## **Introductory Section**

Dear Board of Trustees and Members of the  
Anne Arundel County Retirement and Pension System:

I am pleased to present to you the Anne Arundel County Retirement and Pension System (the “System”) Annual Comprehensive Financial Report for the year ended December 31, 2022. This financial report is a historical perspective of benefits, services, and fiscal activities of the System. The purpose of this report is to provide you, the retirement System participants and other interested parties, with sufficient information to evaluate the performance of the System during the plan year.

### **Plan History**

County employees participate in four single-employer defined benefit pension plans (the “Plans”). The County Plans were established under authority created by County Charter and legislation. In December 1996, the County passed legislation creating the Anne Arundel County Retirement and Pension System, a corporation that is an agency in the executive branch of County government, effective February 1, 1997. At that date, all net assets of pension trust funds were transferred to the System. In 2004, the Board of Trustees of the System (the “Board”) adopted a formal statement of funding objectives, policy, and strategy. The Statement of Investment Policy and Objectives was designed to clearly communicate the directives of the Trustees of the System to all interested parties. This investment policy applies to the funds of the System on an aggregate basis. The Policy Statement sets forth how each fund manager shall be governed and details specific investment guidelines relating to each of the fund managers.

### **Major Initiatives**

An Experience and Assumption Study was conducted by the actuary in 2018 to review the experience of the Plans during 2012 to 2016. The report recommended changes in assumptions due to their study of the demographic and economic experience of the Anne Arundel County Retirement Plans for the 2012 through 2016 plan years and their expectations for future experience. A gradual change in the discount rate (investment return) from 7.50% to 7.25% over the next five years was voted on. The Board decided to review and vote each April on the annual 5 basis point discount rate reduction. The rate was 7.45% for both 2019 and 2020. The discount rate is 7.00% in 2021 and 2022.

Each year, the Board reviews the investment asset allocation and prospective returns for the various classes to attempt to construct a portfolio that will produce the desired rate of return. The resulting rebalancing of the portfolio generally requires moving funds among managers and can result in the elimination of a current manager or the hiring of a new investment manager. During 2022, there were no additional investment managers added. There were private equity commitments with Apogem Fund X and Warburg Pincus Global Growth 14. The Pension System Investment Policy was updated in 2022 to formally codify asset allocation changes approved by the Board during the March meeting.

The Employee Pension Portal online system went live in the fall of 2018. The portal allows employees to view their annual pension statement, calculate retirement estimates and use other retirement tools electronically, including the Deferred Retirement Option Program (DROP) calculation for employees eligible for the DROP.

### **Funding Status**

The fiduciary net position as a percentage of the total pension liability decreased for the Employees' Retirement Plan, the Police Service Retirement Plan, the Fire Service Retirement Plan and the Detention Officers' and Deputy Sheriffs' Retirement Plan. The Employees Retirement Plan decreased from 74.6% in 2021 to 62.5% in 2022. The Police Service Retirement Plan decreased from 77.5% in 2021 to 65.1% in 2022. The Fire Service Retirement Plan decreased from 84.6% in 2021 to 71.1% in 2022. The Detention Officers' and Deputy Sheriffs' Retirement Plan decreased from 77.2% in 2021 to 66.9% in 2022.

### **Investment Performance**

The average investment returns for the Employees' Retirement Plan, the Police Service Retirement Plan, the Fire Service Retirement Plan, and the Detention Officers' and Deputy Sheriffs' Retirement Plan on a market value basis for the year ended December 31, 2022 were -10.7%. On an actuarial basis, the average investment returns for the Employees' Retirement Plan, the Police Service Retirement Plan, the Fire Service Retirement Plan, and the Detention Officers' and Deputy Sheriffs' Retirement Plan were 4.1%, 4.1%, 4.2%, 4.2%, respectively. The actuarial value of assets is calculated by spreading the market-value investment gains or losses in excess of (or below) the assumed rate of return over a five-year period. The asset-smoothing method was changed with the 2011 valuation.

### **System Organization and Management**

The Board of Trustees is responsible for reviewing the investment program, approving policies, objectives, and guidelines and reviewing the financial performance of the System in relation to expectations. The Board also appoints the investment committee to make specific recommendations as to asset allocation and investment strategies. The investment committee works with an investment consultant, currently New England Pension Consultants (NEPC). The investment consultant assists the Board and the investment committee in developing and modifying policy objectives and guidelines, including the development of a liability driven asset allocation strategy. The investment consultant makes recommendations on the appropriate mix of investment manager styles and strategies and acts as fiduciary to the fund. The Board has final approval for all manager selections and policy changes.

The Board also selects the custodial bank, currently State Street Bank & Trust, that has custody of and is the bank of record for the Plans' investments, the actuary for the Plans, Bolton Partners, Inc., and the independent auditors, CliftonLarsonAllen, LLP. The Secretary of the Board of Trustees is responsible for daily administrative decisions and the Anne Arundel County Office of Personnel and the Office of Finance carry out these administrative actions, including transmittal of contributions and funding the payment of benefits and other administrative expenses. Additional details regarding investment professionals who provide services to the System are included in the Investment Section later in this report.

## **Financial Management**

The financial statements and supplemental information and schedules included in this report are the responsibility of System management and have been prepared in accordance with accounting principles generally accepted in the United States of America for governmental accounting and reporting as pronounced and adopted by the Governmental Accounting Standards Board. I advise you to read the Management Discussion and Analysis, Basic Financial Statements, and Notes to the Basic Financial Statements to gain a better understanding of the results of the System during 2022.

## **Independent Audit**

The System is audited annually. CliftonLarsonAllen, LLP, an independent firm of Certified Public Accountants, conducted the audit for the year ended December 31, 2022. Refer to Independent Auditors' Report for the audit opinion.

## **Internal Accounting Control**

Management is responsible for maintaining a system of adequate internal controls designed to provide reasonable assurance that transactions are executed in accordance with management's general or specific authorization, and are recorded as needed to maintain accountability for assets and to permit preparation of the combining financial statements. We believe the internal controls in effect during the year ended December 31, 2022 adequately safeguard the assets and provide reasonable assurance regarding the proper recording of financial transactions.

## **Acknowledgments**

Staff in Anne Arundel County's Office of Finance prepared this Annual Comprehensive Financial Report of the Retirement and Pension System. The report is intended to provide complete and reliable information as a basis for making management decisions, determining compliance with legal provisions, and to provide a means of determining responsible stewardship for the assets contributed by the members and their employers. This report is being sent to the Board of Trustees and other interested parties.

Respectfully,

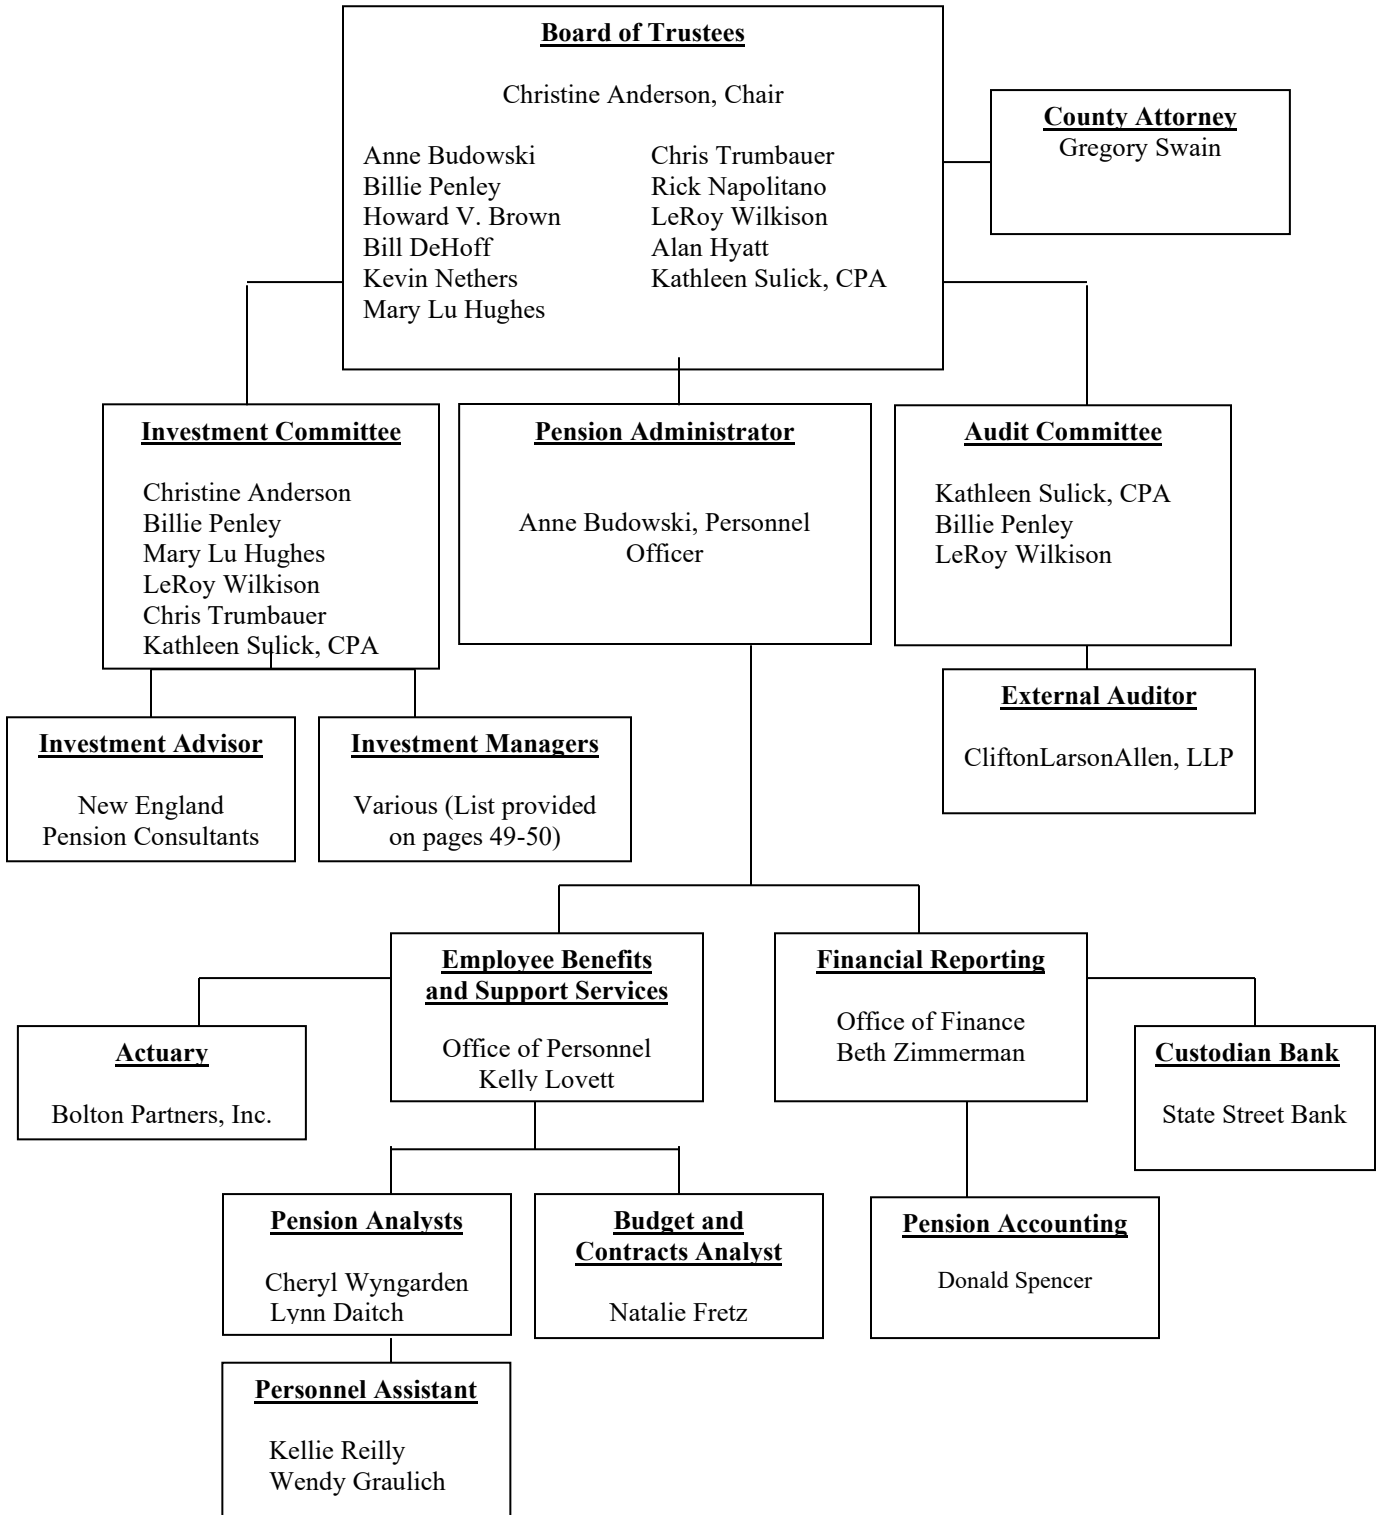

Billie Penley  
Controller

## INDEPENDENT AUDITORS' REPORT

Board of Trustees  
Anne Arundel County Retirement and Pension System  
Annapolis, Maryland

### **Report on the Audit of the Financial Statements**

#### ***Opinion***

We have audited the accompanying financial statements of the Anne Arundel County Retirement and Pension System (the System), a pension trust fund of Anne Arundel County, Maryland, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the System's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the fiduciary net position of the System as of December 31, 2022, and the changes in its fiduciary net position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the System and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the System's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Systems internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the System's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of changes in net pension liability and related ratios by plan, investment returns, and employer's contributions by plan, and notes to required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the basic financial statements that collectively comprise the System's basic financial statements. The supplementary schedules, including the schedules of administrative expenses, investment expenses, and payments to consultants, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the supplementary schedules, including the schedules of administrative expenses, investment expenses, and payments to consultants, as listed in the table of contents are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory, investment, actuarial and statistical sections, as listed in the table of contents, but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

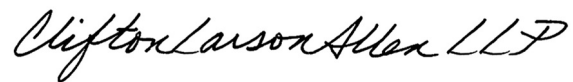

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

***Report on Summarized Comparative Information***

We have previously audited the System's 2021 financial statements, and we expressed an unmodified audit opinion on those financial statements in our report dated August 10, 2022. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2021 is consistent, in all material respects, with the audited financial statements from which it has been derived.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated July 10, 2023, on our consideration of the System's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the System's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the System's internal control over financial reporting and compliance.

A handwritten signature in cursive script that reads "CliftonLarsonAllen LLP".

**CliftonLarsonAllen LLP**

Baltimore, Maryland  
July 10, 2023

## Introduction

To introduce readers of the financial report of the Anne Arundel County Retirement and Pension System (System), the Office of Finance is pleased to provide this discussion and analysis of financial activities for the year ended December 31, 2022. Please read it in conjunction with the rest of the report, which consists of the basic financial statements, including the notes thereto, required supplementary information (RSI), and supplementary schedules. Combined amounts from the year ended December 31, 2021 have been provided herein to enhance comparability.

The System has the fiduciary responsibility to administer four single-employer defined benefit pension plans for certain Anne Arundel County (County) employees: the Employees' Retirement Plan, the Police Service Retirement Plan, the Fire Service Retirement Plan and the Detention Officers' and Deputy Sheriffs' Retirement Plan (the "Plans").

## Financial Highlights

The System's total fiduciary net position decreased \$276.2 million in calendar year 2022, bringing net position to \$2.1 billion. Contributions increased 22.5% to \$141.1 million versus \$115.2 million in 2021. Of this total, employer contributions of \$124.9 million were approximately 25.3% higher than, as of 2021, at \$99.7 million. There was a one-time budgeted Employer Contribution of \$15.3 million in August 2022. Participant contributions were slightly higher at \$16.1 million in 2022 and \$15.5 million in 2021. The 2022 time weighted total rate of return of -10.7% compares to 14.5% for 2021.

The System paid \$156.9 million in benefits in 2022, compared with \$145.4 million paid in 2021, an increase of 7.9%. The 2022 Cost of Living Adjustment (COLA) for beneficiaries ranged from 2.5% for retirees since 1997 and 3.0% to 4.0% for substantially all retired prior to 1997. The number of benefit recipients increased to 4,040, a 2.7% increase over the prior year.

*Employees' Retirement Plan* – In 2022, net position decreased by \$101.9 million to \$701.1 million from \$803.1 million in 2021. The plans contributions of \$49.7 million were 77.8% of benefit payments of \$63.9 million. Various administrative expenses were \$553.6 thousand in 2022.

*Police Service Retirement Plan* – In 2022, net position decreased by \$78.8 million to \$618.0 million from \$696.8 million in 2021. The plan's contributions of \$41.8 million were 93.9% of benefit payments of \$44.5 million. Administrative expenses were \$518.2 thousand in 2022.

*Fire Service Retirement Plan* – In 2022, net position decreased by \$75.7 million to \$617.3 million from \$692.9 million in 2021. Contributions of \$36.7 million were 99.5% of the benefit payments of \$36.9 million. Various administrative expenses were \$522.3 thousand in 2022.

*Detention Officers' and Deputy Sheriffs' Retirement Plan* – In 2022, net position decreased by \$19.8 million to \$171.3 million from \$191.2 million in 2021. Contributions were \$12.8 million or 110.3% of benefit payments of \$11.6 million. Administrative expenses were \$137.3 thousand in 2022.

## Overview of the Basic Financial Statements

In this financial report, the basic financial statements consist of the Combining Statement of Fiduciary Net Position and the Combining Statement of Changes in Fiduciary Net Position with accompanying Notes. The financial statements present information in separate columns for each of the four single-employer defined benefit pension plans as of and for the year ended December 31, 2022 with combined comparative information as of and for the year ended December 31, 2021. The Combined Statement of Fiduciary Net Position presents the financial position of the Plans. The financial position is comprised of assets, which primarily consist of investments less liabilities, including accounts payable, investment commitments payable, and the obligation for collateral related to the securities lending program. The obligation from the securities lending program is offset by collateral held. The difference between assets and liabilities is net position, which represents the amount of resources available to pay future benefits to retirees and their beneficiaries.

