributed assets and grants, capital connection fees, capital facility assessments, and front foot benefit fees restricted for the construction of capital assets or the payment of debt issued for capital construction.

Operating expenses in the proprietary funds and in the internal service funds include the costs of operating the County's water and wastewater system, waste collection activities, and school-based child care services. Expenses consist of personnel and non-personnel services, cost of goods issued, depreciation, landfill closure and post-closure costs, indirect costs, and other miscellaneous allocated expenses. Non-operating expenses include interest on debt and other miscellaneous expenses.

I ***Bond premiums and refunding gain or loss –*** The primary government typically receives premiums as a result of the sale of general obligation bonds. The treatment of the premiums differs depending on the basis of accounting used on the related statements. Premiums earned on debt in governmental activities are recognized as revenue in the year of the bond sale on the fund statement, amortized over the life of the bonds on the government-wide presentation, and applied against the purchase of capital assets in the subsequent fiscal years on the budgetary statement. Premiums earned on the bonds in business-type activities are amortized over the life of the bonds on the fund level and government-wide presentations, recorded as premium revenue on budgetary statements and then applied against the purchase of capital assets in the subsequent fiscal years. The refunding gain or loss is applied against the shorter life of the old debt or the new debt.

J ***Indirect costs*** – Administrative costs of the primary government are generally included in the general government functional expenses on the government-wide Statement of Activities and the fund financial statements. However, some allocations of administrative costs are made through an indirect cost allocation plan, resulting in charges to the proprietary funds, Pension Trust Fund, and General County Capital Projects Fund. These allocated costs are included in the functional expenses of these other funds.

K ***Encumbrances*** – The governmental funds utilize encumbrance accounting under which purchase orders, contracts, and other commitments are recorded in order to reserve budget appropriations for that purpose. Open encumbrances at fiscal year-end are shown as part of the restricted, committed or assigned fund balance, depending on the nature of the fund, in the governmental fund statements and are recorded as expenditures on the budgetary statements. Encumbrances as of June 30, 2022 totaled $176,067,555 in the governmental fund types, of which $129,356,592 is for construction activity. The proprietary funds utilize encumbrance accounting for budgetary purposes. As of June 30, 2022, the proprietary funds had encumbrances totaling $121,279,013, of which $105,896,203 is for construction activity.

L ***Fund Balance Classification*** – The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. See Footnote 10 for additional information on Governmental Fund Balance. The classifications used in the governmental fund financial statements are as follows:

- ***Non-spendable***: This classification includes amounts that cannot be spent because they either (a) are not in spendable form or (b) are legally or contractually required to be maintained intact. The County has classified inventories, and prepaid items as non-spendable.

- ***Restricted:*** This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. The following fund balances are classified as restricted:

    - ***Permanent Public Infrastructure (PPI):*** $21,114,377 of the general fund is restricted through enabling legislation from County bill 42-19 which established the reserve fund for permanent public improvement (PPI).

    - ***Base realignment and closure (BRAC):*** restricted by the Annotated Code of Maryland, Economic Development Article, Section 5-1306 for the revitalization and incentive programs in the BRAC area.

    - ***Impact fees:*** restricted by the Annotated Code of Maryland, Local Government Article, Section 20-701 for expanded infrastructure required to accommodate new development.

    - ***Forfeiture and asset seizure team***: restricted by federal regulations for law enforcement activities.

    - ***Roads and special benefits***: restricted by the Annotated Code of Maryland, Local Government Article, Section 10-314 for the improvements and benefits within designated districts.

    - ***Reforestation***: restricted by the Annotated Code of Maryland, Natural Resources Article, Section 5-1610 for the reforestation of properties in the County.

    - ***Laurel racetrack community benefit:*** restricted by the Annotated Code of Maryland, Business Regulation Article, Section 11-404 for certain services and facilities in the vicinity of the Laurel racetrack.

    - ***Grants:*** restricted by various state and federal laws, regulations and grant agreements that specify how funds may be spent.

    - ***Circuit court:*** restricted by the Annotated Code of Maryland, Court and Judicial Proceeding Article, Section 7-204 for Circuit Court operations.

    - ***Odenton Town Center Tax Increment:*** restricted by State Enabling Legislation and the creation of the special taxing district as defined in Anne Arundel County Resolution 42-14, for the creation of Odenton Town Center Development District.

    - ***Erosion districts:*** restricted by the Annotated Code of Maryland, Local Government Article, Section 21-306 for erosion control projects and related loans in designated districts.

- ***Video lottery local impact aid:*** restricted by the Annotated Code of Maryland, State Government Article, Section 9-1A-31(b) for improvements and facilities in the vicinity of the video lottery facility.

- ***Watershed protection and restoration*:** restricted by the Annotated Code of Maryland, Environment Article, Section 4-202.1(h) (4) for stormwater management and projects.

- ***Bond premium:*** restricted by the County Charter, Section 720(b) for capital improvements financed with the proceeds of the bonds that generated the premiums.

- ***Debt Service:*** is restricted through debt covenants.

• ***Committed***: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the County's highest level of decision making authority through the passing of ordinances. These amounts cannot be used for any other purpose unless the County Council removes or changes the ordinance that was employed when the funds were initially committed. The following funds are committed based on legislation in the County code: Bike, Pedestrian, Transportation and Infrastructure Fund; Street Lights Capital Project Fund; Recreation Land Fees Fund; and Energy Revolving Loan Fund. The Installment Purchase Agreement Fund is committed for the purchase of agricultural and woodland preservation programs.

• ***Assigned:*** This classification includes amounts that are constrained by the County's intent to be used for a specific purpose, but are neither restricted nor committed. The policy to assign funds is established through the Annual Budget and Appropriation Ordinance each year which is approved by both the County Council and the County Executive. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund. General County Capital Projects are assigned for the repair and replacement of equipment.

• ***Unassigned***: The General Fund is the only fund that reports a positive unassigned fund balance. In other governmental funds, it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the General Fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund. This classification includes the residual fund balance for the General Fund. The Arundel Community Development Service Fund and the Grants Fund have negative unassigned fund balance which represents the timing difference between the grant expenditures and payments received for the reimbursable grants.

The County typically uses restricted resources first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

M ***Compensated absences -*** The primary government's Statements of Net Position include an accrual for compensated absences. This accrual is an estimate of unused annual leave as of June 30, 2022. The annual leave accrual is calculated using unused annual leave hours as of June 30, 2022 and pay rates in place for each employee at the end of the fiscal year.

The compensated absences accrual also includes an estimate of sick leave payouts earned as of fiscal year-end plus the estimated FICA that would be paid on the amount. Certain employees are paid $25 per day for unused sick leave upon retirement. The estimate uses unused sick days at year end multiplied by $25 per day. The accrual is then adjusted to reflect an estimate of the current employees that will ultimately retire with the primary government.

Compensated absences are liquidated within the following governmental funds: the General Fund and Reforestation Fund. They are also liquidated in the following internal service and enterprise funds: Self Insurance, Central Garage and Transportation, Water and Wastewater, Solid Waste and Child Care.

N ***New GASB Pronouncements -*** In fiscal year ended June 30, 2022, the County adopted GASB Statement No. 87, *Leases*. This GASB Statement improves guidance regarding the accounting and financial reporting of leases by governments. The statement requires all leases to be accounted for in a similar manner. This has resulted in reporting the entire liability of the lease over it's term and the related asset in both the governmental activities and proprietary fund statements. Additionally, for leases where the County is lessor, the government is required to record a receivable and deferred inflow for the value of the lease.

The following pronouncements will be evaluated for future implementation:

As of the year ended June 30, 2021, Statement No. 90, *Majority Equity Interests;* Statement No. 91, *Conduit Debt Obligations*; Statement No. 96, *Subscription-Based Information Technology Arrangements*, Statement 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans-an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32*; Implementation Guide No. 2019-3; Statement No. 99, *Omnibus 2022*; Statement No. 100, *Accounting Changes and Error Corrections – an amendment of GASB Statement No. 62*; and Statement No. 101, *Compensated Absence*s. Some of these statements will have a material effect on the County's financial statements once implemented.

Certain provisions of GASB Statement No. 99 were effective upon issuance; however, they had no effect on the County's financial statements. The County will be analyzing the effects of these pronouncements and plans to adopt them as applicable by their effective date.

O ***Use of Estimates -*** The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the related notes. Actual results could differ from those estimates.

2 Budgetary Information

Expenditures and encumbrances of funds may not exceed legally adopted appropriations. The appropriations are established by the County Council in the Annual Budget and Appropriation Ordinance. During the fiscal year, the County Council may adopt supplemental budgetary appropriation ordinances that increase appropriations from revenue not anticipated in the budget or in excess of that anticipated in the budget. The County Executive has the authority to approve intra-department transfers within a fund. Transfers of appropriations from one department to another or from one capital project to another require the County Council's approval by ordinance. The legal level of budgetary control is at the department level for the operating funds, at the project level for capital projects, and at the district level for Roads and Special Community Benefit Districts, Shore Erosion Control Districts, and Waterway Improvement Special Taxing Districts. All unexpended, unencumbered appropriations lapse at year end, except appropriations for capital projects. The County adopts budgets for all funds except the Custodial and Fiduciary Funds, Library Dedicated Revenue Fund and the capital project funds for the Bike, Pedestrian, Transportation and Infrastructure Fund, Recreation Land Fees Fund, Street Light Fund, and Energy Revolving Loan Fund, which are expended through the General County Capital Projects Fund. Appropriations in the grant funds may be increased without a separate ordinance if the conditions in the code are met.

A ***Excess Expenditures over Appropriation Limits –*** Expenditures for Arundel Community Development Services exceeded budgeted appropriations by $9,416,315 in FY22.

B ***Fund Deficits -*** The Grants Special Revenue Fund, Arundel Community Development Services, and Child Care have deficit fund balances in the amount of ($12,036,171, $2,065,880, and $351,331), respectively, as a result of funds expended in the current fiscal year that were not reimbursed by the grantor within 90 days of the fiscal year end. The Board of Education and Anne Arundel County Public Library, discretely presented component units, have deficit net positions of ($935,857,602) and ($23,801,884), respectively, as a result of unfunded liabilities for other postemployment and pension benefits. In addition, Governmental Activities has a deficit net position of ($187,961,421) on the full accrual statements as a result of unfunded liabilities for other postemployment and pension benefits.

C ***Reconciliation Between Fund Financial Statements and Budgetary Statements -*** The General Fund's Statement of Revenues, Expenditures and Changes in Fund Balances and the Statement of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual use different revenue and expenditure recognition policies, a reconciliation of these two statements is provided as follows:

		General Fund
Revenue (under) over expenditures - budgetary basis	$	128,101,194
Net effect of encumbrances		4,069,513
FMV Interest Adj - GAAP		(1,913,600)
Beer, wine, liquor		1,451,562
Revenue Reserve Fund Balance		13,911,757
Bond Refunding Premium		222,385
Bond Refunding COI		(222,385)
Payroll Overtime Liability		106,297
Transfer for Permanent Public Improvements		19,957,669
Conference and Visitor Center - transfer to GAAP Only		331,170
Arts Council - transfer to GAAP Only		58,442
Self Insurance Fund Deficit		(3,223,405)
Lease Revenue		26,194
Garage Fund Deficit		(1,990,975)
Effects of Inmate Benefit Fund & Parking Garage Fund		67,309
Net inventory change		463,180
Change in fund balance - modified accrual basis	$	161,416,307

3 Cash and Investments

The primary government pools available cash and centrally invests these funds to maximize earnings. The component units also pool available cash in this manner. Assets of the Anne Arundel County Pension and Retirement System (Retirement System) and the Anne Arundel County Retiree Health Benefits Trust, which covers Other Post-Employment Benefits (OPEB), are held separately. Significant accounting policies related to cash and investments are included in Note 1C.

A ***Policies*** – The primary government is authorized to invest available public money in obligations of the U.S. Government, its agencies and instrumentalities; repurchase agreements that are fully collateralized by direct U.S. Government obligations and U.S. Government agency and instrumentality obligations, including fixed rate Mortgage-Backed Securities; Bankers' Acceptances; mutual funds that are registered with the Securities and Exchange Commission (SEC) under the Investment Company Act of 1940 (the Act), are operating in accordance with Rule 2A-7 of the Act, and have received the highest possible rating from at least one Nationally Recognized Statistical Rating Organization as designated by the SEC; Certificates of Deposit; and Commercial Paper. In addition, the primary government can participate in the local government investment pool authorized and maintained by the State of Maryland. The fair value of the position in the pool is the same as the value of the shares. Finally, the primary government is authorized to invest bond proceeds that are subject to arbitrage rebate requirements in State and local government obligations.

The primary government, Board of Education, Community College, and Library all participate in the Maryland Local Government Investment Pool (MLGIP), which provides all local government units of the State a relatively safe investment vehicle for the short-term investment of funds. The State Legislature created MLGIP with the passage of Article 95 22G, of the Annotated Code of Maryland. The MLGIP, under the administrative control of the State Treasurer, is managed by PNC Capital Advisors, LLC. The pool is a 2a7 like pool, which is not registered with the Security and Exchange Commission (SEC), but generally operates in a manner consistent with the SEC's rule 2a7 of the Investment Company Act of 1940 (Rule 2a7). MLGIP has a credit rating of AAAm and seeks to maintain a $1 per share value, is designed to give local government units of the State an investment vehicle for short-term investment of funds.

Legislation became effective during fiscal year 2015 that expanded the authorized investments for Self-Insurance funds. In addition to the vehicles available for public money, the non-current portion of Self Insurance fund reserves may be invested in investment grade domestic corporate bonds, mutual funds, exchange traded funds, and taxable or tax-exempt municipal securities.

Pooled cash is primarily used to purchase short-term investments. Policy requires that for repurchase agreement investments made by the County, the initial collateral securities underlying repurchase agreement investments have a market value of at least 102.0% of the cost of the repurchase agreement. The collateral is in the County's name and held by an independent third party or at the Federal Reserve. When the collateral falls under 101.0% or is $100,000 less than the 102.0%, additional collateral is required to bring the total to the required level. As of June 30, 2022, there were no repurchase agreements to collateralize at 102.0%

The Retirement System is authorized to invest in U.S. Government securities, insurance company general accounts, commercial paper, money market mutual funds, corporate bonds, common and international stocks, limited partnerships, absolute return funds, private markets, mortgage participations, and real estate. The Retirement System lends its securities to broker-dealers and other entities with a simultaneous agreement to return the collateral for the same securities in the future. Effective December 1, 2016, the Retirement System's Lending Agent was Deutsche Bank AG. Deutsche Bank AG lends securities for collateral in the form of cash or other securities of 102.0% for domestic securities and 105.0% for international. Cash collateral received by the Retirement System with respect to these transactions is invested in a separate, un-pooled account basis at the direction of the Board of Trustees in fully collateralized repurchase agreements.

At year end, the Retirement System had no credit risk exposure to borrowers, because the amount of collateral held by the Retirement System was greater than the value of securities on loan. The market value of invested collateral held as of December 31, 2021 was $69,131,061. There were no securities held as collateral. The market value of securities on loan for the Retirement System as of December 31, 2021 was $67,593,597.

The Retirement System did not impose any restrictions during the year on the amount of the loans that the agent made on its behalf. Moreover, there were no losses during the year resulting from a default of the borrowers or agent. All security loans can be terminated on demand by either the Retirement System or the borrower. Cash collateral received was invested in Repurchase Agreements, which as of December 31, 2021 had a weighted average final maturity of 1.0 day. The interest rate risk is zero days, as assets and liabilities can be rate changed on a daily basis.

The Anne Arundel Retiree Health Benefits Trust (OPEB Trust) is authorized to invest in large capitalized domestic equities, small capitalized domestic equities, international equities, emerging international equities, core fixed income, diversified fixed income, and real estate. The OPEB Trust's Board of Trustees has established an Investment Policy Statement (IPS) to set forth investment objectives, policies, guidelines, monitoring and review procedures relating to the management and safekeeping of all assets of the OPEB Trusts. Policy allows the use of mutual/commingled funds as investment vehicles under certain guidelines.

B ***Balances and Custodial Credit Risk*** – As of June 30, 2022, the carrying amount of the primary government's bank deposits was $530,337 and bank balances were $3,685,546. All bank balances were fully secured by Federal Deposit insurance or fully collateralized. The total money market fund balance was $280,220,004.

Cash balances of the Board of Education are fully secured by Federal Deposit insurance and collateral held in the Board's name at the Federal Reserve Bank of Richmond. Deposits for Anne Arundel Community College are secured and properly protected. The cash balances of the other non-major component units were insured.

Money market fund balances for the Retirement System as of calendar year-end December 31, 2021 and OPEB Trust as of fiscal year ended June 30, 2022, were $60,038,419 and $31,116,266 respectively.

Custodial credit risk is the risk that the primary government will not be able to recover deposits in the event of the failure of a depository financial institution or will not be able to recover collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the primary government, and are held by either a counterparty or the counterparty's trust department or agent, but not in the primary government's name. The primary government's Investment Policy requires that the Controller maintain a list of financial institutions authorized to provide investment services, including custodial services and collateral requirements. Internal procedures establish the methods for evaluating eligible institutions. Custodial credit risk for deposits is not addressed in the policy.

C ***Interest Rate Risk*** – Interest rate risk is the risk that changes in interest rates will adversely affect the value of an investment. The fair value of fixed income (debt) securities is affected by increases and declines in interest rates. These investments may also have embedded call features allowing the issuer to redeem part or all of the issue prior to maturity at a pre-determined price. In addition, debt issues may have interest rates that vary according to a pre-determined external index (such as the Secured Overnight Financing Rate) or a pre-determined step-up in the interest rate at a pre-determined date(s). The primary government's Investment Policy does not specifically address interest rate risk. However, term limits are established for certain investments to minimize interest rate risk. The Retirement System's Investment Policy Statement (IPS) sets limits on floating rates for mortgage-backed securities and establishes limits on the average duration of some investment types.

The table that follows uses the *Segmented Time Distribution* method to display debt investments by maturity for the primary government and the component units by term and investment type. Market values for issues within the primary government's agency/instrumentalities category include $123,064,325 of callable issues and there are no issues that have both callable and variable-rate features as of June 30, 2022. The component units' issues have no variable rate securities. Equity mutual fund investments with a market value of $5,712,328 are not included in this table.

Primary Government

		Investment Maturities			
Investment Type	Fair Value	Less than 1 year	1 to 5 years	6 to 10 years	Greater than 10 years
U.S. Government securities	$ 497,139,067	483,227,536	$ 3,441,550	$ 8,785,720	$ 1,684,261

	$ 330	$ 330	$ -	$ -	$ -

The following table uses *Segmented Time Distribution* to display the Retirement System's debt holdings by maturity term and investment type as of December 31, 2021. Some issues within the categories agencies/instrumentalities, corporate bonds, collateralized mortgage obligations, and other asset-backed securities have variable-rate features. The total fair value of the securities with variable rate features was $9,141,388 as of December 31, 2021.

The table also includes issues with call features and assumes that these issues will be held to maturity. The total fair market value of callable securities totals $123,347,125 with call dates ranging from January 27, 2022 for continuously callable issues to August 5, 2069. Stated call prices are generally at par. The callable holdings include issues with floating interest rates, which have a market value of $11,505,402. Non-debt investments, guaranteed contracts, and un-invested cash with a combined fair value of $1,771,808,152, do not have maturity dates and therefore are not included in this table.

Retirement System

Investment Type	Fair Value	Investment Maturities (in Years): Less than 1 year	1 to 5	6 to 10	over 10
Money market pools	$ 60,038,419	$ 60,038,419	$ -	$ -	$ -

Totals	$ 584,363,983	$ 359,868,466	$ 57,354,763	$ 102,121,989	$ 65,018,765

Not included above is the AETNA pool of $20,215,616

The OPEB Trust owned one debt mutual fund exposed to interest rate risk as of June 30, 2022. As of June 30, 2022 the trust owned one fixed income mutual fund with an effective maturity of 5.3 years with a fair value of $103,052,856.

D ***Credit Risk*** – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Debt securities are rated by Nationally Recognized Statistical Rating Organizations to provide purchasers with an opinion of the capability and willingness of a borrower to repay its debt. The primary government's Investment Policy does not address credit risk. The following table displays the County's debt holdings and quality ratings from Standard & Poor's. Ratings for the component units and Retirement System are listed separately. Equity mutual fund investments with a market value of $5,712,328 are not included in this table.

Credit ratings of U.S. government agency securities that are only implicitly guaranteed by the U.S. government are categorized accordingly in the main body of this table. Implicitly guaranteed agency securities include government mortgage backed, government agencies, and short-term U.S. treasury bills and notes. Other categories issued are Federal National Mortgage Association, Federal Deposit Insurance Corporation, Federal Home Loan Bank, Federal Home Loan Mortgage Corporation, Federal Financing Corporation, Small Business Association, Farmer Mac, and Federal Farm Credit.

Total Debt Securities	$ 134,169,122	$ -	$ -	$ -	$ 134,169,122

E ***Concentration Risk*** – Concentration risk is the risk of loss attributed to the magnitude of the government's investment in a single issuer. As of June 30, 2022, Federal Home Loan Bank was 7.67% of the primary government's investments, Federal Farm Credit Bank represented 7.68%, Federal National Mortgage Association was 5.73%, Federal Agricultural Mortgage Corporation was 4.14%, Federal Home Loan Mortgage Corporation was 1.47%, and Tennessee Valley Authority was 1.59%. The primary government's Investment Policy requires diversification of investments by security type and institution. Issuer limits are not addressed. There was no investment greater than 5.0% for the Board of Education or the Community College, excluding pools. The Retirement System's IPS sets maximum concentration limits by asset type and manager style. As of December 31, 2021, there was no exposure to a single issuer greater than 5.0% of the Retirement System's plan net position, excluding investment pools.

F ***Foreign Currency Risk*** – This risk relates to the potential, unfavorable fluctuation of exchange rates compared with the U.S. Dollar. Neither the primary government nor its component units had exposure to foreign currency risk as of June 30, 2022. The Retirement System recognizes the value of global diversification and retains six managers for global and international equity and fixed income investments. Global and international managers may also purchase or sell currency on a spot basis and may enter into forward exchange contracts on currency, provided that the use of such contracts is designed to dampen portfolio volatility or to facilitate the settlement of securities transactions.

As of December 31, 2021, the Retirement System had no direct exposure to fixed income foreign currency. The fair market value of international/global equities and fixed income assets, which are managed in pooled funds, totaled $644,108,357 as of December 31, 2021.

As of June 30, 2022, the OPEB Trust had no direct exposure to fixed income foreign currency. The fair market value of one international mutual fund totaled $103,754,835.

G ***Fair Value Measurement*** – The Primary Government, Retirement System and Retiree Health Benefits Trusts have categorized the fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset and give the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

Level 1 Unadjusted quoted prices in active markets for identical instruments.
Level 2 Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuation in which all significant inputs are observable.
Level 3 Valuations derived from valuation techniques in which significant inputs are unobservable.

Investments that are measured at fair value using the net asset value per share, or its equivalent, as a practical expedient are not classified in the fair value hierarchy.

The schedule of investments by type and hierarchy level as of June 30, 2022 is displayed below. As of June 30, 2022, short-term investments of $280,220,004 were in money market mutual funds, which are not subject to the fair value measurement requirements.

Assets at Fair Value June 30, 2022

Primary Government Investment Type	Fair Value	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
U.S. Treasuries	$ 497,139,067	$ 497,139,067	$ -	$ -

Aetna insurance pooled fixed income	20,215,616			
Total Investments	$ 2,376,387,752			

Securities classified in Level 1 are valued using quoted prices in active markets for those securities. Securities classified in Level 2 and Level 3 are valued using methodologies such as various bid evaluations, market averages and other matrix pricing techniques as well as values derived from associated traded securities or last trade data. In instances where inputs used to measure fair value fall into different levels, the fair value is categorized based on the lowest level input that is significant to the valuation.

Investments valued at the net asset value (NAV) per share, or its equivalent, have been classified separately in the table above and include investments considered to be Alternative Investments as defined by the American Institute of Certified Public Accountants. The definition includes investments for which a readily determinable fair value does not exist (that is, investments not listed on national exchanges or over-the-counter markets, or for which quoted market prices are not available from sources such as financial publications, the exchanges, or NASDAQ). These types of investments can be held within any of the asset classes used by the System based on underlying portfolio holdings and analysis of risk and return relations. These investments can be structured in different ways, including limited partnerships, limited liability companies, common trusts, and mutual funds. Some are closed-ended with a specific life and capital commitments while others are open-ended with opportunity for ad hoc contributions or withdrawals and termination with proper notice.

Exposure to Derivatives – Derivative instruments are securities that derive value from another asset and are in the form of a contract between two or more parties. Common derivatives are futures contracts, forwards contracts, options, and swaps. The System has no direct exposure to derivative securities. There are however, mutual funds, commingled funds, and other investment vehicles in which the System has a percentage ownership that have exposure to futures, currency forward contracts, commodity forward contracts, and total return swap contracts. These funds enter into derivative contracts as part of their investment strategies to mitigate risk and volatility.

A derivative policy statement is included in the Investment Policy Statement (IPS). Prohibited instruments include options, commodities, uncovered options or futures, uncovered short positions, short selling, and use of financial leverage. The derivative exposure as of December 31, 2021 within the mutual funds is comprised of allowable instruments based on the IPS.

Commingled/Mutual Funds – These types of funds are open-ended funds and may be utilized in equity or fixed income asset classes. They are funds made up of underlying securities that have readily available fair values (publicly traded stocks or bonds). The Retirement System owns units of these funds rather than the individual securities. Contributions or withdrawals from the funds can be made as needed, generally with daily or monthly liquidity, with a notice period of one to thirty days. There are no unfunded commitments for these types of investments, because they are liquid funds.

