A public meeting has been scheduled from 6:00 p.m. to 7:00 p.m. on Wednesday, August 27, 2025 via Zoom to discuss an environmental restoration project at Lake Waterford. This includes dredging the lake, enhancing the shoreline, installing new fishing access areas and improving ADA (Americans with Disabilities Act) accessibility.

In the next month, the contractor will begin installing fencing for erosion and sediment control and make other preparations for construction. Lake Waterford Park will remain open during the dredging phase of the project. Lake Waterford itself will be closed during construction, which is scheduled to end in May 2027.