Investments net of cash consist of domestic and foreign debt obligations, domestic and foreign equities, real estate, insurance company contracts, absolute return funds, and private markets. The System has a securities lending program to enhance its investment return. The assets and liabilities arising from the program are closely matched, netting to no additional material Plan liability. In accordance with generally accepted accounting principles, the liability for future benefit payments is not reported in these financial statements. Refer to Note 4 for the Schedule of Net Pension Liability of the System by Plan which presents an estimate of the liabilities.

The Combining Statement of Changes in Fiduciary Net Position presents the additions to and deductions from the four Plans' net positions during the year. Each Plan receives contributions from participants and the County, as well as income or losses from investments and related activity. The primary deductions are the payment of benefits, which are the Plans' primary objectives. Deductions also include refunds to members who leave the Plans as well as administrative expenses. Administrative expenses are allocated monthly to each Plan based on its relative percentage of the total investments.

### **Notes to the Basic Financial Statements**

The Notes to the Basic Financial Statements are an integral part of the statements. These notes provide background and more detail about the information in the financial statements. Among other matters, the notes describe the System's purpose and its membership; the significant accounting policies used to prepare the basic financial statements; the nature of the four Plans, including the membership and benefit provisions and contribution requirements; the System's investment authority and policies; how investments and related documentation are safeguarded; and selected details about various investment activity and balances.

### **Required Supplementary Information (RSI)**

The RSI section provides actuarially determined information about the Plans. The section displays changes for each Plan's Net Pension Liability (NPL) and related ratios, contributions related to payrolls by Plan, and money-weighted investment returns for the System.

### **Summary and Analysis of Financial Information**

The following Condensed Statements of Fiduciary Net Position and Changes in Fiduciary Net Position present financial information, with dollar amounts in millions, for the System comparing 2022 and 2021.

**Condensed Combining Statement of Fiduciary Net Position  
As of December 31, 2022 and 2021**

(in millions)				Change in	
Assets	2022	2021	Dollars	Percentage	
Cash and short-term investments	\$ 68.8	\$ 60	\$ 8.8	14.7 %	
Securities lending collateral	91	66.3	24.7	37.3	
Receivables	22.9	15.9	7	44.0	
Investments at fair value and deposits	2,040.0	2,316.6	-276.6	-11.9

Beginning of year	2,384.0	2,117.7	266.3	12.6	
End of year	\$ 2,107.7	\$ 2,384.0	\$ -276.3	-11.6 %	

Comparative investment time weighted returns are displayed by investment type in the following table. The table also shows each category's relative percent of the System's investment portfolio.

Investment Type	Percent of Investments		Annual Investment Return	
	2022	2021	2022	2021
Cash and temporary investments	2.7%	2.1%	1.4%	0.4%
Domestic equity	28.1%	31.8%	-19.2%	21.7%
International equity pools	21.3%	22.8%	-15.9%	2.3%
Domestic and international fixed income	23.5%	23.0%	-9.8%	0.1%
Opportunistic	0.1%	0.2%	-16.8%	6.5%
Private markets	16.8%	13.9%	6.9%	37.2%
Real estate investment pools	7.5%	6.2%	9.2%	22.4%
Total percent of investments	100.0%	100.0%		
Total annual performance			-10.7%	14.5%

**Note**

There were no asset allocation changes during Fiscal Year 2022.

The System's funding objective is to meet long-term benefit obligations through contributions and investment income. The funding ratio, which is the actuarial value of assets divided by the actuarial accrued liability, is an estimate of how well the System is meeting that objective. A higher funded ratio indicates that the Plan is better funded. As of December 31, 2022 and 2021 the funded ratios for the System were 72.5% and 76.0% respectively. Additionally, System fiduciary net position as a percentage of the total pension liability as of December 31, 2022 was 66.0%.

The System paid \$156.9 million in retirement benefits and refunds to 3,931 participants and beneficiaries during 2022, compared to \$145.4 million in 2021 to 3,932 participants and beneficiaries. This reflects an average of \$38.8 thousand per person in 2022, compared to an average of \$37.0 thousand in 2021.

The System received \$16.2 million in contributions from 4,040 active participants during 2022. In 2021, \$15.5 million was received from 3,932 active participants. The employer contributions were \$124.9 million in 2022, compared to \$99.7 million in 2021. Employer contributions for the calendar year are based on the appropriate June fiscal year's actuarial recommended contribution, which is divided by 12 and provided to the respective Plans on a monthly basis. The County contributed 114.0% of the 2022 Actuarially Determined Contribution (ADC) for all Plans and has contributed the ADC recommended by the actuary for the past 13 years, with true-up adjustments from 2010 to 2011 and 2014 to 2015. Administrative costs for 2022 were approximately \$1.7 million for 8,470 participants or an average cost of \$204 per person compared to \$1.7 million for 2021 administrative costs for 8,391 participants at \$209 per person.

**Overall Analysis of Financial Position**

The System changed its long-term investment return assumption of 7.00% in 2021 and maintained the return assumption in 2022. The Board of Trustees believes the System is structured to support stable funding for the future along with uncertainty in asset growth.

**Requests for information**

The System's Annual Comprehensive Financial Report is available at Anne Arundel County's web page <http://www.aacounty.org/boards-and-commissions/retirement-and-pension-system-board-of-trustees/pension-trust-fund-reports/>. If you have questions concerning this report or need additional financial information, please contact the Office of Personnel, 2660 Riva Road, Annapolis, Maryland, 21401.

## **1 Summary of Significant Accounting Policies**

The Anne Arundel County Retirement and Pension System (System) administers four defined benefit pension plans – the Employees’ Retirement Plan, the Police Service Retirement Plan, the Fire Service Retirement Plan, and the Detention Officers’ and Deputy Sheriffs’ Retirement Plan (Plans). Although the assets of the Plans are commingled for investment purposes, each Plan’s assets may be used only for the payment of benefits to the members of that Plan, in accordance with its terms. The System was established as an Agency in the Executive branch of Anne Arundel County, Maryland (County) and has the powers and privileges of a corporation to the extent permitted by law. The System is reported as Pension Trust Funds in the County’s Annual Comprehensive Financial Report (ACFR). The Board of Trustees is comprised of representatives from the Executive branch of the County, participating employee groups, and two representatives from outside County government.

*A Basis of Presentation* – The accounts of the System are organized on the basis of separate pension trust funds for each Plan, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, net position, additions, and deductions.

*B Basis of Accounting* – The basic financial statements were prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. The County’s contribution to each Plan is recognized when due and the County has made a formal commitment to provide the contribution. Benefits and refunds are recognized when due and payable in accordance with the terms of each Plan.

The accounting and reporting policies conform to accounting principles generally accepted in the United States of America as applicable to government organizations. The preparation of financial statements in conformity with these principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

*C Investments* – Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Mortgages are valued on the basis of future principal and interest payments, and are discounted at prevailing interest rates for similar instruments reflected at fair value. The fair value of real estate investments is based on periodic independent appraisals. Investments that do not have an established market, such as private markets, are reported at estimated fair values. The fair value of private markets are based on management’s valuation of estimates and assumptions from information and representations provided by the respective general partners, in the absence of readily ascertainable market values. There are no investments with parties or in entities related to the County. Fixed income securities are valued based on yields currently available on comparable securities of issuers with similar credit ratings.

*D Administrative Expenses* – The administrative expenses of the System are charged to the respective Plans on the basis of its percentage ownership in the System’s net position. Expenses are paid either by the County or from a separate cash account held by the custodian. Because of the commingled nature of funds, payments may be from either investment earnings or contributions. The total administrative expenses incurred during the year ended December 31, 2022 were \$1,731,452 of which approximately \$760,694 was initially paid through the County’s Accounts Payable department and subsequently reimbursed to the County by the System. The System is administered by employees within the County’s Office of Personnel and the Office of Finance. Some administrative costs are allocated to the Pension System and paid by the Custodian. Certain administrative costs are paid by the County’s General Fund and reimbursed by the System to the County.

*E Income Taxes* – The System qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is exempt from income taxation as allowed by Section 501(a) of the IRC.

*F Summarized Financial Information* – The financial statements include prior-year combined comparative information for the System. This prior-year information is not presented at the individual Plan level. These financial

statements should be read in conjunction with the System’s audited financial report from 2021, from which the combined prior-year amounts were derived.

*G New GASB Pronouncements* – For the year ended December 31, 2022, there were no new GASB pronouncements to be implemented.

## **2 General Description of the System**

*A Covered Membership* – Membership in each plan consisted of the following as of December 31, 2022 based on the January 1, 2023 actuarial valuation:

	Employees' Retirement Plan	Police Service Retirement Plan	Fire Service Retirement Plan	Detention Officers' and Deputy Sheriffs' Plan	Total
Retirees and beneficiaries receiving payments	2,201	817	677	345	4,040
Terminated Plan members entitled to but not yet receiving payments	293	-	-	3	296
Deferred Retirement Option (DROP)	-	78	82	43	203
Active Plan members	2,156	680	802	293	3,931
Total	<u>4,650</u>	<u>1,575</u>	<u>1,561</u>	<u>684</u>	<u>8,470</u>

*B Plan Description, Contribution Information and Vesting* – The following description of the System provides only general information. Participants should refer to the most recent Summary Plan Description booklets for a more complete description of the respective Plan’s provisions.

### Employees’ Retirement Plan

*Plan Description* – The Employees’ Retirement Plan is a single-employer defined benefit pension plan that covers all full-time general employees of the County who are not included in any other pension plan, as well as employees of Anne Arundel Economic Development Corporation. The Plan provides retirement, disability, and death benefits to Plan members and their beneficiaries pursuant to two separate benefit structures, Tier I and Tier II. Cost-of-living adjustments (COLAs) are also provided pursuant to County legislation.

*Contributions* – Contribution rates for participants are established through County legislation. Employees who elect to be in Tier I are required to contribute 4.0% of their annual covered salary. Tier II employees are not required nor permitted to make contributions. The County provided monthly contributions to the Plan based on the actuarially determined contribution for 2022 of \$43,712,093, as determined by the Plan’s consulting actuary.

*Cliff Vesting* – Participants hired on or before June 30, 2015 will be fully vested after their fifth year of service. Termination prior to the fifth year will result in the return of all employee contributions, if applicable, plus 4.25% interest per annum with no additional benefits available. Participants hired on or after July 1, 2015 will be fully vested after their tenth year of service. Termination prior to the tenth year will result in the return of all employee contributions, if applicable, plus 4.25% interest per annum with no additional benefits available.

### Police Service Retirement Plan

*Plan Description* – The Police Service Retirement Plan is a single-employer defined benefit pension plan that covers the following classes of workers: Police Officer, Police Sergeant, Police Lieutenant, Police Captain, Police Major, Deputy Police Chief, and (by election) the Chief of Police. The Plan provides retirement, disability, and death benefits to Plan members and their beneficiaries. COLAs are also provided pursuant to County legislation.

Contributions – Contribution rates for participants are established through County legislation. Plan participants are required to contribute 7.25% of their annual covered salary. The County provided monthly contributions to the Plan based on the actuarially determined contribution for 2022 of \$37,521,975, as determined by the Plan’s consulting actuary.

Normal Retirement – Participants hired on or after February 25, 2002 will be fully vested on the earlier of their attainment of age 50 and completion of their fifth year of service, or their completion of 20 years of service. Participants hired before February 25, 2002 will be fully vested on the earlier of their attainment of age 50 or completion of 20 years of service. Termination prior to attainment of Normal Retirement will result in the return of all employee contributions, if applicable, plus 3.0% interest per annum with no additional benefits available.

Fire Service Retirement Plan

Plan Description – The Fire Service Retirement Plan is a single-employer defined benefit pension plan that covers the following classes of workers: Fire Fighter II, Fire Fighter III, Fire Fighter Cardiac Rescue Technician, Fire Fighter/Emergency Medical Technician-Paramedic, Fire Lieutenant, Fire Captain, Fire Battalion Chief, Fire Division Chief, Fire Deputy Chief, and (by election) the Fire Administrator. The Plan provides retirement, disability, and death benefits to plan members and their beneficiaries. COLAs are also provided pursuant to County legislation.

Contributions – Contribution rates for participants are established through County legislation. Plan participants are required to contribute 7.25% of their annual covered salary. The County provided monthly contributions to the Plan based on the actuarially determined contribution for 2022 of \$32,340,864, as determined by the Plan’s consulting actuary.

Normal Retirement – Participants who retire on or after July 1, 2002 will be fully vested on the earlier of their attainment of age 50 and completion of their fifth year of service, or their completion of 20 years of service. Participants who retired prior to July 1, 2002 will be fully vested on the earlier of their attainment of age 50 and completion of 5 years of service. Termination prior to attainment of Normal Retirement will result in the return of all employee contributions, if applicable, plus 3.0% interest per annum with no additional benefits available.

Detention Officers’ and Deputy Sheriffs’ Retirement Plan

Plan Description – The Detention Officers’ and Deputy Sheriffs’ Retirement Plan is a single-employer defined benefit pension plan that covers the following classes of workers: Detention Officer I, Detention Officer II, Detention Officer III, Correctional Program Specialist I, Correctional Program Specialist II, Criminal Justice Program Supervisor, Security Administrator, Correctional Facility Administrator, Assistant Correctional Facility Administrator, Deputy Sheriff I, Deputy Sheriff II, Deputy Sheriff III, Deputy Sheriff IV, and (by election) the Superintendent of Detention Facilities. The plan provides retirement, disability, and death benefits to Plan members and their beneficiaries. COLAs are also provided pursuant to County legislation.

Contributions – Contribution rates for participants are established through County legislation. Plan participants are required to contribute 6.75% of their annual covered salary. The County provided monthly contributions to the Plan based on the actuarially determined contribution for 2022 of \$11,362,002, as determined by the Plan’s consulting actuary.

Cliff Vesting – Participants will be fully vested on the attainment of age 50 and completion of their fifth year of service. Termination prior to attainment of Normal Retirement will result in the return of all employee contributions, if applicable, plus 4.25% interest per annum, with no additional benefits available.

*C Legislative Changes for the Past Five Years*

*Bill No. 56-16* added interest in the 6th year of DROP for Police and DO/DS plans and added the exception to the benefit reduction for retired police officers who participated in the DROP program reemployed into a position in the Sheriff’s or State’s Attorney’s Office requiring certification as a police officer.

*Bill No. 86-16* modifies provisions of the County Code relating to the Employees' Retirement Plan ("the Plan") so that new employees will have the option to make an irrevocable election to participate in either Tier One or Tier Two of the Plan within the first 30 days of hire. The bill will eliminate current Code language allowing employees who elect Tier Two to transfer to Tier One within five years of hire.

*Bill No. 78-17* eliminates the reduction in benefit for DROP retirees participating in the Police Service Retirement Plan and the Detention Officers' and Deputy Sheriffs' Retirement Plan, and DROP retirees from the Fire Service Plan who retired from non-represented positions, if they are reemployed in any capacity that meets the exceptions set forth in § 5-1-203(c)(1). The bill also adds an exception under § 5-1-203(c) for any retirees (including DROP participants) who are reemployed into a grant-funded contractual position under §802(a)(17) of the Charter.

There will be no reduction in retirement benefits for police officers, detention officers, deputy sheriffs, or fire deputy and division chiefs retiring in the DROP, so long as they retired as a classified employee and are reemployed in an exempt 1500-hour contractual position, a grant-funded contractual position, or in a position with the Sheriff or State's Attorney's offices that requires certification as a police officer. The bill also allows any retiree formerly employed in the classified service to work in a grant-funded contractual position without a reduction in benefits.

If the affected DROP retirees are reemployed in a position in the classified service, however, they will have a reduction in retirement benefits during the reemployment as required under § 5-1-203(b). This is the same for other County retirees who were previously employed in the classified service. DROP retirees in the Fire Service Retirement Plan who retire from a represented position will continue to have the retirement benefit reduction required by § 5-1-515 upon reemployment.

*Bill No. 95-17* created the new 401(a) Employee Retirement Savings Plan. Effective July 1, 2018, any employee hired in any position eligible to participate in the Employees' Retirement System shall have the election to choose the Employee Retirement Savings Plan. Employee contribution for the Savings Plan is 4% and there is an 8% employer contribution. An employee vests in the new plan in 5 years.

*Bill No. 66-18* modifies the interest earned on accounts for certain employees who participated in the Deferred Retirement Option Program (DROP). Participants of the Fire Service Retirement Plan, except for those in the classification of Battalion Chief, are eligible for interest in the 6th year of DROP after July 1, 2018. Participants in the DROP from the Police Service Retirement Plan and Detention Officers' and Deputy Sheriffs' Retirement Plan are already eligible for interest in the 6th year.

Bill No. 54-20 permits that employees in the classifications of Correctional Program Specialist and Criminal Justice Program Specialist as of the effective date of the legislation participate in the DROP program. All new employees hired as CPS or CJPS will be enrolled in the Employees' Retirement Plan.

Bill No. 55-20 requires Appointing Authority approval for year 6 of the DROP for Battalion Chiefs and permits Battalion Chiefs to earn interest in year 6 of the DROP. Police Sergeants and Police Lieutenants no longer require Appointing Authority approval to extend DROP participation for year 6.

Bill No. 70-20 states that each of the pension plans provide pension benefits for an employee who is or becomes totally and permanently disabled and meets certain criteria. To be eligible for a disability pension, the plan requires that the disability prevent the participant from performing the duties of the participant's regular duties. The purpose of the bill is to eliminate the participant's ability to perform any other assignment within their Department as a disqualifying factor for a service connected disability.

Bill No. 79-21 allows Battalion Chiefs to extend their DROP participation period to the sixth year without approval of the Fire Chief.