Private Markets – Private Market investments are typically private interests in corporations across different areas of the capital structure and in different stages of the corporations' development via limited partnership vehicles. Private Market investments are illiquid and long-term in nature (10-12 years), typically held until maturity. These portfolios generally have a "J-Curve Effect" whereby there are low to negative returns in the initial years due to the payment of investment management fees and initial funding of investments made by the General Partner during a period when investments are typically carried at cost and returns have not been realized. To diversify the program, investments are made across business cycles, vintage years, and different strategies. The Retirement Systems' Investment Policy Statement has a dedicated asset class for Private Markets. There is no option to request redemptions from the Private Market funds.

The schedule of fair market measurements for the Community College follows:

Community College Assets at Fair Value June 30, 2022

Investment Type	Fair Value	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
Community College

Total Investments	$ 400,529,516

4 Receivables

A ***Property Taxes Receivable*** - The County's property tax is levied each July 1st based on values assessed and certified by the Maryland State Department of Assessments as of that date. Liens are placed on property at that time. A revaluation of each property is required to be completed every three years. For owner-occupied residential property, owners can choose to pay one payment due September 30th or two installments due on September 30th and December 31st. Property taxes are due from all other taxpayers on September 30th. Once the due date has passed, interest and penalties are charged each month on the unpaid balance. Property with delinquent taxes, are included in the tax sale each May or June.

B ***State Income Taxes Receivable*** – Revenue from the income tax is derived from personal income from County residents like salaries and social security payments as well as income from capital gains, interest and some business income. Local income tax revenue was collected by The State and distributed to local governments throughout the year. The State's distribution of the County's share of income taxes lags behind the County's fiscal year. Management estimates the amount of receivables for taxes earned in the fiscal year by analyzing the historical trends of distribution patterns and current year income tax activity. The estimated unavailable local income tax balance as of June 30, 2022 was $112,026,018. The local income tax rate for the reporting fiscal year is 2.81%.

C ***Long-Term Receivables*** – The primary government has long-term receivables recorded in the Water and Wastewater Fund consisting of front foot benefit assessments, capital facility connection fees, and interest charges that vary from 1.6% to 8.0%. These receivables are collected over five to thirty years. The balance as of June 30, 2022 was $19,696,451.

5 Capital Assets

The components of capital assets, changes in asset categories, and accumulated depreciation for the fiscal year ended June 30, 2022 are presented as follows:

Category	Balance June 30, 2021	Increases	Decreases	Balance June 30, 2022
Governmental activities:				
Capital assets not being depreciated:				
Land and easements	$ 263,583,903	$ 16,438,546	$ -	$ 280,022,449

The County has established tax increment and special taxing districts to aid in development efforts within certain geographical areas. The proceeds of debt issued on behalf of the districts are primarily used for capital improvements. Expenditures related to the improvements are recorded in the County's capital projects and are included as construction in progress until the projects are completed. The related assets are capitalized when developer construction agreements are finalized and the assets inspected. The assets are depreciated over their estimated useful lives.

Certain items in construction in progress may be expensed once the projects close based on the final analysis of the capital projects closing. As a result, the amounts closed in construction in progress may be greater than the additions to capital assets.

Depreciation expense has been included in the functional categories on the Statement of Activities based on the governmental department, business-type activity, or component unit responsible for the asset. The table that follows shows the depreciation expense for each functional category.

Governmental activities:	
Public safety	$ 12,505,302
General government	20,252,263
Health and human services	1,742,185
Public works	26,137,918

6 Restricted Assets and Liabilities

The following funds are shown as restricted on the government-wide financial statements, Statement of Net Position: General, Grants, Impact Fees Capital Project, General County Capital Projects, Forfeiture and Asset Seizure Team, Roads and Special Benefits District, Anne Arundel County Partnership for Children, Youth and Family, Reforestation, Laurel Racetrack, Video Lottery Local Impact Aid, Arundel Community Development Services, Circuit Court, Erosion Districts, Watershed Protection and Restoration, Tax Increment Funds and Special Taxing Districts. In addition, fees collected by the Water and Wastewater Fund, including capital connections, front foot benefit assessments, and environmental protection fees are restricted for the payment of debt service incurred for the construction of capital facilities. Water and Wastewater Fund capital grants are restricted and the Solid Waste Fund includes restricted funds for the payment of closure and post-closure costs.

7 Interfund and Intra-Entity Balances and Transfers

The interfund balances of the primary government consist of the following as of June 30, 2022:

Fund With Receivable	Fund With Payable	Amount	Represents
General Fund	Non-major Governmental Funds	$ 2,784,320	Temporary borrowing from the General Fund
General Fund	Grants Special Revenue Fund	15,205,740	Temporary borrowing from the General Fund
General Fund	Internal Service Funds	21,997,443	Self Insurance Fund surplus allocation
Non-major Enterprise Funds	Internal Service Funds	7,879	Self Insurance Fund surplus allocation
Water and Wastewater Fund	Internal Service Funds	436,385	Self Insurance Fund surplus allocation
Solid Waste Fund	Internal Service Funds	68,622	Self Insurance Fund surplus allocation
Internal Service Funds	Water and Wastewater Fund	815,470	Central Garage Fund deficit allocation
Internal Service Funds	Solid Waste Fund	408,896	Central Garage Fund deficit allocation
Internal Service Funds	General Fund	6,974,803	Central Garage Fund deficit allocation
		$ 48,699,558	

Interfund balances between the General Fund and internal service funds have been eliminated on the government-wide Statement of Net Position.

Transfers between the primary government's governmental funds totaled $285,543,112 for fiscal year 2022. The transfers are for the following:

Originating Fund	Recipient Fund	Amount	Purpose
General Fund	Arundel Community Development Services	$ 270,000	Transfers for grants
General Fund	General County Capital Projects	114,176,000	Bond proceeds transferred for capital projects
General Fund	General County Capital Projects	62,592,000	Pay-as-you-go transfers for capital projects
Impact Fees Capital Projects	General County Capital Projects	13,997,423	Impact fee funding for capital projects
Odenton Town Center Tax Increment	General County Capital Projects	380,435	Transfers for capital projects
Watershed Protection and Restoration	General County Capital Projects	24,319,000	Transfers for capital projects
Bond Premium	General County Capital Projects	20,181,094	Transfers for capital projects

Total Transfers In	$ 43,660,514	$ 2,162,604	$ 238,674,355	$ 1,045,639	$ 285,543,112

Transfers between the primary government's proprietary funds and governmental funds presented as follows, totaled $1,516,800 for fiscal year 2022. The transfers from the Water and Wastewater Fund and the Solid Waste Fund to the General County Capital Projects Fund are for an information technology project.

Originating Fund	Recipient Fund	Amount
Water and Wastewater Fund	General County Capital Projects	$ 701,300
Solid Waste Fund	General County Capital Projects	815,500
		$ 1,516,800

As of June 30, 2022, receivable and payable balances remained between the primary government and the discretely presented component units. These balances and transactions are a result of the primary government's ongoing funding of the component units' capital and operating costs and a return of funding. Those balances and the payments from the primary government to or on behalf of these parties are presented as follows:

Receivables/Payables

Entity with Receivable	Entity with Payable	Amount
Board of Education	Primary Government	$ 31,829,327
Community College	Primary Government	1,251,670
Other Non-major	Primary Government	1,920,708
Primary Government	Board of Education	20,560,275
		$ 55,561,980

Primary Government Expenditures

Originating Entity	Recipient Entity	Amount
Primary Government	Board of Education	$ 890,648,265
Primary Government	Community College	70,627,819
Primary Government	Other Non-major	29,473,207
		$ 990,749,291

8 Bonded Debt and Other Obligations

The primary government's Statement of Net Position includes short and long-term debt and obligations comprised of bond anticipation notes, general obligation bonds, special assessment debt, installment purchase agreements, and liabilities related to State loans, unpaid insurance claims and claims and judgments. Descriptions of certain of these obligations and the respective balances, debt service requirements, and changes during fiscal year 2022 are provided as follows.

A Bond Anticipation Notes – The County periodically incurs short-term debt by issuing bond anticipation notes for the purchase of capital related assets. Upon refinancing, at the notes' maturities, they will be marketed at then-current interest rates which is calculated based on the weekly SOFR Index plus thirty basis points. This remarketing is backed for liquidity purposes by a letter of credit, the terms of which provide that no principal repayments are due if there is a call on the letter of credit, until the termination of the agreement. The maturity date of the current liquidity arrangement is December 14, 2024. The County has a credit amount available of up to $90 million, of which none is outstanding as of June 30, 2022.

B ***General County Debt –*** Substantially all long-term bonded debt is issued as general obligation bonds for the purchase of capital assets and guaranteed by the full faith and credit of the County, subject to guidelines set forth in Title10, Subtitle1, Section 4-10-104 of the County Charter, which addresses bonds and notes for capital improvements. The following table includes general obligation bonds which include amounts issued for the Watershed Protection and Restoration Fund, but excludes the tax increment bonds, installment purchase agreements, and state loans. These are listed separately. Business-type debt includes general obligation bonds issued for the Solid Waste Fund and Water and Wastewater Fund. The debt service requirements for the bonds outstanding as of June 30, 2022 are presented as follows:

General County Debt

Year Ending	**Governmental**		**Business-type**	
June 30,	**Principal**	**Interest**	**Principal**	**Interest**
2023	$ 99,575,021	$ 67,196,244	$ 42,868,057	$ 35,069,814
2024	94,019,701	62,312,423	41,827,484	33,149,695
2025	91,642,729	57,611,578	40,472,123	31,229,262
2026	82,844,328	53,076,230	39,923,793	29,307,038
2027	79,667,370	48,949,203	39,446,998	27,470,622
2028-2032	337,695,949	191,228,473	186,986,318	112,203,964
2033-2037	222,714,753	120,675,056	150,718,672	73,546,132
2038-2042	189,478,821	76,190,556	125,425,596	41,954,203
2043-2047	189,073,806	36,211,740	88,676,194	16,479,935
2048-2052	90,829,918	5,669,848	33,570,082	2,382,350
	$ 1,477,542,396	$ 719,121,351	$ 789,915,317	$ 402,793,015

C ***Tax Increment and Other Debt -*** As of June 30, 2022, there was $61,015,000 of Special Obligation Tax Increment Bonds payable from property tax revenue generated from assessment increases occurring since the formation of the tax increment districts. This debt is included in the primary government's long-term debt on the Statements of Net Position. The County has pledged its full faith and credit for the following Special Obligation Tax Increment Bonds: Arundel Mills Refunding 2004, National Business Park Refunding 2004, West Nursery Road 2004, Arundel Mills Refunding 2014, National Business Park Refunding 2014, and West Nursery Road Refunding 2014. As of the June 30, 2022, the County has also pledged its full faith and credit for National Business Park North 2018 Refunding bonds and Village South at Waugh Chapel 2018 Refunding bonds.

During the fiscal year ended June 30, 2022, $48,265,181 of incremental property tax revenue was collected and available for debt service purposes as reported on the Combining Statement of Revenues, Expenditures and Changes in Fund Balances for the Non-major Governmental Funds. Of this amount, $1,104,280 is related to Park Place which is not considered part of the County's debt and $4,987,884 is related to Odenton Town Center TIF which does not have debt outstanding as of June 30, 2022. The table that follows outlines the debt service requirements for these bonds.

Year Ending June 30,	**Principal**	**Interest**	**Year Ending June 30,**	**Principal**	**Interest**
2023	$ 4,235,000	$ 2,208,344	2028-2032	$ 18,235,000	$ 4,226,320
2024	4,600,000	1,992,519	2033-2037	14,575,000	1,849,906
2025	4,965,000	1,758,644	2038-2042	3,475,000	247,721
2026	5,310,000	1,543,218			
2027	5,620,000	1,349,519		$ 61,015,000	$ 15,176,191

In addition, there were $1,770,000, $10,365,000, $29,475,000, and $22,390,000 of special tax district bonds related to the Farmington Village Project, the Villages of Dorchester, Two Rivers, and Arundel Gateway outstanding as of June 30, 2022, respectively. The proceeds of these bonds were used to finance infrastructure improvements within the special districts. These bonds are payable solely from the proceeds of a special tax levied on parcels within the districts and are not backed by the County's full faith and credit. This debt does not appear on the Statement of Net Position. The County acts only as a fiduciary in collecting the taxes and servicing the debt.

D State Loans – The County has interest free loans outstanding in the amount of $1,896,672 as of June 30, 2022. These loans were received from the State for waterway improvements. During fiscal year 2022, the County paid $235,813 for principal. The table that follows outlines the debt service requirements:

Year Ending June 30,	Principal	Year Ending June 30,	Principal
2023	$ 214,911	2028-2032	731,026
2024	202,260	2033-2037	$ 104,609
2025	202,261	2038-2042	43,650
2026	202,260		
2027	195,695		$ 1,896,672

E Leases – The County has one outstanding lease agreement that qualifies as equipment financing for accounting purposes. The agreement has resulted in a capital asset in the amount of $60,650 for a Konica Pro 1100 copier. The total principal payments due as of fiscal year-end are $20,150. The net present value of these minimum lease payments as of June 30, 2022 and the future minimum lease obligations were as follows:

Year ending June 30,	Principal Lease Payments	Interest Lease Payments	Total Lease Payments
2023	$ 20,150	$ 8,339	$ 28,489
	$ 20,150	$ 8,339	$ 28,489

F Installment Purchase Agreements – The County has instituted an Installment Purchase Program to facilitate County purchases of real property easements to maintain farmland and other open space. Under this program, the County signs long-term debt agreements with property holders with a minimal down payment, typically $1,000. Interest and nominal principal payments are made over the life of the agreement, and a balloon payment is due at the end of the term to pay off the remaining principal balance. To pay the balloon payment, the County purchases and reserves a zero coupon U.S. Treasury Strip. This investment matures when the agreement expires and effectively earns the same interest rate that the County pays on the debt. The debt requirements as of June 30, 2022 are presented as follows:

Year Ending June 30,	Principal	Interest	Year Ending June 30,	Principal	Interest
2023	$ 20,000	$ 718,261	2028-2032	$ 10,414,000	$ 1,427,625
2024	20,000	717,146	2033-2037	1,444,000	668,313
2025	20,000	716,030	2038-2042	1,487,000	270,634
2026	20,000	714,914			
2027	20,000	713,799		$ 13,445,000	$ 5,946,722

G Year-end Balances, Debt Limitations, and Authorized Debt - A summary of the debt issues currently outstanding is provided as follows:

	Dates	Rates	Original Issue	Outstanding
Governmental activities:				
General obligation bonds	2023-2052	2.00% to 5.00%	$ 2,035,198,549	$ 1,477,542,396
Tax increment district bonds	2023-2041	1.50% to 5.00%	79,240,000	61,015,000
Installment purchase agreements	2023-2041	4.55% to 6.00%	13,819,916	13,445,000
Loans payable	2023-2040	0%	4,813,912	1,896,672
Total governmental activities			2,133,072,377	1,553,899,068
Business-type activities:				
Water and wastewater serial bonds	2023-2052	1.00% to 5.00%	977,348,309	746,462,713
Solid waste serial bonds	2023-2051	2.00% to 5.00%	57,426,451	43,452,604
Total business-type activities			1,034,774,760	789,915,317
			$ 3,167,847,137	$ 2,343,814,385

The County Charter authorizes the County Council to approve the issuance of general obligation bonds and to set limits on bonds issued through ordinance. Based on the effective ordinance, bonds (other than water and sewer) are limited at 5.2% of the assessable base of real property and 13.0% of the assessable base of personal property and certain operating real property of the County. In addition, general obligation water and water and wastewater bonds are limited at 5.6% of the assessable base of real property and 14.0% of the assessable base of personal property and certain operating real property within the County's sanitary district. As of June 30, 2022, the legal debt limitations and margins are as follows:

	General Bonds (5.2%/13.0% Limitations)	Water and Wastewater (5.6%/14.0% Limitations)
Charter imposed limitation	$ 5,423,619,621	$ 5,394,259,911
Bonded debt outstanding		
Installment purchase agreements	13,445,000	-
General obligation-serial bonds	1,337,927,843	746,462,713
General obligation-serial bonds, WPRF	139,614,553	-
General obligation-serial bonds, Solid Waste	43,452,604	-
Tax increment bonds	61,015,000	-
	1,595,455,000	746,462,713
Legal debt margin	$ 3,828,164,621	$ 4,647,797,198

As of June 30, 2022, the County had the total authority to issue bonds in the amount of $2,441,056,023 of which $806,101,111 has not been issued. Included in the amounts available to issue to date are $370,901,627 for general obligation water and wastewater series bonds, and $10,870,760 of general obligation bonds for the Solid Waste Fund. This unused authority will be used to fund existing capital projects and those appropriated through the budgetary process.

H ***Loans Payable –*** On July 25, 2012, the Anne Arundel Community College Foundation finalized an agreement between Anne Arundel County, Maryland (the issuer) and The Bank of New York (the Trustee) whereby the Foundation refinanced $12,180,000 of the economic development revenue bonds. The proceeds of the loan were used to finance the cost of the construction of educational facilities. Principal payments began September 1, 2014, with the final principal payment being due on September 1, 2028. Interest on the bonds varies from 2.00% to 4.00%. The loan balance as of June 30, 2022 was $6,675,000. Scheduled principal payments due on the bonds payable for future years ending June 30 are shown as follows:

Year Ending June 30,	Principal Payments	Year Ending June 30,	Principal Payments	Year Ending June 30,	Principal Payments
2023	$ 875,000	2025	$ 925,000	2027	$ 975,000
2024	895,000	2026	950,000	2028-2032	2,055,000
					$ 6,675,000

I ***Payables to State of Maryland –*** In the case of Comptroller v. Wynne, 135 S.Ct. 1787 (2015), the United States Supreme Court ruled in May 2015 that Maryland residents who paid income taxes to another state on income earned in the other state were entitled to a credit against the county portion of the Maryland income tax owed. The ruling meant that each county in Maryland would experience a reduction in income tax revenue, including Anne Arundel County. The Comptroller's Office calculated the fiscal impact of the ruling on the County to be $17,694,496 of refunds for prior years' taxes, and an estimated reduction of $4,000,000 each year going forward. The calculated amount of refunds to be paid has been recorded as a non-current liability on the Statement of Net Position and an accrued liability in the General Fund. The County began reimbursing the State of Maryland in May 2021 in the amount of $221,181 quarterly. These reimbursements will continue for 80 installments over twenty years. During fiscal year 2022, total payments of $884,724 were made and $16,367,410 remains outstanding at June 30, 2022.

J ***Changes in Debt and Obligations*** – The changes in the primary government's long-term liabilities are presented as follows:

	Balance June 30, 2021	Additions	Reductions	Balance June 30, 2022	Due Within One Year
Governmental activities:					
Bonds payable:					
General obligation bonds	$ 1,445,992,927	$ 182,404,149	$ 150,854,680	$ 1,477,542,396	$ 99,575,021
Unamortized premium	217,881,495	26,247,259	28,243,748	215,885,006	23,934,000

K ***Refundings –*** In fiscal year 2022, the County defeased certain General Obligation and Water Wastewater Bonds by placing the proceeds of the refunding bonds in an irrevocable trust to provide for all future debt service payments on the refunded bonds. The funds are held in escrow by a third-party custodian invested in U.S. Government issued securities. On April 5, 2022 the County issued $67,885,000 in non-taxable refunding bonds for the following: $44,850,000 to refund $40,500,000 of General Obligation Bonds Series 2012, $9,945,000 of General Obligation Series 2012R, $23,035,000 to refund $18,000,000 of Water and Wastewater Series 2012, and $7,975,000 to refund Water Wastewater Series 20112R. The true interest cost for both the refunded bonds was 1.17%. The current refunding net proceeds were deposited in an irrevocable trust account with an escrow agent to provide for all future debt service payments on the refunding bonds. As a result, the refunding bonds are considered to be defeased and have been removed from the primary government statement of net position. The savings or aggregate difference in debt service from refunding General Obligation Series 2012, 2012R, was $3,420,601 and from refunding Water Wastewater Series 2012, and 2012R was $1,719,197. The net effect of the total refunding gain for General Obligation Series 2012, and 2012R, and 2011R was $9,002,695, and the net effect of the total refunding gain for Water Wastewater Series 2012, 2012R was $985,264. The refunding gain is being amortized over the shorter life of either the old refunded bonds or new the new refunding bonds. There was a net present value savings of $5.1 million in debt service.

9 Leases

For the year ended June 30, 2022, the financial statements include the adoption of GASB Statement No. 87, Leases. The primary objective of this statement is to enhance the relevance and consistency of information about governments' leasing activities. This statement establishes a single model for lease accounting based on the principle that leases are financings of the right-to-use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

A County as Lessee

The County has entered into various lease agreements as lessee primarily for office space and office equipment. Leases have initial terms from 2 to 31 years with an average length of 10 years, and contain one or more renewals at the County's option, most commonly for five-year periods and others at one or three years. The County has generally included these renewal periods in the lease term when it is reasonably certain that the County will exercise the renewal option. The County's leases generally do not include termination options for either party to the lease or restrictive financial or other covenants. Certain real estate leases require additional payments for common area maintenance, real estate taxes, and insurance, which are expensed as incurred as variable lease payments. For office space leases that include variable payments, those include payments for the County's proportionate share of the building's property taxes, insurance, and common area maintenance. The County's lease arrangements do not contain any material residual value guarantees. As the interest rate implicit in the County's leases is not readily determinable, the County utilizes its incremental borrowing rate to discount the lease payments.

The County entered into a 186-month lease with three 60-month extensions as lessee for the use of office space in FY22. An initial lease liability was recorded in the amount of $4,939,393. As of June 30, 2022, the value of the lease liability is $4,894,138. The County is required to make monthly payments of $13,012 (increasing annually at 2.000%) which includes base rent and a proportionate share of operating expenses with an implicit interest rate of 1.209%. The value of the right-of-use leased asset as of June 30, 2022 was $4,826,088 with accumulated amortization of $113,305 is included with governmental activities for buildings on the lease class activities table found below.

As of June 30, 2022, the statement of net position included the following amounts relating to leases:

	Governmental	Business-Type	Total	Component Unit Library
Right of Use Asset				
Equipment	$ 1,400,968	$ 170,165	$ 1,571,133	$ 116,348
Buildings	36,626,599	-	36,626,599	1,699,848
Land and Improvements	3,624,445	-	3,624,445	-

	$ 1,497,936	$ 31,442	$ 1,529,378

B ***County as Lessor***

The County leases out some of its buildings and land. Most leases have initial terms from 2 to 77 years with an average length of 10 years and contain one or three more renewals at the County's option for five-year periods. The County has included these renewal periods in the lease terms when they are both non-cancellable and reasonably certain to be exercised. The County's lease arrangements do not contain any material residual value guarantees. As the interest rate implicit in the County's leases is not readily determinable, the County utilizes its incremental borrowing rate to discount the lease payments. Although the County is exposed to changes in the residual value at the end of the current leases, the County typically enters into new operating leases and therefore will not immediately realize any reduction in residual value at the end of these leases.

The County entered into a 60 month lease as lessor for the use of antenna mounting space on the Shipley Water Tank. An initial lease receivable was recorded in the amount of $323,927. As of June 30, 2022, the value of the lease receivable is $269,672. The lessee is required to make monthly payments of $5,051 (increasing annually at 4.000%) with an implicit interest rate of 0.527%. The value of the deferred inflow of resources as of June 30, 2022 was $264,540 and the County recognized lease revenue of $59,387 during the fiscal year.

The total amount of inflows of resources relating to leases recognized in the current fiscal year are as follows:

	Activity		
	Governmental	Business-Type	Total
Lease Revenue	$ 974,775	$ 1,655,765	$ 2,630,540
Interest Revenue	14,661	12,691	27,352
Total Revenue	$ 989,436	$ 1,668,456	$ 2,657,892

As of June 30, 2022, the principal and interest requirements to maturity for the lease receivable are as follows:

	Governmental Activities Payments		
Fiscal Year	Principal	Interest	Total Payment
2023	$ 819,129	$ 49,099	$ 868,228
2024	573,865	45,654	619,519
2025	400,653	42,685	443,338
2026	294,580	39,992	334,572

Total deferred outflows	$ 1,114,141	$ 3,712,677	$ 4,826,818	$ 296,014,771	$ 50,161,007	$ 21,429,123	$ 1,180,303

* *Included in Governmental Activities column above.*

Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. In addition, governmental funds and governmental activities defer revenue recognition in connection with resources that have been received, but unearned. At the end of the current fiscal year, the components of deferred inflows and unearned revenue were reported as follows:

		Business-Type Activities - Enterprise Funds				
	Governmental Activities	Water and Wastewater	Solid Waste	Child Care	Business-Type Totals	Grand Totals
Deferred inflow of resources						
Pension benefits						
Change in experience	$ 3,931,897	$ 397,847	$ 83,219	$ 8,090	$ 489,156	$ 4,421,053

12 Conduit Debt

The County has issued Industrial Revenue Bonds to provide financial assistance to third parties for the acquisition or construction of facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on underlying mortgage loans. Upon repayment of the bonds, ownership of the facilities transfers to the private entity served by the bond issuance.

