

Site Development Plan

- Preliminary Plan**
An application and materials submitted for preliminary plan review. This is the first phase of a Site Development Plan submitted to OPZ for non-residential or mixed-use development projects.
- Site Development Plan**
An application for proposed development that does not subdivide. It is one of two types of plans submitted to OPZ for non-residential or mixed-use development projects.

Subdivision

- Sketch Plan**
The subdivision of land into more than five lots. The Sketch Plan application is the first of two phases in the development review process for a Major Subdivision.
- Final Plan**
The subdivision of land into more than five lots. The Final Plan application is the second of two phases in the development review process for a Major Subdivision.
- Minor Subdivision**
The subdivision of land into five or fewer lots. A Final Plan application is the only phase in the development review process.

Development Activity March 2024 Tax Assessment District: 4

- Critical Area**
All land within 1,000 feet of tidal waters and tidal wetlands of the Chesapeake Bay.