Bill No 100-21 Clarifies that the exception to the reduction in pension benefit for rehired classified employees who are reemployed in a contractual position pursuant to § 802(a)(14) of the County Charter is limited to the first 1500 hours per calendar year.

Bill No. 27-22 Allows modification of an election of contingent annuitant for participants who designated same sex partner prior to 01/01/2013 and subsequently married the contingent annuitant after change to Maryland law on same sex marriage.

Bill No. 61-22 Allows Fire Division Chief, Fire Deputy Chief, Fire Assistant Chief, or Fire Chief to participate in the sixth year of DROP with appointing authority approval.

### **3 Deferred Retirement Option Program (DROP)**

The Police Service, Fire Service and Detention Officers' and Deputy Sheriffs' Retirement Plans offer DROP plans. These programs permit a Plan member to be credited for benefit payments into an individual account within the Plan while continuing to provide services to the employer and to be paid a salary. All Plans allow accumulation of pension after 20 years of County service. DROP period must be between 3 and 5 years. Members may remain in DROP for a sixth year, but no interest shall be credited to the DROP account in the sixth year. The lump sum values held by the System pursuant to the DROP programs are \$15,970,892 for the Police Service Plan, \$16,859,863 for the Fire Service Plan and \$5,248,375 for the Detention Officers' and Deputy Sheriffs' Retirement Plan.

### **4 Net Pension Liability of the System by Plan**

The components of the net pension liability and assumptions for each Plan at December 31, 2022 based on the actuarial valuations are displayed below. The valuation date is the measurement date of December 31, 2022.

	<b>Employees' Retirement Plan</b>	<b>Police Service Retirement Plan</b>	<b>Fire Service Retirement Plan</b>	<b>Detention Officers' and Deputy Sheriffs' Retirement Plan</b>	<b>Total</b>
Total pension liability	\$ 1,122,510,497	\$ 949,292,672	\$ 867,959,209	\$ 256,150,110	\$ 3,195,912,488
Plan fiduciary net position	<u>(701,144,795)</u>	<u>(618,001,320)</u>	<u>(617,263,588)</u>	<u>(171,320,025)</u>	<u>(2,107,729,728)</u>
Plan net pension liability	<u>\$ 421,365,702</u>	<u>\$ 331,291,352</u>	<u>\$ 250,695,621</u>	<u>\$ 84,830,085</u>	<u>\$ 1,088,182,760</u>
Plan fiduciary net position as a percentage of the total pension liability	62.46%	65.10%	71.12%	66.88%	65.95%

Note to schedule Source is actuarial data based on preliminary financials. The difference between this schedule and the final combining statement of changes in fiduciary net position on Page 14 are considered immaterial.

Actuarial assumptions The total pension liability was determined by an actuarial valuation as of December 31, 2022 using the following summarized actuarial assumptions, applied to all periods in the measurement. Full descriptions of the actuarial assumptions are available in the January 1, 2023 valuation reports. The most recent Experience and Assumption Study was conducted in 2018 for the period 2012 to 2016.

Inflation 3.00% 3.00% 3.00% 3.00%

Salary increases Rates vary by participant age for each Plan.

Investment rate of return 7.00%, net of pension plan investment expense, including inflation for each Plan.

Mortality Scale RP-2014 Blue Collar Mortality Table for males and females projected generationally using scale MP-2018.

Set forward for post-disability mortality. 9 years 5 years 5 years 5 years

The above is a summary of key actuarial assumptions. Full descriptions of the actuarial assumptions are available in the Actuarial Statement Section included in this Annual Comprehensive Financial Report.

*Discount Rate* – The discount rate used to measure the total pension liability was 7.00% as of December 31, 2022. The projection of cash flows used to determine the discount rate assumed plan contributions will be made in amounts consistent with statutory provisions and recognizing the System's current funding policy and cost-sharing mechanism between employers and members. For this purpose, all contributions that are intended to fund benefits for all plan members and their beneficiaries are included, except that projected contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included.

Based on those assumptions, the System’s fiduciary net position was projected to be available to make all projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of December 31, 2022.

*Sensitivity of the net pension liability to changes in the discount rate* – The following schedule presents the net pension liability, calculated using the discount rate of 7.00%, as well as what the Plan’s net pension liability would be if it were calculated using a discount rate that is 1.0 percentage point lower (6.00%) or 1.0 percentage point higher (8.00%) than the current rate.

	<b>Employees'</b>	<b>Police Service</b>	<b>Fire Service</b>	<b>Detention Officers'</b>
	<b><u>Retirement Plan</u></b>	<b><u>Retirement Plan</u></b>	<b><u>Retirement Plan</u></b>	<b><u>Retirement Plan</u></b>
1% Decrease to 6.00%	\$ 551,071,288	\$ 460,871,131	\$ 370,067,075	\$ 115,770,837
Current Discount Rate 7.00%	\$ 421,365,702	\$ 331,291,350	\$ 250,695,622	\$ 84,830,087
1% Increase to 8.00%	\$ 312,424,385	\$ 226,596,660	\$ 153,960,355	\$ 59,259,997

*Long Term Expected Returns* – For investment purposes, the four Plans which comprise the System are managed on a commingled basis and the long-term expected rates of investment return are the same for each Plan. The long-term (30-year) expected rate of return on pension System investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by using an optimizer program that relies on the arithmetic return inputs, the standard deviation forecast (risk) for each asset class, and the correlations among them. The result is a 30-year nominal, geometric, net-of-fee return forecast for the pension assets. The 30-year real rate of return is calculated by netting the inflation assumption out of the nominal forecast. The nominal and real rates of return forecasts for each major asset class included in the pension System’s target asset allocation of December 31, 2022 (see the discussion of the System’s investment policy) are summarized in the following table:

**30-Year Return Assumptions by Asset Class  
As of December 31, 2022**

Asset Class	30-Year Geometric Forecast	
	(Nominal Returns)	(Real Returns)
Core Fixed Income(1)	4.85%	2.10%
High-Yield Bonds	7.81%	4.60%
Emerging Market Debt (External)	7.58%	4.18%
Emerging Market Debt (Local Currency)	6.89%	3.50%
Large Cap Equity	8.17%	4.27%
Small/Mid Cap Equity	9.25%	4.72%
International Equities (Unhedged)	8.37%	4.06%
Emerging Int'l Equities	12.95%	6.89%
Private Equity	12.86%	7.40%
Private Debt	9.74%	6.43%
Real Estate	7.99%	3.85%

Notes

NEPC's 30-year geometric CPI inflation assumption is 2.54%.

(1) Core Bonds assumption based on market weighted blend of Bloomberg Barclays US Aggregate Bond Index (Treasuries, IG Credit, MBS).

**5 Risks and Uncertainties**

The System may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities may occur in the near-term and that such changes could materially affect the amounts reported in the Statement of Fiduciary Net Position.

**6 Investments**

*A General Investment Policy* – The System operates under the “Prudent Person” rule used herein, meaning that in investing, the governing authorities of the systems, funds and plans, shall exercise the judgment and care under the circumstances then prevailing, that an institutional investor of ordinary prudence, discretion, and intelligence exercises in the management of investments entrusted to it, not in regard to speculation, but in regard to the permanent disposition of funds, considering probable safety of capital as well as probable income. Investments are made in full accordance with any and all applicable Maryland statutes, as well as any other applicable legislation or regulation, state, federal or otherwise. The roles and responsibilities of the Board of Trustees, the Investment Committee, the Investment Consultant, the Investment Managers and the Custodian are clearly defined. The Board has established a diversified portfolio to meet the System’s return requirements. The table below summarizes the target asset allocation.

Asset Class	Market Target (%)	Minimum Exposure (%)	Maximum Exposure (%)
Domestic Equity	31	22	41
International Equity	17	7	27
Emerging Market Equity	7	0	12
Domestic Fixed Income	20	6	37
Emerging Market Debt	5	0	10
Private Markets	12	1	21
Real Estate	6	0	11
Cash	2	0	10

*B Investments Authorized* – The System is authorized to invest in U.S. Government securities, insurance company general accounts, commercial paper, money market mutual funds, corporate bonds, common and international stocks, limited partnerships, absolute return funds, private equity, mortgage participation notes and real estate. State statutes do not prohibit the System from participating in securities lending transactions. (See Note 7 to the basic financial statements for additional information concerning the System’s security lending transactions.)

*C Custodial Credit Risk, Deposits* – Custodial credit risk for deposits is the risk that the System will not be able to recover its deposits, in the event of the failure of a depository financial institution or will not be able to recover collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the System, and are held by either a counterparty or the counterparty’s trust department or agent but not in the System’s name. As of December 31, 2022, there were no investments that met this criteria.

*D Concentration Risk* – Concentration risk is the risk of loss to the System attributed to the magnitude of the System’s investment in a single issuer. As of December 31, 2022, there was no exposure to a single issuer greater than 5.0% of the plan net position, excluding investment pools. The System’s Investment Policy Statement sets maximum concentration limits by asset type and style.

*E Rate of Return* – For the year ended December 31, 2022, the annual money-weighted rate of return on pension system investments, net of System expenses, was -10.8%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

*F Interest Rate Risk* – Interest rate risk is the risk that changes in interest rates will adversely affect the value of an investment. The fair value of fixed income (debt) securities is affected by increases and declines in interest rates. These investments may also have embedded call features allowing the issuer to redeem part or all of the issue prior to maturity at a pre-set price. In addition, debt issues may have interest rates that vary according to a pre-determined external index (Secured Overnight Financing Rate) or a pre-determined step-up in the interest rate at a pre-determined date(s). The Investment Policy Statement (IPS) sets limits on floating rates for mortgage backed securities and establishes limits on the average duration of some investment types.

Anne Arundel County Retirement and Pension System  
Notes to the Basic Financial Statements

The following table uses the *Segmented Time Distribution* method to display the System's debt holdings by maturity term and investment type. Some issues within the categories agencies/instrumentalities, corporate bonds, collateralized mortgage obligations, and other asset-backed securities have variable rate features. The total fair value of these securities was \$8,028,031 as of December 31, 2022.

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less than 1 year	1 to 5	6 to 10	over 10
Money market pools	\$ 68,839,140	\$ 68,839,140	-	-	-
Agency/Instrumentalities	35,539,231	705,135	171,430	818,827	33,843,839
Bank Loans	7,698,664	398,172	6,657,272	643,220	-
Bond Mutual Funds	272,602,181	272,602,181	-	-	-
Collateralized Mrtg Obligations	6,436,050	-	561,770	294,440	5,579,840
Corporate Bonds	112,353,209	271,735	54,930,225	45,337,465	11,813,784
Foreign and Yankee Bonds	16,330,619	255,052	11,090,547	2,318,451	2,666,569
Other Asset-Backed Securities	1,591,980	-	-	165,287	1,426,693
U.S. Treasuries	26,288,609	7,321,600	4,126,576	3,688,890	11,151,543
Totals	\$ 547,679,683	\$ 350,393,015	\$ 77,537,820	\$ 53,266,580	\$ 66,482,268

The segmented time distribution table includes issues with call features and assumes that these issues will be held to maturity. The total fair market value of callable securities totals \$114,329,539 with call dates ranging from January 4, 2022, for continuously callable issues, to August 5, 2069. The callable holdings include issues with floating interest rates which have a market value of \$11,611,441.

*G Credit Risk* – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations to the System. Debt securities are rated by Nationally Recognized Statistical Rating Organizations to provide purchasers with an opinion of the capability and willingness of a borrower to re-pay its debt. The following table displays the System's debt holdings and quality ratings from Standard & Poor's. The Investment Policy Statement provides guidelines to all fixed income managers related to allowable quality ratings.

	Total Fair Value	Standard & Poor's Credit Ratings			
		AAA - A	BBB - B	CCC - C	NR
Aetna insurance pool fixed income	20,071,222	-	-	-	20,071,222
Agency/instrumentalities	35,539,231	-	1,061,951	-	34,477,280
Bank loans	7,698,664	98,123	-	-	7,600,541

Yankee & foreign gov. issued	16,330,619	3,637,382	12,575,273	117,964	-
Total credit risk of debt securities	\$ 541,462,296	\$ 18,801,235	\$ 111,211,966	\$ 706,303	\$ 410,742,792
US gov't & agencies *	26,288,609				
Total debt securities	\$ 567,750,905				

\*U.S. government agency securities explicitly guaranteed by the U.S. government are categorized here.

*H Foreign Currency Risk* – The investment policy recognizes the value of global diversification. A maximum of 66.0% in international/global exposure is allowed. The System retains six managers for global and international equity and fixed income exposure. These managers may also purchase or sell currency on a spot basis and may enter into forward exchange contracts on currency provided that the use of such contracts is designed to dampen portfolio volatility or to facilitate the settlement of securities transactions.

There is potential risk with exposure to foreign currency relating to potential unfavorable fluctuation of exchange rates compared with the U.S. Dollar. The System's direct exposure to foreign currency was zero as of December 31, 2022. The fair market value of international/global equities and fixed income assets that were managed in pooled funds totaled \$540,011,258 as of December 31, 2022.

*I Fair Value Measurement* – The System categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset and give the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs, and Level 3 inputs are significant unobservable inputs. As of December 31, 2022 all short-term investments were in money market mutual funds which are not subject to the fair value measurement requirements.

Level 1	Unadjusted quoted prices in active markets for identical instruments.
Level 2	Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuation in which all significant inputs are observable.
Level 3	Valuations derived from valuation techniques in which significant inputs are unobservable.

Investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy.

Anne Arundel County Retirement and Pension System  
Notes to the Basic Financial Statements

The following table shows the fair value leveling of the System's investment portfolio at December 31, 2022.

Pension System Assets at Fair Value December 31, 2022

<b>Total Investments</b>	<b>\$ 2,108,698,069</b>			

Securities classified in Level 1 are valued using quoted prices in active markets for those securities. Securities classified in Level 2 and Level 3 are valued using methodologies such as various bid evaluations, market averages and other matrix pricing techniques as well as values derived from associated traded securities or last trade

data. In instances where inputs used to measure fair value fall into different levels, the fair value is categorized based on the lowest level input that is significant to the valuation.

Investments valued at the net asset value per share (or its equivalent) have been classified separately in the table above and include investments considered to be Alternative Investments as defined by the American Institute of Certified Public Accountants. The definition includes investments for which a readily determinable fair value does not exist (that is, investments not listed on national exchanges or over-the-counter markets, or for which quoted market prices are not available from sources such as financial publications, the exchanges, or NASDAQ). These types of investments can be held within any of the asset classes used by the System based on underlying portfolio holdings and analysis of risk and return relations. These investments can be structured in different ways, including limited partnerships, limited liability companies, common trusts, and mutual funds. Some are closed-ended with a specific life and capital commitments while others are open-ended with opportunity for ad hoc contributions or withdrawals and termination with proper notice.

*Commingled/Mutual Funds:* These types of funds are open-ended funds and may be utilized for a variety of asset classes, including equity, fixed income, and Real Estate Investment Trusts (REITS). They are funds made up of underlying securities that have readily available fair values (publicly traded stocks or bonds). The System owns units of these funds rather than the individual securities. Contributions or withdrawals from the funds can be made as needed, generally with daily or monthly liquidity, with a notice period of one to thirty days. Because they are liquid funds, there are no unfunded commitments for these types of investments.

*Private Markets:* Private Market investments are typically private interests in corporations across different areas of the capital structure and in different stages of the corporations' development via limited partnership vehicles. Private Market investments are illiquid and long term in nature (10-12 years), typically held until maturity. These portfolios generally have a "J-Curve Effect" whereby there are low to negative returns in the initial years due to the payment of investment management fees and initial funding of investments made by the General Partner during a period when investments are typically carried at cost and returns have not been realized. To diversify the program, investments are made across business cycles, vintage years, and different strategies. The Systems' Investment Policy Statement has a dedicated asset class for Private Markets. There is no option to request redemptions from the Private Market funds.

## **7 Securities Lending**

The Board of Trustees authorizes the System to lend securities held by the custodian, State Street Bank and Trust Company, to broker-dealers and other entities with a simultaneous agreement to return the collateral for the same securities in the future. The System's Lending Agent is Deutsche Bank AG (DB). Deutsche Bank AG lends securities for collateral in the form of cash or other securities of 102 percent for domestic securities and 105 percent for international. Cash collateral received by the System with respect to these transactions is invested in a separate, un-pooled account basis at the direction of the Board of Trustees in fully collateralized Repurchase Agreements.

At year end, the System had no credit risk exposure to borrowers because the amount of collateral held by the System was greater than the value of securities on loan. The market value of collateral held as of December 31, 2022 was \$93,450,204, of which \$91,028,942 was cash and \$2,421,263 were U.S. Treasury securities. The market value of securities on loan for the System as of December 31, 2021 was \$91,289,193.

The System did not impose any restrictions during the year on the amount of the loans that the agent made on its behalf. Moreover, there were no losses during the year resulting from a default of the borrowers or custodian.

All security loans can be terminated on demand by either the System or the borrower. Cash collateral received was invested in Repurchase Agreements, which as of December 31, 2022 had a weighted average final maturity of 1.0 day. The interest rate risk is zero days as assets and liabilities can be rate changed on a daily basis.

## **8 Financial Instruments With Off-Balance Sheet Risk**

*Mortgage-Backed Securities* – A mortgage-backed security depends on the underlying pool of mortgage loans to provide the cash flow to make principal and interest payments on the security. A decline in interest rates can result in prepayments, which reduce the fair value of the security. If homeowners pay on mortgages longer than anticipated, the cash flows are greater and the return on investment would be higher than anticipated. A collateralized mortgage obligation (CMO) is a mortgage-backed security that is comprised of classes or tranches of bonds. Each class is structured to achieve a specific level of cash flow based on the prepayment assumptions assigned to the underlying mortgage pool.