As of June 30, 2022, 154 Industrial Revenue Bonds series have been issued. The aggregate principal amounts payable for the three series issued after July 1, 1996 that are still outstanding was $20,310,000. The aggregate principal amounts payable for the 150 issued prior to July 1, 1996, could not be determined; however, the original issues totaled $582,700,000. The County is not obligated in any manner for payment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

13 Pension Plans

County employees participate in one of four single-employer defined benefit pension plans, which are in separate trust funds and administered by the Anne Arundel County Retirement and Pension System (Retirement System). The Retirement System issues a separate financial report for these plans. A copy of this report can be obtained from Anne Arundel County on the Office of Personnel page of the County website at www.aacounty.org. Some County employees participate in two multi-employer cost sharing pension plans administered by the State of Maryland. The County plans were established under authority created by County Charter and legislation, while the State plans were created by State legislation. The County's actuarial valuation measurement date is December 31, 2021.

A Summary of Significant Accounting Policies for Pensions – For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the County System and the Maryland State Retirement and Pension System and additions to/deductions from the System's fiduciary net position have been determined on the same basis as they are reported by the respective Systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

B Single Employer Defined Benefit Pension Plans – The Retirement System administers the Anne Arundel County Employees' Retirement Plan (Employees Plan), Anne Arundel County Police Service Retirement Plan (Police Plan), Anne Arundel County Fire Service Retirement Plan (Fire Plan), and Anne Arundel County Detention Officers' and Deputy Sheriffs' Pension Plan (Detention Plan). Although the assets of the plans are commingled for investment purposes, each plan's assets must be used for the payment of benefits to the participants within that plan, in accordance with the terms of the plan. All benefit provisions are established by County legislation. Each of the plans provides for cost of living adjustments to annual benefit payments.

Membership in each plan consisted of the following as of December 31, 2021 based on the January 1, 2022, actuarial valuation:

	Employees' Retirement Plan	Police Service Retirement Plan	Fire Service Retirement Plan	Detention Officers' and Deputy Sheriffs' Plan	Total
Retirees and beneficiaries receiving payments	2,150	791	661	330	3,932
Terminated Plan members entitled to but not yet receiving payments	304	-	-	4	308
Deferred Retirement Option (DROP)	-	89	87	43	219
Active Plan members	2,137	680	799	316	3,932
Total	4,591	1,560	1,547	693	8,391

Employees Plan - Plan Description – The Employees' Retirement Plan is a single-employer defined benefit pension plan that covers all full-time general employees of the County who are not included in any other pension plan, as well as employees of Anne Arundel Economic Development Corporation. The Plan provides retirement, disability, and death benefits to Plan members and their beneficiaries pursuant to two separate benefit structures, Tier I and Tier II. Cost-of-living adjustments (COLAs) are also provided pursuant to County legislation.

Contributions – Contribution rates for participants are established through County legislation. Employees who elect to be in Tier I are required to contribute 4.0% of their annual covered salary. Tier II employees are not required nor permitted to make contributions.

Cliff Vesting – Participants hired on or before June 30, 2015 will be fully vested after their fifth year of service. Termination prior to the fifth year will result in the return of all employee contributions, if applicable, plus 4.25% interest per annum with no additional benefits available. Participants hired on or after July 1, 2015 will be fully vested after their tenth year of service. Termination prior to the tenth year will result in the return of all employee contributions, if applicable, plus 4.25% interest per annum with no additional benefits available.

Police Plan - Plan Description – The Police Service Retirement Plan is a single-employer defined benefit pension plan that covers the following classes of workers: Police Officer, Police Officer First Class, Police Corporal, Police Sergeant, Police Lieutenant, Police Captain, Police Major, Deputy Police Chief (classified position), and (by election) the Chief of Police and Deputy Police Chief (by election if exempt). The Plan provides retirement, disability, and death benefits to Plan members and their beneficiaries. COLAs are also provided pursuant to County legislation.

Contributions – Contribution rates for participants are established through County legislation. Plan participants are required to contribute 7.25% of their basic rate of pay as a participant. The basic rate of pay is the rate of annual basic compensation (including longevity) with the County on the day specified, excluding overtime payments and other forms of additional compensation.

Normal Retirement – Participants hired on or after February 25, 2002 will be fully vested on the earlier of their attainment of age 50 and completion of their fifth year of service, or their completion of 20 years of service. Participants hired before February 25, 2002 will be fully vested on the earlier of their attainment of age 50 or completion of 20 years of service. Termination prior to attainment of Normal Retirement will result in the return of all employee contributions, if applicable, plus 3.0% interest per annum with no additional benefits available.

Fire Plan - Plan Description – The Fire Service Retirement Plan is a single-employer defined benefit pension plan that covers the following classes of workers: Fire Fighter II, Fire Fighter III, Fire Fighter Cardiac Rescue Technician, Fire Fighter/Emergency Medical Technician-Paramedic, Fire Lieutenant, Fire Captain, Fire Battalion Chief, Fire Division Chief, Fire Deputy Chief, and (by election) the Assistant Fire Chief and Fire Chief. The Plan provides retirement, disability, and death benefits to plan members and their beneficiaries. COLAs are also provided pursuant to County legislation.

Contributions – Contribution rates for participants are established through County legislation. Plan participants are required to contribute 7.25% of their annual covered salary.

Normal Retirement – Participants who retire on or after July 1, 2002 will be fully vested on the earlier of their attainment of age 50 and completion of their fifth year of service, or their completion of 20 years of service. Participants who retired prior to July 1, 2002 will be fully vested on the earlier of their attainment of age 50 and completion of 5 years of service. Termination prior to attainment of Normal Retirement will result in the return of all employee contributions, if applicable, plus 3.0% interest per annum with no additional benefits available.

Detention Plan - Plan Description – The Detention Officers' and Deputy Sheriffs' Retirement Plan is a single-employer defined benefit pension plan that covers the following classes of workers: Detention Officer, Detention Corporal, Detention Sergeant, Detention Lieutenant Detention Captain, Correctional Program Specialist I, Correctional Program Specialist II, Criminal Justice Program Supervisor, Correctional Facility Administrator, Assistant Correctional Facility Administrator, Deputy Sheriff I, Deputy Sheriff II, Deputy Sheriff III, Deputy Sheriff IV, and (by election) the Superintendent of Detention Facilities. The plan provides retirement, disability, and death benefits to Plan members and their beneficiaries. COLAs are also provided pursuant to County legislation.

Contributions – Contribution rates for participants are established through County legislation. Plan participants are required to contribute 6.75% of their annual covered salary.

Cliff Vesting – Participants will be fully vested on the attainment of age 50 and completion of their fifth year of service. Termination prior to attainment of Normal Retirement will result in the return of all employee contributions, if applicable, plus 4.25% interest per annum, with no additional benefits available.

Additional detail for determining benefit payments and eligibility for retirement can be found on the County Connect Personnel Benefits web site under Pension System Information for all four plan.

***C Multiple-Employer Pension Plans* -** Primary government employees hired prior to July 1, 1969 who elected not to transfer to the Employees Plan and substantially all employees of the Board of Education, Library and Community College participate in plans of the Maryland State Retirement and Pension System (the State System), which are multi-employer cost sharing defined benefit pension plans. The system plans provide retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The State System issues a financial report that includes financial statements and required supplementary information that can be obtained at http://www.sra.state.md.us or by writing to State Retirement Agency of Maryland, 120 East Baltimore Street, Baltimore, MD 21202.

The County is liable through fiscal year 2021 for employees who were participants in the State System when the County withdrew from the State System. In addition there are two active employees allowed to participate in the State System. Information on the State System follows:

Plan description: Retirees and employees of the County are covered by the Maryland State Retirement and Pension System (the System), which is a cost sharing employer public employee retirement system. The State System is made up of two cost-sharing pools: the "State Pool" and the "Municipal Pool". The Municipal Pool consists of the participating governmental units that elected to join the System. Neither pool shares in each other's actuarial liabilities, thus participant governmental units that elect to join the State System share in the liabilities of the Municipal Pool only. The State System is comprised of the Teachers' Retirement and Pension Systems, Employees' Retirement and Pension System, State Police Retirement System, Judges' Retirement System, and Law Enforcement Officers' Pension System. Most of the County retirees and employees participate in the Employees' System. The State System was established by the State Personnel and Pensions Article of the Annotated Code of Maryland to provide retirement allowances and other benefits to State employees, teachers, police, judges, legislators, and employees of participating governmental units. The Plans are administered by the State Retirement Agency. Responsibility for the System's administration and operation is vested in a 15-member Board of Trustees.

Benefits provided: The State System provides retirement allowances and other benefits to State employees of participating governmental units, among others. For individuals who become members of the Employees' Retirement and Pension Systems on or before June 30, 2011, retirement/pension allowances are computed using both the highest three years Average Final Compensation (AFC) and the actual number of years of accumulated creditable service. For individuals who become members of the Employees' Pension System on or after July 1, 2011, pension allowances are computed using both the highest five years AFC and the actual number of years of accumulated creditable service. Various retirement options are available under each system which ultimately determines how a retirees' benefits allowance will be computed. Some of these options require actuarial reductions based on the retirees' and/or designated beneficiary's attained age and similar actuarial factors.

A member of the Employees' Retirement System is generally eligible for full retirement benefits upon the earlier of attaining age 60 or accumulating 30 years of creditable service regardless of age. The annual retirement allowance equals 1/55 (1.81%) of the member's average final compensation (AFC) multiplied by the number of years of accumulated creditable service.

A member of the Employees' Pension System on or before June 30, 2011 is eligible for full retirement benefits upon the earlier of attaining age 62, with specified years of eligibility service, or accumulating 30 years of eligibility service regardless of age. An individual who becomes a member of the Employees' Pension System on or after July 1, 2011, is eligible for full retirement benefits if the members' combined age and eligibility service equals at least 90 years or if the member is at least age 65 and has accrued at least 10 years of eligibility service.

For most individuals who retired from the Employees' Pension System on or before June 30, 2006, the annual pension allowance equals 1.2% of the members AFC, multiplied by the number of years of credible service accumulated prior to July 1, 1998, plus 1.4% of the members AFC, multiplied by the number of years of credible service accumulated subsequent to June 30, 1998. With certain exceptions, for individuals who are members of the Employees' Pension System on or after July 1, 2006, the annual pension allowance equals 1.2% of the member's AFC, multiplied by the number of years of credible service accumulated prior to July 1, 1998 plus 1.8% of the members AFC, multiplied by the number of years of credible service accumulated subsequent to June 30, 1998. Beginning in July 1, 2011, any new member of the Employees' Pension System shall earn an annual pension allowance equal to 1.5% of the member's AFC multiplied by the number of years of creditable service accumulated as a member of the Employees' Pension System.

Contributions: The County and covered members are required by State statute to contribute to the State System. Members of the Employees' Pension System are required to contribute 7.0% annually. Members of the Employees' Retirement System are required to contribute 5.0% to 7.0% annually, depending on the retirement option selected. The contribution requirements of the members, as well as the State and participating governmental employers are established and may be amended by the Board of Trustees for the State System.

The County's total required contribution during the year ended June 30, 2022 was $95,446. Of this amount, $27,265 was for County Officials Retirement System and $68.181 was for Master Judges Retirement System. The final payment for the State withdrawal payoff of unfunded liability was made in 2020. The rates varied from 0.0% for the actuarially determined contractual liability to 40.3% of covered payroll for the participant in the Judges Retirement System and 20.7% for the County Officials Retirement System. The County made its share of the required contributions.

As of June 30, 2022, the County reported a liability of $633,460 for its proportionate share of the net pension liability of the State System. The net pension liability was measured as of June 30, 2021 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on actual employer contributions billed to participating government units for the year ending June 30, 2021. The contributions were increased to adjust for differences between actuarial determined contributions and actual contributions by the State of Maryland. As of June 30, 2021, the County's proportionate share was 0.0042%.

Actuarial assumption: The total pension liability for the State System in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60%
Salary increases	3.10%
Investment rate of return	6.80%

Mortality rates were based on PUB-2010 Mortality Tables with projected generational improvements based on the MP-2018 fully generational mortality improvement scale.

The economic and demographic actuarial assumptions used in the June 30, 2021 valuation were adopted by the System's Board of Trustees based upon review of the State System's experience study for the period 2014-2018, after the completion of the June 30, 2019 valuations. Assumptions from the experience study including investment return, inflation, COLA increases, mortality rates, retirement rates, withdrawal rates, disability rates and rates of salary increase were adopted by the Board for the first use in the actuarial valuation as of June 30, 2020. As a result, an investment return assumption of 6.80% and an inflation assumption of 2.25% were used in the June 30, 2021 valuation.

The long term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-range expected rate of return by weighting the expected future real rates by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return were adopted by the Board after considering input from the State System's investment consultant(s) and actuary(s). For each major asset class that is included in the System's target asset allocation, these best estimates are summarized in the following table:

Asset Class	Target Allocation	Long Term Expected Real Rate of Return
Public Equity	37%	4.7%
Private Equity	13%	6.5%
Rate Sensitive	19%	-0.4%
Credit Opportunity	9%	2.6%
Real Assets	14%	4.2%
Absolute Return	8%	2.0%
Total	100%	

Source- Maryland State Retirement and Pension System Comprehensive Annual Finanicial Report For the Years Ended June 30, 2021 and 2020

The above was the System's Board of Trustees adopted asset allocation policy and best estimate of geometric real rates for each major asset class as of June 30, 2021.

For the year ended June 30, 2021, the annual money-weighted rate of return on pension plan investments, net of the pension plan expense was 26.69%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Discount rate: The single discount rate used to measure the total pension liability was 6.80%. This single discount rate was based on the expected rate of return on pension plan investments of 6.80%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plans fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

D Funding Policy and Annual Pension Costs – The employee contribution requirements for each defined benefit plan in the Retirement System are set by County legislation. The County's annual contribution is based on annual actuarial valuations. The Required Supplementary Information following these notes presents changes in net pension liability and related ratios by Plan.

Certain participants in the State Retirement and Pension Systems (State plans) are required to contribute 2.0% to 8.0% of compensation to the plans. The County is required to contribute the remaining amounts necessary to fund the plans, except that the State pays the employer's share of retirement costs on behalf of certain teachers, professional librarians, and related positions for the Board of Education, Library, and Community College, in accordance with State law. These amounts are shown as grant revenue and current expenses in the financial statements of these component units. County expenditures for those employees in the State plans for the years ended June 30, 2022, 2021, and 2020 equal the required contributions and are summarized as follows along with the State's contribution on behalf on the employees discussed previously.

		Fiscal Year Ending June 30, 2022		2021
County contributions:				
County	$	95,446	$	93,042
Board of Education		9,114,191		8,772,222
Community College		218,537		246,824
State contributions on behalf of:				
Board of Education		67,416,052		62,919,672
Community College		4,934,036		4,865,034
Library		1,672,314		1,569,933
	$	83,450,576	$	80,175,906

E Net Pension Liability of the System by Plan - The components of the net pension liability and assumptions for each Plan as of December 31, 2021 as calculated by the actuary are displayed as follows:

		Employees' Retirement Plan		Police Service Retirement Plan		Fire Service Retirement Plan		Detention Officers' and Deputy Sheriffs' Retirement Plan		Total
Total pension liability	$	1,077,190,517	$	898,694,627	$	818,854,297	$	247,529,692	$	3,042,269,133
Plan fiduciary net position		(803,075,985)		(696,773,180)		(692,932,130)		(191,178,583)		(2,383,959,878)
Plan net pension liability	$	274,114,532	$	201,921,447	$	125,922,167	$	56,351,109	$	658,309,255
Plan fiduciary net position as a percentage of the total pension liability		74.55%		77.53%		84.62%		77.23%		78.36%

Note to schedule	Source is actuarial data based on preliminary financials. The difference between this schedule and the final combining statement of changes in fiduciary net position on Page 14 are considered immaterial.			
Actuarial assumptions	The total pension liability was determined by an actuarial valuation as of December 31, 2020 using the following summarized actuarial assumptions, applied to all periods in the measurement. Full descriptions of the actuarial assumptions are available in the January 1, 2021 valuation reports. The most recent Experience and Assumption Study was conducted in 2018 for the period 2012 to 2016.			
Inflation	2.60%	2.60%	2.60%	2.60%
Salary increases	Rates vary by participant age for each Plan.			
Investment rate of return	7.00%, net of pension plan investment expense, including inflation for each Plan.			
Mortality Scale	RP-2014 Blue Collar Mortality Table for males and females projected generationally using scale MP-2018.			
Set forward for post-disability mortality.	9 years	5 years	5 years	5 years

he above is a summary of key actuarial assumptions. Full descriptions of the actuarial assumptions are available in the Actuarial Statement Section cluded in this Comprehensive Annual Financial Report.

Long-Term Expected Returns - For investment purposes, the four County Plans which comprise the System are managed on a co-mingled basis. The long-term expected rates of investment return are the same for each Plan. The long-term (30 year) expected rate of return on pension System investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by using an optimizer program that relies on the arithmetic return inputs, the standard deviation forecast (risk) for each asset class, and the correlations among them. The result is a 30-year nominal, geometric, net-of-fee return forecast for the pension assets. The 30-year real rate of return is calculated by netting the inflation assumption out of the nominal forecast. The nominal and real rates of return forecasts for each major asset class included in the pension System's target asset allocation, as of December 31, 2021 are summarized in the following table. Data is provided by the System's Investment Advisor, New England Pension Consultants, which uses a 30-year geometric inflation assumption of 2.66%.

30-Year Return Assumption by Asset Class
As of December 31, 2020

		30-Year Geometric Forecast	
	Asset Class	(Nominal Returns)	(Real Returns)
	Cash	5.39%	0.07%
	U.S. Treasuries	3.19%	0.51%
	IG Corp Credit	4.99%	2.27%
	Mortgage Backed Securities	3.50%	0.82%
	Core Fixed Income	3.78%	1.10%
*	High-Yield Bonds	6.55%	3.79%
	Emerging Market Debt (External)	6.44%	3.69%
	Emerging Market Debt (Local Curren	6.26%	3.50%
	Large Cap Equity	7.72%	4.93%
	Small/Mid Cap Equity	8.94%	6.12%
	International Equities (Unhedged)	8.27%	5.46%
	Emerging Int'l Equities	12.20%	9.30%
	Private Equity	12.67%	9.75%
	Private Debt	8.98%	6.16%
	Real Estate	6.51%	3.75%

Note: NEPC's 30-year geometric CPI inflation assumption is 2.66%. NEPC's 5-7 year geometric CPI inflation assumption is 2.25%.

** Core Bonds assumption based on market weighted blend of components of Aggregate Index (Treasuries, IG Corp Credit, and MBS).*

Discount Rate: The calculation of actuarial liabilities for valuation purposes is based on a current estimate of future benefit payments. The calculation includes a computation of the "present value" of those estimated future benefit payments using an assumed discount rate; the higher the discount rate assumption, the lower the estimated liability will be. For purposes of estimating the liabilities (future and accrued) in this report, an assumption was selected based on the expected long-term rate of return on plan investments. Using a lower discount rate assumption, such as a rate based on long-term bond yields, could substantially increase the estimated present value of future and accrued liabilities. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plans fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

F Changes in the Net Pension Liability by Plan for the Measurement Period December 31, 2021:

	Increase (Decrease)		
Employees' Plan	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
Balances as of 12/31/20	$ 998,524,396	$ 718,989,813	$ 279,534,583
Changes for the year:			
Service cost	18,885,715	-	18,885,715
Interest	67,771,708	-	67,771,708
Changes of benefit terms	-	-	-
Differences between expected and actual	1,093,035	-	1,093,035
Changes of assumptions	51,629,954	-	51,629,954
Contributions - employer	-	36,178,170	(36,178,170)

Sensitivity of the net pension liability to changes in the discount rate: The following schedule presents the net pension liability, calculated using the discount rate of 7.00%, as well as what the Plan's net pension liability would be if it were calculated using a discount rate that is 1.0 percentage point lower (6.00%) or 1.0 percentage point higher (8.00%) that the current rate.

	Employees' Retirement Plan	Police Service Retirement Plan	Fire Service Retirement Plan	Detention Officers' and Deputy Sheriffs' Retirement Plan
1% Decrease to 6.00%	$ 398,926,717	$ 325,179,553	$ 239,103,866	$ 86,557,993
Current Discount Rate 7.00%	274,114,532	201,921,447	125,922,167	56,351,109
1% Increase to 8.00%	169,309,986	102,372,585	34,238,061	31,410,707

Sensitivity of groups within the State System:

	Withdrawn Group *	Officials	Judges
Proportional Share of State System	n/a	0.00125000%	0.00297240%
1% Decrease to 5.80%	n/a	$ 319,388	$ 759,479
Current Discount Rate 6.80%	n/a	187,528	445,932
1% Increase to 7.80%	n/a	78,153	185,841

* Note: *The liability is a contractually fixed amount which will not change for the County's change in proportion or for investment rate changes.*

G Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the County Pension Plans – Recognized pension expenses and deferred outflows of resources, including amounts for the Anne Arundel County Public Library and Anne Arundel County Economic Development Corp., for the measurement date of December 31, 2021, are displayed by Plan in the following table.

	Employees' Retirement Plan	Police Service Retirement Plan	Fire Service Retirement Plan	Detention Officers' and Deputy Sheriffs' Retirement Plan	Total Pension System
PENSION EXPENSE:	$ 40,040,161	$ 34,842,507	$ 23,445,867	$ 9,462,204	$ 107,790,739
DEFERRED OUTFLOWS OF RESOURCES:					
Differences between expected and actual experience	$ 6,658,169	$ 14,514,449	$ 13,286,202	$ 1,679,745	$ 36,138,565
Changes of assumptions	54,372,273	38,940,471	42,937,539	7,974,180	144,224,463
Contributions subsequent to measurement date	19,268,406	16,535,508	13,571,370	5,003,766	54,379,050
Total Deferred Outflow of Resources	$ 80,298,848	$ 69,990,428	$ 69,795,111	$ 14,657,691	$ 234,742,078
DEFERRED INFLOWS OF RESOURCES:					
Differences between expected and actual experience	$ (2,513,431)	$ (504,149)	$ (834,531)	$ (249,883)	$ (4,101,994)
Differences between projected and actual plan investments	(43,749,016)	(38,302,069)	(38,978,651)	(10,493,453)	(131,523,189)
Total Deferred Inflow of Resources	$ (46,262,447)	$ (38,806,218)	$ (39,813,182)	$ (10,743,336)	$ (135,625,183)
Total Deferred Activity	$ 34,036,401	$ 31,184,210	$ 29,981,929	$ 3,914,355	$ 99,116,895

The contributions subsequent to measurement date as listed above, will be recognized as a reduction in net pension liability in fiscal year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense and amortized over an additional four to five years as provided by the actuary as follows:

	Employees' Retirement Plan	Police Service Retirement Plan	Fire Service Retirement Plan	Detention Officers' and Deputy Sheriffs' Retirement Plan	Total Pension System
Year ending December 31:					
2022	$ 16,307,272	$ 17,430,210	$ 11,459,532	$ 3,581,276	$ 48,778,290
2023	(606,018)	2,019,700	(2,074,742)	342,818	(318,242)
2024	(675,586)	4,473,179	4,889,249	(2,512,666)	6,174,176
2025	(257,673)	(9,274,387)	2,136,520	(2,500,839)	(9,896,379)
Total	$ 14,767,995	$ 14,648,702	$ 16,410,559	$ (1,089,411)	$ 44,737,845

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the County portion of the Maryland State Retirement and Pension System – Recognized pension expenses and deferred outflows of resources for the measurement date of June 30, 2021 are displayed by Plan in the table below. Details for the entire State System can be obtained at http://www.sra.state.md.us.

County Portions of Maryland State Retirement and Pension System

	Master Judges	Officials	Total Portion
PENSION EXPENSE:	$ (1,691)	$ 6,520	$ 4,829
DEFERRED OUTFLOWS OF RESOURCES:			
Changes of assumptions	$ 84,412	$ 35,498	$ 119,910
Net difference between projected and actual earnings	-	-	-
Contributions subsequent to measurement date	-	6,785	6,785
Subtotal of outflows	84,412	42,283	126,695

Total Pension Plans	$ 3,063,581,859	$ 680,255,441	$ 185,045,162	$ (139,652,246)	$ 109,172,769

H ***Payable to the County Pension System*** – At December 31, 2021, the System reported $8.6 million in payables.

I ***Commitments*** – The System has committed to fund various private markets investments totaling $416.0 million at December 31, 2021, of which approximately $115.8 million remains unfunded. The expected funding dates for these commitments extend through 2027.

J ***Teacher pension funding shift*** **-** Legislation enacted by the Maryland General Assembly during 2012 requires County Boards of Education to pay a portion of employer contributions for members of the Teachers' Retirement System or the Teachers' Pension System beginning in fiscal year 2013. Beginning in fiscal year 2017, each local Board pays the normal cost for their teachers in the Teachers' Retirement System and the Teachers' Pension System. Since that time, the annual appropriations for the Teachers' Pension System have been as follows:

Fiscal Year	Appropriation	
Fiscal Year 2018	$	23,665,760
Fiscal Year 2019	$	23,665,760
Fiscal Year 2020	$	23,980,202
Fiscal Year 2021	$	24,701,353
Fiscal Year 2022	$	25,713,345

K ***401(a) Employee Retirement Savings Plan –*** Anne Arundel County Bill No. 95-17 created the new 401(a) Employee Retirement Savings Plan. Effective July 1, 2018, any employee hired in any position eligible to participate in the Employees' Retirement System shall have the election to choose the Employee Retirement Savings Plan. Employee contribution for the Savings Plan is 4% and there is an 8% employer contribution. An employee vests in the new plan in 5 years. The amount not vested as of June 30, 2022 was $967,871.12.

