

Partner Organizations Table

Instructions: The ENOUGH Initiative requires cross-sector, diverse partnerships, with a subset of partners forming a leadership team that reflects the community. Please list organization and institution partners you have engaged in the proposed work. List the organization name, organization type, partnership sector, and the ENOUGH Result Area they drive or support (add rows as necessary). If you have established your ENOUGH leadership team, note if a representative from the organization sits on the ENOUGH leadership team. If your leadership team has not been established, identify any pertinent collaborative action governance role held by organization representatives. Upload the completed table as an attachment to your application.

Partner Name	Organizational Type	Partnership Sector	ENOUGH Result Area	ENOUGH Governance Role