The System invests in mortgage-backed securities to enhance fixed income returns. Mortgage-backed securities are subject to credit risk, the risk that the borrowers will be unable to meet their obligations. These securities are also subject to prepayment risk, which is the risk that a payment will be made in excess of the regularly scheduled principal payment. Prepayment risk is comprised of two risks: call risk, (the risk that prepayments will occur when interest rates have declined), and extension risk, (the risk that prepayments will not be made when interest rates have increased.) As of December 31, 2022, the fair value of government mortgage-backed securities was \$26,288,608, asset-backed securities was \$1,591,980, and CMO's was \$6,436,051. These are included in the corporate obligations total on the Statement of Fiduciary Net Position.

## **9 Exposure to Derivatives**

Derivative instruments are securities that derive value from another asset and are in the form of a contract between two or more parties. Common derivatives are futures contracts, forwards contracts, options, and swaps. The System has no direct exposure to derivative securities. There are, however, mutual funds, commingled funds, and other investment vehicles in which the System has a percentage ownership that have exposure to futures, currency forward contracts, commodity forward contracts, and total return swap contracts. These funds enter into derivative contracts as part of their investment strategies to mitigate risk and volatility.

A derivative policy statement is included in the Investment Policy Statement (IPS). Prohibited instruments include options, commodities, uncovered options or futures, uncovered short positions, short selling, and use of financial leverage. The derivative exposure as of December 31, 2022 within the mutual funds, commingled funds, and other investment vehicles is comprised of allowable instruments based on the IPS.

## **10 Contingencies**

Certain legal proceedings are pending against the System arising from its normal activities that, based on the facts presently available and the advice of legal counsel, management believes will not have a material adverse effect on the System's financial condition upon settlement.

## **11 Commitments**

The System has committed to fund various private market investments totaling \$516.8 million at December 31, 2022, of which approximately \$132.3 million remains unfunded. Additional details regarding the unfunded balances are in Note 6. The expected funding dates for these commitments extend through 2028.

## **12 Subsequent Events**

The system evaluated subsequent events through June 14, 2023, the date the financial statements were available to be issued. Events or transactions occurring after December 31, 2022, but prior to June 14, 2023 that provided additional evidence about conditions that existed at December 31, 2022, have been recognized in the financial statements for the year ended December 31, 2022. Events or transactions that provided evidence about conditions that did not exist at December 31, 2022, but arose before the financial statements were available to be issued have not been recognized in the financial statements for the year ended December 31, 2022.

**Notes to Schedule**

Valuation Date: Actuarially determined contribution amounts are calculated as of each January 1 for the upcoming County fiscal year beginning Actuarial valuations are performed every year.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Projected Unit Credit
Amortization method	Level percentage of payroll, closed, increasing 3.0% per year.
Remaining amortization period	Periods range from 12 to 21 years. Starting with new bases in 2018, assumption changes and gains and losses are amortized over 20 years and Plan changes are amortized over the average future service of the active population at the time of the change.
Asset valuation method	5-year smoothed market.
Inflation	3.00%
Salary increases	Rates vary by participant age.
Investment rate of return	7.00% Net of pension plan investment expense, including inflation.
Retirement age	Rates vary by participant age and service.
Mortality	RP-2014 Blue Collar Mortality Table for males and females projected generationally using scale MP-2018. A nine-year set forward is used for post-disability mortality.

**Notes to Schedule**

Valuation Date: Actuarially determined contribution amounts are calculated as of each January 1 for the upcoming County fiscal year beginning  
Actuarial valuations are performed every year.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Projected Unit Credit
Amortization method	Level percentage of payroll, closed, increasing 3.0% per year.
Remaining amortization period	Periods range from 12 to 21 years. Starting with new bases in 2018, assumption changes and gains and losses are amortized over 20 years and Plan changes are amortized over the average future service of the active population at the time of the change.
Asset valuation method	5-year smoothed market.
Inflation	3.00%
Salary increases	Rates vary by participant age.
Investment rate of return	7.00% Net of pension plan investment expense, including inflation.
Retirement age	Rates vary by participant age and service.
Mortality	RP-2014 Blue Collar Mortality Table for males and females projected generationally using scale MP-2018. A five-year set forward is used for post-disability mortality.

## **Investment Section**

**INTRODUCTION:**

The following is a review of investment activity of the System with discussion and comparisons to general investment market trends. NEPC, LLC (NEPC), the Investment Advisor, prepared this review using information provided by State Street Bank, the Custodian Bank. The following table illustrates the System’s cumulative, net-of-fee, returns in relation to its actuarially assumed rate of return:

NEPC

continues to serve as the System’s pension and investment consultant. In 2022, the System made a \$20 million private equity commitment to the Apogem Private Equity Fund X and a \$30 million re-up to Warburg Pincus Global Growth XIV. The System terminated Southeastern during the year.

**MARKET COMMENTARY:**

**GLOBAL EQUITY MARKETS**

First Quarter 2022

Ongoing geopolitical tensions and tighter monetary policy amid persisting inflationary pressures weighed on capital markets in March. The FOMC hiked rates for the first time since 2018, increasing interest rates by 25 basis points to a range of 0.25%-0.50%. Further, policymakers revised upwards their forecast for interest rates and inflation and signaled for more aggressive monetary policy tightening to control inflation. As a result, market expectations for the number of Fed rate hikes in 2022 have increased to nine from five. Despite these headwinds, the S&P 500 Index posted its first monthly gain in 2022, rising 3.7% and paring year-to-date losses to 4.6%. Non-U.S. developed equities were also in the black with the MSCI EAFE Index up 0.6% last month. Chinese equities lagged as market sentiment weakened due to geopolitical uncertainty and a surge in COVID-19 cases, which prompted lockdowns in parts of China. As a result, the MSCI Emerging Market and MSCI China indexes fell 2.3% and 8%, respectively.

Second Quarter 2022

The rout in equities spilled into the second quarter as heightened geopolitical tensions, high inflation and dramatic increases in interest rates ratcheted up concerns of a recession. Major indexes declined sharply with the S&P 500 Index down 16.1% while European stocks fared slightly better with the MSCI EAFE Index losing 14.5%; emerging markets led performance with losses of 11.4%, according to the MSCI EM Index.

In line with the previous quarter, value stocks bested growth equities and large-cap equities outperformed small-cap stocks. Within sectors, energy was the relative outperformer, while information technology and consumer discretionary lagged.

Third Quarter 2022

The selloff in equities continued into the third quarter as heightened geopolitical concerns, high inflation, and a hawkish stance from central banks around the world underscored concerns around an economic slowdown. International equities experienced the steepest declines for the three months ended September 30; their performance was exacerbated, in part, by the strengthening U.S. dollar. Chinese stocks, in particular, had a rough quarter with the MSCI China Index down 22.5%. Taking a cue from publicly traded markets, private equity activity was subdued in the third quarter. While

fundraising kept pace with the outsized levels of 2021 for the first six months of this year, both fundraising and deal activity slowed significantly in the third quarter as investors reassessed macroeconomic conditions and the market environment. Fundraising totaled \$148 billion in the third quarter, according to data from Preqin. Although valuations are yet to fully reset, the late-stage venture market has felt the slow down, with crossover investors—public-market investors and hedge funds—deploying fewer dollars for a fourth consecutive quarter. For the three months ended September 30, deal activity across U.S. private equity, at \$186 billion, was the lowest since 2020, according to data from PitchBook. Similarly, deal value across venture capital, totaling \$43 billion, hit a new low since 2020, according to data from PitchBook.

#### Fourth Quarter 2022

Stocks ended the fourth quarter in the black, but the gains were overshadowed by the broader losses of 2022 as persistent and elevated inflation, slowing economic growth, and a hawkish stance from central banks underscored concerns around an economic slowdown. In the U.S., the S&P 500 Index gained 7.6% in the fourth quarter; in the same period, international equities outperformed with the MSCI EAFE Index up 17.3% and the MSCI ACWI ex U.S. Index returning 14.3% driven by better-than-expected earnings and a selloff in the U.S. dollar. Meanwhile, private equity markets experienced lower valuations as the year pressed on. Fundraising totaled \$285.9 billion in the fourth quarter, according to data from Preqin, compared to \$386.3 billion a year earlier. For the year, fundraising totaled \$1.3 trillion, modestly down from 2021, despite a significant drop in the second half of the year amid heightening economic concerns and limited partners (LPs) exhausting 2022 commitments earlier on in the year. New deal activity declined in the fourth quarter and in 2022, while private equity and venture exits were also significantly lower. Private equity deal activity in the U.S. totaled \$234 billion, according to PitchBook, down 36% from a year earlier. Similarly, deal value across venture capital, totaling \$36 billion for the three months ended December 31, was down 36% from a year ago, according to data from PitchBook. Exit activity for U.S. private equity experienced a steeper slowdown in the fourth quarter, totaling \$54 billion, a 73% drop from a year earlier, according to PitchBook. Exit value for venture stood at \$5 billion, 97% lower than a year ago.

#### 2022 Summary of Results – Global Equity

For comparison, the following table illustrates equity index returns across geographies, economic regions, and styles for the year and trailing time periods:

Index	1 YR	3 YR	5 YR	10 YR
<b>MSCI ACWI</b>	-18.4%	4.0%	5.2%	8.0%
<b>S&amp;P 500</b>	-18.1%	7.7%	9.4%	12.6%

<b>Russell 2500</b>	-18.4%	5.0%	5.9%	10.0%
<b>MSCI EAFE</b>	-14.5%	0.9%	1.5%	4.7%
<b>MSCI EM</b>	-20.1%	-2.7%	-1.4%	1.4%

### GLOBAL FIXED INCOME MARKETS

#### First Quarter 2022

In fixed income, the U.S. Treasury yield curve shifted higher due to expectations of tighter monetary conditions. The two- and 10-year Treasury yields increased 86 and 49 basis points, respectively, and the spread narrowed to four basis points. As a result, fixed-income assets broadly declined, while longer-duration assets underperformed: the Bloomberg Long Treasury Index fell 5.3% for the month. Further, inflation expectations continued to trend higher, with the 10-year breakeven inflation rate up 22 basis points to 2.8%. Despite higher inflation expectations, the Bloomberg U.S. TIPS Index fell 1.9% as higher real yields impacted prices.

#### Second Quarter 2022

Volatility reigned in fixed-income markets in the second quarter, as headline CPI surged to 9.1%, hitting a 40-year high. In response, the Federal Reserve boosted the Fed Funds rate by 75 basis points in June—its largest move since 1994—while signaling a willingness to take a tough stance on inflation even at the expense of economic growth. Against this backdrop, the 10-year Treasury yield peaked at 3.47% on June 14—its highest reading since 2011—before ending the quarter at 3.02%. In addition, the yield curve flattened, with 10- and two-year spreads just above zero at the end of the second quarter. Investment-grade corporate spreads widened 39 basis points in the three months ended June 30, while agency mortgage spreads widened 22 basis points. As a result, the Bloomberg Aggregate Bond Index declined 4.7% in

Anne Arundel County Retirement and Pension System  
Investment Review  
For the Year Ended December 31, 2022

the second quarter, bringing year-to-date losses to 10.3%, the weakest six-month start to a year since inception. High-yield bonds also fared poorly amid widening credit spreads, down 9.8% in the second quarter, bringing year-to-date losses to 14.2% – a record low in performance for the first half of a year. Leveraged loans were in the red too, losing 5.3% in the second quarter.

Third Quarter 2022

Doubling down on its commitment to rein in inflation even at the expense of economic growth, the Federal Reserve boosted the Fed Funds rate by 75 basis points in September—its fifth rate hike this year—bringing the benchmark rate to 3%-3.25%. The yield on the 10-year Treasury touched 4% and projections for the year-end Fed Funds Rate rose 100 basis points to 4.38%. The central bank’s aggressive stance sent fixed-income and credit markets to new lows. High-grade debt was particularly hard hit: Treasuries, mortgage-backed securities and corporate bonds were down between 4.3% and 5.3% in the third quarter. With year-to-date losses at 14.6% for the BBG Aggregate Index, 2022 is on track to be the worst performing year in the Index’s 45-year history. High-yield corporate debt fared modestly better, as spreads had previously widened to stressed levels. There is marked performance dispersion by rating, with lower-rated bonds and loans—CCCs in particular—significantly underperforming, reflecting investors’ concern around credit worthiness. The leveraged loan market was the best relative performer with total losses for the year totaling 3.9%. Corporate debt defaults have ticked up from their historic lows, but remain well below average, with the 12-month default rate for bonds and loans at 0.83% and 1.14%, respectively.

Fourth Quarter 2022

The Federal Reserve boosted the Fed Funds rate by 75 basis points in October and 50 basis points in December—its sixth and seventh rate hike in 2022—bringing the benchmark rate to 4.25% to 4.5%, the highest level in 15 years. In 2022, the longstanding negative correlation between high-quality fixed income and stocks reversed. Credit declined alongside stocks, with losses of 13% for the BBG Aggregate Index. The hardest hit fixed-income sectors were long duration, with U.S. long Treasury down 29.3% for the year. In high-yield corporate debt, leveraged loans were the best relative performer, falling a modest 0.6% in total returns for the year as floating-rate coupons offset rising rates. In contrast, high-yield bonds fell 11.2%. However, credit spreads have stayed below 500 basis points, with limited defaults, underscoring relatively benign market expectations for credit.

2022 Summary of Results — Global Fixed Income

For comparison, the following table illustrates fixed income index returns and yields across regions, countries, and styles for the year and trailing time periods:

	1 YR	3 YR	5 YR	10 YR
<b>BBG Global Agg</b>	-16.2%	-4.5%	-1.7%	-0.4%

**GROWTH OF ASSETS AND ASSET ALLOCATION:**

As of December 31, 2022, the System’s net assets stood at \$2.1 billion, down approximately \$273.6 million for the year. At December 31, 2022, the System’s assets were in compliance with Policy and were allocated as follows:

**ASSET ALLOCATION**  
*(As of December 31, 2022)*

**INVESTMENT PERFORMANCE:**

For fiscal year ending December 31, 2022, the System’s assets were down -10.7%, net of fees. This also brought the System’s return since inception (September 1990) to 7.2%, net of fees. These returns were calculated using a time-weighted approach (i.e., compound interest).

The following table summarizes the System’s net-of-fee returns by asset category and compares them to relevant benchmarks:

### Investment Objectives

The Trustees of the Anne Arundel County Retirement System (System) seek to maintain the annual rate of pension contributions based on accepted actuarial practices, at a stable or declining percent of payroll. The Trustees also seek to maintain the funded ratio (market value of assets/actuarial value of benefits earned to date as measured by the Accrual Benefit Obligation) at a target level of 115% and in no event less than 100% in any given year. The System must remain capable of paying all benefits earned by employees. This principle is paramount and will not be compromised. Prudence is thus a mandatory factor in all decisions relating to the System. The disposition of the System's assets shall be made solely in the interest of the participants and their beneficiaries of the pension plan for exclusive purposes of providing benefits to such participants and their beneficiaries. Investments shall be made in a cost efficient manner, and reflect current industry best practices. The System return requirements are articulated in three separate ways:

- Nominal Returns – The actuarially required rate of return for the Fund is 7.00% annually, net of all fees and operating expenses. In order to achieve a buffer and have a somewhat higher likelihood of achieving the Fund's objective, the Board desires a net total return in excess of this 7.00% target.
- Real Returns – The Board is aware the preservation of purchasing power is driven by inflation. As the Consumer Price Index (CPI) is the most commonly accepted measure of inflation,
- Relative Returns – Total return shall rank in the top half of the appropriate public fund universe. Risk-adjusted returns should also rank in the top half of the same universe. Returns for investment managers shall exceed their respective benchmarks, as well as rank in the top half of the appropriate universe of managers adhering to the same investment strategy.

The Board further recognizes that the return targets described herein may not be achieved in any single year. Instead, a longer-term horizon of 10 years shall be used in measuring the long-term success of the Fund. While the Board expects that returns will vary over time, the Fund shall have a risk tolerance consistent with that of other funds created for similar purposes, and the assets of the Fund shall be invested accordingly.

### General Investment Policy

The System operates under the "Prudent Person" rule used herein, meaning that in investing, the governing authorities of the systems, funds and plans, shall exercise the judgment and care under the circumstances then prevailing, that an institutional investor of ordinary prudence, discretion, and intelligence exercises in the management of investments entrusted to it, not in regard to speculation, but in regard to the permanent disposition of funds, considering probable safety of capital as well as probable income.

Investments are made in full accordance with any and all applicable Maryland statutes, as well as any other applicable legislation or regulation, state, federal or otherwise. The roles and responsibilities of the Board of Trustees, the Investment Committee, the Investment Consultant, the Investment Managers and the Custodian are clearly defined. The Board has established a diversified portfolio to meet the System's return requirements. The table below summarizes the target asset allocation.

<b>Asset Class</b>	<b>Market Value Target (%)</b>	<b>Minimum Exposure (%)</b>	<b>Maximum Exposure (%)</b>
<b>Equities</b>	<b>55</b>	<b>45</b>	<b>65</b>

The Chair of the Investment Committee reviews the asset allocation at least on a quarterly basis to determine if the asset allocation is consistent with the exposure ranges described herein. The Chair of the Investment Committee directs investment managers to transfer funds to rebalance the asset allocation as necessary with subsequent Board notification. The System shall strive to maintain a neutral bias with respect to Style Allocation (Growth versus Value) in its equity investments. As part of the normal rebalancing responsibilities, The Chair of the Investment Committee shall use appropriate judgment and care when rebalancing portfolios. Market conditions and transaction costs are considered.

For each separate account, investment managers must comply with the quality and diversification requirements stated in the investment policy. Investment managers have detailed reporting requirements and must certify policy compliance on a quarterly basis. Permissible derivative uses are hedging, creation of permitted market exposures, and management of country and asset allocation exposure.

### **Proxy Voting**

The Board of Trustees delegates proxy voting responsibility to its investment managers. Investment managers are required to report to the Board on an annual basis, summarizing proxy voting over the previous fiscal year. The report must detail any changes that have occurred in the manager's proxy voting policies, and note any instances where proxies were not voted in accordance with the best interest of the System's beneficiaries.

### Investment Manager Fees

The following table presents investment managers' fees paid by asset class.