L ***Firemen's Length of Service Award Program (LOSAP):*** The County instituted and began administering a single employer defined benefit length of service award program (LOSAP or the Plan), for volunteer firemen and ambulance personnel on May 1, 1975. Anne Arundel County Bill No 90-16 modified the methods and terms of the awards program.

Summary of Significant Accounting Policies for LOSAP Pension Plan **-** LOSAP is included in the Fire Departments departmental financial statements and full accrual Governmental Activities section of the County financial statements. For purposes of measuring the pension liability related to pension and pension expense, benefit payments are recognized when due and payable in accordance with the benefit terms. This is an unfunded program, so there are no assets accumulated for this program. The County does not issue a separate financial statement for the LOSAP.

General Information about the LOSAP Pension Plan:

Plan description: The Anne Arundel County Length of Service Award Program is a single-employer defined benefit retirement plan administered by Anne Arundel County, Maryland, which provides retirement and death benefits to volunteer fire and ambulance personnel serving the various independent volunteer fire companies in the County.

Benefits provided: Under the LOSAP, participants become vested after 25 years of eligible service beginning at age 50. No benefit is paid if service is less than 25 years.

Employees covered by benefit terms: A person who has served as an active member of a County or Annapolis City volunteer fire company is entitled to receive benefits under LOSAP if the person has satisfied the following requirements:

Persons who are at least 50 years old and who have completed at least 25 years of active volunteer service with a County volunteer fire company or an Annapolis City volunteer fire company; or volunteer firefighters who have been determined by the Maryland Workmen's Compensation Commission to have been permanently and totally disabled in the performance of duties as a volunteer firefighter.

Volunteer personnel who have qualified for benefits under the above provisions shall receive a monthly benefit payment according to the following payment schedule:

1. For members receiving benefits as of January 1, 2017, eligibility for an increase in benefits shall be determined based on earning active service credit in seven of the previous ten years (January 1, 2007 to December 31, 2016). If the member has not met this service requirement, the benefit will remain at $250 per month for life.

2. For members receiving benefits as of January 1, 2017 and have met the requirement for continued active service in seven of the previous ten years, benefits will be increased to the following:

- 25 to 34 years of active service, receive $300 per month for life;
- 35 to 44 years of active service, receive $350 per month for life;
- 45 or more years of active service, receive $400 per month for life.

3. Current beneficiaries who continue to earn active service credit shall be eligible for benefit increases as they obtain the next service milestone on the benefit scale.

4. Any new beneficiaries that become eligible for benefits shall receive a benefit payment in accordance with the above scale and shall be eligible for benefit increases as they obtain the next service milestone on the benefit scale.

The surviving spouse of a volunteer firefighter who, at the time of death, was receiving benefits under LOSAP is entitled to receive a surviving spouse benefit. The benefits shall be paid to the surviving spouse monthly until the death or remarriage of that spouse. As of January 1, 2017, all current spouse beneficiaries shall continue to receive the benefit as a rate of $150 per month. After January 1, 2017, any new spouse beneficiaries shall receive a benefit equal to 50.0% of the member benefit at the time of the member's death.

The total LOSAP liability was determined by an actuarial valuation as of December 31, 2021 using the following actuarial assumptions:

Actuarial Assumptions:

Inflation Rate	3.00 %
Discount rate	1.84 %
Salary increases	Not applicable
Mortality	SOA RP-2014 Adjusted to 2006 Blue Collar Mortality with Scale MP-2018
Retirement	First eligible
Turnover	Rates varying based on age and service
Disability	Rates varying based on age

Source: Index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher

The following table details the changes in the net pension liability:

Changes in the Net LOSAP Liability	Increase (Decrease) Total LOSAP Liability (a)	Plan Fiduciary Net Position (b)	Net LOSAP Liability (a-b)
Balances at 1/1/21	$ 21,427,213	$ -	$ 21,427,213
Changes for the year:			
Service cost	771,159	-	771,159
Interest	436,130	-	436,130
Differences between expected and actual experience	(1,070,141)	-	(1,070,141)
Change in assumptions	532,065	-	532,065
Employer contributions	-	783,700	(783,700)
Benefit payments, including refunds of member contributions	(783,700)	(783,700)	-
Net Changes	(114,487)	-	(114,487)
Balances at 12/31/21	$ 21,312,726	$ -	$ 21,312,726

LOSAP Deferred Outflows of Resources and Deferred Inflows of Resources – Recognized LOSAP expenses and deferred outflows of resources for the measurement date of December 31, 2021 are displayed in the table below.

LOSAP EXPENSE:	$ (1,377,201)
DEFERRED OUTFLOWS OF RESOURCES:	
Changes of assumptions	$ 4,497,858
Contributions subsequent to measurement date	391,325
Subtotal of deferred outflows	4,889,183
DEFERRED INFLOWS OF RESOURCES:	
Differences between expected and actual experience	(3,025,937)
Changes of assumptions	(588,045)
Subtotal of deferred inflows	(3,613,982)
Total Deferred Activity	$ 1,275,201
LOSAP liability	$ 21,312,726

** Current liability included in accounts payable in the government wide Statement of Net Assets is $782,650.*

The contributions subsequent to measurement date as listed above will be recorded in accounts payable and accrued expenses in fiscal year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to LOSAP will be recognized in pension expense as follows:

Year ending December 31:		LOSAP
2022	$	169,912
2023		169,912
2024		169,912
2025		169,912
2026		169,912
Thereafter		34,316

Sensitivity of the net LOSAP liability to changes in the discount rate: The following presents the net LOSAP liability of the County LOSAP, calculated using the discount rate of 1.84%, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (0.84%) or 1.0% percentage-point higher (2.84%) than the current rate:

	1% Decrease 0.84%	Current Discount Rate 1.84%	1% Increase 2.84%
County's Net LOSAP Liability	$ 25,187,414	$ 21,312,726	$ 18,307,567

Source: Yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or equivalent quality on another rating scale).

The following schedule presents the LOSAP participants at December 31, 2021:

LOSAP Participant Summary at December 31, 2021

	Active Participants	Volunteers Receiving Payment	Survivors Receiving Payment
Number	448	186	74
Average Age	41.95	70.56	78.94
Total Annual Benefits		$ 663,000	$ 136,500
Average Service	8.06		

14 Other Post-employment Benefits

The County (which includes the County and Anne Arundel Economic Development Corporation), the Community College, and the Library participate in a single employer defined benefit healthcare plan for retirees. The assets of each participant (the County, Community College, and Library) are commingled for investment and payment of benefits, however each participant's activity is tracked separately, and each participant receives a separate actuarial valuation. The following provides a summary of the plans' descriptions and eligibility, funding policies and sources of authorization, annual cost and net obligations, and the actuarial methods and assumptions used in determining costs and liabilities. In addition, required supplementary information includes trend data about these plans. The Supplementary Information following these notes presents multi-year trend information about whether the actuarial value of each plan's assets is increasing or decreasing relative to the actuarial accrued liability for benefits year to year over a four-year period.

Actuarial valuation of an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Amounts determined regarding the funding status of the plan and the annual required contributions of the employer are subject to continual revisions as actual results are compared with past expectations and new estimates are made about the future. The total OPEB liability is based on January 1, 2021 valuation data for the County, College, and Library Plans with a roll forward of data to June 30, 2021. The Plan's liability was rolled forward to the measurement date June 30, 2022. The methods, assumptions, plan provisions, and participant data used are detailed in the actuarial valuation report dated April 29, 2021 with the exception of the actuarial cost method. These calculations are based on the Entry Age Normal (EAN) cost method as required by GASB 74 and GASB 75. The EAN actuarial cost method requires a salary scale assumption. The Actuary used the salary scale assumption used to value Anne Arundel County's pension plans. The calculation of the Actuarially Determined Contribution for the fiscal year ended June 30, 2022 is contained in the actuarial valuation report dated September 1, 2022.

A ***Plan Description, Eligibility, Authorization, and Funding Policy*** - The primary government provides a group health plan for employees and retirees under the authority of § 6-1-308 of the County Code. This health plan may be extended to other component units under § 6-1-309 of the County Code. The Community College and the Library provide retiree health insurance through participation in the County's health plans. Anne Arundel Economic Development, a component unit of the County, is a participant in the County plan. The County collects premiums from these entities to offset the related costs. The County Code requires the County to pay 80.0% of the health coverage cost for current County retirees and terminated vested employees that retired before July 1, 2014. Employees not eligible for normal or early retirement by January 1, 2017 will receive a subsidy based on years of service. The Library currently pays 80.0% for Library retirees. The primary government plan provides the same health plans to active employees and pre-age sixty-five retirees. The County offers a Medicare Advantage Plan to post age sixty-five retirees. The County offers the same prescription benefit for active employees and pre-age sixty-five retirees. Post age sixty-five retirees are eligible to participate in an Employer Group Waiver Plan (EGWP) plus WRAP for prescription benefits. County and Library retirees have the option of retaining dental and vision coverage, but must pay the full premium for these benefits.

The Anne Arundel County Public school system offers a separate single employer defined OPEB plan, which is disclosed in its separately issued financial statements. Anne Arundel County Public Schools (AACPS) employees eligible to retire and receive Maryland State Retirement Agency (MSRA) benefits may be eligible for retiree healthcare benefits based on date of hire and service criteria. This is not part of the County plan. Employees hired prior to September 15, 2002 receive Board funding of 75.0% for Medical/Rx and dental benefits. For employees hired after September 15, 2002, ten years of AACPS service is required to be eligible for retiree health benefits. The Board funds a portion of the medical premium ranging from 25.0% with ten years of service to 75.0% with twenty or more years of service. No Board funding is provided for dental benefits. No Board funding is provided for vision coverage regardless of service date. Active employees and retirees have the same medical, dental, and vision plans while retirees over sixty-five have three Medicare Supplemental Plans available. The retiree and active prescription plan co-payments differ. The retiree plan is evaluated separately based on claims experience; however, a blended percentage increase has been applied to the retiree rates.

A Summary of the key elements of the AACPS Plan are disclosed below:

Net OPEB Liability	Deferred Outflows of Resources	Deferred Inflows of Resources
$ 2,234,317,354	$ 257,525,854	$ 638,777,075

The Community College (the College) provides medical, dental, and vision benefits to eligible retirees who are enrolled in medical coverage at the time of retirement. The benefit levels, employee contributions, and employer contributions are governed by and may be amended by the College Board of Trustees. Retirees are eligible for these benefits if they have a minimum of ten years of service and meet the eligibility requirement of their retirement plan, (Maryland State Retirement System or Optional plan). The College contributes to the cost of retirees' benefits at a rate of 2.5% for each year of service, and employees must have at least ten years of service to qualify. The maximum paid by the College is 75.0%. Retirees have no vested rights to these benefits.

A copy of the Anne Arundel Retiree Health Benefits Trust (OPEB Trust) financial statements may be obtained by contacting Anne Arundel County Office of Personnel, 2660 Riva Road, Annapolis, MD 21401.

B Membership by Plan – Anne Arundel County retirees meeting certain criteria are eligible for medical insurance and prescription coverage in retirement. The College provides certain health care benefits to eligible retirees. The benefits provided, benefit levels, retiree contributions and employer contributions are governed by the College's Board of Trustees and during the budgetary process. The Board of Trustees may amend or change the plan periodically. The Library, through its Health Benefits Pooling Agreement with the County, has agreed that its benefits and costs to the retirees will match the County Plan. The number of participants in the OPEB Trust as of January 1, 2021 follows. Data is based on actuarial valuations dated April 20, 2021.

	County Plan	**College Plan**	**Library Plan**	**Total**
Employees with medical coverage	4,083	695	204	4,982
Deferred vested termination	302	-	-	302
Retirees	2,861	247	148	3,256
Total	7,246	942	352	8,540

C Funding Policy – Effective July 1, 2015, the County Council under Bill 13-15 established the Retiree Health Benefits Trust to include the primary government, the College and the Library. The Bill requires that the balance of Reserve Funds for Retiree Health Benefits on July 1, 2015 be transferred to the Trust. The Bill established a Board of Trustees to manage the Trust and designated the County Personnel Officer to administer the Trust. The County Executive will recommend annual appropriations to the Trust. The County Council will approve this request as is or may increase it during the County Annual Budget process. Previously, the County established under its Charter, a Reserve Fund for Retiree Health Benefits into which funds were appropriated for the sole purpose of funding retiree health benefits. This Reserve Fund has been closed and the funds transferred to the Trust Fund.

D Actuarial Methods and Assumptions – Projections of benefits for financial reporting purposes are based on the substantive OPEB Trust (the Plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefits costs between employers and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. The actuarial assumptions used in the latest valuation are as follows.

Schedule of Actuarial Methods and Assumptions

	County Plan	College Plan	Library Plan
Actuarial Cost Method	Entry Age Normal	Entry Age Normal	Entry Age Normal
Asset valuation Method	Market value of Assets	Market value of Assets	Market value of Assets
Actuarial Assumptions			
Discount Rate	6.30%	5.05%	1.92%
	Long-term expected return based on trust assets	Blended 6/30/2022 government bond rate and long term expected rate of return	6/30/2022 government bond rate
Payroll Increase	Pension Plan Assumptions	Pension Plan Assumptions	Pension Plan Assumptions
Ultimate Healthcare Cost Trend Rate	3.90%	3.90%	3.90%

Notes:

1) *The health cost trend rate in 2022 is 5.20%, in 2021 is 5.30%, in 2019 and 2020 is 5.40%. The rate in 2030 is 5.20%. The rate in 2050 is 4.90% The rate in 2070 is 4.30%. The ultimate rate is 3.90%*
2) *The Plan's actual benefit payments may be greater or lesser than the amounts shown, depending on the Plan's actual demographic experience, and claims experience.*
3) *The information above is from the actuarial valuation reports dated September 1, 2022 which used census valuation data as of January 1,2021.*

Mortality rates: Healthy uses SOA RPH-2014 adjusted to 2006 Blue Collar Headcount-Weighted Mortality; MP-2018 base year 2006 fully generational. Disabled - General County employees uses SOA RP-2014 adjusted to 2006 Blue Collar Mortality with Scale MP-2018 (set forward 9 years). Disabled - Uniformed services employees (Police, Firefighters, and Correctional facilities) uses SOA RP-2014 adjusted to 2006 Blue Collar Mortality with Scale MP-2018 (set forward 5 years).

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Anne Arundel Retiree Health Benefits Trust (the Trust) and additions to/deductions from the Trust's fiduciary net position have been determined on the same basis as they are reported by the County. The measurement date for the current fiscal year-end was June 30, 2021. For this purpose, the Trust recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

The following table details the changes in the net OPEB liability for the County Plan:

Change in Net OPEB Liability
County Employees

	Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net OPEB Liability (a) - (b)
Balance as of June 30, 2020 for FYE 2021	$ 826,140,840	$ 239,325,867	$ 586,814,973
Changes for the Year	-	-	-
Service Cost	22,188,371	-	22,188,371
Interest	54,646,529	-	54,646,529
Experience Losses/(Gains)	4,323,676	-	4,323,676
Change in Assumptions	55,395,501	-	55,395,501
Employer Trust Contribution	-	101,749,126	(101,749,126)
Net Investment Income	-	66,519,702	(66,519,702)
Administrative Expense	-	(159,995)	159,995
Benefit Payments	(39,870,670)	(39,870,670)	-
Net Changes	96,683,407	128,241,163	31,557,756
Balance as of June 30, 2021 for FYE 2022	$ 922,824,247	$ 367,567,030	$ 555,257,217

For the fiscal year ended June 30, 2022 Anne Arundel County General Employees, including Anne Arundel Economic Development (AAEDC) recognized an OPEB expense of $62,089,419 and income of $62,327, respectively. Anne Arundel County General Employees and AAEDC, reported deferred outflows of resources and deferred inflows of resources related to the OPEB plan from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 15,820,771	$ (294,771)
Changes of assumptions	46,162,916	(1,291,384)
Net difference between projected and actual earnings on OPEB plan investments	-	(37,343,273)
Employer contribution subsequent to measurement date	88,059,548	-
Total	**$ 150,043,235**	**$ (38,929,428)**

The contributions subsequent to measurement date as listed above will be recognized as a reduction in net OPEB liability in fiscal year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ended June 30:	
2023	$ 3,535,887
2024	3,973,746
2025	5,724,247
2026	(132,812)
2027	9,953,191
Thereafter	-

The following table details the changes in the net OPEB liability for the College Plan:

Change in Net OPEB Liability
College Plan

	Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net OPEB Liability (a) - (b)
Balance as of June 30, 2020 for FYE 2021	$ 105,130,214	$ 12,121,425	$ 93,008,789
Service Cost	4,983,627	-	4,983,627
Interest	3,569,951	-	3,569,951
Experience Losses/(Gains)	(12,587,909)	-	(12,587,909)
Change in Assumptions	7,893,914	-	7,893,914
Employer Trust Contribution	-	4,765,152	(4,765,152)
Net Investment Income	-	3,566,507	(3,566,507)
Administrative Expense	-	(6,813)	6,813
Benefit Payments	(2,083,151)	(2,083,151)	-
Net Changes	1,776,432	6,241,695	(4,465,263)
Balance as of June 30, 2021 for FYE 2022	$ 106,906,646	$ 18,363,120	$ 88,543,526

For the fiscal year ended June 30, 2022 Anne Arundel Community College recognized an OPEB expense of $9,109,142. Anne Arundel Community College reported deferred outflows of resources and deferred inflows of resources related to the OPEB plan from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 983,514	$ (11,189,253)
Changes of assumptions	42,180,354	(15,176,277)
Net difference between projected and actual earnings on OPEB plan investments	-	(1,813,873)
Employer contribution subsequent to measurement date	4,864,023	-
Total	**$ 48,027,891**	**$ (28,179,403)**

The contributions subsequent to measurement date as listed above will be recognized as a reduction in net OPEB liability in fiscal year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ended June 30:	
2023	$ 1,489,427
2024	1,493,000
2025	1,488,389
2026	1,369,940
2027	2,688,165
Thereafter	6,455,544

The following table details the changes in the net OPEB liability for the Library Plan:

Change in Net OPEB Liability
Library Plan

	Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net OPEB Liability (a) - (b)
Balance as of June 30, 2020 for FYE 2021	$ 49,983,907	$ 1,217,416	$ 48,766,491
Changes for the Year	-	-	-
Service Cost	2,031,637	-	2,031,637
Interest	1,207,637	-	1,207,637
Experience Losses/(Gains)	(3,589,905)	-	(3,589,905)
Change in Assumptions	4,422,977	-	4,422,977
Employer Trust Contribution	-	3,433,519	(3,433,519)
Net Investment Income	-	536,365	(536,365)
Administrative Expense	-	(675)	675
Benefit Payments	1,383,519	(1,383,579)	2,767,098
Other (Insurance Subsidies and Rebates)	-	-	-
Net Changes	2,688,382	2,605,690	82,692
Balance as of June 30, 2021 for FYE 2022	$ 52,672,289	$ 3,823,106	$ 48,849,183

For the fiscal year ended June 30, 2022, Anne Arundel Public Library recognized an OPEB expense of $4,432,266. Anne Arundel County Public Library reported deferred outflows of resources and deferred inflows of resources related to the OPEB plan from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 232,514	$ (2,991,587)
Changes of assumptions	15,308,524	(4,221,436)
Net difference between projected and actual earnings on OPEB plan investments	-	(288,426)
Employer contribution subsequent to measurement date	5,000,985	-
Total	**$ 20,542,023**	**$ (7,501,449)**

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the OPEB plan will be recognized in the expense as follows:

Fiscal Year Ended June 30:	
2023	$ 1,339,372
2024	1,928,218
2025	3,717,138
2026	916,014
2027	138,847
Thereafter	-

E ***Net OPEB Liability of the Trust –*** The components of the net OPEB liability of the Plan, measured at June 30, 2021, for June 30, 2022 fiscal year-end are displayed on the following schedule.

Net OPEB Liability of the Trust
As of June 30, 2022
(in thousands)

	County Plan	College Plan	Library Plan	TOTAL
Total OPEB liability	$ 922,824	$ 106,907	$ 52,672	$ 1,082,403
Plan fiduciary net position	(367,567)	(18,363)	(3,823)	(389,753)
Net OPEB liability	$ 555,257	$ 88,544	$ 48,849	$ 692,650
Plan fiduciary net position as a percentage of the total OPEB liability	39.06%	23.06%	11.14%	
Net OPEB liability:				
Anne Arundel County Gov.	$ 552,647	$ -	$ -	$ 552,647
Economic Development	2,610	-	-	2,610
College Plan	-	88,544	-	88,544
Library Plan	-	-	48,849	48,849
Net OPEB liability	$ 555,257	$ 88,544	$ 48,849	$ 692,650

Actuarial assumptions

The total OPEB liability was determined by an actuarial valuation as of June 30, 2022, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified.

	County Plan	College Plan	Library Plan
Inflation	2.40%	2.40%	2.40%
Discount rate	6.30%	5.05%	1.92%
Initial healthcare cost trend	3.90%	3.90%	3.90%

F ***Long-term expected real rate of return*** – The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation of 25 percent for fixed income and 60 percent for equity investments, and including the expected rate of inflation. Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of June 30, 2022 are summarized in the following table:

2022 30-Year Return Assumptions by Asset Class

Asset Class	30-Year Geometric Forecast (Nominal Returns)	30-Year Geometric Forecast (Real Returns)
Inflation (CPI)	2.66%	2.66%
Cash	2.90%	0.23%
Core Fixed Income(1)	4.02%	1.32%
Diversified Fixed Income(2)	5.32%	2.59%
Large Cap Equity	6.94%	4.17%
Small/Mid Cap Equity	7.53%	4.74%
International Equities (Unhedged)	7.03%	4.26%
Emerging Int'l Equities	9.47%	6.64%
Real Estate (Core)	5.25%	2.52%

Notes

NEPC's 30-year geometric CPI inflation assumption is 2.66%.

(1) Core Bonds assumption based on market weighted blend of Bloomberg Barclays US Aggregate Bond Index (Treasuries, IG Credit, MBS)

(2) Diversified Fixed Income assumption based on market weighted blend of Treasuries, Investment Grade Corporate Credit, High Yield, Bank Loans, Emerging Market Debt, and Non-US Bonds

Policy allows use of mutual/commingled funds as investment vehicles. The following schedule displays the asset allocation targets in the IPS.

Asset Allocations by Investment Policy

	Target Allocation	Minimum Allocation	Maximum Allocation
Large Cap U.S. Equities	26%	21%	31%
Small/Mid Cap U.S. Equities	7%	2%	12%
International Equities- Developed Markets	21%	16%	26%
Emerging International Equities	6%	1%	11%
Total Equity	**60%**	**50%**	**70%**
Core Fixed Income	11%	6%	16%
Diversified Fixed Income	14%	9%	19%
Total Fixed Income	**25%**	**15%**	**35%**
Real Estate (Core)	5%	0%	10%
Total Real Estate	**5%**	**0%**	**10%**
Cash	10%	0%	20%
Total Cash	**10%**	**0%**	**20%**

G ***Discount rate*** – The discount rate used to determine the actuarial net liability varied by Plan. Based on assumptions of increasing contribution levels and normal costs for future hires, the County Plan is expected to never become insolvent. Consequently, the actuary determined the County's liability using the expected rate of return on assets of 6.30 percent as the discount rate. The College's liability uses the expected rate of return on assets of 5.05%. The Library's liability uses the expected rate of return on assets of 3.69%.

H ***Sensitivity of the net OPEB liability to changes in the discount rate*** – The following presents the net OPEB liability of each Plan based on the current discount rate, as well as what the liability would be if it were calculated using a rate that is 1.0% lower or 1.0% higher than the current discount rate as follows:

Discount Rate Sensitivity as of June 30, 2022			
	Net OPEB liability		
	1.00% Decrease	Discount Rate	1.00% Increase
County Plan	5.30%	6.30%	7.30%
	$ 744,672,954	$ 590,300,448	$ 471,708,143
College Plan	4.05%	5.05%	6.05%
	$ 74,608,830	$ 61,288,647	$ 50,658,322
Library Plan	2.69%	3.69%	4.69%
	$ 43,460,526	$ 36,623,270	$ 31,200,425

I ***Sensitivity of the net OPEB liability to changes in the healthcare cost trend rate*** – The trend rate selected is based on an economic model developed by a health care economist for the Society of Actuaries. Future medical trend increases could vary significantly from the model. Model inputs will be updated periodically based on the best estimate of the economy at the time. Small changes in the model inputs can result in actuarial losses or gains of 5 to 15 percent of liabilities. The same trend rate is used for each Plan. The following presents the net OPEB liability for each Plan, as well as what the net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% lower or 1% higher than the current healthcare cost trend rates:

Healthcare Trend Cost Sensitivity as of June 30, 2022			
	Net OPEB liability		
	1.00% Decrease	Trend Rates	1.00% Increase
	2.90%	3.90%	4.90%
County Plan	$ 449,907,547	$ 590,300,448	$ 775,174,426
College Plan	$ 48,094,237	$ 61,288,647	$ 78,587,554
Library Plan	$ 30,286,256	$ 36,623,270	$ 44,817,037

The schedules of funding progress, included as required supplementary information (RSI) following the notes to the financial statements, present multiyear trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the AALs for benefits.

15 Risk Management

The County retains the risk of loss for workers' compensation and Directors and Officers coverage for the primary government, the Library, the Board of Education, and the Community College; general liability and vehicle liability coverage for the primary government, Library and the Board of Education; and health coverage for the primary government. The County purchases insurance coverage for real and personal property and money and security coverage, as well as school bus insurance for the bus contractors of the Board of Education. All insurance activities are recorded in the Self Insurance Fund, except for health activity, which is recorded in the Health Insurance Fund.

