E524100 All Day K and Pre K

Project Class:

Board of Education

Description

Dept:

Board of Ed

Funds are required to provide permanent facility space to accommodate all day Kindergarten and Pre-Kindergarten at building facilities. This will be accomplished over a multi-year period by the most cost effective means consistent with the education program through a variety of methods to include building additions and internal modifications.

This project is 100% eligible for use of Impact Fees for relocatable classrooms and additional classroom space from the Districts within which the specific projects are located.

Benefit

Compliance with State standards.

E538000 Health & Safety

Project Class:

Board of Education

Description

Dept:

Board of Ed

Funding is critical to address the myriad of issues posing a possible threat to the health and safety of students and staff. Health and Safety problems can occur without warning and require swift and efficient corrective measures. The school system needs to have the assets and the flexibility to respond to both programmed and un-programmed requirements. Some of these requirements are generated by mandates for which we have no option and to which we have to respond. This is particularly true in the area of water/air testing, implementation of confined space regulations, mitigation of indoor air quality issues, correction of fire and building code deficiencies, and Health Department code compliance issues.

Benefit

Continue to provide a healthy and safe environment for students and staff in schools.

E538200 Building Systems Renov

Project Class:

Board of Education

Description

This project will match projected State funds for approved systemic building component replacement projects at various schools. Replacement of building systems includes HVAC systems, roofing systems, electrical systems, and other systems as defined by the IAC, that meet State requirements of age and cost. Funding in this fiscal year will allow for planning, engineering, and design services in anticipation of state approval later this fiscal year.

Benefit

Leverage County funds on matching State grants to provide replacement of building systems.

Project Status

1. Current Phase: Active

2. Action Taken in Current Fiscal Year: Ongoing system level building component replacements

3. Action Required to Complete this Project: This is a multi-year program which will continue beyond FY 2031.

Changes from Prior Year

E538400 Roof Replacement

Project Class:

Board of Education

Description

This project is essential to ensure protection of our schools. Leaking roofs not only have a severe impact on the instructional process, but often result in damage to other building components such as ceiling tile, carpet, wood floors, and instructional equipment, materials, and furniture. Extended damage especially to ceiling tile and carpeting also creates indoor air quality concerns which could impact the health of students and staff. Project funding is utilized to replace aged roofing systems and refurbish existing roofing systems to prolong their useful life.

Benefit

Provide a healthy, dry, and maintainable interior environment in schools.

Project Status

1. Current Phase: Active

2. Action Taken in Current Fiscal Year: Ongoing roof recoats and replacement efforts

E538600 Asbestos Abatement

Project Class:

Board of Education

Dept:

Board of Ed

Description

This project is required to meet federal requirements governing asbestos management as set forth in the Asbestos Hazard Emergency Response Act (AHERA). The funds will be used to develop plans & specifications, award of contracts to AHERA certified firms for the removal of asbestos in locations specified by the AHERA management plans & certification training of in-house personnel. Funds for equipment are also necessary to provide the department the capability to accomplish the in-house abatement program. This fund also provides for the safe and legal collection, temporary storage & disposal of asbestos containing materials. Removal of the asbestos vs. managing it in place is required when the condition offers a potential risk to students & staff. In some cases, removal is necessary to facilitate the accomplishment of essential renovation, repair, or upgrade projects. Additional funds are requested to address a critical need to replace the aged carpet that has been glued to asbestos floor tile in schools. In order to remove this carpet and install tile, abatement of the tile is necessary.

Benefit

Provide a safe environment in schools and comply with Federal and State law relating to asbestos in schools.

E538700 Barrier Free

Project Class:

Board of Education

Description

Dept:

Board of Ed

Modifications are required to eliminate architectural barriers and address special life safety issues for mobility impaired persons in school facilities. In addition to elevators/lifts for multi-level buildings, modifications such as curb-cuts, ramps, areas of refuge, and toilet room alterations are required for complete accessibility to academic and support programs.

This project permits Anne Arundel County Public Schools to continue its efforts to comply with the Americans with Disabilities Act (ADA) of 1990. Modifications as required by the ADA are intended to provide disabled individuals with access to school facilities. Work accomplished is based on the review and priorities established by the ADA Committee.

Benefit

Provide children, staff, and visitors barrier-free access to school buildings.

E538900 Health Room Modifications

Project Class:

Board of Education

Description

This project is necessary to bring health rooms and school-based health centers (SBHC's) in schools up to current State and Anne Arundel County Health Department standards. On-going surveys have identified and prioritized health rooms requiring modifications to facilitate adequate delivery of the health program. The priority of effort is based on recommendations from the Anne Arundel County Health Department and the immediate needs of schools. School-based health centers provide a wide variety of services, including primary care, sick visits, sports physicals, behavioral and mental health services, oral health services, and care coordination. In 2021, the Blueprint for Maryland's Future expanded grant funding available for school-based health centers, allowing the Program to expand to additional sites across the state. The School-Based Health Center Program is run by the Maryland Department of Health, Bureau of Maternal and Child Health.

Benefit

Provide adequate health care facilities in schools.

E549400 Drvwy & Park Lots

Project Class:

Board of Education

Description

Dept:

Board of Ed

This project implements an annual major repair/resurfacing for paved surfaces and provides funding for parking lot additions and reconfigurations required by increased staff and student enrollments and to address traffic safety issues.

This project will require funding beyond the program.

This project replaced Project C478400.

Benefit

Driveways need to be modified to accommodate increased vehicular traffic. Safety is the major factor when buses and parent drop offs use the same areas. These projects address those safety concerns.

Project Status

1. Current Status Of This Project: Active

2. Action Taken In Current Fiscal Year: Design, Bid, Award, Construction, and Closeout.

3. Action Required To Complete This Project: Construction, Post Construction, and Closeout of current projects and all phases for programmed projects. This is a multi-year program which will continue beyond FY 2031.