<u>Asset Class</u>	<b>Assets Managed (Includes Cash)</b>	<b>Fees Paid</b>
Domestic equity	\$ 577,662,263	\$ 2,330,037
International equity	446,475,394	520,609
Domestic fixed income	307,899,605	1,249,262
Other*	93,535,864	-
Private markets**	360,414,445	3,112,109
Real estate	156,395,061	1,339,155
Stable value insurance account	97,476,298	385,350
<b>Total Investment Managers' Fees</b>		<b>8,936,522</b>
<b>Other Investment Service Fees:</b>		
Custodial fees		452,303
<b>Total Investment Expenses</b>		<b>\$ 9,388,825</b>

\* Fees net to fund assets. Not available as discrete amounts.

\*\* Fees reported for a portion, but not all of private market accounts.

### Brokerage Commissions

Broker's commissions on investment transactions, excluding mutual funds, for the year ended December 31, 2022 totaled \$126,619. Brokerage firms receiving more than \$5,000 in fees are listed below

<u>Brokerage Firms</u>	<u>Fees Paid</u>	<u>Brokerage Firms</u>	<u>Fees Paid</u>
The Northern Trust Company	\$ 36,455	Credit Suisse Securities (USA) LLC	\$ 6,717
State Street Bank and Trust Company	29,138	Barclays Capital LE	6,641
UBS Securities LLC	13,148	Virtu Americas LLC	5,906
Jones Trading Institutional Services LLC	10,078	Jefferies LLC	5,335
Piper Jaffray & Co.	8,066	Morgan Stanley Co Incorporated	5,135
			<b>\$ 126,619</b>

The Investment Policy Statement requires that each manager shall provide an annual commission report to the Investment Committee and Investment Consultant within forty-five (45) days of the end of each calendar year. The report shall cover all trades executed during the prior year and should include a discussion of the firm's policy for selecting brokers, reviewing brokers, and negotiating brokerage commissions. This should include identification of any situations where the investment manager has a financial interest in brokers used to execute trades in the portfolio as well as a list of all broker-dealers used by the firm. Actual commission expenses are to be compared to the prior year. If the firm has a system for monitoring total transaction costs (commissions plus market impact), a copy of this analysis should be provided. If no such system is being used, the commission report should include a complete explanation of how the firm monitors selected brokers for best execution.

*Note A:* 1. May hold up to 10% of the portfolio, at market value, in Senior Bank Loan Debt securities.

*Note B:* 1. May hold up to 10% of their portfolio in any one security.  
2. May hold up to 30% of the portfolio in American Depository Receipts (ADRs), which are stocks or convertibles of foreign companies that are publicly traded in the US.  
3. Is exempt from being required to hold at least 25 stocks in their portfolio.  
4. For securities held in the Anne Arundel County Pension and Retirement System portfolio, Southeastern may own up to 20% of the outstanding market capitalization of a given company across all of their portfolios. If Southeastern owns more than this 20% limit for any security within the Anne Arundel County Pension and Retirement System portfolio, the Investment Committee Chairman and Investment Consultant of the Anne Arundel County Pension and Retirement System must be notified immediately for approval to continue holding the security, which may or may not be granted, depending on prevailing conditions.  
5. May hold up to 20% of the portfolio in cash and equivalents if market conditions warrant, but Board must be notified if cash goes above 20%.

*Note C:* 1. May hold up to 5% of the portfolio, at market value, in Senior Bank Loan Debt securities.

*Note D:* 1. For the purposes of equitizing cash, Voya is permitted to invest in ETFs such as the iShares Russell 1000 Growth (Ticker: IWF). The objective of this policy allowance is to equitize residual cash holdings, not for speculation or market timing.

*Note E:* 1. Exempt from receiving at least two competitive offers on the same or similar securities prior to purchasing new issue mortgage back securities.  
2. Permitted to invest in the securities referenced in Section A of the Anne Arundel County Retirement and Pension System Investment Policy Statement. In addition, Western Asset may hold investments in High yield Fixed Income, Emerging Market Debt, Emerging Market Debt Local Currency, and/or Bank Loans.

## **Actuarial Section**

Board of Trustees  
Anne Arundel County Retirement and Pension System  
Annapolis, Maryland

Dear Members of the Board of Trustees

We prepared annual actuarial valuations as of January 1, 2023 for the Anne Arundel County Retirement and Pension System. The system consists of the following plans, each of which is valued separately:

- Employees' Retirement Plan
- Police Service Retirement Plan
- Fire Service Retirement Plan
- Detention Officers' and Deputy Sheriffs' Retirement Plan

The Actuarial Determined Contributions (ADCs) determined in these valuations are for the fiscal year ending (FYE) June 30, 2024. The valuations are based on employee and financial data, which were provided by the County Office of Personnel and County Office of Finance, respectively. We have performed limited tests for consistency and reasonableness and have not found any material problems with the data. The actuarial valuation reports – prepared by Bolton, dated May 1, 2023, and contained within this *2022 Annual Report of the Anne Arundel County Retirement Plans* – provide the ADC calculations and the assets, data, assumptions, methods, and plan provisions used to for these calculations.

The GASB 68 information within this Actuarial Section is provided as of the December 31, 2022 measurement date for FYE2023. This will require that the actual County contributions for the second half of FY2023 (i.e. contributions made after the measurement date) be treated as a deferred outflow (when the amount is known), but this will not affect the Total Pension Expense recognized for FY2023. The calculation of the ADCs for the fiscal year ending June 30, 2023 are contained in the January 1, 2022 actuarial valuation reports. The methods, assumptions, plan provisions, and participant data as of December 31, 2022 used for these calculations are summarized in the relevant sections of this Actuarial Section of the Annual Report. The GASB 68 information was prepared using the Entry Age Normal actuarial cost method with Normal Cost ending at DROP entry date.

Also included are the following supporting schedules for each plan: Actuarial Basis, Schedule of Member Valuation Data, Summary of Plan Provisions, Summary of Major Legislative Changes, Solvency Test, and Analysis of Financial Experience.

## **Methodology, Reliance and Certification**

This report is prepared for the use of the County and its auditors in connection with our actuarial valuation of the pension plans as required by GASB 68. The purpose of this report is to provide GASB 68 information for use in the County's financial statements for the fiscal year ending June 30, 2023. It is neither intended nor necessarily suitable for other purposes. Bolton is not responsible for the consequences of any other use or the reliance upon this report by any other party.

The actuarial assumptions and methods used for these valuations meet the parameters set forth in the Governmental Accounting Standards Board (GASB) Statement No. 67, Financial Reporting for Defined Benefit Pension Plans.

Our calculations assume that the members and the County will continue to make all required actuarially determined contributions. Based on that assumption, the plan's fiduciary net position is expected to be available to make all future benefit payments of current plan members. Thus, the use of the long-term investment return assumption as the discount rate, as is reflected in this valuation, is appropriate.

The long-term nominal expected rate of return on pension plan investments was determined using a building-block method where return expectations are established for each asset class. The building-block approach uses the current underlying fundamentals, not historical returns. For example, spread and the risk-free rate are used for fixed income; and dividends, earnings growth and valuation are used for equity.

This report is based on plan provisions, census data, and asset data submitted by the County. We have relied on this information for purposes of preparing this report. We have not audited the census or asset data provided, however based on our review the data appears to be reasonable and consistent with previously provided information. Unless otherwise noted in our report, we believe the information provided is sufficiently complete and reliable for purposes of the results presented in this report. The accuracy of the results presented

in this report is dependent upon the accuracy and completeness of the underlying information. The County is solely responsible for the validity and completeness of this information.

The County is responsible for selecting the plan's funding policy, actuarial valuation methods, asset valuation methods, and assumptions; although the Entry Age Normal method is used for this valuation as prescribed by GASB 67 and 68. The policies, methods and assumptions used in this valuation are those that have been so prescribed and are described in this report. The County is solely responsible for communicating to Bolton any changes required thereto.

The County is solely responsible for selecting the plan's investment policies, asset allocations and individual investments. Bolton's actuaries have not provided any investment advice to the County.

This is a deterministic valuation in that it is based on a single set of assumptions. This set of assumptions is one possible basis for our calculations. We may consider that some factors are not material to the valuation of the plan and may not provide a specific assumption for those factors. We may have used other assumptions in the past. We will likely consider changes in assumptions at a future date.

Different assumptions or scenarios within the range of possibilities may also be reasonable and results based on those assumptions would be different. As a result of the uncertainty inherent in a forward-looking projection over a very long period of time, no one projection is uniquely "correct" and many alternative projections of the future could also be regarded as reasonable. Two different actuaries could, quite reasonably, arrive at different results based on the same data and different views of the future.

The County could reasonably ask how the valuation would change if we used a different assumption set or if plan experience exhibited variations from our assumptions. This report does not contain such an analysis. That type of analysis would be a separate assignment.

In addition, decisions regarding benefit improvements, benefit changes, the trust's investment policy, and similar issues should not be based on this valuation. These issues are complex and other factors should be considered when making such decisions. Other factors might include the anticipated vitality of the local economy and future growth expectations, as well as other economic and financial factors.

The cost of this plan is determined by the benefits promised by the plan, the plan's participant population, the investment experience of the plan and many other factors. An actuarial valuation is a budgeting tool for the County. It does not affect the cost of the plan. Different funding methods provide for different timing of contributions to the plan. As the experience of the plan evolves, it is normal for the level of contributions to the plan to change. If a contribution is not made for a particular year, either by deliberate choice or because of an error in a calculation, that contribution can be made in later years. We are not responsible for the consequences of any decision by the County to make contributions at a future time rather than an earlier time. The County is responsible for funding the cost of the plan.

The report is conditioned on the assumption of an ongoing plan and is not meant to present the actuarial position of the plan in the case of plan termination. Future actuarial measurements may differ significantly from the current measurements presented in this report due to such factors as the following: plan experience differing from that anticipated by the economic or demographic assumptions, changes in economic or demographic assumptions, increases or decreases expected as part of the natural operation of the methodology used for these measurements (such as the end of an amortization period or additional cost or contribution requirements based on the plan's funded status), and changes in plan provisions or applicable law.

The valuation was completed using both proprietary and third-party models (including software and tools). We have tested these models to ensure they are used for their intended purposes, within their known limitations, and without any known material inconsistencies unless otherwise stated.

The calculations in this report have been computed in accordance with our understanding of generally accepted actuarial principles and practices and fairly reflect the actuarial position of the plan. The various actuarial assumptions and methods which have been used are, in our opinion, appropriate for the purposes of this report.

We make every effort to ensure that our calculations are accurately performed. We reserve the right to correct any potential errors by amending the results of this report or by including the corrections in a future valuation report.

Bolton does not practice law and, therefore, cannot and does not provide legal advice. Any statutory interpretation on which this report is based reflects Bolton's understanding as an actuarial firm. Bolton recommends that recipients of this report consult with

legal counsel when making any decisions regarding compliance with ERISA, the Internal Revenue Code, or any other statute or regulation.

The County should notify Bolton promptly after receipt of this report if the County disagrees with anything contained in the report or is aware of any information that would affect the results of the report that has not been communicated to Bolton or incorporated herein. The report will be deemed final and acceptable to the County unless the County promptly provides such notice to Bolton.

The undersigned credentialed actuaries meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein. We are not aware of any direct or material indirect financial interest or relationship, including investments or other services, which could create a conflict of interest that would impair the objectivity of our work.

## Order of Attachments by Plan

Attachment A.....Employees' Retirement Plan

Attachment B.....Police Service Retirement Plan

Attachment C.....Fire Service Retirement Plan

Attachment D.....Detention Officers' and Deputy Sheriffs' Retirement Plan

## **Attachment A**

Employees' Retirement Plan

A. Method Used for GASB 68 Purposes

This valuation was performed using the Entry Age Normal Funding Method. Under this method, the actuarial present value of the projected benefits of each individual included in the valuation is allocated on a level basis over the earning of the individual between entry age and assumed exit.

B. Asset Valuation Method Used for GASB 68 Purposes

The value of assets is equal to the market value of assets.

C. Actuarial Assumptions

The following assumptions were used in valuing the liabilities and benefits under the Plan for purposes of determining pension expense and liabilities under GASB. These assumptions are used for all members eligible to receive benefits under the Employees' Plan provisions.

**Economic**

Investment Return	7.00% compounded annually net of investment
Salary Increases	A graded schedule is used. See Earnings Progression Table.
Cost of Living Adjustment	Benefits accrued before Bill 88-96 are assumed to increase by 3.0% of the original benefit each year. Benefits accrued after Bill 88-96 are assumed to increase by 1.8% of the current benefit each year.

**Other**

Mortality	Healthy: RP-2014 Blue Collar Mortality Table for males and females with the 2006 base rates projected generationally from 2006 using scale MP-2018.  Disabled: RP-2014 Blue Collar Mortality Table for males and females set forward nine years with the 2006 base rates then projected generationally from 2006 using scale MP-2018.  Projections from 2006 to the valuation date represent current mortality and projections beyond the valuation date represent future mortality improvements.  100% of pre-retirement deaths are assumed to be non-duty related.
Withdrawal	See Table of Sample Rates.
Disability Retirement Rates	See Table of Sample Rates. 10% of disablement is assumed to be duty-related.

	<u>Years of Service</u>				
<u>Age</u>	<u>&lt; 20</u>	<u>20-29</u>	<u>30</u>	<u>31+</u>	
50 - 54	N/A	4%	50%	25%	
55 - 59	N/A	9%	40%	5%	
60	15%	15%	15%	15%	
61	12%	12%	12%	12%	
62	20%	20%	20%	20%	
63 - 64	12%	12%	12%	12%	
65	25%	25%	40%	25%	
66 - 69	15%	15%	25%	15%	
70	100%	100%	100%	100%	

Percentage Married	Males – 70%; Females – 70%
Age Difference	Males are assumed to be four years older than their spouses.
Military Service	Active liabilities (which depend on credited service) are loaded by 1.0% to account for future crediting of military service.
Disability Leave	Active liabilities (which depend on credited service) are loaded by 1.5% to account for future crediting of disability service.
Administrative Expenses	The average of actual expenses for the two years preceding the valuation date, rounded to the nearest thousand.
Other Methods and Assumptions	The Tier 1 service cap of 60% is valued as 62% to account for Disability and Military service credit not being limited by the 30-year cap on service. Actual military service information is not available.

It is assumed that Tier 1 vested terminations prior to age 40 will choose to take a lump sum while those 40 and older will choose a deferred benefit.

***Rationale for Assumptions***

The following assumptions are deemed to have a significant effect on the calculations and were selected by the County based on the most recent Experience Study dated December 18, 2018.

- Inflation
- Salary increases
- Mortality
- Retirement
- Disability
- Termination of employment
- Marriage

The discount rate/investment return is reviewed at least once annually following the same procedures as outlined in the Experience Study.

Anything not specifically noted is deemed to be not significant.

The various actuarial assumptions and methods which have been used are, in our opinion, appropriate for the purposes of this report.

<sup>1</sup> Includes COLAs for all retirees

**Tier One Members**

<b><i>Membership</i></b>	Generally, employees hired before December 4, 1996 and employees hired on or after December 4, 1996 who make an election to be Tier 1 employees.																						
<b><i>Compensation</i></b>	Regular annual rate of pay, exclusive of extra compensation of any kind such as overtime pay, bonuses and commissions.																						
<b><i>Final Average Basic Pays</i></b>	The average of the highest 3 years of annual basic pay.																						
<b><i>Employee Contributions</i></b>	4% of compensation.																						
<b><i>Employee Contribution Benefit</i></b>	The sum of the employee contributions made by the Participant and interest, including contributions made to other plans and transferred to this plan, as allowed by plan provisions.																						
<b><i>Years of Service</i></b>	Total number of years and nearest months.																						
<b><i>Retirement Date</i></b>																							
Normal Retirement	The first of the month coincident with or next following the participant's 60 <sup>th</sup> birthday and attainment of vested status or, if earlier, when the participant has 30 years of service.																						
Early Retirement	Reduced benefits are available the first of any month coincident with or next following the completion of 20 years of continuous service, provided the participant is at least age 50.																						
Postponed Retirement	A participant may work beyond his normal retirement date and may subsequently retire on the first of any month.																						
<b><i>Retirement Benefits</i></b>																							
Normal Retirement	2.0% of final average basic pay for each year of service (maximum 60% plus 2% times unused disability credit and pre-employment military service credit).																						
Early Retirement	Same as normal retirement but reduced actuarially for early commencement.

Postponed Retirement	Same as normal retirement but based on continued accrual past normal retirement date.																						
<b><i>Termination of Employment</i></b>																							
Vesting Date	Hired before July 1, 2015: 5 years of service Hired on or after July 1, 2015: 10 years of service County Council member whose first term begins on or after December 1, 2014: 10 years of service																						

County Executive and appointed exempt members hired on or after December 1, 2014: 8 years of service

Prior to vesting date Return of employee contributions with 4.25% interest.

On or after vesting date At the discretion of the employee, either a return of contributions with interest or the accrued normal retirement benefit taking into account final average basic pay and service at date of termination, payable at normal retirement date.

**Disability**

Eligibility Totally and permanently disabled (except as the result of actions specified in the County code). To receive duty-related disability benefits, there is no service requirement. Five years of service are required to receive non-duty related benefits.

Duty-Related The greater of the accrued benefit or 66-2/3% of final average basic pay, payable immediately, unreduced.

Non-Duty Related The greater of the accrued benefit or 25% of final average basic pay, payable immediately, unreduced.

**Death Benefits**

Duty-Related Married  
 Greater of:  
 • An annuity equal to 50% of final average basic pay  
 • An annuity equal to the accrued benefit

Not Married  
 • Other Pre-Retirement Death Benefit

Non-Duty Related Married and Vested  
 Elect one of the following:  
 • Other Pre-Retirement Death Benefit  
 • The accrued benefit, reduced actuarially for early commencement and the joint and 100% survivor form. The benefit is payable immediately if the member was eligible for retirement or deferred to early or normal retirement date, as elected, if not eligible to receive an immediately benefit.