The Self Insurance Fund has recognized a liability at fiscal year-end for those claims where a loss has occurred and the amount of loss can be reasonably estimated. This estimate includes reserves for non-incremental claims adjustment expense. An actuarial review of all claims is used as the basis for determining the liability at the end of the year. Management, with the assistance of claims administrators, estimates the liabilities for the Health Insurance Fund. Both funds include estimated liabilities for claims that have been incurred but not reported. Claims are reevaluated periodically to take into consideration recently settled claims, the frequency of claims, and other economic and social factors. As of June 30, 2022, the Self Insurance Fund liability of $53,440,291 is discounted, since discounting is more reflective of the nature of the claims. The Health Insurance Fund liability of $6,919,983 is undiscounted since claims will be paid within one year of the date incurred. Settlements have not exceeded coverage for each of the past three years. Changes in the balances of claims liabilities during fiscal years 2022 and 2021 were as follows:

	2022	2021
Liability balance, July 1	$ 75,379,890	$ 76,874,765
Current year claims and changes in estimates:		
Changes in estimates - prior periods	(7,890,629)	(10,175,423)
Changes in estimates - current year	115,213,591	106,615,199
Claims payments	(122,342,578)	(97,934,651)
Liability balance, June 30	$ 60,360,274	$ 75,379,890

16 Landfill Closure, Postclosure, and Remediation

The primary government has utilized three landfill sites, however, only one site, the Millersville Landfill, is still accepting trash. The others, Glen Burnie and Sudley, ceased accepting solid waste in 1983 and 1993, respectively. The Millersville site consists of nine individual cells. Cells 1 through 8 are closed. Closure for cell 8 was competed in 2022. Cell 9 has opened and is 18.0% full. Cell 9 has a useful life to at least 2049. The table that follows presents the costs and liabilities related to all sites. The costs for cells 8 and 9 at the Millersville Landfill are determined by applying the percent of capacity used to the total estimated closure and post closure costs.

	Millersville	Closed Sites	Total
Total costs:			
Closure	$ 63,700,083	$ 18,163,719	$ 81,863,802
Post closure	29,855,492	1,947,132	31,802,624
	93,555,575	20,110,851	113,666,426
Less:			
Amount recognized thru June 30, 2021	57,927,643	20,110,851	78,038,494
Costs remaining to be recognized	$ 35,627,932	$ -	$ 35,627,932
Liability recorded as of June 30, 2022			
Current portion post closure	$ 1,581,441	$ 269,256	$ 1,850,697
Closure Cell 9 Long Term	4,850,300	-	4,850,300
Post closure Long Term	14,741,928	1,677,876	16,419,804
Total Long Term Liability	19,592,228	1,677,876	21,270,104
Total Liability	$ 21,173,669	$ 1,947,132	$ 23,120,801

The primary government accounts for landfill activities in the Solid Waste Fund. Management estimates the costs of closure, post closure, remediation, and monitoring the landfills based on federal and state regulations. These estimates are recorded at current costs and are management's best judgment of the minimum cost required to correct identified problems and close and remediate open cells. These estimates are subject to periodic reevaluation, and actual costs may differ due to inflation or deflation, changes in technology, or changes in applicable laws and regulations. The closure reserves increased in the amount of $1,396,597, primarily as a result of Cell 9 closure costs through June 30, 2022 and post closure reserves decreased by $993,647 in fiscal year 2022. These amounts include changes to the estimates in the reserves, payments, and other adjustments.

The Solid Waste Fund has restricted assets of $19,675,981 for closure and post closure care as of June 30, 2022.

<u>17</u> <u>Tax Abatements</u>

Anne Arundel County provides tax abatements through the following programs - Payment in Lieu of Taxes (PILOT), Brownfields Site property tax credits, Agricultural Land tax credits and Enterprise Zone tax credits.

A ***PILOT -*** The purpose of the first type of County PILOT agreement is to provide quality multi-family housing communities for households of limited income in the County. Agreements are made with the County in negotiated amounts in lieu of County real property taxes per Tax Property Article § 7-506.1. For fiscal year 2022, the net amount of taxes abated after receipt of the PILOT payments was $643,821. The second type of County PILOT agreement is for economic development projects that demonstrate to the satisfaction of the Anne Arundel County Executive and County Council of Anne Arundel County that the project is an economic development project that provides a public benefit. Agreements are made with the County in negotiated amounts in lieu of County real or personal property tax per Tax Property Article § 7-520. For fiscal year 2022, the County had one of this type of PILOT agreement and the amount of the abatement of real and personal property taxes was $1,200,000.

B ***Brownfields Site Tax Credit –*** The County provides a Brownfields Site tax credit on real property taxes levied on qualified brownfields sites as authorized by Tax Property Article § 9-229. The brownfields tax credit is effective for each of the five taxable years following the issuance of the notice of revaluation by the State Department of Assessments and Taxation after completion of a voluntary cleanup or a corrective action plan for a qualified site. For fiscal year 2022, the total amount of taxes abated for brownfields sites was $256,057.

C ***Agricultural Land Tax Credit –*** The County provides an agricultural land tax credit on real property taxes levied on agricultural land and woodland if the property is included in an agricultural preservation district as provided in the Agriculture Article § 2-509 of the State Code or a County agricultural district as provided in County Code and the landowner has agreed to remain in the district for at least ten years. For fiscal year 2022, the total amount of agricultural taxes abated was $624,671.

D ***Enterprise Zone Tax Credit –*** The County provides enterprise zone tax incentives to businesses and property owners located in economically distressed communities. The Enterprise Zone tax credit from County real property taxes for eligible assessments of qualified properties is authorized per Tax Property Article § 9-103. For fiscal year 2022, there were no County participants in this program, therefore no taxes were abated.

E ***The State of Maryland –*** The State of Maryland has programs that result in tax abatements for Anne Arundel County real property taxes. Per Tax Property Article § 8-209, property owners of qualified agricultural land receive a preferential land value. Land is assessed according to its current use and not according to its market value, resulting in a reduced assessed value of the land and thereby reducing the taxes. Lower assessments are given for land that is devoted to farm or woodland uses. For fiscal year 2022, there were 1,541 accounts totaling 46,465 acres receiving a preferential land value of $12,267,157. The exact amount of the tax abatement is unknown because the State Department of Assessments and Taxation is unable to provide the market value and can only provide the preferential land value.

Qualified country clubs and golf courses are assessed according to their preferred use value rather than their market value per Tax Property Article§§ 8-212 - 8-218. This lower assessment results in lower taxes. For fiscal year 2022, the difference between the preferred use value and the market value reduced the assessments by $26,254,505 resulting in an abatement of $244,955 in County real property taxes.

18 Contingent Liabilities

A ***Impact Fees*** – At June 30, 2022, the primary government held impact fees accumulated for construction of schools and roads in designated districts of the County. County legislation authorizes the collection of such fees. In addition, the County has entered into impact fee agreements with developers who provide offsite improvements designed to lessen the impact of development on the immediate community. Unredeemed impact fee credits totaled $21,135,482 as of June 30, 2022.

B ***Lawsuits*** **–** A taxpayer seeks refunds of real property taxes paid for fiscal years 2013 through 2017 due to claimed fair market values below the assessed values upon which taxes were paid. The taxpayer claims it is entitled to tax refunds in the total amount of $2,850,888 in addition to interest from the dates of the various years' payments totaling $1,637,427 for a total amount claimed of $4,488,427 as of November 30, 2021, with interest accruing at $14,254 per month thereafter. On December 26, 2017, the Maryland Tax Court ruled in favor of the taxpayer. The County noted an appeal to the Circuit Court for Anne Arundel County on December 29, 2017. On August 9, 2019, the Circuit Court ruled in favor of the taxpayer. The County noted an appeal to the Court of Special Appeals on September 5, 2019. On November 2, 2021, the Court of Special Appeals issued an opinion in favor of the taxpayer. The County made payment to the taxpayer in fiscal year 2022.

The claimants' son was a disabled 17-year old special education student in Anne Arundel County Public Schools. On November 5, 2019, it is alleged that he ingested and choked on a latex glove while at school. He died on November 10, 2019. Suit was filed against the Board of Education for Anne Arundel County on January 25, 2021. After protracted litigation, the case was settled with the County's Self-Insurance Fund paying $2.5 million to the claimants in June 2022.

An action for declaratory judgment and breach of contract was filed by a contractor for curbside trash, recycling, and yard waste against the County in October 2021. Plaintiff claimed that contractual provisions characterized as performance deductions were invalid contractual penalties. Plaintiff further claimed that more than $600,000 was withheld owed to it and that the County breached its contract by refusing to pay the Plaintiff in full for the work that it performed. The case was settled in June 2022 for $800,000.

A developer appealed the decision of the County Planning and Zoning Officer denying its request for transportation impact fee credits of approximately $554,000 in connection with its development project. The County contended that the developer was not entitled to impact fee credits. The case was appealed to the Board of Appeals, the Circuit Court for Anne Arundel County, the Court of Special Appeals, and finally the Court of Appeals, the highest court in Maryland. The Court of Appeals found in favor of the developer on July 7, 2022. The County made payment to the developer in December 2022.

The claimant contractor was the successful bidder on a public works contract for a road resurfacing project in the County. Pursuant to the contract, the contractor asserted claims for additional compensation above its contract price. The County considered the claims and approved compensation for change orders and the retainage release. In October 2022, the County denied the contractor's claim for delay damages of $1,400,000 which the contractor claims was caused by the County's construction manager. The contractor may appeal the denial of its claim pursuant to the terms of the contract.

The claimant contractor was the successful bidder of a public works contract for construction of a County fire station. During performance, the contractor asserted claims for additional compensation for change orders related to rolling doors, ceramic tiles, and gas heater relocation totaling approximately $750,000. The fire station opened in October 2022. The parties have resolved some of the change orders, but the contractor is seeking additional review of the denials under the terms of the contract.

The County is an interested party in various legal proceedings that normally occur in governmental operations, including various tort and contract suits, suits alleging violations of individual rights, and matters involving claims relating to land development, property damage, personal injury, employee liability, and workers' compensation. With respect to such claims or matters for which reserves have not yet been funded, excluding the matters set forth immediately above, in the judgment of the County Attorney, the aggregate expected liability of the County will not exceed $2,000,000, not including workers' compensation claims.

C ***Federal Financial Assistance*** - The County receives significant financial assistance from the U.S. Government. Entitlement to the resources is generally conditioned upon compliance with terms and conditions of the grant agreements and applicable Federal regulations, including the expenditure of the resources for eligible purposes. Substantially all grants are subject to financial and compliance audits. Any disallowances as a result of these audits become a liability of the fund that received the grants. As of June 30, 2022, the County estimates that no material liabilities will result from such audits.

D ***Payroll*** - In 2018, the Office of Personnel discovered that certain overtime wage calculations for certain County employees were performed incorrectly by the County's payroll contractor in past years. The County engaged financial professionals to determine the amount of those miscalculations. The original estimated liability of $3.0 million was accrued in fiscal year 2020. Payments were issued against this liability throughout the fiscal year, leaving a balance of $106,297 which was paid in full on September 30, 2021.

Notes to Schedule:

1 Source is actuarial data based on preliminary financials. The differences between this schedule and the final combining statement of changes in fiduciary net position on page 14 are considered immaterial.

2 This schedule is presented to illustrate the requirement to show information for 10 years. However, until 10-year trend is compiled, pension plans should present information for those years for which data is available.

3 There are no benefit changes reflected in the current schedule.

4 For FY 2020, the salary scale and retirement rates were updated to reflect the new County pay scale. For 2021, the discount rate / investment rate of return was lowered from 7.45% to 7.00%.

5 Full descriptions of the actuarial assumptions are available in the January 1, 2021 actuarial valuation report.

6 Covered Payroll does not include pay for members in DROP.

Notes:

1) Covered payroll for 2014 has been changed to reflect the new GASB language.

2) Methods and assumptions listed below are used by the actuary to determine contribution rates:

Actuarial cost method	*Projected Unit Credit*
Amortization method	*Level percentage of payroll, closed, increasing 3.0% per year.*
Remaining amortization	*Periods range from 13 to 22 years. Starting with new bases in 2018, assumption changes and gains and losses are amortized over 20 years and Plan changes are amortized over the average future service of the active population at the time of the change.*
Asset valuation method	*5-year smoothed market.*
Inflation	*3.00%*
Salary increases	*Rates vary by participant age.*
Investment rate of return	*7.00% Net of pension plan investment expense, including inflation.*
Retirement age	*Rates vary by participant age and service.*
Mortality	*RP-2014 Blue Collar Mortality Table for males and females projected generationally using scale MP-2018. A nine-year set forward is used for post-disability mortality.*

County's proportionate share of the net pension liability as a percentage of its covered payroll	36.47%	21.35%	21.55%	20.46%	19.82%	19.21%	14.72%	12.69%
Plan fiduciary net position as a percentage of the total pension liability	81.84%	70.72%	72.34%	71.18%	69.38%	65.79%	68.78%	71.87%

Notes:

1 *This schedule is presented to illustrate the requirement to show information for 10 years. However, until 10-year trend is compiled, pension plans should present information for those years for which the data is available.*

2 *There are no benefit changes reflected in the current schedule.*

3 *Changes in Assumptions to the Maryland State Retirement and Pension Syst updated 8/23/22*
Adjustments to the roll-forward liabilities were made to reflect the following assumptions in June 2014 valuation.
--Inflation assumption changed from 2.60% to 2.65%.

4 *Methods and Assumptions Used in Calculation sof Actuarially Determined Contributions:*

Actuarial	*Entry Age Normal*
Amortizaton Method	*Level Percentage of Payroll, Closed*
Remaining Amortization Period	*25 years for State system*
Asset Valutaion Method	*5-year smoothed market (max. 120% and min. 80% of the market value)*
Inflation	*2.60% general, 3.10% wage*
Salary Increases	*3.10% to11.60% including inflation*
Investment Rate of Return	*7.40%*
Retirement Age	*Experienced-based table of rates that are specific to the type of eligibility condition. Last updated for 2019 valuation pursuant to an experience study of the 2014-2018 period.*
Mortality	*Public Sector 2010 Mortality Tables calibrated to MSRPS experience with generational projections using MP-2018 (2-dimesional) mortality improvement scale.*

Schedule of County Contributions to State Municipal Pool Withdrawn Personnel

For the Last Ten Years Ended June 30

	2022	2021	2020	2019	2018	2017	2016	2015	2014	2013
Actuarially determined contribution	$ -	$ -	$ 2,366,721	$ 2,254,020	$ 2,146,686	$ 2,044,464	$ 1,947,108	$ 1,854,389	$ 1,766,098	$ 1,681,986
Contributions in relation to the actuarially determined contribution	-	-	2,366,721	2,254,020	2,146,686	2,044,464	1,947,108	1,854,389	1,766,098	1,681,986
Contribution deficiency	$ -	$ -	$ -	$ -	$ -	$ -	$ -	$ -	$ -	$ -
Covered payroll	NMF	NMF	NMF	NMF	NMF	NMF	NMF	NMF	NMF	NMF
Contributions as a percentage of covered payroll	NMF	NMF	NMF	NMF	NMF	NMF	NMF	NMF	NMF	NMF

Notes:

1) Not a meaningful figure (NMF). The contribution is based on a contract with the State of Maryland for actuarial liability as of 1986, not on active employees.

2) The County's annual contribution is determined by an actuarially calculation based on a 40-year contract established to fund the liability for withdrawn participants.

3) All participants are retired, making the relation between the covered payroll and the contribution meaningless.

4) Methods and assumptions used to determine contribution rates:

Actuarial cost method	*Entry Age Normal.*
Amortization method	*Level percentage of payroll, closed.*
Remaining amortization period	*25 years for State System.*
Asset valuation method	*Five-year smoothed market (max. 120% amd min. 80% of the market value).*
Inflation	*2.6% general, 3.1% wage*
Salary increases	*Projected salary increases of 3.1% compounded annually, attributable to seniority and merit.*
Investment rate of return:	*7.4%*
Retirement age	*Experience-based table of rates that are specific to the type of eligibility condition. Last updated for 2019 valuation pursuant to an experience study of the 2014-2018 period.*
Mortality	*Public Sector 2010 Mortality Tables calibrated to MSRPS experience with generational projections using MP-2018 (2-dimesional) mortality improvement scale.*

Notes:

Valuation date:

Actuarially determined contribution rates are calculated as of July 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Open group Projected Unit Credit: Prorated to assumed benefit commencement/retirement date.
ADC determination methodology	20-year target period to reach the goal level (90% Funding Target).
Asset valuation method	Market value of assets.
Inflation	2.40%
Healthcare cost trend rates	The trend is 5.20% for 2022 and 5.30% for 2021. The ultimate trend is 3.90%. The rates vary significantly throughout the projections.
Payroll increases	3.00%
Investment rate of return	6.30% The long-term expected return on assets is based on trust assets.
Decrement assumptions	The retirement decrement is assumed to commence once a participant reaches earliest retirement eligibility.
Mortality	(1) Healthy uses SOA RPH-2014 adjusted to 2006 Blue Collar Headcount-weighted Mortality: MP-2018 Base Year 2006 Fully Generational. (2) Disabled - General County employees uses SOA RP-2014 adjusted to 2006 Blue Collar Mortality with Scale MP-2018 (set forward 9 years). (3) Disabled - Uniformed services employees (Police, Firefighters, and Correctional facilities) uses SOA RP-2014 adjusted to 2006 Blue Collar Mortality with Scale MP-2018 (set forward 5 years).

Notes:

Valuation date

Actuarially determined contribution rates are calculated as of July 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Open group Projected Unit Credit: Prorated to assumed benefit commencement/retirement date.
ADC determination methodology	20-year target period to reach the goal level (90% Funding Target).
Asset valuation method	Market value of assets.
Inflation	2.40%
Healthcare cost trend rates	The trend is 5.20% for 2022 and 5.30% for 2021. The ultimate trend is 3.90%. The rates vary significantly throughout the projections.
Payroll increases	3.00%
Investment rate of return	6.30% The long-term expected return on assets is based on trust assets.
Decrement assumptions	Decrement assumptions for retirement, termination, and disability were based on those used for the State Retirement and Pension System of Maryland because Community College employees participate in the Maryland State Pension System.
Mortality	(1) Healthy uses SOA Public Sector – Teachers based on headcount – with Scale MP – 2020. (2) Disabled uses RP 2014 Disabled Mortality Table (set forward 1 year for Males).

Notes:

Valuation date

Actuarially determined contribution rates were calculated as of June 30, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Projected Unit Credit: Prorated to assumed benefit commencement/retirement date.
ADC determination methodology	20-year target period to reach the goal level (90% Funding Target)
Asset valuation method	Market value of assets.
Inflation	2.40%
Healthcare cost trend rates	The trend is 5.20% for 2022 and 5.30% for 2021. The ultimate trend is 3.90%. The rates vary significantly throughout the projections.
Payroll increases	3.00%
Investment rate of return	6.30% The long-term expected return on assets is based on trust assets.
Decrement assumptions.	The retirement decrement is assumed to commence once a participant reaches earliest retirement eligibility and vary by employee type.
Mortality	(1) Healthy uses SOA RPH-2014 adjusted to 2006 Blue Collar Headcount- weighted Mortality: MP-2018 Base Year 2006 Fully Generational.
	(2) Disabled uses SOA RP-2014 adjusted to 2006 Blue Collar Mortality with Scale MP-2018 (set forward 9 years).

County's net pension liability as a percentage of covered payroll	n/a	n/a	n/a	n/a	n/a	n/a	
Expected average remaining service years of all participants	9	9	9	11	11	11	

Notes:

1) Information for fiscal year 2015 and earlier not available.

2) Theres are no assets accumulated in a trust to pay the related benefits. All benefits are paid on a pay-as -you-go basis.

3) Benefit changes:

Effective 1/1/2017, the benefit changed from $250/month to a tiered system based on service. The benefits for all future retirees (and some current retirees) will be $300/month - $400/month. This benefit change has been reflected as of the December 31, 2016 measurement date.

4) Changes of assumptions:

Discount rate changed from 2.00% to 1.84% in 2021, from 2.75% to 2.00% in 2020, from 3.71% to 2.75% in 2019, from 3.31% to 3.71% in 2018 and from 3.78% to 3.31% in 2017. Mortaility changed to SOA RP-2014 Mortality Table Adjusted to 2006 Blue Collar Mortality with Scale MP-2018 from SOA RP-2014 Blue Collar Mortality Table projected from 2006 using scale MP-2015 and 1 year set forward.

2041	4,525,000	2,250,000	6,775,000
2042	4,525,000	2,250,000	6,775,000
2043	4,525,000	2,250,000	6,775,000
2044	4,525,000	2,250,000	6,775,000
2045	4,525,000	2,250,000	6,775,000
2046	4,525,000	2,250,000	6,775,000
2047	4,525,000	2,250,000	6,775,000
2048	4,525,000	2,250,000	6,775,000
2049	4,525,000	2,250,000	6,775,000
2050	4,525,000	2,250,000	6,775,000
2051	4,525,000	2,250,000	6,775,000
2052	4,525,000	2,250,000	6,775,000

The Bonds shall be issued only in fully registered form without coupons. One bond representing each maturity of each series will be issued to and registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), as registered owner of the Bonds and each such bond shall be immobilized in the custody of DTC. DTC will act as securities depository for the Bonds. Individual purchases will be made in book-entry form only, in the principal amount of $5,000 or any integral multiple thereof. Purchasers will not receive physical delivery of certificates representing their interest in the Bonds purchased. The winning bidders of the Bonds, as a condition to delivery of the Bonds, will be required to deposit the bond certificates representing each maturity of each series with DTC.

General Information

The Bonds are authorized by Section 10-203 of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2022 Supplement), the Charter of Anne Arundel County, Maryland (the "County Charter") and Bill No. 58-22, passed by the County Council of the County on July 18, 2022, approved by the County Executive of the County on July 23, 2022 and effective on September 6, 2022, as amended (the "Authorizing Ordinance").

The proceeds of the CGI Bonds will be used to provide funding for general improvements. The proceeds of the Water and Sewer Bonds will be used to provide funding for water and sewer improvements.

The full faith and credit and taxing power of the County are pledged to the payment of the Bonds and of the interest to accrue thereon. Such taxing power is subject, however, to the limitation set forth in Section 710(d) of the County Charter which provides, in part that "[f]rom and after July 1, 1993, revenues derived from taxes on properties existing on the County property tax rolls at the commencement of the County fiscal year shall not increase, compared with the previous year, more than the Consumer Price Index percentage of change, or 4.5 percent, whichever is the lesser."

The sources of revenue for the payment of the principal of and interest on the Bonds are as described herein. The CGI Bonds are payable from annual appropriations of the proceeds of ad valorem taxes which the County is empowered to levy on real and personal property and certain intangible personal property

*Preliminary, subject to change.

subject to assessment for County taxation subject to the limitations set forth in Section 710(d) of the County Charter. The primary sources of payment for the Water and Sewer Bonds are the net revenues of the projects for which such bonds are to be issued, or the utilities of which they are a part, for the use and benefit of which the County has covenanted to fix and collect rates, charges and assessments sufficient to pay the costs of operation, maintenance and debt service, but if not so paid, the Water and Sewer Bonds are payable from annual appropriations of the proceeds of ad valorem taxes which the County is empowered to levy on real and personal property and certain intangible personal property subject to assessment for County taxation subject to the limitations set forth in Section 710(d) of the County Charter.

Optional Redemption

The Bonds maturing on or after October 1, 2033, are subject to redemption, at the option of the County, on or after April 1, 2033, as a whole or in part at any time, in any order of maturities, after at least 20 days' notice, at a redemption price equal to the principal amount thereof, plus accrued interest thereon to the date fixed for redemption.

Mandatory Sinking Fund Redemption

If two or more consecutive serial maturities of the Bonds are designated as a term bond, as provided below in "Bid Specifications," such term bond shall be subject to mandatory redemption in each year on the principal payment date and in the entire amount of each serial maturity designated for inclusion in such term bond.

Electronic Bids

Notice is hereby given that proposals will be received via BiDCOMP/Parity Competitive Bidding System, in the manner described below, until 10:45 a.m., local Baltimore, Maryland time, on Thursday, April 13, 2023, but no bid will be received after the time for receiving bids specified above.

All prospective bidders must be contracted customers of BiDCOMP/Parity Competitive Bidding System. If you do not have a contract with BiDCOMP, call (212) 849-5021 to become a customer. By submitting a bid for the Bonds, a prospective bidder represents and warrants to the County that (i) it has an established industry reputation for underwriting new issuances of municipal bonds; and (ii) such bidder's bid for the purchase of the Bonds (if a bid is submitted in connection with the sale) is submitted for and on behalf of such prospective bidder by an officer or agent who is duly authorized to bind the prospective bidder to a legal, valid and enforceable contract for the purchase of the Bonds.

If any provisions of this Official Notice of Sale shall conflict with information provided by BiDCOMP/Parity as approved provider of electronic bidding services, this Official Notice of Sale shall control. Further information about BiDCOMP/Parity, including any fee charged, may be obtained from BiDCOMP/Parity at (212) 849-5021.

