Data review

- Please see accompanying slides

How to involve the public

- Meetings will be open to the public with public comment at the end
- An email or Google form will be created for the public to submit comments
- We will need to figure out how to get the message out to the public
- Everyone will have 2 minutes per question/statement
- Agenda, meeting minutes, and slides will be shared publicly

Next meeting topic: What do we need to know and who do we need to ask?

- Please come with a list of what data you'd like to see, ideas of where to go in the community to collect data, and who else do we need to ask for input?