Not Married  
 • Other Pre-Retirement Death Benefit

Other Pre-Retirement Death Benefits Return of employee contributions with 4.25% interest plus a lump sum of 50% of final average basic pay.

**Normal form of Payment** Monthly life annuity with modified cash refund.

**Cost of Living Increase**  
 (simple, for benefits accrued as of 1/31/1997) Retiree benefits are adjusted each year. The revised benefit amount is the lesser of:  
 • Prior year benefit plus base benefit multiplied by increase in current March CPI from March CPI for prior year.  
 • Benefit increased by 3% of initial benefit.

**Cost of Living Increase**  
 (compound, for benefits accrued after 1/31/1997) Retiree benefits are adjusted each year. The revised benefit amount is the lesser of:

- Prior year benefit multiplied by 60% of the increase in current March CPI from March CPI for prior year.
- Benefit increased by 2.5%.

Benefit payments can be reduced or increased. However, the amount can never be less than the initial benefit amount.

**Tier Two Members**

***Membership***

Generally, employees hired on or after December 4, 1996 who have not made an election to be Tier 1 employees.

***Compensation***

Regular annual rate of pay, exclusive of extra compensation of any kind such as overtime pay, bonuses and commissions.

***Final Average Basic Pay***

The average of the highest 3 years of annual basic pay.

***Employee Contributions***

No employee contributions required or allowed.

***Retirement Date***

Normal Retirement

The first of the month coincident with or next following the participant's 60<sup>th</sup> birthday and attainment of vested status or, if earlier, when the participant has 30 years of service.

Early Retirement

Reduced benefits are available the first of any month coincident with or next following the completion of 20 years of continuous service, provided the participant is at least age 50.

Postponed Retirement

A participant may work beyond his normal retirement date and may subsequently retire on the first of any month.

***Retirement Benefits***

Normal Retirement

1.0% of final average basic pay for each year of service.

Early Retirement

The normal retirement benefit is reduced for early commencement, using the same reduction factors as Tier 1.

Postponed Retirement

Same as normal retirement but based on continued accrual past normal retirement date.

***Termination of Employment***

Vesting date

Hired before July 1, 2015: 5 years of service  
 Hired on or after July 1, 2015: 10 years of service  
 County Council member whose first term begins on or after December 1, 2014: 10 years of service  
 County Executive and appointed exempt members hired on or after December 1, 2014: 8 years of service

Prior to vesting date

No benefit is payable.

On or after vesting date

The accrued normal retirement benefit taking into account final earnings and service at date of termination, payable at normal retirement date.

***Disability***

Eligibility

Totally and permanently disabled (except as the result of actions specified in the County code). To receive duty-related disability benefits, there is no service requirement. Five years of service are required to receive non-duty related benefits.

Duty-Related                      The greater of the accrued benefit or 66-2/3% of final average basic pay, payable immediately, unreduced.

Non-duty Related                The greater of the accrued benefit or 25% of final average basic pay, payable immediately, unreduced.

***Death benefits***

Duty-Related

Married

Greater of:

- An annuity equal to 50% of final average basic pay
- An annuity equal to the accrued benefit

Not Married

- Other Pre-Retirement Death Benefit

Non-Duty Related

Married and Vested

Elect one of the following:

- Other Pre-Retirement Death Benefit
- The accrued benefit, reduced actuarially for early commencement and the joint and 100% survivor form. The benefit is payable immediately if the member was eligible for retirement or deferred to early or normal retirement date, as elected, if not eligible to receive an immediately benefit.

Not Married

- Other Pre-Retirement Death Benefit

Other Pre-Retirement  
 Death Benefits

A lump sum of 50% of final average basic pay.

***Normal form of Payment***

Monthly life annuity.

***Cost of Living Increase***  
 (compound)

Retiree benefits are adjusted each year. The revised benefit amount is the lesser of:

- Prior year benefit multiplied by 60% of the increase in current March CPI from March CPI for prior year.
- Benefit increased by 2.5%.

Benefit payments can be reduced or increased. However, the amount can never be less than the initial benefit amount.

Anne Arundel County Retirement and Pension System  
 Employees' Retirement Plan - Summary of Major Legislative Changes  
 December 31, 2022

County Council Bill No. 36-89	Effective 7/1/1989.  Pension benefits and vesting provisions were improved. The accrual percentage per year of service was increased from 1.8% to 2.0%, permitting accrual of the maximum 60% benefit in 30 years instead of 33-1/3.  Full vesting was granted after 5 years of service. The old provisions used a graded scale granting 75% vesting after 10 years, climbing to 100% vesting after 15 years.
County Council Bill No. 34-92	Effective 6/1/1992 through 8/31/1992.  Participants age 50 or older with at least 20 years of service could elect to retire with an additional pension equal to 1/12 of 2% for each year of credited service. The additional amount could be taken as a pension increase, a lump sum, or as a temporary supplement to age 62. Appropriate actuarial adjustments apply.
State House Bill No. 687	Effective 7/1/1990.  County employees were given the opportunity to apply for credit under the County's plan for previous service with the State of Maryland (or a political subdivision of the State).
County Council Bill No. 90-93	Effective 12/22/1993.  Plan participants are required to pay the full actuarial value of service purchases. Purchases can only be made at retirement. To be eligible, an employee must have 60 months of County service. Existing plan participants must be notified of their right to purchase service under existing law.
County Council Bill No. 82-94	Effective 10/31/1994.  Transfers assets from general employees plan to A&E plan for participants who have transferred between these two plans.
County Council Bill No. 88-96	Effective 12/4/1996.  The previous method of calculating cost of living increase will only apply to benefits accrued as of 1/31/1997. The cost of living increase for future benefits is a compound increase equal to 60% of the annual change in the CPI, not to exceed 2.5%. Employees hired, or rehired, on or after 12/4/1996 will be Tier Two employees and will have different benefits than current employees.
County Council Bill No. 41-99	Effective 6/15/1999.  Employees paid under the deputy sheriff employees pay schedule become Tier Two members of the Detention Center Plan effective as of January 1, 1999. Service credited under the Employees' Plan will count as credited service in the Detention Center Plan and no future benefit will be paid from the Employees' Plan. Assets are transferred from the Employees' Plan to the Detention Center Plan in an amount equal to the projected unit credit accrued liability in the Employees' Plan.
Recodification	Effective 2/25/2002.  Allows a benefit based on disability leave service and pre-plan military service to be paid over the 60% cap. Normal retirement was changed to the earlier of 30 years of service or age 60.
County Council Bill No. 74-09	Effective 12/11/2009.  For non-represented members, FY2010 annual pay shall be determined by increasing FY2009 annual pay by an assumed 3% for determining the final average basic pay.
County Council Bill No. 6-10	Effective 4/18/2010.  Provides for a disability benefit for those participants who are totally and permanently disabled as a result of qualified military service.

Anne Arundel County Retirement and Pension System  
 Employees' Retirement Plan - Summary of Major Legislative Changes  
 December 31, 2022

---

County Council Bill No. 98-12	Effective 5/13/2013.
	Changed the definition of "final average basic pay" from highest 3 out of the last 5 years basic pays to highest 3 of all basic pays.
County Council Bill No. 97-13	Effective 4/14/2014.
	Members of the Employees' Plan and Category II members of the Detention and Deputy Sheriffs' Plan hired on or after July 1, 2015 will be subject to 10-year vesting and 10-year normal retirement provisions. The 10-year requirement also affects the ability to purchase service or get credit for pre-plan military service. The 10-year requirement extends to County Council members hired on or after December 1, 2014.
County Council Bill No. 86-16	Effective 1/1/2017.
	To ensure compliance with IRS regulations, members of the Employees' Plan have 30 days from date of hire to make an irrevocable election between Tier 1 and Tier 2; and effective January 1, 2017 members of Tier 2 the Employees' Plan can no longer later elect to transfer to Tier 1. Employees hired before December 31, 2016 who elect Tier 2 may still be allowed to transfer to Tier 1 before their 5th year anniversary.
County Council Bill No. 95-17	Effective 3/23/2018.
	Created the Employee Retirement Savings Plan and allowed certain non-vested members of the Employees' Plan a one-time opportunity to transfer the present value of their Employees' Plan accrued benefit to it.
County Council Bill No. 70-20	Effective: 11/22/2020.
	Each of the pension plans provide pension benefits for an employee who is or becomes totally and permanently disabled and meets certain criteria. To be eligible for a disability pension, the plan requires that the disability prevent the participant from performing the duties of the participant's regular duties. The purpose of the bill is to eliminate the participant's ability to perform any other assignment within their Department as a disqualifying factor for a service connected disability.
County Council Bill No. 100-21	Effective 2/5/2022.
	Clarified that the exception to the reduction in pension benefit for rehired classified employees who are reemployed in a contractual position pursuant to § 802(a)(14) of the County Charter is limited to the first 1500 hours per calendar year.

**Net Pension Liability of the County**

The components of the net pension liability of the County at December 31, 2022, were as follows:

Total pension liability	\$ 1,122,510,497
Plan fiduciary net position	<u>(701,144,795)</u>
County's net pension liability	<u>\$ 421,365,702</u>
Plan fiduciary net position as a percentage of the total pension liability	62.46%

Actuarial assumptions. The total pension liability was determined by an actuarial valuation as of December 31, 2022 using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.00%
Salary increases	Rates vary by participant age
Investment rate of return	7.00%, net of pension plan investment expense, including inflation
Mortality	RP-2014 Blue Collar Mortality Table for males and females projected generationally using scale MP-2018. A nine-year set forward is used for post-disability mortality.

The above is a summary of key actuarial assumptions. Full descriptions of the actuarial assumptions are contained in the Actuarial Basis section of this report.

**Sensitivity of the net pension liability to changes in the discount rate**

	<u>1% Decrease</u> 6.00%	<i>Current</i> <u>Discount Rate</u> 7.00%	<u>1% Increase</u> 8.00%
County's net pension liability	\$ 551,071,288	\$ 421,365,702	\$ 312,424,385

Covered payroll	\$ 152,078	\$ 142,222	\$ 139,975	\$ 138,428	\$ 134,892	\$ 138,239	\$ 130,313	\$ 127,827	\$ 127,091	
Contributions as a percentage of covered payroll	28.74%	25.44%	23.27%	21.41%	20.04%	18.56%	19.81%	20.05%	19.24%	

**Notes to Schedule**

Valuation date:

Actuarially determined contribution (ADC) amounts are calculated as of each January 1 for the upcoming County fiscal year beginning July 1. Actuarial valuations are performed every year. The methods and assumptions shown below are those used in the January 1, 2022 actuarial valuation to calculate the FY2023 ADC. Methods and assumptions used to determine contributions in the past may not have been the same.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Projected Unit Credit
Amortization method	Level percent of payroll (closed), increasing 3.0% per year
Remaining amortization period	Remaining amortization periods range from 12 to 21 years
Asset valuation method	5-year smoothed market
Inflation	3.00%
Salary increases	Rates vary by participant age
Investment rate of return	7.00%, net of pension plan investment expense, including inflation
Retirement age	Rates vary by participant age and service
Mortality	RP-2014 Blue Collar Mortality Table for males and females projected generationally using scale MP-2018. A nine-year set forward is used for post-disability mortality.

### The Anne Arundel County Employees' Retirement Plan

#### Analysis of Financial Experience

##### Reasons for Change in the Unfunded Accrued Liability

The unfunded accrued liability increased from \$299,516,489 to \$381,708,064. The funded status decreased from 71.7% to

##### Reasons for Change in Contribution Rates

The employer contribution rate increased from 27.1% for the fiscal year ending June 30, 2023 to 31.8% for the fiscal year ending June 30, 2024. The increase of 4.7% is due to the following reasons:

Investment Performance	1.1%
Pay Increases	-0.1%
New Entrants/Change in Normal Cost	0.1%
COLA	0.1%
Change in Expenses	0.0%
Assumption and Method Changes	3.7%
Demographics and Other Changes	-0.2%
<b>Total</b>	<b>4.7%</b>

## **Attachment B**

Police Service Retirement Plan

A. Method Used for GASB 68 Purposes

This valuation was performed using the Entry Age Normal Funding Method. Under this method, the actuarial present value of the projected benefits of each individual included in the valuation is allocated on a level basis over the earning of the individual between entry age and assumed exit (or DROP entry, if applicable and earlier).

B. Asset Valuation Method Used for GASB 68 Purposes

The value of assets is equal to the market value of assets.

C. Actuarial Assumptions

The following assumptions were used in valuing the liabilities and benefits under the Plan for purposes of determining pension expense and liabilities under GASB. These assumptions are used for all members eligible to receive benefits under the Police Service Retirement Plan provisions.

**Economic**

Investment Return	7.00% compounded annually net of investment expenses.
Inflation	3.00% compounded annually.
Salary Increases	A graded schedule is used. See Earnings Progression Table.
Cost of Living Adjustment	Benefits accrued before Bill 88-96 are assumed to increase by 3.0% of the current benefit each year. Benefits accrued after Bill 88-96 are assumed to increase by 1.8% of the current benefit each year.

**Other**

Mortality	Healthy: RP-2014 Blue Collar Mortality Table for males and females with the 2006 base rates projected generationally from 2006 using scale MP-2018.  Disabled: RP-2014 Blue Collar Mortality Table for males and females set forward five years with the 2006 base rates then projected generationally from 2006 using scale MP-2018.  Projections from 2006 to the valuation date represent current mortality and projections beyond the valuation date represent future mortality improvements.  100% of pre-retirement deaths are assumed to be non-duty-related
Withdrawal	See Table of Sample Rates.
Disability	See Table of Sample Rates. 75% of disablement is assumed to be duty-related.

Retirement Rates	Sample Rates:			
		<u>Years of Service</u>		
For GASB68 accounting	<u>Age</u>	<u>20</u>	<u>22</u>	<u>23+</u>
	40	26.40%	5.00%	100.00%
	45	18.34%	5.00%	100.00%
	50	36.66%	25.00%	100.00%
	55	30.00%	30.00%	100.00%

Additionally, the retirement rate is 100% at age 60.  
 Percentage Married 80% of employees and 70% of current retirees and disabled retirees are assumed married.

Age Difference	Males are assumed to be four years older than their spouses.
Military Service	Active liabilities (which depend on credited service) are loaded by 3.25% to account for future crediting of military service.
Disability Leave	Active liabilities (which depend on credited service) are loaded by 1.75% to account for future crediting of disability service.
Transferred Service	Transferred service is included in the calculation of a participant's benefit starting at the time the service is originally transferred to the County.
Administrative Expenses	The average of actual expenses for the two years preceding the valuation date, rounded to the nearest thousand.
Insured Benefits	Our calculations and data exhibits reflect that some benefits have already been purchased.

***Rationale for Assumptions***

The following assumptions are deemed to have a significant effect on the calculations and were selected by the County based on the most recent Experience Study dated December 18, 2018.

- Inflation
- Salary increases
- Mortality
- Retirement
- Disability
- Termination of employment
- Marriage

The discount rate/investment return is reviewed at least once annually following the same procedures as outlined in the Experience Study.

Anything not specifically noted is deemed to be not significant.

The various actuarial assumptions and methods which have been used are, in our opinion, appropriate for the purposes of this report.

Attained Age	Table of Sample Decrement Rates	
	Percentage	
	Disability	Withdrawal
20	0.3060%	7.97%

<sup>1</sup> Includes COLAs for all retirees

**Compensation** Regular annual rate of pay, exclusive of extra compensation of any kind such as overtime pay, bonuses and commissions.

**Final Average Basic Pay** The average of the highest 3 years of annual basic pay.

**Employee Contributions** 7.25% of compensation for all participants.

**Employee Contributions Benefit** The sum of the employee contributions made by the Participant and interest, including contributions made to other plans and transferred to this plan, as allowed by plan provisions.

**Retirement Date**

Normal Retirement The first of the month coincident with or next following the participant’s 50<sup>th</sup> birthday with 5 years of service or the completion of 20 years of service. For those hired prior to February 25, 2002, the five years of service is not required.

Postponed Retirement A participant may work beyond his normal retirement date and may subsequently retire on the first of any month.

**Retirement Benefits**

Normal Retirement 2.5% of final average basic pay for each year of service up to 20 years plus 2.0% of final average basic pay per year of service in excess of 20 years (maximum 70% plus 2% times unused disability credit and pre-employment military service credit).

Postponed Retirement Same as normal retirement but based on continued accrual past normal retirement date.

**Deferred Retirement Option Program (DROP)** Allows accumulation of pension after 20 years of County service. DROP period must be between three and six years (with the sixth year requiring approval for certain job classifications). Interest shall be credited to the DROP account on a monthly basis at an interest rate of 0.34745%, which provides an effective annual yield of 4.25%. Employee contributions cease upon entry into DROP.

**Termination of Employment**

Less than 20 years of service Return of employee contributions with 3.00% interest.

**Disability**

Eligibility Totally and permanently disabled (except as the result of activities specified in the County code) regardless of length of service.

Duty-Related The greater of the accrued benefit or 66-2/3% of final average basic pay, payable immediately, unreduced.

Non-Duty Related The greater of the accrued benefit or 20% of final average basic pay, payable immediately, unreduced.