Disclaimer

Each prospective bidder shall be solely responsible to register to bid via BiDCOMP/Parity. Each qualified prospective bidder shall be solely responsible to make necessary arrangements to access BiDCOMP/Parity for purposes of submitting its bid in a timely manner and in compliance with the requirements of this Official Notice of Sale. Neither the County nor BiDCOMP/Parity shall have any duty or obligation to undertake such registration to bid for any prospective bidder or to provide or assure such access to any qualified prospective bidder, and neither the County nor BiDCOMP/Parity shall be responsible for a bidder's failure to register to bid or for proper operation of, or have any liability for any delays or interruptions of, or any damages caused by BiDCOMP/Parity. The County is using BiDCOMP/Parity as a communication mechanism, and not as the County's agent, to conduct the electronic bidding for the Bonds. The County is not bound by any advice and determination of BiDCOMP/Parity to the effect that any particular bid complies with the terms of this Official Notice of Sale and in particular the "Bid Specifications" hereinafter set forth. All costs and expenses incurred by prospective bidders in connection with their registration and submission of bids via BiDCOMP/Parity are the sole responsibility of the bidders; and the County is not responsible, directly or indirectly, for any such costs or expenses. If a prospective bidder encounters any difficulty in registering to bid or submitting, modifying or withdrawing a bid for the Bonds, it should telephone BiDCOMP/Parity and notify the County's Financial Advisor, Public Resources Advisory Group, Inc., by email message to Monika Conley, mconley@pragadvisors.com.

Bidding Procedures

Bids must be submitted for the purchase of the Bonds (all or none) via BiDCOMP/Parity. Bids will be communicated electronically to the County at 10:45 a.m., local Baltimore, Maryland time, on Thursday, April 13, 2023. Prior to that time, a prospective bidder may input and save proposed terms of its bid in BiDCOMP. Once the final bid has been saved in BiDCOMP, the bidder may select the final bid button in BiDCOMP to submit the bid to BiDCOMP/Parity. Once the bids are communicated electronically via BiDCOMP/Parity to the County, each bid will constitute an irrevocable offer to purchase the Bonds on the terms therein provided. For purposes of the bidding process, the time as maintained on BiDCOMP shall constitute the official time. For information purposes only, bidders are requested to state in their bids the true interest cost to the County, as described under "Award of Bonds" below, represented by the rate or rates of interest and the bid price specified in their respective bids.

No bids will be accepted in written form, by facsimile transmission or in any other medium or on any system other than by via BiDCOMP. No bid will be received after the time for receiving such bids specified above.

Good Faith Deposit

A good faith deposit in the amount of $2,033,450 (the "Deposit") is required in connection with the sale and bid for the Bonds. The Deposit shall be provided for by a federal funds wire transfer to be submitted to the County by the successful bidder not later than 4:00 p.m. (local Baltimore, Maryland time) on the date of sale (the "Wire Transfer Deadline") as set forth below.

The Deposit of the successful bidder will be collected and the proceeds thereof retained by the County to be applied in partial payment for the Bonds and no interest will be allowed or paid upon the amount thereof, but in the event the successful bidder shall fail to comply with the terms of the respective bid, the proceeds thereof will be retained as and for full liquidated damages.

The County will distribute wiring instructions for the Deposit to the successful bidder upon verification of the bids submitted by the bidder and prior to the Wire Transfer Deadline. If the Deposit is not received by the Wire Transfer Deadline, the award of the sale of the Bonds to the successful bidder may be cancelled by the County in its discretion without any financial liability of the County to the successful bidder or any limitation whatsoever on the County's right to sell the Bonds to a different purchaser upon such terms and conditions as the County shall deem appropriate.

Bid Specifications

Bidders shall state in their proposals a price for the Bonds that is not less than 100% of the aggregate par value of the Bonds. Bidders shall also state in their proposals the rate or rates of interest to be paid on the Bonds, on which rates their proposals are based and submitted. The rates so named must be in multiples of 1/8 or 1/20 of 1% and may not exceed 5% for any single maturity. Each bidder must specify in its bid a single interest rate for each maturity of the Bonds. A zero rate cannot be named for any maturity. Interest rate for Bonds maturing in years 2033 through 2047, inclusive, shall be 5%. Interest rate for Bonds maturing in years 2048 through 2052, inclusive, shall be no less than 4%. Bidders may designate in their proposal two or more consecutive annual principal payments of the Bonds as a term bond, which matures on the maturity date of the last annual principal payment of the sequence. Any term bond so designated shall be subject to mandatory sinking fund redemption for each series of the Bonds in each year on the principal payment date and in the entire principal amount for each annual principal payment designated for inclusion in such term bond. There is no limitation on the number of term bonds for the Bonds.

Procedures for Principal Amount Changes and Other Changes to Official Notice of Sale

The preliminary aggregate principal amount of the Bonds and the preliminary principal amount of each annual payment on the Bonds as set forth in this Official Notice of Sale (the "Preliminary Aggregate Principal Amount" and the "Preliminary Annual Principal Amount," respectively; collectively the "Preliminary Amounts") may be revised before the receipt and opening of the bids for their purchase. **ANY SUCH REVISIONS** (the "Revised Aggregate Principal Amount" and the "Revised Annual Principal Amount," respectively; collectively, the "Revised Amounts") **WILL BE PUBLISHED ON THE MUNICIPAL MARKET MONITOR ("TM3") SERVICES OF THOMSON REUTERS GLOBAL MARKETS, INC. (**www.tm3.com**) NOT LATER THAN 9:45 A.M. (LOCAL BALTIMORE, MARYLAND TIME) ON THE ANNOUNCED DATE FOR RECEIPT OF BIDS.** In the event that no such revisions are made, the Preliminary Amounts will constitute the Revised Amounts. Bidders shall submit bids based on the Revised Amounts and the Revised Amounts will be used to compare bids and select a winning bidder.

Award of Bonds

As promptly as reasonably possible after the bids are received, the Designated Officer will notify the bidder to whom the Bonds will be awarded, if and when such award is made, and such bidder, upon such notice, shall advise the Designated Officer of the initial offering prices to the public of each maturity of the Bonds (the "Initial Offering Prices"). Such Initial Offering Prices, among other things, will be used by the County to calculate the final aggregate principal amount of the Bonds and the final principal amount of each annual payment on the Bonds of each series (the "Final Aggregate Principal Amount" and the "Final Annual Principal Amount," respectively; collectively, the "Final Amounts"). In determining the Final Amounts, the County expects that the Revised Amounts will be changed as necessary to effect the greatest economic advantage, or to accommodate other objectives of the County, but the County will not reduce or increase the Revised Aggregate Principal Amount of the Bonds by more than 10% from the amount bid upon for each series. **THE SUCCESSFUL BIDDER MAY NOT WITHDRAW ITS BID OR CHANGE THE INTEREST RATES BID OR THE INITIAL REOFFERING PRICES AS A RESULT OF ANY CHANGES MADE TO THE REVISED AMOUNTS WITHIN THESE LIMITS.** The dollar amount bid by the successful bidder will be adjusted to reflect any adjustments in the aggregate principal amount of the Bonds. Such adjusted bid price will reflect changes in the dollar amount of the underwriter's discount and original issue discount/premium, if any, but will not change the underwriter's discount per $1,000 of par amount of bonds from the underwriter's discount that would have been received based on the purchase price in the winning bid and the initial public offering prices for the Bonds. The interest rates specified by the successful bidder for each maturity of each series in its bid for the Bonds will not change. **ALL BIDS SHALL REMAIN FIRM FOR FIVE (5) HOURS AFTER THE TIME SPECIFIED FOR THE OPENING OF THE BIDS.** An award of the Bonds, if made, will be made by the Designated Officer within such five (5) hour period of time. The Final Amounts will be communicated to the successful bidder as soon as possible, but not later than 3:00 p.m. the day after awarding the Bonds.

The award, if made, will be made as promptly as possible after the bids are opened to the bidder naming the lowest true interest cost for all the Bonds in any legally acceptable proposal. The lowest true interest cost will be determined with respect to each proposal by doubling the semiannual interest rate, compounded semiannually, necessary to discount the debt service payments to the date of the Bonds and to the price bid. Each bidder shall include in its bid a statement of the true interest cost offered in its bid, but this statement shall not be deemed to be part of the bid. Where the proposals of two or more bidders result in the same lowest true interest cost, the Bonds shall be awarded to one of such bidders based upon which bid was received first.

THE RIGHT IS RESERVED TO THE DESIGNATED OFFICER TO REJECT ANY OR ALL PROPOSALS AND TO WAIVE ANY IRREGULARITIES IN ANY OF THE PROPOSALS. The judgment of the Designated Officer shall be final and binding upon all bidders with respect to the form and adequacy of any proposal received and as to its conformity to the terms of this Official Notice of Sale.

Issue Price Determination

The County expects and intends that the bid for the Bonds will satisfy the federal tax requirements for a qualified competitive sale of bonds, including, among other things, receipt of bids for the Bonds from at least three underwriters, who have established industry reputations for underwriting new issuances of municipal bonds (a "Qualified Competitive Bid"). The Designated Officer will advise the successful bidder as promptly as possible after the bids are opened whether the bid constitutes a Qualified Competitive Bid, or, in the alternative, a bid that fails to satisfy such requirements (a "Nonqualified Competitive Bid").

If the bid is a Qualified Competitive Bid, as promptly as possible after the bids are opened, the Designated Officer, will notify the successful bidder, and such bidder, upon such notice, shall advise the Designated Officer, of the reasonably expected Initial Offering Price, as applicable, of each maturity of each series of the Bonds. In addition, the winning bidder shall be required to provide to the County information to establish the initial expected offering prices for each maturity of each series of the Bonds for federal income tax purposes by completing a certificate acceptable to Bond Counsel to the County, on or before the date of issuance of the Bonds, substantially in the form set forth in Appendix E to the Preliminary Official Statement, with appropriate completions, amendments and attachments.

If the bid is a Nonqualified Competitive Bid, as promptly as possible after the bids are opened, the Designated Officer, will notify the successful bidder, and such bidder, upon such notice, shall advise the Designated Officer, of the initial sale price or Initial Offering Price, as applicable, of each maturity of each series of the Bonds. In addition, the winning bidder shall be required to provide to the County information and assurances to establish the initial sale price or the initial offering price to the public, as applicable, for each maturity of each series of the Bonds for federal income tax purposes by completing a certification acceptable to Bond Counsel in substantially the form set forth in Appendix F to the Preliminary Official Statement, with appropriate completions, omissions and attachments. **It is noted that procedures for a Nonqualified Competitive Bid may require the winning bidder and, if applicable, other underwriters of the Bonds, to hold the initial offering prices for certain maturities of a series of the Bonds for up to five business days after the sale date, as further specified in the form of such certification.**

Legal Opinions

The Bonds of each series described above will be issued and sold subject to approval as to legality by McKennon Shelton & Henn LLP of Baltimore, Maryland, Bond Counsel. Copies of the approving opinions of McKennon Shelton & Henn LLP will be delivered, upon request, to the purchaser or purchasers of the Bonds, without charge. Such opinions shall be substantially in the form included in Appendix C to the Preliminary Official Statement referred to below.

Continuing Disclosure

In order to assist bidder in complying with SEC Rule 15c2-12(b)(5), the County will execute and deliver a continuing disclosure agreement on or before the date of issuance of the Bonds pursuant to which it will undertake to provide or cause to be provided certain information annually and notices of certain events. A form of this agreement is set forth in the Preliminary Official Statement and will also be set forth in the Official Statement.

Delivery of the Bonds

When delivered, one bond representing each maturity of each series of Bonds shall be duly executed and authenticated and registered in the name of Cede & Co., as nominee of DTC, as registered owner of bonds.

It is anticipated that CUSIP identification numbers will be printed on the Bonds, but neither the failure to print any such number on any bond nor any error with respect thereto shall constitute cause for a failure or refusal by the successful bidder to accept delivery of and pay for the Bonds in accordance with the terms of this Notice of Sale. Public Resources Advisory Group (the "Financial Advisor") will timely apply for CUSIP numbers with respect to the Bonds as required by MSRB Rule G-34. All expenses in relation to the printing of the CUSIP identification numbers on the Bonds shall be paid by the County. However, the CUSIP Global Services charge for the assignment of such numbers shall be the responsibility of and shall be paid by the successful bidder.

THE CGI BONDS AND THE WATER AND SEWER BONDS WILL EACH REQUIRE A SEPARATE SERIES OF CUSIP NUMBERS.

Not later than seven business days after the date of sale, the County will deliver to the successful bidder an Official Statement, which is expected to be substantially in the form of the Preliminary Official Statement referred to below. If so requested by the purchaser at or before the close of business on the date of the sale, the County will include in the Official Statement such pricing and other information with respect to the terms of the reoffering of the Bonds by the successful bidder ("Reoffering Information"), if any, as may be specified and furnished in writing by such bidder. If no Reoffering Information is specified and furnished by the successful bidder, the Official Statement will include the interest rates on the Bonds resulting from the bid of the successful bidder and the other statements with respect to reoffering contained in the Preliminary Official Statement. The successful bidder shall be responsible to the County and its officials for the Reoffering Information, and for all decisions made by such bidder with respect to the use or omission of the Reoffering Information in any reoffering of the Bonds, including the presentation or exclusion of any Reoffering Information in any documents, including the Official Statement. The successful bidder will also be furnished, without cost, with copies of the Official Statement (and any amendments or supplements thereto) in such quantities as shall reasonably be requested by the successful bidder to allow the successful bidder to comply with the application rules of the Municipal Securities Rulemaking Board.

Delivery of the Bonds, without expense, will be made by the Designated Officer to DTC on or about April 27, 2023, or as soon as practicable thereafter, and, thereupon, the purchaser or purchasers will be required to accept delivery of the Bonds purchased and pay, in Federal funds, the balance of the purchase price due. Such bonds will be accompanied by the customary closing documents, including a no-litigation certificate, effective as of the date of delivery, stating that there is no litigation pending affecting the validity of the bonds in this issue. It shall be a condition to the obligation of such purchaser or purchasers to accept delivery of and pay for the bonds that, simultaneously with or before delivery and payment for the bonds, such purchaser or purchasers shall be furnished a certificate or certificates of authorized officers of the

County to the effect that, to the best of their knowledge and belief, the Official Statement and any amendment or supplement thereto (except for the Reoffering Information provided by the purchaser and information regarding DTC and DTC's book-entry system provided by DTC, as to which no view will be expressed), as of the date of sale and as of the date of delivery of the bonds, does not contain any untrue statement of a material fact and does not omit to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, and that between the date of sale and the date of delivery of the bonds there has been no material adverse change in the financial position or revenues of the County, except as reflected or contemplated in the Official Statement.

Postponement of Sale

The County reserves the right to postpone the date established for the receipt of bids at any time before the bids are open. In the event of a postponement, the new date and time of sale will be announced on TM3. Prospective bidders may request notification by email transmission of any such changes in the date or time for the receipt of bids by so advising, and furnishing their email addresses to Public Resources Advisory Group, Inc., attention Monika Conley at (917) 749-2426, mconley@pragadvisors.com, by 12 Noon, Baltimore, Maryland time, on the day prior to the announced date for receipt of bids. Any new date and time of sale will be announced at least 24 hours prior to the time proposals are to be submitted. On any such alternative sale date, bidders may submit bids for the purchase of the Bonds in conformity with the provisions of this Official Notice of Sale, except for any changes to this Official Notice of Sale, the change of the date of sale and the changes described in the next sentence. If the date fixed for receipt of bids is postponed, the expected date of delivery of Bonds also may be postponed; if the sale is postponed to a later date, then the date of the Bonds, the dates of the semiannual interest payments and annual principal payments, and the optional redemption dates also may be changed. Such changes, if any, will be announced via TM3 at the time any alternative sale date is announced.

The Preliminary Official Statement, together with this Official Notice of Sale, may be accessed via the internet at www.I-Dealprospectus.com. It may also be obtained from the Office of Finance, Anne Arundel County, Arundel Center, 44 Calvert Street, Annapolis, Maryland 21404 (410-222-1781) or from the County's financial advisor, Public Resources Advisory Group, Inc., 39 Broadway, 12th Floor, New York, New York 10006 (212-566-7800 or 917-749-2426). Such Preliminary Official Statement is deemed final by the County as of its date for purposes of SEC Rule 15c2-12, but is subject to revision, amendment and completion in the Official Statement referred to above.

ANNE ARUNDEL COUNTY, MARYLAND
By: Steuart Pittman
County Executive

ANNE ARUNDEL COUNTY, MARYLAND

OFFICIAL NOTICE OF SALE OF

$63,670,000*
GENERAL OBLIGATION BONDS

Consisting of

$41,405,000* Consolidated General Improvements Series, 2023 Refunding Series
$22,265,000* Consolidated Water and Sewer Series, 2023 Refunding Series

Dated Date of Delivery

ELECTRONIC BIDS, via BiDCOMP/PARITY Competitive Bidding System (BiDCOMP/Parity) only, will be received until **11:15 A.M., LOCAL BALTIMORE, MARYLAND, TIME ON THURSDAY, APRIL 13, 2023,** by the Chief Administrative Officer of Anne Arundel County, Maryland (the "County"), or other officer of the County designated by the County Executive of the County (the "County Executive") (either such officer being the "Designated Officer"), for the purchase of the general obligation bonds of the County, aggregating $63,670,000* and consisting of $41,405,000* Consolidated General Improvements Series, 2023 Refunding Series (the "CGI Bonds") and $22,265,000* Consolidated Water and Sewer Series, 2023 Refunding Series (the "Water and Sewer Bonds" with the CGI Bonds, the "Bonds"), all dated the date of delivery, and bearing interest payable October 1, 2023, and semiannually thereafter on each April 1 and October 1 until maturity or prior redemption as hereinafter set forth.

The Bonds will mature, subject to prior redemption as hereinafter set forth, on April 1 in the following years and in the following aggregate amounts, subject to aggregation of two or more consecutive serial maturities of the Bonds as term bonds, as provided below in "Bid Specifications."

Years of Maturity	CGI Bonds*	Water and Sewer Bonds*	Total
2024	$4,340,000	$1,155,000	$5,495,000
2025	4,175,000	1,085,000	5,260,000
2026	4,200,000	1,085,000	5,285,000
2027	4,175,000	1,090,000	5,265,000
2028	4,150,000	1,095,000	5,245,000
2029	4,130,000	1,100,000	5,230,000
2030	4,100,000	1,100,000	5,200,000
2031	4,075,000	1,105,000	5,180,000
2032	4,045,000	1,110,000	5,155,000
2033	4,015,000	1,115,000	5,130,000
2034		1,120,000	1,120,000
2035		1,120,000	1,120,000
2036		1,120,000	1,120,000
2037		1,125,000	1,125,000
2038		1,125,000	1,125,000

*Preliminary, subject to change.

Years of Maturity	CGI Bonds*	Water and Sewer Bonds*	Total
2039		$1,125,000	$1,125,000
2040		1,125,000	1,125,000
2041		1,125,000	1,125,000
2042		1,120,000	1,120,000
2043		1,120,000	1,120,000

The Bonds shall be issued only in fully registered form without coupons. One bond representing each maturity of each series will be issued to and registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), as registered owner of the Bonds and each such bond shall be immobilized in the custody of DTC. DTC will act as securities depository for the Bonds. Individual purchases will be made in book-entry form only, in the principal amount of $5,000 or any integral multiple thereof. Purchasers will not receive physical delivery of certificates representing their interest in the Bonds purchased. The winning bidders of the Bonds, as a condition to delivery of the Bonds, will be required to deposit the bond certificates representing each maturity of each series with DTC.

General Information

The Bonds are authorized by Sections 10-203 and 19-207 of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2022 Supplement), the Charter of Anne Arundel County, Maryland (the "County Charter") and Bill No. 58-22, passed by the County Council of the County on July 18, 2022, approved by the County Executive of the County on July 23, 2022 and effective on September 6, 2022, as amended (the "Authorizing Ordinance").

The proceeds of the CGI Bonds will be used to refund certain bonds of Anne Arundel County Consolidated General Improvements Series and the proceeds of the Water and Sewer Bonds will be used to refund certain bonds of the Anne Arundel County Consolidated Water and Sewer Series.

The full faith and credit and taxing power of the County are pledged to the payment of the Bonds and of the interest to accrue thereon. Such taxing power is subject, however, to the limitation set forth in Section 710(d) of the County Charter which provides, in part that "[f]rom and after July 1, 1993, revenues derived from taxes on properties existing on the County property tax rolls at the commencement of the County fiscal year shall not increase, compared with the previous year, more than the Consumer Price Index percentage of change, or 4.5 percent, whichever is the lesser."

The sources of revenue for the payment of the principal of and interest on the Bonds are as described herein. The CGI Bonds are payable from annual appropriations of the proceeds of ad valorem taxes which the County is empowered to levy on real and personal property and certain intangible personal property subject to assessment for County taxation subject to the limitations set forth in Section 710(d) of the County Charter. The primary sources of payment for the Water and Sewer Bonds are the net revenues of the projects for which such bonds are to be issued, or the utilities of which they are a part, for the use and benefit of which the County has covenanted to fix and collect rates, charges and assessments sufficient to pay the costs of operation, maintenance and debt service, but if not so paid, the Water and Sewer Bonds are payable from annual appropriations of the proceeds of ad valorem taxes which the County is empowered to levy on real and personal property and certain intangible personal property subject to assessment for County taxation subject to the limitations set forth in Section 710(d) of the County Charter.

*Preliminary, subject to change.

Optional Redemption

The CGI Bonds are not subject to optional redemption prior to their respective maturities.

The Water and Sewer Bonds maturing on or after April 1, 2034, are subject to redemption, at the option of the County, on or after April 1, 2033, as a whole or in part at any time, in any order of maturities, after at least 20 days' notice, at a redemption price equal to the principal amount thereof, plus accrued interest thereon to the date fixed for redemption.

Mandatory Sinking Fund Redemption

If two or more consecutive serial maturities of the Bonds are designated as a term bond, as provided below in "Bid Specifications," such term bond shall be subject to mandatory redemption in each year on the principal payment date and in the entire amount of each serial maturity designated for inclusion in such term bond.

Electronic Bids

Notice is hereby given that proposals will be received via BiDCOMP/Parity Competitive Bidding System, in the manner described below, until 11:15 a.m., local Baltimore, Maryland time, on Thursday, April 13, 2023, but no bid will be received after the time for receiving bids specified above.

All prospective bidders must be contracted customers of BiDCOMP/Parity Competitive Bidding System. If you do not have a contract with BiDCOMP, call (212) 849-5021 to become a customer. By submitting a bid for the Bonds, a prospective bidder represents and warrants to the County that (i) it has an established industry reputation for underwriting new issuances of municipal bonds; and (ii) such bidder's bid for the purchase of the Bonds (if a bid is submitted in connection with the sale) is submitted for and on behalf of such prospective bidder by an officer or agent who is duly authorized to bind the prospective bidder to a legal, valid and enforceable contract for the purchase of the Bonds.

If any provisions of this Official Notice of Sale shall conflict with information provided by BiDCOMP/Parity as approved provider of electronic bidding services, this Official Notice of Sale shall control. Further information about BiDCOMP/Parity, including any fee charged, may be obtained from BiDCOMP/Parity at (212) 849-5021.

Disclaimer

Each prospective bidder shall be solely responsible to register to bid via BiDCOMP/Parity. Each qualified prospective bidder shall be solely responsible to make necessary arrangements to access BiDCOMP/Parity for purposes of submitting its bid in a timely manner and in compliance with the requirements of this Official Notice of Sale. Neither the County nor BiDCOMP/Parity shall have any duty or obligation to undertake such registration to bid for any prospective bidder or to provide or assure such access to any qualified prospective bidder, and neither the County nor BiDCOMP/Parity shall be responsible for a bidder's failure to register to bid or for proper operation of, or have any liability for any delays or interruptions of, or any damages caused by BiDCOMP/Parity. The County is using BiDCOMP/Parity as a communication mechanism, and not as the County's agent, to conduct the electronic bidding for the Bonds. The County is not bound by any advice and determination of BiDCOMP/Parity to the effect that any particular bid complies with the terms of this Official Notice of Sale and in particular the "Bid Specifications" hereinafter set forth. All costs and expenses incurred by prospective bidders in connection with their registration and submission of bids via BiDCOMP/Parity are the sole responsibility of the bidders; and the County is not responsible, directly or indirectly, for any such costs or expenses. If a prospective bidder encounters any difficulty in registering to bid or submitting, modifying or withdrawing a bid for the Bonds, it should telephone BiDCOMP/Parity and notify the County's Financial Advisor, Public Resources Advisory Group, Inc., by email message to Monika Conley, mconley@pragadvisors.com.

Bidding Procedures

Bids must be submitted for the purchase of the Bonds (all or none) via BiDCOMP/Parity. Bids will be communicated electronically to the County at 11:15 a.m., local Baltimore, Maryland time, on Thursday, April 13, 2023. Prior to that time, a prospective bidder may input and save proposed terms of its bid in BiDCOMP. Once the final bid has been saved in BiDCOMP, the bidder may select the final bid button in BiDCOMP to submit the bid to BiDCOMP/Parity. Once the bids are communicated electronically via BiDCOMP/Parity to the County, each bid will constitute an irrevocable offer to purchase the Bonds on the terms therein provided. For purposes of the bidding process, the time as maintained on BiDCOMP shall constitute the official time. For information purposes only, bidders are requested to state in their bids the true interest cost to the County, as described under "Award of Bonds" below, represented by the rate or rates of interest and the bid price specified in their respective bids.

No bids will be accepted in written form, by facsimile transmission or in any other medium or on any system other than by via BiDCOMP. No bid will be received after the time for receiving such bids specified above.

Good Faith Deposit

A good faith deposit in the amount of $636,700 (the "Deposit") is required in connection with the sale and bid for the Bonds. The Deposit shall be provided for by a federal funds wire transfer to be submitted to the County by the successful bidder not later than 4:00 p.m. (local Baltimore, Maryland time) on the date of sale (the "Wire Transfer Deadline") as set forth below.