Anne Arundel County Retirement and Pension System  
Police Service Retirement Plan - Summary of Major Legislative Changes  
December 31, 2022

County Council Bill No. 48-89	Effective 9/13/1989.
	The previously combined Police and Fire plan was separated into distinct plans for each group. The reduction for retirement prior to age 50 was changed to 0.2% per month from 0.3% per month.
County Council Bill No. 34-92	Effective 6/1/1992 through 8/31/1992.
	Participants age 50 or with at least 20 years of service could elect to retire with an additional pension equal to 1/12 of 2.5% of final earnings for the first 20 years of service, plus 1/12 of 2% of final earnings for each additional year of service. The additional amount could be taken as a pension increase, a lump sum, or as a temporary supplement to age 62. Appropriate actuarial adjustments apply.
County Council Bill No. 66-92	Effective 7/2/1992.
	The plan was amended to allow normal, unreduced retirement after 20 years of service.
	Employee contributions were increased to 6% from 5%.
	Participants under age 50 were not allowed to retire and receive retirement incentives (under Bill No, 34-92) in addition to unreduced retirement. They could either retire early with the incentives, or normally without the incentives.
State House Bill No. 687	Effective 7/1/1990.
	County employees were given the opportunity to apply for credit under the County's plan for previous service with the State of Maryland (or a political subdivision of the State).
County Council Bill No. 88-96	Effective 12/4/1996.
	The previous method of calculating cost of living increase will only apply to benefits accrued as of 1/31/97. The cost of living increase for future benefits is a compound increase equal to 60% of the annual change in the CPI, not to exceed 2.5%. Employees hired, or rehired, on or after 12/4/96 will be Tier Two employees and will have different benefits than current employees.
County Council Bill No. 80-00/ Recodification	Effective 2/25/2002.
	Allows a benefit based on disability leave service and pre-plan military service to be paid over the 70% cap. Normal Retirement was changed to the earlier of 20 years of service or age 50 with 5 years of service. Elimination of Tier 2 benefits. Implemented a Deferred Retirement Option Program (DROP), a voluntary program that provides an alternative way to earn and receive retirement benefits.
County Council Bill No. 66-05	Effective 10/10/2005.
	Reduced the contribution percentage for Category II participants from 6% to 5%.
County Council Bill No. 58-07	Effective 10/11/2007.
	Reduced the contribution percentage for Category I participants from 6% to 5%.
County Council Bill No. 74-09	Effective 12/11/2009.
	For non-represented members, FY2010 annual pay shall be determined by increasing FY2009 annual pay by an assumed 3% for determining the average basic pay. Clarified the limits on those entering DROP. The effective annual interest rate for the DROP account changed from 8% to 4.25% for those entering DROP on or after July 1, 2009.
County Council Bill No. 6-10	Effective 4/18/2010
	Provides for a disability benefit for those participants who are totally and permanently disabled as a result of qualified military service.
County Council Bill No. 41-10	Effective 7/1/2010.
	Increased the contribution rate for Police Officers, Police Officer First Class, Police Corporals, and Police Sergeants to 7.25%.

Anne Arundel County Retirement and Pension System  
Police Service Retirement Plan - Summary of Major Legislative Changes  
December 31, 2022

---

County Council Bill No. 30-12	Effective 2/1/2013.
	All participant except for those in the Police Lieutenant classification shall contribute 7.25% of his or her annual basic pay in each calendar year or portion of a calendar year while an active participant in the plan.
County Council Bill No. 67-12	Effective 2/1/2013.
	Participant in the Police Lieutenant classification shall contribute 7.25% of his or her annual basic pay in each calendar year or portion of a calendar year while an active participant in the plan.
County Council Bill No. 56-16	Effective 7/1/2016.
	Allows for interest to be credited to a DROP member's account in the sixth year of DROP participation. Requires Appointing Authority approval for DROP participation in 6 <sup>th</sup> year for the following classifications: Police Sergeant, Police Lieutenant, Police Captain, Police Major, Deputy Chief or Police Chief.
County Council Bill No. 78-17	Effective: 7/1/2017.
	Eliminates the reduction in benefit for DROP retirees if they are reemployed in any capacity that meets the exceptions set forth in 5-1-203(c)(1). Also adds an exception under 5-1-203(c) for any retirees (including DROP participants) who are reemployed into a grant funded contractual position under 802(a)(17) of the Charter.
County Council Bill No. 55-20	Effective 11/09/2020.
	The legislation permits Police Lieutenants and Sergeants to participate in the sixth year of DROP without requiring Appointing Authority approval.
County Council Bill No. 70-20	Effective 11/22/2020.
	Each of the pension plans provide pension benefits for an employee who is or becomes totally and permanently disabled and meets certain criteria. To be eligible for a disability pension, the plan requires that the disability prevent the participant from performing the duties of the participant's regular duties. The purpose of the bill is to eliminate the participant's ability to perform any other assignment within their Department as a disqualifying factor for a service connected disability.
County Council Bill No. 100-21	Effective 2/5/2022.
	Clarified that the exception to the reduction in pension benefit for rehired classified employees who are reemployed in a contractual position pursuant to § 802(a)(14) of the County Charter is limited to the first 1500 hours per calendar year.
County Council Bill No. 27-22	Effective 5/29/2022.
	Allows modification of an election of contingent annuitant for participants who designated same sex partner prior to 01/01/2013 and subsequently married the contingent annuitant after change in Maryland law regarding same sex marriage.

**Net Pension Liability of the County**

The components of the net pension liability of the County at December 31, 2022, were as follows:

Total pension liability	\$ 949,292,672
Plan fiduciary net position	<u>(618,001,322)</u>
County's net pension liability	<u>\$ 331,291,350</u>
Plan fiduciary net position as a percentage of the total pension liability	65.10%

Actuarial assumptions. The total pension liability was determined by an actuarial valuation as of December 31, 2022 using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.00%
Salary increases	Rates vary by participant age
Investment rate of return	7.00%, net of pension plan investment expense, including inflation
Mortality	RP-2014 Blue Collar Mortality Table for males and females projected generationally using scale MP-2018. A five-year set forward is used for post-disability mortality.

The above is a summary of key actuarial assumptions. Full descriptions of the actuarial assumptions are contained in the Actuarial Basis section of this report.

**Sensitivity of the net pension liability to changes in the discount rate**

	<i>1% Decrease</i>	<i>Current</i>	<i>1% Increase</i>
	<u>6.00%</u>	<u>Discount Rate</u>	<u>8.00%</u>
		7.00%	
County's net pension liability	\$ 460,871,131	\$ 331,291,350	\$ 226,596,660

**Changes in the Net Pension Liability**

**Notes to Schedule**

Valuation date:

Actuarially determined contribution amounts are calculated as of each January 1 for the upcoming County fiscal year beginning July 1. Actuarial valuations are performed every year. The methods and assumptions shown below are those used in the January 1, 2022 actuarial valuation to calculate the FY2023 ADC. Methods and assumptions used to determine contributions in the past may not have been the same.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Projected Unit Credit
Amortization method	Level percent of payroll (closed), increasing 3.0% per year
Remaining amortization period	Remaining amortization periods range from 12 to 21 years
Asset valuation method	5-year smoothed market
Inflation	3.00%
Salary increases	Rates vary by participant age
Investment rate of return	7.00%, net of pension plan investment expense, including inflation
Retirement age	Rates vary by participant age and service
Mortality	RP-2014 Blue Collar Mortality Table for males and females projected generationally using scale MP-2018. A five-year set forward is used for post-disability mortality.

**Analysis of Financial Experience**

**Reasons for Change in the Unfunded Accrued Liability**

The unfunded accrued liability increased from \$208,143,184 to \$249,616,466. The funded status decreased from 76.0% to

**Reasons for Change in Contribution Rates**

The employer contribution rate increased from 48.4% for the fiscal year ending June 30, 2023 to 54.5% for the fiscal year ending June 30, 2024. The increase of 6.1% is due to the following reasons:

Investment Performance	2.0%
Pay Increases	0.1%
New Entrants/Change in Normal Cost	0.0%
COLA	0.5%
Change in Expenses	0.0%
Assumption and Method Changes	3.3%
Demographics and Other Changes	0.2%
<b>Total</b>	<b>6.1%</b>

<sup>1</sup> Does not include contribution balances for any participants currently in DROP

## **Attachment C**

Fire Service Retirement Plan

**A. Method Used for GASB 68 Purposes**

This valuation was performed using the Entry Age Normal Funding Method. Under this method, the actuarial present value of the projected benefits of each individual included in the valuation is allocated on a level basis over the earning of the individual between entry age and assumed exit (or DROP entry, if applicable and earlier).

**B. Asset Valuation Method Used for GASB 68 Purposes**

The value of assets is equal to the market value of assets.

**C. Actuarial Assumptions**

The following assumptions were used in valuing the liabilities and benefits under the Plan for purposes of determining pension expense and liabilities under GASB. These assumptions are used for all members eligible to receive benefits under the Fire Plan provisions.

***Economic***

Investment Return	7.00% compounded annually net of investment expenses
Inflation	3.00% compounded annually
Salary Increases	A graded schedule is used. See Earnings Progression Table.
Cost of Living Adjustment	Benefits accrued before Bill 88-96 are assumed to increase by 3.0% of the current benefit each year. Benefits accrued after Bill 88-96 are assumed to increase by 1.8% of current benefit each year.

***Other***

Mortality	Healthy: RP-2014 Blue Collar Mortality Table for males and females with the 2006 base rates projected generationally from 2006 using scale MP-2018.  Disabled: RP-2014 Blue Collar Mortality Table for males and females set forward five years with the 2006 base rates then projected generationally from 2006 using scale MP-2018.  Projections from 2006 to the valuation date represent current mortality and projections beyond the valuation date represent future mortality improvements. 100% of pre-retirement deaths are assumed to be non-duty related.
Withdrawal	See Table of Sample Rates.
Disability	See Table of Sample Rates. 75% of disablement is assumed to be duty-related.

**Retirement Rates**

***Sample Rates:***

For GASB68 accounting	Age	Years of Service			
		<u>20</u>	<u>22</u>	<u>24</u>	<u>25+</u>
	40	5.00%	5.00%	25.00%	100.00%
	45	5.00%	5.00%	25.00%	100.00%
	50	10.00%	10.00%	15.00%	100.00%
	55	15.00%	10.00%	20.00%	100.00%
	59	23.00%	23.00%	28.00%	100.00%
	62	100.00%	100.00%	100.00%	100.00%

Percentage Married 80% of employees and 70% of current retirees and disabled retirees are assumed married.

Age Difference	Males are assumed to be four years older than their spouses.
Military Service	Active liabilities (which depend on credited service) are loaded by 3.25% to account for future crediting of military service.
Disability Leave	Service credit for benefit formula purposes is increased by 1.75% to account for disability leave, which is converted to service credit at retirement.
Transferred Service	Transferred service is included in the calculation of a participant’s benefit starting at the time the service is originally transferred to the County.
Administrative Expenses	The average of actual expenses for the two years preceding the valuation date, rounded to the nearest thousand.
Insured Benefits	Our calculations reflect that some benefits have already been purchased.

***Rationale for Assumptions***

The following assumptions are deemed to have a significant effect on the calculations and were selected by the County based on the most recent Experience Study dated December 18, 2018.

- Inflation
- Salary increases
- Mortality
- Retirement
- Disability
- Termination of employment
- Marriage

The discount rate/investment return is reviewed at least once annually following the same procedures as outlined in the Experience Study.

Anything not specifically noted is deemed to be not significant.

The various actuarial assumptions and methods which have been used are, in our opinion, appropriate for the purposes of this report.

Attained Age	Table of Sample Decrement Rates	
	Percentage

<sup>1</sup> Includes COLAs for all retirees

<b>Compensation</b>	Regular annual rate of pay, exclusive of extra compensation of any kind such as overtime pay, bonuses and commissions.
<b>Final Average Basic Pay</b>	The average of the highest 3 years of annual basic pay.
<b>Employee Contributions</b>	7.25% of compensation for all participants.
<b>Employee Contributions Benefit</b>	The sum of the employee contributions made by the participant and interest, including contributions made to other plans and transferred to this plan, as allowed by plan provisions.
<b>Retirement Date</b>	
Normal Retirement	The first of the month coincident with or next following the participant's 50 <sup>th</sup> birthday and 5 years of service or the completion of 20 years of service.
Postponed Retirement	A participant may work beyond his normal retirement date and may subsequently retire on the first of any month.
<b>Retirement Benefits</b>	
Normal Retirement	2.5% of final average basic pay for each year of service up to 20 years plus 2.0% of final average basic pay per year of service in excess of 20 years (maximum 70% plus 2% times unused disability credit and pre-employment military service credit.)
Postponed Retirement	Same as normal retirement but based on continued accrual past normal retirement date.
<b>Deferred Retirement Option Program (DROP)</b>	Allows accumulation of pension after 20 years of County service. DROP period must be between three and six years (with the sixth year requiring approval for certain job classifications). Interest shall be credited to the DROP account on a monthly basis at an interest rate of 0.34745%, which provides an effective annual yield of 4.25%. Employee contributions cease upon entry into DROP.
<b>Termination of Employment</b>	Return of employee contributions with 3.00% interest.
<b>Disability</b>	
Eligibility	Totally and permanently disabled (except as the result of activities specified in the Country code) regardless of length of service.
Duty-Related	The greater of the accrued benefit or 66-2/3% of final average basic pay, payable immediately, unreduced.
Non-Duty Related	The greater of the accrued benefit or 20% of final average basic pay, payable immediately, unreduced.
<b>Death Benefits</b>	
Married	Duty-Related: Greater of accrued benefit or 66-2/3% of final average basic pay, payable immediately, unreduced. Non-duty Related: Accrued benefit, payable immediately, unreduced..
Unmarried	Return of employee contributions with 3.00% interest plus, if the member has one or more years of credited service, a lump sum of 50% of final average basic pay.

***Normal Form of Payment***

For single participants, monthly life annuity with payments guaranteed for 5 years. For married participants, unreduced 100% joint and survivor annuity with payments guaranteed for 5 years. The marital status of a participant at the date of death dictates the form of benefit payable.

***Cost of Living Increase***  
(for benefits accrued as of  
1/31/1997)

Retiree benefits are adjusted each year. The revised benefit amount is the lesser of:

- Base benefit multiplied by ratio of current 12-month average CPI to 12-month average CPI at retirement.
- Prior year benefit increased by 4%.

Benefit payments can be reduced or increased. However, the amount can never be less than the initial benefit amount.

***Cost of Living Increase***  
(for benefits accrued after  
1/31/1997)

Retiree benefits are adjusted each year. The revised benefit amount is the lesser of:

- Prior year benefit multiplied by 60% of the increase in current March CPI from March CPI for prior year.
- Prior year benefit increased by 2.5%.

Benefit payments can be reduced or increased. However, the amount can never be less than the initial benefit amount.

Anne Arundel County Retirement and Pension System  
 Fire Service Retirement Plan - Summary of Major Legislative Changes  
 December 31, 2022

County Council Bill No. 48-89	Effective 9/13/1989.
	The previously combined Police and Fire plan was separated into distinct plans for each group.
	The reduction for retirement prior to age 50 was changed to 0.2% per month from 0.3% per month.
County Council Bill No. 34-92	Effective 6/1/1992 through 8/31/1992.
	Participants age 50 or with at least 20 years of service could elect to retire with an additional pension equal to 1/12 of 2.5% of final earnings for the first 20 years of service, plus 1/12 of 2% of final earnings for each additional year of service. The additional amount could be taken as a pension increase, a lump sum, or as a temporary supplement to age 62. Appropriate actuarial adjustments apply.
State House Bill No. 687	Effective 7/1/1990.
	County employees were given the opportunity to apply for credit under the County's plan for previous service with the State of Maryland (or a political subdivision of the State).
County Council Bill No. 88-96	Effective 12/4/1996.
	The previous method of calculating cost of living increase will only apply to benefits accrued as of 1/31/97. The cost of living increase for future benefits is a compound increase equal to 60% of the annual change in the CPI, not to exceed 2.5%. Employees hired, or rehired, on or after 12/4/96 will be Tier Two employees and will have different benefits than current employees.
County Council Bill No. 80-00 Recodification	Effective 2/25/2002.
	Allows a benefit based on disability leave service and pre-plan military service to be paid over the 70% cap. Normal Retirement was changed to the earlier of 20 years of service or age 50 with 5 years of service. Elimination of Tier 2 benefits. Implemented a Deferred Retirement Option Program (DROP), a voluntary program that provides an alternative way to earn and receive retirement benefits (retroactive to 1/1/2001).
County Council Bill No. 74-09	Effective 12/11/2009.
	For non-represented members, FY2010 annual pay shall be determined by increasing FY2009 annual pay by an assumed 3% for determining the final average basic pay. For represented members, FY2010 annual pay shall be determined by increasing FY2009 annual pay by an assumed 5% for determining the final average basic pay.
County Council Bill No. 6-10	Effective 4/18/2010.
	Provides for a disability benefit for those participants who are totally and permanently disabled as a result of qualified military service.
County Council Bill No. 41-10	Reduced the DROP interest rate from 8 % to 4.25%. Increased the contribution rate for all but Battalion Chief, Division Chief, Deputy Chief and Fire Chief to 7.25%.
County Council Bill No. 98-12	Effective 5/13/2013.
	Changed the definition of "final average basic pay" from highest 3 out of the last 5 years basic pays to highest 3 of all basic pays.
County Council Bill No. 30-12	Effective 2/1/2013.
	All participants shall contribute 7.25% of his or her annual basic pay in each calendar year or portion of a calendar year while an active participant in the plan.
County Council Bill No. 66-18	Effective 7/1/2016.
	Except for Battalion Chiefs, allows for interest to be credited to a DROP member's account in the sixth year of DROP participation, for members entering their sixth year in DROP after July 1, 2018.
County Council Bill No. 55-20	Effective: 11/09/2020.
	The legislation permits Battalion Chiefs to now earn interest in the 6th year of DROP for Members entering the 6th year of DROP after July 1, 2020.
County Council Bill No. 70-20	Effective: 11/22/2020.

Anne Arundel County Retirement and Pension System  
 Fire Service Retirement Plan - Summary of Major Legislative Changes  
 December 31, 2022

---

	Each of the pension plans provide pension benefits for an employee who is or becomes totally and permanently disabled and meets certain criteria. To be eligible for a disability pension, the plan requires that the disability prevent the participant from performing the duties of the participant's regular duties. The purpose of the bill is to eliminate the participant's ability to perform any other assignment within their Department as a disqualifying factor for a service connected disability.
County Council Bill No. 79-21	Effective: 12/4/2021.
	This bill allows Battalion Chiefs to extend their DROP participation period to the sixth year without approval of the Fire Chief.
County Council Bill No. 100-21	Effective: 2/5/2022.
	Clarified that the exception to the reduction in pension benefit for rehired classified employees who are reemployed in a contractual position pursuant to § 802(a)(14) of the County Charter is limited to the first 1500 hours per calendar year.
County Council Bill No. 27-22	Effective: 5/29/2022.
	Allows modification of an election of contingent annuitant for participants who designated same sex partner prior to 01/01/2013 and subsequently married the contingent annuitant after change in Maryland law regarding same sex marriage.
County Council Bill No. 61-22	Effective: 8/28/2022.
	Allowed Fire Division Chief, Fire Deputy Chief, Fire Assistant Chief, or Fire Chief to participate in the sixth year of DROP with appointing authority approval.

**Net Pension Liability of the County**

The components of the net pension liability of the County at December 31, 2022, were as follows:

Total pension liability	\$ 867,959,209
Plan fiduciary net position	<u>(617,263,587)</u>
County's net pension liability	<u>\$ 250,695,622</u>
Plan fiduciary net position as a percentage of the total pension liability	71.12%

Actuarial assumptions. The total pension liability was determined by an actuarial valuation as of December 31, 2022 using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.00%
Salary increases	Rates vary by participant age and service
Investment rate of return	7.00%, net of pension plan investment expense, including inflation
Mortality	RP-2014 Blue Collar Mortality Table for males and females projected generationally using scale MP-2018. A five-year set forward is used for post-disability mortality.

The above is a summary of key actuarial assumptions. Full descriptions of the actuarial assumptions are contained in the Actuarial Basis section of this report.

**Sensitivity of the net pension liability to changes in the discount rate**

	<i>1% Decrease</i>	<i>Current</i> <i>Discount Rate</i>	<i>1% Increase</i>
	<u>6.00%</u>	<u>7.00%</u>	<u>8.00%</u>
County's net pension liability	\$ 370,067,075	\$ 250,695,622	\$ 153,960,355

**Notes to Schedule**

Valuation date:

Actuarially determined contribution amounts are calculated as of each January 1 for the upcoming County fiscal year beginning July 1. Actuarial valuations are performed every year. The methods and assumptions shown below are those used in the January 1, 2022 actuarial valuation to calculate the FY2023 ADC. Methods and assumptions used to determine contributions in the past may not have been the same.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Projected Unit Credit
Amortization method	Level percent of payroll (closed), increasing 3.0% per year
Remaining amortization period	Remaining amortization periods range from 12 to 21 years
Asset valuation method	5-year smoothed market
Inflation	3.00%
Salary increases	Rates vary by participant age and service
Investment rate of return	7.00%, net of pension plan investment expense, including inflation
Retirement age	Rates vary by participant age and service
Mortality	RP-2014 Blue Collar Mortality Table for males and females projected generationally using scale MP-2018. A five-year set forward is used for post-disability mortality.

**Reasons for Change in the Unfunded Accrued Liability**

The unfunded accrued liability increased from \$147,121,677 to \$184,664,689. The funded status decreased from 81.6% to

**Reasons for Change in Contribution Rates**

The employer contribution rate increased from 42.1% for the fiscal year ending June 30, 2023 to 46.4% for the fiscal year ending June 30, 2024. The increase of 4.3% is due to the following reasons:

Investment Performance	1.9%
Pay Increases	0.4%
New Entrants/Change in Normal Cost	-0.5%
COLA	0.4%
Change in Expenses	0.0%
Assumption and Method Changes	2.7%
Demographics and Other Changes	-0.6%
<b>Total</b>	<b>4.3%</b>

<sup>1</sup> Does not include contribution balances for any participants currently in DROP

## **Attachment D**

Detention Officers' and Deputy Sheriffs' Retirement Plan

A. Method Used for GASB 68 Purposes

This valuation was performed using the Entry Age Normal Funding Method. Under this method, the actuarial present value of the projected benefits of each individual included in the valuation is allocated on a level basis over the earning of the individual between entry age and assumed exit (or DROP entry, if applicable and earlier).

B. Asset Valuation Method Used for GASB 68 Purposes

The value of assets is equal to the market value of assets.

C. Valuation Procedures

Active participants who terminate prior to age 40 are assumed to elect to receive a refund of employee contributions with interest. Employees who terminate at or after age 40 are assumed to receive their vested benefit at normal retirement date.

D. Actuarial Assumptions

The following assumptions were used in valuing the liabilities and benefits under the Plan for purposes of determining pension expense and liabilities under GASB. These assumptions are used for all members eligible to receive benefits under the Detention Officers and Deputy Sheriffs' Retirement Plan provisions.

***Economic***

Investment Return	7.00% compounded annually net of investment expenses
Inflation	3.00% compounded annually
Salary Increases	A graded schedule is used. See Earnings Progression Table.
Cost of Living Adjustment	Benefits accrued before Bill 88-96 are assumed to increase by 3.0% of the original benefit each year. Benefits accrued after Bill 88-96 are assumed to increase by 1.8% of the current benefit each year.

***Other***

Mortality	Healthy: RP-2014 Blue Collar Mortality Table for males and females with the 2006 base rates projected generationally from 2006 using scale MP-2018.  Disabled: RP-2014 Blue Collar Mortality Table for males and females set forward five years with the 2006 base rates then projected generationally from 2006 using scale MP-2018.  Projections from 2006 to the valuation date represent current mortality and projections beyond the valuation date represent future mortality improvements. 100% of pre-retirement deaths are assumed to be non-duty related.
Withdrawal	See Table of Sample Rates.
Disability	See Table of Sample Rates. 75% of disablement is assumed to be duty-related.

<sup>1</sup> Includes COLAs for all retirees

<b>Compensation</b>	Regular annual rate of pay, exclusive of extra compensation of any kind such as overtime pay, bonuses and commissions.
<b>Final Average Basic Pay</b>	The average of the highest 3 years of annual basic pay.
<b>Employee Contributions</b>	6.75% of compensation for all plan members.
<b>Employee Contributions Benefit</b>	The sum of the employee contributions made by the participant and interest, including contributions made to other plans and transferred to this plan, as allowed by plan provisions.

**Retirement Date**

Normal Retirement	Category I: The first of the month coincident with or next following the participant's 50 <sup>th</sup> birthday and five years of service or 20 years of service whichever comes first. Category II: The first of the month coincident with or next following the participant's 50 <sup>th</sup> birthday and 10 years of service or age 50 with five years of service for members hired before July 1, 2015.
Early Retirement	Reduced benefits are available the first of any month coincident with or next following the completion of 20 years of continuous service if not otherwise eligible for a normal retirement benefit.
Postponed Retirement	A participant may work beyond his normal retirement date and may subsequently retire on the first of any month.

**Retirement Benefits**

Normal Retirement	2.5% of final earnings for each year of service up to 20 years plus 2.0% of final earnings per year of service in excess of 20 years (maximum 70% plus 2% times unused disability credit and pre-employment military service credit)
Early Retirement	Same as normal retirement but reduced for early commencement.
Postponed Retirement	Same as normal retirement but based on continued accrual past normal retirement date.

**Deferred Retirement Option Program (DROP)**

Allows accumulation of pension after 20 years of County service. DROP period must be between three and six years (with years beyond the third requiring approval). Interest shall be credited to the DROP account on a monthly basis at an interest rate of 0.34745%, which provides an effective annual yield of 4.25%. Employee contributions cease upon entry into DROP.

**Termination of Employment**

Vesting date	Category I hired before August 9, 2004: 5 years of service Category I hired on or after August 9, 2004: 20 years of service Category II hired before July 1, 2015: 5 years of service Category II hired on or after July 1, 2015: 10 years of service
Prior to vesting date	Return of employee contributions with 4.25% interest.
On or after vesting date	At the discretion of the employee, either a return of contributions with interest or the accrued normal retirement taking into account final earnings and service at date of termination, payable at normal retirement date.

**Disability**

Eligibility	Totally and permanently disabled (except as the result of activities specified in the County code) regardless of length of service.
Duty-Related	The greater of the accrued benefit or 66-2/3% of final average basic pay, payable immediately, unreduced.
Non-Duty Related	The greater of the accrued benefit or 20% of final average basic pay, payable immediately, unreduced.

**Death Benefits**

Line of duty	Greater of accrued benefit or 66-2/3% of final average basic pay, payable immediately, unreduced. If the participant is not married, return of employee contributions with 4.25% interest plus a lump sum equal to 50% of final average basic pay.
Non-line of duty	If participant is vested, surviving spouse's choice of an annuity equal to the participant's accrued benefit, or a lump sum equal to return of employee contributions with 4.25% interest plus 50% of final average basic pay. If the participant is not vested or not married, return of employee contributions with 4.25% interest plus a lump sum equal to 50% of final average basic pay.

**Normal Form of Payment**

Monthly life annuity with payments guaranteed for 5 years.

**Cost of Living Increase (simple, for benefits accrued as of 1/31/1997)**

Retiree benefits are adjusted each year. The revised benefit amount is the lesser of:

- Prior year benefit plus base benefit multiplied by increase in current CPI from CPI for prior year.
- Benefit increased by 4% of original benefit.

**Cost of Living Increase (compound, for benefits accrued after 1/31/1997)**

Retiree benefits are adjusted each year. The revised benefit amount is the lesser of:

- Prior year benefit multiplied by 60% of the increase in current March CPI from March CPI for prior year.
- Prior year Benefit increased by 2.5%.

Anne Arundel County Retirement and Pension System  
 Detention Officers' and Deputy Sheriffs' Retirement Plan – Summary of Major Legislative Changes  
 December 31, 2022

County Council Bill No. 34-92	Effective 6/1/1992 through 8/31/1992.
	Participants over age 50 or with at least 20 years of service could elect to retire with an additional pension equal to 1/12 of 2.5% of final earnings for the first 20 years of service, plus 1/12 of 2% of final earnings for each additional year of service. The additional amount could be taken as a pension increase, a lump sum, or as a temporary supplement to age 62. Appropriate actuarial adjustments apply.
State House Bill No. 687	Effective 7/1/1990.
	County employees were given the opportunity to apply for credit under the County's plan for previous service with the State of Maryland (or a political subdivision of the State).
County Council Bill No. 90-93	Effective 12/22/1993.
	Plan participants are required to pay the full actuarial value for service purchases. Purchases can only be made at retirement. To be eligible, an employee must have 60 months of County service. Existing plan participants must be notified of their right to purchase service under existing law.
County Council Bill No. 94-93	Effective 11/19/1993.
	All current and future employees shall be 100% vested after 5 years of Credited service.
County Council Bill No. 88-96	Effective 12/4/1996.
	The previous method of calculating cost of living increase will only apply to benefits accrued as of 1/31/97. The cost of living increase for future benefits is a compound increase equal to 60% of the annual change in the CPI, not to exceed 2.5%. Employees hired, or rehired, on or after 12/4/96 will be Tier Two employees and will have different benefits than current employees.
County Council Bill No. 41-99	Effective 6/15/1999.
	Employees paid under the deputy sheriff employees pay schedule become members of the Detention Center Plan effective as of January 1, 1999. Service credited under the Employees' Plan will count as credited service in the Detention Center plan and no future benefit will be paid from the Employees' Plan. Assets are transferred from the Employees' Plan to the Detention Center Plan in an amount equal to the projected unit credit accrued liability in the Employees' Plan.
Recodification	Effective 2/25/2002.
	Allows a benefit based on disability leave service and pre-plan military service to be credited over the 70% cap. Elimination of Tier Two benefits. Changed early retirement factors. Added a death benefit.
County Council Bill No. 32-04	Effective 7/1/2004.
	Allows retirement after 20 years of service for "Category I" participants. Changes vesting for new hires from 5 years to 20 years. Provides for employees' contributions to be made on a pre-tax ("pick up") basis.
County Council Bill No. 74-09	Effective 12/11/2009.
	For non-represented members, FY2010 annual pay shall be determined by increasing FY2009 annual pay by an assumed 3% for determining the final average basic pay. For D3 and S2 members, FY2010 annual pay shall be determined by increasing FY2009 annual pay by an assumed 4% for determining the final average basic pay.
County Council Bill No. 78-09	Effective 11/16/2009.
	For D1 and D2 members, FY2010 annual pay shall be determined by increasing FY2009 annual pay by an assumed 4% for determining the final average basic pay.
County Council Bill No. 6-10	Effective 4/18/2010.
	Provides for a disability benefit for those participants who are totally and permanently disabled as a result of qualified military service.
County Council Bill No. 41-10	Effective 7/1/2010.

Anne Arundel County Retirement and Pension System  
 Detention Officers' and Deputy Sheriffs' Retirement Plan – Summary of Major Legislative Changes  
 December 31, 2022

	Increased the contribution rate for Detention Officers, Detention Corporals and Detention Sergeants to 6.75%. Added a “pop-up” option.
County Council Bill No. 98-12	Effective 5/13/2013.
	Changed the definition of “final average basic pay” from highest 3 out of the last 5 years basic pays to highest 3 of all basic pays.
County Council Bill No. 30-12	Effective 2/1/2013.
	A participant in the classification of Detention Officer, Detention Corporal, or Detention Sergeant shall contribute 6.75% of his or her annual basic pay in each calendar year or portion of a calendar year while an active participant in the plan.
County Council Bill No. 97-13	Effective 4/14/2014..
	Category II members of the Detention and Deputy Sheriffs' Plan hired on or after July 1, 2015 will be subject to 10-year vesting and 10-year normal retirement provisions. The 10-year requirement also affects the ability to purchase service or get credit for pre-plan military service.
County Council Bill No. 50-15	Effective 7/21/2015.
	Category I members of the Detention and Deputy Sheriffs' Plan, as well as correctional facility administrators, assistant correctional facility administrators, and superintendents of detention facilities are eligible to participate in DROP upon completion of 20 years of actual plan service.
County Council Bill No. 56-16	Effective 7/1/2016
	Allows for interest to be credited to a DROP member's account in the sixth year of DROP participation.
County Council Bill No. 78-17	Effective 7/1/2017.
	Eliminates the reduction in benefit for DROP retirees if they are reemployed in any capacity that meets the exceptions set forth in 5-1-203(c)(1). Also adds an exception under 5-1-203(c) for any retirees (including DROP participants) who are reemployed into a grant funded contractual position under 802(a)(17) of the Charter.
County Council Bill No. 54-20	Effective 10/29/2020.
	Permits that employees in the classifications of Correctional Program Specialist and Criminal Justice Program Specialist as of the effective date of the legislation participate in the DROP program. All new employees hired as CPS or CJPS will be enrolled in the Employees' Retirement Plan.
County Council Bill No. 70-20	Effective: 11/22/2020.
	Each of the pension plans provide pension benefits for an employee who is or becomes totally and permanently disabled and meets certain criteria. To be eligible for a disability pension, the plan requires that the disability prevent the participant from performing the duties of the participant's regular duties. The purpose of the bill is to eliminate the participant's ability to perform any other assignment within their Department as a disqualifying factor for a service connected disability.
County Council Bill No. 100-21	Effective: 2/5/2022.
	Clarified that the exception to the reduction in pension benefit for rehired classified employees who are reemployed in a contractual position pursuant to § 802(a)(14) of the County Charter is limited to the first 1500 hours per calendar year.

**Net Pension Liability of the County**

The components of the net pension liability of the County at December 31, 2022, were as follows:

Total pension liability	\$ 256,150,110
Plan fiduciary net position	<u>(171,320,023)</u>
County's net pension liability	<u>\$ 84,830,087</u>
Plan fiduciary net position as a percentage of the total pension liability	66.88%

Actuarial assumptions. The total pension liability was determined by an actuarial valuation as of December 31, 2022 using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.00%
Salary increases	Rates vary by participant age
Investment rate of return	7.00%, net of pension plan investment expense, including inflation
Mortality	RP-2014 Blue Collar Mortality Table for males and females projected generationally using scale MP-2018. A five-year set forward is used for post-disability mortality.

The above is a summary of key actuarial assumptions. Full descriptions of the actuarial assumptions are contained in the Actuarial Basis section of this report.

**Sensitivity of the net pension liability to changes in the discount rate**

	<i>1% Decrease</i> <u>6.00%</u>	<i>Current</i> <i>Discount Rate</i> <u>7.00%</u>	<i>1% Increase</i> <u>8.00%</u>
County's net pension liability	\$ 115,770,837	\$ 84,830,087	\$ 59,259,997

Contributions as a percentage of covered payroll	56.24%	45.42%	38.15%	34.46%	37.20%	35.37%	33.78%	32.86%	30.90%	

**Notes to Schedule**

Valuation date:

Actuarially determined contribution (ADC) amounts are calculated as of each January 1 for the upcoming County fiscal year beginning July 1. Actuarial valuations are performed every year. The methods and assumptions shown below are those used in the January 1, 2022 actuarial valuation to calculate the FY2023 ADC. Methods and assumptions used to determine contributions in the past may not have been the same.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Projected Unit Credit
Amortization method	Level percent of payroll (closed), increasing 3.0% per year
Remaining amortization period	Remaining amortization periods range from 1 to 21 years
Asset valuation method	5-year smoothed market
Inflation	3.00%
Salary increases	Rates vary by participant age
Investment rate of return	7.00%, net of pension plan investment expense, including inflation
Retirement age	Rates vary by participant age and service
Mortality	RP-2014 Blue Collar Mortality Table for males and females projected generationally using scale MP-2018. A five-year set forward is used for post-disability mortality.

**Analysis of Financial Experience**

**Reasons for Change in the Unfunded Accrued Liability**

The unfunded accrued liability increased from \$57,227,881 to \$66,450,804. The funded status decreased from 75.9% to

**Reasons for Change in Contribution Rates**

The employer contribution rate increased from 41.5% for the fiscal year ending June 30, 2023 to 43.4% for the fiscal year ending June 30, 2024. The increase of 1.9% is due to the following reasons:

Investment Performance	1.5%
Pay Increases	0.1%
New Entrants/Change in Normal Cost	0.2%
COLA	0.3%
Change in Expenses	0.1%
Assumption and Method Changes	0.9%
Demographics and Other Changes	-1.2%
<b>Total</b>	<b>1.9%</b>

<sup>1</sup> Does not include contribution balances for any participants currently in DROP