The Deposit of the successful bidder will be collected and the proceeds thereof retained by the County to be applied in partial payment for the Bonds and no interest will be allowed or paid upon the amount thereof, but in the event the successful bidder shall fail to comply with the terms of the respective bid, the proceeds thereof will be retained as and for full liquidated damages.

The County will distribute wiring instructions for the Deposit to the successful bidder upon verification of the bids submitted by the bidder and prior to the Wire Transfer Deadline. If the Deposit is not received by the Wire Transfer Deadline, the award of the sale of the Bonds to the successful bidder may be cancelled by the County in its discretion without any financial liability of the County to the successful bidder or any limitation whatsoever on the County's right to sell the Bonds to a different purchaser upon such terms and conditions as the County shall deem appropriate.

Bid Specifications

Bidders shall state in their proposals a price for the Bonds that is not less than 100% of the aggregate par value of the Bonds. Bidders shall also state in their proposals the rate or rates of interest to be paid on the Bonds, on which rate or rates their proposals are based and submitted. The rates so named must be in multiples of 1/8 or 1/20 of 1% and may not exceed 5% for any single maturity provided, however, that the rate of interest on each maturity of the Bonds maturing in years 2034 through 2043, inclusive, shall be 5% per annum. A zero rate cannot be named for any maturity. Bidders may designate in their proposal two or more consecutive annual principal payments as a term bond for the Bonds. Any term bond so designated shall be subject to mandatory sinking fund redemption in each year on the principal payment date and in the entire principal amount for each annual principal payment designated for inclusion in such term bond. There is no limitation on the number of term bonds for the Bonds.

Procedures for Principal Amount Changes and Other Changes to Official Notice of Sale

The preliminary aggregate principal amount of the Bonds as set forth in this Official Notice of Sale (the "Preliminary Aggregate Principal Amount" and the "Preliminary Annual Principal Amount," respectively; collectively the "Preliminary Amounts") may be revised before the receipt and opening of the bids for their purchase. **ANY SUCH REVISIONS** (the "Revised Aggregate Principal Amount" and the "Revised Annual Principal Amount," respectively; collectively, the "Revised Amounts") **WILL BE PUBLISHED ON THE MUNICIPAL MARKET MONITOR ("TM3") SERVICES OF THOMSON REUTERS GLOBAL MARKETS, INC. (**www.tm3.com**) NOT LATER THAN 10:15 A.M. (LOCAL BALTIMORE, MARYLAND TIME) ON THE ANNOUNCED DATE FOR RECEIPT OF BIDS.** In the event that no such revisions are made, the Preliminary Amounts will constitute the Revised Amounts. Bidders shall submit bids based on the Revised Amounts and the Revised Amounts will be used to compare bids and select a winning bidder.

Award of Bonds

As promptly as reasonably possible after the bids are received, the Designated Officer will notify the bidder to whom the Bonds will be awarded, if and when such award is made, and such bidder, upon such notice, shall advise the Designated Officer of the initial offering prices to the public of each maturity of each series of the Bonds (the "Initial Offering Prices"). Such Initial Offering Prices, among other things, will be used by the County to calculate the final aggregate principal amount of the Bonds and the final principal amount of each annual payment on the Bonds (the "Final Aggregate Principal Amount" and the "Final Annual Principal Amount," respectively; collectively, the "Final Amounts"). In determining the Final Amounts, the County expects that the Revised Amounts will be changed as necessary to effect the greatest economic advantage, or to accommodate other objectives of the County, but the County will not reduce or increase the Revised Aggregate Principal Amount of the Bonds by more than 10% from the amount bid upon for each such series. **THE SUCCESSFUL BIDDER MAY NOT WITHDRAW ITS BID OR CHANGE THE INTEREST RATES BID OR THE INITIAL REOFFERING PRICES AS A RESULT OF ANY CHANGES MADE TO THE REVISED AMOUNTS WITHIN THESE LIMITS.** The dollar amount bid by the successful bidder will be adjusted to reflect any adjustments in the aggregate principal amount of the Bonds. Such adjusted bid price will reflect changes in the dollar amount of the underwriter's discount and original issue discount/premium, if any, but will not change the underwriter's discount per $1,000 of par amount of bonds from the underwriter's discount that would have been received based on the purchase price in the winning bid and the initial public offering prices. The interest rates specified by the successful bidder for each maturity of each series in its bid for the Bonds will not change. **ALL BIDS SHALL REMAIN FIRM FOR FIVE (5) HOURS AFTER THE TIME SPECIFIED FOR THE OPENING OF THE BIDS.** An award of the Bonds, if made, will be made by the Designated Officer within such five (5) hour period of time. The Final Amounts will be communicated to the successful bidder as soon as possible, but not later than 3:00 p.m. the day after awarding the Bonds.

The award, if made, will be made as promptly as possible after the bids are opened to the bidder naming the lowest true interest cost for all the Bonds in any legally acceptable proposal. The lowest true interest cost will be determined with respect to each proposal by doubling the semiannual interest rate, compounded semiannually, necessary to discount the debt service payments to the date of the Bonds and to the price bid. Each bidder shall include in its bid a statement of the true interest cost offered in its bid, but this statement shall not be deemed to be part of the bid. Where the proposals of two or more bidders result in the same lowest true interest cost, the Bonds shall be awarded to one of such bidders based upon which bid was received first. **THE RIGHT IS RESERVED TO THE DESIGNATED OFFICER TO**

REJECT ANY OR ALL PROPOSALS AND TO WAIVE ANY IRREGULARITIES IN ANY OF THE PROPOSALS. The judgment of the Designated Officer shall be final and binding upon all bidders with respect to the form and adequacy of any proposal received and as to its conformity to the terms of this Official Notice of Sale.

Issue Price Determination

The County expects and intends that the bid for the Bonds will satisfy the federal tax requirements for a qualified competitive sale of bonds, including, among other things, receipt of bids for the Bonds from at least three underwriters, who have established industry reputations for underwriting new issuances of municipal bonds (a "Qualified Competitive Bid"). The Designated Officer will advise the successful bidder as promptly as possible after the bids are opened whether the bid constitutes a Qualified Competitive Bid, or, in the alternative, a bid that fails to satisfy such requirements (a "Nonqualified Competitive Bid").

If the bid is a Qualified Competitive Bid, as promptly as possible after the bids are opened, the Designated Officer, will notify the successful bidder, and such bidder, upon such notice, shall advise the Designated Officer, of the reasonably expected Initial Offering Price, as applicable, of each maturity of each series of the Bonds. In addition, the winning bidder shall be required to provide to the County information to establish the initial expected offering prices for each maturity of each series of the Bonds for federal income tax purposes by completing a certificate acceptable to Bond Counsel to the County, on or before the date of issuance of the Bonds, substantially in the form set forth in Appendix E to the Preliminary Official Statement, with appropriate completions, amendments and attachments.

If the bid is a Nonqualified Competitive Bid, as promptly as possible after the bids are opened, the Designated Officer, will notify the successful bidder, and such bidder, upon such notice, shall advise the Designated Officer, of the initial sale price or Initial Offering Price, as applicable, of each maturity of each series of the Bonds. In addition, the winning bidder shall be required to provide to the County information and assurances to establish the initial sale price or the initial offering price to the public, as applicable, for each maturity of each series of the Bonds for federal income tax purposes by completing a certification acceptable to Bond Counsel in substantially the form set forth in Appendix F to the Preliminary Official Statement, with appropriate completions, omissions and attachments. **It is noted that procedures for a Nonqualified Competitive Bid may require the winning bidder and, if applicable, other underwriters of the Bonds, to hold the initial offering prices for certain maturities of a series of the Bonds for up to five business days after the sale date, as further specified in the form of such certification.**

Legal Opinions

The Bonds of each series described above will be issued and sold subject to approval as to legality by McKennon Shelton & Henn LLP of Baltimore, Maryland, Bond Counsel. Copies of the approving opinions of McKennon Shelton & Henn LLP will be delivered, upon request, to the purchaser or purchasers of the Bonds, without charge. Such opinions shall be substantially in the form included in Appendix C to the Preliminary Official Statement referred to below.

Continuing Disclosure

In order to assist bidder in complying with SEC Rule 15c2-12(b)(5), the County will execute and deliver a continuing disclosure agreement on or before the date of issuance of the Bonds pursuant to which it will undertake to provide or cause to be provided certain information annually and notices of certain events. A form of this agreement is set forth in the Preliminary Official Statement and will also be set forth in the Official Statement.

Delivery of the Bonds

When delivered, one bond representing each maturity of each series of Bonds shall be duly executed and authenticated and registered in the name of Cede & Co., as nominee of DTC, as registered owner of bonds.

It is anticipated that CUSIP identification numbers will be printed on the Bonds, but neither the failure to print any such number on any bond nor any error with respect thereto shall constitute cause for a failure or refusal by the successful bidder to accept delivery of and pay for the Bonds in accordance with the terms of this Notice of Sale. Public Resources Advisory Group (the "Financial Advisor") will timely apply for CUSIP numbers with respect to the Bonds as required by MSRB Rule G-34. All expenses in relation to the printing of the CUSIP identification numbers on the Bonds shall be paid by the County. However, the CUSIP Global Services charge for the assignment of such numbers shall be the responsibility of and shall be paid by the successful bidder.

THE CGI BONDS AND THE WATER AND SEWER BONDS WILL EACH REQUIRE A SEPARATE SERIES OF CUSIP NUMBERS.

Not later than seven business days after the date of sale, the County will deliver to the successful bidder an Official Statement, which is expected to be substantially in the form of the Preliminary Official Statement referred to below. If so requested by the purchaser or purchasers at or before the close of business on the date of the sale, the County will include in the Official Statement such pricing and other information with respect to the terms of the reoffering of the Bonds by the successful bidder ("Reoffering Information"), if any, as may be specified and furnished in writing by such bidder. If no Reoffering Information is specified and furnished by the successful bidder, the Official Statement will include the interest rates on the Bonds resulting from the bid of the successful bidder and the other statements with respect to reoffering contained in the Preliminary Official Statement. The successful bidder shall be responsible to the County and its officials for the Reoffering Information, and for all decisions made by such bidder with respect to the use or omission of the Reoffering Information in any reoffering of the Bonds, including the presentation or exclusion of any Reoffering Information in any documents, including the Official Statement. The successful bidder will also be furnished, without cost, with copies of the Official Statement (and any amendments or supplements thereto) in such quantities as shall reasonably be requested by the successful bidder to allow the successful bidder to comply with the application rules of the Municipal Securities Rulemaking Board.

Delivery of the Bonds, without expense, will be made by the Designated Officer to DTC on or about April 27, 2023, or as soon as practicable thereafter, and, thereupon, the purchaser or purchasers will be required to accept delivery of the Bonds purchased and pay, in Federal funds, the balance of the purchase price due. Such bonds will be accompanied by the customary closing documents, including a no-litigation certificate, effective as of the date of delivery, stating that there is no litigation pending affecting the validity of the bonds in this issue. It shall be a condition to the obligation of such purchaser or purchasers to accept delivery of and pay for the bonds that, simultaneously with or before delivery and payment for the bonds, such purchaser or purchasers shall be furnished a certificate or certificates of authorized officers of the County to the effect that, to the best of their knowledge and belief, the Official Statement and any amendment or supplement thereto (except for the Reoffering Information provided by the purchaser and information regarding DTC and DTC's book-entry system provided by DTC, as to which no view will be expressed), as of the date of sale and as of the date of delivery of the bonds, does not contain any untrue statement of a material fact and does not omit to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, and that between the date of sale and the date of delivery of the bonds there has been no material adverse change in the financial position or revenues of the County, except as reflected or contemplated in the Official Statement.

Postponement of Sale

The County reserves the right to postpone the date established for the receipt of bids at any time before the bids are open. In the event of a postponement, the new date and time of sale will be announced on TM3. Prospective bidders may request notification by email transmission of any such changes in the date or time for the receipt of bids by so advising, and furnishing their email addresses to Public Resources Advisory Group, Inc., attention Monika Conley at (917) 749-2426, mconley@pragadvisors.com, by 12 Noon, Baltimore, Maryland time, on the day prior to the announced date for receipt of bids. Any new date and time of sale will be announced at least 24 hours prior to the time proposals are to be submitted. On any such alternative sale date, bidders may submit bids for the purchase of the Bonds in conformity with the provisions of this Official Notice of Sale, except for any changes to this Official Notice of Sale, the change of the date of sale and the changes described in the next sentence. If the date fixed for receipt of bids is postponed, the expected date of delivery of Bonds also may be postponed; if the sale is postponed to a later date, then the date of the Bonds, the dates of the semiannual interest payments and annual principal payments, and the optional redemption dates also may be changed. Such changes, if any, will be announced via TM3 at the time any alternative sale date is announced.

The Preliminary Official Statement, together with this Official Notice of Sale, may be accessed via the internet at www.I-Dealprospectus.com. It may also be obtained from the Office of Finance, Anne Arundel County, Arundel Center, 44 Calvert Street, Annapolis, Maryland 21404 (410-222-1781) or from the County's financial advisor, Public Resources Advisory Group, Inc., 39 Broadway, 12th Floor, New York, New York 10006 (212-566-7800 or 917-749-2426). Such Preliminary Official Statement is deemed final by the County as of its date for purposes of SEC Rule 15c2-12, but is subject to revision, amendment and completion in the Official Statement referred to above.

County Executive

APPENDIX C

FORMS OF OPINIONS OF BOND COUNSEL

Consolidated General Improvements Series, 2023

[Closing Date]

County Executive and County Council
of Anne Arundel County, Maryland
Annapolis, Maryland

Dear County Executive and Council Members:

We have examined a record of proceedings relating to the issuance by Anne Arundel County, Maryland (the "County"), of $132,555,000 general obligation bonds designated "Consolidated General Improvements Series, 2023" (the "Bonds"), which are described below.

The Bonds are dated the date of delivery, with interest payable on April 1 and October 1, commencing October 1, 2023; are fully registered in form in the denomination of $5,000 each or any integral multiple thereof; are issued under the authority of Section 10-203 of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2021 Supplement) (the "Enabling Law"), the Anne Arundel County Charter (the "Charter") and Bill No. 58-22, passed by the County Council of the County on July 18, 2022, approved by the County Executive of the County on July 23, 2022 and effective on September 6, 2022, as amended (the "Ordinance"); and mature, on October 1 in each of the years 2023 to 2047, inclusive, and in the year 2052, and bear interest as follows:

Years of Maturity	Principal Amount	Interest Rate	Years of Maturity	Principal Amount	Interest Rate
2023	$4,415,000	5.00%	2036	$4,420,000	5.00%
2024	4,420,000	5.00	2037	4,420,000	5.00
2025	4,420,000	5.00	2038	4,420,000	5.00
2026	4,420,000	5.00	2039	4,420,000	5.00
2027	4,420,000	5.00	2040	4,420,000	5.00
2028	4,420,000	5.00	2041	4,420,000	5.00
2029	4,420,000	5.00	2042	4,420,000	5.00
2030	4,420,000	5.00	2043	4,420,000	5.00
2031	4,420,000	5.00	2044	4,420,000	5.00
2032	4,420,000	5.00	2045	4,415,000	5.00
2033	4,420,000	5.00	2046	4,415,000	5.00
2034	4,420,000	5.00	2047	4,415,000	5.00
2035	4,420,000	5.00			

$22,075,000 4.00% Term Bonds due October 1, 2052

The Bonds are subject to redemption in the manner and upon the terms and conditions set forth in the Bonds. The Term Bonds maturing on October 1, 2052 are subject to mandatory sinking fund redemption as set forth in the Bonds.

In rendering this opinion, we have relied without investigation on the County's Tax and Section 148 Certificate dated this date made on behalf of the County by officers thereof with respect to certain material facts within the knowledge of the County relevant to the tax-exempt status of interest on the Bonds.

With respect to the executed and authenticated bond of the issue of Bonds that we have examined, and Bonds similarly executed and authenticated and identical thereto in form except for numbers, interest rates, denominations, maturities, and under existing statutes, regulations and decisions, we are of the opinion that:

(a) The County is a validly created and existing body politic and corporate of the State of Maryland, possessing authority under the Enabling Law, the Charter and the Ordinance to issue the Bonds.

(b) The Bonds are valid and legally binding general obligations of the County to which its full faith and credit and taxing power are pledged, and for the payment of which the County is empowered and directed to levy ad valorem taxes upon all real and tangible personal property and intangible property as may be subject to assessment for County taxation; such tax levy is subject, however, to the limitation set forth in Section 710(d) of the Charter which provides, in part, that "[f]rom and after July 1, 1993, revenues derived from taxes on properties existing on the County property tax rolls at the commencement of the County fiscal year shall not increase, compared with the previous year, more than the Consumer Price Index percentage of change, or by 4.5 percent, whichever is the lesser."

(c) To provide for the payment of the principal of and interest on the Bonds, the County, by the adoption of the Ordinance, has covenanted, subject to said Section 710(d) limitation, to levy such ad valorem taxes in rate and amount sufficient for that purpose in each fiscal year in which provision must be made for the payment of such principal and interest.

(d) The Bonds, their transfer, the interest payable on them and any income derived from them, including any profit realized from their sale and exchange, shall be exempt from taxation of any kind by the State of Maryland, any of its political subdivisions, or any other public entity; no opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Bonds or the interest thereon.

(e) Assuming compliance with certain covenants described herein, interest on the Bonds is excludable from gross income for federal income tax purposes. It is noted that under the provisions of the Internal Revenue Code of 1986, as amended (the "Code"), there are certain restrictions that must be met subsequent to the delivery of the Bonds, including restrictions that must be complied with throughout the term of the bonds of the issue of bonds of which the Bonds are a part, in order that the interest thereon be excludable from gross income. These include (i) a requirement that certain investment earnings received from the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part be rebated (or that certain payments in lieu of rebate be made) to the United States of America under certain circumstances; (ii) other requirements applicable to the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part; and (iii) requirements applicable to the use of the proceeds of the bonds of the issue of bonds of which the Bonds are part and the use of the facilities financed or refinanced with such proceeds. Failure to comply with one or more of these requirements could result in the inclusion of the interest payable on the Bonds in gross income for federal income tax purposes, effective from the date of their issuance. The County has covenanted to regulate the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part and to take such other actions as may be required to maintain the excludability of interest on the Bonds from gross income for federal income tax purposes. It is our opinion that, assuming compliance with such covenants, the interest on the Bonds will remain excludable from gross income for federal income tax purposes under the provisions of the Code.

(f) Interest on the Bonds is not includable in the alternative minimum taxable income of individuals as an enumerated item of tax preference or other specific adjustment. For taxable years beginning after December 31, 2022, interest on the Bonds will be part of adjusted financial statement income, 15% of which is included in the computation of the corporate alternative minimum tax imposed on applicable corporations. Interest income on the Bonds will be subject to the branch profits tax imposed by the Code on certain foreign corporations engaged in a trade or business in the United States of America.

The opinions expressed above are limited to the matters set forth above, and no other opinions should be inferred beyond the matters expressly stated. We assume no obligation to supplement this opinion if any applicable laws or interpretations thereof change after the date hereof or if we become aware of any facts or circumstances that might change the opinions expressed herein after the date hereof.

Very truly yours,

Consolidated Water and Sewer Series, 2023

[Closing Date]

County Executive and County Council
of Anne Arundel County, Maryland
Annapolis, Maryland

Dear County Executive and Council Members:

We have examined a record of proceedings relating to the issuance by Anne Arundel County, Maryland (the "County"), of $65,855,000 general obligation bonds designated "Consolidated Water and Sewer Series, 2023" (the "Bonds"), which are described below.

The Bonds are dated the date of delivery, with interest payable April 1 and October 1, commencing October 1, 2023; are fully registered in form in the denomination of $5,000 each or any integral multiple thereof; are issued under the authority of Section 10-203 of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2021 Supplement) (the "Enabling Law"), the Anne Arundel County Charter (the "Charter") and Bill No. 58-22, passed by the County Council of the County on July 18, 2022, approved by the County Executive of the County on July 23, 2022 and effective on September 6, 2022, as amended (the "Ordinance"); and mature, on October 1 in each of the years 2023 to 2047, inclusive, and in the year 2052, and bear interest as follows:

Years of Maturity	Principal Amount	Interest Rate	Years of Maturity	Principal Amount	Interest Rate
2023	$2,195,000	5.00%	2036	$2,195,000	5.00%
2024	2,200,000	5.00	2037	2,195,000	5.00
2025	2,200,000	5.00	2038	2,195,000	5.00
2026	2,200,000	5.00	2039	2,195,000	5.00
2027	2,200,000	5.00	2040	2,195,000	5.00
2028	2,200,000	5.00	2041	2,195,000	5.00
2029	2,200,000	5.00	2042	2,195,000	5.00
2030	2,200,000	5.00	2043	2,195,000	5.00
2031	2,195,000	5.00	2044	2,195,000	5.00
2032	2,195,000	5.00	2045	2,195,000	5.00
2033	2,195,000	5.00	2046	2,195,000	5.00
2034	2,195,000	5.00	2047	2,195,000	5.00
2035	2,195,000	5.00			

$10,975,000 4.00% Term Bonds due October 1, 2052

The Bonds are subject to redemption in the manner and upon the terms and conditions set forth in the Bonds. The Term Bonds Maturing on October 1, 2052 are subject to mandatory sinking fund redemption as set forth in the Bonds.

In rendering this opinion, we have relied without investigation on the County's Tax and Section 148 Certificate dated this date made on behalf of the County by officers thereof with respect to certain material facts within the knowledge of the County relevant to the tax-exempt status of interest on the Bonds. With respect to the executed and authenticated bond of the issue of Bonds that we have examined, and Bonds similarly executed and authenticated and identical thereto in form except for numbers, interest rates, denominations, maturities, and under existing statutes, regulations and decisions, we are of the opinion that:

(a) The County is a validly created and existing body politic and corporate of the State of Maryland, possessing authority under the Enabling Law, the Charter and the Ordinance to issue the Bonds.

(b) The Bonds are valid and legally binding general obligations of the County to which its full faith and credit and taxing power are pledged, payable primarily from the net revenues and receipts of certain of its water and wastewater projects, or utilities of which they form a part, but if not so paid, are payable as to both principal and interest ultimately from ad valorem taxes, which the County is empowered to levy upon all real and tangible personal property and intangible property as may be subject to assessment for County taxation; such tax levy is subject, however, to the limitation set forth in Section 710(d) of the Charter which provides, in part, that "[f]rom and after July 1, 1993, revenues derived from taxes on properties existing on the County property tax rolls at the commencement of the County fiscal year shall not increase, compared with the previous year, more than the Consumer Price Index percentage of change, or by 4.5 percent, whichever is the lesser."

(c) To provide for the payment of the principal of and interest on the Bonds, the County, by the adoption of the Ordinance, has covenanted, subject to the above-described Section 710(d) limitation, to levy such ad valorem taxes in rate and amount sufficient for that purpose in each fiscal year in which provision must be made for the payment of such principal and interest.

(d) The Bonds, their transfer, the interest payable on them and any income derived from them, including any profit realized from their sale and exchange, shall be exempt from taxation of any kind by the State of Maryland any of its political subdivisions, or any other public entity; no opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Bonds or the interest thereon.

(e) Assuming compliance with certain covenants described herein, interest on the Bonds is excludable from gross income for federal income tax purposes. It is noted that under the provisions of the Internal Revenue Code of 1986, as amended (the "Code"), there are certain restrictions that must be met subsequent to the delivery of the Bonds, including restrictions that must be complied with throughout the term of the bonds of the issue of bonds of which the Bonds are a part, in order that the interest thereon be excludable from gross income. These include (i) a requirement that certain investment earnings received from the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part be rebated (or that certain payments in lieu of rebate be made) to the United States of America under certain circumstances; (ii) other requirements applicable to the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part; and (iii) requirements applicable to the use of the proceeds of the bonds of the issue of bonds of which the Bonds are part and the use of the facilities financed or refinanced with such proceeds. Failure to comply with one or more of these requirements could result in the inclusion of the interest payable on the Bonds in gross income for federal income tax purposes, effective from the date of their issuance. The County has covenanted to regulate the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part and to take such other actions as may be required to maintain the excludability of interest on the Bonds from gross income for federal income tax purposes. It is our opinion that, assuming compliance with such covenants, the interest on the Bonds will remain excludable from gross income for federal income tax purposes under the provisions of the Code.

(f) Interest on the Bonds is not includable in the alternative minimum taxable income of individuals as an enumerated item of tax preference or other specific adjustment. For taxable years beginning after December 31, 2022, interest on the Bonds will be part of adjusted financial statement income, 15% of which is included in the computation of the corporate alternative minimum tax imposed on applicable corporations. Interest income on the Bonds will be subject to the branch profits tax imposed by the Code on certain foreign corporations engaged in a trade or business in the United States of America.

The opinions expressed above are limited to the matters set forth above, and no other opinions should be inferred beyond the matters expressly stated. We assume no obligation to supplement this opinion if any applicable laws or interpretations thereof change after the date hereof or if we become aware of any facts or circumstances that might change the opinions expressed herein after the date hereof.

Very truly yours,

Consolidated General Improvements Series, 2023 Refunding Series

[Closing Date]

County Executive and County Council
of Anne Arundel County, Maryland
Annapolis, Maryland

Dear County Executive and Council Members:

We have examined a record of proceedings relating to the issuance by Anne Arundel County, Maryland (the "County"), of $40,730,000 general obligation bonds designated "Consolidated General Improvements Series, 2023 Refunding Series" (the "Bonds"), which are described below.

The Bonds are dated the date of delivery, with interest payable on April 1 and October 1, commencing October 1, 2023; are fully registered in form in the denomination of $5,000 each or any integral multiple thereof; are issued under the authority of Sections 10-203 and 19-207 of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2021 Supplement) (the "Enabling Law"), the Anne Arundel County Charter (the "Charter") and Bill No. 58-22, passed by the County Council of the County on July 18, 2022, approved by the County Executive of the County on July 23, 2022 and effective on September 6, 2022 as amended and supplemented (the "Ordinance"); and mature, on April 1 in each of the years 2024 to 2033, inclusive, and bear interest as follows:

Years of Maturity	Principal Amount	Interest Rate
2024	$4,285,000	5.00%
2025	4,115,000	5.00
2026	4,140,000	5.00
2027	4,115,000	5.00
2028	4,085,000	5.00
2029	4,060,000	5.00
2030	4,030,000	5.00
2031	4,000,000	5.00
2032	3,965,000	5.00
2033	3,935,000	5.00

The Bonds are not subject to optional redemption prior to their respective maturities.

In rendering this opinion, we have relied without investigation on the County's Tax and Section 148 Certificate dated this date made on behalf of the County by officers thereof with respect to certain material facts within the knowledge of the County relevant to the tax-exempt status of interest on the Bonds.

With respect to the executed and authenticated bond of the issue of Bonds that we have examined, and Bonds similarly executed and authenticated and identical thereto in form except for numbers, interest rates, denominations, maturities, and under existing statutes, regulations and decisions, we are of the opinion that:

(a) The County is a validly created and existing body politic and corporate of the State of Maryland, possessing authority under the Enabling Law, the Charter and the Ordinance to issue the Bonds.

(b) The Bonds are valid and legally binding general obligations of the County to which its full faith and credit and taxing power are pledged, and for the payment of which the County is empowered and directed to levy ad valorem taxes upon all real and tangible personal property and intangible property as may be subject to assessment for County taxation; such tax levy is subject, however, to the limitation set forth in Section 710(d) of the Charter which provides, in part, that "[f]rom and after July 1, 1993, revenues derived from taxes on properties existing on the County property tax rolls at the commencement of the County fiscal year shall not increase, compared with the previous year, more than the Consumer Price Index percentage of change, or by 4.5 percent, whichever is the lesser."

(c) To provide for the payment of the principal of and interest on the Bonds, the County, by the adoption of the Ordinance, has covenanted, subject to said Section 710(d) limitation, to levy such ad valorem taxes in rate and amount sufficient for that purpose in each fiscal year in which provision must be made for the payment of such principal and interest.

(d) The interest payable on the Bonds and any profit realized from their sale and exchange, will be exempt from State of Maryland income taxation; no opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Bonds or the interest thereon.

(e) Assuming compliance with certain covenants described herein, interest on the Bonds is excludable from gross income for federal income tax purposes. It is noted that under the provisions of the Internal Revenue Code of 1986, as amended (the "Code"), there are certain restrictions that must be met subsequent to the delivery of the Bonds, including restrictions that must be complied with throughout the term of the bonds of the issue of bonds of which the Bonds are a part, in order that the interest thereon be excludable from gross income. These include (i) a requirement that certain investment earnings received from the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part be rebated (or that certain payments in lieu of rebate be made) to the United States of America under certain circumstances; (ii) other requirements applicable to the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part; and (iii) requirements applicable to the use of the proceeds of the bonds of the issue of bonds of which the Bonds are part and the use of the facilities financed or refinanced with such proceeds. Failure to comply with one or more of these requirements could result in the inclusion of the interest payable on the Bonds in gross income for federal income tax purposes, effective from the date of their issuance. The County has covenanted to regulate the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part and to take such other actions as may be required to maintain the excludability of interest on the Bonds from gross income for federal income tax purposes. It is our opinion that, assuming compliance with such covenants, the interest on the Bonds will remain excludable from gross income for federal income tax purposes under the provisions of the Code.

(f) Interest on the Bonds is not includable in the alternative minimum taxable income of individuals as an enumerated item of tax preference or other specific adjustment. For taxable years beginning after December 31, 2022, interest on the Bonds will be part of adjusted financial statement income, 15% of which is included in the computation of the corporate alternative minimum tax imposed on applicable corporations. Interest income on the Bonds will be subject to the branch profits tax imposed by the Code on certain foreign corporations engaged in a trade or business in the United States of America.

The opinions expressed above are limited to the matters set forth above, and no other opinions should be inferred beyond the matters expressly stated. We assume no obligation to supplement this opinion if any applicable laws or interpretations thereof change after the date hereof or if we become aware of any facts or circumstances that might change the opinions expressed herein after the date hereof.

Very truly yours,

Consolidated Water and Sewer Series, 2023 Refunding Series

[Closing Date]

County Executive and County Council
of Anne Arundel County, Maryland
Annapolis, Maryland

Dear County Executive and Council Members:

We have examined a record of proceedings relating to the issuance by Anne Arundel County, Maryland (the "County"), of $21,755,000 general obligation bonds designated "Consolidated Water and Sewer Series, 2023 Refunding Series" (the "Bonds"), which are described below.

The Bonds are dated the date of delivery, with interest payable April 1 and October 1, commencing October 1, 2023; are fully registered in form in the denomination of $5,000 each or any integral multiple thereof; are issued under the authority of Sections 10-203 and 19-207 of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and the 2021 Supplement) (the "Enabling Law"), the Anne Arundel County Charter (the "Charter") and Bill No. 58-22, passed by the County Council of the County on July 18, 2022, approved by the County Executive of the County on July 23, 2022 and effective on September 6, 2022 as amended and supplemented (the "Ordinance"); and mature, on April 1 in each of the years 2024 to 2043, inclusive, and bear interest as follows:

Years of Maturity	**Principal Amount**	**Interest Rate**	**Years of Maturity**	**Principal Amount**	**Interest Rate**
2024	$1,140,000	5.00%	2034	$1,090,000	5.00%
2025	1,065,000	5.00	2035	1,095,000	5.00
2026	1,070,000	5.00	2036	1,095,000	5.00
2027	1,070,000	5.00	2037	1,095,000	5.00
2028	1,075,000	5.00	2038	1,095,000	5.00
2029	1,080,000	5.00	2039	1,095,000	5.00
2030	1,080,000	5.00	2040	1,090,000	5.00
2031	1,085,000	5.00	2041	1,090,000	5.00
2032	1,090,000	5.00	2042	1,085,000	5.00
2033	1,090,000	5.00	2043	1,080,000	5.00

The Bonds are subject to redemption in the manner and upon the terms and conditions set forth in the Bonds.

In rendering this opinion, we have relied without investigation on the County's Tax and Section 148 Certificate dated this date made on behalf of the County by officers thereof with respect to certain material facts within the knowledge of the County relevant to the tax-exempt status of interest on the Bonds.

With respect to the executed and authenticated bond of the issue of Bonds that we have examined, and Bonds similarly executed and authenticated and identical thereto in form except for numbers, interest rates, denominations, maturities, and under existing statutes, regulations and decisions, we are of the opinion that:

(a) The County is a validly created and existing body politic and corporate of the State of Maryland, possessing authority under the Enabling Law, the Charter and the Ordinance to issue the Bonds.

(b) The Bonds are valid and legally binding general obligations of the County to which its full faith and credit and taxing power are pledged, payable primarily from the net revenues and receipts of certain of its water and wastewater projects, or utilities of which they form a part, but if not so paid, are payable as to both principal and interest ultimately from ad valorem taxes, which the County is empowered to levy upon all real and tangible personal property and intangible property as may be subject to assessment for County taxation; such tax levy is subject, however, to the limitation set forth in Section 710(d) of the Charter which provides, in part, that "[f]rom and after July 1, 1993, revenues derived from taxes on properties existing on the County property tax rolls at the commencement of the County fiscal year shall not increase, compared with the previous year, more than the Consumer Price Index percentage of change, or by 4.5 percent, whichever is the lesser."

(c) To provide for the payment of the principal of and interest on the Bonds, the County, by the adoption of the Ordinance, has covenanted, subject to the above-described Section 710(d) limitation, to levy such ad valorem taxes in rate and amount sufficient for that purpose in each fiscal year in which provision must be made for the payment of such principal and interest.

(d) The interest payable on the Bonds and any profit realized from their sale and exchange, will be exempt from State of Maryland income taxation; no opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Bonds or the interest thereon.

(e) Assuming compliance with certain covenants described herein, interest on the Bonds is excludable from gross income for federal income tax purposes. It is noted that under the provisions of the Internal Revenue Code of 1986, as amended (the "Code"), there are certain restrictions that must be met subsequent to the delivery of the Bonds, including restrictions that must be complied with throughout the term of the bonds of the issue of bonds of which the Bonds are a part, in order that the interest thereon be excludable from gross income. These include (i) a requirement that certain investment earnings received from the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part be rebated (or that certain payments in lieu of rebate be made) to the United States of America under certain circumstances; (ii) other requirements applicable to the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part; and (iii) requirements applicable to the use of the proceeds of the bonds of the issue of bonds of which the Bonds are part and the use of the facilities financed or refinanced with such proceeds. Failure to comply with one or more of these requirements could result in the inclusion of the interest payable on the Bonds in gross income for federal income tax purposes, effective from the date of their issuance. The County has covenanted to regulate the investment of the proceeds of the bonds of the issue of bonds of which the Bonds are a part and to take such other actions as may be required to maintain the excludability of interest on the Bonds from gross income for federal income tax purposes. It is our opinion that, assuming compliance with such covenants, the interest on the Bonds will remain excludable from gross income for federal income tax purposes under the provisions of the Code.

(f) Interest on the Bonds is not includable in the alternative minimum taxable income of individuals as an enumerated item of tax preference or other specific adjustment. For taxable years beginning after December 31, 2022, interest on the Bonds will be part of adjusted financial statement income, 15% of which is included in the computation of the corporate alternative minimum tax imposed on applicable corporations. Interest income on the Bonds will be subject to the branch profits tax imposed by the Code on certain foreign corporations engaged in a trade or business in the United States of America.

The opinions expressed above are limited to the matters set forth above, and no other opinions should be inferred beyond the matters expressly stated. We assume no obligation to supplement this opinion if any applicable laws or interpretations thereof change after the date hereof or if we become aware of any facts or circumstances that might change the opinions expressed herein after the date hereof.

Very truly yours,

(This page has been left blank intentionally.)

APPENDIX D

FORM OF CONTINUING DISCLOSURE AGREEMENT

This **CONTINUING DISCLOSURE AGREEMENT** (this "Disclosure Agreement") is executed and delivered by Anne Arundel County, Maryland, a body corporate and politic of the State of Maryland (the "County") in connection with the issuance of its $132,555,000 Consolidated General Improvements Series, 2023, its $65,885,000 Consolidated Water and Sewer Series, 2023, its $40,730,000 Consolidated General Improvements Series, 2023 Refunding Series and its $21,755,000 Consolidated Water and Sewer Series, 2023 Refunding Series (collectively, the "Bonds"). The Bonds are being issued pursuant to Bill No. 58-22, passed by the County Council of the County on July 18, 2022, approved by the County Executive of the County on July 23, 2022 and effective on September 6, 2022, as amended. The County, intending to be legally bound hereby and in consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, does hereby covenant and agree as follows:

Section 1. Purpose of the Disclosure Agreement.

This Disclosure Agreement is being executed and delivered by the County for the benefit of the beneficial owners of the Bonds and in order to assist the Participating Underwriter in complying with Securities and Exchange Commission Rule 15c2-12(b)(5).

Section 2. Definitions.

In addition to the definitions set forth above, which apply to any capitalized term used in this Disclosure Agreement unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

"EMMA" shall mean the Electronic Municipal Market Access system described in 1934 Act Release No. 59062 and maintained by the MSRB for purposes of the rule.

"Financial Obligation" means a (i) debt obligation; (ii) derivative instrument entered into in connection with or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term Financial Obligation shall not include municipal securities as to which a final official statement has been provided to the MSRB consistent with the Rule.

"**Listed Events**" shall mean any of the events listed in Section 4(a) herein.

"**MSRB**" shall mean the Municipal Securities Rulemaking Board established pursuant to Section 15B(b)1 of the Securities Exchange Act of 1934, as amended.

"**Participating Underwriter**" shall mean any of the original underwriters of the Bonds required to comply with the Rule in connection with offering of the Bonds.

"**Rule**" shall mean Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

Section 3. Provision of Annual Financial Information, Operating Data and Audited Information.

(a) The County shall provide to the MSRB in an electronic format prescribed by the MSRB annual financial information and operating data regarding (i) revenues, expenditures and changes in fund balance for the County's General Fund; (ii) revenues, expenses and changes in fund balances for the County's Watershed Protection and Restoration Fund; (iii) revenues, expenses and changes in fund net assets for the County's Water and Wastewater Operations Fund; (iv) revenues, expenses and net assets for the County's Water and Wastewater Debt Service Fund; (v) revenues, expenses and changes in net assets for the County's Solid Waste Fund; (vi) assessed values of taxable property in the County and County property tax rates and property tax levies; (vii) County Water and Wastewater utility system rates; and (viii) the County solid waste system rate schedule, such information to be made available within 275 days after the end of the County's fiscal year (commencing with the fiscal year ended June 30, 2023).

(b) The County shall provide to the MSRB in an electronic format prescribed by the MSRB annual audited financial statements for the County, such information to be made available within 275 days after the end of the County's fiscal year, unless the audited financial statements are not available on or before such date, in which event said financial statements will be provided promptly when and if available. In the event that audited financial statements are not available within 275 days after the end of the County's fiscal year, the County will provide unaudited financial statements within said time period (commencing with the fiscal year ended June 30, 2023).

(c) The presentation of the financial information referred to in clauses (i), (ii), (iii) and (iv) of paragraph (a) and in paragraph (b) shall be made in accordance with the same accounting principles as utilized in connection with the presentation of applicable comparable financial information included in the final official statement for the Bonds, provided that the County may modify the accounting principles utilized in the presentation of financial information by amending this Disclosure Agreement pursuant to the provisions of Section 6 hereof. Changes in Generally Accepted Accounting Principles, where applicable to financial information to be provided by the County, shall not require the County to amend this Disclosure Agreement.

(d) If the County is unable to provide the annual financial information and operating data within the applicable time periods specified in (a) and (b) above, the County shall send in a timely manner a notice of such failure to the MSRB.

Section 4. Reporting of Significant Events.

(a) Pursuant to the provisions of this Section 4, the County shall provide notice of the occurrence of any of the following events with respect to the Bonds:

(1) principal and interest payment delinquencies;
(2) non-payment related defaults, if material;
(3) unscheduled draws on debt service reserves reflecting financial difficulties;
(4) unscheduled draws on credit enhancements reflecting financial difficulties;
(5) substitution of credit or liquidity providers, or their failure to perform;
(6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notice of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;
(7) modifications to rights of Bondholders, if material;
(8) bond calls, if material, and tender offers;

(9) defeasances;

(10) release, substitution or sale of property securing repayment of the Bonds, if material;

(11) rating changes;

(12) bankruptcy, insolvency, receivership or similar event of the County;

(13) consummation of a merger, consolidation, or acquisition involving the County or the sale of all or substantially all of the assets of the County, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;

(14) appointment of a successor or additional trustee or the change of name of a trustee, if material;

(15) incurrence of a Financial Obligation of the County, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the County, any of which affect security holders, if material; and

(16) Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the County, any of which reflect financial difficulties.

(b) In a timely manner, not in excess of 10 business days after the occurrence of an event listed in Section 4(a), the County shall file a notice of such occurrence of such event with EMMA.

Section 5. Termination of Reporting Obligation.

The County's obligations under this Disclosure Agreement shall terminate upon the payment in full of all of the Bonds either at their maturity or by early redemption. In addition, the County may terminate its obligations under this Disclosure Agreement if and when the County no longer remains an obligated person with respect to the Bonds within the meaning of the Rule.

Section 6. Amendment.

The County may provide further or additional assurances that will become part of the County's obligations under this Disclosure Agreement. In addition, this Disclosure Agreement may be amended by the County in its discretion provided that (i) the amendment may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the County as the obligated person with respect to the Bonds, or type of business conducted; (ii) this Disclosure Agreement, as amended, would have complied with the requirements of the Rule at the time of the issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances, as determined by counsel selected by the County that is expert in federal securities law matters; and (iii) the amendment does not materially impair the interests of holders of the Bonds, as determined either by counsel selected by the County that is expert in federal securities law matters, or by an approving vote of the holders of 25% of the outstanding aggregate principal amount of Bonds. The reasons for the County agreeing to provide any further or additional assurances or for any amendment and the impact of the change in the type of operating data or financial information being provided will be explained in information provided with the annual financial information containing the additional or amended operating data or financial information.

Section 7. Additional Information.

Nothing in this Disclosure Agreement shall be deemed to prevent the County from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any disclosure made pursuant to Section 4(a) or (b) hereof or notice of occurrence of a Listed Event in addition to that which is required by this Disclosure Agreement. If the County chooses to include any information in any disclosure made pursuant to Section 4(a) or (b) hereof or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the County shall have no obligation under this Disclosure Agreement to update such information or include it in any future disclosure made pursuant to Section 4(a) or (b) hereof or notice of occurrence of a Listed Event.

Section 8. Law of Maryland.

This Disclosure Agreement, and any claim made with respect to the performance by the County of its obligations hereunder, shall be governed by, subject to, and construed according to the laws of the State of Maryland.

Section 9. Limitation of Forum.

Any suit or other proceeding seeking redress with regard to any claimed failure by the County to perform its obligations under this Disclosure Agreement must be filed in the Circuit Court for Anne Arundel County, Maryland.

Section 10. Limitation on Remedies.

The County shall be given written notice at the address set forth below of any claimed failure by the County to perform its obligations under this Disclosure Agreement, and the County shall be given 15 days to remedy any such claimed failure. Any suit or other proceeding seeking further redress with regard to any such claimed failure by the County shall be limited to specific performance as the adequate and exclusive remedy available in connection with such action. Written notice to the County shall be given to the Office of Finance, Arundel Center, P.O. Box 2700, Annapolis, Maryland 21404, or at such alternate address as shall be specified by the County with disclosures made pursuant to Section 4(a) or (b) hereof or a notice of occurrence of a Listed Event.

Section 11. Relationship to Bonds.

This Disclosure Agreement constitutes an undertaking by the County that is independent of the County's obligations with respect to the Bonds; any breach or default by the County under this Disclosure Agreement shall not constitute or give rise to a breach or default under the Bonds.

Section 12. Beneficiaries.

This Disclosure Agreement shall inure solely to the benefit of the beneficial owners from time to time of the Bonds and shall create no rights in any other person or entity.

(*Remainder of page intentionally left blank*)

IN WITNESS WHEREOF this Continuing Disclosure Agreement is being executed on behalf of Anne Arundel County, Maryland and the seal of the County is being impressed hereon attested to by the Administrative Officer to the County Council, as of this ___ day of _____, 2023.

APPENDIX E

FORM OF ISSUE PRICE CERTIFICATE
FOR QUALIFIED COMPETITIVE BID

$____________
GENERAL OBLIGATION BONDS

Consisting of

[$___________ Consolidated General Improvements Series, 2023
$__________ Consolidated Water and Sewer Series, 2023]
[$___________ Consolidated General Improvements Series, 2023 Refunding Series
$__________ Consolidated Water and Sewer Series, 2023 Refunding Series]

ISSUE PRICE CERTIFICATE

The undersigned, on behalf of [NAME OF WINNING BIDDER] ("[SHORT FORM NAME OF WINNING BIDDER]"), hereby certifies as set forth below with respect to the sale of the above-captioned obligations (the "Bonds").

1. ***Reasonably Expected Initial Offering Price***.

(a) As of the Sale Date, the reasonably expected initial offering prices of each series of the Bonds to the Public by [SHORT FORM NAME OF WINNING BIDDER] are the prices listed in Schedule A (the "Expected Offering Prices"). The Expected Offering Prices are the prices for the Maturities of each series of the Bonds used by [SHORT FORM NAME OF WINNING BIDDER] in formulating its bid to purchase the Bonds. Attached as Schedule B is a true and correct copy of the bid provided by [SHORT FORM NAME OF WINNING BIDDER] to purchase the Bonds.

(b) [SHORT FORM NAME OF WINNING BIDDER] was not given the opportunity to review other bids prior to submitting its bid.

(c) The bid submitted by [SHORT FORM NAME OF WINNING BIDDER] constituted a firm bid to purchase the Bonds.

2. ***Defined Terms***.

(a) *Issuer* means Anne Arundel County, Maryland.

(b) *Maturity* means Bonds of a series with the same credit and payment terms. Bonds of a series with different maturity dates, or Bonds of a series with the same maturity date but different stated interest rates, are treated as separate Maturities.

(c) *Public* means any person (including an individual, trust, estate, partnership, association, company or corporation) other than an Underwriter or a related party to an Underwriter. The term "related party" for purposes of this Certificate generally means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

(d) *Sale Date* means the first day on which there is a binding contract in writing for the sale or exchange the Bonds. The Sale Date of the Bonds is Wednesday, April 12, 2023.

(e) *Underwriter* means (i) any person that agrees pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

The undersigned understands that the foregoing information will be relied upon by the Issuer with respect to certain of the representations set forth in the Tax and Section 148 Certificate and with respect to compliance with the federal income tax rules affecting the Bonds, and by McKennon Shelton & Henn LLP, as Bond Counsel to the Issuer in connection with rendering its opinions that the interest on the Bonds is excluded from gross income for federal income tax purposes, the preparation of the Internal Revenue Service Form 8038-G, and other federal income tax advice that they may give to the Issuer from time to time relating to the Bonds.

ISSUE PRICE CERTIFICATE

The undersigned, on behalf of [NAME OF WINNING BIDDER] ("[SHORT FORM NAME OF WINNING BIDDER]"), [on behalf of itself and [NAMES OF MEMBERS OF THE UNDERWRITING SYNDICATE] (together, the "Underwriting Syndicate"),] hereby certifies as set forth below with respect to the sale and issuance of the above-captioned obligations (the "Bonds").

1. ***Sale of the General Rule Maturities***. As of the date of this Certificate, for each Maturity of the General Rule Maturities, the first price at which 10% of such Maturity was sold by [SHORT FORM NAME OF WINNING BIDDER] [THE UNDERWRITING SYNDICATE] to the Public is the respective price listed in Schedule A.

2. ***Initial Offering Price of the Hold-the-Offering-Price Maturities.***

(a) [SHORT FORM NAME OF WINNING BIDDER] [THE MEMBERS OF THE UNDERWRITING SYNDICATE] offered the Hold-the-Offering Price Maturities to the Public for purchase at the respective initial offering prices of each series of the Bonds listed in Schedule A (the "Initial Offering Prices") on or before the Sale Date. A copy of the pricing wire or equivalent communication for the Bonds is attached to this Certificate as Schedule B.

(b) As set forth in the Notice of Sale and bid award, the [SHORT FORM NAME OF WINNING BIDDER] [MEMBERS OF THE UNDERWRITING SYNDICATE] [has] [have] agreed in writing that, (i) for each Maturity of the Hold-the-Offering-Price Maturities, [it] [they] would neither offer nor sell any of the Bonds of such Maturity to any person at a price that is higher than the Initial Offering Price for such Maturity during the Holding Period for such Maturity (the "hold-the-offering-price rule"), and (ii) any selling group agreement shall contain the agreement of each dealer who is a member of the selling group, and any retail distribution agreement shall contain the agreement of each broker-dealer who is a party to the retail distribution agreement, to comply with the hold-the-offering-price rule. Pursuant to the foregoing, no Underwriter has offered or sold any Maturity of the Hold-the-Offering Price Maturities at a price that is higher than the respective Initial Offering Price for that Maturity of the Bonds of a series during the Holding Period.

3. ***Defined Terms***.

(a) *General Rule Maturities* means those Maturities of each series of the Bonds shown in Schedule A hereto as the "General Rule Maturities."

(b) *Hold-the-Offering-Price Maturities* means those Maturities of each series of the Bonds listed in Schedule A hereto as the "*Hold-the-Offering-Price Maturities*."

(c) *Holding Period* means, with respect to a Hold-the-Offering-Price Maturity, the period starting on the Sale Date and ending on the earlier of (i) the close of the fifth business day after the Sale Date, or (ii) the date on which [SHORT FORM NAME OF WINNING BIDDER] [the UNDERWRITING SYNDICATE] [has] [have] sold at least 10% of such Hold-the-Offering-Price Maturity to the Public at prices that are no higher than the Initial Offering Price for such Hold-the-Offering-Price Maturity.

(d) *Issuer* means Anne Arundel County, Maryland.

(e) *Maturity* means Bonds of a series with the same credit and payment terms. Bonds of a series with different maturity dates, or Bonds of a series with the same maturity date but different stated interest rates, are treated as separate Maturities.

(f) *Public* means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a related party to an Underwriter. The term "related party" for purposes of this Certificate generally means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

(g) *Sale Date* means the first day on which there is a binding contract in writing for the sale of a Maturity of the Bonds. The Sale Date of the Bonds is Wednesday, April 12, 2023.

(h) *Underwriter* means (i) any person that agrees pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public; and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

The undersigned understands that the foregoing information will be relied upon by the Issuer with respect to certain of the representations set forth in the Tax and Section 148 Certificate and with respect to compliance with the federal income tax rules affecting the Bonds, and by McKennon Shelton & Henn LLP, as Bond Counsel to the Issuer, in connection with rendering its opinions that the interest on the Bonds is excluded from gross income for federal income tax purposes, the preparation of the Internal Revenue Service Form 8038-G, and other federal income tax advice that they may give to the Issuer from time to time relating to the Bonds.
